To the Board of Directors

Monterey Fire Protection District No. 1

Management is responsible for the accompanying financial statements of the governmental activities of the Monterey Fire Protection District No. 1, as of and for the year ended December 31, 2023, which collectively comprise the Monterey Fire Protection District No. 1's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has omitted management's discussion & analysis and budgetary comparison schedule that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

Management has elected to omit substantially all the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The accompanying schedule of compensation, benefits, and other payments to the agency head, political subdivision head, or chief executive officer is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the representation of management. The information was subject to our compilation engagement, but we have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any assurance on such information.

I am not independent with regard to Monterey Fire Protection District No. 1.

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balance
Year ended December 31, 2023

Amounts reported for governmental activities in the statement are different because:  Governmental funds report capital outlays as expenditures  Dontaed assets are not recorded in governmental funds.  However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.  Capital outlay, which is considered expenditures on the Statement of Revenues, Expenditures, and Changes in Fund Balance  -  Less current year depreciation  (50,916)  Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the change in fund balances by the amount of debt repayments.  \$ 16,970	Net changes in fund balance, total governmental funds	\$ 41,339
