INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Supervisors
Carter Plantation Community Development District
Springfield, Louisiana

We have reviewed the accompanying financial statements of the business-type activities of the Carter Plantation Community Development District (the District), a component unit of the Livingston Parish Council, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants, and the standards applicable to review engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

REQUIRED SUPPLEMENTARY INFORMATION

**CARTER PLANTATION COMMUNITY DEVELOPMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2021**

Our discussion and analysis of the Carter Plantation Community Development District's (the "District") financial performance provides an overview of the District's financial activity for the year ended June 30, 2021. It should be read in conjunction with the basic financial statements.

FINANCIAL HIGHLIGHTS

Key financial highlights for the year ending June 30, 2021 include the following:

- The assets of the District exceeded its liabilities at June 30, 2021 by \$11,717,575 (positive net position). The majority of this positive net position is related to capital assets/infrastructure.
- The District's total net position decreased \$401,918; with operating revenues of the District of \$463,200 and operating expenses of \$306,877 for the year ended June 30, 2021.

OVERVIEW OF THE FINANCIAL STATEMENTS

MD&A. The MD&A is intended to serve as an introduction to the District's basic financial statements which consist of the financial statements and the notes to the financial statements.

Proprietary Fund Financial Statements. The Statement of Net Position presents information on all of the District's assets less its liabilities, which results in net position. The statement is designed to display the financial position of the District. Over time, increases or decreases in net position help determine whether financial position is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position provides information that shows how the District's net position changed as a result of the year's activities. The statement uses accrual basis of accounting, similar to private-sector businesses. All changes in net position are reported as soon as the underlying event giving rise to the revenue or expense occurs, regardless of when the cash is received or paid.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has only one fund and it is categorized as a proprietary fund.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the information provided in the financial statements.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The District is authorized by the Act to levy and collect non-ad valorem special assessments against all immovable property situated in the District that is subject to assessment as a result of the project. The Board of Supervisors of the District (the “Board”) exercise the powers granted to the District pursuant to the Act. Two of the supervisors are elected officers of the District: Chairman and Secretary. The initial members of the Board were to be residents of the State of Louisiana, and at least one of the initial members was to be a resident of the area immediately adjacent to the District. Additionally, the initial members of the Board served terms of six years after the initial appointment of members. The positions of each member whose term has expired is filled by a qualified elector of the District, or if there are no qualified electors of the District, a qualified elector of Livingston Parish who will be elected by the qualified electors of the District in accordance with Title 18 of the Louisiana Revised Statutes of 1950. (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide Financial Statements

The basic financial statements (i.e., the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Fund Net Position and Statement of Cash Flows) are presented as the government-wide financial statements as they include all of the activity for the District (business type activities). The basic financial statements also include the sole fund (proprietary fund) of the District and they report information on all of the activities of the District.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund Accounting

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The District uses a single proprietary fund to maintain its financial records during the year.

The District reports the following proprietary fund:

Enterprise Fund - The Enterprise Fund accounts for transactions relating to infrastructure development, contracting, debt, assessments and other matters requiring commitment for more than one fiscal year. This fund also accounts for financial resources associated with the utility operations of the District.

Operating and Non-operating Revenues and Expenses

Operating revenues in the enterprise funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

Expenses

On an accrual basis of accounting, expenses are recognized at the time they are incurred.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Cash received by the District is deposited into demand deposits and daily investment accounts. The District utilizes a financial institution to pay principal and interest on the Bonds as they become due and payable. For presentation in the financial statements, investments in money market accounts are considered to be cash equivalents.

Restricted Assets

At June 30, 2021, restricted cash of \$32,118 was held as customer meter deposits.

Capital Assets

General capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Improvements are capitalized while the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. All capital assets, other than land, right of ways, lakes and ponds, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Life</u>
Land, right of ways, lakes and ponds	N/A
Roads, streets, drainage and buildings	40
Utility plants and systems	25
Fire hydrants	25
Pool	20

Intergovernmental Revenues

For proprietary funds, intergovernmental revenues, such as contributions awarded on a non-reimbursement basis, are recorded as receivables and revenues using the accrual basis of accounting.

CARTER PLANTATION COMMUNITY DEVELOPMENT DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position

Net position presents the difference between assets and liabilities in the statement of net position. Net position invested in capital assets is reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use by the Act, bond indentures or external restrictions by creditors, grantors or laws or regulations of other governments.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

Assessment Methodology

The District used an Assessment Methodology Consultant to determine and establish the special assessment (or benefit special assessment) levied against all assessable property in the District (also see Note 4). The consultant determined that the assessments would be an amount sufficient to provide for the cost of all infrastructure and common improvements, capitalized and accrued interest, on-going district management and legal counsel and issuance costs on the Bonds issued to finance the infrastructure and common improvements to be acquired. All assessable property in the District benefits in the same manner from the use of the infrastructure and common improvements, and as such, all such property was assessed utilizing the same method.

The benefitted assessment cost allocation was derived by calculating the value of the infrastructure and common improvements throughout the District, based on estimated (appraised) value of lots, for all assessable properties in the District, and applying a factor weighted to each lot's appraised value in an amount sufficient to cover the costs outlined above. This methodology, which was used to establish and determine the benefit special assessments that pay the cost of the project, has been presented to and approved by the Board of the District and is set forth in the Allocation of Infrastructure Cost & Assessment Methodology Report prepared by King, Bossier, Nosacka & Holley and District Manager, Inc., the Assessment Methodology Consultants to the District.

Prepaid Items

Prepaid items reflect items that have been paid that benefit future periods.

CARTER PLANTATION COMMUNITY DEVELOPMENT DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

(2) CASH AND CASH EQUIVALENTS

The District is authorized to make direct investments of money within funds and accounts established by the bond indentures in United States government bonds, treasury notes, treasury bills or certificates, or time certificates of deposit of state banks organized under the laws of Louisiana and national banks having their principal office in the state of Louisiana or any other federally insured investment, or guaranteed investment contracts issued by a financial institution having one of the two highest rating categories or in mutual or trust fund institutions which are registered with the SEC and which have underlying investments consisting solely of and limited to securities of the government or its agencies. The types of permitted investments for a special district constituting a political subdivision of the State of Louisiana are more fully set forth in the Louisiana Revised Statutes.

The District's deposits at June 30, 2021 are all classified as cash and cash equivalents as described in Note 1. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit. These securities are held by and in the name of the pledging fiscal agent bank or in a holding or custodial bank that is mutually acceptable to both parties. Under state law, deposits held in a separate trust account are not required to have pledged securities in the name of the government; however the bank must deposit with an unaffiliated bank pledged securities to cover the deposits held in trust.

Custodial credit risk, as it relates to cash deposits, is the risk that in the event of a bank failure, the government's deposits may not be returned to it. As of June 30, 2021, none of the District's deposits (bank balances) of \$198,681 were exposed to custodial credit risk because they were either insured by the Federal Deposit Insurance Corporation or they were held in a bank trust department where state law requires the bank trust department to deposit securities with an unaffiliated bank that is equal to the amount held in trust.

(3) BENEFIT SPECIAL ASSESSMENTS AND MAINTENANCE SPECIAL ASSESSMENTS

Benefit Special Assessments

The District's Special Assessments are a type of non-ad valorem benefit special assessments levied against assessable property within the boundaries of the District's lands based upon the special benefit to accrue to such property as a result of the implementation of the Project (See Note 1). Non-ad valorem assessments are not based upon millage and can become a lien against homestead property as permitted under the provisions of the Act.

CARTER PLANTATION COMMUNITY DEVELOPMENT DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

(3) BENEFIT SPECIAL ASSESSMENTS AND MAINTENANCE SPECIAL ASSESSMENTS (CONTINUED)

The term “Special Assessment” means the net proceeds derived from the levy and collection of “benefit special assessments”, as provided for in La. R.S. 33:9039.29 (A) of the Act (except for any such special assessments levied and collected for maintenance purposes), against the lands located within the District that are subject to assessments regarding the project or any portion thereof. These assessments may be due and collected during each year that parish taxes are due and collected, in which case, such annual installment and levy shall be evidenced and certified to the assessor by the Board not later than August 31st of each year. Such assessment shall be entered by the assessor on the parish tax rolls and shall be collected and enforced by the tax collector in the same manner and at the same time as parish taxes; the proceeds thereof shall be paid to the District. Additionally, at the time of the sale of land located in the District that is subject to assessments, the owner of the property shall prepay the special assessment and extinguish the lien upon the property to be acquired by paying, on the date of the sale, the entire amount of the assessment plus accrued interest to the Trustee. The amount of the assessment will be deposited by the Trustee into the appropriate Debt Service or Prepayment Account.

The benefit special assessments include:

- a) Acquisition Prepayments (Assessments on Lots) - Payment, made by the owner of land in the District subject to assessment, from the proceeds of the land sales in the amount of the special assessments imposed to pay principal of the Bonds (plus accrued interest as outlined in the Indentures);
- b) Annual Benefit Special Assessments - Net proceeds derived from levying, imposing and collecting benefit special assessments against assessable property annually, if necessary, with respect to the project;
- c) Periodic Benefit Special Assessments - Assessments levied, imposed and collected by the District semi-annually to pay the interest or principal on the Bonds, based on the next debt service payment date; and
- d) Other Benefit Special Assessments - Any other assessments levied, imposed and collected by the District related to the project or Bonds.

Acquisition Prepayments collected totaled \$-0- for the year ended June 30, 2021.

CARTER PLANTATION COMMUNITY DEVELOPMENT DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

(3) BENEFIT SPECIAL ASSESSMENTS AND MAINTENANCE SPECIAL ASSESSMENTS (CONTINUED)

During fiscal year 2012, the Board of Supervisors of the District approved an ordinance levying periodic benefit special assessments in an amount sufficient to pay debt obligations due and replenish debt service reserves; however, the ordinance levying such assessments was subsequently rescinded in accordance with the conditions of a forbearance agreement entered into on August 26, 2011.

Annual, Periodic and Other Benefit Special Assessments totaled \$-0- for the year ended June 30, 2021.

Maintenance Special Assessment

Maintenance Special Assessments are assessments levied, ordered and collected for maintenance purposes. Maintenance Special Assessments levied for the year ended June 30, 2021 totaled \$220,523. Of this amount, \$220,523 was collected by the tax collector and \$194,060 was remitted to the District (\$220,523 collected less \$26,463 collection fees retained by tax collector). Current year Maintenance Assessments Revenue has been recorded at the amount collected, since the District does not expect to receive any of the additional assessments levied for the year and based on what has happened historically with these assessments.

Enforcement of Lien Nonpayment

Collection of Special Assessments levied is enforceable in the manner provided by law, particularly the provisions of Sections 9039.29 and 9039.30 of the Act. Special Assessments constitute a lien on the property until such Special Assessments are paid and shall be on parity with the lien of state, parish, municipal and school board taxes.

Such Special Assessments are a lien in favor of the District arising under RS 33:9039.30 and may be enforced by the District in a court of competent jurisdiction as provided in the Act and other laws of the State. Such proceedings may be brought at any time after the expiration of one year from the date of any tax, or installment thereof, becomes delinquent. No such proceedings have yet been undertaken.

INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES

To the Board of Supervisors
Carter Plantation Community Development District
Springfield, Louisiana

We have performed the procedures enumerated below on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended June 30, 2021, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The District's management is responsible for its financial records and compliance with applicable laws and regulations.

The District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the District's compliance with the laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended June 30, 2021. Additionally, the Louisiana Legislative Auditor has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Public Bid Law

1. Obtain documentation for all expenditures made during the year for material and supplies exceeding \$30,000, or public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code), R.S. 38:2211-2296 (the public bid law), or the regulations of the Division of Administration and the State Purchasing Office, whichever is applicable; and report whether the expenditures were made in accordance with these laws.

There were no expenditures that met the above criteria for the year ended June 30, 2021.

Code of Ethics for Public Officials and Public Employees

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

Management provided us with the requested information.

To the Board of Supervisors
Carter Plantation Community Development District
February 23, 2022

3. Obtain a listing of all employees paid during the fiscal year.

Per management, there were no employees during the year ended June 30, 2021.

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

There were no employees during the year ended June 30, 2021.

5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

Management provided the requested information. None of the businesses of board members, board members' immediate families appeared as vendors on the list of disbursements.

Budgeting

6. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and all amendments.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

We traced the adoption of the original budget to the minutes of a meeting held on June 29, 2020 which indicated that the budget had been adopted by the commissioners of the District. We traced the adoption of the amended budget to the minutes of a meeting held on June 21, 2021 which indicated that the budget had been adopted by the commissioners of the District.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceed budgeted amounts by 5% or more. (For agencies that must comply with the Licensing Agency Budget Act only, compare the expenditures of the final budget to actual expenditures to determine if actual expenditures exceed budgeted amounts by 10% or more per category or 5% or more in total).

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures for the year did not exceed budgeted amounts by more than 5% or more as per the criteria in 8, above.

Carter Plantation Community Development District

Accounting and Reporting

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

(a) Report whether the six disbursements agreed with the amount and payee in the supporting documentation.

Each of the six selected disbursements agreed with the amount and payee in the supporting documentation.

(b) Report whether the six disbursements were coded to the correct fund and general ledger account.

All six of the disbursements were coded to the correct fund and general ledger account.

(c) Report whether the six disbursements were approved in accordance with management's policies and procedures.

The District has no employees - all vendor invoices are reviewed by the board of directors and vendor checks require board signature(s).

Meetings

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

The District posts a notice of each meeting and the accompanying agenda at the location of the meeting 48 hours in advance. We reviewed notices that listed the date the notice was posted and that included agendas and listed the date the meeting would be held and its location.

Debt

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

We scanned copies of all bank deposit slips for the fiscal year and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Carter Plantation Community Development District
February 23, 2022

Advances and Bonuses

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

There were no employees during the year ended June 30, 2021.

State Audit Law

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

The District's report for the year ended June 30, 2021 was timely filed.

14. Inquire of management and report whether the District entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

This is not applicable because the District provided for a timely filed audit report in accordance with R.S. 24:513.

Prior-Year Comments and Recommendations

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

The prior year report, dated December 30, 2020, included a comment on management failing to maintain written policies and procedures over the required categories and subcategories and that the board did not review budget to actual comparisons monthly for its major proprietary fund. These comments were not resolved in the current year and have been repeated.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

LOUISIANA ATTESTATION QUESTIONNAIRE
(For Attestation Engagements of Governmental Agencies)

Dear Chief Executive Officer:

Attached is the Louisiana Attestation Questionnaire that is to be completed by you or your staff. This questionnaire is a required part of the review/attestation engagement of Louisiana governmental agencies. The completed and signed questionnaire must be presented to and adopted by the governing body, if any, of your organization by means of a formal resolution in an open meeting. Independently elected government officials should sign the document, in lieu of such a resolution.

The completed and signed attestation questionnaire and a copy of the adoption instrument, if appropriate, **must be given to the independent certified public accountant at the beginning of the engagement.** The CPA will, during the course of his/her engagement, perform certain agreed-upon procedures to the responses in the questionnaire. It is not necessary to return the questionnaire to the Legislative Auditor's office.

Certain portions of the questionnaire may not be applicable to your organization. In such cases, it is appropriate to mark the representation "not applicable." However, you must respond to each applicable representation. A 'yes' answer indicates that you have complied with the applicable law or regulation. A 'no' answer to any representation indicates a possible violation of law or regulation and, as such, should be fully explained. These matters will be reviewed by the CPA during the course of his/her engagement. Please feel free to attach a further explanation of any representation.

Your cooperation in this matter will be greatly appreciated.

Sincerely,

Michael J. Waguespack, CPA
Louisiana Legislative Auditor
