INDEPENDENT ACCOUNTANTS' REVIEW REPORT

Ascension Parish Coroner's Office
Gonzales, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and the general fund of **ASCENSION PARISH CORONER'S OFFICE** (the Coroner's Office) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Coroner's Office basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Coroner's Office and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Management has omitted the management's discussion and analysis information that the Governmental Accounting Standards Board requires to be presented to supplement the basic financial statements. Such missing information although not a required part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economical, or historical context.

Supplementary Information

The supplementary information contained in Schedule 1 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of activities

The Ascension Parish Coroner's Office (the Coroner's Office) was established to provide certain services to the citizens of Ascension Parish. Certain expenses related to the Coroner's Office are paid by and included in the Parish of Ascension's financial statements. The services of the Coroner's Office include, but are not limited to, the following:

Death Investigations

Death investigation includes assisting in the investigation of accidental, unnatural, violent, and/or unexpected deaths within the jurisdiction of Ascension Parish. The Coroner's Office is also responsible for recording accurate information related to the decedent at the time of death, performing or assisting in performing death scene investigations, ordering autopsies, facilitating the flow of information to contracted pathologists, facilitating respectful and timely conveyance of the deceased to and from the hospital with area funeral homes and transport services. The Coroner's Office is required to maintain detailed records of deaths investigated and to assist with the preparation and maintenance of the death certificate as well as submission of the certificate to funeral homes.

Psychiatric and Substance Abuse Evaluation

The Coroner's Office is responsible for providing consultation, assessment and treatment for patients' psychiatric and/or substance abuse problems. The Coroner's Office is required to schedule and conduct interviews with parties interested in having individuals involuntarily or voluntarily treated for mental illness or substance abuse. The Coroner's Office is responsible for facilitating the process of maintaining an Order of Protective Custody to detain individuals for evaluation, and also to coordinate patients' evaluation with the appropriate professionals.

Medicolegal Forensic Investigations

Medicolegal forensic investigation includes scheduling and coordinating sexual and physical abuse examinations between physicians and requesting agencies, and collection of physical evidence from suspects' bodies when requested by law enforcement agencies.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of presentation

The accounts of the Coroner's Office are organized on the basis of funds, each of which is considered a separate accounting entity. The Coroner's Office has the general fund, which accounts for its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in this fund based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The financial statements include only those accounts and transactions which relate to the Coroner's Office.

Government-wide Financial Statements

The government-wide financial statements include the Statement of Net Position and the Statement of Activities for all non-fiduciary activities of the Coroner's Office. The government-wide presentation focuses primarily on the sustainability of the government as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

Governmental activities are generally financed through intergovernmental revenues and charges for services.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or business-type activity, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Fund Financial Statements

The fund financial statements are very similar to the traditional government fund statements as prepared by governments prior to the issuance of GASB No. 34. Emphasis is now on the major funds in either the governmental or business-type categories. The Coroner's Office consists of one governmental fund, the general fund.

General Fund - The general fund is the general operating fund of the Coroner's Office. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is always a major fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of accounting and measurement focus

Governmental-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Fund Financial Statements

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included in the balance sheet. The operating statement of the general fund presents increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

General fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government's availability criteria (susceptible to accrual). "Available" means collectible within the current period or within 60 days after year-end. Charges for services are recorded as earned since they are measurable and available. Expenditures are generally recognized in the accounting period in which the general fund liability is incurred.

The non-exchange transaction, in which the Coroner's Office receives value without directly giving value in return includes quarterly retainer fees received from the Ascension Parish Council.

Government-wide Net Position

Government-wide net position is divided into three components:

- Net investment in capital assets - consist of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets. The Coroner's Office has no net investment in capital assets at year end.
- Restricted net position - consist of net position that is restricted by the Coroner's Office's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors. The Coroner's Office has no restricted net position at year end.
- Unrestricted - all other net position is reported in this category.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of accounting and measurement focus (continued)

Governmental Fund Balances

In the general fund financial statements, fund balances are classified as follows:

- Nonspendable - Amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact. The Coroner's Office has no restricted fund balance at year end.
- Restricted - Amounts that can be spent only for specific purposes because of Ascension Parish, state or federal laws, or externally imposed conditions by grantors or creditors. The Coroner's Office has no restricted fund balance at year end.
- Committed - Amounts that can be used only for specific purposes determined by a formal action by ordinance. This includes the budget reserves. The Coroner's Office has no restricted fund balance at year end.
- Assigned - Amounts that are designated by the Ascension Parish Council for a particular purpose but are not spendable until a budget ordinance is passed. The Coroner's Office has no restricted fund balance at year end.
- Unassigned - All amounts not included in other spendable classifications.

Cash and cash equivalents

The Coroner's Office considers all highly liquid investments with a maturity of three months or less at the date of acquisition to be cash equivalents. As of December 31, 2021, there were no restrictions on cash balances. All amounts on deposit at financial institutions were covered by federal depository insurance at December 31, 2021.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. Estimates are used primarily when accounting for accounts payable.

Budget

The budget of the Coroner's Office was adopted as a department of the Parish of Ascension. The budgetary basis is in accordance with generally accepted accounting principles.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through June 22, 2022, which was the date the financial statements were available to be issued.

NOTE 2 - ECONOMIC DEPENDENCY

The Coroner's Office receives quarterly retainer installments from the Ascension Parish Council. Revenue derived from the Council accounted for approximately 46% of total revenues for the year; the loss of this significant support would have a material adverse effect on the Coroner's Office.

NOTE 3 – CORRECTION OF ERROR

During the review of the 2021 financial statements, it was discovered that cash balances and net position/ fund balances previously reported were understated by \$16,676, respectively. An adjustment was made to properly state cash and net position/ fund balance as follows:

Net position/ fund balance at December 31, 2020, previously reported	\$ 47,155
Increase in cash balances	<u>16,676</u>
Net position/ fund balance at December 31, 2020, restated	<u>\$ 63,831</u>

NOTE 1 - BUDGETS

Budget Policy and Budgetary Accounting

A proposed budget is prepared by the Ascension Parish Council prior to the beginning of each fiscal year. A budget summary and notice of a public hearing is published with the public hearing being conducted prior to the commencement of the budget year.

The annual operating budget, prepared on the modified accrual basis, covers the general fund. At the end of the fiscal year, unexpended appropriations automatically lapse. Budget amendments are approved by the Ascension Parish Council and are included in the financial statements.

In connection with budget preparation, a portion of the unassigned fund balance of an individual fund may be designated for expenditures of the subsequent year. Such designation represents the extent to which the fund balance is used to balance the subsequent year's operating budget of that fund, as reflected in the legally adopted budget.

Basis of Accounting

The Coroner's fund budget is prepared on the modified accrual basis of accounting, which is described in Note 1 to the Coroner's financial statements for the year ended December 31, 2021. The Coroner's basis of budgetary accounting follows generally accepted accounting principles.

The Ascension Parish Council adopted and approved amendments for the budget during 2021 without exception.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more. (For agencies that must comply with the Licensing Agency Budget Act only, compare the expenditures of the final budget to actual expenditures, and report whether actual expenditures exceeded budgeted amounts by 10% or more per category or 5% or more in total).

Actual expenditures exceeded budgeted amounts by greater than 10%.

Debt

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

Attached is the Louisiana Attestation Questionnaire that is to be completed by you or your staff. This questionnaire is a required part of the review/attestation engagement of Louisiana governmental agencies. The completed and signed questionnaire must be presented to and adopted by the governing body, if any, of your organization by means of a formal resolution in an open meeting.
