INDEPENDENT ACCOUNTANTS' REVIEW REPORT

The Honorable Judges of the Twenty-Sixth
Judicial District Court – Drug Court Fund
Bossier and Webster Parishes, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and each major fund of the Twenty-Sixth Judicial District Court – Drug Court Fund (the “Drug Court”), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Drug Court’s basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management’s financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management’s Responsibility for the Financial Statements

We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

REQUIRED SUPPLEMENTARY INFORMATION (PART I)

TWENTY-SIXTH JUDICIAL DISTRICT COURT
DRUG COURT PROGRAM
Bossier & Webster Parishes
MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's Discussion and Analysis (MD&A) of the Twenty-Sixth Judicial District Court – Drug Court Fund provides an overview of the Drug Court's financial activities for the fiscal year ended June 30, 2020, in an easily readable analysis. Please read it in conjunction with our financial statements, which begin on page 10.

The MD&A is an element of the required supplementary information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, issued in June 1999. Certain comparative information between the current year and prior year is required to be presented in the MD&A.

The Drug Court is the responsibility of the Judges of the Twenty-Sixth Judicial District Court. The Drug Court is administered by the presiding Judge, as well as the Drug Court Coordinator, who is an employee of the Bossier Parish Police Jury.

FINANCIAL HIGHLIGHTS

- The Juvenile Program for Bossier and Webster Parishes was discontinued for the 2019-2020 fiscal year.
- The net position of the Drug Court fund at the close of June 30, 2020, was \$67,515, of which \$17,124 is invested in capital assets. The remainder is considered unrestricted and may be used for any lawful purpose of the fund. Total net position decreased by 18% over last year's net position.
- During the year ended June 30, 2020, the governmental fund total expenditures of \$376,422.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 10 & 11) provide information about the activities of the Drug Court as a whole and present a longer-term view of the Drug Court's finances. Fund financial statements tell how governmental activities were financed in the short term as well as what remains for future spending. Fund financial statements also report the Drug Court's operations in more detail than the government-wide statements by providing information about all the Drug Court's governmental funds.

These financial statements consist of three sections: management's discussion and analysis (this section), the basic financial statements (including the notes to the financial statements), and required supplementary information.

Reporting the Twenty-Sixth Judicial District, Drug Court Fund as a Whole

The Statement of Net Position and the Statement of Activities

Our analysis of the Drug Court as a whole begins on page 10. One of the most important questions asked about the Drug Court's finances is, "Is the Drug Court as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Drug Court as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting which is similar to the format used by most private-sector businesses. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Drug Court's net position and changes in them. One could think of net position — the difference between assets and liabilities — as a measurement of financial health, or financial position. Over time, increases and decreases in the Drug Court's net position indicate whether the Drug Court's financial health is improving or deteriorating. One should also consider non-financial factors, however, such as changes in the number of Drug Court participants, to assess the overall health of the Drug Court.

Currently, the Drug Court has governmental funds that provide for personnel, equipment, supplies, treatment, testing, and other costs related to the proper administration of the Drug Court for Adults. Primarily, grants from the Louisiana Supreme Court finance the operations of each program.

Reporting the Funds of the Twenty-Sixth Judicial District Court – Drug Court Fund

Fund Financial Statements

Our analysis of the major funds maintained by the Drug Court begins on page 12. The fund financial statements provide detailed information about the specific activities of the significant Drug Court fund maintained by the Court, not the Court as a whole. The Drug Court has only one governmental fund which is also considered a major fund. The Court adopts an annual budget for this fund. The specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations.

The Drug Court's governmental fund uses the following accounting approaches:

Governmental fund — All of the Drug Court's basic services are reported in its governmental fund, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. This fund is reported using the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Drug Court's general government operations and the expenses paid from this fund. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Drug Court's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in a reconciliation following the fund financial statements.

THE TWENTY-SIXTH JUDICIAL DISTRICT COURT - DRUG COURT FUND AS A WHOLE

Our analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the Drug Court's governmental activities

**Table 1

A portion of the Drug Court fund's net position reflects its investment in capital assets, which is made up of office equipment and computers. The Drug Court uses these assets to provide services; consequently, these assets are not available for future spending. The Drug Court's total net position changed from the prior year, decreasing by \$14,927. The unrestricted net position represents accumulated results of all past year's operations and is available for future spending.

The overall revenues decreased by approximately \$111,000, compared to last year. During the year the Twenty-sixth Judicial District discontinued operating the drug court program for juvenile participants, only providing drug court program for adult participants.

The Drug Court's major source of funding comes from the Louisiana Supreme Court. Each year, the Louisiana Supreme Court awards a specific number of treatment slots to the Drug Court. The dollar amount per treatment slot remained the same as last year. The overall number of treatment slots awarded to the Drug Court remained the same, being 80 treatment slots. Overall, the program had an increase in expenses compared to the prior year, due to purchases of computer equipment, and increase to personnel costs compared to prior year.

THE DRUG COURT'S FUNDS

As the Drug Court completed the year, its governmental fund (as presented in the balance sheet on page 12) reported a fund balance of \$95,210 which is a \$173 decrease over the prior fiscal year's fund balance of \$95,383.

Compared to prior year revenues, the revenues from the Louisiana Supreme Court decreased by \$109,850. Approximately \$95,000 of the decrease in the revenues is from the Judicial District's discontinuing operating the drug court program for juveniles, with the remainder of the decrease resulting in decreases in grant funding since expenses decreased due to shutdowns from COVID 19 during the year.

Revenues from the Supreme Court are expenditure-driven since the grant from the Supreme Court is a cost reimbursement grant. Therefore, when expenditures are decreased, then the revenue will also decrease.

Compared to prior year expenditures, the Adult Drug Court fund expenditures decreased by \$8,950. While personnel costs increased by approximately \$11,000, operating expenses, testing costs, travel and capital outlay decreased by approximately \$20,000

General Fund Budgetary Highlights

The Drug Court prepared a budget for the Drug Court funds for the year ended June 30, 2020. The budget was submitted for approval to the Louisiana Supreme Court. The budget was amended to reduce the original budgeted revenues for the Supreme Court reimbursements to be in line with the reduction in expenditures. Budgeted expenditures were reduced to reflect the decrease in administrative personnel and other labor costs because of COVID 19 exposure, as well as not renewing the professional liability insurance policy.

The Drug Court fund's original budget was amended during the year. The budgetary comparison is presented as required supplementary information and shown on page 26.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2020, the Drug Court had invested \$17,124 in capital assets (see table 3 below).

Depreciation for the year was \$4,800. More detailed information about the capital assets is presented in Note 4 to the financial statements.

DEBT

At June 30, 2020, the Drug Court had no outstanding bonded debt. More detailed information about the Fund's long-term obligations is presented in Note 5 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

Court operations are funded extensively by a grant from the Louisiana Supreme Court. The number of participants dictates the level of funding to be received. The Drug Court Program received a budget reward for the Adult Program of \$400,000.00, respectively. This award is set to cover 80 adult participants for the fiscal year of 2020-2021.

Notes to the Financial Statements
June 30, 2020

INTRODUCTION

The Twenty-Sixth Judicial District Court – Drug Court Fund was established under Louisiana Revised Statutes 13:5301 through 5304, which provides “for drug and alcohol treatment programs through drug divisions to be operated by the district courts,” as stated in enactment of Chapter 33 of Title 13. It further states that the purpose of the Drug Court is “to reduce the incidence of alcohol and drug use, alcohol and drug addiction, and crimes committed as a result of alcohol and drug use and alcohol and drug addiction.”

The Drug Court Fund is administered by the judges, en banc, of the Twenty-Sixth Judicial District and by the Drug Court Coordinator, who is an employee of the Bossier Parish Police Jury. The monies of the Twenty-Sixth Judicial District Court Drug Court Fund may be expended for those expenditures deemed necessary for the proper operation of the Drug Court program.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying basic financial statements of the Twenty-Sixth Judicial District Court - Drug Court Fund (DCF) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

Governmental Accounting Standards Board (GASB) Statements establish criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. The basic criterion for including a potential component unit within the reporting entity is financial accountability. Oversight responsibility is determined on the basis of appointment of governing body, ability to significantly influence operations, accountability for fiscal matters, and the nature and significance of an organization’s relationship with the primary government.

Based on consideration of the foregoing criteria, the Twenty-sixth Judicial District Court is deemed to be a separate reporting entity. The Drug Court Fund (DCF) is under the oversight of the district court system. These financial statements include only information pertaining to the transactions of the Twenty-sixth Judicial District – Drug Court Fund. Certain units of the local government over which the Court exercises no oversight responsibility, such as the Bossier and Webster Parish Police Juries, other independently elected officials, and municipalities within the parish are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from that of the Court.

Notes to the Financial Statements
June 30, 2020

C. BASIC FINANCIAL STATEMENTS

The Drug Court's basic financial statements include both government-wide (reporting the funds maintained by the Drug Court as a whole) and fund financial statements (reporting the major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. All of the Drug Court's activities are categorized as governmental activities. The Drug Court does not have any business-type activities.

Government-wide Financial Statements

In the government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Drug Court's net position is reported in two parts - invested in capital assets, net of related debt and unrestricted net position.

The government-wide Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Depreciation expense is specifically identified by function and is included in the direct expense of each function.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

The financial transactions of the Drug Court Fund are recorded in individual funds in the fund financial statements. Each function is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various functions are reported by generic classification within the financial statements.

Only the governmental fund type is used by the Drug Court Fund. The focus of the governmental funds' measurement is upon determination of financial position and changes in financial position (sources, uses, and balances of financials resources) rather than upon net income.

D. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded, regardless of the measurement focus applied.

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are

TWENTY-SIXTH JUDICIAL DISTRICT COURT
DRUG COURT FUND
Bossier and Webster Parishes
State of Louisiana

Notes to the Financial Statements
June 30, 2020

recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred.

The Drug Court funds reports the activity of one governmental fund, the Adult Drug Court fund, which accounts for all operations and activities of the Adult Drug Court program.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

E. BUDGETS AND BUDGETARY ACCOUNTING

The Twenty-Sixth Judicial District – Drug Court Fund annually prepares a budget prior to the end of the current fiscal year and submits it to the Louisiana Supreme Court for approval. The budget is prepared on the modified accrual basis of accounting, a basis consistent with accounting principles generally accepted in the United States of America (GAAP). From time to time the budget is amended. This can only be done with the approval of the Louisiana Supreme Court.

It was determined that the Twenty-Sixth Judicial District Court – Drug Court Fund was not subject to the requirements of the Local Government Budget Act, found in Louisiana Revised Statutes 39:1301-1315.

The following individual funds had actual expenditures over budgeted expenditures for the year ended June 30, 2020:

<u>Fund</u>	<u>Budget</u>	<u>Actual</u>	<u>Variance</u>
Adult Drug Court	\$ 365,109	\$ 376,422	\$ (11,313)

F. CASH AND CASH EQUIVALENTS

Cash includes all demand deposits and interest-bearing demand deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Cash and cash equivalents are reported at their carrying amounts, which equal their fair market values.

Notes to the Financial Statements
June 30, 2020

G. RECEIVABLES

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. No allowance for uncollectible accounts receivable is established, since all receivables are determined to be 100% collectible. Major receivable balances for governmental activities include amounts due from Louisiana Supreme Court grants for reimbursement of eligible drug court expenses.

Receivables are included in the fund financial statements if they are both measurable and available.

H. PREPAIDS

Advance payments for software assurance licenses, dues, and insurance are expensed as the period on the contract or policy lapses. The balance in prepaids reflects costs applicable to future accounting periods and is recognized in the government-wide financial statements.

I. CAPITAL ASSETS

In the government-wide financial statements, capital assets purchased or acquired with an original cost of \$2,500 or more are reported at historical cost. If the asset was donated, it is recorded at its acquisition value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is recorded on a straight-line basis over the following estimated useful lives:

Vehicles	3-5 years
Equipment	3-5 years
Furniture and Fixtures	3-5 years

In the fund financial statements, capital assets are accounted for as capital outlay expenditures of the fund upon acquisition. Capital assets reported herein include only those assets purchased by the Drug Court or donated to the Drug Court and do not reflect assets of the court obtained from other sources.

J. NET POSITION

For the government-wide Statement of Net Position, net position is reported as restricted if either of the following conditions exists:

- Restrictions are externally imposed by credits (such as debt covenants), grants, contributors, or laws or regulations of other governments.
- Restrictions imposed by law through constitutional provision or enabling legislation.

Notes to the Financial Statements
June 30, 2020

When both restricted and unrestricted resources are available for use, it is the entity's policy to use restricted resources first, then unrestricted resources when expenses are incurred for purpose for which both restricted and unrestricted net position are available.

K. FUND BALANCE

The Drug Court implemented the provisions of Governmental Accounting Standards Board Statement 54, which redefined how fund balances are presented in the fund financial statements. In the fund financial statements, fund balances are classified as follows:

Nonspendable - Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - Amounts that can be spent only for specific purposes because of state or federal laws, or externally-imposed conditions by grantors or creditors.

Committed - Amounts that can only be used for specific purposes determined by a formal action of the highest level of decision-making authority. The Court's highest level of decision-making authority and commitment may be established, modified, or rescinded only as approved by the Judges.

Assigned - Amounts that are constrained by the Drug Court's intent to be used for specific purposes but are neither restricted nor committed. Amounts are not spendable until a budget ordinance is passed. The drug court administrator is authorized to assign amounts to a specific purpose. Assigned fund balance is established by amendment of the budget as intended for a specific purpose.

Unassigned - All amounts not included in other spendable classifications.

The Drug Court reduces committed amounts, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. The Drug Court considers restricted amounts to have been spent when an expenditure has been incurred for purposes for which both restricted and unrestricted fund balance is available.

L. REVENUES

Substantially all government fund revenues are accrued. Those revenues primarily include grants from the Louisiana Supreme Court. Other revenues are fees collected from the participants for probation and drug screening. These revenues are recorded in the fiscal year they are collected by the Drug Court.

M. EXPENDITURES

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Major expenditures for the Drug Court are testing and treatment expenses, office expenses (which include any necessary expenses for the operation of the Drug Court), and salaries.

N. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH AND CASH EQUIVALENTS

At June 30, 2020, the Twenty-Sixth Judicial District Court -- Drug Court Fund had cash and cash equivalents as shown below:

	Book <u>balance</u>	Bank <u>balance</u>
Non-interest bearing deposits	\$ <u>43,640</u>	\$ <u>79,694</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times be equal to or greater than the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2020, the Twenty-Sixth Judicial District Court – Drug Court Fund had \$79,694 in bank balances. These deposits are secured from risk by \$79,694 of federal deposit insurance.

3. RECEIVABLES

At June 30, 2020, the Fund had \$52,470 in receivables, which are composed of amounts due from the Louisiana Supreme Court for reimbursement of program expenses. There is generally no allowance for doubtful accounts since all receivables are deemed collectible.

5. LONG-TERM OBLIGATIONS

As of June 30, 2020, the Drug Court reported \$45,000 as a long-term obligation due in more than one year. See Note 11 for further details.

All of the employees of the Drug Court are considered employees of the Bossier Parish Police Jury. Per office policy, there are no accumulated and vested benefits relating to annual and sick leave.

6. SALARY EXPENDITURES

The Bossier Parish Police Jury administers the payroll for all Drug Court employees, excluding the Judges. The Drug Court reimburses the Bossier Parish Police Jury for the salaries and related fringe benefits of all court employees, including the Drug Court Coordinator and counselors on staff. The amounts included in the accompanying financial statements are the actual salary expenditures of the Drug Court.

7. PENSION PLAN

All of the Drug Court's employees are considered employees of the Bossier Parish Police Jury, and accordingly, are enrolled by the Police Jury as members of Plan A of the Parochial Employees Retirement System of Louisiana ("System"), a multiple-employer (cost-sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees. The Police Jury and the Drug Court Fund do not guarantee any of the benefits granted by the System.

8. LEASES & COMMITMENTS

The Drug Court Fund has an operating lease with Siemens Healthcare Diagnostics, Inc, for Wintex and Viva E drug lab equipment. The terms of the lease agreement cover the lease of the medical equipment, purchase of reagents, consumables and supplies, and services. The agreement is for a term of seven years, starting September, 2015. The Drug Court agreed to purchase an annual minimum amount of reagents, consumables and supplies of \$34,950 over the next seven years. The portion of the commitment allocable to the equipment is \$1,000 per month. Total equipment lease expense at June 30, 2020 was \$12,000.

The minimum annual commitments under noncancelable operating leases are as follows:

<u>Fiscal Year:</u>	
2021	\$ 12,000
2022	12,000
2023	<u>2,000</u>
Total	\$ <u>26,000</u>

9. LITIGATION

The 26th Judicial District Court, Drug Court Fund is not involved in any litigation as of June 30, 2020, nor is it aware of any unasserted claims.

10. ARRANGEMENTS WITH PARISH GOVERNMENTS

The drug court office spaces, including utilities and certain office equipment and furniture, are furnished by the Bossier Parish Policy Jury free of charge.

11. ARRANGEMENTS WITH OTHER GOVERNMENTS

The Drug Court has an agreement with the Twenty-Sixth Judicial District Court - Judicial Expense Fund to pay a monthly fee of \$1,700 for bookkeeping services. During the year, a total of \$20,400 was paid to the Twenty-sixth Judicial District Court - Judicial Expense Fund.

Funding for the Drug Court Program is structured following the reimbursement method. As a result, the Drug Court would have a monthly cash flow deficiency which was created by it having to cover its monthly payroll expenses on a timely basis as requested by the Bossier Parish Police Jury.

Each month the Drug Court would reimburse the Bossier Parish Police Jury before receipt of the funding from the Supreme Court. Therefore, in December 2010, the Twenty-Sixth District Court - Judicial Expense Fund decided to advance the Drug Court Program a one-time amount of \$45,000 to assist the Drug Court in paying its bills when due. This amount will continue until such time as the

As a result of the COVID-19 Coronavirus, economic uncertainties have arisen which are likely to negatively impact financial resources. While the duration of the economic impact is expected to be temporary, there is considerable uncertainty around the duration. The related financial impact and duration cannot be reasonably estimated at this time.

Subsequent events have been evaluated through December 28, 2020. This date represents the date the financial statements were available to be issued.

We have performed the procedures enumerated below, which were agreed to by the management of the Twenty-Sixth Judicial District Court – Drug Court Fund and the Legislative Auditor, State of Louisiana, on the Court's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended June 30, 2020, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The Court's management is responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

We examined supporting documentation for each of the six selected disbursements and found that payments were for the proper amount and made to the correct payee.
