INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Commissioners Richland Parish Communications District Rayville, Louisiana

We have reviewed the accompanying financial statements of the governmental activities of the Richland Parish Communications District, a component unit of the Richland Parish Police Jury, as of December 31, 2022 which collectively comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the District's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Richland Parish Communications District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the representation of management. We have not audited or reviewed such required supplementary information and, accordingly, we do not express an opinion, conclusion, nor provide any assurance on it.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic or historical context.

Other Information

Act 706 of the Louisiana 2014 Legislative Session requires the Schedule of Compensation, Benefits, and Other Payments to Agency Head, as listed in the table of contents, to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the representation of management. We have not audited or reviewed such required supplementary information, and accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on it.

Report on Agreed Upon Procedures

In accordance with the *Louisiana Governmental Audit Guide* and the provisions of state law, we have issued a report, dated April 24, 2023, on the results of the agreed-upon procedures.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Richland Parish Communications District (the "District") was created by resolution of the Richland Parish Police Jury on January 16, 1990, for the purpose of installation, maintenance and operation of a 911 emergency system in Richland Parish. A board of commissioners consisting of seven members governs the district. The board is appointed by the Richland Parish Police jury and serves four-year terms. The commissioners receive no compensation for their services.

The District complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Government Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent sections of this note.

Basis of Presentation

In June, 1999, the GASB unanimously approved statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Certain of the significant changes in the presentation of its funds financial information include, for the first time a Management Discussion and Analysis (MD&A) section providing an analysis of the District's overall financial position and results of operations and financial statements prepared using full accrual accounting for all fund activities. These and other changes are reflected in the accompanying financial statements including the notes to the financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-Wide Financial Statements – The governmental-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements – The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year end.

Principal revenue sources considered susceptible to accrual are federal grants, interest on investments, sales and income taxes, and lease payments receivable. Some revenue items that are considered measurable and available to finance operations during the year from an accounting perspective are not available for expenditure due to the District's present appropriation system. These revenues have been accrued in accordance with accounting principles generally accepted in the United States of America since they have been earned and are expected to be collected within sixty days of the end of the period.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Other revenues are considered to be measurable and available only when cash is received by the District. Expenditures generally are recorded when a liability is incurred, as under accounting.

Equity Classifications – Government-wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

Fund Accounting

The financial activities of the District are recorded in individual funds, each of which is deemed to be a separate accounting entity. The District uses fund accounting to report on its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental Funds

General Fund – The General Fund is the general operating fund for the Richland Parish Communications District. It is used to account for all financial sources and uses of the Communications District, except those required to be accounted for in other funds.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets and Budgetary Accounting

The budget for the General Fund is proposed by the Director and formally adopted by the Commissioners. The budget is prepared on a basis consistent with generally accepted accounting principles (GAAP). Budgetary amendments involving the transfer of funds from one function to another or involving increases in expenditures resulting from revenues exceeding amounts estimated require approval of the Commissioners. At year end, all appropriations lapse.

Cash and Cash Equivalents

Louisiana statutes permit the District to invest in United States' bonds, treasury notes, or certificates, or other obligations of the U.S. Government and agencies of the U.S. Government which are federally insured, and certificates of deposit of state banks having their principal office in the State of Louisiana, or in mutual or trust fund institutions which are registered and which have underlying investments limited to securities of the U.S. Government or its agencies.

The District's policy is to include short-term interest bearing deposits with a maturity of three months or less as cash in the financial statements.

Valuation of Carrying Amounts of Deposits

Cash is reported at net book value - the year end bank balance plus any deposits in transit and less any outstanding checks that have not cleared the bank as of that date.

Fund Equity

GASB Statement No. 54 establishes standards for five fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in government funds. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned and unassigned.

Restricted Fund Balance – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the Board of Commissioners – the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Board of Commissioners remove the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assigned Fund Balance – This classification reflects the amounts constrained by the Board's "intent" to be used for specific purposes, but are neither restricted nor committed. The Board and management have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the general fund, that are not classified as nonspendable and are neither restricted not committed.

Unassigned Fund Balance – This fund balance is the residual classification for the general fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the Board's policy to use externally restricted resources first, then unrestricted resources – committed, assigned and unassigned – in order as needed.

Receivables

All receivables are recorded at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Fixed Assets

Fixed assets of the District are stated at cost and are reported in the government-wide financial statements. Depreciation of all exhaustible fixed assets are charged as an expense against operations. Depreciation is computed using the straight-line method over the estimated useful lives of 3,5,7 or 39 years.

Compensated Absences

Employees accrue from ten to fifteen days of annual leave each year depending on years of service with the Communications District. Annual leave must be used in the year it is earned. Sick leave is accrued six days per year. Upon separation, all unused sick leave lapses.

NOTE 2 – CASH AND CASH EQUIVALENTS

Custodial Credit Risk – Deposits. The custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's policy to ensure there is no exposure to this risk is to require each financial institution to pledge its' own securities to cover any amount in excess of Federal Depository Insurance Coverage. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent bank has failed to pay deposited funds upon demand. Accordingly, the District had no custodial credit risk related to its deposits at December 31, 2022. The District had cash and cash equivalents in demand deposits, totaling \$932,715 at December 31, 2022.

These deposits are stated at cost, which approximates market. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash per books at year end was \$497,114 and amount of Certificates of Deposits regarded as cash equivalents was \$435,601.

NOTE 2 – CASH AND CASH EQUIVALENTS (Continued)

Cash and cash equivalents (bank balances other than these backed by the U.S. government) at December 31, 2022, are secured, as follows:

Depreciation was charged to the Public Safety function of the District for \$34,409.

NOTE 4 – ACCOUNTS RECEIVABLE

Accounts receivable at December 31, 2022 were \$39,272 and consisted of user fees. Based on prior experience, the uncollectible receivables are considered immaterial, thus no provision has been made for such loss in these financial statements.

NOTE 5 - PENSION PLAN - PAROCHIAL RETIREMENT SYSTEM

Retirement Systems

Parochial Employees' Retirement System of Louisiana (System)

Plan Description

The Richland Parish Communication District contributes to the Parochial Employees' Retirement System of Louisiana (System) which is a cost-sharing multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the State of Louisiana or any governing body or a parish which employs and pays persons serving the parish.

Act 765 of the year 1979, established by the Legislature of the State of Louisiana, revised the System to create Plan A and Plan B to replace the "regular plan" and the "supplemental plan." Plan A was designated for employers out of Social Security. Plan B was designated for those employers that remained in Social Security on the revision date.

The System is governed by Louisiana Revised Statutes, Title 11, Sections 1901 through 2025, specifically, and other general laws of the State of Louisiana.

Eligibility Requirements

All permanent parish government employees (except those employed by Orleans, Lafourche, and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join the System.

The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the Richland Parish Communication District are members of Plan A.

Retirement Benefits

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

- 1. Any age with thirty (30) or more years of creditable service.
- 2. Age 55 with twenty-five (25) years of creditable service.
- 3. Age 60 with a minimum of ten (10) years of creditable service.
- 4. Age 65 with a minimum of seven (7) years of creditable service.

NOTE 5 - PENSION PLAN - PAROCHIAL RETIREMENT SYSTEM (continued)

For employees hired after January 1, 2007:

- 1. Age 55 with 30 years of service.
- 2. Age 62 with 10 years of service.
- 3. Age 67 with 7 years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to 3% of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

The System also provides survivor and disability benefits. Benefits are established or amended by state statute.

For the year ended December 31, 2022, the Richland Parish Communication District's total payroll for all employees was \$46,222. Total covered payroll was \$46,222. Covered payroll refers to all compensation paid by the Richland Parish Communication District to active employees covered by the Plan.

Contributions

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2021, the actual rate for the fiscal year was 12.25% for Plan A. The Richland Parish Communication District's contributions to the System under Plan A for the year ending December 31, 2022 were \$5,315.

According to state statute, the System also receives ¼ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Under Plan A, members are required by state statute to contribute 9.50% of their annual covered salary. The contributions are deducted from the employee's wages or salary and remitted by the Richland Parish Communication District to the System monthly.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2022, the Employer reported an asset of \$41,306 for its proportionate share of the Net Pension Liability/Asset. The Net Pension Liability/Asset was measured as of December 31, 2021 and the total pension liability/asset used to calculate the Net Pension Liability/Asset was determined by an actuarial valuation as of that date. The Richland Parish Communication District's proportion of the Net Pension Liability/Asset was based on a projection of the Richland Parish Communication District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

NOTE 5 - PENSION PLAN - PAROCHIAL RETIREMENT SYSTEM (continued)

At December 31, 2021, the Richland Parish Communication District's proportion was 0.008769%, which was a decrease of 0.004514% from its proportion measured as of December 31, 2020.

For the year ended December 31, 2022, the Richland Parish Communication District recognized pension expense of (\$6,987) plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, which was (\$6,068). Total pension expense for the Richland Parish Communication District for the year ended December 31, 2022 was (\$13,055).

For the year ended December 31, 2022, the Richland Parish Communication District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	2,496	2,994
Changes in Assumption	2,154	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	35,729

Differences Between Employer Contributions and Proportionate Share of Employer Contributions	(8)	(6)
Subsequent Measurement Contributions	5,315	•
Total	10,350	41,844

Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ended June 30,

Actuarial Methods and Assumptions

A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2021, are as follows:

Valuation Date December 31, 2021 Actuarial Cost Method Entry Age Normal

Investment Rate of Return 6.40%, net of investment expense, including

inflation

Expected Remaining

Service Lives 4 years Projected Salary Increases 4.75%

based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increase not

yet authorized by the Board of Trustees.

Mortality Rates Pub-2010 Public Retirement Plans Mortality

Table for Health Retirees multiplied by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2018 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for disabled

annuitants.

Inflation Rate 2.30%

The discount rate used to measure the total pension liability was 6.40% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up).

NOTE 5 - PENSION PLAN - PAROCHIAL RETIREMENT SYSTEM (continued)

Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.10% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.00% for the year ended December 31, 2021.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2021 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected
		Real Rate of Return
Fixed Income	33%	0.85%
Equity	51%	3.23%
Alternatives	14%	0.71%
Real Assets	2%	0.11%
Totals	100%	5.00%
Inflation		2.10%
Expected Arithmetic Nomi	inal Return	7.00%

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2013 through December 31, 2017. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. For Disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale.

NOTE 5 - PENSION PLAN - PAROCHIAL RETIREMENT SYSTEM (continued)

Payables to the Pension Plan

These financial statements include a payable to the pension plan of \$2,615, which is the legally required contribution due at December 31, 2022. This amount is recorded in accrued expenses.

Retirement System Audit Report

The Parochial Employees' Retirement System of Louisiana issued a stand-alone audit report on its financial statements for the year ended December 31, 2021. Access to the audit report can be found on the System's website: www.persla.org or on the Office of Louisiana Legislative Auditor's official website: www.lla.state.la.us.

NOTE 6 - FEDERALLY ASSISTED PROGRAMS

The Richland Parish Communications District has no federally financial assisted programs so therefore, no schedule of federally assisted program activity has been presented in accordance with the Office of Management and Budget's Uniform Guidance.

NOTE 7 - LITIGATION

The District had no pending or threatened litigation as of December 31, 2022.

NOTE 8 - COMPENSATION FOR THE BOARD OF COMMISSION

The members of the Commission for the Richland Parish Communications District receive no compensation.

NOTE 9 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budget/Actual Variances

When comparing budget to actual amounts for the year ended December 31, 2022 there was a favorable variance in the General fund and Equipment Reserve fund for revenues and expenditures being less than 5%.

NOTE 10 - LEASES

The District has no operating leases as of December 31, 2022. At the expiration of the lease in October 2013, the District continued to lease the equipment on a month to month basis at the original lease price. During the year, this system was replaced and no longer in service. The District is still paying for line expenses coming into the facility, which was \$9,840 for 2022.

NOTE 11 - IMPLEMENTATION OF WIRELESS 911 SYSTEM

The 911 Communication District received \$38,662 in 2022 from landline telephone providers and \$207,785 in 2022 from wireless telephone providers for a total of \$246,447 in emergency telephone service charges for 2022. In compliance with FCC order no. 94-102, the District has been implementing the wireless 911 system in two phases.

Phase I displays the wireless 911 caller's telephone number, active tower address, and the direction of the caller from the wireless tower being utilized. Phase II is intended to display the wireless 911 caller's location on a digital map display with a 125 meter accuracy level. Phase I and II have been fully implemented.

Phase II was completed in 2006 for Sprint/Nextel, T-Mobile, and AT&T/Cingular. Alltel deployed the necessary equipment to provide Phase II information and was completed in 2007.

The landline service has been fully implemented in prior years. The total expenditures for 2022 related to the District were \$198,687 which, other than those mentioned above, were used solely for operation of the implemented services.

NOTE 12 – RISK MANAGEMENT

The District is exposed to various risks related to torts, damage to, and destruction of assets; errors and omissions, injuries to employees and natural disasters. The District has an employee fidelity bond in the amount of \$10,000 and a Board of Directors' errors and omissions insurance policy (with a limit of \$1,000,000) to reduce risk exposure.

NOTE 13 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through April 24, 2023, which the day the financial statements were available to be issued, and it has been determined that no significant events have occurred for disclosure.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To The Board of Commissioners of the Richland Parish Communications District and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Richland Parish Communications District and the Louisiana Legislative Auditor (the specified parties), on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended December 31, 2022 as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The District's management is responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

Public Bid Law

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

No expenditures were made during the year for materials and supplies exceeding \$30,000, and no expenditures were made for public works exceeding \$250,000.

Code of Ethics for Public Officials and Public Employees

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

Management provided me with the requested information.

- 3. Obtain a list of all employees paid during the fiscal year.
 - Management provided me with the requested information.
- 4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.
 - None of the employees included on the list provided by management for agreed-upon Procedure 3 appeared on the list provided by management for agreed-upon Procedure 2.
- 5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.
 - Management provided the requested information. None of the businesses of board members, employees, and board members' and employees' immediate families appeared as vendors on the list of disbursements.

Budgeting

- 6. Obtain a copy of the legally adopted budget and all amendments.
 - Management provided me with a copy of the original budget. Management represented that there was one amendment to the budget during the year.
- 7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.
 - I traced adoption of the original budget to documentation in the minutes of the meeting of the District's commissioners held on December 11, 2021. Management represented that there was one amendment to the budget during the year.
- 8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more. (For agencies that must comply with the Licensing Agency Budget Act only, compare the expenditures of the final budget to actual expenditures, and report whether actual expenditures exceeded budgeted amounts by 10% or more per category or 5% or more in total).
 - I compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues exceeded budgeted revenues. Expenditures for the year did not exceed budgeted amounts by more than 5%.

Accounting and Reporting

- 9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:
 - (a) Report whether the six disbursements agree to the amount and the payee in the supporting documentation.
 - Each of the six selected disbursements agreed with the amount and payee in the supporting documentation.
 - (b) Report whether the six disbursements were coded to the correct fund and general ledger account.
 - All of the disbursements were properly coded to the correct fund and general ledger account.
 - (c) Report whether the six disbursements were approved in accordance with management's policies and procedures.
 - The District's policies and procedures state that the chairman of the District's Board of Commissioners must approve all disbursements, with subsequent approval by the full board. Documentation supporting each of the six selected disbursements included the signature of the chairman of the Board of Commissioners. In addition, approval by the full commission for each of the disbursements was traced to the District's minute book.

Meetings

- 10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.
 - Management represented that the District is only required to post a notice of each meeting and the accompanying agenda on the door of the District's office building. The District complied with this requirement.

Debt

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

I scanned copies of all bank deposit slips for the fiscal year, and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

I scanned payroll disbursements and read the meeting minutes of the District's board of commissioners for the fiscal year. I found no payments or approval for payments to employees that would constitute bonuses, advances, or gifts.

State Audit Law

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

The District's report was submitted timely.

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

Management represented that the District entered into no contracts during the fiscal year that was subject to the public bid law.

Prior-Year Comments

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

My prior year report, dated April 6, 2022, did not include any suggestions, exceptions, recommendations, or comments.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with the foregoing matters. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

LOUISIANA ATTESTATION QUESTIONNAIRE (For Attestation Engagements of Governmental Agencies)

Dear Chief Executive Officer:

Attached is the Louisiana Attestation Questionnaire that is to be completed by you or your staff. This questionnaire is a required part of the review/attestation engagement of Louisiana governmental agencies. The completed and signed questionnaire must be presented to and adopted by the governing body, if any, of your organization by means of a formal resolution in an open meeting. Independently elected government officials should sign the document, in lieu of such a resolution.

The completed and signed attestation questionnaire and a copy of the adoption instrument, if appropriate, must be given to the independent certified public accountant at the beginning of the engagement. The CPA will, during the course of his/her engagement, perform certain agreed-upon procedures to the responses in the questionnaire. It is not necessary to return the questionnaire to the Legislative Auditor's office.

Certain portions of the questionnaire may not be applicable to your organization. In such cases, it is appropriate to mark the representation "not applicable." However, you must respond to each applicable representation. A 'yes' answer indicates that you have complied with the applicable law or regulation. A 'no' answer to any representation indicates a possible violation of law or regulation and, as such, should be fully explained. These matters will be reviewed by the CPA during the course of his/her engagement. Please feel free to attach a further explanation of any representation.

Your cooperation in this matter will be greatly appreciated.

Sincerely,

Michael J. Waguespack, CPA Louisiana Legislative Auditor
