INDEPENDENT AUDITOR'S REPORT

The Office of the Clerk of the Criminal District Court -
Orleans Parish

New Orleans, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of The Office of the Clerk of the Criminal District Court - Orleans Parish (hereafter Clerk of Court), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Clerk of Court's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Clerk of Court, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Clerk of Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Clerk of Court's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clerk of Court's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Clerk of Court's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information beginning on page 7 and page 46, and the schedule of proportionate share of the net pension liability on page 47, and the schedule of pension contributions on page 48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk of Court's basic financial statements. The schedule of compensation, reimbursements, benefits and other payments to agency head or chief executive officer are presented for purposes of additional analysis as required by the Louisiana Revised Statute (R.S.) 24:513(A)(3) and are not a required part of the basic financial statements. The justice system funding schedule - collecting / disbursing entity and the justice system funding schedule - receiving entity are presented for purposes of additional analysis, as required by Louisiana Revised Statute (R.S.) 24:515.2, and are not a required part of the basic financial statements.

The schedule of compensation, reimbursements, benefits and other payments to agency head or chief executive officer on page 50, the justice system funding schedule - collecting / disbursing entity on page 51, and the justice system funding schedule - receiving entity on page 52, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, reimbursements, benefits and other payments to agency head or chief executive officer, the justice system funding schedule - collecting / disbursing, and the justice system funding schedule - receiving entity, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated January 28, 2025 on our consideration of the Clerk of Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clerk of Court's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk of Court's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

THE OFFICE OF THE CLERK OF THE
CRIMINAL DISTRICT COURT – ORLEANS PARISH
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022

The Office of the Clerk of the Criminal District Court - Orleans Parish (Clerk of Court) management’s discussion and analysis is intended to assist the reader in focusing on significant financial issues, provide an overview of the Clerk of Court’s financial activity, and identify changes in the Clerk of Court’s financial position and its ability to address the next and subsequent year challenges. It also identifies any material deviations from the financial plan and identifies individual fund issues or concerns. This is a requirement of the Governmental Accounting Standards Board Statement No. 34 (GASB 34) *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* and is intended to provide the financial results for the fiscal year ending December 31, 2022.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements provide a perspective of the Clerk of Court as a whole. These statements use the full accrual basis of accounting similar to private sector companies. There are two government-wide statements; the Statement of Net Position and the Statement of Activities.

The Statement of Net Position, combines and consolidates governmental funds’ current financial resources (short-term expendable resources) with capital assets, long-term obligations, deferred outflows/inflows of resources, regardless if they are currently available or not.

Consistent with the full accrual basis method of accounting, the Statement of Activities accounts for current year revenues and expenses regardless of when cash is received or paid. The intent of this statement is to summarize and simplify the user’s analysis of the costs of various services.

FUND FINANCIAL STATEMENTS

The fund statements are reported using the modified accrual basis of accounting. Under this basis of accounting, revenues are recorded when received except where they are measurable and available and therefore represent resources that may be appropriated. Expenditures are accounted for in the period that goods and services are used. In addition, capital asset purchases are expensed and not recorded as assets. Debt payments are recorded as expenditures in the current year and future debt obligations are not recorded.

The Clerk has two types of funds: Governmental Funds and Fiduciary Funds.

THE OFFICE OF THE CLERK OF THE
CRIMINAL DISTRICT COURT – ORLEANS PARISH
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022

Governmental Funds

The general fund, commonly referred to as the expense fund, is the only fund of the Clerk of Court. Louisiana Revised Statute, Section 1381.3 establishes the Clerk of Court's expense fund for the purpose of accounting for all funds collected as clerk's fees, interest on investments and any other funds generated by the Clerk of Court. Expenditures may be made from the expense fund to defray the operating costs of the Clerk of Court's office.

Fiduciary Funds

The fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the operations of the Clerk's office. The accounting used for fiduciary funds is much like that used for proprietary funds. The funds accounted for in this category by the Clerk's Office relate to prisoner release bonds that have been set by the court. These accounts are increased when the individual(s) deposit the bond set by the court and decreased upon disposition of the case by order of a judge for bonds.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022

As indicated by the statement above, total net position decreased from the prior year by \$(366,292) resulting in ending net position of \$(3,543,972). The decrease in net position is a result of the current period change in net position, the recording of entries in accordance with GASB 68 & 71 including the recording of the net pension liability, and deferred outflows/inflows. Net position can be separated into three categories: invested in capital assets, restricted and unrestricted. The current year unrestricted net position is \$(3,946,187). The unrestricted net position is an accumulation of prior years' operating results. This balance is directly affected each year by the Clerk of Court's operating results and changes to net pension liability, deferred outflows and deferred inflows.

Net position invested in capital assets is a combination of capital assets at original cost less accumulated depreciation. The original cost of capital assets is an accumulation of capital assets year after year less any capital disposals. The accumulated depreciation is the accumulation of depreciation expense since acquisition. In accordance with accounting principles generally accepted in the United States of America, depreciation expense is recorded on the original cost of the asset, less an estimated salvage value, expensed over the estimated useful life of the asset. In the current year there was an decrease in the net position invested in capital assets in the amount of \$(95,340), as a result of fully depreciated capital assets and depreciation expense in the amount of \$95,342.

The current year restricted net position is \$19,690. These funds are restricted for the payment of expungement fees due to other agencies.

MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022

ORIGINAL VS. REVISED BUDGET

As required by state law, the Clerk of Court adopts the original budget for the office prior to the commencement of the fiscal year to which the budget applies.

REVENUE BUDGET

The Clerk of Court’s general fund revenues of \$5,215,468 were less than budgeted revenue of \$5,350,734 by \$(135,266), a variance of approximately (2.5)%.

EXPENDITURE BUDGET

The Clerk of Court’s general fund expenditures of \$5,081,238 were less than the budgeted expenditures of \$5,269,380 by \$(188,142), a variance of approximately (3.6)%.

The actual change in fund balance was in excess of budgeted change in fund balance by \$52,876. Therefore, the decrease in actual expenses under budgeted expenses was higher than the decrease in actual revenue under budgeted revenue.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The operations of the Clerk of Court's office are highly reliant upon appropriations from the City of New Orleans and from the State of Louisiana. Due to the heavy reliance of funding from other agencies, the Clerk of Court's Office could be effected by a downturn in the economy and a decline in funding from the state and local government.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

INTRODUCTION

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, The Office of the Clerk of the Criminal District Court - Orleans Parish (Clerk of Court) serves as ex-officio custodian of voting machines and performs other election duties. The Clerk of Court is also a member of the Parish Jury Commission, which impanels persons for jury duty. The Clerk of Court is elected for a four-year term.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying basic financial statements of the Clerk of Court have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements and Management's Discussion and Analysis – for State and Local Governments*, issued in June 1999.

Reporting Entity

The Clerk of Court is an independently elected official; however, the Clerk of Court is fiscally dependent on the City of New Orleans (the City). The City maintains and operates the parish courthouse in which the Clerk of Court's office is located, provides funds for equipment, furniture, and payroll of the Clerk of Court's office. Although the Clerk of Court is fiscally dependent on the City, the Clerk of Court is not considered to be a component unit of the City. The most recently issued Comprehensive Annual Financial Report (CAFR) of the City of New Orleans stated that the Clerk of Court's office is an independently elected official, prepares their own budget, and operates independently from the City of New Orleans, and therefore is not included in the CAFR of the City.

The accompanying financial statements present information on the Clerk of Court's Expense Fund, as established by Louisiana Revised Statute, Section 1381.3, and custodial funds for assets held in trust for others. The on-behalf payments as described in the accompanying notes do not present information on the City, the general government services provided by that governmental unit, or the other governmental units that comprise that financial reporting entity.

Financial Statement Reporting

Government-Wide Financial Statements:

The government-wide financial statements of the Clerk of Court consist of the Statement of Net Position and the Statement of Activities, and report information on all of the nonfiduciary activities of the Clerk of Court. Funds that are fiduciary in nature are not included in the Government-Wide Financial Statements.

CRIMINAL DISTRICT COURT – ORLEANS PARISH
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial Statement Reporting (continued)

Fund Financial Statements:

The Clerk of Court uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Clerk functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The Clerk of Court's funds can be divided into two categories: governmental funds and fiduciary funds.

Governmental Fund

The governmental fund accounts for all of the Clerk of Court's general activities. This fund focuses on the sources, uses, and balances of current financial resources. The difference between the governmental fund's assets and liabilities is reported as fund balance. In general, the fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the Clerk of Court. The Clerk of Court maintains one governmental fund which is the expense fund. The expense fund is the primary operating fund of the Clerk of Court. It accounts for all financial resources, except those required to be accounted for as fiduciary funds. The expense fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the Clerk of Court policy.

Fiduciary Fund

Fiduciary funds reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classification: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are used to account for assets held for individuals, private organizations and other governments. The Clerk has no trust funds. Custodial funds are those fiduciary activities not conducted through a trust. The Clerk's only custodial fund accounts is the cash bonds fund. The cash bonds are held for litigants pending court action. The fiduciary fund uses the full accrual basis of accounting.

Measurement Focus/Basis of Accounting

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the Clerk of Court as a whole. These statements included all the financial activities of the Clerk. Information contained in these statements reflect the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus/Basis of Accounting (continued)

Program Revenues – Program revenues included in the Statement of Activities are derived directly from the Clerk of Court users as a fee for services; program revenues reduce the cost of the function to be financed from the Clerk of Court's general revenues. Program revenues also include On-behalf of payments made by the City of New Orleans, election expense reimbursements from the State of Louisiana and grant revenue.

Fund Financial Statements (FFS)

The amounts reflected in the governmental fund are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of the Clerk of Court operations.

The amounts reflected in the governmental fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Clerk of Court considers all revenue available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Revenues from charges for services are recorded when earned. Expenditure-driven grants are recorded when the reimbursable expenditure has been incurred. Interest earnings are recorded when the investments have matured and the interest is available.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid (or any other types, such as capital lease transactions, sale of fixed assets, debt extinguishments, long-term debt proceeds, et cetera) are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

Measurement Focus/Basis of Accounting (continued)

Deferred Revenues

Deferred revenues arise when resources are received by the Clerk of Court before it has a legal claim to them, as when grant monies are received before the incurrence of qualifying expenditures. In subsequent periods, when the Clerk of Court has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and the revenue is recognized.

Fiduciary Fund Statements

Fiduciary funds are accounted for on a flow of economic resources measurement focus, and the accrual basis of accounting. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. In fiduciary funds, a liability for the beneficiaries of the fiduciary activity is recognized when an event has occurred that compels the government to disburse fiduciary resources. Fiduciary funds present a statement of changes in fiduciary net position which reports additions to and deductions from the custodial funds.

Cash and Cash Equivalents

Cash includes amounts in demand deposits and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the clerk may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

Deferred Outflows/Inflows of Resources

Within the statement of net position, in addition to assets, the statement will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Investments

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the Clerk of Court's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

Budgets

The proposed budget, which is prepared on the modified accrual basis of accounting, must be approved by the City Council of the City of New Orleans. The budget is legally adopted and amended, as necessary, by the Clerk of Court. All appropriations lapse at year-end. For the expense fund, the Clerk of Court has established a budget for service fees, court allocation-fines and costs revenues, state reimbursements, interest, evidence revenues and grant revenues. Budget amounts included in the accompanying budgetary comparison schedule included the original adopted budget. The original budget of the Clerk of Court include the amounts adopted by the City of New Orleans for 2022 to fund this office.

Capital Assets

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Clerk of Court maintains a threshold level of \$1,000 or more for capitalizing assets. Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful life:

<u>Description</u>	<u>Estimated Life</u>
Furniture and Equipment	5 years
Vehicles	5 years
Building Improvements	15 years

Net Position Classification

In the government-wide financial statements, equity is classified as net position, and displayed in three components:

1. Net Investment in Capital Assets - The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation. At December 31, 2022 the net position for investment in capital assets was \$382,525.
2. Restricted Net Position - Net position is reported as restricted when constraints placed on use are either: (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. At December 31, 2022 the restricted net position was \$19,690.
3. Unrestricted Net Position - All other net position that does not meet the definition of "net investment in capital assets" or "restricted". At December 31, 2022 the unrestricted net position was \$(3,946,187).

Fund Balance Classification

Fund balance is divided into five classifications based primarily on the extent to which the Clerk of Court is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

- (a) Nonspendable fund balance - amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- (b) Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- (c) Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- (d) Assigned fund balance - amounts a government intends to use for a specific purpose, but do not meet the criteria to be classified as restricted or committed; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- (e) Unassigned fund balance - amounts that are available for any purpose that have not been restricted, committed or assigned to specific purposes within the general fund.

While the Clerk of Court has not established a policy for its use of unassigned fund balance, it does consider a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unassigned fund balance classifications could be used.

In the fund financial statements, governmental funds report restrictions of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Any designations of fund balance represent tentative management plans that are subject to change. At December 31, 2022, the restricted fund balance was \$19,690, and the unassigned was \$580,060.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Louisiana Clerks' of Court Retirement and Relief Fund, and the City of New Orleans Municipal Employees' Retirement System (hereafter "Pension Funds"), and additions to/deductions from the Pension Funds fiduciary net position have been determined on the same basis as they are reported by the Pension Funds. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. CASH AND EQUIVALENTS

At December 31, 2022, the Clerk of Court has cash and cash equivalents (book balances) including fiduciary fund cash totaling \$3,393,926 as follows:

Demand deposits	\$ 3,166,529
Interest-bearing demand deposits	<u>227,397</u>
Total	<u>\$ 3,393,926</u>

These deposits are stated at cost, which approximates market.

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Clerk of Court that the fiscal agent has failed to pay deposited funds upon demand. Further, Louisiana R.S. 39:1224 states that securities held by a third party shall be deemed to be held in the Clerk of Court's name.

2. CASH AND EQUIVALENTS (continued)

At December 31, 2022, the Clerk of Court has \$3,166,529 in deposits (bank balances) which include the fiduciary fund deposits. These deposits were secured from risk by \$501,773 of federal deposit insurance coverage. In addition, in compliance with R.S. 39:1229, there are \$2,946,730 in pledged securities held by the custodial bank in the name of the Clerk of Court (GASB Category 2).

Interest Rate Risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity is to its fair value to changes in market interest rates. The Clerk of Court does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

3. CAPITAL ASSETS

Capital assets and depreciation activity as of and for the year ended December 31, 2022, are as follows:

	Balance January 1, 2022	Additions	Retirements	Balance December 31, 2022
<u>Government Activities</u>				
Furniture and equipment	\$ 778,184	\$ -	\$ -	\$ 778,184
Vehicles	247,344	-	-	247,344
Building Improvements	172,689	-	-	172,689
Less accumulated depreciation	<u>(720,350)</u>	<u>(95,341)</u>	<u>-</u>	<u>(815,691)</u>
Capital assets, net	<u>\$ 477,867</u>	<u>\$ (95,341)</u>	<u>\$ -</u>	<u>\$ 382,526</u>

Depreciation expense for the year ended December 31, 2022 is \$95,339.

4. LEASES

The Clerk of Court leases office equipment on a month to month basis.

5. ON-BEHALF PAYMENTS

Fringe benefits and salaries of the employees of the Clerk of Court are paid by the City of New Orleans. As such, GASB Statement 24 requires that on-behalf payments for fringe benefits and salaries be recognized as revenue and expenditures. In addition to salaries and fringe benefits, the City pays a portion of the Clerks supplemental pay and certain other office expenses. The amount of on-behalf payments reported in the financial statements of the Clerk of Court as salaries and benefits at December 31, 2022 are as follows:

Salaries	\$ 3,147,030
Pension Plan Payments	615,167
Other Fringe Benefits	<u>805,565</u>
Total	<u>\$ 4,567,762</u>

The City provides in the budget for the Clerk of Court, an amount to cover certain office expenses such as office supplies, equipment and professional fees. These expenditures are ordered by the Clerk of Court's office through the City's requisition system and paid for by the City. The amounts of these on-behalf payments at December 31, 2022 are as follows:

Postage & Delivery	\$ 9,973
Rental Equipment	26,422
Office Equipment	9,972
Repairs	8,144
Office Supplies	<u>70,086</u>
Total	<u>\$ 124,597</u>

The total on-behalf payments from the City of New Orleans recorded as revenue and expenses for the year ended December 31, 2022 is \$4,692,359.

6. PENSION PLANS

Louisiana Clerks' of Court Retirement and Relief Fund

Plan Description:

The Clerk of Court and other eligible employees are members of the Louisiana Clerks' of Court Retirement and Relief Fund (LACRF). LACRF is a cost-sharing multiple-employer defined benefit pension plan established in accordance with Louisiana Revised Statute 11:1501 to provide retirement, disability and survivor benefits for clerks of court and their assistants in each parish throughout the State of Louisiana. It is administered and controlled by a board of trustees. LACRF issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on the Louisiana Legislative Auditor's website at www.la.gov.

Benefits Provided

Retirement benefits:

A member or former member shall be eligible for regular retirement benefits upon attaining 12 or more years of credited service, attaining the age of 55 years (age 60 if hired on or after January 1, 2011), and terminating employment. Regular retirement benefits, payable monthly for life, is equal to 3% of the member's monthly average final compensation multiplied by the number of years of credited service, not to exceed 100% of the monthly average final compensation. The retirement benefit accrual rate is increased to 3 1/3% for all service credit accrued after June 30, 1999 (for members hired prior to January 1, 2011). For members hired before July 1, 2006 and who retire prior to January 1, 2011, monthly average final compensation is based on the highest 36 consecutive months, with a limit increase of 10% in each of the last three years of measurement. For members hired after July 1, 2006, monthly average final compensation is based on the highest compensated 60 consecutive months, or successive joined months if service was interrupted, with a limit increase of 10% in each of the last five years of measurement. For members who were employed prior to July 1, 2006 and who retire after December 31, 2010, the period of final average compensation is 36 months plus the number of whole months elapsed since January 1, 2011, not to exceed 60 months.

Disability benefits:

Disability benefits are awarded to active members who are totally and permanently disabled as a result of injuries sustained in the line of duty or to active members with 10 or more years of credible service who are totally disabled due to any cause. A member who is officially certified as totally or permanently disabled by the State Medical Disability Board will be paid monthly disability retirement benefits equal to the greater of forty percent of their monthly average final compensation or 75% of their monthly regular retirement benefit computed as per R.S. 11:1521 (C).

THE OFFICE OF THE CLERK OF THE
CRIMINAL DISTRICT COURT – ORLEANS PARISH
NOTES TO THE FINANCIAL STATEMENTS

6. PENSION PLANS (continued)

Survivor benefits:

Upon the death of any active contributing member with less than five years of credited service, his/her accumulated contributions are paid to his/her designated beneficiary. Upon the death of any active contributing member with five or more years of credited service, automatic option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with option factors used as if the member had continued in service to earliest normal retirement age. Benefit payments are to commence on the date a member would have first become eligible for normal retirement assuming continued service until that time. In lieu of a deferred survivor benefit, the surviving spouse may elect benefits payable immediately with benefits reduced $\frac{1}{4}$ of 1% for each month by which payments commence in advance of member's earliest normal retirement age. If a member has no surviving spouse, the surviving minor children under 18 or disabled children shall be paid $\frac{1}{2}$ of the member's accrued retirement benefit in equal shares. Upon the death of any former member with less than 12 years of service, the designated beneficiary may receive his/her accumulated contributions. Upon the death of any former member with 12 or more years of service, automatic option 2 benefits are payable to the surviving spouse with payments to commence on the member's retirement eligibility date. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

Deferred Retirement Option Plan (DROP):

In lieu of terminating employment and accepting a service retirement allowance, any member of the LACRF who is eligible for a service retirement allowance may elect to participate in the Deferred Retirement Option Plan (DROP) for up to 36 months and defer the receipt of benefits. Upon commencement of participation in the plan, active membership in the LACRF terminates and the participant's contributions cease; however, employer contributions continue. Compensation and creditable service remain as they existed on the effective date of commencement of participation in the plan. The monthly retirement benefits that would have been payable, had the member elected to cease employment and receive a service retirement allowance, are paid into the DROP account. Upon termination of employment at the end of the specified period of participation, a participant in the program may receive, at his option, a lump sum payment from the DROP account equal to the payments to the account or a true annuity based upon his account (subject to approval by the Board of Trustees). In addition, the member receives the monthly benefits that were paid into the DROP fund during his period of participation.

If employment is not terminated at the end of the participation period, payments into the account cease and the member resumes active contributing membership in LACRF. Interest is paid on DROP account balances for members who complete their DROP participation but do not terminate employment. Interest accruals cease upon termination of employment. Upon termination, the member receives a lump sum payment from the DROP fund equal to the payments made to LACRF on his behalf, or a true annuity based on his account (subject to approval by the Board of Trustees). The monthly benefit payments that were being paid into DROP are paid to the retiree and an additional benefit based on additional service rendered since termination of DROP participation is calculated using the normal method of benefit computation.

THE OFFICE OF THE CLERK OF THE
CRIMINAL DISTRICT COURT – ORLEANS PARISH
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

6. PENSION PLANS (continued)

Prior to January 1, 2011, the average compensation used to calculate the additional benefit is that used to calculate the original benefit unless his/her period of additional service is at least 36 months. Effective January 1, 2011, the average compensation for members whose additional service is less than 36 months is equal to the lesser amount used to calculate his/her original benefit or the compensation earned in the period of additional service divided by the number of months of additional service. For former DROP participants who retire after December 30, 2010, the period used to determine final average compensation for post-DROP service is 36 months plus the number of whole months elapsed from January 1, 2011 to the date of DROP entry. In no event can the entire monthly benefit amount paid to the retiree exceed 100% of the average compensation used to compute the additional benefit.

Cost of Living Adjustments:

The board of trustees of LACRF are authorized to provide a cost of living increase to members who have been retired for at least one full calendar year. The increase is the lesser of 2.5% of the retiree's benefit or \$40 per month. In order to grant the 2.5% COLA, the increase in the consumer price index must have exceeded 3% since the last COLA was granted. The Louisiana statutes allows the board of trustees to grant an additional cost of living increase to all retirees and beneficiaries over age 65 equal to 2% of the benefit paid on October 1, 1977 or the member's retirement date if later. However, in order to grant any cost of living increase, LACRF must meet criteria as detailed in the Louisiana statutes related to funding status

In lieu of granting a cost of living increase as described above, Louisiana statutes allow the board of trustees to grant a cost of living increase where the benefits shall be calculated using the number of years of service at retirement or at death plus the number of years since retirement or death multiplied by the cost of living amount which cannot exceed \$1.

Contributions (Employer and Non-employer)

According to state statute, contribution requirements for all employers are actuarially determined each year. The Clerk of Court was required to contribute 22.25% from July 1, 2021 through June 30, 2023 of annual covered payroll. Employees are required to contribute 8.25% of their annual pay. In addition, LACRF also receives non-employer contributions including ad valorem taxes and state revenue sharing funds. The Clerk of Court's allocation percentage of these additional sources of income, which are not considered special funding situations, are recognized as revenue and excluded from pension expense.

The Clerk of Court's proportionate share of employer contributions for the measurement period July 1, 2021 through June 30, 2022 was \$561,227 and the proportionate share of non-employer contributions was \$298,161.

The Clerk of Court's actual contributions to the LACRF pension for the year ended December 31, 2022 was \$530,157.

The Employees' Retirement System of the City of New Orleans

Plan Description

The clerical and administrative employees of the Clerk of Court, who were not already receiving benefits from any of the other retirement plans sponsored by the City of New Orleans are members of the Employees' Retirement System of the City of New Orleans (the Retirement System). The City Charter provides that the Retirement Ordinance (Chapter 114 of the Code) governs and controls the Retirement System under the management of a board of trustees. The Retirement System is a cost-sharing multiple-employer defined benefit pension plan established on July 1, 1947 to provide retirement, death, disability and survivor benefits to all employees of the parish, except those who are already or may hereafter be included in the benefits of any other pension or retirement system of the city, the state or any political subdivision of the state. The Retirement System issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on the Louisiana legislative Auditor's website at www.la.gov.

Member had at least 3 years of service at date of death:	Refund of member contribution plus interest plus 25% of the base pensionable earning in the year preceding death plus 5% of the member's base pensionable earning for each full year in excess of three years
Death after Separation from Service:	
Not retirement eligible:	Refund of member contributions plus interest
Retirement eligible:	Survivor's portion of 100% joint and survivor benefit with pop-up, payable as if member retired immediately prior to death

Withdrawal from Service

Upon withdrawal from service, members are entitled to:

1. Effective January 1, 2002, a member who separates with five years of creditable service may allow accumulated contributions to remain on deposit and service retirement allowance to begin as early as age sixty-five.
2. Prior to January 1, 2002, a member who separated with ten years of creditable service may allow accumulated contributions to remain on deposit and service retirement allowance to begin as early as age sixty (subject to reduction if retirement is elected before age sixty-two). If death occurs before retirement, accumulated contributions are returned with interest.
3. Upon withdrawal without five years of creditable service, the member is entitled to return of accumulated contributions with interest or may allow contributions to remain on deposit for maximum of five years. In the case of an employee's death, then accumulated contributions plus interest are paid to the member's beneficiary.

6. PENSION PLANS (continued)

4. If a member re-enters after receipt of refund and continues service thereafter for at least six months, the member may repay the amount of refund plus the amount of employer contributions, with compound interest, to receive prior creditable service again.

Deferred Retirement Option Plan (DROP)

Members eligible for Normal Retirement or Unreduced Early Retirement may elect to defer receipt of their retirement benefits while continuing employment. Upon the effective date of participating in the DROP, a member's years of service and Average Monthly Compensation become frozen for purposes of determining pension benefits. Additional service beyond the date of DROP participation no longer accrues any additional benefits under the Retirement System. Benefits that would have been payable are accumulated at interest to date of termination and paid in a single lump sum or in substantially equal payments over a period designated by the member but not to exceed 119 months. The interest rate shall be determined annually by the Trustees and credited as of each December 31st. Members with at least 10 years of creditable service as of January 1, 2018 have a maximum DROP period of five (5) years; all other members have a maximum DROP period of three (3) years.

Cost of Living Adjustments

Cost of living provisions for the Retirement System allows the board of trustees to provide an annual cost of living increase. The board of trustees retains trust earnings or gains in excess of an average 3.5% to provide cost of living increases in benefits to retirees (past or future) not to exceed 3% of the initial benefit per each year of retirement, provided that the Retirement System's funded ratio is at least 95%. Such benefit shall be awarded and paid only when funds are available from this source as determined by the board of trustees.

Contributions (Employer)

Contribution requirements for all employers are determined on the basis of regular interest and mortality tables adopted by the board of trustees, and additional percentage of earnable compensation, known as "Accrued Liability Contributions," determined by an actuary on basis of the amortization period adopted by the board of trustees. The Clerk of Court was required to contribute 17.66% from January 1, 2022 through December 31, 2022 of annual covered payroll. Employees are required to contribute 6% of their

annual pay. The Retirement System does not receive non-employer contributions.

The Clerk of Court's proportionate share of employer contributions for the measurement period (January 1, 2021 through December 31, 2021) was \$130,971.

The Clerk of Court's contributions to the Retirement System for the year ended December 31, 2022 was \$85,010.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources related to Pensions

At December 31, 2022, the Clerk of Court's net pension liability is comprised of its proportional share of the net pension liabilities of the Louisiana Clerks of Court Retirement and Relief Fund and the Employees' Retirement System of the City of New Orleans as follows:

	<u>LACRF</u>	<u>Retirement System CNO</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	5,969,934	1,058,217	7,028,151
Measurement Date	6/30/2022	12/31/2021	
Proportion (%) of Net Pension Liability	2.46%	0.40%	
Prior Year Proportionate Share of Net Pension Liability	2,799,402	1,473,493	4,272,895
Increase (Decrease) From Prior Measurement Date	3,170,532	(415,276)	2,755,256

Increase (Decrease in Proportion (%) of the Net Pension Liability	0.36 %	(0.12)%	
Pension Expense	1,300,344	18,165	1,318,509

The total pension liability for each pension plan used to calculate the net pension liability was determined by an actuarial valuation as of the reported measurement date. In addition, the Clerk of Court's allocation of the net pension liability was based on the Clerk of Court's projected contribution effort to the plan for the next fiscal year as compared to the total of projected contributions of all participants, actuarially determined.

The Clerk of Court's office recognized in pension expense its proportionate share of the Plans' change in net pension liability as follows:

Differences between expected and actual experience with regard to economic or demographic factors in the measurement of the total pension liability were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through each pension plan.

Changes in assumptions about future economic demographic factors or of other inputs were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plans.

Differences between projected and actual investment earnings on pension plan investments were recognized in pension expense using the straight-line amortization method over a closed five-year period.

Changes in the Clerk of Court's proportionate share of the collective net pension liability and collective deferred outflows of resources and deferred inflows of resources since the prior measurement date were recognized in Clerk of Court's pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plans.

6. PENSION PLANS (continued)

Differences between contributions remitted to the Plan during the measurement period and the employer's proportionate share of contributions are recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plans.

Deferred outflows of resources related to pensions resulting from the Clerk of Court's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023 in the amount of \$342,775. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Cost of Living Adjustment The present value of future retirement benefits is based on benefits currently being paid by the LACFR and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

The actuarial assumptions used are based on the assumptions used in the 2022 actuarial funding valuation which (with the exception of mortality) were based on results of an actuarial experience study for the period July 1, 2014 through June 30, 2019, unless otherwise specified in the actuarial report. In cases where benefit structures were changes after the experience study period, assumptions were based on future experiences.

The long-term expected real rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long term expected rate of return was 6.02%, for the year ended June 30, 2022.

The best estimates of geometric real rates of return for each major asset class based on LACRF's target asset allocation as of June 30, 2022 were as follows:

Asset Class	Target Asset Allocation	Long-term Expected Real Rate of Return
Fixed Income:		
Domestic Bonds	25.00%	2.50%
International Bonds		3.50%
Domestic Equity	38.00%	7.50%
International Equities	22.00%	8.50%
Real Estate	15.00%	4.50%

The total net pension liability in the January 1, 2022 for (measurement period January 1, 2021 - December 31, 2021) actuarial valuation of the Retirement System was determined using the following actuarial assumptions:

Actuarial Cost Method	Entry Age Actuarial Cost Method
Investment Rate of Return	7.25% net of Investment Expense
Projected Salary Increases	Age-based annual rates ranging from 10% to 3.2%
Mortality Rates	<i>Healthy Pre-Retirement:</i> PubG-2010 Employee Mortality Tables, amount-weighted, projected generationally with Scale MP-2020

Cost of Living Adjustment

The present value of future retirement benefits is based on benefits currently being paid by the Retirement System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

The long-term expected rate of return on the Retirement System's investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation, and subtracting expected investment expenses and a risk margin.

The best estimates of arithmetic real rates of return for each major asset class based on the Retirement System's target asset allocation as of December 31, 2021 were as follows:

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return	Weighted Rates of Return
Cash & Cash Equivalents	2.00 %	(0.10)%	- %
Domestic Equity	42.50 %	6.40 %	2.72 %
International Equity	14.00 %	7.41 %	1.04 %
Fixed Income	22.00 %	0.60 %	0.13 %
Real Estate	5.00 %	3.90 %	0.20 %
Hedge funds and GTAA	9.50 %	2.75 %	0.26 %
Private Investments	5.00 %	10.40 %	0.52 %
Total	<u>100.00 %</u>		<u>4.87</u>

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarially determined rates. Based on these assumptions the plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

7. SUBSEQUENT EVENTS

FASB Accounting Standards Codification Topic 855, "Subsequent Events" addresses events which occur after the balance sheet date but before the issuance of financial statements. An entity must record the effects of subsequent events that provide evidence about conditions that existed at the balance sheet date and must disclose but not record the effects of subsequent events which provide evidence about conditions that existed after the balance sheet date. Additionally, Topic 855 requires disclosure relative to the date through which subsequent events have been evaluated and whether that is the date on which the financial statements were issued or were available to be issued. Management evaluated the activity of the Clerk of Court through January 28, 2025, the date the financial statements were issued, and concluded that there were no subsequent events that required disclosure in the Notes to the Financial Statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Office of the Clerk of the
Criminal District Court - Orleans Parish
2700 Tulane Avenue
New Orleans, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the fiduciary fund information of The Office of the Clerk of the Criminal District Court - Orleans Parish (Clerk of Court) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Clerk of Court's basic financial statements, and have issued our report thereon dated January 28, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk of Court's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Clerk of Court's internal control. Accordingly, we do not express an opinion on the effectiveness of Clerk of Court's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk of Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed four (4) instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses. [2022-001, 2022-002, 2022-003 and 2022-004].

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 25:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

THE OFFICE OF THE CLERK OF THE
CRIMINAL DISTRICT COURT – ORLEANS PARISH
SCHEDULE OF AUDIT FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2022

SECTION II – FINANCIAL STATEMENT FINDINGS

The following noncompliance issues were found during the audit:

2022-001. Capital Assets Inventory Not Maintained in Accordance with Policy:

Statement of Condition: A capital asset inventory is maintained, however not all capital assets have been tagged for identification purposes, nor does the capital asset inventory include the cost of all asset for the purpose of reconciliation to the financial records. An annual physical asset inventory is not conducted.

Criteria: Revised Statute 24:515.B.1 requires the municipality to maintain records of its capital assets. The clerk is responsible for recording, tagging (for identification purposes), and coordinating the annual inventory of all capital assets. The listing of capital assets is to be updated each year for assets acquired and disposed.

Cause: The capital asset inventory has been a work in process for a number of years; however, a complete listing is still not available. The listing does not include older purchased assets that the purchase date and cost have not yet been identified, and some current year additions did not include tag numbers or location of assets, and therefore the capital asset spreadsheet maintained for financial reporting purposes is incomplete.

Effect or Potential Effect: Failure to identify and periodically account for municipality assets/property exposes the municipality to possible loss, theft, and misuse of its assets.

Recommendations: All purchases above the capitalization policy of \$1,000 should be given an identification number and tagged with a sticker containing the identification number and the municipality in accordance with the Clerk's policy. The capital asset inventory should include the asset identification number, the location, the date purchased and cost of the asset. This should be a cumulative document where new additions are added and assets disposed of are removed. By starting with the current year and including the cost of new assets purchased would improve the ability to verify the asset inventory with the financial records.

The entity should review best practices for capital assets as indicated on the LLA website. A physical inventory should be taken annually in accordance with best practices, and the documentation of the inventory process maintained in the Clerk's records to provide to the auditors upon request.

FOR THE YEAR ENDED DECEMBER 31, 2022

2022-002. Audit reporting package not submitted by the due date of June 30, 2023:

Statement of Condition: The audit reporting package was not timely filed by June 30, 2023.

Criteria: The Louisiana Legislative Auditor requires all audited financial statements of governmental agencies be submitted by no later than June 30 of the year preceding the audit.

Cause: There was a major election for the Clerk and key employees left the Agency which caused major delays in getting the audit completed.

Effect or Potential Effect: The Clerk may be reprimanded by the Louisiana Legislative Auditor in fines, penalties, or withholding of state funds for not filing the audit in a timely manner.

Recommendations: Management should acquaint themselves with the Clerk's accounting system and have all requested audit information furnished to the auditors well before the June 30th deadline.

SECTION III - FINANCIAL STATEMENT FINDINGS

The following noncompliance issues were found in the prior year audit:

2021-001. Capital Assets Inventory Not Maintained in Accordance with Policy:

Statement of Condition: A capital asset inventory is maintained, however not all capital assets have been tagged for identification purposes, nor does the capital asset inventory include the cost of the asset for the purpose of reconciliation to the financial records.

STATUS: Finding not resolved, see current year finding # 2022-001.

2021-002. Deposit accounts under collateralized:

Statement of Condition: The Clerk did not have adequate collateral for deposit accounts as of December 31, 2022.

STATUS: This finding has been resolved.

2021-003. General fund budget not amended:

Statement of Condition: The Clerk did not amend the general fund budget in accordance with the Local Budget Act. Actual expenditures exceeded budgeted expenditures by more than 5%.

STATUS: This finding has been resolved.

2021-004. Audit reporting package not submitted by the due date of June 30, 2022

Statement of Condition: The audit reporting package was not timely filed on June 30, 2022.

STATUS: Finding not resolved, see current year finding # 2022-002.

MANAGEMENT LETTER

The Office of the Clerk of the
Criminal District Court - Orleans Parish
2700 Tulane Avenue
New Orleans, Louisiana

We have audited the basic financial statements of The Office of the Clerk of the Criminal District Court - Orleans Parish (Clerk of Court) as and for the year ended December 31, 2022 and have issued our report thereon dated January 28, 2025. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

As part of our examination, we have issued our report on the financial statements, dated January 28, 2025 and our report on internal control and compliance with laws, regulation, contracts, and grants, dated January 28, 2025.

During the course of our examination, we became aware of the following matters which represent immaterial deviations of compliance or suggestions for improved internal controls.

Suggestion 2022-1 Recording Entries

Statement of Condition: Client records certain income and expense items and balance sheet accounts incorrectly and inconsistently; thereby requiring reclassification entries.

Criteria: Controls should be in place to ensure that income and expense transactions and balance sheet accounts are accurately recorded and properly classified in the books and records.

Cause: Lack of review of the general ledger for misclassifications. Also, there is no formal handbook or guide on how transactions are to be recorded.

Effect or Potential Effect: Incorrect classifications can result in incorrect financial statements and budget to actual analysis to show large discrepancies.

Recommendations: The general ledger should be reviewed monthly by the accounting supervisor for misclassifications and inconsistencies. The client should develop a document of their chart of accounts with a description of transactions to be recorded in each account classification.

Suggestion 2022-2 Name on Bank Account

Statement of Condition: The evidence room cash account was closed in the prior year and the funds deposited into an inactive open account called the BJA Grant account. We had advised that the name on the bank account be changed from BJA Grant account to Evidence Room account. This has not been done as the bank statements still show this cash account as BJA Grant. This was cash salvaged from the evidence room after hurricane Katrina, and there is no documentation to indicate ownership of these funds. The Clerk's intent is to hold these funds in the event that anyone comes forward with a claim of ownership.

Criteria: The bank accounts should properly reflect the purpose for funds held within the account.

Cause: A natural disaster resulted in the Clerk taking possession of these funds with no documentation of ownership.

Effect or Potential Effect: Bank account name does not reflect the purpose and use of funds contained therein.

Recommendations: The Clerk should change the name on this bank account to Evidence Room, and should research whether these funds can be used by the Clerk's office for operations. If these funds are not available for use by the Clerk's office they should be shown as restricted fund balance / net position.

Suggestion 2022-3 Budget Advertisement

Statement of Condition: Client did not provide proof or evidence that the budget was advertised as available to view by the public.

Criteria: Political subdivisions with expenditures of five hundred thousand or more from the general fund and any special revenue funds shall afford the public an opportunity to participate in the budgetary process prior to adoption of the budget. Upon completion of the proposed budget the political subdivision shall cause to be published a notice stating that the proposed budget is available for inspection in accordance with R.S. 39:1307.

Cause: Lack of documentation regarding proof of public advertisement of budget.

Effect or Potential Effect: Entity may not be in compliance with Louisiana R.S. 39:1307.

Recommendations: The Clerk should keep proof of the advertisement after it is posted in the appropriate media format.

Suggestion 2022-4 Cash Bond Receipts and Disbursements

Statement of Condition: There were three (3) instances where bonds were deposited more than two days from receipt date. There was one (1) instance where a bond was unable to be identified and traced to the bond schedule.

Criteria: Client should maintain proper controls over open and closed bonds in accordance with the entity's processes and procedures.

Cause: Lack of timeliness in depositing funds, lack of maintaining proper documentation on the bonds.

Effect or Potential Effect: Entity may lack controls over bonds which could result in understating or overstating the bond payables and cash bond cash amounts.

Recommendations: The Clerk should make timely deposit of all open bonds and review their processes for maintaining proper documentation for all open and closed bonds.

Suggestion 2022-5 Cash Disbursements

Statement of Condition: There was one (1) instance where a check request form was not signed by the Deputy Clerk or Head of Accounting.

Criteria: Client should maintain proper controls over cash disbursements in accordance with the entity's processes and procedures.

Cause: Lack of review and maintaining proper documentation on cash disbursements.

Effect or Potential Effect: Entity may lack controls over cash disbursements which could result in improper purchases being made.

Recommendations: The Clerk should review each purchase order and observe that proper approvals are being made on each purchase order and that all check request forms are signed by the appropriate parties.

Conclusion:

We recommend management address the foregoing issues as an improvement to operations and the administration of public programs. We are available to further explain the suggestions or help implement the recommendations.

Mr. Darren Lombard
Clerk of Criminal District Court
2700 Tulane Ave
New Orleans, LA 70119

Please find below the Clerk of Criminal Court's Corrective Action Plan for the findings noted in the December 31, 2022 audit report.

2022-001. Capital Assets Inventory Not Maintained in Accordance with Policy:

Condition

A capital asset inventory is maintained, however not all capital assets have been tagged for identification purposes, nor does the capital asset inventory include the cost of all assets for the purpose of reconciliation to the financial records. An annual physical asset inventory is not conducted.

Response

Management will make every effort to ensure that a complete inventory is taken to include asset tag numbers and location of assets. To ensure that this task is completed, we have hired a new Director of IT, whose responsibility it will be to ensure completeness.

2022-002. Audit reporting package not submitted by the due date of June 30, 2023:

Condition

The audit reporting package was not timely filed by June 30, 2023.

Response

Management is in the process of cleaning up the financial processes and will put steps in place to ensure that the December 31, 2024 audit is issued timely in accordance with Louisiana State guidelines.

Sincerely,

Mr. Darren Lombard
Clerk of Criminal Court

**Statewide Agreed-Upon Procedures Report
For the period January 1, 2022 through December 31, 2022**

**INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES**

For the Period of January 1, 2022 – December 31, 2022

**To the Honorable Darren P. Lombard
Orleans Parish Clerk of the Criminal District Court
New Orleans, Louisiana**

and to the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2022 through December 31, 2022. The Orleans Parish Clerk of Criminal District Court (CCOC's) management is responsible for those C/C areas identified in the SAUPs.

The CCOC has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2022 through December 31, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1) WRITTEN POLICIES AND PROCEDURES

- A. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
- i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - ii. **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - iii. **Disbursements**, including processing, reviewing, and approving.

1) WRITTEN POLICIES AND PROCEDURES (continued)

- iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
- v. **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- vii. **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- viii. **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements (**not applicable to CCOC**).
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Results: We obtained the CCOC's written policies and procedures and found that written policies and procedures comply with the above categories and subcategories applicable to the CCOC's operations.

2) BOARD OR FINANCE COMMITTEE

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

2) BOARD OR FINANCE COMMITTEE (continued)

- ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternately, for those entities reporting on the non-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Results: *This section is not applicable.*

3) BANK RECONCILIATIONS

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
 - i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
 - ii. Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
 - iii. Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Results: *Exception was noted for procedure A(ii). Out of the five (5) bank reconciliations reviewed, we found that on four (4) of the reconciliations there was no sign off made by the reviewer.*

Management's response:

See attached letter from the CCOC dated January 28, 2025.

4) COLLECTIONS (excluding electronic funds transfers)

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Results: Management has represented that there is the only one deposit site for the agency.

- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
- i. Employees responsible for cash collections do not share cash drawers/registers;
 - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit;
 - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and
 - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not also responsible for collecting cash, unless another employee/official verifies the reconciliation.

Results: No exceptions were noted as a result of applying the procedures above.

- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

Results: No exceptions were noted as a result of applying the procedures above.

- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
- i. Observe that receipts are sequentially pre-numbered.
 - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - iii. Trace the deposit slip total to the actual deposit per the bank statement.
 - iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

4) COLLECTIONS (excluding electronic funds transfers)

- v. Trace the actual deposit per the bank statement to the general ledger.

Results: Exception was noted for procedure D(iv). Out of eight (8) deposits reviewed, we found that for six (6) of the collections the deposit was not made for at least one day after receipt.

Management's response:

See attached letter from the CCOC dated January 28, 2025.

5) NON-PAYROLL DISBURSEMENTS (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Results: Obtained a listing of locations that process payments and management's representation that the listing is complete.

- B. For each location selected under #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase;
 - ii. At least two employees are involved in processing and approving payments to vendors;
 - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
 - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
 - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic fund transfer (EFT), wire transfer, or some other electronic means. (Note: Findings related to controls that constrain the legal authority of certain public officials (e.g. mayor of a Lawrason Act municipality) should not be reported.

Results: No exceptions were noted as a result of applying the procedures above.

- C. For each location selected under #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity; and

5) NON-PAYROLL DISBURSEMENTS (excluding card purchases/payments, travel reimbursements, and petty cash purchases) (continued)

- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #5B, as applicable.

Results: No exceptions were noted as a result of applying the procedures above.

- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

Results: No exceptions were noted as a result of applying the procedures above.

6) CREDIT CARDS / DEBIT CARDS / FUEL CARDS / PURCHASE CARDS

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Results: Obtained a listing of active credit, debit, fuel and purchase cards and management's representation that the listing is complete.

- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
 - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials such as the mayor of a Lawrason Act municipality, should not be reported); and
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.

Results: No exceptions were noted as a result of applying the procedures above.

- C. Using the monthly statements or combined statements selected under procedure B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized

receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

Results: No exceptions were noted as a result of applying the procedures above.

7) TRAVEL AND TRAVEL-RELATED EXPENSE REIMBURSEMENTS (excluding card transactions)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
- If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);
 - If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;
 - Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures, procedure #1A (vii); and
 - Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results: Obtained a listing of all travel reimbursements during the fiscal period and management's representation that the listing is complete. No exceptions were noted as a result of applying the procedures above.

8) CONTRACTS

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from listing, excluding the practitioner's contract, and:
- Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
 - Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter.);

8) CONTRACTS (continued)

- iii. If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented); and
- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Results: No exceptions were noted as a result of applying the procedures above.

9) PAYROLL AND PERSONNEL

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

Results: No exceptions were noted as a result of applying the procedures above.

- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #9A above, obtain attendance records and leave documentation for the pay period, and:
 - i. Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
 - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 - iii. Observe any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
 - iv. Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.

Results: Exception noted for procedure 9B(iii). Three out of the five employees tested did not have a cumulative leave record to reflect hours accrued or taken during the pay period tested.

Management's response:

See attached letter from the CCOC dated January 28, 2025.

9) PAYROLL AND PERSONNEL (continued)

- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee or official's' cumulate leave records, agree the pay rates to the employee or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to the entity policy.

Results: No exceptions were noted as a result of applying the procedures above.

- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Results: No exceptions were noted as a result of applying the procedures above.

10) ETHICS

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A under obtain ethics documentation from management, and
- i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the fiscal period; and
 - ii. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

Results: No exceptions were noted as a result of applying the procedures above.

11) DEBT SERVICE

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.

11) DEBT SERVICE (continued)

- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Results: This section is not applicable.

12) FRAUD NOTICE

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.
- B. Observe the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Results: No exceptions were noted as a result of applying the procedures above.

13) INFORMATION TECHNOLOGY DISASTER RECOVERY / BUSINESS CONTINUITY

- A. Perform the following procedures, verbally discuss the results with management, and report **"We performed the procedure and discussed the results with management."**
- i. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
 - ii. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
 - iii. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

13) INFORMATION TECHNOLOGY DISASTER RECOVERY / BUSINESS CONTINUITY (continued)

- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

Results: We performed the above procedures and discussed the results with management

14) PREVENTION OF SEXUAL HARASSMENT

- A. Using the 5 randomly selected employees/officials from procedure #9A obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

Results: No exceptions were noted as a result of applying the procedures above.

- B. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

Results: No exceptions were noted as a result of applying the procedures above.

- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:
- i. Number and percentage of public servants in the agency who have completed the training requirements;
 - ii. Number of sexual harassment complaints received by the agency;
 - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
 - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
 - v. Amount of time it took to resolve each complaint.

Results: No exceptions were noted as a result of applying the procedures above.

CONCLUSION

We were engaged by the CCOC to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the CCOC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Mr. Darren Lombard
Clerk of Criminal District Court
2700 Tulane Ave
New Orleans, LA 70119

Please find below the Clerk of Criminal Court's Corrective Action Plan for the findings noted in the December 31, 2022 audit report State Wide Agreed Upon Procedures.

Bank Reconciliations

- 3)A Out of the five (5) bank reconciliations reviewed, we found that on four (4) of the reconciliations there was no sign off made by the reviewer.

Response

The current administration took over in the middle of the year. A new accounting supervisor was put in place. We believe that this matter has been corrected.

Collections

- 4)D Exception was noted for procedure D(iv). Out of eight (8) deposits reviewed, we found that for six (6) of the collections the deposit was not made for at least one day after receipt

Response

The current administration took over in the middle of the year. A new accounting supervisor was put in place. We believe that this matter has been corrected.

Payroll And Personnel

- 9)Biii Exception noted for procedure 9B(iii). Three out of the five employees tested did not have a cumulative leave record to reflect hours accrued or taken during the pay period tested.

Response

The Clerk's office had significant change in HR during the transition. We have since hired a new HR Director with experience. Leave is tracked through the ADP System. We believe that this matter has been corrected.

Sincerely,

Mr. Darren Lombard
Clerk of Criminal Court
