INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Louisiana Health Care Quality Forum:

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the Louisiana Health Care Quality Forum (a nonprofit organization) (the Quality Forum), which comprise the statements of financial position as of December 31, 2025, and 2024, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Quality Forum as of December 31, 2025, and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Quality Forum and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Quality Forum's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Quality Forum's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Quality Forum's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Compensation, Benefit, and Other Payments to Agency Head or Chief Executive Officer is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 17, 2026, on our consideration of the Quality Forum's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Quality Forum's internal control over financial reporting and compliance.

LOUISIANA HEALTHCARE QUALITY FORUM

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. Summary of Significant Accounting Policies

Organization

The Louisiana Health Care Quality Forum (“the Quality Forum”) is a non-profit corporation established in 2007 and organized under Internal Revenue Service Section 501 (c) (3). The Quality Forum serves as a neutral convener, bringing providers, purchasers, payers, and consumers together to drive improvements in health care quality, safety, and value for Louisiana residents.

Basis of Accounting

In accordance with generally accepted accounting principles, the accompanying financial statements have been prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred.

Basis of Presentation

The financial statements of the Quality Forum have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP). The operations of the Quality Forum are accounted for as follows:

- Net assets without donor restrictions – Net assets that are not subject to donor-imposed stipulations.
- Net assets with donor restrictions – Net assets subject to donor-imposed stipulations that will be met either by actions of the Quality Forum and/or the passage of time.

Cash and Cash Equivalents

For the purposes of the statements of cash flows, the Quality Forum considers all highly liquid investments with a maturity date of three months or less to be cash equivalents.

Allowance for Credit Losses

An allowance for credit losses is an estimate based upon historical account write-off trends, facts about the current financial condition of the debtor, forecasts of future operating results based upon current trends and macroeconomic factors. Credit quality is monitored through the timing of payments compared to payment terms and known facts regarding the financial condition of debtors. Accounts receivable balances are charged off against the allowance for credit losses after recovery efforts have ceased. As of December 31, 2025, and 2024, the amounts for allowance for credit losses were \$145,688 and \$164,062, respectively.

LOUISIANA HEALTHCARE QUALITY FORUM

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment are recorded at historical cost and depreciated over the estimated useful lives of the assets using the straight line and method. Contributed property and equipment are recorded at fair value at the date of donation. The following is a summary of the estimated useful lives used:

Furniture	7 years
Equipment	5 Years
Computers	3 Years
Software	3 Years

The Quality Forum capitalizes all assets that cost in excess of \$2,500 with a useful life exceeding one year. Routine repairs and maintenance are expensed as incurred.

Revenues from Cooperative Endeavor Agreements and Other Contracts

The Quality Forum earns revenue under Cooperative Endeavor Agreements (“CEA’s”) as performance obligations are met as described in Note 10 and other contracts as described in Note 9. Under the terms of these CEA’s and other contracts, the Quality Forum recognition of revenue occurs when milestones within these agreements are met. Milestones are generally either time-based or task based. The Quality Forum defers revenue recognition on invoices included in the accounts receivable until milestones are met.

Contributions

The Quality Forum follows ASC 958-605 for accounting for contributions received. All contributions are available for unrestricted use unless specifically restricted by the donor. All other donor-restricted support is reported as an increase in net assets with donor restrictions depending on the nature of the restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statements of activities and changes in net assets as net assets released from restrictions.

Functional Expenses

The costs of program and supporting services activities are summarized on a functional basis in the statements of activities and statements of functional expenses. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs, primarily salaries, benefit and related expenses for certain individuals have been allocated among the programs and supporting services benefited. The allocation between functions is based on time spent by specific employees as estimated by management. All other costs are charged directly to the appropriate functional category.

LOUISIANA HEALTHCARE QUALITY FORUM

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. Summary of Significant Accounting Policies (continued)

Compensated Absences

Employees of the Quality Forum are entitled to general paid time (GPT) for purposes of vacation, holidays, personal business, illness, and other factors. The liability for GPT is accrued monthly and adjusted annually to reflect each employees' maximum number of hours carried over to the next fiscal year.

Income Taxes

The Quality Forum is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Service Code and from Louisiana income taxes under Section 121(5) of Title 47 of the Louisiana Revised Statutes of 1950. The Quality Forum is classified by the Internal Revenue Service as a public charity. Accordingly, no provision for income taxes has been included in the financial statements. However, income from certain activities not directly related to the Quality Forum's tax-exempt purpose is subject to taxation as unrelated business income.

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the Quality Forum may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Quality Forum and various positions related to the potential sources of unrelated business taxable income (UBIT).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that could affect reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results and the results of future periods could differ from those estimates, and these differences may be material.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors
Louisiana Health Care Quality Forum

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Louisiana Health Care Quality Forum (the Quality Forum), an nonprofit entity, which comprise the statement of financial position, as of and for the year ended December 31, 2025, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated June 17, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Quality Forum’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Quality Forum’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Quality Forum’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Quality Forum's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

ON APPLYING AGREED-UPON PROCEDURES

To the Governing Board of Louisiana Health Care Quality Forum and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025, through December 31, 2025. Louisiana Health Care Quality Forum's management is responsible for those C/C areas identified in the SAUPs.

Louisiana Health Care Quality Forum has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2025, through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures we performed, and the associated findings are summarized in the attached Schedule A, which is an integral part of this report.

We were engaged by Louisiana Health Care Quality Forum to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Louisiana Health Care Quality Forum and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
