Independent Accountants' Review Report

November 19, 2020

Thirty-Fifth Judicial District Indigent Defender Fund Colfax, Louisiana

We have reviewed the accompanying basic financial statements of the governmental activities and each major fund of the Indigent Defender Fund for the Thirty-Fifth Judicial District (The Agency), a component unit of the Louisiana Public Defender Board, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of the Indigent Defender Fund. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

The management of the Indigent Defender Fund is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying basic financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Supplemental Information

The supplemental information included in the accompanying schedule of Compensation, Benefits, and Other Payments to Agency Head of Chief Executive Officer is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management. We have not audited or reviewed such information, and as such we do not express an opinion, a conclusion, nor provide any assurance on it.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information listed in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. We have not audited, reviewed, or compiled the required supplemental information, and we do not express an opinion or provide any assurance on the supplementary information.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report dated November 19, 2020, on the results of our agreed-upon procedures.

Management's Discussion and Analysis June 30, 2020

This section of the annual financial report presents our discussion and analysis of the Indigent Defender Fund's financial performance during the fiscal year ended June 30, 2020.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Indigent Defender Fund's financial position and results of operations from differing perspectives which are described as follows:

Government - Wide Financial Statements

The government-wide financial statements report information about the Indigent Defender Fund as a whole using accounting methods similar to those used by private-sector companies. The government-wide financial statements report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Indigent Defender Fund's assets and all of its liabilities. All of the Fund's activities are classified as governmental activities in the government-wide financial statements. The governmental activities are financed primarily by state appropriations and certain fees.

Fund Financial Statements

Fund financial statements provide detailed information regarding the Indigent Defender Fund's most significant activities and are not intended to provide information for the Fund as a whole. Funds are accounting devices that are used to account for specific sources of funds. All of the Indigent Defender Fund's funds are Governmental Funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental fund uses a modified accrual basis of accounting that provides a short-term view of the Indigent Defender Fund's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

Notes to Financial Statements For the Period Ended June 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Thirty-Fifth Judicial District Indigent Defender Fund was established under the laws of the State of Louisiana in order to provide legal representation for indigent people involved in criminal proceedings. The fund receives appropriations from the State of Louisiana as well as fees and other costs, which are assessed from persons participating in the judicial process. The Fund may also receive fees from indigent defendants, whenever the District Judge determines that fees of this nature are appropriate. The Fund is administered by the District Public Defender who is appointed by the Louisiana Public Defender Board.

The accompanying policies conform to generally accepted accounting principles for governmental units.

Financial Reporting Entity

Governmental Accounting Standards established criteria for determining which component units should be considered part of the financial reporting entity. The basic criterion for including a potential component unit within the reporting entity is financial accountability. Criteria to be considered in determining financial accountability include:

- 1. Appointing a voting majority of an organization's governing body, and
 - a) The ability of the reporting entity to impose its will on that organization and/or
 - b) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
- 2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
- 3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the criteria presented above, the Indigent Defender Fund is a component of the Louisiana Public Defender Board, which is a component of the State of Louisiana. The accompanying financial statements present information only on the accounts maintained by the Public Defender of the Thirty-Fifth Judicial District. The financial statements do not present information of the State of Louisiana or the Louisiana Public Defender Board, the general government service provided by those governmental units, or other governmental units that comprise the financial reporting entity.

Notes to Financial Statements For the Period Ended June 30, 2020

Basic Financial Statements

All operations are classified as governmental activities. Governmental activities involve government services that are normally supported by State appropriations and certain fees. The basic financial statements include both government-wide and fund financial statements. The government-wide and fund financial statements present the financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information as a whole. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, fees, contributions associated with a particular function and most grants.

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. Major funds are limited to the General Fund.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when measurable and available as net current assets. Revenues are considered available if the revenue is collected within 60 days of the year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Inventories of supplies are considered immaterial and are not recorded.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budgets

Budgets are adopted prior to the beginning of each year using the generally accepted basis of accounting. Furthermore, budgets are amended in the manner prescribed by state law.

Notes to Financial Statements For the Period Ended June 30, 2020

Cash and Cash Equivalents:

Amounts reported as cash and cash equivalents include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments.

Compensated Absences:

The personnel policy adopted by the Public Defender does not allow employees to carryover material amounts of vested leave. As a result, no provision for compensated absences is included in the accompanying financial statements.

NOTE 2 - CASH AND CASH EQUIVALENTS

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2020, the Fund's entire collected bank balance was fully secured from risk by federal deposit insurance.

NOTE 3 – ACCOUNTS RECEIVABLE
