#### INDEPENDENT ACCOUNTANT'S REVIEW REPORT

rancoa@acisnetworks.com

To Board of Commissioners Washington Parish Gas Utility District #1 Angie, Louisiana

I have reviewed the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Washington Parish Gas Utility District #1, a component unit of the Washington Parish Council, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

#### Accountant's Responsibility

My responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

I am required to be independent of Washington Parish Gas Utility District #1 and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to my review.

#### Accountant's Conclusion

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

#### **Required Supplementary Information**

Management has omitted Management's Discussion and Analysis that the Governmental Accounting Standards Board requires to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

#### **Other Supplementary Information**

The supplementary information contained in the Other Supplemental Information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the representation of management. I have reviewed such supplementary information, and, based on my review, I am not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. I have not audited the information and, accordingly, do not express an opinion, a conclusion, nor provide any assurance on it. The prior year summarized comparative information has been derived from the District's 2020 financial statements that I reviewed.

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### Introduction

Washington Parish Gas Utility District #1 was established in 1962, by an ordinance of the Washington Parish Council under provisions authorized by Louisiana Revised Statues 33:430. The purpose of the District was to build and maintain a natural gas distribution system for the rural area in the northeastern part of Washington Parish. The system serves approximately 363 customers over 170 miles of distribution lines. The system is operated and maintained on a contractual basis by the Varnado Water District. The Water District provides employees for billing, collecting and general operation of the system. The Gas District has six employees, five hired for maintenance purposes and one secretarial position.

The accounting and reporting policies of the District are the responsibility of a five-member board appointed by the Washington Parish Council. The accounting and reporting policies conform to generally accepted accounting principles as applicable to enterprise funds of a government entity. Such accounting and reporting procedures also conform to the guides set forth in the <u>Louisiana Municipal Audit and Accounting Guide</u> and to the industry audit guide, Audits of State and Local Government Units.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Washington Parish Gas Utility District #1 is considered a component unit of the Washington Parish Council.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Measurement Focus and Basis of Accounting and Financial Statement Presentation

The District's financial statements are prepared on the full accrual basis in accordance with accounting principles generally accepted in the United States of America. The District applies all Governmental Accounting Standards Board (GASB) pronouncements as described in the following paragraphs.

These financial statements are presented in conformance with GASB Statement No. 34, Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments, as amended by GASB Statements described in the following paragraphs. Statement No. 34 established standards for financial reporting, with presentation requirements originally including a statement of net assets (or balance sheet), a statement of activities, and a statement of cash flows. The definition and composition of these statements, as originally defined in GASB Statement No. 34, are as amended by GASB Statements included in the following paragraphs. The District has also adopted the provisions of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, that require capital contributions to the District be presented as a change in net position.

GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, effective for financial statement periods ending after December 15, 2012, provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. Concepts Statement No. 4, Elements of Financial Statements, introduced and defined Deferred Outflows of Resources as a consumption of net assets by the government that is applicable to a future reporting period, and Deferred Inflows of Resources as an acquisition of net assets by the government that is applicable to a future reporting period, respectively. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. GASB

### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### A. Measurement Focus and Basis of Accounting and Financial Statement Presentation (continued)

Concepts Statement 4 identifies net position as the residual of all other elements presented in a statement of financial position. This Statement amends the net asset reporting requirements in Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The definition and reporting of net position is further described in Footnote J-Net Position. As required by the Governmental Accounting Standards Board (GASB), the District implemented GASB Statement No. 63 during the year ended December 31, 2012. The District did not have any deferred outflows or inflows of resources at December 31, 2021.

The District has also adopted GASB Statement No. 65, Items Previously Reported as Assets and Liabilities. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The District did not have any deferred outflows or deferred inflows of resources as of December 31, 2021.

All activities of the District are accounted for in a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprise, where the intent of the governing authority is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred.

The term measurement focus denotes what is being measured and reported in the District's operating statement. Financial operations of the District are accounted for on the flow of economic resources measurement focus. With this measurement focus, all of the assets and liabilities, available to the District for the purpose of providing goods and services to the public, are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position includes all costs of providing goods and services during the period.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations, primarily the provision of gas to rural areas of Washington Parish. The principal operating revenues of the proprietary funds are user charges for the services provided by the enterprise funds. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

#### B. Budget

The proposed budget for 2021 was adopted at the December 9, 2020 board meeting. The budget is prepared on the accrual basis of accounting. The board forwarded a copy of the approved budget to the Washington Parish Council. The board reviewed the budget to actual comparison on a monthly basis as part of their management of the system. On November 16, 2021, the board amended the budget for 2021.

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### C. Cash and Cash Equivalents and Investments

Cash includes amounts in demand deposits, interest-bearing demand deposits, the Louisiana Asset Management Pool (LAMP), and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of three months or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

#### D. Investments

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the District's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are three months or less, they are classified as cash equivalents.

The following disclosures are required by GASB Statement No. 31:

- The District uses the quoted market prices to estimate the fair value of the investments.
- None of the investments are reported at amortized cost.
- There is no involuntary participation in an external investment pool.

#### E. Inventories

Purchases of various operating supplies are regarded as expenditures at the time purchased, and inventories of such supplies (if any) are not recorded at the lower of cost or market on a first-in first-out method as assets at the close of the fiscal year.

#### F. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current calendar year are recorded as prepaid items. Prepaid items consist of prepaid insurance premiums.

#### G. Restricted Assets

Money received for utility deposits paid by new customers is held as restricted assets at Citizens Savings Bank, Bogalusa, Louisiana. Meter deposits are held by the District until a customer becomes inactive. The meter deposit is then applied to the accounts receivable balance due and any remainder is refunded to the customer. Current meter deposits are: rental \$100 and homeowner \$60.

#### H. Capital Assets

Capital assets of the District are defined by the District as assets with an initial, individual cost of more than \$500, and an estimated useful life in excess of one year. Capital assets are recorded at either historical cost or estimated historical cost. Depreciation of all exhaustible fixed assets is charged as an expense against operations. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, as follows:

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### H. Capital Assets (continued)

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Description	Estimated Lives
Gas Utility System	30 Years
Maintenance Equipment	8-15 Years
Office Equipment	10 Years

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

#### I. Compensated Absences

All employees of the District are hired on a part time basis and are not afforded any employee benefits for vacation or sick leave.

There were no accumulated and vested leave benefits required to be reported, in accordance with GASB Statement No. 16, as of December 31, 2021.

#### J. Net Position

GASB Statement No. 34, Basic Financial Statements, Management's Discussion and Analysis, for State and Local Governments, required reclassification of net assets into three separate components. GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, revised the terminology by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. GASB Statement No. 63 requires the following components of net position:

- Net Investment in Capital Assets Component of Net Position The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at the end of the reporting period, the portion of the debt or deferred inflows of resources attributable to the unspent amount should not be included in the calculation of net investment in capital assets. Instead, that portion of the debt or deferred inflows of resources should be included in the same net position component (restricted or unrestricted) as the unspent amount.
- Restricted Component of Net Position The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### J. Net Position (continued)

Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported.

• Unrestricted Component of Net Position - The *unrestricted* component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

#### K. Comparative Data/Reclassifications

The financial statements are presented with certain prior year summarized comparative information. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended December 31, 2020, from which summarized information was derived.

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation. All prior period adjustments recorded in the current period have been reflected in prior period data presented wherever possible.

#### L. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the District, which are either unusual in nature or infrequent in occurrence.

#### M. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### 2. CASH AND CASH EQUIVALENTS

At December 31, 2021 and 2020, the District has cash and cash equivalents (book balances) totaling, as follows:

	December 31, 2021	December 31, 2020
Demand Deposits	\$407,011	\$424,808
Time & Savings Accounts	147,375	130,822
Money Market Accounts	127,487	127,474
Louisiana Asset Management Pool	461,991	461,777
Total Cash and Cash Equivalents	1,143,864	1,144,881
Certificates of Deposits Held In Investments (See Note 3)	859,709	855,779
Total Deposits	<u>\$2,003,573</u>	<u>\$2,000,660</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2021, the District's deposits (collected bank balances) in Whitney Bank totaling \$45,299 These deposits were secured from risk by \$250,000 of federal deposit insurance. The District had \$1,158,340 as of December 31, 2021, in Citizens Savings Bank. These funds are secured by \$250,000 in FDIC insurance for each type and pledged securities. The District has additional certificates of deposit of \$100,567 at Whitney Bank and \$115,641 at Resource Bank all under the FDIC insurance of \$250,000. The certificate of deposits are held in investment accounts. Because the investment is held by its agent, the investment accounts as described in footnote 3 below, are considered insured and registered, Category 1, in applying the credit risk classification of GASB Codification Section 150.164. The pledged securities are exposed to custodial credit risk because while the amount is secured by pledged securities, the securities are held by the custodial bank in the name of the fiscal agent bank (Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

Custodial Credit Risk: Custodial Credit Risk is the risk that in the event of bank failure, the government's deposits may not be returned to it. The District does not have a formal policy for custodial risk. However, under state law, these deposits (or resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank.

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### 2. CASH AND CASH EQUIVALENTS (continued)

At December 31, 2021, The District had \$461,991 in deposits in LAMP. In accordance with GASB Codification Section I50.165, the assets held in LAMP at December 31, 2021, are not categorized in the three risk categories provided by GASB Codification Section I50.164 because the investment is in the pool of funds and therefore not evidenced by securities that exist in physical or book entry form. The investment in LAMP is stated at the value of the pool shares, which is the same as the fair value, and has been categorized as cash equivalents.

LAMP is administered by LAMP, Inc., a nonprofit corporation organized under the laws of the State of Louisiana. Only local governments having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA RS 33:2955.

GASB 40, Deposit and Investment Risk Disclosure, requires disclosure of credit risk, custodial credit risk, concentration of credit risk interest rate risk, and foreign currency risk for all public entity investments.

LAMP is an investment pool that, to the extent practical, invest in a manner consistent with GASB Statement No. 79. The following facts are relevant for 2a7-like investment pools:

- 1. Credit risk: LAMP is rated AAA by Standards and Poor's.
- 2. <u>Custodial credit risk</u>: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- 3. Concentration of credit risk: Pooled investments are excluded from the five percent disclosure requirement.
- 4. <u>Interest rate risk</u>: 2a7-like investment pools are excluded from this disclosure requirement per paragraph 15 of the GASB 40 statement. However, LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. The WAM for LAMP's total investments, as provided by LAMP, is 45 days as of December 31, 2021.
- 5. Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

If you have any questions, please feel free to contact the LAMP administrative office at 800-249-5267.

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### 3. INVESTMENTS

Investments are categorized into these three categories of credit risk:

- 1. Insured or registered, or securities held by the District or its agent in the District's name
- 2. Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the District's name
- 3. Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the District's name.

All investments held by the District fall into category 1 credit risk, defined as "insured or registered, or securities held by the District or its agent in the District's name." In accordance with GASB 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, all investments are carried at fair market value, with the estimated fair market value based on quoted market prices.

At December 31, 2021, the District's investment balances were as follows:

		Carrying Amount	Fair Market Value
Certificates of Deposit:			
Citizens Savings Bank		\$643,500	\$643,500
Hancock Whitney Bank		100,567	100,567
Resource Bank		115,642	115,642
	Total —	<u>\$859,709</u>	<u>\$859,709</u>

These deposits are stated at cost which approximates market value. The certificates of deposits totaling \$859,709 include deposits within three separate banks. Collateralization of the \$859,709 is as described in Note 2.

Interest Rate Risk: The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value arising from increasing interest rates.

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### 4. RECEIVABLES

The following is a summary of receivables at December 31, 2021 and 2020:

	Year Ended December 31, 2021	Year Ended December 31, 2020	Increase (Decrease)
Accounts Receivable			
Current	\$41,312	\$24,984	\$16,328
31-60 Days Past Due	2,061	971	1,090
61-90 Days Past Due	(202)	433	(635)
Over 90 Days Past Due	(1,062)	1,543	(2,605)
Subtotal	42,109	27,931	(14,178)
Allowance for Uncollectible Accounts	(2,555)	(2,555)	0
Accounts Receivable	<u>\$39,554</u>	<u>\$25,376</u>	<u>\$(14,178)</u>

Uncollectible amounts due from customers' receivables are recognized as bad debts at the time information becomes available indicating the uncollectibility of the particular receivable. The bad debts are charged off against an allowance account. Management feels the estimate for the bad debt allowance is sufficient to cover any bad debts recorded during the upcoming year. There was no bad debt recovery received during 2021.

#### 5. RESTRICTED ASSETS

The following is a summary of restricted assets at December 31, 2021 and 2020:

	December 31, 2021	<b>December 31, 2020</b>
Restricted Cash and Cash Equivalents		
Customer Deposits	\$36,544	\$33,555
Total Restricted Assets	<u>\$36,544</u>	<u>\$33,555</u>

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### 6. CAPITAL ASSETS

A summary of changes in capital assets during the fiscal year ending December 31, 2021 is as follows:

	Beginning Balance	A 1177	Dia		Ending Balance
	12/31/20	Additions	Deleti	ons	12/31/21
Capital Assets being depreciated: Gas Utility System	\$487,201	\$ 9,912	\$	S=	\$497,113
Maintenance Equipment	58,264	-		921	58,264
Office Equipment	6,816	-		-	6,816
Total Assets being depreciation	\$552,281	5			\$562,193
Less Accumulated Depreciation	(505,315)	(6,943)		196	(512,258)
Total Capital Assets, Net	<u>\$46,966</u>	<b>\$2,969</b>	\$		<u>\$49,935</u>

Depreciation expense for the fiscal year ending December 31, 2021 totaled \$6,943.

#### 7. INTERGOVERNMENTAL AGREEMENT

The District entered into a service agreement with the Varnado Waterworks District. The Varnado Waterworks District will perform all necessary functions involving meter reading, billing of customers, collection of customer's accounts, keeping and furnishing necessary financial information and records for the District. The fee for this service will be based on the operating cost of the Varnado Water Works District. A rate per customer per month will be calculated annually and paid each month.

The District will be billed separately for any repair and maintenance provided by the Varnado Waterworks District. Accurate hourly records of personnel records involved in repairs shall be kept and Gas District #1 will be billed monthly at twice the Varnado Waterworks District employees' hourly rate. All materials, parts, and supplies will be paid directly by the District incurring the cost.

Varnado Waterworks District employees will keep accurate mileage records for the service truck used for maintenance and repairs and will bill the District at the appropriate rate per mile for work done on their respective systems. Annually, an accounting will be made of the costs of the services provided under the agreement. Cash-settlements will be made between the Districts, so the District pays its portion of the actual costs.

#### 8. RESTRICTED AND DESIGNATED NET POSITION

At December 31, 2021, Washington Parish Gas Utility District #1 recorded \$36,544 in Restricted Net Position (Restricted for Customer Deposits), representing the District's funds restricted by contracts with customers for meter deposits. Restricted Net Position is recorded net of any liability relating to those assets. A liability relates to restricted assets if the asset results from incurring the liability or if the liability will be liquidated with the restricted assets.

#### 9. LITIGATION AND CLAIMS

There is no outstanding litigation or claims at December 31, 2021.

#### Notes to the Financial Statements As of and for the Year Ended December 31, 2021 (with 2020 summarized comparative information)

#### 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated by management through June 20, 2022 the date the financial statements were available to be issued. No events were noted that require recording or disclosure in the financial statements for the fiscal year ending December 31, 2021.

None

#### Washington Parish Gas Utility District #1 Schedule of Prior Year Findings and Responses December 31, 2020

#### Section I - Compliance and Other Matters

<u>2020-1</u>	Budget Amendments
Criteria	Louisiana Revised Statute R.S.39:1311 requires the amendment of a budget when revenues and expenditures vary unfavorably by 5% or greater.
Condition	The District did not appropriately amend the budget.
Cause	The District amended the budget at fiscal year end with inaccurate projections of the year.
Effect Recommendation	Although the District did amend the budget once during the fiscal year, the revenues and expenditures of the District varied unfavorablely by more than 5% at the end of the fiscal year end.  The District should create a review process regarding the budget amendments.
Management's Response and Corrective Action Plan	The District will review all budget amendments more thoroughly to ensure accurate amendments are made to revenues and expenses.

### INDEPENDENT ACCOUNTANT'S REVIEW REPORT ON APPLYING AGREED-UPON PROCEDURES FOR COMPLIANCE WITH LAWS AND REGULATIONS

Board of Commissioners Washington Parish Gas Utility District #1 Angie, Louisiana

I have performed the procedures enumerated below, which were agreed to by the management of the Washington Parish Gas Utility District #1, and the Legislative Auditor, State of Louisiana solely to assist the users in evaluating management's assertions about the District's compliance with certain laws and regulations during the year ended December 31, 2021 included in the accompanying Louisiana Attestation Questionnaire. Management of the District is responsible for its financial records and compliance with applicable laws and regulations. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, I make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

My procedures and findings are as follows:

#### Public Bid Law

- 1. Obtain documentation for all expenditures made during the year for material and supplies exceeding \$30,000, and public works exceeding \$250,000 Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.
  - There was nothing purchased during the fiscal period that required public bids.

#### Code of Ethics for Public Officials and Public Employees

- 2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).
  - The District provided this information.
- 3. Obtain a list of all employees paid during the fiscal year.
  - The District provided this information.

- 4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.
  - None of the employees in Procedure 3 are included on the list from Procedure 2.
- 5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.
  - There were no payments made to any parties noted above.

#### Budgeting

- 6. Obtain a copy of the legally adopted budget and all amendments.
  - The District provided a copy of the original and amended budget for fiscal year ending December 31, 2021.
- 7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.
  - The adoption of the original amended budgets could be traced to the board meeting minutes.
- 8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more.
  - Actual revenues meet budgeted revenues by 5% or more, and actual expenditures did not exceed 5% or more.

#### Accounting and Reporting

- 9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and: (a) report whether the six disbursements agree to the amount and payee in the supporting documentation, (b) report whether the six disbursements are coded to the correct fund and general ledger account, and (c) report whether the six disbursements were approved in accordance with management's policies and procedures.
  - All six disbursements randomly selected matched the invoice, was coded properly, and was appropriately approved.

#### Meetings

- 10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.
  - The District is required by law to post a notice of each meeting and the accompanying agenda. Management has asserted that such documents were properly posted.

#### **Debt**

- 11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.
  - No deposits were related to the proceeds of bank loans, bonds, or indebtedness.

#### Advances and Bonuses

- 12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.
  - A reading of the minutes of the District and inspection of payroll records indicated no approval of such payments nor any payments made of these types to employees.

#### State Audit Law

- 13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.
  - For the fiscal year ending, December 31, 2021, the District was in compliance with this law.
- 14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).
  - The District did not enter into any contracts as referenced above.

#### **Prior-Year Comments**

- 15. Obtain and report management's representation as to whether any prior-year suggestions, recommendations, and/or comments have been resolved.
  - My review report dated June 20, 2022 contains a schedule of prior year findings that indicates the status of each of the findings.

I was not engaged to, and did not conduct an audit, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the information and use of the specified users listed above and is not intended to be and should not be used by anyone other than those specified parties.
