Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Boys and Girls Club of Metro Louisiana, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2021, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Boys and Girls Club of Metro Louisiana, Inc. as of December 31, 2021, and the changes in its net assets, functional expenses, and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audit contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Boys and Girls Club of Metro Louisiana, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Boys and Girls Club of Metro Louisiana, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing the audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing opinions on the effectiveness of Boys and Girls Club of Metro Louisiana, Inc.'s internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as, evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Boys and Girls Club of Metro Louisiana, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

The financial statements for the year ended December 31, 2021 reflect a merger of the Boys and Girls Club of Southeast Louisiana, Inc. and f/k/a Boys and Girls Club of Greater Baton Rouge, Inc., as described in Note 12 to the financial statements. Our opinion is not modified with respect to this matter.

Supplementary Information

The Schedule of Compensation, Benefits and Other Payments to Agency Head, and the Statewide Agreed Upon Procedures are not a required part of the basic financial statements but are supplementary information required by Louisiana State Law. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. We have applied certain limited procedures, which are described in the Independent Accountants' Report on Applying Agreed-Upon Procedures. However we did not audit this information and, accordingly, express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2022, on our consideration of Boys and Girls Club of Metro Louisiana, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance the results of that testing, and not to provide an opinion on the effectiveness of Boys and Girls Club of Metro Louisiana, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Boys and Girls Club of Metro Louisiana, Inc.'s internal control over financial reporting and compliance.

BOYS & GIRLS CLUB OF METRO LOUISIANA, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

1. Summary of Significant Accounting Policies

Organization

Boys and Girls Club of Metro Louisiana, Inc. (The Club), f/k/a Boys and Girls Club of Greater Baton Rouge, Inc., was incorporated on March 5, 1991, with offices in Baton Rouge, Louisiana and New Orleans, Louisiana. The purpose of The Club is to promote the health, social, educational, vocational and character development of boys and girls in the Baton Rouge, New Orleans, and surrounding areas.

Basis of Accounting

The current year financial statements of The Club have been prepared on the accrual basis of accounting according to accounting principles generally accepted in the United States of America. Accordingly, all significant receivables, payables and other liabilities are reflected in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash

Cash consists of deposits held with a bank.

Net Assets

The Club reports information regarding its financial position and activities according to two classes of net assets:

Net Assets Without Donor Restrictions are net assets that are not subject to donor-imposed restrictions and are available for use at the organization's discretion.

Net Assets With Donor Restrictions are net assets subject to donor-imposed restrictions that may or will be met by either actions of the organization or the passage of time. Once the restrictions are met, they are reclassified to net assets without donor restrictions. During the year ended December 31, 2021 The Club received contributions and grants with donor restrictions of \$555,000 and spent \$474,622 for the various contributions and grants intended purposes. There are net assets with donor restrictions of \$852,066 at year end. The remaining restrictions will be satisfied as cost are incurred in fulfillment of the donors' stipulations.

The Club's board voted to set aside the investment funds as a board-designated quasi-endowment fund for the benefit of the continuity of The Club's operations. This investment is further discussed in the footnote number 9 below.

Grants Receivable

Grants receivable are stated at net realizable value. The Club maintains allowances for doubtful accounts for estimated losses resulting from the inability of its grantors to make required payments. Because collection is expected at 100%, an allowance for doubtful accounts has not been estimated.

Advertising

The Club expenses all advertising costs as incurred.

BOYS & GIRLS CLUB OF METRO LOUISIANA, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

1. Summary of Significant Accounting Policies (Continued)

Pledges Receivable

Pledges receivable are unconditional promises to pay certain amounts in the future. Management evaluates the collectability of its receivables and records an allowance for estimated uncollectible amounts. An allowance of \$37,500 has been recorded for the year ended December 31, 2021. Pledges due beyond one year have been discounted at an annual rate of 5%. The Club expects to collect \$15,991 next year and \$12,588 over the course of the two to five years.

Revenue Recognition

The Club recognizes revenue when it satisfies a performance obligation by transferring a promised good to, or performing a service for, a customer. The amount of revenue recognized reflects the consideration The Club expects to receive in exchange for satisfying distinct performance obligations. If a performance obligation does not meet the criteria to be considered distinct, The Club combines it with other performance obligations until a distinct bundle of goods or services exists. Performance obligations are satisfied over time and the related revenue is recognized as services are rendered. The Club's management expects that the period between when The Club transfers good and services to their customers and when the customers pay for those good and services will be one year or less. Therefore, The Club elected the practical expedient not to adjust the promised amount of consideration for the effects of a significant financing component. Invoices resulting from The Club's contracts with customers are generally due within 30 days of the invoice date.

Government Grants

Governmental grants are primarily passed through the state of Louisiana and are accounted for as conditional contributions due to rights of return/release and barriers to entitlement to funds. Revenue is recognized when qualified expenditures are incurred and conditions under the grant agreement are met.

Fund-Raising Events

The Club holds fund-raising events and reports the revenues generated, net of any direct operation costs, as revenue, gains, and other support in the accompanying statement of activities and changes in net assets. Fund-raising revenue is recognized at fair value on the earlier of the receipt of cash or of an unconditional promise to give. Collections made prior to The Club hosting the event are classified as deferred revenue until the event is held.

Contributions and Private Grants

The Club receives support from individuals, foundations, corporations, and other nonprofit organizations in support of The Club's mission. Contribution and private grant revenue is recognized at fair value on the earlier of the receipt of cash or an unconditional promise to give. From time to time, The Club receives promises to give that have certain conditions such as meeting specific performance-related barriers or limiting The Club's discretion on use of the funds. Other contributions or private grants may have revocable features to the promises to give. Such conditional promises to give are recognized when the conditions are substantially met.

1. Summary of Significant Accounting Policies (Continued)

Functional Expenses

The Club allocates its expenses on a functional basis among its various programs. Expenses that can be identified with a specific program are allocated directly according to their natural expense classification. Other expenses are allocated between programs and fundraising services based on management's best estimate of time, percentage, or square footage used, among other factors.

Donated services

The value of personal services provided to The Club have not been recorded in the accompanying financial statement as they do not meet the criteria for recognition, i.e. payments to individuals possessing a required specialized skill. These type of services are typically paid by The Club. Volunteers provide other needed services, but their time was not computed for reporting purposes.

Income Taxes

The Club accounts for income taxes in accordance with FASB ASC 740-10, Accounting for *Uncertainty in Income Taxes*. Management believes it has no material uncertain tax positions and, accordingly has not recognized a liability for any unrecognized tax benefits.

The Club is a non-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Club's open audit periods are 2019 through 2021.

Property and Equipment

Property and equipment is presented in the financial statements at cost less allowances for depreciation. Depreciation is computed using the straight-line method and is provided over the estimated useful lives of assets, which ranges from three to forty years. Equipment with an original cost of \$2,500 or greater is generally capitalized.

2. COVID-19 Relief

PPP Loan

During fiscal year 2021 and 2020 The Club received Payroll Protection Program (PPP) loans from the SBA in the amount of \$177,900 and \$140,023, respectively. The purpose of these loans were to maintain payroll and other operating expenses during the COVID-19 pandemic. The terms of the loans allowed for the amount to be forgiven in full if the funds were used for payroll and certain operating expenses. Terms for forgiveness were substantially met with the full balance being recorded as revenue as of December 31, 2021.

Employee Retention Credit

The Club was eligible for the Employee Retention Credit ("ERC") under the CARES Act. \$58,603 was received prior to December 31, 2021 in a combination of unpaid employment taxes for the year ended December 31, 2021 and 2021 Form 941 Employer Quarterly Federal Tax Return refund payments.

3. Retirement Plan

The Club participates in an insured, non-contributory defined contribution plan sponsored by the Boys and Girls Club of America. The plan covers substantially all employees with over 1,000 hours of service. The amounts charged to retirement benefits for the year ended December 31, 2021 was \$47,600.

BOYS & GIRLS CLUB OF METRO LOUISIANA, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

4. Related Party

The Club is affiliated with the national organization - Boys and Girls Clubs of America (BGCA). BGCA acts as an agent for many of their member clubs to administer various grants. BGCA provided approximately \$590,000 in funding to The Club during the fiscal year ended December 31, 2021. The Club pays BCGA for various employee benefit plans. For the year ended December 31, 2021, The Club paid \$104,375 for employee non-pension benefits.

5. Concentrations

Financial instruments which subject The Club to concentrations of credit risk consist of cash deposits held with local banks. Cash deposits are insured by the Federal Deposit Insurance Corporation (FDIC) for up to \$250,000. The Club maintains cash in local and regional financial institutions which often exceed the FDIC limits. Management does not believe that it is exposed to any significant credit risk on uninsured amounts.

Concentrations of revenues and receivables greater than or equal to 10% for the year ended December 31, 2021 are as follows:

	<u>Revenue</u>	<u>Grant Receivable</u>	<u>Pledges Receivable</u>
United Way	N/A	35%	N/A
BGCA	19%	31%	N/A
21st Century Grant	11%	N/A	N/A
PPP Loan Forgiveness	10%	N/A	N/A

Donor 1	N/A	N/A	55%
Donor 2	N/A	N/A	13%
Donor 3	N/A	N/A	15%

6. Leases

The Club leases office space in Baton Rouge, Louisiana under an agreement classified as an operating lease which will expire on March 31, 2023. Payments are \$5,191 per month. Prior to the merger, discussed in footnote 12 below, Boys and Girls Club of Southeast Louisiana rented office space in New Orleans, Louisiana for \$1,806 a month and expired on June 1, 2022. This agreement was extended by The Club until June 1, 2023 at a rate of \$2,506 per month.

On January 23, 2018 The Club entered into an operating lease to lease a copier for \$1,334 a month for 63 months. The lease expires on April 23, 2023. Total lease payments for the year ended December 31, 2021 was \$103,020.

Future lease payments are as follows:

	<u>Office Space</u>	<u>Copier</u>	<u>Total</u>
Fiscal Year 2022	\$ 88,834	\$ 16,008	\$ 104,842
Fiscal Year 2023	33,294	5,336	38,630
	<u>\$ 122,128</u>	<u>\$ 21,344</u>	<u>\$ 143,472</u>

BOYS & GIRLS CLUB OF METRO LOUISIANA, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

7. Fair Value Measurements

FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Club uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, The Club measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 or 3 inputs were available to The Club.

Level 2 Fair Value Measurements – Inputs are based upon quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active, and model-based, valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of assets or liabilities. Fair values of assets measured on a recurring basis at December 31, 2021 are as follows:

	Fair Value	Quoted Prices in Active Markets for Similar Assets (Level 2)
Investments in pooled funds	<u>\$ 200,899</u>	<u>\$ 200,899</u>

8. Commitments and Contingencies

The Club receives federal, state, and private grants for specific purposes that are subject to audit by the grantor agencies. Such audits could lead to requests for reimbursement to the agency for expenditures disallowed under the terms of the grant. It is the opinion of management that The Club's compliance with the terms of grants will result in negligible, if any, disallowed costs.

9. Investments

Cost and fair value of investments at December 31, 2021 are as follows:

	Cost	Unrealized Gain	Fair Value
Investments in pooled funds	<u>\$ 171,179</u>	<u>\$ 29,720</u>	<u>\$ 200,899</u>

Earnings/(losses) on investments for the year ended December 31, 2021 are as follows:

Interest and dividends	\$ 4,689
Investment expenses	(1,677)
Unrealized gains	<u>26,708</u>
	<u>\$ 29,720</u>

10. Economic Dependency

The Club derives the majority of its revenues from contributions & private grants and governmental sources as earned revenue or grants, the loss of which would have a material adverse effect on The Club. During the year ended December 31, 2021 revenue derived from these sources accounted for 56% and 22%, respectively, of total revenue.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

11. Liquidity and Availability of Financial Assets

The following reflects The Club's financial assets as of the statement of financial position date, reduced by amounts not available for general use because of a contractual or donor imposed restriction within one year of the statement of financial position date.

Financial Assets at Year End:

Cash	\$ 1,360,041
Grants receivable	236,478
Pledges receivable, current portion, net	15,991
Net assets restricted for future use	<u>(852,066)</u>
Financial Assets Available for General Expenditures	<u>\$ 760,444</u>

As part of The Club's liquidity management plan excess cash has been placed in various checking and savings accounts to meet unexpected liquidity needs or in the event of financial distress.

12. Merger

On April 27, 2021, Boys and Girls Club of Southeast Louisiana, Inc. (SELA) and f/k/a Boys and Girls Club of Greater Baton Rouge, Inc. (BGCBR) completed a merger of their operations. Both SELA and BGCBR provide after school programs for children to participate in educational and extra-curricular activities. As a result of the merger, the combined organization has been renamed Boys and Girls Club of Metro Louisiana, Inc. (the Club). Through their merger, the organizations seek to further their common mission by improving their counseling programs and achieving economies of scale and other synergies through integrating their services.

Prior to the merger, the two organizations had intercompany accounts payable/receivable. This activity along with their respective statement of activities and changes in net assets activity has been eliminated to conform the accounting policies of the combining organizations.

As of April 27, 2021, the major classes of assets, liabilities, and net assets of SELA and BGCBR are as follows:

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Boys and Girls Club of Metro Louisiana, Inc.
8281 Goodwood Boulevard, Suite A
Baton Rouge, LA 70806

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Boys and Girls Club of Metro Louisiana, Inc. (a non-profit organization) which comprise the statement of financial position as of December 31, 2021, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 3, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Boys and Girls Club of Metro Louisiana, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Boys and Girls Club of Metro Louisiana, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Boys and Girls Club of Metro Louisiana, Inc.'s internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned cost as items 2021-02 and 2021-03 to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned cost as item 2021-01 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Boys and Girls Club of Metro Louisiana, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2021-01.

Boys and Girls Club of Metro Louisiana, Inc. Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Boys and Girls Club of Metro Louisiana, Inc.'s response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Boys and Girls Club of Metro Louisiana, Inc.'s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Findings

Finding 2021-01 - Filing with the Louisiana Legislative Auditor

Condition:

The Club failed to submit their audit report to the Louisiana Legislative Auditor's office by the required due date, including any extensions.

Cause:

The Club's management was unable to close the year and provide information to the auditor to allow the audit to be completed in a timely manner.

Effect:

Due to delays in providing the information to the auditor the engagement was not able to be completed and filed with the Louisiana Legislative Auditor by the due date.

Criteria:

The Club faced difficulties in closing the financial records due to complications arising during the merger of Boys and Girls Club of Southeast Louisiana, Inc. and f/k/a Boys and Girls Club of Greater Baton Rouge, Inc.

Recommendations:

We suggest planning and preparation be made to anticipate circumstances which would delay the report beyond the required filing date.

Management's Response:

The Club will take all measures necessary to ensure that the information needed by the auditor is provided in a timely manner.

Finding 2021-02 - Budget Adoption

Condition:

The Club's board failed to review and adopt a budget for the year ended December 31, 2021.

Cause:

The merger brought a slew of complications for The Club, including termination of several high level employees and a multitude of other administrative hardships. While a budget was created for the fiscal year the board failed to adopt it due to their focus being on completing the merger successfully.

Effect:

Due to the board focusing on successfully completing the merger, The Club failed to review and adopt its fiscal year 2021 budget.

Criteria:

The Club faced many difficulties due to complications arising during the merger of Boys and Girls Club of Southeast Louisiana, Inc. and f/k/a Boys and Girls Club of Greater Baton Rouge, Inc.

Recommendations:

We suggest The Club's board of directors determine which monthly meeting it will review and adopt the budget. The selected month, of every year, should have the agenda modified to include the review and adoption of the financial budget.

Management's Response:

The Club will ensure the budget is reviewed and adopted on an annual basis.

Finding 2021-03 - Internal Controls - Accounts Payable

Condition:

The Club failed to reconcile and include all credit card liability accounts on the trial balance. Instead, the Club would record the activity when payments were made. Trade accounts payable are processed in a similar manner.

Cause:

The Club failed to have adequate internal controls to verify the completeness of the accounting records.

Effect:

Due to the lack of internal controls The Club's records did not encompass all of the fiscal year's activity.

Criteria:

The Club failed to have procedures in place to ensure all credit cards are properly reconciled and accruals recorded.

Recommendations:

We suggest that The Club includes all credit card liability accounts in the financial records, perform reconciliations on a monthly basis, and review subsequent activity to ensure all of the fiscal year's activity is captured.

Management's Response:

All liability accounts will be included in the financial records with the appropriate reconciliations performed on a monthly basis. We will also update our financial statement closing process to review activity occurring subsequent to year end.

There are no questioned costs for the year ended December 31, 2021.

Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - a) Employees responsible for cash collections do not share cash drawers/registers.
 - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit.
 - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

- 6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.
- 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
 - a) Observe that receipts are sequentially pre-numbered.
 - b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - c) Trace the deposit slip total to the actual deposit per the bank statement.
 - d) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - e) Trace the actual deposit per the bank statement to the general ledger.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - b) At least two employees are involved in processing and approving payments to vendors.
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
 - a) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder.
 - b) Observe that finance charges and late fees were not assessed on the selected statements.
12. Using the monthly statements or combined statements selected under #11 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature

of the transaction and note whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

Exception: (1) Finance charges and late fees were assessed on the statements examined. (2) Boys and Girls Club of Metro Louisiana, Inc. was unable to provide supporting documentation for one out of the eleven transactions examined. No other exceptions were noted as a result of applying these procedures.

Travel and Travel-Related Expense Reimbursements (excluding card transactions)

13. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management’s representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
- a) If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
 - b) If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - c) Observe each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
 - d) Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results: No exceptions noted as a result of applying this procedure.

Contracts

14. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management’s representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner’s contract, and:
- a) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - b) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).
 - c) If the contract was amended (e.g., change order), observe the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented).
 - d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract.

Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.
18. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.
