## **INDEPENDENT AUDITORS' REPORT**

The Members of the  
West Feliciana Parish School Board  
St. Francisville, Louisiana

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the West Feliciana Parish School Board (the School Board) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the School Board, as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### ***Emphasis of a Matter***

As described in Note 1o to the financial statements, the School Board adopted Governmental Accounting Standards Board (GASB) Statement Number 84, *Fiduciary Activities*, and certain sections of GASB Statement 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*, for the year ended June 30, 2021. These new standards require the School Board to report student activity funds as governmental funds instead of an agency fund when administrative involvement exists. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedule, the schedule of changes in total other post-employment benefits liability and related ratios, the schedule of the school board's proportionate share of the net pension liability for the retirement systems, the schedule of employer contributions to the retirement systems, and the notes to required supplementary information presented on pages 4 through 15, page 57, page 58, page 59, page 60, and pages 61 through 65, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Board's basic financial statements. The combining non-major governmental fund financial statements; the schedule of board members' compensation; and the schedule of compensation, benefits, other payments to the superintendent; and the performance and statistical data on pages 66 through 75, page 76, page 77, and pages 90 through 92 respectively, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and accompanying notes on pages 82 through 83 is also presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining non-major governmental fund financial statements; the schedule of board members' compensation; the schedule of compensation, benefits, and other payments to the superintendent; the performance and statistical data, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The information included in the performance and statistical data section on pages 90 through 92 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2021, on our consideration of the School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Board's internal control over financial reporting and compliance.

**WEST FELICIANA PARISH SCHOOL BOARD  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
AS OF JUNE 30, 2021**

---

The Management's Discussion and Analysis (MD&A) of the West Feliciana Parish School Board's (the School Board) financial performance provides an overall review of the School Board's financial activities for the year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with the School Board's basic financial statements, which follows this MD&A. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information.

**Financial Highlights**

- The School Board's total net position increased by \$502,431 during the current fiscal year.
- The School Board's liabilities and deferred inflows of resources exceed the assets and deferred outflows of resources for fiscal year ending 2021 by \$34,448,126. Of this net position deficit amount, there is a \$50,488,542 unrestricted net deficit due to the recording of the total other post-employment benefit liability of \$29,056,748 and a net pension liability of \$42,123,910.
- In November 2020, the School Board issued General Obligation Bonds of \$22,600,000 at a premium of \$2,434,220 for the purpose of acquiring and improving school board buildings and facilities.
- The School Board's governmental funds reported combined ending fund balances of \$49,208,951, an increase of \$7,720,693 in comparison with the prior year (as restated) predominantly due to the Series 2020 bond issuance, additional ad valorem and sales tax revenue as well as additional grant funding in response to Covid-19 received during the year. Of this fund balance, \$9,315,039 is available for spending at the School Board's discretion (unassigned fund balance), \$1,965,263 is restricted for debt service, \$543,272 is restricted for student activities, and \$37,350,793 is restricted for capital projects.
- The General Fund had \$33,279,603 in fiscal year revenues, which primarily consisted of state aid, sales and property taxes. The School Board's General Fund had \$33,078,679 in expenditures. The General Fund's fund balance increased slightly from \$9,324,527 as of June 30, 2020 to \$9,349,623 as of June 30, 2021.
- The School Board expended approximately \$18.4 million on capital projects in the current period. These expenditures were primarily for a variety of construction related costs at several locations including a new elementary school, Freshman Academy, new auditorium, and stadium remodeling.
- The School Board restated its beginning net position to account for the reporting of the school activity accounts. These accounts were previously reported as fiduciary accounts. The change was the result of the adoption of GASB Statement No. 84 – *Fiduciary Activities*. The previously reported net position at June 30, 2020 was (\$35,538,617). The restated net position is (\$34,950,557).

MANAGEMENT'S DISCUSSION AND ANALYSIS  
AS OF JUNE 30, 2021**

**Overview of the Financial Statements**

The discussion and analysis is intended to serve as an introduction to the School Board's financial statements. The School Board's financial statements comprise three components: Management's Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements), and required supplementary information. The following graphics illustrates the minimum requirements for Special Purpose Governments:

- MD&A
- Basic Financial Statements
- Required Supplementary Information (Other than MD&A)

**Government-wide financial statements** - The government-wide financial statements are designed to provide readers with a broad overview of the School Board's finances, in a manner similar to a private-sector business. The government-wide financial statements include the following two statements:

- The *statement of net position* presents information on all of the School Board's assets, liabilities, and deferred inflows and deferred outflows with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School Board is improving or deteriorating.
- The *statement of activities* presents information showing how the net position of the School Board changed as a result of the current year operations. Regardless of when cash is affected, all changes in net position are reported when the underlying event giving rise to the change occurs. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements can be found on pages 16-17 of this report.

**Fund financial statements** - A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the School Board can be divided into two categories: governmental funds and fiduciary funds.

*Governmental funds.* Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

**WEST FELICIANA PARISH SCHOOL BOARD  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
AS OF JUNE 30, 2021**

---

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School Board's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These governmental fund statements are on pages 18-22 of this report.

The School Board maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and Construction Fund, which are considered major funds, and other non-major funds.

*Fiduciary funds.* Fiduciary funds are used to account for resources held for the benefit of parties outside the School Board. Fiduciary funds are not reflected in the government-wide financial statements because resources of those funds are not available to support the School Board's own programs. The School Board's fiduciary funds consist of custodial funds for sales tax collections for other taxing authorities.

The statements related to the School Board's fiduciary fund net position can be found on pages 23-24 of this report.

**Notes to the basic financial statements** - The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 25.

### **Government-wide Financial Analysis**

#### **Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the School Board, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$34,448,126 at June 30, 2021. This is primarily due to the reporting of the School Board's Pension and OPEB liabilities.

The comparative statements on the next page show the composition of June 30, 2021 and 2020.

**Government-wide Financial Analysis (continued)**

**Net Position (continued)**

The following are significant current year transactions that have had an impact on the Statement of Net Position.

- Unrestricted net position contains a deficit of \$50,488,542, a deficit increase of \$711,500 over last fiscal year. This deficit is primarily attributable to the net pension liability and total other post-employment benefit liability.
- Decrease in the total other post-employment benefit liability of approximately \$1.5 million for 2021 as a result of changes in valuation by the School Board's actuary.
- Net pension liability increased by approximately \$5.2 million as a result in changes in the valuation by the actuary.
- Bonds payable increased by approximately \$21.5 million (after debt service payments) as the School Board issued new bonded debt in the amount of \$22.6 million plus at a premium of approximately \$2.4 million. These proceeds will be used to build a new elementary school and additions and renovations at the high school.
- The \$18.4 million of investment in capital assets was predominantly related to construction for the new elementary school and for projects at the high school.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
AS OF JUNE 30, 2021**

---

**Government-wide Financial Analysis (continued)**

**Changes in Net Position (continued)**

The key elements for the increase of the School Board's net position for the year ended June 30, 2021 are as follows:

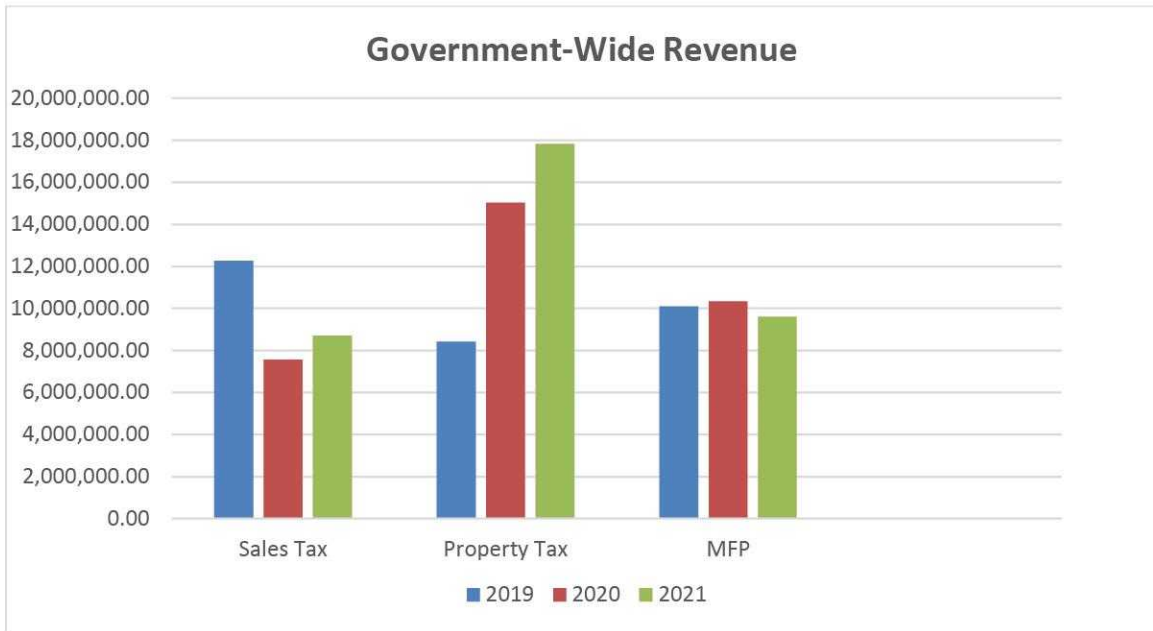

- Overall revenues increased approximately \$4.1 million and expenses increased approximately \$4.2 million. Revenues increased mainly due to the increase in property taxes of approximately \$2.8 million, sales taxes \$1.1 million, and operating grants \$1.3 million.
- Local revenues consisting of sales and property taxes are approximately 62% of total revenue. The increases in sales taxes and grant revenues are a result of a slower economy in the prior year resulting in lower tax revenues from the COVID-19 pandemic and additional government backed programs to help with the recovery.
- Minimum Foundation Program (MFP) revenue decreased by approximately \$735,000 from fiscal year 2020-2021.
- The increase in total expenses of approximately \$4.2 million is attributable to budgeted increases in payroll, pension, transportation, and bond interest/issuance costs.

**Financial Analysis of the School Board's Funds**

The School Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

*Governmental funds.* Most of the School Board's basic services are reported in the governmental funds, which focus on how money flows into and out of these funds and the balances left at year end that are available for spending. The governmental fund statements provide a detailed short-term view of the School Board's general government operations and the basic services it provides. Governmental fund information is useful in assessing the School Board's financing requirements.

- As the School Board completed the fiscal year its governmental funds reported a combined fund balance of \$49,208,951 an increase of \$7,720,693 over the prior year restated fund balance. This was predominantly due to the issuance of bonded debt that generated proceeds of \$25,034,220. Unassigned fund balance is \$9,315,039, Nonspendable fund balance is \$34,584, and Restricted fund balance is \$39,859,328.
- The majority of the School Board's financial activity occurs in the General Fund. The fund balance at June 30, 2021 is \$9,349,623 compared to \$9,324,527 at the end of 2020, or an increase of \$25,096. This fund balance is the result of accumulated operating surpluses from the current and prior fiscal years and serves to sustain the system during periods of decreased revenue or need for additional major expenditures.
- The School Board restated its beginning fund balance of the other non-major funds to account for account for the reporting of the school activity funds as special revenue funds. These funds were previously reported as fiduciary funds. The change was the result of the adoption of GASB Statement No. 84 – *Fiduciary Activities*. The previously reported fund balance for other non-major funds at June 30, 2020 was \$1,266,304. The restated fund balance is \$1,854,364.
- The Construction Fund, a major capital projects fund, reported a total fund balance of \$37,108,426 that is restricted. The fund accounts for the proceeds generated from the Series 2019 and 2020 bond issuances for construction of new facilities and building improvements of the School Board.
- The Debt Service Fund, which is included in the other non-major fund total, was established to meet the requirements of bond ordinances, and is used to account for the accumulation of resources for, and the payment of long-term debt principal, interest and related costs. The fund balance in this fund is \$1,965,263 at June 30, 2021.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
AS OF JUNE 30, 2021**

**Variation Between Original and Final Budgets**

Over the course of the year, the School Board revised the annual General Fund budget for changes in projected revenues and expenditures. The difference between the original budgeted amount and the final amended budget was primarily due to an increase in projected revenue from ad valorem taxes and an increase in expenditures due to additional positions added in order to serve the growing population. The General Fund, with actual revenues of \$33,279,603 operated within the available resources as planned through respective budgets.

**Capital Asset and Debt Administration**

**Capital assets.** The School Board's investment in capital assets for its governmental activities as of June 30, 2021, totaled \$33,483,341 (net of accumulated depreciation). This investment includes land, buildings and improvements, furniture and equipment, and vehicles. The total increase in the School Board's capital assets was \$17,475,165 or 109%. There were capital additions of \$18,449,857 predominantly due to construction in progress for the new elementary school and facility improvements to the high school. Total depreciation expense for the year was \$974,692.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The following are currently known West Feliciana Parish economic factors being considered going into the 2021-2022 fiscal year.

- The School Board's 2021-2022 operations will likely be affected by the recent and ongoing outbreak of the coronavirus disease 2019 (COVID-19) which was declared a pandemic by the World Health Organization in March 2020. The world-wide pandemic associated with COVID-19 has spread across the state of Louisiana, including the parish of West Feliciana. COVID-19 has had an impact on the operations of the School Board. The ultimate disruption which may be caused by the outbreak is uncertain; however, it may result in an adverse impact on the School Board's subsequent financial statements. Possible effects may include, but not limited to, decrease in sales tax revenue, decrease or no growth of student count, increased expenditures to provide enhanced cleaning and disinfecting, proper social distancing, and remote learning devices and programs.
- Property tax revenue is projected at approximately \$14.4 million, a slight increase of approximately \$120 thousand from fiscal year 2020-2021 budget.
- Minimum Foundation Program revenue is projected at approximately \$9,200,000, a decrease of approximately \$400,000 from fiscal year 2020-2021. This decrease is primarily from a reduction due to increased local taxes.
- Maintaining competitive salaries for employees has become a major concern for the future, especially considering the increased requirements pertaining to the COVID-19 pandemic.
- Student enrollment is expected to remain consistent for the 2021-2022 fiscal year.
- Capital expenditures will continue toward the projects at both the elementary and high school. These projects are being paid for through the Series 2019 and Series 2020 bond issuances.

These indicators were considered when adopting the budget for fiscal year 2021-2022. Total General Fund revenues and expenditures are anticipated to be an estimated \$33,057,00, an increase of approximately 1% from the 2020-2021 budget.

**NOTES TO THE FINANCIAL STATEMENTS**

**1. Summary of Significant Accounting Policies**

The accompanying basic financial statements of West Feliciana Parish School Board (the School Board) have been prepared in conformity with accounting principles generally accepted in the United States of America. (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standards standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the School Board's significant policies.

a. Reporting Entity

The School Board was created by Louisiana Revised Statute (LSA-R.S.) 17:51 for the purpose of providing public education for the residents of West Feliciana Parish (the Parish). The School Board is authorized by LSA-R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the State of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is authorized to establish public schools as it deems necessary, to provide adequate school facilities for the children of the parish, to determine the number of teachers to be employed, and to determine local supplement to their salaries. The School Board is currently comprised of 7 members who are elected from 7 districts for a term of four years.

The School Board operates 4 schools within the Parish with a total enrollment of approximately 2,200 pupils. In conjunction with the regular educational programs, these schools offer special education programs. Additionally, the School Board provides transportation and school food services for the students.

The Governmental Accounting Standards Board (GASB) *Codification of Government Accounting and Financial Reporting Standard* establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under the provisions, the School Board is considered a *primary government*, since it is a special purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Fiscally independent means that the School Board may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue debt in its own name with the approval of the state bond commission. The School Board also has no *component units*, defined by GASB as other legally separate organizations for which the elected school board members are financially accountable. There are no other primary governments with which the School Board has a significant relationship.

b. Fund Accounting

The financial transactions of the School Board are recorded in individual funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate.

b. Fund Accounting (continued)

Emphasis of fund financial reporting is on the major funds. Non-major funds (by category) or fund type are summarized into a single column. The major funds of the School Board are the General Fund and the Construction Fund.

Construction Fund - The Construction Fund is used to account for capital projects funded by the Series 2019 and 2020 General Obligation Bonds.

Revenues are accounted for in these individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The funds presented in the financial statements are described as follows:

Governmental Fund Types:

Governmental funds are those through which most governmental functions of the School Board are financed. The acquisition, use and balances of the School Board's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the School Board's governmental fund types:

General Fund - The General Fund is the general operating fund of the School Board. It accounts for all financial resources except those required to be accounted for in other funds.

Special Revenue Funds - Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted or have been received from contributors for expenditures related to specified purposes. These funds account for the revenues and expenditures related to federal and state grant and entitlement programs established for various educational objectives and for school activity accounts.

Debt Service Fund - The Debt Service Fund, established to meet requirements of bond ordinances, is used to account for the accumulation of resources for and the payment of general long-term debt principal, interest, and related costs.

Capital Projects Fund - The Capital Projects Fund, established to account for funds dedicated to capital improvements, including construction of new facilities and renovations.

Fiduciary Fund Type - Custodial Funds:

These funds are used to account for collecting and disbursing activities that the School Board performs on behalf of other local governments in a custodial capacity.

c. Measurement Focus/Basis of Accounting

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. These statements include all the financial activities of the school board, except for the fiduciary activities. The fiduciary activities are only reported in the Statement of Fiduciary Net Position at the Fund Financial Statement level.

The GWFS were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from the exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB No. 33, *Accounting and Reporting for Nonexchange transactions*.

Program Revenues

Program revenues included in the Statement of Activities are derived directly from parties outside of the school board's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the school board's general revenues.

Allocation of Indirect Expenses

The school board reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable by function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense which can be specifically identified by function is included in the direct expenses of each function. Depreciation on the buildings is assigned to the plant operation and maintenance function due to the fact that school buildings serve multiple purposes. Interest on long term debt is considered an indirect expense and is reported separately on the Statement of Activities.

c. Measurement Focus/Basis of Accounting (continued)

Fund Financial Statements (FFS)

Governmental Funds

The accounting and financial reporting treatments applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financial sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Governmental Funds are accounted for on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become measurable and available to pay current period liabilities. Ad valorem taxes revenues reported in the governmental funds are considered to be available if collected within sixty days after year-end. Sales and use taxes are considered "available" when expected to be collected within the next month. Revenue from state and federal grants is recorded when the reimbursable expenditures have been incurred and is anticipated to be collected within one year.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Costs of accumulated unpaid vacation, sick leave and other employee benefit amounts are reported in the period due and payable rather than the period earned by employees and general long-term obligations principal and interest payments are recognized only when due.

d. Budget and Budgetary Accounting

The proposed budgets for fiscal year 2020-2021 were completed and made available for public inspection on July 2, 2020 at the School Board office. A public hearing was held on July 21, 2020 for suggestions and comments from taxpayers. The proposed fiscal year 2021 budgets were formally adopted by the School Board after the public hearing. The budgets, which included proposed expenditures and the means of financing them for the General and Special Revenue Funds, were published in the official journal ten days prior to the public hearings.

The budgets for the General and Special Revenue Funds were prepared on the modified accrual basis of accounting. Formal budgetary integration is used during the year as a management control device.

The School Board is authorized to transfer amounts between line items within any fund. When actual total revenues within a fund are failing to meet estimated annual budgeted revenues by five percent or more, and/or actual total expenditures within a fund are exceeding estimated budgeted expenditures by five percent or more, a budget amendment to reflect such changes is adopted by the School Board in an open meeting. Budgeted amounts included in the financial statements include the original adopted budget and all subsequent amendments.

e. Cash, Cash Equivalents, and Investments

Under state law, the School Board may deposit funds with a fiscal agent organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The School Board may invest in United States bonds, notes, bills, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

Cash and cash equivalents include cash on hand, cash on deposit, certificates of deposit and money market accounts. These deposits are stated at cost, which approximates market. Under state law, the resulting bank balances of these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent.

f. Federal Grants Receivable

Federal grants receivable consists of receivables for reimbursement of expenditures under various federal programs and grants. All amounts are expected to be collected within the next twelve months.

g. Inventory

Inventory of the School Food Service Special Revenue Fund consists of food purchased by the School Board and commodities granted by the United States Department of Agriculture through the Louisiana Department of Education. The commodities are recorded as revenues when received. All inventory items purchased are valued at the lower of cost (first-in, first-out) or market, and donated commodities are assigned values based on information provided by the United States Department of Agriculture.

h. Capital Assets

Capital assets are capitalized at historical cost, or estimated historical cost for assets where the actual historical cost is not available. Donated assets are recorded as capital assets at their acquisition value at the date of the donation. The system for the accumulation of fixed asset cost data does not provide the means for determining the percentage of assets valued at actual and those valued at estimated cost or acquisition value. The School Board maintains a \$5,000 threshold level for capitalizing assets.

Capital assets are recorded in the GWFS, but are not recorded in the FFS. All capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the school board, no salvage value is taken into consideration for depreciation purposes. Useful lives are approximately 40 years for buildings and 3 to 20 years for equipment.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

i. Compensated Absences

All 12-month employees earn from 10 to 20 days of vacation leave each year, depending on length of service with the School Board. Vacation leave may be accumulated up to 40 days; the School Board will pay the balance of unused vacation upon separation.

All school board employees earn 10 to 12 days of sick leave each year depending on the number of months employed within a year. Sick leave may be accumulated without limitation. Upon death or retirement, a maximum of 25 days of unused sick leave is paid to the employee or designated heir at the employee's current rate of pay. Under the Louisiana Teacher's Retirement System, the unused sick leave is used in the retirement benefit computation as earned service. Under the Louisiana School Employees Retirement System, all unpaid sick leave, which excludes the 25 days paid, is used in the retirement benefit computation as earned service.

Any employee with a teaching certificate is entitled, subject to approval by the School Board, to one semester of sabbatical leave after three years of continuous service or two semesters of sabbatical leave after six or more years of continuous service. Leave may be granted for rest and recuperation and professional and cultural improvement.

The cost of compensated absence privileges is recognized as current year expenditure in the General Fund when leave is actually taken, or when employees or their heirs are paid for accrued leave upon retirement or death, while the cost of leave privileges not requiring current resources is recorded as long-term liabilities.

j. Pension Plans

The School Board is a participating employer in three defined benefit pension plans (plans) as described in Note 8. For purposes of measuring the Net Pension Liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions from each plans' fiduciary net position have been determined on the same basis as they are reported by each of the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within each plan.

k. Sales, Use and Property Taxes

The West Feliciana Parish School Board receives a three percent sales tax dedicated for salaries and related benefits and for maintaining and operating the public schools within the Parish.

**WEST FELICIANA PARISH SCHOOL BOARD**  
**ST. FRANCISVILLE, LOUISIANA**

**NOTES TO THE FINANCIAL STATEMENTS**

**1. Summary of Significant Accounting Policies** (continued)

k. Sales, Use and Property Taxes (continued)

Of the three percent sales tax, the School Board is authorized to collect is one percent sales and use tax levied by the West Feliciana Parish Government and the Town of St. Francisville for all sales within the incorporated area of the Town of St. Francisville. The additional two percent sales and use tax is levied by the West Feliciana Parish Government for all sales outside the incorporated area of the Town of St. Francisville.

Ad valorem taxes are collected by the West Feliciana Parish Sheriff's Office and remitted to the School Board on a monthly basis. Values are established by the West Feliciana Parish Assessor's Office each year.

Ad valorem taxes are assessed and levied on a calendar year basis, based on the assessed value on January 1 of the assessment year. However, before taxes can be levied, the tax rolls must be submitted to the State Tax Commission for approval. Taxes are due and payable by November 15. An enforceable lien attaches on the property as of November 15. As of December 31, taxes become delinquent and interest and penalty accrue. Taxes are generally collected in January, February and March of the fiscal year.

l. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities to the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

m. Inter-fund transactions

During the course of normal operations, the School Board has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets and service debt. The accompanying fund financial statements generally reflect such transactions as operating transfers.

n. Fund Equity of Fund Financial Statements

Accounting standards require governmental fund balances to be reported in as many as five classifications as listed below:

Nonspendable – represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

Spendable

Restricted – represents balances where constraints have been established by parties outside the School Board or imposed by law through constitutional provisions or enabling legislation.

Committed – represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the School Board's highest level of decision-making authority.

**WEST FELICIANA PARISH SCHOOL BOARD**  
**ST. FRANCISVILLE, LOUISIANA**

**NOTES TO THE FINANCIAL STATEMENTS**

**1. Summary of Significant Accounting Policies** (continued)

n. Fund Equity of Fund Financial Statements (continued)

Assigned – represents balances that are constrained by the School Board’s or its designee’s intent to be used for specific purposes, but are not restricted nor committed.

Unassigned – represents balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund.

When expenditures are incurred for the purposes for which both restricted and unrestricted amounts are available, the School Board reduces restricted amounts first, followed by unrestricted amounts. When expenditures are incurred for purposes for which committed, assigned, and unassigned amounts are available, the School Board reduces committed amounts first, followed by assigned amounts and then unassigned amounts.

o. Current Year Adoption of New Accounting Standard and Restatement of Net Position

The School Board adopted Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, during the current year. This Statement established criteria and designations for reporting fiduciary activities in the financial statement of state and local governments. The Agency Fund title was renamed to Custodial Fund for which the standard specified can only be reported as a fiduciary activity if the government does not have administrative involvement, among other criteria. The requirements of this Statement apply to the financial statements of all state and local governments and is applicable for reporting periods beginning after December 15, 2019. In addition, the School Board adopted paragraphs 4 and 5 of GASB Statement No. 97 *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The paragraphs adopted are amendments to GASB 84 and reverses the criteria in GASB 84 to include certain defined contribution retirement plans without a board in the financial statements of state and local governments.

The implementation of these new accounting standards required the School Board to change the way school activity funds are reported. Previously, school activity funds in Louisiana were reported as fiduciary agency funds; however, under the new criteria established by GASB 84, student activity funds can only be reported as fiduciary custodial funds if no administrative involvement exists. Since school activity funds are required to be administered in accordance with the provisions of Louisiana Revised Statute 17.414.3 et. seq., this statute establishes that the School Board has administrative involvement and the school activity funds are reported in these financial statements as a governmental – special revenue fund.

o. Current Year Adoption of New Accounting Standard and Restatement of Net Position (continued)

The adoption of GASB 84 required a restatement of the June 30, 2020 net position and fund balance. The net effect to the School Board's Governmental Activities Net Position and Governmental Funds – Fund Balance for the prior year that resulted from the adoption of GASB 84 is as follows:

|   | Other Non-major<br>Governmental<br>Funds | Government Wide<br>Statement of<br>Net Position |
|---|--|---|
| Total Fund Balance/Net Position June 30, 2020<br>as previously reported                                 | \$ 1,266,304                             | \$ (35,538,617)                                 |
| Implementation of GASB Statement 84 –<br>reclassify School Activity Accounts to Special<br>Revenue Fund | 588,060                                  | 588,060   |

**2. Ad Valorem Taxes**

Ad valorem (property) taxes were levied for the fiscal year 2021 by the School Board on September 29, 2020 based on the assessed valuation of property as of January 1, 2020. These taxes become due and payable on November 15 of each year and become delinquent after December 31 of the year levied.

Total assessed value was \$417,575,348 in calendar year 2020. Louisiana state law exempts the first \$75,000 of assessed value of a taxpayer's primary residence from parish property taxes. This homestead exemption was \$18,689,600 of the assessed value in calendar year 2020.

The following is a summary of authorized and levied parish-wide ad valorem taxes collected during the fiscal year ended June 30, 2021:

|                           | Authorized<br>Millage | Levied<br>Millage | Expiration<br>Date |

**3. Sales Taxes**

The School Board receives sales tax collected on sales occurring within the boundaries of West Feliciana Parish. The School Board recognized \$8,704,956 of sales tax revenue during the year ended June 30, 2021. The following is a summary sales tax rates, terms, and expiration dates of the sales taxes collected during the year ended June 30, 2021:

|                           | <u>Sales Tax</u><br>Rate | <u>Term</u> | <u>Expiration</u><br>Date |

**4. Cash, Deposits, and Investments**

**A. Deposits**

The carrying amount of the School Board’s deposits with financial institutions was \$44,864,596 and the bank balances were \$46,899,624. Custodial credit risk is the risk that in the event of a financial institution failure, the School System’s deposits may not be returned to them. To mitigate this risk, state law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent financial institution. As of June 30, 2021, the School Board’s deposits were not exposed to custodial credit risk. Securities that may be pledged as collateral consist of obligations of the U.S. Government and its agencies, obligations of the State of Louisiana and its municipalities and school districts.

**B. Investments**

As of June 30, 2021, the Board had the following investments:

| <u>Investment Type</u>                            | <u>Fair Value</u>    |
|---|----------------------|
| Investments measured at the net asset value (NAV) |                      |

**NOTES TO THE FINANCIAL STATEMENTS**

**4. Cash, Deposits, and Investments (continued)**

The \$11,308,911 in investments is invested in LAMP. LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA-R.S. 33.2955.

- Credit risk: LAMP is rated AAAM by Standard & Poor's.
- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments.
- Concentration of credit risk: The School Board does not have a limit on the amount the School Board may invest in one issuer. One hundred percent of the School Board's investments are in LAMP funds.
- Foreign currency risk: Not applicable. LAMP complies with the provisions of Louisiana Law concerning permissible investments for municipalities, parishes and other political subdivisions set forth in La R.S. 33:2955 and the investment policy does not provide for investment in foreign obligations.

The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and board of directors. LAMP is not registered with the SEC as an investment company.

An annual audit of LAMP is conducted by an independent certified public accountant. The Legislative Auditor of the State of Louisiana has full access to the records of LAMP.

LAMP issues financial reports which can be obtained by writing: LAMP, Inc., 228 St. Charles Avenue, Suite 1123, New Orleans, LA 70130.

**5. Interfund Transactions**

Individual balances due from/to other funds are as follows:

| <u>Fund</u>           | <u>Due From<br/>Other Funds</u> | <u>Due To<br/>Other Funds</u> |
|-----------------------|---------------------------------|-------------------------------|
| General Fund          | \$ 970,137                      | \$ -                          |
| Other Non-major Funds | <u>92,870</u>                   | <u>1,063,007</u>              |

The primary purpose of interfund advances is to cover expenditures on cost reimbursement grant programs until reimbursements are received from the granting agencies.

Transfers:

| <u>Fund</u>           | <u>Transfers<br/>In</u> | <u>Transfers<br/>Out</u> |
|-----------------------|-------------------------|--------------------------|
| General Fund          | \$ 313,048              | \$ 488,876               |
| Other Non-major Funds | <u>381,744</u>          | <u>205,916</u>           |
| Total                 | <u>\$ 694,792</u>       | <u>\$ 694,792</u>        |

The purpose of interfund transfers is to cover operating expenditures of the general fund through indirect cost recoveries charged to grant programs and to cover operating deficits of other governmental non- major funds with transfers from the general fund.

**6. Capital Assets**

Capital assets and depreciation activity as of and for the year ended June 30, 2021 is as follows:

In accordance with LSA – R.S. 39:562, the School Board is legally restricted from incurring long-term bonded debt in excess of 50% of the assessed value of taxable property within the parish. At June 30, 2021, the total assessed value of taxable property for the parish was \$417,575,348, which resulted in a statutory limit of \$208,787,674.

Compensated absences payable consist of the portion of accumulated sick and annual leave of the governmental funds that is expected to require current resources. These liabilities will be liquidated through the general and special revenue funds.

The claims and judgments will be liquidated from the general fund.

**8. Retirement Systems**

The School Board (the School Board) is a participating employer in three cost-sharing defined benefit pension plans. These plans are administered by three public employee retirement systems, the Teachers’ Retirement System of Louisiana (TRSL), the Louisiana School Employees’ Retirement System (LSERS) and the Louisiana State Employees’ Retirement System (LASERS). Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of these plans to the State Legislature. Each system is administered by a separate board of trustees and all Systems are component units of the State of Louisiana.

Each of the Systems issues an annual publicly available financial report that includes financial statements and required supplementary information for the system. These reports may be obtained by writing, calling or downloading the reports as follows:

**Plan Descriptions:**

**Teachers' Retirement System of Louisiana (TRSL)** is the administrator of a cost-sharing defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to employees who meet the legal definition of a "teacher" as provided for in LRS 11:701. Eligibility for retirement benefits and the calculation of retirement benefits are provided for in LRS 11:761.

**Louisiana School Employees' Retirement System (LSERS)** is the administrator of a cost-sharing defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to school employees as defined in LRS 11:1002. Eligibility for retirement benefits and the computation of retirement benefits are provided for in LRS 11:1141.

**Louisiana State Employees' Retirement System (LASERS)** is the administrator of a cost-sharing defined benefit pension plan. The plan provides retirement, disability, and survivor benefits to state employees as defined in LRS 11:411-414. Eligibility for retirement benefits and the computation of retirement benefits are provided for in LRS 11:444.

A brief summary of eligibility and benefits of the plans are provided in the following table:

**Cost of Living Adjustments**

The pension plans in which the School System participates have the authority to grant cost-of-living adjustments (COLAs) on an ad hoc basis. COLAs may be granted to these systems, (TRSL, LSERS, and LASERS) if approved with a two-thirds vote of both houses of the Legislature, provided the plan meets certain statutory criteria related to funded status and interest earnings.

**Contributions**

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee. In accordance with state statute, TRSL receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations.

Contributions to the plans are required and determined by State statute (which may be amended) and are expressed as a percentage of covered payroll. The contribution rates in effect for the year ended June 30, 2021, for the School Board and covered employees were as follows:

|                                     | School Board | Employees       |
|-------------------------------------|--------------|-----------------|

| Plan B                              | 25.80%       | 5.00%           |
| School Employees' Retirement System | 28.70%       | 7.50 % - 8.00%  |
| State Employees' Retirement System  | 40.10%       | 7.50 % - 8.00 % |

The contributions made to the Systems for the past three fiscal years, which equaled the required contributions for each of these years, were as follows:

|                                     | 2021         | 2020         | 2019         |

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The following schedule lists the School Board's proportionate share of the Net Pension Liability allocated by each of the pension plans based on the June 30, 2020 measurement date. The School Board uses this measurement to record its Net Pension Liability and associated amounts as of June 30, 2021 in accordance with GASB Statement 68. The schedule also includes the proportionate share allocation rate used at June 30, 2020 along with the change compared to the June 30, 2019 rate. The School Board's proportion of the Net Pension Liability was based on a projection of the School Board's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

| <p>The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.3% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 8.17% for 2020.</p> | <p>The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up), and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.</p> | <p>The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. ***Discount Rate***

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for TRSL, LSERS and LASERS was 7.45%, 7.00% and 7.55%, respectively for the year ended June 30, 2020.

**9. Total Other Post-Employment Benefits**

**Plan Description.** The West Feliciana Parish School Board (the School Board) provides certain continuing health care and life insurance benefits for its retired employees. The West Feliciana Parish School Board’s OPEB plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the School Board. The School Board has the authority to establish and/or amend the obligation of the employer, employees and retirees as provided by Louisiana Revised Statute Title 17 Sections 1221 through 1224. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board (GASB) Statement No. 75.

**Benefits Provided.** Medical benefits are provided through an insured comprehensive medical plan and insured life insurance programs to employees upon actual retirement. Employees are covered by the Teachers’ Retirement System of Louisiana (TRSL), whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; or, age 65 and 20 years of service.

Basic life insurance of \$5,000 and additional life insurance coverage in varying amounts are provided to retirees. The employer pays for 50% of the basic coverage and 50% of the additional coverage (maximum of \$35,000 additional coverage). The rates used for basic coverage are blended for all active and retired combined, while unblended rates are used for the additional coverage. Since GASB 74/75 requires the use of “unblended” rates, the valuation used a mortality table to determine the “unblended” rates for the basic coverage so as to reproduce the composite blended rate overall as the rate structure to calculate the actuarial valuation results for life insurance. All of the assumptions used for the valuation of the medical benefits have been used except for the trend assumption; zero trend was used for life insurance.

**Total OPEB Liability**

The School Board's total OPEB liability of \$29,056,748 was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

*Actuarial Assumptions and other inputs* – The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

|                             |  |
|-----------------------------|--|
| Inflation                   | 2.5%   |
| Salary increases            | 4.0%, including inflation                            |
| Prior discount rate         | 2.21%, annually (beginning of year to determine ADC) |
| Discount rate               | 2.16%, annually (as of end of measurement date)      |
| Healthcare cost trend rates | 5.5% annually for ten years, 4.5% thereafter         |

The discount rate was based on the average of the Bond Buyers' 20 Year General Obligation municipal bond index over the 52 weeks immediately preceding the applicable measurement dates.

Mortality rates were based on the RP-2014 Table modified according to TRSL experience study.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2009 to June 30, 2021.

**NOTES TO THE FINANCIAL STATEMENTS**

**10. State Required Disclosure – Tax Collections Remitted to Other Taxing Authorities**

Act 711 of the 2010 Louisiana Legislative Session amended LRS 24:513 B to provide required note disclosure in the financial statements of local governments that collect tax for other taxing jurisdictions. For the year ended June 30, 2021 the School Board collected \$5,827,374 of sales tax for the West Feliciana Parish Government (\$4,529,745) and the Town of St. Francisville (\$1,297,629). Of this amount, the School Board withheld \$97,656 for the taxing authorities' share of administrative fees. This resulted in a distribution of \$5,729,718 of sales tax collections to the West Feliciana Parish Government (\$4,452,825) and the Town of St. Francisville (\$1,276,893) during the year ended June 30, 2021.

**11. Contingencies**

**Litigation.** The School Board is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the School Board's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the government. An accrual of \$150,000 has been made within the statement of net position to cover any potential exposure.

**Grant Disallowances.** The School Board participates in a number of state and federally assisted grant programs. The programs are subject to audits under the single audit approach as well as audits conducted by the Louisiana and U.S. Department of Education. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under the terms of the grants.

**COVID-19 Pandemic.** In March, 2020, the World Health Organization declared the coronavirus (COVID-19) a global pandemic. The spread of the virus has adversely affected global business activities and has resulted in significant uncertainty in the global economy. The impact of the COVID-19 continues to evolve and has been marked by rapid changes and developments. The impact of the outbreak may be short-term or may last for an extended period of time. The extent to which the COVID-19 pandemic may directly or indirectly impact the School Board's financial condition or results of operations cannot be reasonably estimated at this time.

**12. Operating Lease**

The School Board leases school buses through a lease arrangement which qualifies as an operating lease. The lease payments are to be made on a semi-annual basis and are scheduled for July 1, 2019 through June 30, 2023.

Lease payments are estimated to be as follows:

| <u>June 30,</u> | <u>Amount</u>     |
|-----------------|-------------------|
| 2022            | \$ 406,500        |
| 2023            | <u>406,500</u>    |
|                 | <u>\$ 813,000</u> |

Lease payments made during the year ended June 30, 2021 totaled \$406,500.

**16. Tax Revenues Abated**

The Louisiana Industrial Ad Valorem Tax Exemption program (Louisiana Administrative Code, Title 13, Chapter 5) is a state incentive program which abates, up to ten years, local ad valorem taxes on a manufacturer's new investment and annual capitalized additions related to the manufacturing site. Applications to exempt qualified property for five years are approved by the Board of Commerce and Industry. The exemption may be renewed for an additional five years. For the fiscal year ending June 30, 2021, approximately \$1,210,000 in West Feliciana Parish School Board ad valorem tax revenues were abated by the state of Louisiana through the Louisiana Industrial Ad Valorem Tax Exemption program.

**17. Appropriations to Charter Schools**

Appropriations to Type 2 Charter Schools during the year ended June 30, 2021 were as follows:

**18. Current Accounting Standards Scheduled to be Implemented**

Following is a summary of accounting standards adopted by the Governmental Accounting Standards Board (GASB) that are scheduled to be implemented in the future that may affect the School Board's financial report:

GASB Statement 87, *Leases*. This standard will require all leases to be reported on the statement of net position under a single accounting model for both lessors and lessees. The statement will require the recognition of lease assets or liabilities for leases previously reported as operating leases. Both operating and capital leases will be reported under this single accounting method and reported by lessees as an intangible right to use asset and by lessors as a receivable with both reporting a deferred inflow of resources. The standard is effective for annual reporting periods beginning after June 15, 2021. The School Board will include the requirements of this standard, as applicable, in its June 30, 2022 financial statement. All of the School Board lease agreements will need to be evaluated to determine the impact of implementing this standard; however, the effect of this standard or its applicability to the School Board are unknown at this time.

**NOTES TO THE FINANCIAL STATEMENTS**

**18. Current Accounting Standards Scheduled to be Implemented** (continued)

GASB Statement 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. The School Board will include the requirements of this standard, as applicable, in its June 30, 2022 financial statement. The effect of this standard or its applicability to the School Board are unknown at this time.

GASB Statement 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. The School Board will include the requirements of this standard, as applicable, in its June 30, 2023 financial statement. The effect of this standard or its applicability to the School Board are unknown at this time.

**19. Commitments**

The School Board had construction commitments of approximately \$25,836,000 related to Construction Fund projects at June 30, 2021.

**20. Subsequent Events**

In October 2021, the School Board entered into construction commitments of approximately \$1,162,000 related to Construction Fund projects.

**NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS**

School Food Service

The School Food Service fund includes lunch and breakfast and is used to account for the operations of the school food service programs in the parish school system during the regular school term. The basic goals of the school food service programs are to serve nutritionally adequate, attractive and moderately priced meals, to help children grow socially and emotionally, to extend educational influences to the homes of school children, and to provide learning experiences that will improve children's food habits with the ultimate goal of physically fit adults.

Julius Freyhan

The Julius Freyhan fund accounts for funding used to restore the Julius Freyhan building as a community center and as a museum of early West Feliciana Parish education.

Title I

Title I includes programs primarily in the areas of reading and math. These programs strive to meet the special needs of economically and educationally deprived children through federal funding for teachers, aids, instructional materials, equipment and parental involvement.

Special Education - IDEA B

IDEA B (Individuals with Disabilities Educational Act - Part B) is a federally funded program designed to assist states in providing free, appropriate education to all special needs children from 3 to 21 years of age in the least restrictive environment.

Head Start

The objectives of the Head Start Program are to provide comprehensive health, educational, nutritional, social and other services primarily to economically disadvantaged preschool children so that the children will attain overall social competence. Parents also participate in various decision-making processes related to the operation of the program.

Title II

Title II is a federally funded program to provide financial assistance to improve the skills of teaching and instruction in mathematics, science, computer learning, and foreign languages; and increase the access of all students to this instruction.

Education Stabilization Incentive

The Education Stabilization Incentive program is dedicated to aid K-12 education through curricular materials for continuous learning, postsecondary planning for high school students and recent graduates, supports for students with disabilities, and assistance with developing professional learning and adaptive staffing plans.

**NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS**

Education Stabilization II Formula

The Education Stabilization II Formula grant is federally awarded by the Department of Education to State educational agencies for the purpose of providing local educational agencies, including charter schools, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have on elementary and secondary schools across the nation.

Education Stabilization III EB Intervention

The Education Stabilization III EB Intervention grant is federally awarded by the Department of Education to State educational agencies for the purpose of providing local educational agencies, including charter schools, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have on elementary and secondary schools across the nation.

Carl Perkins

Carl Perkins is a federally funded program restricted to expenditures for salaries, supplies, and equipment to be used in vocational education programs.

Cohort 2

The Cohort 2 program will implement the five strategies outlined in the Early Childhood Care and Education Network- Roadmap. The ultimate goal of the Early Childhood and Education Network is to prepare children for Kindergarten.

Direct Student Services

Direct Student Services supports individualized academic services to improve student achievement.

Get Ready Cohort

The Get Ready Cohort strengthens early childhood care and education system by formalizing local governance for community networks. Participating leading agencies will use this funding to support the development of Ready Start activity in their community.

Title IV SSAE

The program intends to improve student academic achievement by increasing the capacity of local education agencies to provide all students with access to a well-rounded education; improve school conditions for student learning; and improve the use of technology to improve the academic and digital literacy of all students.

Debt Service

This fund accumulates funds for the payment of the 2019 and 2020 general obligation limited tax revenue bonds.

**NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS**

**Team Nutrition**

The goal of the program is to improve children's lifelong eating and physical activity habits by using the principles of the Dietary Guidelines for Americans and the USDA Food Guidance System.

**Childcare & Development Block Grant**

The Childcare & Development Block Grant is a program to provide communities with an opportunity to support the recovery from the Novel Coronavirus Disease 2019 (Covid-19) of the child care sector and to ensure children continue to have access to high-quality learning options across Louisiana.

**Education Stabilization GEERF**

The Education Stabilization GEERF program provides local educational agencies with emergency assistance as a result of the Novel Coronavirus Disease 2019 (COVID-19).

**Strong Start**

The Strong Start grant, also known as the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), is federally awarded by the Department of Education to State educational agencies for the purpose of providing local educational agencies, including charter schools, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have on elementary and secondary schools across the nation.

**School Activity Accounts**

The Student Activity Accounts Fund is used to account for those monies collected by pupils and school personnel for school and school related purposes. Each school maintains accounts for its individual student body organizations. These accounts are under the supervision of the school principals, who are responsible for collecting, controlling, disbursing, and accounting for all student activity funds.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

The Members of the West Feliciana  
Parish School Board  
St. Francisville, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of West Feliciana Parish School Board (the School Board), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements and have issued our report thereon dated December 21, 2021.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the School Board's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

The Members of the West Feliciana  
Parish School Board  
St. Francisville, Louisiana

**Report on Compliance for Each Major Federal Program**

We have audited the West Feliciana Parish School Board's (the School Board) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School Board's major federal programs for the year ended June 30, 2021. The School Board's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of the School Board's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School Board's compliance.

**Opinion on Each Major Federal Program**

In our opinion, the School Board, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

## **Report on Internal Control over Compliance**

Management of the School Board is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School Board's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School Board's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**FOR THE YEAR ENDED JUNE 30, 2021**

**NOTE A – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of West Feliciana Parish School Board and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

**NOTE B – FOOD DISTRIBUTION**

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. At June 30, 2021, the organization had food commodities totaling \$17,913 in inventory. The value of commodities received and used during the period ended June 30, 2021 totaled \$119,466.

**NOTE C – DE MINIMUS COST RATE**

During the year ended June 30, 2021, the West Feliciana Parish School Board did not elect to use the 10% de minimus cost rate as covered in §200.414 of the Uniform Guidance.

**NOTE D – AMOUNTS PASSED THROUGH TO SUBRECIPIENTS**

During the year ended June 30, 2021, the West Feliciana Parish School Board did not pass through any federal funding to subrecipients.

**B. Findings – Financial Statement Audit**

**2020-001**

**Pledged Collateral for Deposits**

Criteria: According to Louisiana state law, deposits over the Federal Deposit Insurance Corporation's (FDIC) allowed limit must be secured by securities owned by the local bank and pledged to the local government as collateral.

Condition: The School Board's deposits at the financial institution exceeded the FDIC coverage limit combined with pledged securities and were under collateralized by \$9,254,571. The School Board does not have a process in place to monitor adherence to the state law requirement.

Cause: Letters of credit expired and were not renewed prior to June 30, 2020. Therefore, the deposits were not secured by pledged securities as required by State law.

Effect: The School Board's deposits were uncollateralized resulting in a violation of Louisiana law.

Recommendation: Management should obtain written evidence of the local bank's compliance with deposit collateral requirements on a monthly basis.

*View of Responsible Official and Planned Corrective Action:*

*Rather than depend solely on the Bank to meet compliance with deposit collateral requirements, management will track the expiration and amounts of pledged collateral to be sure pledges meet minimum amount and that documentation on all letters of credit renewals are received on or before the expiration date to ensure compliance.*

Current Status: *The recommendation has been implemented as described above. Thus, the finding is considered resolved.*

**C. Findings and Questioned Costs – Major Federal Award Programs**

None.

**Independent Accountants' Report  
On Applying Agreed-Upon Procedures**

To the Members of the  
West Feliciana Parish School Board,  
the Louisiana Department of Education,  
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of the West Feliciana Parish School Board for the fiscal year ended June 30, 2021; and to determine whether the specified schedules are free of obvious errors and omissions, in compliance with Louisiana Revised Statute 24:514 I. Management of the West Feliciana Parish School Board is responsible for its performance and statistical data.

The West Feliciana Parish School Board has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the performance and statistical data accompanying the annual financial statements. Additionally, the Louisiana Department of Education and the Louisiana Legislative Auditor have agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

**General Fund Instructional and Support Expenditures and Certain Local Revenue Sources  
(Schedule 1)**

1. We selected a sample of 25 transactions, reviewed supporting documentation, and observed that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on the schedule:
  - Total General Fund Instructional Expenditures
  - Total General Fund Equipment Expenditures
  - Total Local Taxation Revenue
  - Total Local Earnings on Investment in Real Property
  - Total State Revenue in Lieu of Taxes
  - Nonpublic Textbook Revenue
  - Nonpublic Transportation Revenue

*No differences noted.*

**Class Size Characteristics (Schedule 2)**

2. We obtained a list of classes by school, school type, and class size as reported on the schedule. We then traced a sample of 10 classes to the October 1 roll books for those classes and observed that the class was properly classified on the schedule.

*No differences noted.*

**Experience of Public School Staff (NO SCHEDULE)**

3. We obtained October 1<sup>st</sup> PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file and observed that each individual's education level was properly classified on the PEP data or equivalent listing prepared by management.

*No differences noted.*

**Experience of Public Principals, Assistant Principals, and Full-time Classroom Teachers (NO SCHEDULE)**

4. We obtained June 30<sup>th</sup> PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

*No differences noted.*

We were engaged by the West Feliciana Parish School Board to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in Government Auditing Standards, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the West Feliciana Parish School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of the West Feliciana Parish School Board, as required by Louisiana Revised Statute 24:514.I, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
