## **Independent Auditors' Report**

Board of Commissioners Louisiana Beef Industry Council Department of Agriculture State of Louisiana Baton Rouge, Louisiana

## **Opinions**

We have audited the accompanying financial statements of Louisiana Beef Industry Council (the Council), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Partnership's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Council as of June 30, 2022, and the respective changes in its net position and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

## <u>Basis for Opinion</u>

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Council to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Council's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, no such opinion is expressed. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Council's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Other Matters**

## **Required Supplementary Information**

Management has omitted the management's discussion and analysis information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

#### **Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Council's financial statements as a whole. The accompanying information listed as other supplementary information in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Division of Administration Annual Financial Report presented on pages 11 to 20 is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 8, 2022, on our consideration of the Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Council's internal control over financial reporting and compliance.

See accompanying notes to the financial statements.

### **Notes to Financial Statements**

### June 30, 2022

### (1) <u>Summary of Significant Accounting Policies</u>

### (a) Introduction

The Louisiana Beef Industry Council (the Council) is a component unit of the State of Louisiana created within the Louisiana Department of Agriculture and Forestry, as provided by Louisiana Statutes R.S. 36:629(E). The Council is composed of nine members. Members are appointed as follows: two members are appointed by the Louisiana Livestock Auction Markets Association (LAMA), three members are appointed by Louisiana Farm Bureau Association (LFBA), three members are appointed by the Louisiana Cattlemen Association (LCA), and one member is appointed by the Cattle Producers of Louisiana (CPL). The Commissioner of Agriculture serves as an ex-officio member of the Council. The members shall serve as follows: one member from both LFBA and LCA will serve a one-year term, one member from LAMA, LFBA and LCA will serve a two year term and one member from LAMA, LFBA, LCA and CPL will serve a three-year term. No member will serve more than two consecutive three year terms. The mission of the Council is to increase consumer beef demand by engaging in effective promotion, education, research, information, and communication programs while being good stewards of the checkoff monies paid by Louisiana cattle producers pursuant to the Federal 1985 Farm Bill and Louisiana Act No. 428 of 2015.

## (b) <u>Reporting Entity</u>

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included in the reporting entity. In conformance with GASB Codification Section 2100, this entity is a component unit of the State of Louisiana because the Council is not legally separate and the state holds the Council's corporate powers. The accompanying basic financial statements present only the transactions of the Louisiana Beef Industry Council, a component unit of the State of Louisiana.

#### (c) **Basis of Presentation**

The accompanying general-purpose financial statements of the Council have been prepared in conformity with accounting principles generally accepted in the United States as applied to governmental units. Application of GAAP often requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates. The Government Accounting Standards Board is the accepted standard-setting body for the establishing governmental accounting and financial reporting principles.

#### (d) **Basis of Accounting and Measurement Focus**

The accompanying financial statements have been prepared in conformity with general accepting accounting principles (GAAP) generally accepted in the United States of America

#### **Notes to Financial Statements**

#### June 30, 2022

using the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned, and expenses are recognized with the expense occurs.

### (e) <u>Use of Estimates</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### (f) Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits that mature within 90 days or less when purchased. Under state law, the Council may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or under the laws of the United States.

Under state law, the districts may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days. However, if the original maturities are 90 days or less, they are classified as cash equivalents.

## (g) Capital Assets

Capital assets purchased in excess of \$5,000 are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). Estimated useful life is management's estimate of how long the asset is estimated to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Furniture	5-7 years
Equipment	5-10 years

## (h) <u>Revenues and Expenses</u>

Revenues and expense are recorded on the accrual basis of accounting, Operating revenues and expenses include income and expenditures related to the continuing operation of the Council. Principal operating revenues are federal assessments established in accordance with the Federal Beef Promotion and Research Act of 2009 and authorized expenditures of the \$1.00 assessment (check off) come exclusively from the Federal Act and Order. The \$1.00 will be assessed on all Louisiana cattle purchased or sold within or outside of Louisiana. The Cattlemen's Beef Promotion and Research Board receives \$.50 of the federal assessments. These distributions are deducted from the federal assessments on the Statement of Revenue, Expenses and Changes in Net Position. Principal operating expenses are the costs of providing services and include administrative expenses. Other revenues and

#### **Notes to Financial Statements**

#### June 30, 2022

expenses are classified as non-operating in the financial statements. Using the accrual method of accounting, the revenues for assessments are recorded in the Statement of Revenue, Expenses and Changes in Net Position as earned. Expenses are recorded as they occur.

#### (i) General and Administrative Expenses

The Council has entered into agreements with outside individuals who provide administrative and accounting services to the Council. During the year ended June 30, 2022 administrative and accounting services amounted to \$15,600 and \$12,000, respectively.

#### (j) Statement of Cash Flows

This statement is prepared using the direct method. For purposes of this statement, this entity considers all highly liquid investments with a maturity of three months or less when purchased as a cash equivalent.

#### (k) Net Position

In the statement of net position, the difference between a government's assets and liabilities is recorded as net position. The Council has one component of net position as follows:

*Unrestricted* - This category represents net assets not appropriable for expenditures or legally segregated for a specific future use.

When both restricted and unrestricted resources are available for use, it is the Council's policy to use externally restricted resources first, then unrestricted resources – committed, assigned, and unassigned – in order as needed.

### (2) <u>Receivables</u>

At June 30, 2022 the balance of receivables was \$20,529. These receivables consist primarily of assessments on the sale of cattle through June 30, 2022 that were not collected until after June 30, 2022. The Council uses the direct write off method for allowance for bad debts. Although this is not an acceptable method under generally accepted accounting principles, the Council does not think there is any material difference between this and the allowance method used for GAAP. All receivables at June 30, 2022 were collected after year end.

#### (3) <u>Deposits with Financial Institutions</u>

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance at all times equals the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts.

#### **Notes to Financial Statements**

### June 30, 2022

The deposits at June 30, 2022 consist of the following:

	<u>Cash</u>	Certificates of Deposit	<u>Total</u>
Book balances	\$ 287,875	200,925	488,800
Bank balances	\$ 318,571	200,925	<u> </u>

The Council's deposits were not exposed to custodial credit risk as all balances were either covered by deposit insurance or pledged securities.

#### (4) <u>Accounts Payable – Trade</u>

At June 30, 2022 the balance of the accounts payable was \$21,093. This entire amount consisted of federal assessments of the \$1 check off money that was due for June revenue.

### (5) <u>Contingent Liabilities</u>

There is no pending litigation or claims against the Council at year end.

### (6) <u>Council Members Per Diem</u>

The Council members do not receive a per-diem for attending board meetings.

#### (7) <u>Subsequent Events</u>

The Council has evaluated subsequent events for potential recognition of disclosure in the financial statements through August 8, 2022, the date which the financial statements were available to be issued.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Louisiana Beef Industry Council Baton Rouge, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Louisiana Beef Industry Council (the Council), as of and for the year then ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Council's basic financial statements and have issued our report thereon dated August 8, 2022.

## **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for their purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH THE FEDERAL BEEF PROMOTION AND RESEARCH ACT OF 1985, THE BEEF PROMOTION AND RESEARCH ORDER AND THE AGRICULTURAL MARKETING SERVICES INVESTMENT POLICY BASED ON AN AUDIT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners Louisiana Beef Industry Council Department of Agriculture State of Louisiana Baton Rouge, Louisiana

**GRIFFIN**& **FURMAN** 

CERTIFIED PUBLIC ACCOUNTANTS

We have audited the financial statements of the Louisiana Beef Industry Council (the Council), a component unit of the State of Louisiana, as of and for the year ended June 30, 2022, and have issued our report thereon dated August 8, 2022. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

Compliance with the Federal Beef Promotion and Research Act of 1985, and the Beef Promotion and Research Order (the "Order") and the agriculture marketing services investment policy is the responsibility of the Council's management. As part of our audit, we assessed the risk that noncompliance with the Act and the Order as explained above, could cause the financial statements to be materially misstated.

In connection with our audit, nothing came to our attention, that caused us to believe that (i) the Council was not in compliance with the provisions of the Beef Promotion and Research Act of 1985 (the "Act") and the Beef Promotion and Research Order (the "Order") relative to the use of funds collected by the Council insofar as they relate to accounting matters, or (ii) that the Council failed to accurately allocate expenses that it shared with any other entity or funding source in a manner that complies with the Act and Order. Further, nothing came to our attention that caused us to believe the Council was not in compliance with the provisions of the Beef Board Investment Policy for Qualified State Beef Councils dated March 14, 2016, which describes the type of instruments in which the Council may invest. Our audit was not, however, directed primarily toward obtaining knowledge of such noncompliance.

This report is intended for the information of the Council and Legislative Auditor's Office and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statue 24:513, this report is distributed by the Legislative Auditor as a public document.
