Management's Discussion and Analysis (Unaudited)

Our discussion and analysis of the financial performance of Wards 5 & 8 Joint Beverage Commission provides an overview of the Commission's financial activities for the fiscal year ended September 30, 2003. Please read it in conjunction with the Commission's financial statements, which begin on page 5.

FINANCIAL HIGHLIGHTS

The Commission's net assets increased by \$1,898 from \$1,408,840 on September 30, 2002 to \$1,410,738 on September 30, 2003.

The Commission's total operating revenues were \$507,758 and operating expenses were \$524,857 resulting in operating loss of \$16,991.

The interest earned on the money market account was \$5,194 for the year.

Cash and cash equivalents decreased by \$151,126 for the year ended September 30, 2003.

USING THIS ANNUAL REPORT

This annual report consists of three parts – Management's discussion and analysis, the basic financial statements, and supplementary information. The basic financial statements consist of the fund financial statements and the notes to the financial statements. The fund financial statements focus on individual parts of the Commission, offering short and long-term financial information about the activities that the government operates the businesses.

BASIC FINANCIAL STATEMENTS

The basic financial statements present information for the Commission as a whole, in format designed to make the statements easier for the reader to understand. The statements in this section include the Statement of Net Assets, the Statement of Revenues and Expenses, and Changes in Net Assets, and the Statement of Cash Flow.

The Statement of Net Assets (Pages T & S) presents the current and non-current portions of assets and liabilities separately. The difference between total assets and total liabilities is net assets and may provide a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The Statement of Revenues, Expenses, and Changes in Net Assets (Page 8) presents information showing how the Commission's assets changed as a result of current operations. Regardless of when cash is affected, all changes in net assets are reported when the underlying transaction occurs. As a result, there are transactions included that will not affect cash until future periods.

The Statement of Cash Flows (Pages 10 & 11) presents information showing how the Commission's cash changed as a result of current year operations. The cash flow statement is prepared using the direct method and includes the reconciliation of operating income (loss) to net cash provided (used) by operating activities (indirect method) as required by GASB 34.

FINANCIAL ANALYSIS OF THE COMMISSION

Condensed Statement of Net Assets For the Years Ended September 30, 2003 and 2002

	2003	2002	Change
Current Assets	\$ 602,189	\$ 712,189	\$ (99,999)
Capital Assets - Net	945,879	815,985	129,894
Other Assets	2,402	2,402	-
Total Assets	\$1,570,480	\$ 1,530,596	\$ 39,884
Current Liabilities	\$ 60,944	\$ 22,839	\$ 37,908
Non-current Liabilities	99,118	99,118	-
Total Liabilities	\$ 159,962	\$ 121,746	\$ 37,908
Invested in Capital Assets	945,879	815,985	\$ 129,894
Unrestricted	484,947	582,888	(127,908)
Total Net Assets	\$1,410,826	\$ 1,408,844	1,982
Total Liabilities and Net Assets	\$1,570,480	\$ 1,530,596	\$ 39,884

During the year ended September 30, 2003 the Commission completed \$300,542 in sewerage system improvements, the unrestricted net assets decreased by \$127,908 mainly due to these improvements. These improvements were funded by current assets and did not require the issuance of any debt.

FINANCIAL ANALYSIS OF THE COMMISSION (Continued)

Condensed Statement of Revenues,
Expenses and Changes in Net Assets
For the Years Ended September 30, 2003 and 2002

	2003	2002	Change
Operating Revenues	\$ 507,730	\$ 507,268	\$ 462
Operating Expenses	524,657	383,708	100,948
Operating (Loss) Income	<u>\$ (16,927)</u>	<u>\$ 113,560</u>	<u>\$ (130,510)</u>
Non-Operating Revenues	18,667	147,945	(129,238)
Change in Net Assets	\$ 1,968	\$ 281,534	\$ (280,540)
Total Net Assets, Beginning of Year	1,408,848	1,147,308	261,534
Total Net Assets, End of Year	<u>\$ 1,410,816</u>	<u>\$ 1,428,840</u>	<u>\$ 1,880</u>

The Commission's total revenues increased by only \$462 in 2003. The fees are billed to the participants based on a \$1 fee per one thousand gallons of water consumed by each participant's water customers. The small increase in revenues is due to fact the participant's customer's water usage remained consistent with the prior year. The Commission's operating expenses increased by \$130,948 mainly due to the increase repairs and maintenance and additional depreciation on the newly acquired capital assets.

CAPITAL ASSETS

The following is a summary of the commission's investments in capital assets:

	2001	2002	2003
Sewerage Improvements	\$ 430,522	\$ 707,448	\$ 867,819
Equipment	463,067	449,366	449,366
Vehicles	32,479	32,479	32,479
Construction in Progress	-	-	108,170
Total Cost of Assets	926,068	1,249,191	1,458,733
Accumulated Depreciation	<u>(371,616)</u>	<u>(433,306)</u>	<u>(508,654)</u>
Total Capital Assets, Net	<u>\$ 554,449</u>	<u>\$ 815,885</u>	<u>\$ 949,079</u>
Depreciation Expense	<u>\$ 60,764</u>	<u>\$ 61,587</u>	<u>\$ 76,648</u>

FUTURE PLANNING

The facilities are now approaching 25 years of active service without major upgrades. Regulatory agencies are requiring communities to address wet weather flows. EPA has formulated regulations known as CDM (Capacity, Management, Operation and Maintenance) that require communities to build in capacity to their systems to prevent wet weather overflows. In addition, the communities served by the regional system have all experienced increased development and some development is also occurring in geographic areas where sanitary sewer service is not readily available. Finally, the collection systems of the customer communities also continue to age and experience significant amounts of inflow of water during wet weather storm events. These factors all affect the operations of the regional facilities and best management practices indicate that upgrading and expanding the regional facilities should be considered.

In response to these issues, the Wards 5 & 8 Joint Sewer Commission has undertaken an "Expansion Study for the Wards 5 & 8 Regional Sewer Facilities". This study has identified approximately \$7,000,000 of capital spending that could be undertaken by the Commission to expand the regional facilities. The Commission, in conjunction with the "customers" of the Regional Sewerage System, which are: the Town of Berwick, the City of Patterson, Sewer District No. 8 and Water and Sewer District No. 2, are now aggressively formulating a financing plan to implement the recommendations of this study.

CONTACTING THE COMMISSION'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, participants and other interested parties with a general overview of the funds maintained by the Commission and to show the Commission's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact Susanne Stockely, bookkeeper, Wards 5 & 8 Joint Sewerage Commission at P.O. Box 181 Berwick, Louisiana 70342.

INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners
Wards 5 & 8 Joint Sewerage Commission
P.O. Box 181
Borewick, Louisiana 70342

We have audited the accompanying financial statements of Wards 5 & 8 Joint Sewerage Commission, a joint venture of the Town of Borewick, Sewerage District No. 2, the City of Patterson, and Sewerage District No. 8 of the Parish of St. Mary, State of Louisiana, as of and for the years ended September 30, 2003 and 2002, as listed in the table of contents. These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Wards 5 & 8 Joint Sewerage Commission as of September 30, 2003 and 2002, and the results of its operations and the cash flows for the proprietary fund for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1 to the financial statements, the District adopted the provisions of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis - For State and Local Governments*. This resulted in a change in format and content of the financial statements as of September 30, 2003.

The Management's Discussion and Analysis on pages 1 to 4 is not a required part of the financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplementary information, as listed in the table of contents, while not considered necessary for a fair presentation of the financial statements, is presented as supplementary analytical data.

Such information, except for that portion marked "unaudited", on which we express no opinion, has been subjected to auditing procedures applied in the audit of the financial statements, and in our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated February 12, 2004 on our consideration of Wards 5 & 8 Joint Sewerage Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in considering the results of our audit.

WARDS 5 & 8 JOINT SEWERAGE COMMISSION

NOTES TO FINANCIAL STATEMENTS

September 30, 2003 and 2002

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Wards 5 & 8 Joint Sewerage Commission was established in May, 1984, by an intergovernmental agreement, joint venture between the participants, the Town of Berwick, the City of Patterson, the Parish of St. Mary, and Sewerage District No. 2 of the Parish of St. Mary, State of Louisiana. The Commission's sole responsibility and duty is to maintain, operate, and administer the sewerage treatment facility that is jointly owned by the participants.

During the year ended September 30, 1995, the St. Mary Parish Council entered into an agreement to transfer their ownership interest in the sewerage treatment facility to two of the Parish Council's component units, Sewerage District No. 2 and Sewerage District No. 8. Both of these component units of the Parish of St. Mary are currently participants in the funding of the operations of Wards 5 & 8 Joint Sewerage Commission.

The following participants funded the operation of Wards 5 & 8 Joint Sewerage Commission as of September 30, 2003 & 2002:

1. Town of Berwick
2. City of Patterson
3. Sewerage District No. 2
4. Sewerage District No. 8

The following is a summary of certain significant accounting policies:

A) Fund Structure:

The accounting system is organized and operated on a fund basis whereby a separate self-balancing set of accounts is maintained for the purpose of carrying on specific activities, or attaining certain objectives in accordance with special regulations, restrictions or limitations.

PROPRIETARY FUND TYPE

Internal Service Fund - An Internal Service fund is used to account for the financing of special activities and services performed by a designated organizational unit, within a governmental jurisdiction for other organizational units within the same governmental jurisdiction.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B) Basis of Accounting:

The Commission has implemented GASB Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. The Commission's accounting system uses the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

C) Change in Accounting:

This financial statement has been prepared in conformity with GASB No. 34. In June 1999, GASB unanimously approved Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. A Management Discussion and Analysis (MD&A) section providing an analysis of the District's overall financial position and results of operations is included in this report. This and other changes are reflected in the accompanying financial statements, including the notes to the financial statements.

D) Investments:

Investments are stated at cost.

E) Accumulated Vacation, Compensatory Time and Sick Leave:

Accumulated vacation, compensatory time and sick leave are recorded as an expenditure of the period in which earned. At September 30 2003 and 2002, unrecorded liabilities for the above are an immaterial amount.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F) Property, Plant and Equipment:

Property, plant and equipment are stated at historical cost or estimated historical cost if actual historical cost is not available. Additions, improvements, and expenditures that add materially to productive capacity, or extend the life of an asset, are capitalized.

Depreciation is charged as an expense against operations. Depreciation has been provided over the estimated economic lives of the assets by the straight-line method. The estimated useful lives are as follows:

Equipment	5 - 40 years
Improvements	10 - 40 years

G) Statement of Cash Flows:

For the purposes of the statement of cash flows, the Wards 5 & 8 Joint Sewerage Commission considers all cash and certificates of deposit with a maturity of less than one year, including restricted assets, to be cash or cash equivalents.

H) Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

I) Reporting Entity:

Wards 5 & 8 Joint Sewerage Commission was established by a joint venture between the participants, Town of Bessick, Sewerage District No. 2, the City of Patterson, and Sewerage District No. 8 of the Parish of St. Mary, State of Louisiana. The Commission's sole responsibility and duty is to maintain and operate the sewerage treatment facility systems. Each participant accounts for their equity interest in Wards 5 & 8 Joint Sewerage Commission on their own financial statement.

NOTE 2 - CASH AND CASH EQUIVALENTS

Statutes authorize the Commission to invest in certificates of deposit, repurchase agreements, passbooks, bankers acceptances and other available cash investments provided that approved securities are pledged to secure those funds on deposit, as required. Cash and interest bearing deposits as of September 30, 2003 and 2002 were as follows:

	(2003/2002)		(9/30/2002)	
	Book Balance	Bank Balance	Book Balance	Bank Balance
Cash	\$ 100	\$ -	\$ 100	\$ -
Checking	17,307	19,890	52,385	54,457
Money Markets	464,858	464,858	590,906	590,906
	<u>\$ 482,265</u>	<u>\$ 484,748</u>	<u>\$ 643,391</u>	<u>\$ 645,363</u>

The Commission's cash and investments are categorized to give an indication of the level of risk assumed by the Commission at September 30, 2003 and 2002:

Category 1 - Insured or collateralized with securities held by the District or by its agent in the Commission's name.

Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the Commission's name.

Category 3 - Uncollateralized or securities uninsured or unregistered and held by the counter party.

Cash and investments categorized by the level of risk are:

	9-30-03	9-30-02
Category 1	\$117,427	\$ 102,485
Category 2	364,858	490,906
Category 3	---	---
Total Cash and Investments	<u>\$ 482,285</u>	<u>\$ 593,391</u>

NOTE 3 - DUE FROM OTHER GOVERNMENTAL UNITS

Due from other governmental units are amounts due from each participant for unpaid user fees of the sewerage system. Amounts due from other governmental units consisted of the following:

	September 30 2003	September 30 2002
Sewerage District No. 2 -		
Sewerage Treatment Fees	\$ 23,844	\$ 14,521
Sewerage District No. 8 -		
Sewerage Treatment Fees	13,793	8,486
Town of Benwick -		
Sewerage Treatment Fees	24,817	12,100
City of Patteness -		
Sewerage Treatment Fees	52,664	28,787
	<hr/>	<hr/>
Total	\$ 114,718	\$ 63,894
	<hr/>	<hr/>

NOTE 4 - PROPERTY, PLANT, AND EQUIPMENT

Depreciation was \$78,848 and \$81,587 for the years ended September 30, 2003 and 2002.

Property	Balance 9-30-02	Additions	Disposals	Balance 9-30-03
Improvements	\$737,446	\$ 205,542	\$ —	\$942,988
Equipment	449,289			448,289
Vehicles	32,479			32,479
Accumulated Depreciation	(433,208) >	(76,848) >	—	(510,056) >
Net of Accum. Depreciation	\$815,986			\$948,679
	<hr/>			<hr/>

NOTE 5 - BOARD OF COMMISSIONERS

The Board of Commissioners consists of five members, one each appointed by the Town of Berwick, the City of Patterson, Sewerage District No. 2, and two appointed by the Parish Council.

NOTE 6 - CONTRIBUTED CAPITAL

The following is a list of the total contributions received from the following governmental units as of September 30, 2003 and 2002.

	<u>2003</u>	<u>2002</u>
Sewerage District No. 2	\$ 4,518	\$ 4,518
Town of Berwick	27,993	27,993
City of Patterson	31,292	31,292
St. Mary Parish Council	15,820	15,820
Sewerage District No. 2	<u>19,467</u>	<u>19,467</u>
	<u>\$ 99,110</u>	<u>\$ 99,110</u>

NOTE 7 - PENSION PLAN

Wards 5 & 8 Joint Sewerage Commission has two employees. All of the employees are covered under the Employees' Panchial Retirement System of Louisiana. The Commission's contribution to this plan totaled \$4,276 and \$3,579 for the years ended September 30, 2003 and 2002.

All full-time eligible employees of the Wards 5 & 8 Joint Sewerage Commission are members of the Panchial Employees' Retirement System of Louisiana, a multiple-employer (cost-sharing) public employee retirement system (PERS), controlled and administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All eligible employees of the Wards 5 & 8 Joint Sewerage Commission are members of Plan A.

NOTE 7 - PENSION PLAN (Continued)

All eligible employees working at least 28 hours per week who are paid wholly or in part from Wards 5 & 6 Joint Sewerage Commission's funds are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 per cent of their final-average salary for each year of creditable service. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above, and do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

Covered employees are required by the State Legislature to contribute 8.50% of their gross salary to the plan. The Commission was required by the same statute to contribute 7.75% in 2003 and 7.75% in 2002 of each employee's gross salary to the plan.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employee Retirement System, Post Office Box 14479, Baton Rouge, Louisiana, 70804-4079 or by calling (225) 928-1367.

NOTE 8 - SEWERAGE FEES

In order to defray the cost of maintaining the system, Wards 5 & 6 Joint Sewerage Commission charges each participant a \$1 fee per one thousand gallons of water consumed by each participant's water customers. The Commission has set aside 15 cents on each dollar collected in a money market account specifically for any repairs paid by the Commission. The other 85 cents goes toward the other operating expenses such as utilities, salaries, etc. As of September 30, 2003 and 2002, the balance in the repair & maintenance account was \$ 13,328 and \$ 22,918.

REPORT ON COMPLIANCE AND INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners
Wards 5 & 8 Joint Sewerage Commission
P.O. Box 161
Berkid, Louisiana 70542

We have audited the basic financial statements of the Wards 5 & 8 Joint Sewerage Commission for the years ended September 30, 2003 and 2002, and have issued our report thereon dated February 12, 2004. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Wards 5 & 8 Joint Sewerage Commission's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not the objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Wards 5 & 8 Joint Sewerage Commission's internal control over financial reporting in order to determine our auditing procedures for the purposes of expressing our opinion on the basic financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving internal control over financial reporting and its operation that we consider to be reportable conditions.

Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgement, could adversely affect Wards 5 & 8 Joint Sewerage Commission's ability to record, process, summarize and report financial data consistent with the assertions of management in the basic financial statements. The reportable condition is described in the accompanying schedule of findings and questioned cost as item 03-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned function.

Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control structure that might be reportable conditions and accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we believe item 03-1 to be a material weakness.

This report is intended solely for the use of management, the participants, and the Louisiana Legislative Auditor, and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report which, upon acceptance by the Wards 5 & 8 Joint Sewerage Commission is a matter of public record.

WARDS 5 & 9 JOINT SEWERAGE COMMISSION

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended September 30, 2003

A. Summary of Audit Results:

1. The auditors' report expresses an unqualified opinion on the financial statements of Wards 5 & 9 Joint Sewerage Commission.
2. No instances of noncompliance material to the financial statements of Wards 5 & 9 Joint Sewerage Commission, which would be reported in accordance with Government Auditing Standards, were disclosed during the audit.
3. One reportable condition in internal control, which is also a material weakness (see finding item 03-01).

B. Findings:

03-01 Finding: Lack of segregation of duties.

Cause: Our examination disclosed that there is not any segregation of duties within the Commission's accounting function, (especially in the areas of cash receipts, bank reconciliations, cash disbursements, general ledger, and journal entries). This weakness is due to the fact that the Commission sub-contracts out this bookkeeping function to a bookkeeper. Due to the lack of segregation of duties, possible errors or irregularities could occur in the accounting records and not be detected. Undoubtedly, since the Commission doesn't have any employees hired to handle the accounting function and they sub-contract the service out, the most ideal system of internal control or the most desirable accounting system may not be practicable. Also the cost of hiring employees to handle the accounting function might exceed any benefits gained. The management of the Commission is well aware of the loss of internal control that results with their sub-contracting of the accounting functions and are constantly on watch for any problems that would occur.

Recommendation: Based upon the cost-benefit of hiring accounting personnel, it may not be feasible to achieve complete segregation of duties. We recommend the commission continue to closely monitor all records and transactions.

Response: Management concurs with recommendations.

WARDS 5 & 6 JOINT SEWERAGE COMMISSION
SCHEDULE OF PRIOR YEAR FINDINGS

For the Year Ended September 30, 2002

A. Summary of Prior Findings:

Finding: Lack of segregation of duties.

Status: This finding still exists. See 03-04 on the schedule of the current year findings and questioned cost.
