NORTHSIDE UTILITY DISTRICT NO. 2 RICHLAND PARISH POLICE JURY Rayville, Louisiana

Notes to the Financial Statements As of and for the Year Ending December 31, 1999

INTRODUCTION

Northside Utility District No. 2 was created by the Richland Parish Police Jury on December 3, 1981. It was combined from another district with a new area to be provided with water and sewer service. The district is responsible for maintaining and operating a water system and a sewerage collection and disposal system within the boundaries of the district. The district has a contract with the Tow of Rayville for water pumping and the sewerage collection and disposal. The district is to be governed by a board of commissioners consisting of five (5) members appointed by the police jury. Each board member is to serve a four (4) year term. The board receives no compensation for their services. The Richland Parish Police Jury has taken over the operations of the District and no separate

board exists as of the date of this report.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of the Northside Utility District No. 2 have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

The district is a component unit of the Richland Parish Police Jury, the financial reporting entity. The police jury is financially accountable for the district because it appoints a voting majority of the board and has the ability to impose its will on them.

The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. FUND ACCOUNTING

· 6

Rayville, Louisiana Notes to the Financial Statements (Continued)

> The Northside Utility District No. 2 is organized and operated on a fund basis whereby a self-balancing set of accounts (Enterprise Fund) is maintained that comprises its assets, liabilities, fund equity, revenues, and expenses. The operations are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Enterprise Fund is accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund is included on the balance sheet. The Enterprise Fund uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. The Enterprise Fund uses the following practices in recording certain revenues and expenses:

Revenues

Revenues are recorded each month when customers are billed. Interest earned on time deposits is recorded at the end of each quarter when credited by the bank.

Other revenues of the district are recorded when received.

Expenses

Expenses are recognized at the time the liability is incurred.

E. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

- --- ---- -

Rayville, Louisiana

Notes to the Financial Statements (Continued)

F. FIXED ASSETS

Fixed assets of the district are included on the balance sheet of the fund. Interest costs incurred during construction are capitalized. Depreciation of all exhaustible fixed assets is charged as an expense against operations. Fixed assets reported on the balance sheet are net of accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of 40 years for water and sewer systems.

COMPENSATED ABSENCES G.

The district does not have any full time employees; therefore it does not have a formal vacation or sick leave policy.

LONG-TERM LIABILITIES Η.

Long-term liabilities are recognized within the Enterprise Fund. The district has no long-term liabilities at December 31, 1999.

FUND EQUITY I.

Contributed Capital

Grants, entitlements, or shared revenues received that are restricted for the acquisition or construction of capital assets are recorded as contributed capital. Contributed capital is not amortized based on the depreciation recognized on that portion of the assets acquired from such contributions.

Reserves

Reserves represent those portions of fund equity legally segregated for a specific future use.

2. FUND DEFICITS

At December 31, 1999, the unreserved retained earnings deficit totals \$184,309. The director of the district has turned the system over to the Police Jury as of June 30, 1999. The board that has been appointed has never met and leaves everything up to the director, who at this time has not been paid on a consistent basis. As of the date of this report, the director has now been paid in full for all back wages as directed by the Police Jury. The Police Jury is now overseeing the operations of the District.

3. CASH AND CASH EQUIVALENTS

At December 31, 1999, the district has cash and cash equivalents (book balances) totaling \$9,087 as follows:

Rayville, Louisiana Notes to the Financial Statements (Continued)

2,944
9,087
ç

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. As of December 31, 1999, the district has \$9,887 in deposits (collected bank balances). These deposits are secured from risk by \$200,000 of federal deposit insurance.

4. RECEIVABLES

The following is a summary of receivables at December 31, 1999:

Water and sewer	\$7,640
Less estimated uncollectibles	(2,000)
Net accounts recievable	\$5,640

The district uses the allowance method of writing off uncollectible accounts.

5. FIXED ASSETS

A summary of fixed assets at December 31, 1999, follows:

Water system	\$241,065
Sewer system	196,034
Less accumulated depreciation	(195,760)
Net property, plant and equipment	\$241,339

6. PENSION PLAN

The district has no full time employees and therefore, provides no benefits.

7. LITIGATION AND CLAIMS

At December 31, 1999, the district is not involved in any litigation nor is it aware of any unasserted claims.

Rayville, Louisiana Notes to the Financial Statements (Continued)

8. GOING CONCERN

The district has operated at a loss for several years. The cash flow is hindered by the district's inability to collect on overdue accounts and the fact that the water and sewer fees charged are not enough to cover costs of the district. The district is facing major repairs to its lines and does not have the money to start the repairs. At this time the

district is applying for a grant to help with the costs of repairs. The director has been paid in full and the district has been turned over to the Richland Parish Police Jury as of June 30, 1999.
