INDEPENDENT AUDITORS' REPORT

To the Commissioners of the Harbor Center District Slidell, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities of the Harbor Center District, as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Harbor Center District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Harbor Center District, as of December 31, 2023 and 2022, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the *Louisiana Governmental Audit Guide*, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Harbor Center District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Commissioners of the Harbor Center District June 21, 2024

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Harbor Center District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Harbor Center District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Harbor Center District's ability to continue as a going concern for a reasonable period of time.

To the Commissioners of the Harbor Center District June 21, 2024

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 9 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Harbor Center District's basic financial statements. The schedule of compensation, benefits, and other payments to agency head is presented for the purpose of additional analysis as required by Louisiana Revised Statute 24:513(A)(3) and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits, and other payments to agency head, is fairly stated in all material respects in relation to the basic financial statements as a whole.

To the Commissioners of the Harbor Center District June 21, 2024

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2024, on our consideration of the Harbor Center District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Harbor Center District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Harbor Center District's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION (PART I)

This section of the Harbor Center District's (the District) annual financial report presents background information and management's analysis of the District's financial performance during the year that ended December 31, 2023. Please read it in conjunction with the financial statements in this report.

Financial Highlights

The assets of the District exceeded its liabilities by \$20,398,416. Net position decreased \$317,224 from December 31, 2022.

During the year, the District's total operating revenues, which consists primarily of hotel occupancy taxes, facility rental fees and state appropriations, increased by \$124,355 from December 31, 2022. Net non-operating revenues, which consist primarily of ad valorem taxes restricted for bond repayment and interest income, increased by \$141,223 from December 31, 2022.

The District had a decrease in operating expenses of \$150,202 from December 31, 2022.

The District reduced the principal balance of its general obligation bonds by \$220,000 during the year.

Required Financial Statements

The Basic Financial Statements of the District report information about the District using Governmental Accounting Standards Board (GASB) accounting principles. These statements offer short-term and long-term financial information about its activities.

The Statement of Net Position includes all of the District's assets and liabilities. The difference between assets and liabilities is net position. It provides the basis for evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District.

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Net Position. This statement measures improvements in the District's operations over the past year and can be used to determine whether the District has been able to recover all of its costs through ad valorem taxes, hotel occupancy taxes and other revenue sources.

The final required financial statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the District's cash from operations, investing and financing activities, and to provide answers to such questions as where did cash come from, what was cash used for and what was the change in cash balance during the reporting period.

Financial Analysis of the District

The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position report information about the District's activities. These two statements report the net position of the District and changes in them. Increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating.

Summary of Net Position

A summary of the District's Statement of Net Position is presented in Table 1 below:

Sources of Revenue

Operating Revenue

Operating revenues consist primarily of hotel occupancy taxes collected within Wards 8 and 9 of St. Tammany Parish, state appropriations and facility rental fees. Hotel occupancy taxes have served as the primary operating revenue for the District since its inception. These taxes are remitted to the St. Tammany Parish Sheriff's Office, who serves as tax collector for St. Tammany Parish. The Sheriff then remits the funds collected to the District. The facility was in service during the current fiscal year with the District recording facility rental fees in the amount of \$384,537.

Non-Operating Revenue

Non-operating revenues consist primarily of ad valorem taxes that are restricted for bond repayment. Ad valorem taxes are assessed on properties located within Wards 8 and 9 of St. Tammany Parish and normally levied in November and billed to the property owner in December. St. Tammany Parish Sheriff's Office collects and remits the ad valorem taxes for the District. Ad valorem tax is levied at 0.25 mills for bond repayment.

Operating and Financial Performance

The following summarizes the District's Statements of Revenue, Expenses and Changes in Net Position between December 31, 2022 and December 31, 2023:

Total operating revenues, derived from hotel occupancy taxes, ad valorem tax, facility rental fees and state appropriations, increased by \$124,355 from December 31, 2022. Non-operating revenues, which consist primarily of ad valorem taxes restricted for bond repayment and interest income, increased \$141,223 from December 31, 2022.

Total operating expenses decreased by \$150,202, or 6.72%, from December 31, 2022.

Non-Operating Revenues and Expenses

As discussed previously, non-operating revenues consist primarily of ad valorem taxes restricted for bond repayment. Other non-operating revenue consists of interest income, generated primarily from the District's investment of excess cash in interest-bearing accounts.

The District also recorded interest expense in the amount of \$17,103 for the year ended December 31, 2023.

Total property, plant and equipment increased by \$706,011 due mainly to increased accumulated depreciation offset by current year additions. Depreciation expense has been recognized on capital assets in the amount of \$669,400 for the year ended December 31, 2023.

Long-Term Debt

At December 31, 2023, the District had \$225,000 of general obligations bonds outstanding. The District made principal payments in the amount of \$220,000 during the year. More detailed information about the District's long-term debt is presented in the notes to basic financial statements.

Economic Factors and next year's budget

Facility rentals will remain consistent and strong throughout 2024, increasing due to availability of the new meeting rooms. Hotel tax collections and St. Tammany Parish Fund revenue are expected to be within budgeted projections. While the District has decreased cash reserves due to funds invested in the expansion, the facility has completed all large maintenance projects. Therefore, no large, unbudgeted expenditures are expected. The District will closely monitor its financial position and budget, making any adjustments necessary to maintain a solid financial position throughout the year.

Contacting the District's Financial Manager

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

In June 1999, the Governmental Accounting Standards Board (GASB) approved Statement No. 34, "*Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*". The implementation of this statement has created additional statements, schedules, reports, and note disclosures as follows:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the overall financial position and results of operations.
- Financial statements are prepared using the full accrual accounting method for all activities.

These and other changes are reflected in the accompanying financial statements (including notes to the financial statements). The Harbor Center District (the District) implemented this Statement as of July 1, 2003. The District's significant accounting policies are explained in the following note disclosure.

Basis Of Presentation

The financial statements of the District have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Basis Of Accounting

The District utilizes the proprietary fund method of accounting whereby revenue and expenses are recognized on the accrual basis. Revenues are recorded when they are earned, and expenses are recorded at the time liabilities are incurred. Substantially all revenues and expenses are subject to accrual.

Reporting Entity

The District was created by Act 685 of the 1986 Regular Session of the Louisiana Legislature. However, the District did not become active until December 1997. As such, the date of December 1, 1997 has been utilized as the inception date.

The District consists of the entire area within Wards 8 and 9 of St. Tammany Parish, and is generally authorized to acquire, construct, develop, maintain and operate an Events Center and the programs and events undertaken therein.

The control and management of the affairs of the District are vested in a Board of Commissioners (the Board). The Board consists of 14 members, all of whom must be qualified voters of Wards 8 and 9 of St. Tammany Parish, except for the executive director of the St. Tammany Parish Tourist Commission. The Board is appointed by the following entities and individuals:

Cash And Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Bond Issuance Costs

The Harbor Center District has implemented GASB 65, *Items Previously Reported as Assets and Liabilities*, which states that debt issuance costs should be recognized as an expense in the period incurred. As of December 31, 2015, the Harbor Center District reports bond issuance costs as a non-operating expense in the Statement of Revenues, Expenses, and Changes in Fund Net Position.

Capital Assets

Property, plant, and equipment are recorded at cost or, if contributed property, at their fair market value at the time of the contribution. The District's policy is to capitalize assets purchased in the amount \$1,000 or more. These assets are depreciated over their useful lives, which are three to ten years for furniture, fixtures and facility equipment, twenty years for the sign, twenty-five years for land improvements and forty years for the facility building.

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Ad Valorem Taxes

Ad Valorem taxes are normally levied in November and billed in December. These taxes are due in January of the following year. The St. Tammany Parish Sheriff's Department bills and collects the Ad Valorem taxes for the District.

Use Of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Net Position

Net position is comprised of the various net earnings from operations, non-operating revenues, expenses, and contributions of capital. Net position is classified in the following three components:

<u>Net investment in capital assets</u> – Consists of all capital assets, net of accumulated depreciation and reduced by outstanding balances of any bonds or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.

<u>Restricted</u> – Consists of external constraints placed on net position used by creditors, grantors, contributors, or laws or regulations of the government or constraints imposed by law through constitutional provisions or enabling legislation.

<u>Unrestricted</u> – Consists of all other assets that are not included in the other categories previously mentioned.

The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Restricted Assets

Restricted assets, as presented in the financial statements, represent an accumulation of funds from bond proceeds, ad-valorem taxes received and investment earnings that is restricted for re-payment of the bond issue or future construction costs.

Operating Revenues

The District identifies operating revenues primarily as those revenues received from ad valorem taxes restricted for operations, hotel occupancy taxes and facilities rentals. These revenues are available to pay the general operating expenses of the District.

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Non-Operating Revenues

The District identifies non-operating revenues primarily as those revenues received from ad valorem taxes restricted for bond repayment and interest income. These revenues are not derived from the District's core operating activities or available to pay general operating expenses.

New Accounting Pronouncements Adopted

The GASB issued statement No. 96, "Subscription-Based Information Technology Arrangements". Under this Statement, a government generally should recognize a right-touse subscription asset – an intangible asset – and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, – which is when the subscription asset is placed into service. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The adoption of this standard did not have a material impact on the District's financial statements.

Date of Management's Review

Subsequent events have been evaluated through June 21, 2024, which is the date the financial statements were available to be issued.

OTHER REPORT REQUIRED BY GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Commissioners of the Harbor Center District Slidell, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Harbor Center District as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Harbor Center District's basic financial statements, and have issued our report thereon dated June 21, 2024.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Harbor Center District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Harbor Center District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Harbor Center District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Commissioners of the Harbor Center District Slidell, Louisiana

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Harbor Center District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
