Opportunity Machine, Inc.

We have reviewed the accompanying financial statements of Opportunity Machine, Inc. which comprise the statement of financial position as of December 31, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2020

(A) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations - Opportunity Machine, Inc. is a non-profit organization that is an initiative of the Lafayette Economic Development Authority (LEDA) in partnership with Lafayette Consolidated Government, Louisiana Immersive Technologies Enterprise, the University of Louisiana at Lafayette and the Louisiana Small Business Development Center and is designed to grow business and entrepreneurship, create quality jobs, economic diversity, and regional prosperity. The Organization is primarily funded through a memorandum of understanding with the Lafayette Economic Development Authority.

Basis of Presentation - The Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions.

Accounting Policies - Assets, liabilities, revenues and expenses are recognized on the accrual basis of accounting in conformity with generally accepted accounting principles.

Income Taxes - Opportunity Machine, Inc. qualifies as a tax-exempt organization under Section 501(c)(6) of the Internal Revenue Code and therefore has no provision for federal income taxes. In addition, Opportunity Machine, Inc. has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509 (a) of the Code.

Property and Equipment - All acquisitions of property and equipment in excess of \$1,000 and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are valued at historical cost for assets purchased and at fair market value at the date of donation for contributed assets. Donations of property and equipment are recorded as support at their estimated fair market value and are reported as unrestricted unless the donor has restricted the donated assets for a specific purpose.

Depreciation is computed using the straight-line method over the assets' useful lives. Depreciation expense at December 31, 2020, totaled \$4,032.

Cash and Cash Equivalents - For the purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. There were no cash equivalents at December 31, 2020.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Functional Allocation of Expenses - The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Grant Revenue - Proceeds from grants made for the purchase of specific items are recognized as revenue when the organization is reimbursed for those purchases by the donor. Proceeds from operational grants with no specified purchase requirements are recognized when funds are available.

(C) CONCENTRATION OF REVENUE SOURCES
