INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of the Board
Caldwell Parish Library
Columbia, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the General Fund, of the library, a component unit of Caldwell Parish Police Jury, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Caldwell Parish Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Caldwell Parish Library, as of December 31, 2024, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Louisiana Governmental Audit Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Caldwell Parish Library and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Incurrence of Debt

We draw attention to the debt discussed in Note 8. The library may not have the authority to incur debt. The police jury owns the building. The construction in progress and the debt are on the Statement of Net Position at December 31, 2024, because the library was legally obligated at December 31, 2024.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Caldwell Parish Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Caldwell Parish Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Caldwell Parish Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information (page 23) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted Management's Discussion and Analysis; the Schedule of Employer's Proportionate Share of Net Pension Liability; and the Schedule of Employer Contributions to the Retirement System that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Caldwell Parish Library's basic financial statements. The accompanying Schedule of Compensation, Reimbursements, and other Payments to Agency Head, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Reimbursements, and other Payments to Agency Head, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2025, on our consideration of the Caldwell Parish Library's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Caldwell Parish Library's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Caldwell Parish Library's internal control over financial reporting and compliance.

Introduction

The Caldwell Parish Library was established by the Caldwell Parish Police Jury, under the provisions of Louisiana Revised Statute 25:211. The library provides citizens of the parish access to library materials, books, magazines, records, and Films. The library is governed by a board of control which is appointed by the parish police jury in accordance with the provisions of Louisiana Revised Statute 25:214. The members of the board of control serve without compensation.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). Caldwell Parish Library's basic financial statements are presented in accordance with GASB Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, as amended by subsequent pronouncements. GASB Statement No. 34, as amended, establishes the financial reporting model for state and local governments, requiring government-wide financial statements prepared using the economic resources measurement focus and the accrual basis of accounting, as well as fund financial statements prepared using the appropriate measurement focus and basis of accounting for each fund type. The financial statements also reflect the implementation of all applicable GASB statements effective for the year ended December 31, 2024.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Caldwell Parish Police Jury is the financial reporting entity for Caldwell Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14, as amended, established criteria for determining which component units should be considered part of the Caldwell Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and;
 - a. The ability of the police jury to impose its will on that organization and/or;
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. REPORTING ENTITY (CONTINUED)

2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury appoints the library board of control and the library provides services to all residents of Caldwell Parish, the Caldwell Parish Library was determined to be a component unit of the Caldwell Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the library and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS

The library's basic financial statements include both government-wide (reporting the library as a whole) and fund financial statements (reporting the library's major fund). Both government-wide and fund financial statements categorize primary activities as either governmental or business type. All activities of the library are classified as governmental.

The Statement of Net Position and the Statement of Activities display information about the reporting government. These statements include all the financial activities of the library.

In the Statement of Net Position, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term obligations. Net assets are reported in three parts; invested in capital assets, net of any related debt; restricted net assets; and unrestricted net assets. The library first uses restricted resources to finance qualifying activities.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues - Program revenues included in the Statement of Activities are derived directly from parties outside the library's taxpayers or citizenry. Program revenues reduce the cost of the function to be financed from the library's general revenues.

Allocation of Indirect Expenses - The library reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS

The financial transactions of the library are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Fund financial statements report detailed information about the library. The focus of governmental fund financial statements is on major funds rather than reporting funds by type.

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. The library's current operations require the use of only governmental funds. The governmental fund type used by the library is described as follows:

Governmental Fund Type

General Fund - The General Fund is the principal fund of the library and is used to account for the operations of the library. The various fees and charges due to the library are accounted for in this fund. General operating expenditures are paid from this fund.

D. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

1. Accrual

The governmental type activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. BASIS OF ACCOUNTING (CONTINUED)

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds. Governmental funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The library considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing (which is based on population and homesteads in the parish) are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, attach as an enforceable lien, and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December of the current year and January and February of the ensuing year.

Fees, fines, and forfeitures are recorded when the library is entitled to the funds.

Interest income on time deposits is recorded when the time deposits have matured, and the interest is available.

Interest income on demand deposits is recorded monthly when the interest is earned and credited to the account.

Based on the above criteria, ad valorem taxes, state revenue sharing, and fees, fines, and forfeitures have been treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. CASH AND CASH EQUIVALENTS

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, the deposits (or the resulting bank balances) must be secured by federal deposit insurance, or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the library that the fiscal agent bank has failed to pay deposited funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the library's name.

Under state law, the library may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. at December 31, 2024, the library has book balances as follows:

Demand deposits	\$ 991,027
Time deposits	55,674
Petty cash	50
Total	<u>\$ 1,046,751</u>

These deposits are stated at cost, which approximates market. As of December 31, 2024, the library's deposits are secured as follows:

Insured by FDIC	<u>\$ 311,966</u>
Uninsured and uncollateralized	2,427
Collateralized by pledged securities not in the District's name	<u>762,328</u>
Total balances exposed to custodial credit risk	<u>764,755</u>
Total bank balances	<u>\$ 1,076,721</u>

F. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The dollar threshold for capital assets set by the Board is \$5,000. Capital assets are reported in the government-wide financial statements but not in the fund financial statements. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes by the library, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives.

<u>Description</u>	<u>Estimated Lives</u>
Building improvements	20-40 years
Vehicles	5-15 years
Furniture and fixtures	5-10 years
Equipment	5-20 years

G. ANNUAL AND SICK LEAVE

Employees receive from ten to twenty-two days of vacation leave each year, depending on length of service and professional status. Sick leave is earned at the rate of ten days each year and employees may accumulate sick leave. There is no maximum number of sick days that can be accumulated.

H. RISK MANAGEMENT

The library is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; and injuries to employees. To handle such risk of loss, the library maintains a commercial insurance policy covering property, general liability, employee fidelity, and workmen's compensation. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts. There were no significant reductions in insurance coverage during the year ended December 31, 2024.

I. PENSION PLANS

The Caldwell Parish Library is a participating employer in a cost-sharing, multiple-employer defined benefit pension plan as described in Note 5. For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions for the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. EQUITY CLASSIFICATIONS

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on the use either by
 - (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or
 - (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies unrestricted resources first, unless a determination is made to use restricted resources. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense. In the fund financial statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable - represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted - represents balances where constraints have been established by parties outside the library's office or imposed by law through constitutional provisions or enabling legislation.

Committed - represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the library's highest level of decision-making authority.

Assigned - represents balances that are constrained by the government's intent to be used for specific purposes but are not restricted nor committed.

Unassigned - represents balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund.

The General Fund has an unassigned fund balance of \$1,458,125. If applicable, the library would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

K. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – LEVIED TAXES

The ad valorem tax millage levied by the library was 7.13 mills for the year ended December 31, 2024. The authorized millage is 7.13 mills. The current tax expires in 2031. The difference between authorized and levied millages is the result of reassessments of taxable property within the parish as required by Article 7, Section 18 of the Louisiana Constitution of 1974. The following are the principal taxpayers for the parish and their 2024 assessed valuation:

NOTE 5 – PAROCHIAL EMPLOYEES’ RETIREMENT SYSTEM

Plan Description

The Parochial Employees’ Retirement System of Louisiana (System) is a cost-sharing multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the state of Louisiana or any governing body or a parish which employs and pays persons serving the parish. Substantially all employees of the Caldwell Parish Library are members of the Parochial Employees’ Retirement System of Louisiana (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. This system is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the library are members of Plan A..

Benefits Provided

PERSLA provides retirement, disability, and survivor benefits. Retirement benefits are determined as 3.0% of the member’s final average compensation multiplied by the member’s years of credited service. Members are eligible to retire at age 60 with at least 10 years of service, or at any age with 30 years of service. Disability and survivor benefits are also provided to eligible members and beneficiaries.

Contributions

Contribution requirements of active employees and participating employers are established and may be amended by the PERSLA Board of Trustees. Employees are required to contribute 9.5% of their annual covered salary, and Caldwell Parish Library is required to contribute at an actuarially determined rate, which was 12.5% of annual covered payroll for the year ended December 31, 2024. For the year ended December 31, 2024, Caldwell Parish Library recognized pension expense of \$5,816 for its proportionate share of the plan’s pension expense. The Library reported a liability of \$15,361 for its proportionate share of the net pension liability (asset) as of December 31, 2024. The Library’s proportion of the net pension liability (asset) was .0169%, determined based on the employer’s contributions relative to all participating employers, measured as of December 31, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources

At December 31, 2024, Caldwell Parish Library reported a liability of \$15,361 for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The Library’s proportion was based on its contributions relative to all participating employers.

NOTE 5 – PAROCHIAL EMPLOYEES’ RETIREMENT SYSTEM (CONTINUED)

For the year ended December 31, 2024, the library recognized pension expense of \$5,816. At December 31, 2024, the library reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	7,274	4,123
Changes in assumption	-	2,676
Net difference between projected and actual earnings on pension plan investments	24,756	-
Changes in employer’s portion of beginning net pension liability	124	31
Differences between employer contributions and proportionate share of employer contributions	-	-
Subsequent measurement contributions	-	-
Total	32,154	6,830

The \$32,154 of deferred outflows of resources and the \$6,830 will be recognized in pension expense as follows:

Year ended December 31,	
2025	2,154
2026	12,384
2027	20,850
2028	(10,064)

Actuarial Assumptions

The total pension liability in the December 31, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation: 2.3%
- Salary increases: 4.75% per annum
- Investment rate of return: 6.4%, net of pension plan investment expense, including inflation

Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement Plans Mortality Table or Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. For Disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale.

**NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2024**

NOTE 5 – PAROCHIAL EMPLOYEES’ RETIREMENT SYSTEM (CONTINUED)

The discounted rate used to measure the total pension liability was 6.40%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from the participating employers and non-employer contributing entities will be made at actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems’ Actuarial Committee. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottomup) and an equity building-block model (bottom-up).

Best estimates of arithmetic real rates of return for each major asset class included in the System’s target asset allocation as of December 31, 2023, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed income	33%	0.30%
Equity	51%	0.48%
Alternatives	14%	0.11%
Real Assets	2%	0.07%
Totals	100%	0.96%
Inflation		2.30%
Expected arithmetic nominal return		3.26%

Sensitivity of the Employer’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents Caldwell Parish Library’s proportionate share of the net pension liability (asset) calculated using the discount rate of 6.4%, as well as what the proportionate share would be if it were calculated using a discount rate that is 1-percentage-point lower (5.5%) or 1-percentage-point higher (7.5%) than the current rate:

	1.0% Decrease	Current Discount Rate	1.0% Increase
Proportionate share of net pension liability (asset)	\$109,602	\$15,361	\$(63,745)

Detailed information about the pension plan’s fiduciary net position is available in the separately issued PERSLA financial report. That report may be obtained by writing to the Parochial Employees' Retirement System of Louisiana, 7905 Wrenwood Blvd., Baton Rouge, LA 70809.

NOTE 6 - STEWARDSHIP

For the year ended December 31, 2024, actual revenues were 1% below budgeted amounts, while actual expenditures exceeded budgeted amounts by \$604,153, or 180%. A budget amendment was adopted during the year; however, the amendment did not fully capture the capital outlay related to the completion of the building expansion.

NOTE 7 – LITIGATION AND CLAIMS

The library was involved in litigation as of December 31, 2024. However, legal counsel does not expect the outcome to be against the library. Management is not aware of any unasserted claims.

NOTE 8 – COMMITMENT

During 2023, after consultation with the Caldwell Parish Police Jury and bank officials, management signed a promissory note with a local bank for the purpose of financing a portion of cost of the expansion of the library. It has come to management's attention that the library may not have been authorized to incur debt under the power given to it by statutes. As the police jury owns the original building, it seems the expansion and related debt should potentially be the police jury's. The library consulted legal counsel during 2024, and took action as advised. During 2025, the liability was transferred to the Caldwell Parish Police Jury.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 30, 2025, the date on which the financial statements were available to be issued.

NOTE 10 –NEW ACCOUNTING STANDARDS

GASB Statement No. 102, *Certain Risk Disclosures*, was issued December 2023. This Statement defines a concentration as a lack of diversity related to an aspect of a significant inflow of resources or outflow of resources. A *constraint* is a limitation imposed on a government by an external party or by formal action of the government's highest level of decision-making authority. Concentrations and constraints may limit a government's ability to acquire resources or control spending. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. If a government determines that those criteria for disclosure have been met for a concentration or constraint, it should disclose information in notes to financial statements in sufficient detail to enable users of financial statements to understand the nature of the circumstances disclosed and the government's vulnerability to the risk of a substantial impact. The disclosure should include descriptions of the following (1) the concentration or constraint, (2) each event associated with the concentration or constraint that could cause a substantial impact if the event had occurred or had begun to occur prior to the issuance of the financial statements, and (3) actions taken by the government prior to the issuance of the financial statements to mitigate the risk. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. Earlier application is encouraged.

GASB Statement No. 103, *Financial Reporting Model Improvements* was issued April 2024. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged.

Statement No. 104, *Disclosure of Certain Capital Assets*, was issued September 2024. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital as-sets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged.

**NOTES TO BUDGETARY COMPARISON SCHEDULE
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2024**

A proposed budget prepared on the modified accrual basis of accounting is published in the official journal at least ten days prior to the public hearing. A public hearing is held at the Caldwell Parish Library during the month of December for comments from taxpayers. The budget is then legally adopted by the board and amended during the year, as necessary. The budget is established and controlled by the board at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts. There was one budget amendment for the year.

The budget includes no expense for state pension contributions that the Sheriff is required to deduct from ad valorem tax collections. Therefore, budgeted revenue is net of that expense resulting in a variance in both sections.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Members of the Board
Caldwell Parish Library
Columbia, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *Louisiana Governmental Audit Guide*, issued by the Louisiana Legislative Auditor, the financial statements of the governmental activities and General Fund of Caldwell Parish Library, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise Caldwell Parish Library's basic financial statements, and have issued our report thereon dated September 30, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Caldwell Parish Library's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Caldwell Parish Library's internal control. Accordingly, we do not express an opinion on the effectiveness of the Caldwell Parish Library's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Caldwell Parish Library's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items 2024-001 and 2024-002.

December 31, 2024

Caldwell Parish Library's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Caldwell Parish Library's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Caldwell Parish Police Jury's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, it is issued by the Legislative Auditor as a public document.

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unqualified opinion on the basic financial statements of the Caldwell Parish Library.
2. No material weaknesses are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. Two instances of noncompliance material to the financial statements of the Caldwell Parish Library were disclosed during the audit.

B. CURRENT YEAR FINDINGS - FINANCIAL STATEMENTS AUDIT

2024-001 INCURRENCE OF DEBT

First Reported

2023

Criteria

Louisiana Revised Statute 25:215 transferred administrative and accounting functions from the Caldwell Parish Police Jury to the library Board. It appears that the police jury retained the ownership of the building and the power to incur debt on behalf of the library.

Additionally, LRS 39:1410.60 requires approval of the State Bond Commission as follows:

“A. No parish, municipality, public board, political or public corporation, subdivision, or taxing district, and no road or subroad district, school district, sewerage district, drainage or subdrainage district, levee district, waterworks or subwaterworks district, irrigation district, road lighting district, harbor and terminal district, or any other political subdivision, taxing district, political or public corporation, created under or by the constitution and laws of the state shall have authority to borrow money, incur debt, or to issue bonds, or other evidences of debt, or to levy taxes, or to pledge uncollected taxes or revenues for the payment thereof, where they are authorized by the constitution or laws of the state so to do, without the consent and approval of the State Bond Commission.

B.(1) The provisions of this Section shall not apply to purchases made in the ordinary course of administration on terms of credit not to exceed ninety days.

(2) In order to facilitate the review process for approval of financing of the purchases of movables, the State Bond Commission shall adopt rules and regulations to provide for an expedited review procedure for certain categories of such financing and shall determine which financing is to be reviewed under the expedited procedure.”

**CALDWELL PARISH LIBRARY
COLUMBIA, LOUISIANA**

**SCHEDULE OF FINDINGS AND RESPONSES
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2024**

Condition

During 2024, after consultation with the Caldwell Parish Police Jury and bank officials, management signed a \$1,500,500 promissory note with a local bank for the purpose of financing part of the cost of expansion of the library. The library may not possess the authority to incur debt or own property under the power given to it by statutes. As the police jury owns the original building, it seems the expansion and related debt should be the police jury's. The library will consult legal counsel during 2024 to determine what, if any, action should be taken.

Cause

Management and the Board believed they were acting appropriately within the law.

Effect

The library may not have complied with statutes concerning incurrence of debt and owning property.

Recommendation

We recommend that the library Board and Management consult legal counsel as planned and take action.

Management's Response

See Management's Corrective Action Plan.

2024-002 Late Submission of Annual Audit Report

Criteria

Louisiana Revised Statutes Title 24, Section 513, and the Louisiana Governmental Audit Guide require that annual audit reports for entities subject to audit by the legislative auditor be completed and submitted within six months of the close of the entity's fiscal year. For the year ended December 31, 2024, the audit report was due by June 30, 2025.

Condition

The audit report for the Caldwell Parish Library for the year ended December 31, 2024, was not submitted by the required deadline of June 30, 2025. The report is expected to be submitted by September 30, 2025, resulting in a late filing. The Louisiana Legislative Auditor requires a late audit finding even if an extension is approved.

**CALDWELL PARISH LIBRARY
COLUMBIA, LOUISIANA**

**SCHEDULE OF FINDINGS AND RESPONSES
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2024**

Cause

After the recent completion of a building expansion, the library experienced a sewer system backup that flooded the new area. As a result, the new flooring and other items required replacement. The library was forced to pack up all documents and library materials, including financial records, to facilitate repairs and restoration. Consequently, the audit team was unable to access necessary records and complete fieldwork until early June, which was too close to the June 30th due date to allow for timely completion of the audit.

Effect

Failure to submit the audit report by the statutory deadline constitutes noncompliance with Louisiana law and the Louisiana Governmental Audit Guide. Late submission may delay oversight by the legislative auditor and could potentially impact the entity's eligibility for certain funding or subject it to other administrative consequences.

Recommendation

We recommend that the library implement procedures to ensure that all necessary information for the audit, is available within 60 days of year-end. We acknowledge that this was most likely an infrequent type of event. However, the library should consider what plan could be made to ensure that accounting records are available should such an event or natural disaster occur in the future.

See Management's Corrective Action Plan.
