INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Waterworks District No. 1 of Allen Parish Oakdale, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Waterworks District No. 1 of Allen Parish, component unit of the Allen Parish Police Jury, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Waterworks District No. 1 of Allen Parish, as of June 30, 2021, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Waterworks District No. 1's basic financial statements. The schedule of compensation, benefits, and other payments to agency head or chief executive officer is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of compensation, benefits, and other payments to agency head or chief executive officer are the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits and other payments to agency head or chief executive officer are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, We have also issued my report dated November 4, 2021, on my consideration of the Waterworks District No. 1's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Waterworks District No. 1's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

WATERWORKS DISTRICT NO. 1 OF ALLEN PARISH A COMPONENT UNIT OF THE ALLEN PARISH POLICE JURY NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2021

INTRODUCTION

The Waterworks District No. 1 of Allen Parish is a political subdivision of the State of Louisiana. It was created under the provisions of Louisiana Revised Statute 33:3811, for the purpose of providing water to the rural area of Northeast Allen Parish. The District is governed by a compensated board of commissioners composed of five members appointed by the Allen Parish Police Jury. The District has five part-time employees.

Financial Reporting Entity

This report includes all funds which are controlled by or dependent on the Commissioners. Control by or dependence on the District was determined on the basis of budget adoption, taxing authority, authority to issue debt, election or appointment of governing body, ability to impose a financial benefit/burden, fiscal dependency, and other general oversight responsibility.

Based on the foregoing criteria, Waterworks District No.1 of Allen Parish has no other fiscal or significant managerial responsibility over any other governmental unit that is not included in the financial statements of Waterworks District No. 1 of Allen Parish, Louisiana. The District is a component unit of the Allen Parish Police Jury.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements of the Waterworks District No. 1 of Allen Parish have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of these notes.

Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guidance set forth in the industry audit guide, <u>Audits of State and Local Governments</u>, issued by the American Institute of Certified Public Accountants and the <u>Louisiana</u> Government Audit Guide.

The financial statements of the District are prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The accounts of the District are organized on the basis of a proprietary fund, which is considered a separate accounting entity or enterprise fund. Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises-where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Basis of Accounting

The District has implemented GASB Statement No. 34, Basic Financial Statements- and Management's Discussion and Analysis- For State and Local Governments.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The operating revenues of the District come from metered sales to residential and commercial customers as well as service connection charges and penalties from late payment of bills. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

B. Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the Waterworks District No. 1 of Allen Parish's investment policy allow the District to invest in collateralized certificates of deposits, government back securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

C. Prepaid Items

The District records as prepaid expenses amounts paid in the current year that benefit future periods.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

D. Accounts Receivable

Trade accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Based on management's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that realization losses on balances outstanding at year-end will be immaterial.

There appears to be concentration of credit risk with regard to general accounts receivable and more specifically accounts receivable for water user fees. The District's ability to collect the amounts due from the users of the District water system and others (as reflected on the financial statements) may be affected by significant economic fluctuations, natural disaster or other calamity in this one concentrated geographic location.

E. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. As of June 30, 2021, all assets are capitalized at historical cost. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Waterworks District No. 1 of Allen Parish maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of each class of depreciable property is computed using the straight-line method. Estimated useful lives are as follows:

Building	30 years
Distribution system	
Machinery & equipment	5-10 years
Furniture & fixtures.	5-7 years

F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from the estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

G. Compensated Absences

The District's leave policy does not provide for the accumulation and vesting of leave.

H. Statement of Cash Flows

For purposes of the statement of cash flows, the District considers all highly liquid debt instruments purchased with a maturity of three months or less when purchased to be cash equivalents.

I. Net Position

In the financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

NOTE 2 - CASH AND CASH EQUIVALENTS

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it.

In accordance with a fiscal agency agreement that is approved by the Board of Commissioners, the District maintains demand and time deposits through local depository banks that are members of the Federal Reserve System.

Interest rate risk. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of credit risk. The District places no limit on the amount the District may invest in any one issuer.

NOTE 2 - CASH AND CASH EQUIVALENTS

At June 30, 2021, the District has cash and cash equivalents (book balances) totaling as follows:

Demand deposits	\$ 464,403
Time deposits	121,365
Other	
Total	\$585,768

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At June 30, 2021, the District has \$586,478 in deposits (collected bank balances). These deposits are secured from risk by \$630,704 of federal deposit insurance and pledged collateral.

NOTE 3 - FIXED ASSETS

A summary of fixed assets at June 30, 2021 follows:

	I	Beginning Balance		Additions Deletions)		Ending Balance
Capital assets not being depreciated:						
Land	\$	6,407	\$	-	S	6,407
Construction in progress		-		-		-
Total capital assets not being depreciated	\$	6,407	\$	-	\$	6,407
Capital assets being depreciated:						
Building	\$	50,000	\$	-	\$	50,000
Distribution system		2,809,505		-		2,809,505
Furniture & fixtures		1,108		-		1,108
Machinery & equipment		58,147		9,243		67,390
Total capital assets being depreciated	\$	2,918,760	\$	9,243	\$	2,928,003
Less accumulated depreciation for:			······		}	
Building	\$	4,072	\$	859	\$	4,931
Distribution system		402,219		60,349		462,568
Furniture & fixtures		1,100		8		1,108
Machinery & equipment		57,383		9,845		67,228
Total accumulated depreciation	S	464,774	\$	71,061	S	535,835
Total capital assets being depreciated, net	<u>\$</u>	2,453,986	\$	(61,818)	<u>s</u>	2,392,168

Depreciation expense was \$69,377 for the year ended June 30, 2021.

NOTE 4 - COMPONENTS OF RESTRICTED ASSETS

The customer deposit account had a balance of \$33,101 at June 30, 2021. The account is restricted to refunding the deposits as needed. The balance owed from this account was \$33,101 at June 30, 2021.

NOTE 5 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. The District did not reduce insurance coverage during the year ended June 30, 2021.

NOTE 6 – PER DIEM

LA. Rev. Stat. 33:3819 allows for each commissioner to be paid up to \$60 for each meeting attended up to 24 meetings in each year, and for each special meeting not to exceed 12 special meetings in each year. Commissioners are paid \$60 for each meeting attended.

	Per Diem	
Donald Harper, President	\$	720
Randy Welch		720
Bruce Wheat		720
Richard Hussong		720
Bill Randolph		720
-	\$	3.840

NOTE 7 - SUBSEQUENT EVENT REVIEW

The District's management has evaluated subsequent events through the date which the financial statements were available to be issued.

NOTE 8 - LONG-TERM DEBT

The following is a summary of bond payable transactions of the District for the year ended June 30, 2021:

	Revenue	
Outstanding at July 1, 2020	\$ 1,065,699	
7		
Loans issued	-	
Principal retired	17,022	
Outstanding at June 30, 2021	\$ 1,048,677	

Long-term debt at June 30, 2021 consists of the following:

Loan payable:

\$1,101,000 Rural Development Loan; amended March 3, 2016; Due in monthly installments including interest at 2.75% of 3,843 through the year 2057

\$1,048,677

The annual requirements to amortize all debt outstanding as of June 30, 2021, are as follows:

Revenue Bonds

Year Ending			
June 30,	Principal	Interest	Total
2022	\$ 16,745	\$ 29,371	\$ 46,116

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Waterworks District No. 1 of Allen Parish Oakdale, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Waterworks District No. 1 of Allen Parish. as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectivity comprise the Waterworks District No. 1's basic financial statements and have issued our report thereon dated November 4, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Waterworks District No. 1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Waterworks District No. 1's internal control. Accordingly, we do not express an opinion on the effectiveness of the Waterworks District No. 1's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies. See item 2021-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Waterworks District No. 1's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Management Response to Findings

The Waterworks District No. 1's response to the findings identified in my audit is described in the accompanying schedule of findings and responses. The Waterworks District No. 1's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion of the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Noncompliance material to fin noted?	ancial statements YesX_ No
SECTION II – GAGAS Findin	gs:
2021 - 001 Segregation of Dutie Condition:	S There is an inadequate segregation of duties at the District to provide effective internal control. The District employs a small number of people involved in day-to-day operations.
Criteria:	Effective internal control requires adequate segregation of duties among client personnel.
Effect:	Without proper segregation of duties, errors within the financial records or fraud could go undetected.
Recommendation:	None
Response:	Management has considered this weakness and determined that it would not be cost

effective to employ sufficient personnel to obtain adequate segregation of duties.

Unmodified

WATER DISTRICT NO. 1 OF ALLEN PARISH Oakdale, Louisiana Status of Prior Year Findings For the Year Ended June 30, 2020

2020-001 Segregation of duties:

Corrective action taken – Due to lack of sufficient financial resources, this finding cannot be resolved.
