**Management's Discussion And Analysis**  
For The Year Ended December 31, 2020

Our discussion and analysis of the Upper Hurstville Security District's (the "Security District's") financial performance provides an overview of the financial activities for the fiscal year ended December 31, 2020. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

Financial Highlights

The financial statements included in this report provide insight into the financial status for the year.

- The Security District's operations decreased total net position by \$(15,574) and resulted in ending net position of \$236,286, or a decrease of 6.2%.
- Revenues decreased by \$190 in relation to the prior year and expenses (or spending) increased by \$61,312.
- The interest earned on funds held in custody (at the Board of Liquidation, City Debt) was \$2,318 for the year.

**Overview Of The Financial Statements**

This annual report consists of three parts: Management's Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements), and required other supplementary and information, including other reports and schedules by certified public accountants and management. The Security District's operations are conducted through a general fund.

The basic financial statements are divided into the two following types:

Government-Wide Financial Statements

The statements in this section include the Statement Of Net Position and the Statement Of Activities.

The Statement Of Net Position includes all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by private businesses. The difference between total assets and total liabilities is net position, which may provide a useful indicator of whether the financial position of the Security District is improving or deteriorating.

**Upper Hurstville Security District**  
New Orleans, Louisiana

Management's Discussion And Analysis  
For The Year Ended December 31, 2020

The Statement Of Activities presents information showing how the Security District's assets changed as a result of current year operations. The statement is also prepared using the accrual basis of accounting. In this method, all revenues and expenditures are recognized regardless of when the cash is received or disbursed.

Fund Financial Statements

Due to the nature of organization and its present operations, the Security District uses only the governmental type of fund. The basic services of the Security District are reported in the general fund, which focuses on how money flows into and out of the Security District and the balance left at the end of the year. The revenues and expenditures of the general fund are reported (in the statement of revenues, expenditures and changes in fund balance) using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. Governmental fund information (presented in the balance sheet) helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Security District's program. We describe the relationship (or difference) between the governmental activities (reported in the Statement Of Net Position and the Statement Of Activities) and governmental funds in reconciliations immediately following the fund financial statements.

**Upper Hurstville Security District**  
**Notes To Financial Statements**  
For The Year Ended December 31, 2020

**Note 1. Introduction**

The Upper Hurstville Security District (the “Security District”) is a special taxing district created by Act 447 of the 2003 Regular Session of the Louisiana Legislature (Louisiana Revised Statute 33:9091.6), for the purpose of promoting and encouraging security in the area included within the Security District and promoting and encourage the overall betterment of the Security District.

The Security District is governed by a Board consisting of nine members (commissioners) who are residents within the Security District. The commissioners are appointed by certain organizations within the Security District, the mayor, and the state senator, state representative and city council member representing the Security District. Commissioners are appointed on a rotating and staggered schedule of four-year terms, and serve without compensation.

The boundaries of the Security District are areas within the following perimeter: Exposition Boulevard to Prytania Street to Nashville Avenue to Magazine Street and back to Exposition Boulevard. The Security District includes approximately 440 to 468 taxable properties.

The Security District has no employees and has contracted out the administrative and managerial functions of the organization and patrol services to independent contractors.

As approved by a majority of voters of the Security District in November 2003, and renewed by a vote more recently in April 2018, the operations of the Security District has been funded beginning in 2004 by the imposition of a special parcel fee on all taxable real property within the Security District.

**Note 2. Summary Of Significant Accounting Policies**

**Basis of Presentation**

The financial statements of the Security District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements - and Management’s Discussion and Analysis – For State and Local Governments*, issued in June 1999.

Reporting Entity

The Upper Hurstville Security District is the basic level of government, which has financial accountability and control over all affairs of the Security District related to promoting and encouraging the security of the Upper Hurstville area in Orleans Parish. The Security District is not included in any other governmental “reporting entity” as defined by the Governmental Accounting Standards Board (GASB) pronouncement, because the majority of Board members are appointed by the public, and said Board has decision making authority, the authority to set rates (within legally prescribed limits), the power to designate management, the ability to significantly influence operations, and has primary accountability for fiscal matters. In addition, there are no component units as defined in GASB Statement No. 14, *The Financial Reporting Entity*, which are included in the Security District’s reporting entity.

Fund Accounting

Due to the nature of the organization and its present operations, all revenues and expenditures of the Security District are accounted for in the General Fund, a governmental fund type. This fund is the general operating fund of the Security District. It is used to account for all financial resources of the Security District.

Basis of Accounting

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities report information about the Security District as a whole. These statements include all the financial activities of the Security District. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange transactions occurs regardless of when cash is received or disbursed. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

**Upper Hurstville Security District**  
**Notes To Financial Statements**  
For The Year Ended December 31, 2020

**Note 2. Summary Of Significant Accounting Policies (continued)**

Fund Financial Statements

The amounts reflected in the General Fund Statements, are accounted for using a current financial resources measurement focus. Measurement focus refers to what is being measured; basis of accounting refers to timing of when revenues and expenditures are recognized in the accounts and reported in the financial statements.

All revenues and expenditures of the Security District are accounted for in the General Fund (a governmental fund type). Governmental funds use a current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual, i.e., when they become measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred, if measurable.

Reconciliation

Explanation of certain differences, if any, and the related reconciliations between the fund financial statements and government-wide financial statements are presented on pages 12 and 14.

Budget Practices

The proposed budget, prepared on the modified accrual basis of accounting, is submitted to the Board of Commissioners prior to the beginning of each fiscal year. The budget is made available for public inspection and is then legally adopted by the Board. The budget is established and controlled by the Security District, and is amended during the year, as necessary. All budgetary appropriations lapse at the end of the year and must be reappropriated for the following year to be expended.

Deposits

Cash and cash equivalents include amounts in interest bearing demand deposits. Under state law, the Security District may deposit funds in demand deposits, interest bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

**Upper Hurstville Security District**  
**Notes To Financial Statements**  
For The Year Ended December 31, 2020

**Note 2. Summary Of Significant Accounting Policies (continued)**

At December 31, 2020, the Security District had cash (book balances) totaling \$11,387 in demand deposits consisting of a non-interest bearing checking account. These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. At December 31, 2020, the Security District had \$46,873 in deposits (collected bank balance) insured by FDIC coverage.

Investments

The Security District does not have any investments. Funds held in a custodial account of the Board of Liquidation, City Debt, are invested in money market accounts, certificates of deposit, and/or full faith and credit obligations of the United States Government.

Net Position

In the government-wide financial statements, the difference between the Security District's assets and liabilities is recorded as net position, which is currently presented in one component called unrestricted. Unrestricted net position consists of net assets that are not legally segregated for a specific future use.

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

1. Non-spendable – amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.
2. Restricted – amounts that can be spent only for specific purposes because of state or federal laws or because of constraints externally imposed by creditors, grantors, or citizens.
3. Committed – amounts that can be used only for specific purposes determined by a formal action of the Board of Commissioners.

**Upper Hurstville Security District**  
**Notes To Financial Statements**  
For The Year Ended December 31, 2020

**Note 2. Summary Of Significant Accounting Policies (continued)**

4. Assigned – amounts that are intended to be used for specific purposes but do not meet the criteria to be classified as restricted or committed.
5. Unassigned – all amounts not included in other spendable classifications.

**Risk Management**

The Security District is exposed to various risk of loss related to torts; and theft of, damage to and destruction of assets. To handle such risk of loss, the Security District maintains insurance coverage with a private commercial insurance carrier.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reported period. Actual results could differ from those estimates.

**Note 3. Parcel Fees**

Annually, the Security District submits a plan to the City Council of New Orleans to levy and collect a parcel fee, not to exceed \$650 per improved parcel of land located within the boundaries of the Security District.

The City of New Orleans levies and collects the special fees for the Security District in the same manner and at the same time as ad valorem taxes on property subject to taxation by the City of New Orleans are levied and collected. Specifically, with regards to the Security District, the special parcel fees are levied on January 1 of the current year based on a flat fee per improved parcel of land not to exceed \$650. Parcel fees are due January 1 and become delinquent on February 1. The City is permitted to retain one percent (1%) of the amount collected as a collection fee.

Parcel fees are paid over to the Board of Liquidation, City Debt, day by day as collected. The Board of Liquidation, City Debt, serves in a custodial capacity for the Security District, and the funds collected are deposited in a special account until warranted by the Security District.

**Upper Hurstville Security District**  
**Notes To Financial Statements**

**Note 8. Other Commitments And Contingencies**

Other Contingencies – Refundable Parcel Fees:

### *Public Bid Law*

1. Obtain documentation for all expenditures made during the year for material and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551 - 39:1775 (state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

There were no expenditures meeting the above criteria.

### *Code of Ethics for Public Officials and Public Employees*

2. Obtain a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the ethics law).

See alternative procedures below, under #5.

3. Obtain a list of all employees paid during the fiscal year.
4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

#3 and #4 not applicable; the District has no employees.

5. Obtain a list of all disbursements made during the year; and a list of outside business interest of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

In lieu of procedures 2 and 5, a list of vendors obtained from the District's disbursements was provided to all board members. This list consisted of nine vendors/payees. Each board member confirmed that they and their immediate family members reviewed the listing and indicated that no "outside business interest" coincided with the vendors listed. (These alternative procedures were reviewed and accepted by the Louisiana Legislative Auditor (LLA) as adequate alternative procedures.)

### *Budgeting*

6. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and the budget amendments during the year.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

We traced the adoption of the original budget to the minutes of a meeting held on September 30, 2019 which indicated that the resolution to approve the budget for 2020 had been approved by the Board of Commissioners. Discussion of a subsequent budget amendment was traced to the minutes of the August 11, 2020 Board meeting and was approved at a later date.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. All variances appropriately met the criteria stated above.

*Accounting and Reporting*

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

- (a) Report whether the six disbursements agree to the proper amount and payee in the supporting documentation.

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) Report whether the six disbursements are coded to the correct fund and general ledger account.

All of the payments were properly coded to the correct fund and general ledger accounts.

- (c) Report whether the six disbursements were approved in accordance with management's policies and procedures.

Inspection of the cancelled checks for each of the six selected disbursements indicated that all checks were properly signed by two authorized officials. Management has asserted that the supporting documentation was presented and approved at the time the checks were signed.

*Meetings*

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:11 through 42:28 (the open meetings law), and report whether there were any exceptions.

The District is required to give a notice of each meeting by posting a copy of the notice at the principal office of the public body holding the meeting, or if no such office exists, at the building in which the meeting is to be held; or by publication of the notice in an official journal of the public body; additionally by providing notice via the Internet on the website of the public body for no less than twenty-four hours immediately preceding the meeting.

Inspection of the District's website indicated postings of all agendas. Inquiry of the District Manager revealed that the notices were posted on the District's website more than twenty-four hours before each meeting.

*Debt*

11. Obtain bank deposits slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of banks loans, bonds, or like indebtedness.

We inspected copies of all bank statements for the period under examination and noted no deposits that appeared to be proceeds of bank loans, bonds, or like indebtedness.

*Advances and Bonuses*

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan the documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

A reading of the minutes of the Security District for the year indicated no approval for the types of payments noted. Inspection of payroll records was not appropriate, as the Security District has no employees.

*State Audit Law*

13. Report whether the agency provided for a timely report in accordance with R.S.24:513.

The Security District provided for a timely report.

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:71.1 A.(2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

The Security District did not enter any contracts that utilized state funds or were subject to the public bid law.

*Prior Comments and Recommendations*

15. Obtain and report management's representation as to whether any prior-year suggestions, recommendation, and/or comments have been resolved.

Our prior year report, dated August 31, 2020, did not include any comments or unresolved matters

We were engaged by the Security District's management to perform this agreed upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Security District's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Security District's management and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
