INDEPENDENT AUDITOR’S REPORT

To the District Public Defender of the
32nd JDC Parish of Terrebonne,
Houma, Louisiana.

Opinions

We have audited the accompanying financial statements of the governmental activities and the General Fund of the Office of the District Public Defender 32nd JDC Parish of Terrebonne (the “Office”), State of Louisiana, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Office’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Office of the District Public Defender 32nd JDC Parish of Terrebonne as of June 30, 2025, and the respective changes in financial position thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Office and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Office's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently know information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud and error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Office's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the Schedule of the Office's Proportionate Share of the Net Pension Liability (Asset) and Schedule of the Office's Contributions on pages 5 through 10, 34, and 35, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considered it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Office's basic financial statements. The Justice System Funding Schedule - Receiving Entity as Required by Act 87 of 2020 Regular Legislative Session, on page 36, and the Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer, on page 37, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Compensation, Benefits, and Other Payments to Agency Head or Chief Executive Officer is required by Louisiana Revised Statute 24:513(A)(3). Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2025 on our consideration of the Office's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Office's internal control over reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Office's internal control over financial reporting and compliance.

Bougeois Bennett, L.L.C.

MANAGEMENT’S DISCUSSION AND ANALYSIS

Office of the District Public Defender 32nd JDC Parish of Terrebonne Houma, Louisiana

June 30, 2025

The Management’s Discussion and Analysis of the Office of the District Public Defender 32nd JDC Parish of Terrebonne (the “Office”) financial performance presents a narrative overview and analysis of the Office’s financial activities for the year ended June 30, 2025. This document focuses on the current period’s activities, resulting changes, and currently known facts. Please read this document in conjunction with the basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

The Office’s assets exceeded its liabilities at the close of the year ended June 30, 2025 by \$1,175,859 (net position), which represents a \$37,506 increase from last fiscal period.

The Office’s revenues decreased \$170,231 (or 9.76%) primarily due to an decrease in grants received from Louisiana Public Defender Board.

The Office’s expenses increased by \$120,205 (or 8.49%) primarily due to increases in personal services.

The Office did not have a deficit fund balance in its General Fund.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Office’s basic financial statements. The Office’s annual report consists of three parts: (1) management’s discussion and analysis (this section), (2) basic financial statements, and (3) various governmental compliance reports and schedules by certified public accountants and management.

The basic financial statements include two kinds of statements that present different views of the Office:

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Office's finances, in a manner similar to a private sector business. The Statement of Net Position presents information on all of the Office's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Office is improving or deteriorating. The Statement of Activities presents information showing how the Office's net position changed during each fiscal period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs regardless of the timing-related cash flows.

Thus, revenues and expenses are reported in this Statement for some items that will only result in cash flows in future fiscal periods. The governmental activity of the Office is to provide legal defense to indigents.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. All of the funds of the Office are governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal period. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Office maintains one individual governmental fund. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance for the General Fund. The Office adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 11 through 15 of this report.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found in Exhibit F of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the Office's financial position. As of June 30, 2025, assets exceeded its liabilities by \$1,175,859 (net position). Net position investment in capital assets is reported at \$462,875 (net of accumulated depreciation) and is not available for future spending.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)**Governmental Activities**

Governmental activities increased the Office's net position by \$37,506. Key elements of this increase are as follows:

Condensed Statements of Activities

	<u>June 30,</u>		<u>Dollar</u>	<u>Total</u>
	<u>2025</u>	<u>2024</u>	<u>Change</u>	<u>Percent</u>
				<u>Change</u>

Net position, end of year	<u>\$ 1,175,859</u>	<u>\$ 1,138,353</u>	<u>\$ 37,506</u>	3.29%

In total, general government revenues decreased by \$170,231. The decrease in revenues is primarily due to a decrease in grant revenue. Grant revenues are received from the state and vary year-to-year depending on the funding available. Service fees have increased due to an increase in activity within the Parish. In total, general government expenses increased by \$120,205. The increase in expenses is primarily due to an increase in personal services due to pay raises given throughout the fiscal year.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Office uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Office's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Office's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal period. As

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (Continued)

of June 30, 2025, the Office's governmental fund reported an ending fund balance of \$695,267, an increase of \$45,723 and is classified as unassigned.

General Fund Budgetary Highlights

The budget was amended once during the year ended June 30, 2025. During the year ended June 30, 2025, revenues and expenditures were above budgetary estimates. Grant and service fee revenue reported budget variances of \$7,761 and \$96,976, respectively, while personal services reported a variance of \$(52,908) and operating costs reported a variance of \$17,816. The Office reported a net budget variance of \$67,768.

CAPITAL ASSETS AND DEBT ADMINISTRATION**Capital Assets**

The Office's net investment in capital assets for its governmental activities as of June 30, 2025, amounts to \$462,875 (net of accumulated depreciation). This investment in capital assets includes building, equipment, and furniture and fixtures.

	<u>2025</u>	<u>2024</u>
Building	\$ 437,036	\$ 453,845
Equipment	8,220	7,265
Furniture and fixture	<u>17,619</u>	<u>10,649</u>
Totals	<u>\$ 462,875</u>	<u>\$ 471,759</u>

Additional information on the Office's capital assets can be found in the Note 4, Exhibit F of this report.

Long-Term Obligations

Long-term obligations consisted of non-current liabilities for compensated absences of \$109,813. For the year ended June 30, 2025, compensated absence liabilities increased \$12,531. The net pension liability to the Parochial Employees Retirement System decreased \$100,748 as the obligation is reported as a net pension asset as of June 30, 2025.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District Public Defender considered the following factors and indicators when setting next year's budget, rates, and fees. These factors and indicators include:

- Revenue from the State Government is based on the amount provided by the State Office, revenue from and all other sources are budgeted based on prior year's level of activities.
- Operations are expected to continue at the same basic level with no expected changes.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Office's finances for all those with an interest in the Office's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the District Public Defender 32nd JDC Parish of Terrebonne, 504 Belanger Street, Houma, Louisiana 70360.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Office of the District Public Defender 32nd JDC Parish of Terrebonne (the "Office") conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

a) Reporting Entity and Period

GASB No. 14, *"The Financial Reporting Entity"*, GASB No. 39, *"Determining Whether Certain Organizations Are Component Units-an amendment of GASB Statement No. 14"*, and GASB No. 61, *"The Financial Reporting Entity: Omnibus and amendment of GASB Statements No. 14 and No. 34"* established the criterion for determining which component units should be considered part of the Office for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.
2. Whether the governing authority appoints a majority of the board members of the potential component unit.
3. Fiscal interdependency between the Office and the potential component unit.
4. Imposition of will by the Office on the potential component unit.
5. Financial benefit/burden relationship between the Office and the potential component unit.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

a) Reporting Entity and Period (Continued)

The Office has reviewed all of its activities and determined that there are no potential component units which should be included in its financial statements.

The Office is operated by the District Public Defender. The District Public Defender's authority is contingent upon the approval of the Louisiana Public Defender Board (the "Board") and the Board may relieve the District Public Defender of his duties.

b) Basis of Presentation

The Office's basic financial statements consist of the government-wide statements on all activities of the Office and the governmental fund financial statements.

Revenue and expenditure/expense classification and presentation used in the Office's basic financial statements is in accordance with Board policies.

Government-Wide Financial Statements:

The government-wide financial statements include the Statement of Net Position and the Statement of Activities for all activities of the Office. The government-wide presentation focuses primarily on the sustainability of the Office as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues.

Fund Financial Statements:

The daily accounts and operations of the Office are organized on the basis of a fund and accounts groups, each of which is considered a separate accounting entity. The operation of the fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures. Government resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The following is the governmental fund of the Office:

General Fund - The General Fund is the general operating fund of the Office. It is used to account and report for all financial resources except those that are required to be accounted for in another fund.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c) Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Government-Wide Financial Statements:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Fund Financial Statements:

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government’s availability criteria (susceptible to accrual). Available means that the resources will be collected within the current fiscal period or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal period. For this purpose, the Office considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Court costs on fines and forfeitures imposed by the Office and courts are recorded in the period they are collected by intermediate collectors. Interest income on investments is recorded as revenue when the investments have matured, and the income is available. Grants and miscellaneous revenues are recorded as revenues when received in cash by the Office because they are generally not measurable until actually received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Allocations of cost such as depreciation are not recognized in the governmental funds.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

e) Operating Budgetary Data

As required by the Louisiana Revised Statutes 39:1303, the District Public Defender adopted a budget for the General Fund. The budgetary practices include public notice of the proposed budget, public inspection and a public hearing on the budget prior to adoption. Any amendment involving the transfer of monies from one function to another or increases in expenditures must be approved by the District Public Defender. The Office amended its budget once during the year. All budgeted amounts which are not expended, or obligated through contracts, lapse at year-end.

The General Fund budget is adopted on a basis materially consistent with accounting principles generally accepted in the United States of America.

The General Fund budget presentation is included in the basic financial statements.

f) Accounts Receivable

The financial statements for the Office contain no allowance for uncollectible accounts. Uncollectible amounts due for receivables are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position or operations of the fund.

g) Capital Assets

The accounting treatment over equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

Government-Wide Financial Statements:

In the government-wide financial statements, fixed assets are accounted for as capital assets. Capital assets purchased or acquired with an original cost of \$500 or more are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g) Capital Assets (Continued)

Government-Wide Financial Statements: (Continued)

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	40 years
Equipment	5-12 years
Furniture and fixtures	5 years
Vehicle	5 years
Law books	5 years

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

h) Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditures) until then.

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then.

i) Vacation and Sick Leave

After one year of service, employees receive ten days of vacation. After ten years of employment an additional day will be earned each year maxing out at 20 days. Unused vacation at year-end may be carried forward to following years. Also, employees have 40 hours of sick leave per year. Upon termination, unused vacation for the year will be paid on a pro-rated basis, but sick leave will not be paid.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j) Pensions

For purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Parochial Employees Retirement System (the “System”) and additions to/deductions from the System fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

k) Fund Equity

Government-Wide Statements:

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. As of June 30, 2025, there were no outstanding balances of debt.
- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that do not meet the definition of “restricted” or “net investment in capital assets”.

When both restricted and unrestricted resources are available for use, it is the Office’s policy to use restricted resources first, then unrestricted resources as they are needed. As of June 30, 2025, the Office did not have restricted net position.

Fund Financial Statements:

Governmental funds’ fund balances are classified as fund balance. Fund balance is further classified as follows:

- a. Non-spendable - amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to maintain intact.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k) Fund Equity (Continued)

- b. Restricted - amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed - amounts that can be used only for specific purposes determined by formal action of the District Public Defender. Commitments may be established, modified, or rescinded only through approval of the District Public Defender.
- d. Assigned - amounts that do not meet the criteria to be classified as either restricted or committed but that are intended to be used for specific purposes. Assignments may be established, modified or rescinded only through approval of the District Public Defender.
- e. Unassigned - all other spendable amounts.

For the classification of governmental fund balances, the Office considers an expenditure to be made from the most restrictive first when more than one classification is available. The Office's fund balance was classified as unassigned as of June 30, 2025.

l) New GASB Statements

During the year ending June 30, 2025, the Office implemented the following GASB Statements:

Statement No. 101, "*Compensated Absences*" provides guidance to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement did not affect the financial statements as of and for the year ended June 30, 2025.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I) New GASB Statements (Continued)

Statement No. 102, “*Certain Risk Disclosures*” defines concentrations and constraints. The Statement also requires governments to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact and whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. Additional disclosures are to be included if reporting criteria is met which will provide users of government financial statements with essential information about risks related to a government’s vulnerabilities due to certain concentrations or constraints. This Statement did not affect the financial statements as of and for the year ended June 30, 2025.

The GASB has issued the following Statements which will become effective in future years as shown below:

Statement No. 103, “*Financial Reporting Model Improvements*” provides guidance to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government’s accountability. The Statement establishes new or modifies existing requirements related to Management’s Discussion and Analysis (MD&A), unusual or infrequent items, presentation of proprietary fund statement of revenues, expenses, and changes in fund net position, information about major component units in basic financial statements, and budgetary comparison information. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Management has yet to determine the effect of this Statement on the financial statements.

Statement No. 104, “*Disclosure of Certain Capital Assets*” provides guidance on the requirements of certain types of capital assets disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, “*Leases*”, and intangible right-to-use assets recognized in accordance with Statement No. 94, “*Public-Private and Public-Public Partnerships and Availability Payment Arrangements*”, should be disclosed separately by major class of underlying asset in the capital as-sets note disclosures. Subscription assets recognized in accordance with Statement No. 96, “*Subscription-Based Information Technology Arrangements*”, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

l) New GASB Statements (Continued)

date. Governments should consider relevant factors to evaluate the likelihood of the capital asset being sold within the established time frame. This Statement requires that capital assets held for sale be evaluated each reporting period. Governments should disclose (1) the ending balance of capital assets held for sale, with separate disclosure for historical cost and accumulated depreciation by major class of asset, and (2) the carrying amount of debt for which the capital assets held for sale are pledged as collateral for each major class of asset. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Management has yet to determine the effect of this Statement on the financial statements.

m) Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that effect the financial statements. Subsequent events have been evaluated through December 22, 2025, which is the date the financial statements were available to be issued.

Note 2 - DEPOSITS

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States or other federally insured investments, certificates of deposit of any bank domiciled or having a branch office in the State of Louisiana, guaranteed investments contracts and investment grade (A-1/P-1) commercial paper of domestic corporations.

Bank Deposits

State law requires deposits (cash) of all political subdivisions to be fully collateralized at all times. Acceptable collateralization includes the FDIC insurance and securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or with a trust company for the account of the political subdivision.

Note 2 - DEPOSITS (Continued)

The year-end balances of deposits are as follows:

	<u>Bank Balance</u>	<u>Reported Amount</u>
Cash	<u>\$ 703,315</u>	<u>\$ 678,454</u>

Custodial credit risk is the risk that in the event of a bank failure, the Office’s deposits may not be returned to it. The Office has a written policy for custodial credit risk. As of June 30, 2025, \$453,315 of the Office’s bank balance of \$703,315 was exposed to custodial credit risk because it was not fully covered by FDIC insurance.

As of June 30, 2025, cash was adequately collateralized in accordance with state law by securities held by unaffiliated banks for the account of the Office. The GASB, which promulgates the standards for accounting and financial reporting for state and local governments, considers these securities subject to custodial credit risk. Even though the deposits are considered subject to custodial credit risk under the provisions of GASB, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

Note 3 - DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due from other governmental units as of June 30, 2025 consisted of the following:

	<u>Amount</u>
Terrebonne Parish Sheriff	\$ 17,190
Terrebonne Parish Consolidated Government	77,634
City Court of Houma	<u>12,492</u>
Total	<u>\$ 107,316</u>

The amounts due from the Terrebonne Parish Sheriff’s Office are for court costs on fines and forfeitures imposed by the Office, bond fees, and court-ordered reimbursements. Amounts due from Terrebonne Parish Consolidated Government are for money collected for various items such as traffic citations.

Note 4 - CHANGES IN CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2025 was as follows:

	Balance July 1, 2024	Additions	Deletions	Balance June 30, 2025
Capital assets being depreciated:				
Building	\$ 504,272	\$ -	\$ -	\$ 504,272

Note 5 - ACCOUNTS PAYABLE AND ACCRUED EXPENDITURES

Accounts payable and accrued expenditures of \$90,503 as of June 30, 2025 consisted of salaries and benefits.

Note 6 - NON-CURRENT LIABILITIES

Non-current liabilities consist of accumulated unpaid vacation and net pension liability.

The following is a summary of the changes in long-term obligations of the Office as of June 30, 2025:

	Payable June 30, 2024	Obligations		Payable June 30, 2025
		Retired	Generated	
Compensated absences	\$ 97,282	\$ (30,687)	\$ 43,218	\$ 109,813
Net pension liability	100,748	(100,748)	-	-
	\$ 198,030	\$ (131,435)	\$ 43,218	\$ 109,813

Compensated absences are described in Note 1i.

Net pension liability is described in Note 8.

Note 7 - GOVERNMENTAL FUND REVENUES AND EXPENDITURES

For the year ended June 30, 2025, the major sources of governmental fund revenues and expenditures were as follows:

Revenues:	
State government:	
Grants	\$ 797,572
Local government:	
Statutory fines, fees, court costs, and other	770,153
Charges for services	3,077
Investment earnings	<u>3,341</u>
Total revenues	<u>\$ 1,574,143</u>
Expenditures:	
Personnel services:	
Salaries	\$ 918,173
Insurance	82,417
Retirement	95,188
Payroll taxes	<u>32,855</u>
Total personnel services	<u>1,128,633</u>
Professional development:	
Dues, licenses, and registrations	6,188
Travel	<u>2,243</u>
Total professional development	<u>8,431</u>
Operating costs:	
Library and research	21,131
Contract services - attorney/legal	216,090
Contract services - other	24,048
Rent - storage	13,846
Expert fees	4,375
Insurance	51,032
Supplies	26,441
Repairs and maintenance	7,938
Utilities and telephone	7,404
Other	<u>1,642</u>
Total operating costs	<u>373,947</u>
Capital outlay	<u>17,409</u>
Total expenditures	<u>\$ 1,528,420</u>

Note 8 - PENSION PLAN

Plan Description. The Office contributes to Plan A of the Parochial Employees' Retirement System of Louisiana ("System"), a cost-sharing, multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the State of Louisiana or any governing body or a parish which employs persons serving the parish. Act 765 of 1979, revised the System to create Plan A and Plan B to replace the "regular plan" and the "supplemental plan". Plan A was designated for employers out of Social Security. Plan B was designated for those employers that remained in Social Security on the revision date. The System is governed by Louisiana Revised Statutes, Title 11, Section 1901 through 2025, specifically and other general laws of the State of Louisiana.

Benefits Provided. The System provides retirement, deferred retirement, disability and death benefits. Retirement benefits are generally equal to 3.0% of the member's final average compensation multiplied by the years of creditable service. For members hired prior to January 1, 2007 they may retire with full benefits at any age upon completing 30 years of service, retire at age 55 after completing 25 years of service, retire at age 60 after completing ten years of service or retire at age 65 after completing seven years of service. For members hired after January 1, 2007 they may retire with full benefits at age 55 after completing 30 years of service, retire at age 62 after completing ten years of service or retire at age 67 after completing seven years of service. Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the System. When a member enters DROP their status changes from active to retired even though they continue to work and draw their salary for up to three years.

During participation in DROP, employer contributions are payable into a DROP Fund, but employee contributions cease. The election to participate in DROP is irrevocable once participation begins. Upon termination of employment a participant in DROP may receive a lump sum equal to payments into the participant's account, an annuity or a roll over to an individual retirement account. Members hired before January 1, 2007 with five or more years of service who become disabled may receive retirement benefits determined in the same manner as retirement benefits. Members hired after January 1, 2007 with seven or more years of service who become disabled may receive retirement benefits determined in the same manner as retirement benefits. Death benefits are payable to eligible surviving dependents based on the deceased member's years of creditable service and compensation and the dependent's relationship to the deceased member. The System provides permanent benefit increases, cost of living adjustments (COLA) as approved by the State Legislature.

Contributions. According to state statute, contributions for all employers are actuarially determined each year. For the plan year ending December 31, 2024, the actuarially determined employer contribution rate was 7.34% of member's compensation. However, the actual rate for the plan years ended June 30, 2025 and 2024 was 11.50%.

Note 8 - PENSION PLAN (Continued)

According to state statute, the System also receives $\frac{1}{4}$ of 1.00% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the members' compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Contributions to the System from the Office were \$95,188 for the year ended June 30, 2025.

Pension Asset. As of June 30, 2025, the Office reported a net pension asset of \$109,431 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2024 and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of that date. The Office's proportion of the net pension asset was based on a projection of the Office's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2024, the Office's proportion was .10882%, which was an increase of .00307% from its proportion measured as of December 31, 2023.

Pension Expense. For the year ended June 30, 2025, the Office recognized pension expense of \$81,990.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. As of June 30, 2025, the Office reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 66,781	\$ (9,513)
Net difference between projected and actual earnings on pension plan investments	-	(72,060)
Change in proportionate share	-	(1,697)
Changes in assumptions	-	(12,041)
Office contributions subsequent to the measurement date	<u>46,629</u>	<u>-</u>
	<u>\$ 113,410</u>	<u>\$ (95,311)</u>

Note 8 - PENSION PLAN (Continued)

The Office reported \$46,629 as deferred outflows of resources related to pensions resulting from Office contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Amount
2026	\$ 39,993
2027	97,117
2028	(111,337)
2029	(54,303)
Total	\$ (28,530)

Actuarial Assumptions. A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2024 are as follows:

Valuation Date	December 31, 2024
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Expected Remaining	
Service Lives	4 years
Inflation Rate	2.30%
Investment Rate of Return	6.40%, net of investment expense, including inflation.
Projected Salary Increases	4.75% (2.30% Inflation, 2.45% Merit).
Mortality Rates	Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2021 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2021 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2021 scale for disabled annuitants.
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

Note 8 - PENSION PLAN (Continued)

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing method (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.40% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.13% for the year ended December 31, 2024.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2024 are as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	37.00%	1.08%
Equity	47.00%	2.82%
Alternatives	15.00%	0.76%
Real assets	<u>1.00%</u>	<u>0.07%</u>
Totals	<u>100.00%</u>	4.73%
Inflation		<u>2.40%</u>
Expected Arithmetic Nominal Rate		<u>7.13%</u>

Discount Rate. The discount rate used to measure the collective pension liability was 6.40% as of December 31, 2024. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 8 - PENSION PLAN (Continued)

Sensitivity of the Office’s Proportionate Share of the Collective Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the Office’s proportionate share of the Collective Net Pension Liability (Asset) using the discount rate of 6.40%, as well as what the Office’s proportionate share of the Net Pension Liability (Asset) would be if it were calculated using a discount rate that is one percentage-point lower (5.40%) or one percentage-point higher (7.40%) than the current rate:

	<u>1.00% Decrease (5.40%)</u>	<u>Current Discount Rate (6.40%)</u>	<u>1.00% Increase (7.40%)</u>
Office’s proportionate share of the net pension liability (asset)	<u>\$ 558,464</u>	<u>\$ (109,431)</u>	<u>\$ (670,052)</u>

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the District Public Defender of the
32nd JDC Parish of Terrebonne,
Houma, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the General Fund of the Office of the District Public Defender 32nd JDC Parish of Terrebonne (the “Office”), State of Louisiana, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Office’s basic financial statements and have issued our report thereon dated December 22, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Office’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Office’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or, detect and correct misstatements on a timely basis. *A material weakness* is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Office’s financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Office's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Office's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

Certified Public Accountants.

STATEWIDE AGREED-UPON PROCEDURES

INDEPENDENT ACCOUNTANT’S REPORT ON
APPLYING AGREED-UPON PROCEDURES

To the District Public Defender of the
32nd JDC Parish of Terrebonne,
Houma, Louisiana.

We have performed the procedures described in Schedule 3 on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor’s (LLA) Statewide Agreed-Upon Procedures (SAUP) for the fiscal period July 1, 2024 through June 30, 2025. The Office of the District Public Defender 32nd JDC Parish of Terrebonne (the “Office”) management is responsible for those C/C areas identified in the SAUPs.

The Office has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in the LLA’s SAUPs for the fiscal period July 1, 2024 through June 30, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purpose. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are described in Schedule 3.

We were engaged by the Office to perform this agreed-upon procedures engagement and conducted our engagement in accordance with the attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on these C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Office and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

SCHEDULE OF PROCEDURES AND ASSOCIATED FINDINGS
OF THE STATEWIDE AGREED-UPON PROCEDURES

Office of the District Public Defender
32nd JDC Parish of Terrebonne
Houma, Louisiana

For the year ended June 30, 2025

The required procedures and our findings are as follows:

1. Procedures Performed on the Office's Written Policies and Procedures:

A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:

i. ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.

Performance: Obtained and read the written policy for budgeting and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

ii. ***Purchasing***, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.

Performance: Obtained and read the written policy for purchasing.

Exceptions: There was an exception noted due to the policy lacking a provision on how vendors are added to the vendor list.

iii. ***Disbursements***, including processing, reviewing, and approving.

Performance: Obtained and read the written policy for disbursements and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

iv. ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

Performance: Obtained and read the written policy for receipts and found it to address the functions listed below

Exceptions: There were no exceptions noted.

1. Procedures Performed on the Office's Written Policies and Procedures: (Continued)

- v. Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.

Performance: Obtained and read the written policy for payroll and personnel.

Exceptions: There was an exception noted due to the policy lacking a provision on the approval process for employee rate of pay or approval and maintenance of pay rate schedules.

- vi. Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

Performance: Obtained and read the written policy for contracts and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

- vii. Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

Performance: Obtained and read the written policy for travel and expense reimbursement and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

- viii. Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

Performance: Obtained and read the written policy for credit cards and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

- ix. Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

Performance: Obtained and read the written policy for ethics.

Exceptions: This policy does not contain a provision for the requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the Office's ethics policy.

- x. Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Performance: The Office cannot issue any debt; therefore, this procedure is not applicable.

1. Procedures Performed on the Office's Written Policies and Procedures: (Continued)

- xi. Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Performance: Inquired of management regarding the Office's information technology disaster recovery/business continuity policy.

Exceptions: The Office did not have an information technology disaster recovery/business continuity policy.

- xii. Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Performance: Obtained and read the written policy for sexual harassment.

Exceptions: The policy does not include a provision for annual reporting.

2. Procedures Performed on the Office's Board or Finance Committee:

Prior year testing resulted in no exceptions related to the board or finance committee. Therefore, testing is not required in the current year.
