Independent Auditor's Report

TENSAS PARISH SHERIFF
St. Joseph, Louisiana

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, major funds and fiduciary funds of the Tensas Parish Sheriff, a component unit of the Tensas Parish Police Jury, as of June 30, 2019, and for the year then ended, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Tensas Parish Sheriff's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tensas Parish Sheriff's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the government activities, major funds information and fiduciary fund information of the Tensas Parish Sheriff as of June 30, 2019, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedules and notes to required supplementary information, the Schedule of Changes in Net OPEB Liability and Related Ratios, the Schedule of Employer's share of the Net Pension Liability, and the Schedule of Employer Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with managements's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Tensas Parish Sheriff's office basic financial statements. The accompanying schedule of compensation, benefits and other payments to agency head on page 53 and the Sheriff's sworn affidavit presented on page 52 are presented for the purpose of additional analysis and are not a required part of the financial statements.

These schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the schedule of compensation, benefits and other payments and the Sheriff's sworn affidavit are fairly stated, in all material respects, in relation to the basic financial statements.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued a report dated December 18, 2019, on my consideration of the Tensas Parish Sheriff's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tensas Parish Sheriff's internal control over financial reporting and compliance.

St. Joseph, Louisiana
Independent Auditor's Report,
June 30, 2019

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Louisiana Legislative Auditor, I have issued a report, dated December 18, 2019, on the results of my statewide agreed-upon procedures performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*. The purpose of that report is solely to describe the scope of testing performed on those control and compliance areas identified in the Louisiana Legislative Auditor's statewide agreed-upon procedures, and the results of that testing, and not to provide an opinion on control or compliance.

Management's Discussion and Analysis
June 30, 2019

As management of the Tensas Parish Sheriff, I offer readers of the Tensas Parish Sheriff's financial statements this narrative overview and analysis of the financial activities of the Tensas Parish Sheriff for the fiscal year ended June 30, 2019. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the Sheriff's basic financial statements. The annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (Government-wide Financial Statements) provide information about the financial activities as a whole and illustrate a longer-term view of the Sheriff's finances. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Fund (Fund Financial Statements) tell how these services were financed in the short term as well as what remains for future spending. Fund Financial Statements also report the operations in more detail than the Government-Wide Financial Statements by providing information about the most significant funds. This report also contains other supplementary information in addition to the basic financial statements themselves.

Our auditor has provided assurance in her independent auditor's report that the Basic Financial Statements are fairly stated. The auditor, regarding the Required Supplemental Information and the Supplemental Information is providing varying degrees of assurance. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Tensas Parish Sheriff's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Tensas Parish Sheriff's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Tensas Parish Sheriff is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, earned, but unused, sick leave).

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Tensas Parish Sheriff, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Tensas Parish Sheriff can be divided into two categories: governmental funds and fiduciary (agency) funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Tensas Parish Sheriff maintains 3 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, and the Detention Center special revenue fund, which are considered to be a major funds. The Commissary Fund data for the non-major governmental fund is provided in a separate column for non-major governmental fund.

The Tensas Parish Sheriff adopts an annual appropriated budget for the general fund and the special revenue funds. A budgetary comparison statement is provided for the major funds to demonstrate compliance with this budget.

Fiduciary funds. Fiduciary (agency) funds are used to account for resources held for the benefit of parties outside the government. Since these resources are not available to support the Tensas Parish Sheriff's programs, Fiduciary (agency) funds are not reflected in the government-wide financial statement.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information in addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Tensas Parish Sheriff's performance.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, liabilities of the Tensas Parish Sheriff exceeded assets by \$346,093. The largest portion of the Tensas Parish Sheriff's net position reflects its investment

in capital assets (furniture and equipment), less any related debt used to acquire those assets that is still outstanding. These assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources.

The balance in unrestricted net position is affected by two factors: 1) resources expended, over time, by the Tensas Parish Sheriff to acquire capital assets from sources other than internally generated funds (i.e., debt), and 2) required depreciation on assets having been included in the statement of net position.

STATEMENT OF NET POSITION

Net Position - End of year	<u>(\$346,093)</u>	<u>(\$1,290,893)</u>

Financial Analysis of the Government's Funds

As noted earlier, the Tensas Parish Sheriff uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2019, combined governmental fund balance of \$3,193,631 showed an increase in fund balance of \$875,578 over June 30, 2018. The General Fund's portion of the unreserved, undesignated fund balance of \$1,075,654 shows an increase (of approximately \$236,045) from the prior year amount. The Detention Center portion of the unreserved, undesignated fund balance is \$1,820,091, and shows an increase in fund balance (of approximately \$672,322) from the prior year amount.

General Fund and Major Fund Budgetary Highlights

Differences between expenditures of the original budget and the final budget for the General Fund were due primarily to an increase in materials and supplies and decreases in personal services and benefits, operating services, debt service and capital outlay. The difference in original and final budgeted revenues in the general fund were due to an increase in sales tax, state supplemental pay, court attendance, feeding and keeping prisoners, use of money and property, other revenues and operating transfers in and decreases in ad valorem taxes, federal grants, other state grants, local funds, and civil and criminal fees.

Differences between expenditures of the original budget and the final budget for the Detention Center Fund were due primarily to an increase in operating services, and materials and supplies and decreases in personal services and benefits and debt service. The difference in original and final budgeted revenues in the Detention Center Fund were due to increases in feeding and keeping prisoners and a decrease in ad valorem taxes and use of money and property.

Capital Asset and Debt Administration

Capital assets. The Tensas Parish Sheriff's investment in capital assets for its governmental activities as of June 30, 2019, amounts to \$5,167,355 (net of accumulated depreciation). This investment includes furniture, equipment, and weapons. There were no increases in capital assets for the year. There were deletions of \$39,473 for the year.

Long-term debt. At the end of the fiscal year, Tensas Parish Sheriff has outstanding revenue bonds of \$5,910,000. \$280,000 of these bonds were paid in the current year in accordance with the debt agreement. The Tensas Parish Sheriff contributes to a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides lifetime healthcare insurance for eligible retirees through the sheriff's group health insurance plan. Net OPEB obligation associated with the Retiree Health Plan at June 30, 2019 is \$2,359,189. Net Pension obligation associated with the Pension Plan at June 30, 2019 is \$618,364.

Requests for Information

This financial report is designed to provide a general overview of the Tensas Parish Sheriff's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Tensas Parish Sheriff, Courthouse Building, St. Joseph LA 71282.

Reconciliation of Governmental Funds
Statement of Revenue, Expenditures, and Changes
in Fund Balances to the Statement of Activities

For the Year Ended June 30, 2019

Total net change in fund balances - governmental funds (Statement D)	\$875,578
Amounts reported for governmental activities in the Statement of Activities are different because:	
Repayment of lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.	9,610
The payments on the revenue bonds are treated in governmental activities as other financing sources and uses, whereas those transactions are not reported in the government wide statement of activities but are carried to the statement of net position.	280,000
Payments of long-term debt, including contributions to OPEB obligation, are reported as expenditures in governmental funds. However, those amounts are a reduction of long-term liabilities in the Statement of Net Position and are not reflected in the Statement of Activities.	(139,539)
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	2,895
Capital outlays are reported in governmental funds as expenditures. However, in the statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the period.	(167,819)
Non-employer contributions to cost-sharing pension plan	65,834
Pension expense	<u>18,248</u>
Change in net position of governmental activities (Statement B)	<u>\$944,807</u>

The accompanying notes are an integral part of this statement.

TENSAS PARISH SHERIFF
St. Joseph, Louisiana

Notes to the Financial Statements
As of and For the Year Ended June 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff also administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, serving subpoenas, et cetera. As the ex-officio tax collector of the parish, the sheriff is responsible for the collection and distribution of ad valorem property taxes, parish occupational licenses, state revenue sharing funds, and fines, costs, and bond forfeitures imposed by the district court.

The sheriff has the responsibility for enforcing state and local laws, ordinances, et cetera, within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols, investigations, et cetera, and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. Additionally, the sheriff, when requested, provides assistance to other law enforcement agencies within the parish.

The accompanying financial statements of the Tensas Parish Sheriff have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements-and Management's Discussion and Analysis -for State and Local Governments*, issued in June 1999.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Tensas Parish Police Jury is the financial reporting entity for Tensas Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Tensas Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

within the reporting entity is financial responsibility. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and:
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury maintains and operates the building in which the sheriff's office is located and provides partial funding for equipment, furniture and supplies of the sheriff's office, the sheriff was determined to be a component unit of the Tensas Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the sheriff and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the Tensas Parish financial reporting entity.

B. BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS

The sheriff's basic financial statements include both government-wide (reporting the sheriff as a whole) and fund financial statements (reporting the sheriff's major fund). Both government-wide and fund financial statements categorize primary activities as either governmental or business type. All activities of the sheriff are classified as governmental.

The Statement of Net Position (Statement A) and the Statement of Activities (Statement B) display information about the reporting government as a whole. These statements include all the financial activities of the sheriff, except for fiduciary funds. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

In the Statement of Net Position, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term obligations. Net position are reported in three

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

parts; invested in capital assets, net of any related debt; restricted net position; and unrestricted net position.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues - Program revenues included in the Statement of Activities (Statement B) are derived directly from parties outside the sheriff's taxpayers or citizenry. Program revenues reduce the cost of the function to be financed from the sheriff's general revenues.

Allocation of Indirect Expenses - The sheriff reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

C. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS

The financial transactions of the sheriff are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Fund financial statements report detailed information about the sheriff. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Funds are classified into three categories; governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The sheriff's current operations require the use of only governmental and fiduciary funds. The governmental and fiduciary fund types used by the sheriff are described as follows:

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

Governmental Fund Types

General Fund - The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the sheriff and is used to account for the operations of the sheriff's office. The various fees and charges due to the sheriff's office are accounted for in this fund. General operating expenditures are paid from this fund.

Special Revenue Funds - The Special Revenue Funds are used to account for the proceeds of specific revenue sources such as grants and state and parish funds for maintaining state and parish prisoners. Those revenues are restricted to expenditures for specified purposes.

Fiduciary Fund Type - Agency Funds

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from the funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

D. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

1. Accrual:

Both governmental and business type activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

Governmental funds and the fiduciary type agency funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The sheriff considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December, January, and February of the fiscal year.

Intergovernmental revenues and fees, charges, and commissions for services are recorded when the sheriff is entitled to the funds.

Interest income on time deposits is recorded when the time deposits have matured and the income is available.

Substantially all other revenues are recognized when received by the sheriff.

Based on the above criteria, intergovernmental revenue and fees, charges, and commissions for services are treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. CASH AND CASH EQUIVALENTS

Under state law, the sheriff may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

law and national banks having principal offices in Louisiana. At June 30, 2019, the sheriff has cash and equivalents (book balances) totaling \$3,724,706 as follows:

Demand deposits	\$3,613,929
Time deposits	110,327
Petty cash	<u>450</u>
Total	<u>\$3,724,706</u>

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, the deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Sheriff that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Sheriff's name. The Sheriff does not have a policy concerning custodial risk.

Cash and cash equivalents (bank balances) at June 30, 2019, are secured as follows:

Bank balances	<u>\$3,866,526</u>
Federal deposit insurance	\$680,333
Pledged securities (uncollateralized)	<u>5,527,126</u>
Total	<u>\$6,207,459</u>

F. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The sheriff maintains a threshold level of \$500 for capitalizing capital assets.

Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes by the sheriff, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

	<u>Estimated</u>
Furniture and fixtures	5 - 10 years
Vehicles	5 - 15 years
Equipment	5 - 20 years

G. RISK MANAGEMENT

The sheriff is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets and errors and omissions. To handle such risk of loss, the sheriff maintains commercial insurance policies covering his automobiles and surety bond coverage. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts. There were no significant reductions in insurance coverage during the year ended June 30, 2019.

H. VACATION AND SICK LEAVE

All employees are granted from 10 days of vacation leave each year, depending on length of service. Vacation leave must be taken in the year granted and may not be accumulated and carried forward to succeeding years. Sick leave is granted on a case-by-case basis, at the discretion of the sheriff.

I. SALES AND USE TAXES

On October 18, 1997, voters of the parish approved a one-half of one percent (1/2%) sales and use tax to be collected indefinitely. The proceeds of the tax, after paying reasonable and necessary costs of collection, is dedicated to operation of the law enforcement district. The Tensas Parish School Board acts as the collecting agent for the purpose of administration and collection of the tax. For its services, the school board receives reasonable and necessary costs of collection. Every agency that the school board collects a tax for pays a pro-rata share of the collection agency's expenses based on the amount of tax actually collected for them.

J. PENSION PLANS

The Tensas Parish Sheriff's Office is a participating employer in a cost-sharing, multiple-employer defined benefit pension plan as described in Note 6. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions for the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

(including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

K. OPEB PLAN

The Sheriff's defined benefit postemployment health care plan provides OPEB to eligible retired employees. The plan provides OPEB for permanent full-time employees of the Sheriff. The Sheriff's OPEB plan is a single employer defined benefit OPEB plan administered by the Sheriff. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Sheriff. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

L. EQUITY CLASSIFICATIONS

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When expenditures are incurred for the purposes for which both restricted and unrestricted amounts are available, the Sheriff reduces restricted amounts first, followed by unrestricted amounts. When expenditures are incurred for purposes for which committed, assigned and unassigned amounts are available, the Sheriff reduces committed amounts first, followed by assigned amounts and the unassigned amounts.

In the fund financial statements, governmental fund equity is classified as fund balance. The Sheriff adopted GASB Statement 54 for the year ended June 30, 2019. As such, fund balances of the governmental funds are classified as follows:

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

Nonspendable - represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted - represents balances where constraints have been established by parties outside the Sheriff's office or imposed by law through constitutional provisions or enabling legislation.

Committed - represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the Sheriff's highest level of decision-making authority.

Assigned - represents balances that are constrained by the government's intent to be used for specific purposes, but are not restricted nor committed.

Unassigned - represents balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund.

The General Fund has an unassigned fund balance of \$1,075,654. If applicable, the Sheriff would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

M. INTERFUND TRANSACTIONS

Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. All other interfund transactions are reported as transfers.

N. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

TENSAS PARISH SHERIFF
 St. Joseph, Louisiana
 Notes to the Financial Statements (Continued)

2. RECEIVABLES

The receivables of \$501,548 at June 30, 2019, are as follows:

<u>Class of receivables:</u>	<u>General Fund</u>	<u>Detention Center</u>	<u>Other Governmental</u>	<u>Total</u>
Taxes - Sales and use	\$9,066			\$9,066
Intergovernmental revenues:				
Federal grants	14,131			14,131
Other state grants	7,478			7,478
Local funds	18,250			18,250
Fees, charges, and commissions for services:				
Civil and criminal fees	38,631			38,631
Feeding and keeping prisoners		\$372,972		372,972
Miscellaneous	688		\$40,332	41,020
Total	<u>\$88,244</u>	<u>\$372,972</u>	<u>\$40,332</u>	<u>\$501,548</u>

3. ON-BEHALF PAYMENTS

Certain employees of the Tensas Parish Sheriff receive supplemental pay from the State. In accordance with GASB Statement No. 24, the Sheriff has recorded revenues and expenditures for these payments in the General Fund. Revenues and expenditures under this arrangement totaled \$94,131.

4. DUE FROM/TO OTHER FUNDS

Individual balances due from/to other funds at June 30, 2019, are as follows:

	<u>Due To</u>	<u>Due From</u>
General Fund:		
Detention Center Fund	\$2,232	\$6,869
Detention Center Fund - Payroll		89,954
Criminal Fund		1,662

Net capital assets	<u>\$5,335,174</u>	<u>(\$167,818)</u>	<u>NONE</u>	<u>\$5,167,355</u>

6. NOTE DISCLOSURES AND REQUIRED SUPPLEMENTARY INFORMATION FOR A COST-SHARING EMPLOYER

The Sheriff contributes to the Sheriffs' Pension and Relief Fund (Fund) which is a cost-sharing multiple-employer defined benefit pension plan established in accordance with the provisions of Louisiana Revised Statute 11:2171 to provide retirement, disability and survivor benefits to employees of the sheriff's offices throughout the State of Louisiana, employees of the Louisiana Sheriffs' Association and the Sheriff's Pension and Relief Fund's office. Membership in the Fund is required for all eligible sheriffs and deputies. The Fund issues an annual publicly available financial report that includes financial statements and required supplementary information for the Fund, which can be obtained at www.lla.state.la.us.

Summary of Significant Accounting Policies.

The Sheriffs' Pension and Relief Fund prepares its employer schedules in accordance with Governmental Accounting Statement No. 68 - *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*. GASB Statement No. 68 established standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources and expenses/expenditures. It provides methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee service. It also provides methods to calculate participating employer's proportionate share of net pension liability, deferred inflows, deferred outflows, pension expense and amortization periods for deferred inflows and deferred outflows.

The Sheriffs' Pension and Relief Fund's employer schedules were prepared using the accrual basis of accounting. Employer contributions, for which the employer allocations are based, is recognized in the period in which the employee is compensated for services performed.

Pension Amount Netting.

The deferred outflows and deferred inflows of resources attributable to differences between projected and actual earnings on pension plan investments recorded in different years are netted to report only a deferred outflow or a deferred inflow on the schedule of pension amounts. The remaining categories of deferred outflows and deferred inflows are not presented on a net basis.

Plan Description.

The Fund was established for the purpose of providing retirement benefits for employees of sheriffs' offices throughout the State of Louisiana, employees of Louisiana Sheriffs' Association and the employees of the Fund. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the Fund in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Substantially all employees of the Tensas Parish Sheriff's office are members of the Louisiana Sheriff's Pension and Relief Fund (Fund), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

Plan Benefits

Retirement Benefits

For members who become eligible for membership on or before December 31, 2011: Members with twelve years of creditable service may retire at age fifty-five; members with thirty years of service may retire regardless of age. The retirement allowance is equal to 3.33 percent of their final-average

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

compensation for each year of credited service. The retirement benefit cannot exceed 100 per cent of their final-average salary. Active, contributing members with at least ten years of creditable service may retire at age sixty. The accrued normal retirement benefit is reduced actuarially for each month or fraction thereof that retirement begins prior to the member's earliest normal retirement date assuming continuous service.

For a member whose first employment making him eligible for membership in the Fund began on or after January 1, 2012: Members with twelve years of creditable service may retire at age sixty-two; members with twenty years of service may retire at age sixty; members with thirty years of creditable service may retire at age fifty-five. The benefit accrual rate for such members with less than thirty years of service is three percent; for members with thirty or more years of service; the accrual rate is 3.33 percent. The retirement allowance is equal to the benefit accrual rate times the member's average final compensation multiplied by his years of creditable service, not to exceed (after reduction for optional payment form) 100% of average final compensation. Members with twenty or more years of service may retire with a reduced retirement at age fifty.

For a member whose first employment making him eligible for membership in the Fund began on or before June 30, 2006, final average compensation is based on the average monthly earnings during the highest thirty-six consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the thirty-six month period shall not exceed 125% of the preceding twelve-month period.

For a member whose first employment making him eligible for membership in the Fund began after June 30, 2006 and before July 1, 2013, final average compensation is based on the average monthly earnings during the highest sixty consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the sixty month period shall not exceed 125% of the preceding twelve-month period.

For a member whose first employment making him eligible for membership in the Fund began on or after July 1, 2013, final average compensation is based on the average monthly earnings during the highest sixty consecutive months or joined months if service was interrupted. The earnings to be considered for each twelve-month period within the sixty month period shall not exceed 115% of the preceding twelve-month period.

Disability Benefits

A member is eligible to receive disability benefits if he has at least ten years of creditable service when a non-service related disability is incurred; there are no service requirements for a service related disability. Disability benefits shall be the lesser of 1) a sum equal to the greatest of 45% of final average compensation or the members' accrued retirement benefit at the time of termination of employment due to disability or 2) the retirement benefit which would be payable assuming continued service to the earliest normal retirement age. Members who become partially disabled receive 75% of the amount payable for total disability.

TENSAS PARISH SHERIFF

St. Joseph, Louisiana
Notes to the Financial Statements (Continued)

Survivor Benefits

Survivor benefits for death solely as a result of injuries received in the line of duty are based on the following. For a spouse alone, a sum equal to 50% of the members' final average compensation with a minimum of \$150 per month. If a spouse is entitled to benefits and has a child or children under eighteen years of age (or over said age if physically or mentally incapacitated and dependent upon the member at the time of his death), an additional sum of 15% of the member's final average compensation is paid to each child with total benefits paid to spouse and children to exceed 100%. If a member dies with no surviving spouse, surviving children under age eighteen will receive monthly benefits of 15% of the member's final average compensation up to a maximum of 60% of final average compensation if there are more than four children. If a member is eligible for normal retirement at the time of death, the surviving spouse receives an automatic option 2 benefit. The additional benefit payable to children shall be the same as those available for members who die in the line of duty. In lieu of receiving option 2 benefit, the surviving spouse may receive a refund of the member's accumulated contributions. All benefits payable to surviving children shall be extended through age twenty-two, if the child is a full time student in good standing enrolled at a board approved or accredited school, college, or university.

Deferred Benefits:

The Fund does provide for deferred benefits for vested members who terminate before being eligible for retirement. Benefits become payable once the member reaches the appropriate age for retirement.

Back Deferred Retirement Option Plan (Back-DROP)

In lieu of receiving a service retirement allowance, any member of the Fund who has more than sufficient service for a regular service retirement may elect to receive a "Back-DROP" benefit. The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. For those individuals with thirty or more years, the Back-DROP period is the lesser of four years or service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement the member's maximum monthly retirement benefit is based upon his service, final average compensation and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to the monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly benefit as calculated above multiplied by the number of months in the Back-DROP period. In addition, the member's Back-DROP account will be credited with employee contributions received by the retirement fund during the Back-DROP period. Participants have the option to opt out of this program and take a distribution, if eligible or to rollover the assets to another qualified plan.

According to state statute, contribution requirements for all employers are actuarially determined each fiscal year. For the year ending June 30, 2018, the actual employer contribution rate was 12.75%.

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

In accordance with state statute, the Fund also receives ad valorem taxes, insurance premium taxes, and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations.

The Sheriff's contractually required composite contribution rate for the year ended June 30, 2018 was 12.75% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. The Tensas Parish Sheriff's contributions to the Fund for the years ended June 30, 2019, 2018, and 2017 were \$149,020, \$141,511, and \$138,719, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Sheriff reported a liability of \$618,364 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Sheriffs' proportion of the net pension liability was based on a projection of the Sheriffs' long-term share of contributions to the pension plan relative to the projected contributions of all participating sheriffs', actuarially determined. At June 30, 2018, the Sheriffs' proportion was .1613 percent, which was an increase of .010 from its proportion measured as of June 30, 2017.

For the year ended June 30, 2018, the Sheriff recognized pension expense of \$146,327. At June 30, 2018, the Sheriff reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience		\$173,584
Changes in assumptions	\$182,798	
Net difference between projected and actual earnings on pension plan		36,708
Changes in employer's proportion of beginning NPL	36,923	59,932
Differences between employer and proportionate share of contributions	40	294
Sheriff contributions subsequent to the measurement date	149,020	
Total	\$368,781	\$270,518

\$368,781 reported as deferred outflows of resources related to pensions resulting from the Tensas Parish Sheriffs' contributions subsequent to the measurement date will be recognized as a reduction of the net

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2019	\$20,215
2020	(4,919)
2021	(64,693)
2022	(6,985)
2023	5,625
Total	(50,757)

Actuarial assumptions. The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date	June 30, 2018
Actuarial cost Method	Entry Age Normal Method
Actuarial Assumptions:	
Investment Rate of Return	7.25%, net of investment expense
Discount Rate	7.25%
Projected salary increases	5.5% (2.60% inflation, 2.90% merit)
Mortality rates	RP-2000 Combined Healthy with Blue Collar Adjustment Sex Distinct Table for active members, healthy annuitants and beneficiaries
Expected remaining service lives	7 years
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the Fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

The mortality rate assumptions were set after reviewing an experience study performed over the period July 1, 2009 through June 30, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the Fund's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that these tables would produce liability values approximating the appropriate generational mortality tables used.

The discounted rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund’s actuary. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Asset Class	Expected Rate of Return		
	Target Asset Allocation	Real Return Arithmetic Basis	Long-term Expected Portfolio Real Rate of Return
Equity Securities	62%	6.9%	4.3%
Fixed Income	23	3.2	0.7
Alternative Investments	15	4.5	0.7
Totals	100%		5.7
Inflation			2.5
Expected Arithmetic Nominal Return			8.2%

The long-term expected rate of return on pension plan investments was determined using a building block method.

Sensitivity of the Sheriffs’ proportionate share of the net pension liability to changes in the discount rate. The following presents the net pension liability of the participating employers calculated using the discount rate of 7.25%, as well as what the employers’ net pension liability would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate.

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Sheriffs’ proportionate share of the net pension liability	\$1,399,440	\$618,364	(\$39,213)

7. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description. The Tensas Parish Sheriff’s Office (the Sheriff) provides certain continuing health care and life insurance benefits for its retired employees. The Tensas Parish Sheriff’s OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Sheriff. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Sheriff. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Codification Section P52 *Postemployment Benefits Other Than Pensions-Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria-Defined Benefit.*

Benefits Provided - Medical and life insurance benefits are provided to employees upon actual retirement. The employer pays 100% of the medical coverage for the retiree (not dependents)/ Employees are covered by a retirement system whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age or, age 55 and 15 years of service.

Life insurance coverage is continued to retirees based on a blended rate for active employees and retirees. The employer pays 100% of the cost of the first \$10,000 of life insurance after retirement. The retiree may elect to continue additional voluntary insurance amounts in force at time of retirement, subject to an age-related reduction formula (reducing to 75% at age 65 and 50% at age 70.) The retiree pays for the additional voluntary insurance but both that cost and the employer cost are based on the blended active/retired rate and there is thus an implied subsidy. We have assumed that 60%of currently active employees will elect to continue the voluntary additional life insurance after retirement.

Employees covered by benefit terms - At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	5
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	<u>34</u>
Total employees	<u><u>39</u></u>

Total OPEB Liability

The Sheriff’s total OPEB liability of \$2,359,189 was measured as of June 30, 2019 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs - The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

Inflation	2.5%
Salary increases	3.0%, including inflation
Prior Discount Rate	3.62%
Discount rate	3.50%,
Healthcare cost trend rates	Flat 5.5% annually

The discount rate was based on the average of the Bond Buyers' 20 Year General Obligation municipal bond index as of June 30, 2019, the end of the applicable measurement period.

Mortality rates were based on the RP-2000 Table without projection with 50%/50% unisex blend.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2009 to June 30, 2019.

Changes in the Total OPEB Liability

Balance at June 30, 2017	\$2,080,325
Changes for the year:	
Service cost	94,017
Interest	77,009
Differences between expected and actual experience	106,694
Changes in assumptions	40,023
Benefit payments and net transfers	(38,879)
Net Changes	<u>278,864</u>
Balance at June 30, 2019	<u>\$2,359,189</u>

Sensitivity of the total OPEB liability to changes in the discount rate - The following presents the total OPEB liability of the Sheriff, as well as what the Sheriff's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.62%) or 1-percentage-point higher (4.62%) than the current discount rate:

	1.0% Decrease (2.50%)	Current Discount Rate (3.50%)	1.0% Increase (4.50%)
<u>Total OPEB liability</u>	<u>\$2,780,014</u>	<u>\$2,359,189</u>	<u>\$2,021,884</u>

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates - The following presents the total OPEB liability of the Sheriff, as well as what the Sheriff's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.5%) or 1-percentage-point higher (6.5%) than the current discount rate:

	1.0% Decrease (4.5%)	Current Discount Rate (5.5%)	1.0% Increase (6.5%)
<u>Total OPEB liability</u>	<u>\$2,006,734</u>	<u>\$2,359,189</u>	<u>\$2,800,013</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the Sheriff recognized OPEB expense of \$178,419. At June 30, 2019, the Sheriff reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual expenditures	\$73,369	NONE
Changes in assumptions	37,522	NONE
Total	<u>\$110,890</u>	<u>NONE</u>

Amounts reported as deferred outflows of resources and deferred inflows resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:		
2020		\$7,393
2021		7,393
2022		7,393
2023		7,393
2024		7,393
Thereafter		\$73,927

8. LEASE PURCHASE PAYABLE

In June, 2014 the sheriff entered in a lease purchase agreement for a Chevrolet Silverado. The lease agreement requires 48 monthly payments of \$775. In April, 2017 the sheriff entered into a lease purchase agreement for a Ford Explorer. The lease agreement requires 24 monthly payments of \$902. Both leases paid out in the current audit period. The following is a summary of changes in lease transactions for the year ended June 30, 2019:

Balance at June 30, 2018	\$9,610
Additions	NONE
Reductions	<u>(9,610)</u>
Balance at June 30, 2019	<u>NONE</u>

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

9. LONG-TERM DEBT

On July 21, 2017, the sheriff issued \$6,340,000 in revenue bonds with interest rates ranging from 5.0 to 5.75 percent. The net proceeds of \$5,971,450 (after payment of underwriting fees and other issuance costs) were used for the purpose of prepaying the obligations of the issuer pursuant to the lease agreement (with option to purchase) and shall be exchanged for outstanding certificates and in full satisfaction thereof. The court has approved and authorized the prior trustee to take such action as is reasonably necessary to effectuate the financial restructuring consistent with the terms set forth in the bond resolution. In accordance with the order of the court, the exchange bonds are being issued for the purpose of prepaying the obligations of the issuer pursuant to the lease and are for an amount less than the original outstanding lease.

The bonds are secured by and payable solely from the income, revenues (excluding funds derived from the provision of telephone services and the ownership or operation of commissary facilities), and receipts to be derived from the operation of the Detention Center, including the revenues of a ten (10.00) mills ad valorem tax.

The following is a summary of long-term obligation transactions for the year ended June 30, 2019:

	<u>Revenue Bonds</u>
Long-term obligations, June 30, 2018	\$6,190,000
Additions	NONE
Deletions	<u>(280,000)</u>
Long-term obligations, June 30, 2019	<u>\$5,910,000</u>

Revenue bonds payable at June 30, 2019, are comprised of the following individual issues:

\$2,100,000 - dated July 21, 2017. Principal is due in semi annual installments of \$50,000 to \$215,000 through December 1, 2031, with interest at 5.00 per cent. Debt retirement payments are made from the Detention Center Fund.	\$1,945,000
\$3,150,000 - dated July 21, 2017. The principal is due in semi annual installments of \$65,000 to \$350,000 through December 1, 2031, with interest at 6.75 per cent. Debt retirement payments are made from the Detention Center Fund.	\$2,945,000
\$180,000 - dated July 21, 2017. The principal is due in semi annual installments of \$5,000 to \$55,000 through December 1, 2031, with interest at 5.00 per cent. Debt retirement payments are made from the Detention Center Fund.	165,000

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

\$910,000 - dated July 21, 2017. The principal is due in semi annual installments of \$30,000 to \$330,000 through December 1, 2031, with interest at 6.75 per cent. Debt retirement payments are made from the Detention Center Fund.

	<u>\$855,000</u>
Total revenue bonds	<u>\$5,910,000</u>

The annual requirements to amortize outstanding bonds total at June 30, 2019 are as follows:

Year Ended June 30:	Totals	
	Principal	Interest
2020	\$295,000	\$358,094
2021	315,000	339,819
2022	335,000	320,575
2023	350,000	300,113
2024	370,000	278,556
2025-2029	2,220,000	1,020,444
2030-2031	2,025,000	234,950
Total	<u>\$5,910,000</u>	<u>\$2,852,551</u>

The annual requirements to amortize outstanding bonds by issue at June 30, 2019 are as follows:

Year Ended June 30:	Issue of 2017A		Issue of 2017B		Issue of 2017C		Issue of 2017D	
	Principal	Interest	Principal	Interest	Principal	Interest	Principal	Interest

10. CHANGES IN AGENCY FUND BALANCES

A summary of changes in agency fund balances due to taxing bodies and others follows:

	Tax				Total
	Collector Fund	Civil Fund	Criminal Fund	Inmate Funds	
Balance at June 30, 2018	\$4,881	\$3,844	\$77,783	\$34,703	\$121,211
Additions	6,949,613	38,936	269,556	695,209	7,953,314
Reductions	(6,944,222)	(41,945)	(258,096)	(718,770)	(7,963,033)
Balance at June 30, 2019	<u>\$10,272</u>	<u>\$835</u>	<u>\$89,243</u>	<u>\$11,142</u>	<u>\$111,492</u>

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Notes to the Financial Statements (Continued)

11. TAX COLLECTOR ENDING CASH BALANCE

At June 30, 2019, the tax collector has cash and equivalents (book balances) of \$10,294.

12. AD VALOREM TAXES COLLECTED

The tax collector has collected and disbursed the following taxes for the year ended June 30, 2019, by taxing body as follows:

Louisiana Forestry Service	\$9,443
Louisiana Tax Commission	7,489
Tensas Parish Assessor	363,139
Tensas Parish Police Jury	1,665,635
Tensas Parish School Board	2,152,915
Tensas Parish Sheriff	1,844,227
Tensas Parish Communications District (911)	182,682
Tensas Parish Council on Aging	122,361
Fifth District Levee Board	173,824
Fire District No. 1	417,152
Lake Bruin Recreation & Water	21,825
Total	<u>\$6,960,692</u>

13. TAX UNCOLLECTED AND UNSETTLED

At June 30, 2019, the tax collector has collected all assessed taxes for the year ended June 30, 2018.

14. LITIGATION AND CLAIMS

At June 30, 2019, the Tensas Parish Sheriff is not involved in any lawsuits. The Emerald Management Company was operating the detention center and at that time there was an agreement with the sheriff's office to pay the debt payment on the certificates of indebtedness. They did not make the payments for the three years ended 2010, 2011 and 2012. The legal council is in the process of filing a lawsuit for the amount of the debt service payments.

**15. EXPENDITURES OF THE SHERIFF'S OFFICE
PAID BY THE PARISH POLICE JURY**

The Tensas Parish Sheriff's office is located in the parish courthouse. The cost of maintaining and operating the courthouse, as required by Louisiana Revised Statute 33:4715, is paid by the Tensas Parish Police Jury.

NOTE TO BUDGETARY COMPARISON SCHEDULE
For the Year Ended June 30, 2019

A proposed budget, prepared on the modified accrual basis of accounting, is published in the official journal at least ten days prior to the public hearing. A public hearing is held at the Tensas Parish Sheriff's office during the month of June for comments from taxpayers. The budget is then legally adopted by the sheriff and amended during the year, as necessary. The budget is established and controlled by the sheriff at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts and all subsequent amendments.

FIDUCIARY FUND TYPE - AGENCY FUNDS

TAX COLLECTOR FUND

Article V, Section 27 of the Louisiana Constitution of 1974, provides that the sheriff will serve as the collector of state and parish taxes, licenses, and fees. The Tax Collector Fund is used to collect and distribute these taxes, licenses, and fees to the appropriate taxing bodies.

CIVIL FUND

The Civil Fund accounts for the collection of funds in civil suits, sheriff's sales, and garnishments. Payment of these collections to recipients are made in accordance with applicable laws.

CRIMINAL FUND

The Criminal Fund is a depository for fines, forfeitures, and costs in criminal cases. Payments are made from the fund to the Sheriff's General Fund, police jury, district attorney, clerk of court, and other recipients in accordance with applicable laws.

INMATE FUND

The Inmate Fund accounts for funds of inmates that are used for personal items purchased by the inmates at the concessions store located at the detention center. This also includes the inmate balances for work release.

**REPORTS REQUIRED BY
GOVERNMENT AUDITING STANDARDS
PART IV**

**Independent Auditor's Report Required
by *Government Auditing Standards***

The following independent Auditor's report on compliance with laws, regulations and contracts, and internal control over financial reporting is presented in compliance with the requirements of *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor.

**Independent Auditors Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance With *Government Auditing Standards***

TENSAS PARISH SHERIFF
St. Joseph, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund and the fiduciary funds of the Tensas Parish Sheriff, a component unit of the Tensas Parish Police Jury, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Tensas Parish Sheriff's basic financial statements, and have issued my report thereon dated December 18, 2019.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Sheriff's internal control over financial reporting(internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, I do not express an opinion on the effectiveness of the Sheriff's internal control.

A deficiency in internal control exist when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

TENSAS PARISH SHERIFF

St. Joseph, Louisiana

Independent Auditor's Report on Compliance

And Internal Control Over Financial Reporting, etc.

June 30, 2019

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tensas Parish Sheriff's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Tensas Parish Sheriff's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tensas Parish Sheriff's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Independent Accountant's Report
on Applying Agreed-Upon Procedures

Tensas Parish Sheriff
PO Box 138
St. Joseph, LA 71366

To the Tensas Parish Sheriff's Office

I have performed the procedures enumerated below, which were agreed to by the management of the Tensas Parish Sheriff's Office and the Louisiana Legislative Auditor, State of Louisiana, on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2018 through June 30, 2019. Management of Tensas Parish Sheriff's Office is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

AGREED-UPON PROCEDURES

WRITTEN POLICIES AND PROCEDURES

1. The Tensas Parish Sheriff has no written policies and procedures for the test period.

BOARD (OR FINANCE COMMITTEE, IF APPLICABLE)

2. The Tensas Parish Sheriff's office does not have a board or a finance committee therefore this procedure is not applicable.

BANK RECONCILIATIONS

3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating

account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:

- A) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
- B) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation(e.g., initialed and dated, electronically logged);
- C) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

The agency provided me with a certified list of all bank accounts. January, 2019 was randomly selected to be tested. For the 5 bank accounts selected for testing it was determined that the all 5 bank reconciliations were performed by an outside accountant and that the reconciliations were not reviewed by the anyone else. 4 of the 5 accounts had outstanding reconciling items over 12 months.

COLLECTIONS

- 4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Agency provided me with a certified list of deposit sites and I verified that it was complete.

- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - A) Employees that are responsible for cash collections do not share cash drawers/registers.
 - B) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - C) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

- D) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

The agency has 1 collection location with one cash drawer at the Sheriff's office and 1 collection location at the detention center with no cash drawer. Multiple deputies work out of the same cash drawer. Inmate and work release funds are collected at the detention center. The money is deposited daily and deposit slips are sent to the sheriff's office to be posted. Bank reconciliations are prepared by an outside consultant. The deposit is made by an employee and an outside accountant reconciles the bank statements. Tax payments are posted to the tax software when collected. The cash drawer is reconciled by a designated deputy and another deputy makes the deposit. A designated deputy posts the deposits to the accounting software.

6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

The sheriff's office does not have any insurance policy that covers employee theft.

7. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

NON-PAYROLL DISBURSEMENTS (EXCLUDING CARD PURCHASES/PAYMENTS, TRAVEL REIMBURSEMENTS, AND PETTY CASH PURCHASES)

8. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
9. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:

A) Observe that the disbursement matched the related original invoice/billing statement.

B) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

All disbursements selected to be tested had the proper support documentation. The accounts payable deputy initiates the disbursements and the sheriff or the chief civil deputy sign all checks. The outside consultant reconciles all bank statements and there is no evidence that anyone else reviews the reconciliations.

CREDIT CARDS/DEBIT CARDS/FUEL CARDS/P-CARDS

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

The agency provided me with a certified list of all active credit cards, fuel cards, etc.

12. Using the listing prepared by management, randomly select 5 cards, (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

A) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]]

B) Observe that finance charges and late fees were not assessed on the selected statements.

The account payable deputy reviews all fuel card statements and prepares the checks. If any unusual purchases are noted, they are investigated by the chief civil deputy. For the cards tested, there were interest charges on the credit card statement.

13. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

TRAVEL AND EXPENSE REIMBURSEMENT

14. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

CONTRACTS

15. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

PAYROLL AND PERSONNEL

16. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

17. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
18. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
19. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

ETHICS (EXCLUDING NONPROFITS)

20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain ethics compliance documentation from management and:
 - A) Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
 - B) Observe that the documentation demonstrates each employee/official attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.

Agency provided support for ethics training for the five randomly selected employees above. Agency had no documentation to show that the employees have read the agency policy concerning the ethics policy.

DEBT SERVICE

21. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
22. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

OTHER

23. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.
24. The Tensas Parish Sheriff had no exceptions in the prior year AUP testing, therefore this section was excluded from testing for the current period.

I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

St. Joseph, Louisiana 71366

December 18, 2019

Mary Jo Finely, CPA
116 Professional Drive
West Monroe, LA 71291

The following is the Tensas Parish Sheriff's Office response to the report of exceptions found during your testing performed in accordance with the LLA's Statewide Agreed-Upon Procedures:

1. We agree that written policies and procedures are needed and we are in the process of committing our policies and procedures to writing.
3. We are changing our procedure to have the Chief Financial Officer review bank reconciliations prepared by other staff and have the Chief Civil Deputy review bank reconciliations prepared by the Chief financial Officer. It is not cost effective to have enough personnel for the reviewing employee to be independent of involvement in all transactions of all bank accounts in which she reviews.
We are in the process of researching and clearing up any items which have been outstanding for more than 12 months. Will make sure recons are prepared with 2 months of bank statement dates.
5. While we attempt to have one employee work out of a cash drawer for the most part, it is not possible at all times, such as when employees are on break.
Furthermore, we do not have enough space to place a cash drawer/register for each individual employee. The inmate and work release funds are collected at the detention center. The money is deposited daily and deposit slips are sent to the sheriffs' office to be posted. An outside consultant reconciles the bank statements.
We will make a greater effort to make deposits daily for all funds.
6. Researching the cost of the theft insurance even though it is not a requirement.

10. The accounts payable deputy initiates the disbursements and the sheriff or the chief civil deputy sign all checks. The outside consultant along with chief civil deputy or deputy accounts payable clerk reviews the reconciliations. Will be sure to sign in the future.

12. Will have someone review fuel statements for exceptions

20. The employees have signed for the policy and procedure of the Tensas Parish Sheriffs' Dept. which does contain some ethics policies. We are in the process of updating the policy and addressing ethics.

Regards,

Rickey A. Jones,
Sheriff Tensas Parish.
