The Board of Commissioners
Recreation District No. 7 of the Parish of St. Mary
Franklin, Louisiana

Management is responsible for the accompanying financial statements of the governmental activities and the major fund of Recreation District No. 7 of the Parish of St. Mary (District), a component unit of the St. Mary Parish Council, as of and for the year ended September 30, 2022, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

The District has omitted the management's discussion and analysis and the budgetary comparison schedule that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context.

The District has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The supplemental information on page 6 is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information is the representation of management. The information was subject to our compilation engagement, however, we have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any form of assurance on such supplementary information.

Reconciliation of the total fund balance -- governmental funds
to the net position of governmental activities:

Total fund balance - Governmental Funds \$ 131,892

Amounts reported for governmental activities in the Statement of Net Position
are different because:

Capital assets used in governmental activities are not current financial
resources and, therefore, are not reported in the governmental
funds balance sheet. 68,496

Net position of governmental activities \$ 200,388

Reconciliation of the changes in fund balances - total governmental funds to the change in net position of governmental activities:

Net change in fund balance - Governmental Funds \$ (11,091)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation (\$2,312) was not exceeded by capital outlays (\$37,962) in the current period. 35,650

Change in net position of governmental activities \$ 24,560
