INDEPENDENT AUDITORS' REPORT

To the Jefferson Davis Parish Police Jury
Jennings, Louisiana

Adverse and Unmodified Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Jefferson Davis Parish Police Jury ("Policy Jury"), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Jefferson Davis Parish Police Jury's basic financial statements as listed in the table of contents.

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Government Activities	Unmodified
Aggregate Discretely Presented Component Units	Adverse
Major Funds	Unmodified
Aggregate Remaining Fund Information	Unmodified

Adverse Opinion on Aggregate Discretely Presented Component Units

In our opinion, because of the significance of the matter described in the Basis for Adverse and Unmodified Opinions section of our report, the financial statements referred to above do not present fairly the financial position of the aggregate discretely presented component units of the Police Jury, as of December 31, 2022, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions on Governmental Activities, Each Major Fund, and the Aggregate Remaining Fund Information

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregated remaining fund information of the Police Jury, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Jefferson Davis Parish Police Jury
Jennings, Louisiana**

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Police Jury and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Matters Giving Rise to Adverse Opinion on the Aggregate Discretely Presented Component Units

The financial statements do not include financial data for the Police Jury's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the Police Jury's primary government unless the Police Jury also issues financial statements for the financial reporting entity that include the financial data for its component units. The Police Jury has not issued such reporting entity financial statements. The effects of not including the Police Jury's legally separate component units on the aggregate discretely presented component units have not been determined.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Police Jury's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Jefferson Davis Parish Police Jury
Jennings, Louisiana**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Police Jury's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Police Jury's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that budgetary comparison information, changes in the total OPEB liability and related ratios, employer's share of net pension liability, and employer pension contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted primarily of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

**Jefferson Davis Parish Police Jury
Jennings, Louisiana**

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Police Jury's basic financial statements. The combining and individual nonmajor fund financial statements, justice system funding schedule – receiving entity, the schedule of compensation, benefits, and other payments to agency head, the schedule of compensation paid to police jurors, and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, justice system funding schedule, the schedule of compensation, benefits, and other payments to agency head, the schedule of compensation paid to police jurors, and schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2024, on our consideration of the Police Jury's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Police Jury's internal control over financial reporting and compliance.

**Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances - Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2022**

Total net change in fund balances - governmental funds		\$ 7,440,722
The change in net position reported for governmental activities in the Statement of Activities is different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital asset purchases	1,467,203	
Depreciation expense of moveable property	(2,882,203)	
Amortization expense for right-of-use equipment	<u>(218,908)</u>	(1,633,908)
The net effect of various miscellaneous transactions involving capital assets, such as sales, trade-ins, and donations is to increase (decrease) net position.		
		(26,662)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of longterm debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.		
Bond principal payments	1,291,391	
Capital lease principal payments	106,707	
Right-of-use lease principal payments	<u>222,767</u>	1,620,865
Governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.		
Bond issue cost amortization		(25,688)
Government funds do not report changes in long-term liabilities as expenditures. However, the following changes in long-term liabilities do appear in the Statement of Activities since the liabilities are reported on the Statement of Net Position		
Change in net pension liability and pension-related deferrals	255,323	
Change in the other post-employment benefit liability	<u>671,464</u>	926,787
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.		
Change in accrued interest payable		7,644

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Jefferson Davis Parish Police Jury (“Police Jury”) is the governing authority for Jefferson Davis Parish and is a political subdivision of the State of Louisiana. The Police Jury is governed by 13 jurors representing the various districts within the parish. The jurors serve four-year terms, which expire on December 31, 2023.

Louisiana Revised Statutes 33:1236 gives the Police Jury various powers in regulating and directing the affairs of the parish and its inhabitants. The more notable of these are the power to make regulations for its own government; to regulate the construction and maintenance of roads, bridges, and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged, and unemployed in the parish. Funding to accomplish these tasks is provided by ad valorem taxes, beer and alcoholic beverage permits, state revenue sharing, and various other state and federal grants.

Jefferson Davis Parish occupies 650 square miles with a population of approximately 31,400. The Police Jury maintains approximately 632 miles of roads, with 182 miles paved and 450 miles gravel. Police Jury offices are located in the Sidney Briscoe Jr. Building next to the parish courthouse in Jennings, Louisiana, with road maintenance facilities located at five primary locations within the parish.

The accounting and reporting policies of the Jefferson Davis Parish Police Jury conform to generally accepted accounting principles (GAAP) as applicable to governmental units. The Government Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting policies. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Jefferson Davis Parish Police Jury is the financial reporting entity for Jefferson Davis Parish. The financial reporting entity consists of (a) the primary government (Police Jury), (b) organizations for which the primary government is financially accountable and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading.

Government Accounting Standards Board (GASB) Statement No. 14 establishes criteria for determining the governmental reporting entity and component units that should be considered part of the Jefferson Davis Parish Police Jury for financial reporting purposes. Under provisions of this statement, the Police Jury is considered a primary government, since it is a special purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement No. 14, fiscally independent means that the Police Jury may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability.

A. REPORTING ENTITY – (Continued)

This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the Police Jury to impose its will on the organization or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Police Jury.
2. Organizations for which the Police Jury does not appoint a voting majority but are fiscally dependent on the Police Jury and there is the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Police Jury.
3. Organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading.

Based on the previous criteria, the Police Jury has determined that the following component units are part of the reporting entity:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

A. REPORTING ENTITY – (Continued)

The Police Jury has chosen to issue financial statements of the primary government only; therefore, none of the previously listed component units are included in the accompanying financial statements. Financial statements for these component units can be obtained from the individual component units.

These primary government financial statements include all major funds, aggregate non-major funds and organizations for which the Police Jury maintains the accounting records. The Thirty-First Judicial District Criminal Court Fund for which the Police Jury maintains the accounting records is considered part of the primary government.

GASB Statement 14 provides for the issuance of primary government financial statements that are separate from those of the reporting entity. However, the primary government's financial statements are not a substitute for the reporting entity's financial statements. The Police Jury has chosen to issue financial statements of the primary government only. As such, these financial statements are not intended to and do not report on the reporting entity but rather are intended to reflect only the financial statements of the primary government.

Considered in the determination of component units of the reporting entity were the Sheriff, Clerk of Court, Tax Assessor, School Board, Sanitary Landfill Commission, the District Attorney for the Thirty-First Judicial District, and the various municipalities in the parish. It was determined that these governmental entities are not component units of the Jefferson Davis Parish Police Jury reporting entity. All are governed by independently elected officials except the Landfill Commission which has Commissioners appointed by the member governments (see Note 17). The Police Jury, primary government, neither appoints governing boards nor designates management, the entities are legally separate, and are fiscally independent of the Jefferson Davis Parish Police Jury. They are considered by the Police Jury to be separate, autonomous governments and issue financial statements separate from those of the Jefferson Davis Parish Police Jury reporting entity.

Joint Venture

Jefferson Davis Parish Landfill Commission - A jointly owned commission with the Cities of Jennings, Welsh and Lake Arthur was formed to provide a solid waste disposal facility for its member-owners. This commission has not been included in the reporting entity.

B. BASIS OF PRESENTATION

Government-Wide Financial Statements:

The government-wide financial statements include the Statement of Net Position and the Statement of Activities that report financial information for the primary government only. For the most part, the effect of interfund activity has been removed from these statements. Individual funds are not displayed but the statements report governmental activities, which normally are supported by taxes and intergovernmental revenues. The Police Jury has no business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues included: (1) charges for services which report licenses, permits, fees, fines, and forfeitures, and other

to users of the Police Jury's services; (2) operating grants and contributions which finance annual operating activities; and (3) capital grants and contributions, which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements (FFS)

The accounts of the Police Jury are organized on the basis of funds each of which is considered a separate accounting entity with a separate set of self-balancing accounts. Fund financial statements are provided for governmental funds with major individual government funds reported in separate columns and a composite column for non-major governmental funds. A fund is considered major if it is the primary operating fund of the Police Jury, Section 8 Housing Fund, or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

The major funds of the Police Jury are described below:

General Fund - The General Fund is the general operating fund of the Police Jury. It is used to account for all financial resources except those required to be accounted for in another fund.

Road Sales Tax District No. 1 Sales Tax Fund - The Road Sales Tax District No. 1 Sales Tax Fund accounts for the receipt of a 2% sales tax effective for twenty (20) years beginning January 1, 2007. Sales tax proceeds are to be used for the retirement of the 2016 Sales Tax Refunding Bonds for \$11,800,000. All moneys remaining in the Sales Tax Fund on the 20th day of each month in excess of all reasonable and necessary expenses of collection and administration of the tax and after making the required payments into the Sinking Fund and Bond Reserve for the current month and for prior months during which the required payments may not have been made, shall be considered as surplus. Such surplus may be used for any of the purposes for which the tax is authorized or for the purpose of retiring the bonds in advance of their maturities.

Section 8 - The Section 8 Fund accounts for the housing choice voucher program funded by the United States Department of Housing and Urban Development.

Regional Consolidated Jail Maintenance Tax Fund – The Regional Consolidated Jail Maintenance Tax Fund accounts for the receipt of a 1/2% sales tax effective for ten (10) years beginning July 1, 2014. Sales tax proceeds are to be used for maintaining and operating jail facilities, including both movable and immovable property.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide statements report uses the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Ad valorem tax revenues and related state revenue sharing are recognized in the budgetary period the taxes are intended to finance while grants are recognized when grantor eligibility requirements are met.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be measurable when the amount of the transaction can be determined. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The governmental funds use the following practices in recording revenues and expenditures.

Revenues - Ad valorem taxes and the related state revenue sharing are recorded as revenue in the budgetary period the taxes are intended to finance. Ad valorem taxes are assessed on a calendar-year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December of the current year and January and February of the ensuing year.

Federal and state grants are recognized when the reimbursable expenditures have been incurred.

Fines, forfeitures, and court costs are recognized in the year they are received by the parish tax collector.

Interest income on time deposits is recognized when interest is earned.

Substantially all other revenues are recognized when they become available to the Police Jury.

Based on the above criteria, federal and state grants, sales tax revenues and fines, forfeitures, and court costs have been treated as susceptible to accrual.

Expenditures - Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for principal and interest on long-term obligations, which are recognized when due.

Other Financing Sources (Uses) - Sale of fixed assets, long-term debt proceeds, increases in capital lease purchases, and transfers between funds that are not expected to be repaid are accounted for as other financing sources (uses) and are recognized when the underlying events occur.

D. BUDGET PRACTICES

Proposed budgets for the ensuing year are prepared by the secretary-treasurer with assistance from the assistant secretary-treasurer, prior to December 31 of each year. Upon completion, copies of the proposed budgets are reviewed by the finance committee and changes are made if necessary. The availability of the proposed budget for public inspection and the dates of the public hearing on the budgets are then advertised in the official journal. During its regular December meeting, the Police Jury conducts a public hearing to receive input from the public and other interested parties. Changes are made to the proposed budgets based on the public hearing and desires of the Police Jury as a whole. The budgets are then adopted, and notice is published in the official journal.

The secretary-treasurer presents necessary budget amendments to the Police Jury during the year when, in her judgment, actual operations may differ materially from those anticipated in the original budget. During a regular meeting, the Police Jury reviews the proposed amendments, makes changes as it feels necessary, and formally adopts the amendments. The adoption of the amendments is included in the Police Jury minutes published in the official journal.

The budget is prepared on a cash basis of accounting. For the year ended December 31, 2022, the Police Jury adopted cash basis budgets for the general fund and all special revenue funds, debt service funds, and capital projects funds. Formal budget accounts are integrated into the accounting system during the year as a management control device, and the budget is amended with the approval of the Police Jury when necessary. Unexpended appropriations lapse at year end and must be re-appropriated in the next year's budget to be expended. Formal encumbrance accounting is not utilized by the Police Jury. Budget amounts included in the accompanying financial statements include the original and final adopted budget amounts.

E. DEPOSITS AND INVESTMENTS

Cash and cash equivalents include amounts in demand deposits and investments with original maturities of three months or less from the date of acquisition. Under state law, the Police Jury may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

State law and the Police Jury's investment policy allow the Police Jury to invest in collateralized certificates of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

Investments are limited by Louisiana Revised Statute 33:2955. If the original maturities of time deposits exceed 90 days, they are classified as investments. As of December 31, 2022, the Police Jury's investments consist of non-negotiable certificates of deposit that are reported at cost, which approximates market value.

F. INTERFUND RECEIVABLES AND PAYABLES

Short-term cash loans between funds are considered temporary in nature. These amounts are reported as "due from/to other funds" on the balance sheet.

JEFFERSON DAVIS PARISH POLICE JURY
Jennings, Louisiana

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

G. RECEIVABLES

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received, except revenue specifically budgeted to finance future periods. Major receivable balances for the governmental activities include sales taxes, grants, and other intergovernmental receivables.

H. UNCOLLECTIBLE ALLOWANCE

The statements contain no provision for uncollectible accounts. Jury management is of the opinion that such allowance would be immaterial in relation to the financial statements taken as a whole.

I. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items consist of unexpired portions of insurance premiums and prepaid service contracts. Prepaid items in the governmental funds are reported only on the government-wide financial statements.

J. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) acquired after December 31, 2003, are reported in the applicable governmental activity columns in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Police Jury maintains a threshold level of \$1,000 or more for capitalizing capital assets. The Police Jury has elected, as a Type III governmental body under the provisions of GASB 34, to omit the capitalization of infrastructure assets constructed in years prior to 2004, their year of implementation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Roads, bridges and infrastructure	20-40 years
Building improvements	10 years
Buildings	20-40 years
Computers and office equipment	5-10 years
Machinery and equipment	5-15 years

K. LEASES

The Police Jury is a lessee for noncancellable lease agreements for equipment used for drainage work. In accordance with GASB Statement No. 87, *Leases*, the Police Jury recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the financial statements for those lease contracts with an initial individual value that is material to the financial statements and whose terms call for a lease period greater than one year. The lease liability is measured at the commencement of the lease at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life. Key estimates and judgments related to leases include (1) the discount rate used to present value the expected lease payment, (2) lease term, and (3) lease payments.

- The Police Jury uses the interest rate charged by the lessor as the discount rate, if provided. When the interest rate charged by the lessor is not provided, the Police Jury uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease terms include the noncancellable period of the lease and optional renewal periods. Lease payments included in the measurement of the lease liability are composed of fixed payments through the noncancellable term of the lease and renewal periods that management considers reasonably certain to be exercised.

The Police Jury monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with capital assets and lease liabilities are reported with long-term debt on the statement of net position.

L. COMPENSATED ABSENCES

Substantially, all employees of the Police Jury earn two weeks of vacation leave after one year of employment and each year thereafter. Employees also earn one day of sick leave for each month's work and is cumulative from year to year up to a maximum of 60 days. Upon termination, whether voluntary or involuntary, unused leave is forfeited. There are no accumulated and vested benefits relating to vacation and sick leave that require disclosure to conform to generally accepted accounting principles for these employees. However, employees at the Registrar of Voters office are allowed to accumulate up to 300 hours of annual leave.

M. DEFERRED REVENUE

Deferred revenues arise when a potential revenue does not meet the revenue recognition criteria. On government-wide and fund financial statements, ad valorem taxes received that are not intended to finance the current budgetary period are recorded as deferred revenue.

JEFFERSON DAVIS PARISH POLICE JURY
Jennings, Louisiana

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

N. LONG-TERM OBLIGATIONS

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. The fund financial statements recognize proceeds of debt as other financing sources of the current period. Expenditures for long-term debt principal and interest payments are recorded in the fund financial statements in the year due. In governmental funds, bond issuance costs are recognized in the current period. In the government-wide financial statements, bond issuance costs are deferred and amortized over the terms of the bonds.

O. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Police Jury had one type of item that qualified for reporting in this category relating to pensions.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Police Jury has only one type of item that qualifies for reporting in this category relating to pensions.

P. EQUITY CLASSIFICATIONS

For government-wide statement of net position, equity is classified as net position and displayed in three components:

- Net investment in capital assets: This component consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position: Restricted net position consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net position: Unrestricted net position consists of all other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

The Police Jury uses restricted resources first when expenses are incurred when both restricted and unrestricted net position are available.

In the fund statements, governmental fund equity is classified as fund balance. In accordance with Governmental Accounting Standards Board ("GASB") Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the School Board classifies governmental fund balances as follows:

- Non-spendable: Relates to fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

JEFFERSON DAVIS PARISH POLICE JURY
Jennings, Louisiana

Notes to the Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

P. EQUITY CLASSIFICATIONS – (Continued)

- Restricted: Relates to fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or grantors, or amounts constrained due to constitutional provisions or enabling legislation.
- Committed: Relates to fund balance amounts that are constrained for specific purposes that are internal imposed by the Jury through formal action of the Police Jury and does not lapse at year-end.
- Assigned: Relates to fund balance amounts that are intended to be used for a specific purpose that are considered to be neither restricted nor committed. Fund balance can be assigned by the Police Jury.
- Unassigned: Relates to fund balance amounts within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The Police Jury reduces committed amounts, followed by assigned amounts and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. The Police Jury considers restricted amounts to have been spent when an expenditure has incurred for purposes for which both restricted and unrestricted fund balance is available.

Q. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

R. INTERFUND TRANSFERS

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

S. PENSIONS

The net pension liability/asset, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, has been determined using the flow of economic resources management focus and full accrual basis of accounting. Non-employer contributions are recognized as revenues in the government-wide financial statements. In the governmental fund financial statements contributions are recognized as expenditures when due.

T. Recently Adopted Accounting Pronouncements

In June 2017, GASB approved Statement No. 87, “*Leases*.” The objective of this Statement is to establish a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

GASB Statement No. 87 enhances the relevance and consistency of information of the government’s leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The Police Jury recognized \$200, in net book value for the intangible right to use and a lease liability of \$200,692 for land and equipment with leases beginning in 2016 through 2021.

The implementation of GASB Statement No. 87 had no effect on net position as reported December 31, 2021.

The Police Jury has adopted the accounting policy election of not recognizing right-of-use assets and lease liabilities arising from short-term leases, 12-month or less, for any class of underlying assets.

U. Recently Issued Accounting Pronouncements

In June 2022, GASB issued Statement No. 101, “*Compensated Absences*.” The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 31, 2023, with earlier application encouraged. The effect of implementation of the statement of the Police Jury’s financial statements has not yet been determined.

3. DEPOSITS AND INVESTMENTS

A. Deposits

At December 31, 2022, the Police Jury has deposits (book balances) as follows:

Deposit Type	Reported Amount
Cash-demand deposits	\$ 33,314,751

Additionally, the Police Jury has certificates of deposit totaling \$2,212,460 on deposit in local banks which are presented as investments in the financial statements.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the Police Jury's deposits may not be recovered. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the Police Jury or the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2022, the Police Jury has \$44,642,785 in deposits (collected bank balances) in local financial institutions, including certificates of deposit. These deposits are secured from risk by \$1,500,000 of federal deposit insurance and \$45,665,502 of pledged securities held by the custodial bank with the Police Jury named as pledgee. As such, these deposits are not considered subject to custodial credit risk according to GASB Statement No. 3.

B. Investments

At December 31, 2022, the Police Jury had the following investments and maturities:

			Less than 1	1-5
Certificates of deposits- nonnegotiable	100%	\$2,212,460	\$ 2,056,118	\$ 156,342

Credit Risk - Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Police Jury does not have a written investment policy, but does adhere to state laws regarding allowable investments. The certificates of deposit are not rated.

Custodial Credit Risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Police Jury will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As discussed in Note 5A, certificates of deposit are considered fully collateralized under the provisions of GASB Statement No. 3. Accordingly, the Police Jury had no custodial credit risk related to its investments as of December 31, 2022.

11. PENSION PLANS

Substantially all employees paid by the Jefferson Davis Parish Police Jury are members of the following statewide retirement systems: Parochial Employees Retirement System of Louisiana (PERS), Louisiana Firefighters' Retirement System (FRS), Registrar of Voters Employees' Retirement System (ROVERS), Louisiana State Employees' Retirement System (LASERS), and the Louisiana District Attorneys Retirement System (LDARS). These systems are cost-sharing, multiple-employer defined benefit pension plans administered by separate boards of trustees. Pertinent information relative to each plan follows:

A. Parochial Employees' Retirement System of Louisiana (PERS)

Plan Description

Parochial Employees' Retirement System of Louisiana is the administrator of a cost-sharing multiple employer defined benefit pension plan. The System was established and provided for by R.S.11:1901 of the Louisiana Revised Statute (LRS). The System provides retirement benefits to employees of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system and which elects to become members of the System. PERS offers two plans (Plan A and Plan B) to employers; however, the Police Jury only participates in Plan A.

All permanent parish government employees (except those employed by Orleans, Lafourche, and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate. As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join the System.

Benefits Provided

The following is a description of the Plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

A. Parochial Employees' Retirement System of Louisiana (PERS) – (Continued)

Retirement Benefits

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with thirty or more years of creditable service.
2. Age 55 with twenty-five years of creditable service.
3. Age 60 with a minimum of ten years of creditable service.
4. Age 65 with a minimum of seven years of creditable service.

For employees hired after January 1, 2007:

1. Age 55 with thirty years of service.
2. Age 62 with ten years of service.
3. Age 67 with seven years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

Deferred Retirement Option Plan (DROP) Benefits

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement. In lieu of terminating employment and accepting a service retirement, any member of Plan A or B who is eligible to retire may elect to participate in the DROP in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date. For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in DROP will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts.

A. Parochial Employees' Retirement System of Louisiana (PERS) – (Continued)

The participant in the self-directed portion of this DROP must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of DROP are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

Disability Benefits

For Plan A, a member shall be eligible to retire and receive a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to three percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or three percent multiplied by years of service assuming continued service to age sixty for those members who are enrolled prior to January 1, 2017 and to age sixty-two for those members who are enrolled January 1, 2007 and later.

Survivor's Benefits

Upon the death of any member of Plan A with five or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined in the statutes. Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an automatic Option 2 benefit, as outlined in the statutes.

Cost-of-Living Increases

The Board is authorized to provide a cost-of-living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age sixty-five equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older. (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost-of-living adjustment commencing at age 55.

Contributions

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2021, the actuarially determined contribution rate was 10.38% of member's compensation for Plan A. However, the actual rate for the fiscal year ending December 31, 2021 was 12.25% for Plan A. According to state statute, the System also receives ¼ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

The Police Jury's contractually required contribution rate for the year ended December 31, 2021, was 11.50% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

Contributions to the pension plan from the District were \$131,277 for the year ended December 31, 2022.

B. Firefighters' Retirement System of Louisiana (FRS)

Plan Description

The Jefferson Davis Parish Police Jury contributes to FRS which is a cost-sharing multiple-employer defined benefit pension plan. The System provides retirement, disability, and death benefits to firefighters in Louisiana.

The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Benefit provisions are authorized within Act 434 of 1979 and amended by LRS 11:2251-11:2272. The following is a brief description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Any person who becomes an employee as defined in RS 11:2252 on and after January 1, 1980, shall become a member as a condition of employment. Members in the System consist of full-time firefighters, eligible employees of the retirement system, or any person in a position as defined in the municipal fire and police civil service system that earns at least \$375 per month, excluding state supplemental pay, and are employed by a fire department of any municipality, parish, or fire district of the State of Louisiana, except for Orleans Parish and the City of Baton Rouge.

No person who has attained age fifty or over shall become a member of the System, unless the person becomes a member by reason of a merger or unless the System received an application for membership before the applicant attained the age of fifty. No person who has not attained the age of eighteen years shall become a member of the System.

Any person who has retired from service under any retirement system or pension fund maintained basically for public officers and employees of the state, its agencies, or political subdivisions, and who is receiving retirement benefits therefrom may become a member of this System, provided the person meets all other requirements for membership. Service credit from the retirement system or pension plan from which the member is retired shall not be used for reciprocal recognition of service with this System, or for any other purpose in order to attain eligibility or increase the amount of service credit in this System.

B. Firefighters' Retirement System of Louisiana (FRS) – (Continued)

Benefits Provided

The following is a description of the Plan and its benefits and is provided for general information purposes only. Participants should refer to appropriate statutes for more complete information.

Retirement Benefits

Employees with 20 or more years of service who have attained age 50, or employees who have 12 years of service who have attained age 55, or 25 years of service at any age are entitled to annual pension benefits equal to 3.333% of their average final compensation based on 36 consecutive months of highest pay multiplied by their total years of service, not to exceed 100%. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. If employees terminate before rendering 12 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to their employer's contributions.

Optional Allowances

Benefits are payable over the employees' lives in the form of a monthly annuity. An employee may elect an unreduced benefit or any of seven options at retirement. See R.S. 11:2256(A) for additional details on retirement benefits.

Deferred Retirement Option Plan (DROP) Benefits

After completing twenty years of creditable service and attaining the age of 50 years, or 25 years at any age, a member may elect to participate in the deferred retirement option plan (DROP) for up to 36 months.

Upon commencement of participation in DROP, employer and employee contributions to the System cease. The monthly retirement benefit that would have been payable is paid into the member's DROP account. Upon termination of employment, a participant in the program has several options to receive their DROP benefit. A member may elect to roll over all or a portion of their DROP balance into another eligible qualified plan, receive a lump-sum payment from the account, receive single withdrawals at the discretion of the member, receive monthly or annual withdrawals, or receive an annuity based on the DROP account balance. These withdrawals are in addition to his regular monthly benefit.

If employment is not terminated at the end of the 36 months, the participant resumes regular contributions to the System. No withdrawals may be made from the DROP account until the participant retires.

Disability Benefits

A member who acquires a disability, and who files for disability benefits while in service, and who upon medical examination and certification as provided for in Title 11, is found to have a total disability solely as the result of injuries sustained in the performance of his official duties, or for any cause, provided the member has at least five years of creditable service and provided that the disability was incurred while the member was an active contributing member in active service, shall be entitled to disability benefits under the provisions of R.S. 11:2258(B).

Survivor's Benefits

Benefits shall be payable to the surviving eligible spouse or designated beneficiary of a deceased member as specified in R. S. 11:2256(B) & (C).

Cost-of-Living Increases

Under the provisions of R.S. 11:246 and 11:2260 A (7), the board of trustees is authorized to grant retired members and widows of members who have retired an annual cost of living increase of up to 3% of their current benefit, and all retired members and widows who are sixty-five years of age and older a 2% increase in their original benefit. In order for the board to grant either of these increases the system must meet certain criteria detailed in the statute related to funding status and interest earnings (R.S. 11:243). In lieu of these cost of living adjustments, pursuant to R.S. 11:241, the board may also grant an increase based on a formula equal to up to \$1 times the total number of years of credited service accrued at retirement or at death of the member of retiree plus the number of years since retirement or since death of the member or retiree to the system's fiscal year end preceding the payment of the benefit increase. If there are not sufficient funds to fund the benefit at the rate of one dollar per year for such total number of years, then the rate shall be reduced in proportion to the amount of funds that are available to fund the cost-of-living adjustment.

Initial Benefit Option Plan

Effective June 16, 1999, members eligible to retire and who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. Such amounts may be withdrawn or remain in the IBO account earning interest at the same rate as the DROP account.

Contributions

Contribution requirements for employers are established and may be amended in accordance with Title 11 and Title 22 of the Louisiana Revised Statutes.

According to State statute, employer contributions are actuarially determined each year. For the year ended June 30, 2022, employer and employee contribution rates for members above the poverty line were 33.75% and 10.0%, respectively. The employer and employee contribution rates for those members below the poverty line were 35.75% and 8.0%, respectively.

According to State statute, the System receives insurance premium assessments from the State of Louisiana. The assessment is considered support from a non-employer contributing entity and appropriated by the legislature each year based on an actuarial study. Non-employer contributions are recognized as revenue during the year ended June 30, 2022, and were excluded from pension expense. Non-employer contributions received by the System during the year ended June 30, 2022, were \$28,465,639.

Contributions to FRS from the Police Jury were \$46,846 for the year ended December 31, 2022.

C. Registrar of Voters' Retirement System of Louisiana (ROVERS)

Plan Description

The Jefferson Davis Parish Police Jury contributes to the Registrar of Voters Employees' Retirement System of Louisiana (ROVERS) which is a cost sharing multiple employer defined benefit pension plan. The System was established on January 1, 1955, for the purpose of providing retirement allowances and other benefits as stated under the provisions of R. S. Title 11:2032, as amended, for registrars of voters, their deputies, and their permanent employees in each parish.

Benefits Provided

The following is a description of the Plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Retirement Benefits

Any member hired prior to January 1, 2013, is eligible for normal retirement after he has 20 years of creditable service and is age 55 or has 10 years of creditable service and is age 60. Any member with 30 years of creditable service regardless of age may retire. Regular retirement benefits for members hired prior to January 1, 2013, are calculated at 3.33% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

C. Registrar of Voters' Retirement System of Louisiana (ROVERS) – (Continued)

Any member hired on or after January 1, 2013, is eligible for normal retirement after he has attained 30 years of creditable service and is age 55; has attained 20 years of creditable service and is age 60; or has attained 10 years of creditable service and is age 62. Regular retirement benefits for members hired on or after January 1, 2013, are calculated at 3.00% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation. Retirement benefits for members hired on or after January 1, 2013, that have attained 30 years of creditable service with at least 20 years of creditable service in the System are calculated at 3.33% of the average annual compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member whose withdrawal from service occurs prior to attaining the age of sixty years, who shall have completed ten or more years of creditable service and shall not have received a refund of his accumulated contributions, shall become eligible for a deferred allowance beginning upon his attaining the age of sixty years.

Deferred Retirement Option Plan (DROP) Benefits

In lieu of terminating employment and accepting a service retirement allowance, any member with ten or more years of service at age sixty, twenty or more years of service at age fifty-five, or thirty or more years of service at any age may elect to participate in the Deferred Retirement Option Plan (DROP) for up to three years and defer the receipt of benefits. Upon commencement of participation in the plan, membership in the System terminates. During participation in the plan employer contributions are payable but employee contributions cease. The monthly retirement benefits that would have been payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP fund. This fund does not earn interest. In addition, no cost of living increases are payable to participants until employment which made them eligible to become members of the System has been terminated for at least one full year.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the plan may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or any other method of payment if approved by the Board of Trustees. The monthly benefits that were being paid into the Deferred Retirement Option Plan fund will begin to be paid to the retiree. If the participant dies during participation in the plan, a lump sum equal to his account balance in the plan fund shall be paid to his named beneficiary or, if none, to his estate. If employment is not terminated at the end of the three years, payments into the plan fund cease and the person resumes active contributing membership in the System.

Disability Benefits

Disability benefits are provided to active contributing members with at least 10 years of service established in the System and who have been officially certified as disabled by the State Medical Disability Board. The disabled member who has attained the age of sixty years shall be entitled to a regular retirement allowance. The disabled member who has not yet attained age sixty shall be entitled to a disability benefit equal to the lesser of three percent of his average final compensation multiplied by the number of creditable years of service (not to be less than fifteen years) or three and one third percent of average final compensation multiplied by the years of service assuming continued service to age sixty. Disability benefits may not exceed two-thirds of earnable compensation.

Survivor's Benefits

If a member who has less than five years of credited service dies due to any cause other than injuries sustained in the performance of his official duties, his accumulated contributions are paid to his designated beneficiary. If the member has five or more years of credited service, and is not eligible to retire, automatic option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with option 2 factors used as if the member had continued in service to earliest normal retirement age. If a member has no surviving spouse and the member has five or more years of creditable service, the surviving minor children under 18 or disabled children shall be paid 80% of the accrued retirement benefit in equal shares until the age of majority or for the duration of the handicap for a handicapped child. Upon the death of any former member with 10 or more years of service, automatic option 2 benefits are payable to the surviving spouse. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

Cost-of-Living Increases

Cost of living provisions for the System allows the board of trustees to provide an annual cost of living increase of 2.0% of the eligible retiree's original benefit if certain funding criteria are met. Members are eligible to receive a cost of living adjustment once they have reached the age of sixty and have been retired at least one year. Funding criteria for granting cost of living adjustments is dependent on the funded ratio.

Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ending June 30, 2022, the actual employer contribution rate was 18.00%.

In accordance with state statute, the System also receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended June 30, 2022.

Contributions to the pension plan from the Police Jury were \$7,488 for the year ended December 31, 2022.

D. Louisiana State Employees' Retirement System (LASERS)

Plan Description

The Police Jury contributes to LASERS. LASERS is a cost-sharing multiple employer defined benefit pension plan.

The System was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of La. R.S. 11:401, as amended, for eligible state officers, employees and their beneficiaries. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Benefits Provided

The following is a description of the Plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Retirement Benefits

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. Rank and file members hired prior to July 1, 2006, may either retire with full benefits at any age upon completing 30 years of creditable service, at age 55 upon completing 25 years of creditable service, or at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015 may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment.

11. PENSION PLANS – (Continued)

D. Louisiana State Employees' Retirement System (LASERS) – (Continued)

The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 of the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

Act 226 of the 2014 Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members. Regular members and judges under the new plan are eligible to retire at age 62 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate, and judges a 3.5% accrual rate, with the extra 1.0% accrual rate based on all years of service as a judge.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification.

Deferred Retirement Option Plan (DROP) Benefits

The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked.

Jennings, Louisiana

Notes to the Financial Statements

11. PENSION PLANS – (Continued)

D. Louisiana State Employees' Retirement System (LASERS) – (Continued)

For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

Initial Benefit Option

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004, are required to enter the SDP as described above.

Disability Benefits

Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age. Upon reaching retirement age, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees.

Survivor's Benefits

Certain eligible surviving dependents receive benefits based on the deceased members' compensation and their relationship to the deceased. The deceased regular member hired before January 1, 2011 who was in state service at the time of death must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

The deceased regular member hired on or after January 1, 2011, must have a minimum of five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and in active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year before death.

Cost-of-Living Increases

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs) that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

Contributions

The employer contribution rate is established annually under La. R.S. 11:101-11:104 by the Public Retirement Systems' Actuarial Committee (PRSAC), taking into consideration the recommendation of the System's Actuary. Each plan pays a separate actuarially-determined employer contribution rate. However, all assets of LASERS are used for the payment of benefits for all classes of members, regardless of their plan membership. For the year ended June 30, 2022, employer and employee contribution rates for Judges hired before January 1, 2011 were 42.5%.

The Police Jury's contractually required contribution rate for the year ended December 31, 2022, was 43.7% of annual payroll from January 1, 2022, to June 30, 2022, and 44.8% from July 1, 2022, to December 31, 2022, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

Contributions to LASERS from the Police Jury were \$1,867 for the year ended December 31, 2022.

E. Louisiana District Attorney's Retirement System (LDARS)

Plan Description

The District Attorneys' Retirement System, State of Louisiana, is the administrator of a cost-sharing multiple-employer defined benefit pension plan. The System was established in 1956 and was placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. 11, Chapter 3 for district attorneys and their assistants in each parish.

All persons who are district attorneys of the State of Louisiana, assistant district attorneys in any parish of the State of Louisiana, or employed by this retirement system and the Louisiana District Attorneys' Association except for elected or appointed officials who have retired from service under any publicly funded retirement system within the state and who are currently receiving benefits, shall become members as a condition of their employment; provided, however, that in the case of assistant district attorneys, they must be paid an amount not less than the minimum salary specified by the Louisiana District Attorneys' Retirement System's Board of Trustees. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

E. Louisiana District Attorney's Retirement System (LDARS) – (Continued)

Benefits Provided

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Retirement Benefits

Members who joined the System before July 1, 1990, and who have elected not to be covered by the new provisions, are eligible to receive a normal retirement benefit if they have 10 or more years of creditable service and are at least age 62, or if they have 18 or more years of service and are at least age 60, or if they have 23 or more years of service and are at least age 55, or if they have 30 years of service regardless of age. The normal retirement benefit is equal to 3% of the member's average final compensation for each year of creditable service. Members are eligible for early retirement at age 60 if they have at least 10 years of creditable service or at age 55 with at least 18 years of creditable service. Members who retire prior to age 60 with less than 23 years of service credit, receive a retirement benefit reduced 3% for each year of age below 60. Members who retire prior to age 62 who have less than 18 years of service receive a retirement benefit reduced 3% for each year of age below 62. Retirement benefits may not exceed 100% of final average compensation.

Members who joined the System after July 1, 1990, or who elected to be covered by the new provisions, are eligible to receive normal retirement benefits if they are age 60 and have 10 years of service credit, are age 55 and have 24 years of service credit, or have 30 years of service credit regardless of age. The normal retirement benefit is equal to 3.5% of the member's final average compensation multiplied by years of membership service. A member is eligible for an early retirement benefit if he is age 55 and has 18 years of service credit. The early retirement benefit is equal to the normal retirement benefit reduced 3% for each year the member retires in advance of normal retirement age. Benefits may not exceed 100% of average final compensation.

Deferred Retirement Option Plan (DROP) Benefits

In lieu of receiving a service retirement allowance, any member who has more years of service than are required for a normal retirement may elect to receive a Back-Deferred Retirement Option Program (Back-DROP) benefit.

The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of 36 months or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement, the member's maximum monthly retirement benefit is based upon his service, final average compensation, and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to the reduced monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly benefit as calculated above multiplied by the number of months in the Back-DROP period. In lieu of receiving the lump-sum payment, the member may leave the funds on deposit with the system in an interest bearing account.

11. PENSION PLANS – (Continued)

E. Louisiana District Attorney's Retirement System (LDARS) – (Continued)

Prior to January 1, 2009, eligible members could elect to participate in the Deferred Retirement Option Program (DROP) for up to three years in lieu of terminating employment and accepting a service benefit. During participation in the DROP, employer contributions were payable and employee contributions were reduced to ½ of one percent. The monthly retirement benefits that would have been payable to the member were paid into a DROP account, which did not earn interest while the member was participating in the DROP. Upon termination of participation, the participant in the plan received, at his option, a lump sum from the account equal to the payments into the account or systematic disbursements from his account in any manner approved by the board of trustees. The monthly benefits that were being paid into the DROP would then be paid to the retiree. All amounts which remain credited to the individual's sub-account after termination of participation in the plan were invested in liquid money market funds. Interest was credited thereon as actually earned.

Disability Benefits

Disability benefits are awarded to active contributing members with at least 10 years of service who are found to be totally disabled as a result of injuries incurred while in active service. The member receives a benefit equal to three percent (three and one-half percent for members covered under the new retirement benefit provisions) of his average final compensation multiplied by the lesser of his actual service (not to be less than fifteen years) or projected continued service to age sixty.

Survivor's Benefits

Upon the death of a member with less than 5 years of creditable service, his accumulated contributions and interest thereon are paid to his surviving spouse, if he is married, or to his designated beneficiary, if he is not married. Upon the death of any active, contributing member with 5 or more years of service or any member with 23 years of service who has not retired, automatic option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with the option factors used as if the member had continued in service to earliest normal retirement age. If a member has no surviving spouse, the surviving minor children under 18 or disabled children are paid 80% of the member's accrued retirement benefit divided into equal shares. If a member has no surviving spouse or children, his accumulated contributions and interest are paid to his designated beneficiary. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions with interest.

Upon withdrawal from service, members not entitled to a retirement allowance are paid a refund of accumulated contributions upon request. Receipt of such a refund cancels all accrued rights in the System.

Cost-of-Living Increases

The Board of Trustees is authorized to grant retired members and surviving beneficiaries of members who have retired an annual cost of living increase of 3% of their original benefit, (not to exceed sixty dollars per month) and all retired members and surviving beneficiaries who are sixty-five years of age and older a 2% increase in their original benefit.

E. Louisiana District Attorney's Retirement System (LDARS) – (Continued)

In lieu of other cost of living increases the board may grant an increase to retirees in the form of "Xx(A&B)" where "A" is equal to the number of years of credited service accrued at retirement or death of the member or retiree and "B" is equal to the number of years since death of the member or retiree to June 30 of the initial year of increase and "X" is equal to any amount available for funding such increase up to a maximum of \$1.00. In order for the board to grant any of these increases, the System must meet certain criteria detailed in the statute related to funding status and interest earnings.

Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ending June 30, 2022, the actual employer contribution rate was 9.5%. In accordance with state statute, the System receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities. Non-employer contributions were recognized as revenue during the year ended June 30, 2022, and excluded from pension expense.

The Police Jury's contractually required contribution rate for the year ended December 31, 2022, was 9.5% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

Contributions to the pension plan from the Police Jury were \$949 for the year ended December 31, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the Police Jury reported a net pension asset of \$269,593 (PERS), net pension liability of \$15,531 (FRS), net pension asset of \$3,939 (ROVERS), net pension liability of \$173 (LASERS), net pension liability of \$2,505 (LDARS), netting a net pension asset of \$255,323 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of December 31, 2021 for PERS and June 30, 2022 for FRS, ROVERS, LASERS and LDARS and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Police Jury's proportion of the Net Pension Liability was based on a projection of the Police Jury's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Police Jury had the following proportions:

Plan	December 31, 2021 Proportion	December 31, 2020 Proportion	Increase / (Decrease)

Discount Rate

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for the Plans are as follows:

12. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

In adopting the requirements of Governmental Accounting Standards Board (GASB) Statement No. 75 during the year ended December 31, 2018, the Police Jury recognizes the cost of other post-employment benefits (OPEB) in the year when employee services are received, recognizes a liability for OPEB obligations on the statement of net positions, and provides information useful in assessing potential demands on the Police Jury's future cash flows. Changes in total OPEB liability will be immediately recognized as OPEB expense on the statement of activities in accordance with the alternative measurement method.

Plan Description. The Jefferson Davis Parish Police Jury contributes to a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides lifetime healthcare and life insurance for eligible retirees and their spouses through the Police Jury's group health insurance plan, which covers both active and retired members. As of April 26, 2007, elected official and part-time employees who are paid by the Police Jury are not eligible for coverage. No employee hired after January 1, 2009 is eligible for coverage. The criteria to determine eligibility include years of service and employee age. Benefit provisions are established by the Jefferson Davis Parish Police Jury. The Retiree Health Plan does not issue a publicly available financial report.

Funding Policy. Contribution requirements are also established by the Jefferson Davis Parish Police Jury. For 2022, the Police Jury contributed 81.79% of the premiums for eligible regular employees. The plan is currently financed on a pay-as-you-go basis. For the year ended December 31, 2022, the Jefferson Davis Parish Police Jury contributed \$127,020, to the plan.

Employees covered by benefit terms. At December 31, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	12
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>11</u>
Total	<u><u>23</u></u>

Total OPEB liability. The Police Jury's total OPEB liability of \$3,842,798 as of December 31, 2022 was calculated based on the alternative measurement method permitted by GASB Statement No. 75 for employers in plans with fewer than one hundred total plan members.

Assumptions and other inputs: The total OPEB liability in the December 31, 2022 alternative measurement method valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

The discount rate used to calculate the OPEB liability was 4.149%, which was based on the Bond Buyers' 20 year bond index.

Mortality rates were based on the PUB-2020 Public Retirement Plans Mortality Tables, with mortality improvement projected for 10 years. This assumption does not include a margin for future improvements in longevity. Turnover was derived from data maintained by the U. S. Office of Personnel Management regarding the most recent experience of the employee group covered by the Federal Employees Retirement System.

Total OPEB liability	\$ 3,360,362	\$ 3,842,798	\$ 4,420,055

OPEB Expense and deferred Outflows and Inflows of Resources Related to OPEB. For the year ended December 31, 2022, the Police Jury recognized and OPEB benefit of \$544,444 as follows:

Service Cost	\$ 84,321
Interest on total OPEB liability	162,829
Recognition of effect of economic/demographic gains or losses	(501,030)
Recognition of effect of assumption changes or inputs	(290,564)
Total OPEB expense	\$ (544,444)

Per GASB 75 paragraph 43(a), deferred inflows/outflows of resources related to differences between actual and expected experience with regard to economic of demographic factors or changes in assumptions and other inputs should not be used under the alternative measurement method. These items are recognized in OPEB expense immediately. The Police Jury does not have any OPEB assets in a trust. As a result, there are no deferred inflows or outflows related to the difference between projected and actual earnings on OPEB plan investments.

DEFICITS

The following individual funds had deficits in unreserved fund balance (net position) at December 31, 2022:

<u>Fund</u>	<u>Fund Balance Deficit</u>
Criminal Court Fund	\$ (49,457)

The deficit balances in the LCDBG Ike/Gustav Disaster Recover Fund and LCDBG Disaster Recovery will be funded by federal and state grants, state capital outlay and reimbursement from other local entities.

15. LITIGATION, CLAIMS, AND CONTINGENCIES

Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. No claim expenditures or liabilities are reported in the accompanying financial statements. The Police Jury is involved in lawsuits for personal injury and property damage. In the opinion of the Police Jury's attorney, these suits are without merit and/or adequately covered by liability insurance presently enforce by the Police Jury, except for policy deductibles which are considered to be immaterial.

16. GRANT DISALLOWANCES

The Police Jury participates in a number of federally-assisted grant programs. These programs are subject to the program compliance audits by the grantors. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. Based on prior experience, the Police Jury's management feels such disallowances, if any, will be immaterial.

17. LANDFILL JOINT VENTURE

The Police Jury is a participant in a joint venture referred to as the Jefferson Davis Parish Sanitary Landfill Commission. This entity was chartered on February 17, 1984. The Commission's purpose is the establishment of a long-term plan for the disposal of solid wastes in Jefferson Davis Parish. According to the charter, each participant in the Commission is responsible for a pro rata share of any operating deficits. Likewise, any distributions of surpluses are also shared on a pro rata basis. Each participant's pro rata share is based on the number of households within each participant's unit to the total number of households within all participating units.

17. LANDFILL JOINT VENTURE – (Continued)

These proportions were determined using the 1980 U. S. Census as follows:

Totals	<u>9,879</u>	<u>1.000000</u>

The Commission consists of six commissioners as follows: two residents of Jennings, one resident of Welsh, one resident of Lake Arthur, and two residents of Jefferson Davis Parish living outside the city limits of Jennings, Welsh, Lake Arthur and Elton. The Commission members are to be appointed by the governing body of their place of residence.

The Commission has the power and authority to employ personnel, adopt its own budget and enter into agreements necessary for the operation of the Landfill. Notes to the Financial Statements

17. LANDFILL JOINT VENTURE – (Continued)

The Landfill Commission, as owner of a sanitary landfill, is subject to Environmental Protection Agency (EPA) regulations that require monitoring the landfill site for 30 years following closure of the site in addition to other closure requirements. These regulations also mandate that landfill owners provide financial assurances that they will have the resources available to satisfy the post-closure standards. These guarantees can be third-party trusts, surety bonds, letters of credit, insurance, or state sponsored plans.

According to the Commission's contract with the site operator, "...the contractor shall be responsible for closure in accordance with the permit..." Additionally, "...the contractor's post-closure care, maintenance and monitoring responsibility shall be three (3) years or as required by law..." In the event the operator is for whatever reason unwilling or unable to fulfill this requirement, the responsibility for closure and post closure monitoring will revert back to the Commission.

Additionally, because of the industry the Commission participates in, certain potential liabilities are always present. These include, but are not limited to, environmental cleanup costs and EPA penalties for violation of its regulations. The EPA is empowered by law (through the Superfund legislation) to seek recovery from anyone who ever owned or operated a particular contaminated site, or anyone who ever generated or transported hazardous materials to a site (these parties are commonly referred to as potentially responsible parties, or PRPs). Potentially, the liability can extend to subsequent owners or to the parent company of a PRP. While there are no asserted or unasserted potential costs or penalties at the date of this report that the Commission is aware of, the potential is present.

During 2022, the Commission voted to make a distribution to the participating governments in the amount of \$400,000. Additionally, the Commission distributed \$2,063,952 related to sales of methane. In addition, the Commission distributed \$40,000 to the participating governments for economic development. For the Jefferson Davis Parish Police Jury, the distribution amounted to \$1,054,782, of which \$1,044,782 was based on household percentages as explained above, and is recorded as other local sources in the General Fund. The \$10,000 distribution for economic development is recorded in the General Fund. There are no amounts due to this member government at December 31, 2022.

18. RISK MANAGEMENT

The Police Jury is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Police Jury has elected to purchase insurance coverage through the commercial insurance market to cover its exposure to loss. The Police Jury is insured up to policy limits for each of the above risks. There were no significant changes in coverage, retentions, or limits during the year ended December 31, 2022. Settled claims have not exceeded the commercial coverage in any of the previous three fiscal years.

19. CRIMINAL COURT FUND

Louisiana Revised Statute 15:571.11 requires that one-half of any balance remaining in the Criminal Court Fund at year end be transferred to the parish General Fund. The Criminal Court Fund had a surplus fund balance as of December 31, 2022, and will transfer money due to General Fund in 2023.

Notes to the Financial Statements

20. WIRELESS E911 SERVICE

The Jefferson Davis Parish Police Jury has fully implemented wireless E911 services. For the year ended December 31, 2022, the Police Jury collected \$249,905 from emergency telephone service charge from wireless systems. The funds collected from the service charge will be used to buy and lease necessary equipment, supplies, and other items needed to maintain and implement wireless E911 services.

21. ON-BEHALF PAYMENTS FOR SALARIES

GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance* requires the Police Jury to report in the financial statements on-behalf salary payments made by the State of Louisiana to certain groups of Police Jury employees. Supplementary salary payments are made by the state directly to certain groups of employees. The Police Jury is not legally responsible for these salaries. Therefore, the basis for recognizing the revenue and expenditure payments is the actual contribution made by the state. For the year ended December 31, 2022, the state paid supplemental salaries to the Police Jury's justices of the peace, constables and fire chiefs. On-behalf payment recorded as revenues and expenditures in the fund financial statements for the year ended December 31, 2022, totaled \$28,304.

JEFFERSON DAVIS PARISH POLICE JURY, LOUISIANA

Notes to Required Supplementary Information For the Year Ended December 31, 2022

1. BUDGETS

All governmental funds' budgets are prepared on the cash basis of accounting. Budgeted amounts are as originally adopted or as amended by the Police Jury. Legally, the Police Jury must adopt a balanced budget; that is total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the Police Jury to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures within a fund are expected to exceed budgeted expenditures by five percent or more.

2. PENSION PLANS

Changes of Assumptions – Changes of assumptions about future economic or demographic factors or of other inputs were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan.

Changes of Assumptions

PERS – For the actuarial valuation for the year ended December 31, 2021, there were no changes of assumptions.

FRS – For the actuarial valuation for the year ended June 30, 2022, there were no changes of assumptions.

ROVERS - For the actuarial valuation for the year ended June 30, 2022, there were no changes of assumptions.

LASERS – For the actuarial valuation for the year ended June 30, 2022, the discount rate was reduced from 7.40% to 7.25%.

LDARS – For the actuarial valuation for the year ended June 30, 2022, there were no changes of assumptions.

3. OPEB Plan

Changes of Benefit Terms

There were no changes of benefit terms for the year ended December 31, 2022.

Changes of Assumptions

The discount rate changed from 3.59% as of December 31, 2021 to 4.14% as of December 31, 2022.

No assets are accumulated in a trust that meets the criteria of GASB No. 75, paragraph 4, to pay related benefits.

JEFFERSON DAVIS PARISH POLICE JURY

Notes to the Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2022

1. BASIS OF PRESENTATION

The schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Jefferson Davis Parish Police Jury under programs of the federal government for the year ended December 31, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR), *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Jefferson Davis Parish Police Jury, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Jefferson Davis Parish Police Jury.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments* or the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. INDIRECT COST RATE

The Jefferson Davis Parish Police Jury has not elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance for the year ended December 31, 2022.

4. MATCHING REVENUES

For those funds that have matching revenues and state funding, federal expenditures were determined by deducting matching revenues from total expenditures.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Jefferson Davis Parish Police Jury
Jennings, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Jefferson Davis Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Jefferson Davis Parish Police Jury's basic financial statements, and have issued our report thereon dated September 26, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Jefferson Davis Parish Police Jury's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Jefferson Davis Parish Police Jury's internal control. Accordingly, we do not express an opinion on the effectiveness of the Jefferson Davis Parish Police Jury's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Jefferson Davis Parish Police Jury
Jennings, Louisiana

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Jefferson Davis Parish Police Jury's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2022-01 (C).

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Jefferson Davis Parish Police Jury
Jennings, Louisiana

Report on Compliance for Each Major Program

Opinion on Each Major Federal Program

We have audited Jefferson Davis Parish Police Jury's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Jefferson Davis Parish Police Jury's major federal programs for the year ended December 31, 2022. Jefferson Davis Parish Police Jury's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. In our opinion, Jefferson Davis Parish Police Jury complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Jefferson Davis Parish Police Jury and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Jefferson Davis Parish Police Jury's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Jefferson Davis Parish Police Jury's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Jefferson Davis Parish Police Jury's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Jefferson Davis Parish Police Jury's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Jefferson Davis Parish Police Jury's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Jefferson Davis Parish Police Jury's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Jefferson Davis Parish Police Jury's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Jefferson Davis Parish Police Jury
Jennings, Louisiana

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
