CLGE

CENTER FOR LOCAL GOVERNMENT EXCELLENCE

March 12-13, 2025

In-Person and Livestream

**Pennington Biomedical Research Center
Conference Center**

2328 Irene Dr., Baton Rouge, La. 70808 *(off Kenilworth Parkway)*

About the Center for Local Government Excellence

The Center for Local Government Excellence began in 2015 with the proactive goal of enabling local officials and their staffs to immediately apply the knowledge and skills learned to their respective governments and use that knowledge to make a positive difference for those they serve, which will ultimately improve the services provided by local governments and the quality of local government audits.

Topics focus on real workplace issues and provide solutions that can be evaluated and replicated. Program participants benefit not only from increasing their knowledge, skills, and abilities to enhance career development, but also from opportunities to interact with Legislative Auditor personnel and network with their peers to build a supportive environment.

The Spring CLGE session is power packed with information about the daily nuts and bolts of government operations. Beloved speaker Jenifer Schaye will provide a high-level review of four major laws affecting most local governments, and we'll learn better ways on how to detect fraud by studying actual cases that seasoned LLA investigator Thomas Horne has worked on. Tracy Norton, an LSU law professor, will take some of the mystery out of artificial intelligence and offer suggestions on how we can apply this technology right now – for free – to help us with everyday tasks. Thursday's half-day is focused on the audit: the legal framework, planning for it from an auditor's perspective (presented by audit partner and guest presenter Dennis James), and how to solve some common audit findings. Register now and block out March 12-13 as an immersive, action-packed two days that will transform your knowledge and skills.

Registration

CLGE is a **complimentary** training provided by the Louisiana Legislative Auditor. Since the event is livestreamed, participants can attend virtually or in-person in Baton Rouge, whatever best fits their schedule and learning style. Click [HERE](#) to register or visit our website at lla.la.gov/clge. Course materials will be posted on the CLGE website when they are available. Prior to the training, registrants will be provided a link to the live broadcast. Questions? Call Liz Martin at **(225) 339-3995** or email clge@lla.la.gov.

Certification

This training qualifies for a maximum of 10 hours of Continuing Professional Education (CPE) credits. CPE credit for CPAs is based on verified actual education hours attended on an individual course basis in accordance with Louisiana State Board of CPAs rules. CPE transcripts will be emailed from the LLA a few weeks after the event. Records will be maintained for five years.

Who should attend?

Anyone responsible for managing, utilizing, or accounting for public funds, such as:

- Accountants and others who perform accounting, finance, and budgeting functions
- Clerks
- Purchasing agents and staff
- Administrative staff
- Department heads
- Elected officials
- Members of governing bodies such as councils, police juries, school boards, and other boards and commissions
- Auditors and contract accountants
- Consultants and advisors to local governments

The Center for Local Government Excellence programs benefit officials and employees new to local government and serve as a refresher for long-time public servants.

Continuous Improvement: Tips for Solving Common Audit Findings

Diane B. Allison, CPA, CGMA, CGFO, Retired Director of Local Government Services

Twenty-four percent of audit reports contain a total of about 1,200 findings related to deficiencies in operations, controls, and compliance with laws and regulations. Some findings can be quickly resolved by merely tweaking a procedure, while others can be more complex to resolve because entire processes need to be designed. This session provides practical tips on developing a strategy to solve common audit findings and get them off your To Do List once and for all.

"Wow! What a wealth of knowledge and collection of subject matter experts! Can't wait to attend the next session;

the livestream was Top Notch! Kudos!"
