INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Cane River Children's Services, Inc.

Opinions

We have audited the accompanying financial statements of Cane River Children's Services, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cane River Children's Services, Inc. as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cane River Children's Services, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cane River Children's Services, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records, used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other records used to prepare the financial statements themselves, and other records used to prepare the financial statements themselves, and other records used to prepare the financial statements are conting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cane River Children's Services, Inc.'s internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Louisiana Legislative Auditor, we have issued a report, dated December 9, 2022, on the results of our statewide agreed-upon procedures performed in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*. NOTES TO FINANCIAL STATEMENTS

Introduction

Cane River Children's Services, Inc. ("Agency") was incorporated as a non-profit corporation on May 18, 1978, under the laws of the State of Louisiana. The Agency maintains and operates residential group homes for undomiciled and troubled youth, provides support for transitional living for boys and girls as placed by the State of Louisiana, and provides therapeutic foster care and counseling, as authorized by its charter. The agency operates under a ten-member Board of Directors. Revenues are derived primarily from the Title IV-E Foster Care Program passed through the State of Louisiana, Department of Social Services, as well as Crime Victim Assistance grants, Medicaid, and contributions from the general public.

1. <u>Summary of Significant Accounting Policies</u>:

The accounting and reporting policies of Cane River Children's Services, Inc., conform to generally accepted accounting principles as applicable to non-profit organizations, and are applied on a consistent basis between periods.

The following is a summary of certain significant accounting policies and practices:

- A. <u>Financial Statement Presentation</u> Effective July 1, 2018, the Agency has adopted FASB Financial Accounting Standards Update 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities.* Under FASB ASU 2016-14, the Agency is required to report information regarding its financial position and activities according to the following net asset classifications:
 - Net assets without donor restrictions Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Agency's management and the board of directors. The revenues received and expenses incurred in conducting the mission of the Agency are included in this category. The Agency has determined that any donor-imposed restrictions for current or developing programs and activities are generally met within the operating cycle of the Agency; therefore, the Agency's policy is to record these net assets as without donor restrictions.
 - Net assets with donor restrictions Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Agency or by the passage of time. Other donor restrictions are perpetual in nature, whereby, the donor has stipulated the funds be maintained in perpetuity.

Donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions.

As of June 30, 2022 and 2021, all net assets were without donor restrictions.

B. <u>Basis of Accounting</u> - The Agency uses the accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized when they are incurred. Purchases of various operating supplies are regarded as expenditures at the time purchased.

1. <u>Summary of Significant Accounting Policies (continued):</u>

- C. <u>Use of Estimates</u> The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- D. <u>Capital Assets</u> Capital assets purchased with unrestricted funds are recorded at cost when purchased or at market value at time of donation. Depreciation on all exhaustible fixed assets is charged as an expense against the operations of the Agency. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets ranging from 3 to 50 years. Accumulated depreciation was \$1,265,399 at June 30, 2022 and \$1,199,970 at June 30, 2021.
- E. <u>Income Taxes</u> The Agency is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as "other than a private foundation". Therefore, no provision for income taxes has been made in the financial statements. The Agency's Form 990, *Return of Organization Exempt from Income Tax* remains subject to examination by the IRS, generally for three years after filing. There was no unrelated business income for the period ending June 30, 2022, which is not covered by this exemption.
- F. <u>Unpaid Accumulated Vacation Pay</u> Employees of the Agency earn one to two days of vacation per month depending upon the number of years of employment, beginning on the seventh month of employment. At the end of each year, employees may carry forward vacation time earned but not taken, up to a maximum of 360 hours. Subject to this limitation, unused vacation pay is paid to employees upon separation at hourly rates being earned. Due to the immateriality of this amount in relation to total agency payrolls, no accrual has been made for accumulated vacation pay.
- G. <u>Cash and Equivalents</u> For the purpose of the statements of cash flows, the Agency considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.
- H. <u>Functional Allocation of Expenses</u> Functional expenses are allocated between program services and supporting services. Supporting services include fundraising and general and administrative activities. General and administrative expenses include those expenses that are not directly identifiable with any other specific function, but provide for the overall support and direction of the Agency. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function, which require allocation on a reasonable basis that is consistently applied. Salaries, payroll taxes, and benefits are allocated on the basis of estimates of time and effort.
- I. <u>Comparative Data</u> Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Agency's financial position and results of operations. Certain reclassifications from prior year information were made to conform to current year presentation.

1. <u>Summary of Significant Accounting Policies (continued):</u>

- J. <u>Revenue Recognition</u> In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) NO. 2014-09, *Revenue from Contracts with Customers* (*Topic 606*) and ASU No. 2018-08, *Not-for-Profit Entities (Topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, both adopted by the Agency in 2019, the Agency recognizes grant revenue as exchange transactions, which revenue is recognized as it is earned in accordance with approved grant contracts. Based on the Agency's evaluation process and review of its grant contracts, the timing and amount of revenue recognized previously is consistent with how revenue is recognized under the new standards.
- K. Recently Adopted Accounting Standards -

On September 17, 2020, FASB issued Accounting Standards Update (ASU) No. 2020-07, Notfor-Profit Entities (Topic 958), Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. The standard requires not-for-profit entities to expand their financial statement presentation and disclosure of contributed nonfinancial assets (commonly referred to as gifts-in-kind). The standard includes disclosure of information on an entity's policies on contributed nonfinancial assets about monetization and utilization during the reporting period, information on donor-imposed restrictions, and valuation techniques. The new standard, as amended, is to be applied retrospectively, to annual reporting periods beginning after June 15, 2021. The Agency adopted the standard on a retrospective basis as of July 1, 2021. Adoption of this standard did not have a significant impact on the financial statements, as the Agency did not receive any nonfinancial assets in the current year.

- L. <u>Advertising Costs</u> Advertising costs are expensed as incurred. For the year ended June 30, 2022, the Agency had no advertising costs. For the prior year, advertising costs approximated \$69.
- 2. <u>Cash and Cash Equivalents</u>:

At June 30, 2022, cash and cash equivalents totaled \$165,561, including \$800 petty cash (book balances). Bank balances totaled \$191,643 at June 30, 2022, all of which are secured by FDIC Insurance.

Resident funds are maintained in separate non-interest bearing checking accounts as required by contractual guidelines. Cash and cash equivalents at June 30, 2022, included \$13,538 in restricted deposits.

3. <u>Revenue Receivable and Long-Term Receivable:</u>

Revenue receivable and long-term receivable represent the amounts due from the Agency's contracts with the State of Louisiana, DCFS, AmeriGroup and Louisiana Healthcare Connections, as thirdparty reimbursements for services rendered to clients. Receivables are stated at the amount management expects to collect from outstanding balances. Amounts expected to be collected within one year are reported as current assets (\$190,299 as of June 30, 2022), while amounts that are in the collection process but not anticipated to be collected within one year are reported as non-current assets (\$120,895 as of June 30, 2022). Balances that are still outstanding after management has exhausted all reasonable collection efforts are written off using the direct write-off method.

4. Asset Liquidity and Availability of Resources:

The Agency regularly monitors the availability of resources required to meet its operating needs and other contractual commitments. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Agency considers all expenditures related to its regular, recurring, and ongoing program service activities, as well as the conduct of services undertaken to support those activities, to be general expenditures. The Agency anticipates revenues to be sufficient to meet its general expenditure needs.

As of June 30, 2022, the following financial assets could be made easily available within one year of the statement of financial position date to meet general expenditures:

Cash, cash equivalents and restricted cash	\$165,561
Revenue receivables (current)	<u>190,299</u>
Total financial assets, period end	\$355,860
Less, those unavailable for general expenditures within one year, due to:	
Restricted cash (Residents' deposits)	<u>(13,538</u>)
Financial assets available to meet cash needs	¢242222
for general expenditures within one year	\$ <u>342,322</u>

As part of its liquidity management, the Agency has a policy to structure its financial assets to be made available as general expenditures, liabilities, and other obligations become due. This policy includes utilization of resources such as established lines of credit described in Note 7, as well as management of major receivables.

5. Fair Value of Financial Instruments:

The Agency's financial instruments consist of cash, receivables and mortgage notes payable. The carrying value of these instruments approximates their fair values.

The Agency has adopted FASB Accounting Standards Codification Topic 820, "Fair Value Measurements". Topic 820 requires disclosures that stratify balance sheet amounts measured at fair value based on the inputs used to derive fair value measurements. These strata include:

Level 1 valuations, where the valuation is based on quoted market prices for identical assets or liabilities traded in active markets (which include exchanges and over-the-counter markets with sufficient volume).

Level 2 valuations, where the valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 valuations, where the valuation is generated from model-based techniques that use significant assumptions not observable in the market, but observable based on Agency-specific data. These unobservable assumptions reflect the Agency's own estimates for assumptions that market participants would use in pricing the asset or liability. Valuation techniques typically include option pricing models, discounted cash flow models and similar techniques, but may also include the use of market prices of assets or liabilities that are not directly comparable to the subject asset or liability.

6. Fixed Assets:

The following is a summary of changes in fixed assets for the Agency for the two-year period ended June 30, 2022:

8. <u>Retirement Commitments</u>:

The Agency offers employees the option of participating in an employee-sponsored Simple IRA retirement plan with American Funds. The plan allows employees to make contributions to the plan at time of hire. After the six months' probation period, the Agency will match up to three percent of the employee's salary to the plan. For the year ended June 30, 2022, Cane River Children's Services, Inc.'s contribution amount was \$4,261 and employee contributions totaled \$9,309.

9. <u>Related Parties</u>:

The Agency has deposits of \$191,643 and loans in the amount of \$618,999 at BOM Bank. One of the Agency's board members has an immediate family member who is an officer at BOM Bank. The Agency has a long-standing relationship with the bank and has experienced no adverse effects from any potential related-party transactions.

10. Pending Litigation:

Cane River Children's Services, Inc. has no legal action pending at June 30, 2022.

11. Lease Commitments:

Cane River Children's Services, Inc. has no lease commitments at June 30, 2022.

12. Compensation Paid to Board Members:

The members of the Board of Directors serve as volunteers and receive no compensation.

13. Concentrations and Economic Dependency:

The Agency receives the majority of its revenue from funds provided through federal and state grants administered by the State of Louisiana. The grant amounts are appropriated each year by the federal and state governments. If significant budget cuts are made at the federal and/or state level, the amount of the funds the Agency receives could be reduced significantly. Either of these conditions could have an adverse impact on its operations. Management is not aware of any actions that will adversely affect the amount of funds the Agency will receive in the next fiscal year.

14. Accounting Pronouncements Issued but Not Yet in Effect:

In February 2016, the Financial Accounting Standards Board (FASB) issued ASU No. 2016-02, *Leases*. This accounting standard requires lessees to recognize assets and liabilities related to lease arrangements longer than 12 months on the balance sheet as well as additional disclosures. In July 2018, the FASB issued ASU 2018-11, *Leases (Topic 842), Targeted Improvements*, to simplify the lease standard's implementation. The amended guidance relieves businesses and other organizations from the requirement to present prior comparative years' results when they adopt the new lease standard. Instead of recasting prior year results using the new accounting when they adopt the guidance, companies can choose to recognize the cumulative effect of applying the new standard to leased assets and liabilities as an adjustment to the opening balance of net assets. This standard is effective for annual periods beginning after December 15, 2021. The Agency is currently assessing the impact of this pronouncement on its financial statements.

15. Subsequent Events:

Management has evaluated subsequent events through December 9, 2022, the date which the financial statements were available to be issued, and determined that there were no items to be reported as subsequent events.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Cane River Children's Services, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Cane River Children's Services, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 9, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cane River Children's Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cane River Children's Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Cane River Children's Services, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we consider the deficiency described as *Item 2022-001 - Segregation of Duties* to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cane River Children's Services, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Cane River Children's Services, Inc.'s Response to Finding

Cane River Children's Services, Inc.'s response to the finding identified in our audit is described in the accompanying Management's Corrective Action Plan. Cane River Children's Services, Inc.'s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion thereon.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purposes. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors of Cane River Children's Services, Inc. Natchitoches, LA 71457

Report on Compliance for Each Major Federal Program

We have audited Cane River Children's Services, Inc. (Agency) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Agency's major federal programs for the year ended June 30, 2022. The Agency's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

Opinion on the Major Federal Program

In our opinion, Cane River Children's Services, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2022.

Report on Internal Control over Compliance

Management of Cane River Children's Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance with a type of compliance control over compliance with a type of compliance control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

Bank Reconciliations

- 3. We obtained a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Management identified the entity's main operating account. We selected the entity's main operating account and randomly selected 4 additional accounts (or all if less than 5). We randomly selected one month from the fiscal period, and obtained and inspected the corresponding bank statement and reconciliation for the selected accounts, and observed that:
 - Bank reconciliations include evidence that they were prepared within two months of the related statement closing date (e.g. initialed and dated, electronically logged);
 - Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g. initialed and dated, electronically logged); and
 - Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Procedure Results: No exceptions were noted as a result of these procedures.

Collections (excluding electronic funds transfers)

- 4. We obtained a listing of deposit sites for the fiscal period where deposits for cash/check/money order (cash) are prepared and management's representation that the listing is complete. We randomly selected 5 deposit sites (or all deposit sites if less than 5).
- 5. We obtained a listing of collection locations and management's representation that the listing is complete. We randomly selected one collection location for each deposit site selected. We obtained and inspected written policies and procedures relating to employee job duties (if no written policies or procedures, inquired of employees about their job duties) at each collection location, and observed that job duties were properly segregated at each collection location such that:
 - Employees that are responsible for cash collections do not share cash drawers/registers.
 - Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

- The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.
- 6. We obtained from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. We observed that the bond or insurance policy for theft was enforced during the fiscal period.
- 7. We randomly selected two deposit dates for each of the bank accounts selected for procedure #3 under "Bank Reconciliations" above (selected the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly selected a deposit if multiple deposits were made on the same day). We obtained supporting documentation for each of the deposits selected and:
 - We observed that receipts are sequentially pre-numbered.
 - We traced sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - We traced the deposit slip total to the actual deposit per the bank statement.
 - We observed that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - We traced the actual deposit per the bank statement to the general ledger.

Procedure Results: No exceptions were noted as a result of these procedures.

Non-Payroll Disbursements – General (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- 8. We obtained a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. We randomly selected the required amount of disbursement locations (up to five).
- 9. For each location selected under #8 above, obtain a listing of those employees involved with nonpayroll purchasing and payment functions. We obtained written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and we observed that job duties are properly segregated such that:
 - At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - At least two employees are involved in processing and approving payments to vendors.
 - The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

- 10. For each location selected under #8 above, we obtained the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtained management's representation that the population is complete. We randomly selected 5 disbursements for each location, and obtained supporting documentation for each transaction and:
 - We observed that the disbursement matched the related original itemized invoice and that documentation indicates that deliverables included on the invoice were received by the entity.
 - We observed that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Procedure Results: No exceptions were noted as a result of these procedures.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

- 11. We obtained from management a listing of all active credit cards, bank debit cards, fuel cards, and Pcards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. We obtained management's representation that the listing is complete.
- 12. Using the listing prepared by management, we randomly selected the required amount of cards (up to five) that were used during the fiscal period. We randomly selected one monthly statement or combined statement for each card (for a debit card, randomly selected one monthly bank statement), and obtained supporting documentation, and:
 - We observed that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder.
 - We observed that finance charges and late fees were not assessed on the selected statements.
- 13. Using the monthly statements or combined statements selected under #12 above, <u>excluding fuel cards</u>, we randomly selected the required amount transactions (up to ten) from each statement, and obtained supporting documentation for the transactions. For each transaction, we observed that it is supported by (1) an original itemized receipt that identified precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, we described the nature of the transaction and noted whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Procedure Results: No exceptions were noted as a result of these procedures.

Travel and Expense Reimbursement

14. We obtained from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. We randomly selected five reimbursements, and obtained the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the five reimbursements selected:

- If reimbursed using a per diem, we observed that the approved reimbursement rate is no more than those rates established by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
- If reimbursed using actual costs, we observed that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
- We observed that each reimbursement was supported by documentation of the business/public purpose (for meal charges, we observed that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
- We observed that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Procedure Results: No travel or reimbursement expenditures to test in the current year.

Contracts

- 15. We obtained from management a listing of all agreements/contracts for professional services, materials, and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. We obtained management's representation that the listing is complete. We randomly selected the required amount of contracts (up to five) from the listing, excluding our contract, and:
 - We observed that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - We observed that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
 - If the contract was amended (e.g. change order), we observed that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g. if approval is required for any amendment was approval documented).
 - We randomly selected one payment from the fiscal period for each of the selected contracts, obtained the supporting invoice, agreed the invoice to the contract terms, and observed that the invoice and related payment agreed to the terms and conditions of the contract.

Procedure Results: No exceptions were noted as a result of these procedures.

Payroll and Personnel

- 16. We obtained a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. We randomly selected five employees/officials, obtained related paid salaries and personnel files, and agreed paid salaries to authorized salaries/pay rates in the personnel files.
- 17. We randomly selected one pay period during the fiscal period. For the five employees/officials selected under #16 above, we obtained attendance and leave documentation for the pay period, and:
 - We observed that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory).
 - We observed that supervisors approved the attendance and leave of the selected employees/officials.

- We observed that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
- We observed that the rate paid to the employees or officials agree to the authorized salary/pay rate found with the personnel file.
- 18. We obtained a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. If applicable, we selected two employees or officials, and obtained related documentation of the hours and pay rates used in management's termination payment calculations and the entity policy on termination payments. If applicable, we agreed the hours to the employees or officials' cumulative leave records, and the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and the termination payment to entity policy.
- 19. We obtained management's representation that employer and employee portions of third-party payroll related amounts (e.g. payroll taxes, retirement contributions, health insurance premiums, workers' compensation premiums, etc.) have been paid, and associated forms have been filed, by required deadlines.

Procedure Results: No exceptions were noted as a result of these procedures.

Ethics

- 20. Using the five randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, we obtained ethics compliance documentation from management, and:
 - We observed that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
 - We observed that the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

Procedure Results: This category is not applicable to nonprofit organizations.

- 22. We obtained a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. We randomly selected one bond/note, inspected debt covenants, obtained supporting documentation for the reserve balance and payments, and agreed actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Procedure Results: This category is not applicable to nonprofit organizations.

Fraud Notice

- 23. We obtained a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. We selected all misappropriations on the listing, obtained supporting documentation, and observed that the entity reported the misappropriation(s) to the legislative auditor and the District attorney of the parish in which the entity is domiciled.
- 24. We observed whether the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Procedure Results: No exceptions were noted as a result of these procedures.

Information Technology Disaster Recovery/Business Continuity

25. We performed the following procedures:

- We obtained and inspected the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquired of personnel responsible for backing up critical data) and observed that such backup occurred within the past week. If backups are stored on the physical medium (e.g., tapes, CDs), we observed that backups are encrypted before being transported.
- We obtained and inspected the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquired of personnel responsible for testing/verifying backup restoration) and observed evidence that the test/verification was successfully performed within the past 3 months.
- We obtained a listing of the entity's computers currently in use, and their related locations, and management's representation that the listing is complete. We randomly selected the required number of computers (at least 5) and observed while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

Procedure Results: We performed the procedures and discussed the results with management.

- 28. We obtained the entity's annual sexual harassment report for the current fiscal period, observed that the report was dated on or before February 1, and observed that it includes the applicable requirements of R.S. 42:344:
 - Number and percentage of public servants in the agency who have completed the training requirements;

- Number of sexual harassment complaints received by the agency;
