REQUIRED SUPPLEMENTARY INFORMATION

GRAND MARAIS GRAVITY DRAINAGE DISTRICT Notes to Budgetary Comparison Schedule For the Year Ended December 31, 2021

A. BUDGETARY PRACTICES

General Budget Practices The District follows the following procedures in establishing budgetary data reported in the accompanying budgetary comparison schedule:

Pursuant to the Louisiana Government Budget Act (LSA-RS 39:1301-1314), the District is required to adopt an annual budget no later than fifteen days prior to the beginning of each fiscal year.

Each year prior to December 15th, the District develops a proposed annual budget for the general fund. The budget includes proposed expenditures and the means of financing them. The proposed budget is advertised as available for public inspection at least 10 days prior to final adoption simultaneously with a notice of the date of public hearing. The public hearing is conducted during an open meeting in order to obtain public input. The budget is subsequently adopted by the Assessor through a formal budget resolution.

General fund appropriations (unexpended budget balances) lapse at end of fiscal year.

Encumbrance accounting, under which purchase orders are recorded in order to reserve that portion of the applicable appropriation, is not employed.

Formal budget integration (within the accounting records) is employed as a management control device. All budgets are controlled at the object level. Budget amounts included in the accompanying financial statements include the original budget and all subsequent amendments. All budget revisions are approved by the Assessor.

Budget Basis of Accounting The governmental fund budgets are prepared on the modified cash basis of accounting. Legally, the District cannot budget total expenditures and other financing uses which would exceed total budgeted revenues and other financing sources including beginning fund balance. State statutes require the District to amend the budget to prevent overall projected revenues, expenditures, or beginning fund balance from causing an adverse budget variance of five percent or more in an individual fund. The District approves budgets at the object level and management is allowed to transfer amounts between line items within an object.

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS IN INDIVIDUAL MAJOR FUNDS

The following budgeted major funds had actual expenditures over budgeted expenditures for the fiscal year:

			Unfavorable
Fund	Final Budget	Actual	Variance
N/A	\$ \$	9	\$

Reason for unfavorable variance: Not applicable
