INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
The Housing Authority of St. John the Baptist Parish
LaPlace, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of The Housing Authority of St. John the Baptist Parish, Louisiana as of and for the year ended September 30, 2021, which include the financial statements of New St. John Partnership Phase I, LLC (a blended component unit) as of and for the year ended December 31, 2020, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority as of September 30, 2021, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Capital Asset Impairment

As discussed in Note J to the financial statements, the Authority incurred significant property damage during the fiscal year as a result of Hurricane Ida. Certain properties have incurred significant structural damage and are uninhabitable. The Authority has adjusted down the carrying value of the applicable capital assets as a result of the damage. Our opinion is not modified with respect to this matter.

Other Matters

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 7 through 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

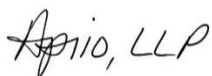

Other Information

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. Supplementary data is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Financial Data Schedule is presented for the Department of Housing and Urban Development's information and is not a required part of the basic financial statements. The accompanying Schedules of Expenditures of Federal Awards are presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and are not a required part of the basic financial statements. Additionally, the accompanying Schedule of Compensation, Benefits and Other Payments to the Executive Director is presented for the Office of the Louisiana Legislative Auditor's information and is not a required part of the basic financial statements.

The Financial Data Schedule, the Schedules of Expenditures of Federal Awards and other supplementary data are the responsibility of management and were derived from and relate directly to the underlying accounting data and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting data and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 17, 2022, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners
 The Housing Authority of St. John the Baptist Parish
 LaPlace, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Authority as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated March 17, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

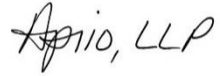

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners
The Housing Authority of St. John the Baptist Parish
LaPlace, Louisiana

Report on Compliance for Each Major Federal Program

We have audited the Authority's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Authority's major federal programs for the year ended September 30, 2021. The Authority's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the *Uniform Guidance* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal programs. However, our audit does not provide a legal determination of Authority's compliance.

Opinion on Each Major Program

In our opinion, the Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2021.

Other Matter

The results of our auditing procedures disclosed an other matter which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as Finding 2021-001. Our opinion on each major federal program is not modified with respect to this matter.

The Authority's response to the noncompliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The Authority's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal programs and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a *material weakness* in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be *material weaknesses* or *significant deficiencies*. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*. However, *material weaknesses* may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of our testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE HOUSING AUTHORITY OF ST. JOHN THE BAPTIST PARISH
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

This section of the Authority's annual financial report presents management's analysis of the Authority's financial performance during the fiscal year ended September 30, 2020. The operation of The Housing Authority of St. John the Baptist Parish is comprised of a Low-Income Public Housing Program, a Section 8 Housing Choice Vouchers Program, a Resident Opportunity and Supportive Services Program and New St. John Partnership Phase I, LLC (the LLC, a blended component unit). The Public Housing Program, which also includes a Capital Grant Funding Program, is funded with rental revenue, miscellaneous tenant charges and operating and capital grants from the Department of Housing and Urban Development (HUD). The Section 8 Housing Choice Voucher Program is funded by grants from HUD and HAP reimbursements from other housing authorities. The Resident Opportunity and Supportive Services Program is funded entirely by grants from HUD.

FINANCIAL HIGHLIGHTS

1. Total assets exceed total liabilities by	\$2,609,621
2. Unrestricted net position equals	1,424,210
3. Total revenues increased by	382,257
4. Total expenses increased by	2,344,148

REQUIRED FINANCIAL STATEMENTS

Over time, increases or decreases in net position may serve as a useful indicator of whether the financial health of the Authority is improving or deteriorating. This statement was formerly known as a Statement of Net Assets.

- . Statement of Revenues, Expenses and Changes in Net Position - provides information as to the current year revenues over expenses. This statement was formerly known as a Statement of Revenues, Expenses and Changes in Net Position.

- . Statement of Cash Flows – provides information about net cash provided by, or used for operating activities, non-capital financing activities, capital and related financing activities and from investing activities.

As illustrated in the Condensed Statement of Net Position, the overall net position of the Authority decreased by \$1,786,190. Current assets increased due primarily to an increase of grants receivable due from HUD and FEMA. Restricted assets and net position increased due mainly to housing assistance payments funding recognized from HUD which exceeded housing assistance payments expenditures, and the resulting restriction of the excess funds recognized. A retirement of deferred developer fees payable from restricted assets offset the increase of restricted assets resulting from housing assistance payments funding. Capital assets decreased due to significant damages incurred from Hurricane Ida in August of 2021. See the Notes to the financial statements for additional details regarding capital assets. Non-current liabilities decreased due to a reduction of deferred developer fees payable.

REVENUES

In reviewing the Schedule of Revenues, Expenses and Changes in Net Position you will find that 91% of the Authority's revenue was derived from federal grants; 4% of the Authority's revenue was from dwelling rent; and 5% was from interest and other revenues.

EXPENSES

13% of the Authority's expenses were for administrative, tenant services and general expenses; 13% for maintenance and utilities; 5% for depreciation; 38% for housing assistance payments; and 31% resulted from an impairment loss recognized against the value of capital assets.

Excess (Deficiency) of Revenues Over Expenses

Operating grants increased due primarily to an increase of funding recognized through CARES Act funding and the Federal Emergency Management Agency (FEMA). Capital contributions decreased due to a reduction of modernization and improvement activity on the Public Housing dwelling properties during the fiscal year. Other revenue increased moderately, due mainly to an increase of rental assistance recognized by New St. John Partnership Phase I, LLC (NSJPPI, LLC, a blended component unit).

FINANCIAL ANALYSIS (continued)

Utilities increased due to significant water expenditures incurred during the fiscal year. Maintenance costs increased due to contracting costs incurred for exterior grounds clean-up and restoration after Hurricane Ida. Housing assistance payments decreased due mainly to a reduction of leasing. Financing fees and organizational costs were incurred by NSJPPI, LLC during the prior reporting period as the LLC began operations and leveraged capital improvements to the former Garyville Oaks Public Housing dwelling property. The fiscal year 2021 loss on impairment of capital assets was a result of damage incurred by Hurricane Ida in August of 2021. Depreciation expense increased mainly due to the completion and placing in service of the former Garyville Oaks Public Housing dwelling property by NSJPPI, LLC.

CAPITAL ASSETS

As of year-end, the Authority had \$5,185,444 invested in a variety of capital assets as reflected in the following schedule:

	<u>2021</u>	<u>2020</u>	<u>Variance</u>	<u>% Change</u>

ECONOMIC FACTORS AND EVENTS AFFECTING OPERATIONS

Several factors that may affect the financial position of the Authority in the subsequent fiscal year are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies and other costs

LAPLACE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2021

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Housing Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Authority is a Special Purpose Government engaged only in business-type activities and therefore, presents only the financial statements required for the enterprise fund, in accordance with GASB Statement 34 paragraph 138 and GASB Statement 63.

The Authority has multiple programs which are accounted for in one enterprise fund, which is presented as the "Enterprise Fund" in the basic financial statements as follows:

Enterprise Fund – In accordance with the Enterprise Fund Method, activity is recorded using the accrual basis of accounting and the measurement focus is on the flow of economic resources. Under the accrual basis of accounting revenues are recorded when earned and expenses are recorded when are incurred. This required the Housing Authority to account for operations in a manner similar to private business or where the Board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

Governmental Accounting Standards – The Housing Authority has applied all applicable Governmental Accounting Standards Board pronouncements as well as applicable pronouncements issued by the Financial Accounting Standards Board.

Cash

The Housing Authority considers cash on hand and cash in checking to be cash equivalents. Cash on hand is not included in calculation of collateral required.

Accounts Receivable

Tenant accounts receivables are reported at the amount considered by management to be collectible and total \$22,745, which is reported net of an allowance for doubtful accounts of \$8,478, at \$14,267. Other receivables consisted of amounts due from federal agencies for operating grants totaling \$609,616, operating advances of \$90,464 made to New St. John Partnership Phase I, LLC, restricted insurance proceeds receivable of \$39,111 and \$1,391 of other miscellaneous receivables.

Prepaid Items

Prepaid Items consist of payments made to vendors for services that will benefit future periods.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES – Continued

Property and Equipment

Property and equipment are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The costs of maintenance and repairs are expensed while significant renewals and betterments are capitalized. Small dollar value minor equipment items are expensed. Depreciation has been expensed in the statement of income and expenses. Estimated useful lives are as follows:

Buildings and Improvements	40 years
Furniture and Equipment	3 - 7 years

Authority management has assessed the carrying values of capital asset balances as of September 30, 2021, and as of March 17, 2022. Significant capital asset value impairments exist as of the noted dates, see Note J below for additional details.

Deferred Outflows and Inflows of Resources

A Deferred Outflow of Resources is a consumption of assets by the Authority that is applicable to a future reporting period. Conversely, a Deferred Inflow of Resources is an acquisition of assets by the Authority that is applicable to a future reporting period. The Authority had not Deferred Outflows or Inflows of Resources as of September 30, 2020.

Revenue Accounting Policies

Dwelling rent income, HUD grants recognized for operations, and other miscellaneous income are reported as operating income. HUD grants received to fund capital asset expenditures and all other revenue is reported as non-operating revenue.

Cost Allocation

The Authority allocates indirect costs to programs on the basis of one of the following methods: direct salaries and wages, percentage of office square footage, number of vouchers and/or units, estimated/actual time spent, number of checks processed, or the allotment stipulated in contractual agreements.

NOTE B - REPORTING ENTITY DEFINITION

The Housing Authority is a separate non-profit corporation with a Board of Commissioners. The Mayor appoints the Board of Commissioners. However, the Housing Authority has complete legislative and administrative authority and it recruits and employs personnel. The Authority adopts a budget that is approved by the Board of Commissioners. Subsidies for operations are received primarily from HUD. The Authority has substantial legal authority to control its affairs without local government approval; therefore, all operations of the Authority are a separate reporting entity as reflected in this report. The Authority is responsible for its debts and is entitled to surpluses. No separate agency receives a financial benefit nor imposes a financial burden on the Authority.

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity was made by applying the criteria set forth in *Section 2100 and 2600 of the Codification of Governmental Accounting and Financial Reporting Standards, Statement No. 14 (amended), of the Governmental Accounting Standards Board: The Financial Reporting Entity, Statement No. 39: Determining Whether Certain Organizations are Component Units, and Statement No. 61: The Financial Reporting Entity: Omnibus*. These criteria include manifestation of oversight responsibility including financial accountability, appointment of a voting majority, imposition of will, financial benefit to or burden on a primary organization, financial accountability as a result of fiscal dependency, potential for dual inclusion, and organizations included in the reporting entity although the primary organization is not financially accountable.

Based upon the application of these criteria, the reporting entity includes the following blended component units:

Garyville Residential, LLC (the member) is a legally separate limited liability company formed for the purpose of owning and managing a new mixed-income apartment complex known as Garyville Oaks Apartments through its membership in New St. John Partnership Phase I, LLC (see below). The member's year-end is December 31, and the Housing Authority is its sole member. Garyville Residential, LLC is the sole member of New St. John Partnership Phase I, LLC and does not issue stand-alone financial statements. The member's financial balances and activity have been consolidated into and reported with the financial balances and activity of New St. John Partnership Phase I, LLC (see below).

New St. John Partnership Phase I, LLC (the, LLC) was formed as a limited liability LLC under the laws of the State of Louisiana on March 30, 2015. The LLC was formed for the purpose of constructing and owning an apartment complex known as Garyville Oaks Apartments (the Project) in the Laplace, Louisiana. Garyville Residential, LLC (the member) is the sole member of New St. John Partnership Phase I, LLC.

The member is a blended component unit of The Housing Authority of St. John the Baptist Parish (the Authority). New St. John Partnership Phase I, LLC's year-end is December 31, and the LLC is a blended component unit of the Authority through its sole member. All administrative and managerial functions of the LLC are governed by the Authority (through its sole Member). The LLC's financial balances and activity as of December 31, 2020, and the year then ended have been consolidated and reported with the Authority's financial statements and reported in the Community Development Block Grant Program column of the accompanying supplementary schedules.

NOTE C - CASH AND INVESTMENT DEPOSITS

Custodial Credit Risk - The Housing Authority policy is to limit credit risk by adherence to the list of HUD-permitted investments, which are backed by the full faith and credit of or a guarantee of principal and interest by the U.S. Government.

Interest Rate Risk – The Housing Authority’s formal investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from interest rate volatility.

The U.S. Department of HUD requires housing authorities to invest excess funds in obligations of the U.S., certificates of deposit or any other federally insured investments.

The Housing Authority’s cash and cash equivalents consist of cash held in three interest bearing checking accounts and one non-interest-bearing checking account, totaling \$1,976,201. The remaining \$200 is held in the form of petty cash or change fund. Deposits with financial institutions totaled \$1,985,764 and were secured as follows:

	<u>Reconciled Balance</u>	<u>Bank Deposits</u>
Insured by FDIC	\$ 372,040	\$ 372,040
Collateralized with specific securities in the Authority name which are held by a third-party financial institution	<u>1,604,161</u>	<u>1,613,724</u>
	<u>\$ 1,976,201</u>	<u>\$ 1,985,764</u>

NOTE D - CONTRACTUAL COMMITMENTS

The Authority had Outstanding Contractual Commitments as of the fiscal year-end as follows:

<u>Type of Commitment:</u>

NOTE E – RISK MANAGEMENT

The Housing Authority is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. The Housing Authority carries commercial insurance for all risks of loss, including workman’s compensation and employee health and accident insurance. The Housing Authority has not had any significant reductions in insurance coverage.

NOTE F – CONCENTRATION OF RISK

The Housing Authority receives most of its funding from HUD. These funds and grants are subject to modification by HUD depending on the availability of funding.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE G – SIGNIFICANT ESTIMATES

The financial statements include some amounts that are based on management's best estimates and judgments. The most significant estimates relate to capital asset impairments, capital asset depreciation and useful lives, accounts receivable valuations and earned employee sick leave to be utilized during future reporting periods. These estimates may be adjusted as more current information becomes available, and any adjustment could be significant. These estimates may be adjusted as more current information becomes available, and any adjustment could be significant.

NOTE H – LONG-TERM LIABILITIES

Accrued Compensated Absences

It is the Housing Authority's policy to permit employees, depending on tenure, to accumulate earned but unused vacation and sick leave. Upon separation from employment after one year of service, an employee is entitled to receive pay for accrued vacation up to a specified maximum. Vacation leave accrued but not yet utilized or paid as of September 30, 2021, is reported as a liability allocated between current and non-current.

Because management cannot reasonably estimate the amount of earned sick leave which will be utilized, the Authority has not accrued any earned but unused sick leave in its Statement of Net Position. Management does not anticipate that the amount of earned sick leave as of fiscal year-end, that will be utilized in subsequent fiscal years will be significant to its financial statements.

OCD Loan

On April 27, 2018, the LLC entered into a Loan Agreement for CDBG funds with the State of Louisiana, Office of Community Development (OCD) in the amount of \$5,100,000. The loan does not bear interest and it matures on May 1, 2053. The loan is secured by a leasehold mortgage on the Project. As a requirement of the loan, the LLC entered into a CDBG Regulatory Agreement (the Agreement) with the OCD under which the LLC has agreed to maintain certain affordability levels for the Project to accommodate low-moderate income residents and families and operate the Project in accordance with all other terms of the Agreement. Under the terms of the Loan Agreement, the outstanding balance of the loan shall be forgiven upon maturity as long as the LLC satisfies all requirements and obligations under the Loan Agreement and the CDBG Regulatory Agreement. The LLC has borrowed \$5,030,341 against the loan as of December 31, 2020 and does not anticipate making additional draws against the loan. The principal balance as of December 31, 2020, was \$5,030,341.

Deferred Developer Fees

The LLC incurred deferred developer fees, prior to 2020, of \$67,500 to the co-developer, New Columbia Residential, LLC. The LLC paid the deferred developer fees of \$67,500 during 2020.

NOTE I – OTHER COMMITMENTS AND CONTINGENCIES

Amounts received or receivable from HUD are subject to audit and adjustment by grantor agencies.
