INDEPENDENT AUDITORS' REPORT

**Ouachita Parish Police Jury
Monroe, Louisiana**

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **Ouachita Parish Police Jury** (the Police Jury) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Police Jury's basic financial statements as listed in the Table of Contents.

Bases for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Police Jury and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Adverse Opinion on Aggregate Discretely Presented Component Units

As discussed in Note 1 – B, the financial statements do not include financial data for all the Police Jury's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the Police Jury's primary government unless the Police Jury also issues financial statements for the financial reporting entity that include the financial data for its component units. The Police Jury has not issued such reporting entity financial statements. The effects of this departure from accounting principles generally accepted in the United States of America on the assets, liabilities, net assets, revenues, and expenses of aggregate discretely presented component units are not reasonably determinable.

**Ouachita Parish Police Jury
Monroe, Louisiana**

Adverse Opinion on Aggregate Discretely Presented Component Units

In our opinion, because of the significance of the matter described in the “Basis for Adverse Opinion on Aggregate Discretely Presented Component Units” paragraph, the financial statements referred to above do not present fairly, in all material respects, the financial position of the aggregate discretely presented component units of the Ouachita Parish Police Jury, as of December 31, 2022, or the changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Ouachita Parish Police Jury as of December 31, 2022 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Responsibilities of the Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Police Jury’s ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

**Ouachita Parish Police Jury
Monroe, Louisiana**

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test a basis, evidence regarding the amount and disclosure in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Police Jury's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Police Jury's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 18; budgetary comparison information, pages 87 through 92; Schedule of Changes in Total OPEB Liability and Related Ratios- Cost Sharing Plans Only, page 93; and Schedules of Employer's Proportionate Share of Net Pension Liability and Employer's Contributions and related notes, pages 94 through 96 be presented to supplement the basic financial statements. Such information is the responsibility of management, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Ouachita Parish Police Jury
Monroe, Louisiana**

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Ouachita Parish Police Jury's basic financial statements. The accompanying Schedule of Police Jurors' Compensation (Schedule 23), the Schedule of Compensation, Benefits and Other Payments to Agency Head (Schedule 24), and the Justice System Funding Schedule—Receiving Entity (Schedule 25) are presented for purposes of additional analysis and are not a required part of basic financial statements. The accompanying combining and individual non major fund financial schedules (Schedules 9 through 22) and the schedule of expenditures of federal awards (Schedule 26) are presented for purposes of additional analysis as required by *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and are also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial schedules; the Schedule of the Police Jury Compensation, the Schedule of Compensation, Benefits and Other Payments to Agency Head, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2023, on our consideration of the Police Jury's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Police Jury's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Police Jury's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION (PART A)

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

Our discussion and analysis of Ouachita Parish Police Jury's (the Police Jury's) financial performance provides an overview of the Police Jury's financial activities for the year ended December 31, 2022. Please read it in conjunction with the Police Jury's financial statements.

FINANCIAL HIGHLIGHTS

Our financial statements provide these insights into the results of this year's operations:

Assets of the Police Jury exceeded liabilities at the close of the most recent fiscal year by approximately \$344.2 million (net position). Of this amount, there is a negative \$19.2 million unrestricted net position.

The Police Jury's total net position increased by approximately \$25.4 million during 2022. Governmental activities' net position increased approximately \$25.5 million during 2022, while business-type activities' net position decreased by approximately \$130,000.

As of the end of the fiscal year, the Police Jury's governmental funds reported combined ending fund balances of \$182.4 million, an increase of approximately \$13.8 million in comparison with the prior year. Approximately 4.8% of this total amount, or \$8.8 million, is unassigned and available for use at the Police Jury's discretion, while the remaining 95.2%, or \$173.6 million, is designated per the Governmental Accounting Standards Board (GASB) as either non-spendable, restricted, or committed. Those designations are discussed further in Note 16.

In April 2016, voters on the west side of the parish approved a 0.39 percent sales and use tax dedicated to the West Ouachita Economic Development District for road and roadside drainage improvements within the district. The tax went into effect on July 1, 2016 and expires in 25 years or June 30, 2041. During 2022, the district collected \$2,499,750 in sales taxes which was an extraordinary year. It is estimated that the tax will continue to generate approximately \$2,000,000 per year. The district sold \$7,000,000 of bonds in 2016 to be paid back with the proceeds of the tax. The proceeds of the bond sales was used to expedite the re-construction of several roads within the district. Approximately half of the tax revenue per year will go to retire the debt and the other half will be used for other road projects. By the end of December 31, 2022, the district has spent \$12,680,465 on various road projects.

On November 18, 2017, voters on the east side of the parish approved a 1.39 percent sales and use tax dedicated to the East Ouachita Economic Development District for road and roadside drainage improvements as well as off-road drainage improvements within the district. The tax went into effect on April 1, 2018 and expires in 25 years or March 31, 2043. During 2022, the district collected \$5,154,806 in sales taxes which was an extraordinary year. It is estimated that the tax will generate \$3,500,000 per year. The district sold \$7,000,000 of bonds in 2018 to be paid back with the proceeds of the tax. The proceeds of the bond sales were used to expedite the re-construction of roads within the district and provide matching funds for projects awarded through FEMA's Hazard Mitigation Grant

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

Program. Approximately 25% of the tax revenue per year will go to retire the debt and the remaining 75% will be used over the years for other road and drainage projects. Several new funds have been created to account for these HMGP projects. By the end of December 31, 2022, the district has spent \$7,274,693 on various road and drainage projects, and provided \$5,804,227 in matching funds for FEMA funded drainage projects.

In 2017, we mentioned the parish suffered historic flooding after a rain event dropped nearly 27 inches of rain in a 2 day period in March 2016. A disaster was declared by the parish, the state and the federal government which is FEMA DR-4263. Several departments spent funds on response and recovery. FEMA will only reimburse 75% of the approved response and recovery funds. The amounts spent are detailed in the individual budgets. Through the approval of these budgets, a portion of the funds have been reimbursed. Also during 2017, the U.S. Department of Housing and Urban Development announced that it has set aside funds through the Community Development Block Grant program (CDBG) to assist with the 25% match. In addition, there have been funds reallocated from previous disasters through FEMA's Hazard Mitigation Grant Program (HMGP) to Ouachita Parish. The OPPJ has accepted a proposal for a grant manager in order to assist the OPPJ with utilizing the HMGP funding and the potential CDBG matching funds. The funding will be significant and shared with the Cities of Monroe and West Monroe. It may take 2 years before construction may begin on projects from the HMGP funds. As mentioned in the previous paragraph, the Parish will use the new East Ouachita Economic Development District's (EOEDD) funds to match the HMGP projects. The projects will be significant with estimated construction cost being \$16,500,000. Of that we anticipate \$10,300,000 in federal funding and \$5,805,000 local funds from the EOEDD.

It is unfortunate that the nation has experienced a pandemic starting in the year 2020 that has left many individuals, businesses and governments hurting. Congress passed the American Rescue Plan Act that has allocated funding to local governments to provide additional relief to address the continued impact of COVID-19 (i.e., coronavirus disease 2019) on the economy, public health, state and local governments, individuals, and businesses. The Ouachita Parish Police Jury (OPPJ) was allocated \$29,762,649 to be obligated by December 31, 2024 and spent by December 31, 2026. The OPPJ has procured a consultant to assist with projects and reporting. The U.S. Treasury is the cognizant agency for the funds, and the Treasury has allowed for all of the funds to be drawn down during 2021 and 2022. The OPPJ has not yet obligated all of those funds by December 31, 2022. The jurors will carefully select projects that are considered eligible uses within the guidelines of the Act.

USING THIS ANNUAL REPORT

The Police Jury's annual report consists of a series of financial statements that show information for the Police Jury as a whole, and for its funds. The Statement of Net Position and the Statement of Activities provide information about the activities of the Police Jury as a whole and present a longer-term view of the Police Jury's finances. Our fund financial statements are included later in this report. For our governmental activities, these statements tell how we financed our services in

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

the short-term as well as what remains for future spending. Fund statements also may give some insights into the Police Jury's overall financial health. Fund financial statements report the Police Jury's operations in more detail than the government-wide financial statements by providing information about the Police Jury's most significant funds - General Fund, Fire Department, Public Library, the Correctional Center and the Urban Systems Special Revenue Funds.

In accordance with Governmental Accounting Standards Board Statement No. 34, the statements focus on the Police Jury as a whole (government-wide) and the major individual funds. Both perspectives (government-wide and major fund) allow the reader to address relevant questions, broaden a basis for comparison (year to year or government to government), and should enhance the Police Jury's accountability.

Our auditors have provided assurance in their independent auditors' report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements, after considering the fact that certain component units are not included, are fairly stated. Varying degrees of assurance are being provided by the auditors regarding the Required Supplementary Information (RSI) and the Supplementary Information. A user of this report should read the Independent Auditors' Report carefully to ascertain the level of assurance being provided for each part of this report.

Reporting on the Police Jury as a Whole

Government-Wide Financial Statements

The government-wide financial statements (see Statements A and B) are designed to be similar to private-sector business in that all governmental and business-type activities are consolidated into columns which add to a total for the primary government. These statements combine governmental funds' current financial resources with capital assets and long-term obligations. Also presented in the government-wide financial statements is a total column for the business-type activities of the primary government.

The Statement of Net Position (Statement A) and the Statement of Activities (Statement B)

One of the most important questions asked about the Police Jury is, "Is the Police Jury, as a whole, better or worse off financially as a result of the year's activities?" The Statement of Net Position and the Statement of Activities, which appear first in the Police Jury's financial statements, report information on the Police Jury as a whole and its activities in a way that helps you answer this question. We prepare these statements to include *all* assets and liabilities, using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. For example, uncollected taxes and earned but unused vacation leave result in cash flows for future periods. The focus of the Statement of Activities is on both the gross and net cost of various activities that are provided by the government's general tax and other revenues. This is intended to summarize information and simplify the user's analysis of cost of

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

various governmental services and/or subsidy to various business-type activities.

These two statements report the Police Jury's *net position* - the difference between assets and liabilities, as reported in the Statement of Net position - as one way to measure the Police Jury's financial health, or *financial position*. Over time, *increases or decreases* in the Police Jury's net position - as reported in the Statement of Activities - are one indicator of whether its *financial health* is improving or deteriorating. The relationship between revenues and expenses is the Police Jury's *operating results*. However, the Police Jury's goal is to provide services to our citizens, not to generate profits as commercial entities do. One must consider many other non-financial factors, such as the quality of health and welfare services provided to parish citizens and the condition of roads, bridges and drainage systems to assess the *overall health* of the Police Jury.

The governmental activities reflect the Police Jury's basic services including public safety (fire and law enforcement), general government (executive, legislative, judicial, finance and administrative services), streets and drainage, traffic and transportation, culture and recreation, health and welfare, economic development, conservation, and urban redevelopment and housing. These services are financed primarily with taxes and government grants. The business-type activities reflect private sector type operations where the fee for service typically covers all or most of the cost of operations including depreciation. The Police Jury's sewerage collection programs are reported here.

Reporting the Police Jury's Most Significant Funds

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for *specific activities* or objectives. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar. The focus is now on major funds, rather than generic fund types.

Fund Financial Statements The Police Jury's fund financial statements (Statements C through G) provide detailed information about the most significant funds - not the Police Jury as a whole. Some funds are required to be established by State law and by bond covenants. However, the Police Jury establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The governmental major funds (Statements C and D) presentation is presented on a sources and uses of liquid resources basis. This is the manner in which the financial plan is typically developed. Unlike the government-wide financial statements, governmental fund reporting focuses on showing how money flows into and out of funds and the balances left at year-end that are available for spending. They are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial*

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the Police Jury's operations and the services it provides. Such information may be useful in evaluating a government's current financing requirements. All non-major governmental funds are presented in one column titled Other Governmental Funds. Combining financial schedules of the non-major funds can be found in the supplementary information section that follows the Basic Financial Statements.

Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Police Jury's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* in the reconciliations of the Governmental Funds Balance Sheet to the Statement of Net Position and of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance to the Statement of Activities.

Proprietary Funds encompass both enterprise and internal service funds on the fund financial statements (Statements E, F, and G). Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Police Jury's various functions. The Police Jury uses internal service funds to account for its self-insured insurance and group hospitalization activities. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities section in the government-wide financial statements. Combining schedules of the non-major individual enterprise and internal service funds can be found in the other supplementary information section following the basic financial statements.

Fiduciary funds are used to account for resources held by the Police Jury in a trustee capacity or as an agent for others. The Police Jury did not have any fiduciary funds at December 31, 2022.

The total columns on the governmental funds' financial statements (Statements C and D) require reconciliation to the government-wide financial statements. The governmental funds' differences result from the different measurement focus and the reconciliation is presented on the pages following each statement. The flow of current financial resources reflects inter-fund transfers as other financial sources as well as capital expenditures as expenditures. The reconciliation eliminates these transactions and incorporates the capital assets and long-term obligations into the *Governmental Activities* column in the Statement of Net Position.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

Capital Assets

General capital assets include land, construction in progress, buildings, equipment and furniture, books, infrastructure, and all other assets of a tangible nature that are used in operations and that exceed the Police Jury's capitalization threshold, which is outlined in the notes to the financial statements. All completed projects and acquisitions occurring in the year ended December 31, 2022, have been capitalized. The Police Jury has capitalized all capital assets, whether purchased or donated.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are a required part of the basic financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* (Part B), the budgetary comparison schedules, the Schedule of Changes in Total OPEB Liability and Related Ratios, the Schedule of Employer's Share of Net Pension Liability, and the Schedule of Employer Contributions. Required supplementary information can be found in Schedules 1 through 8 of this report.

The supplementary information section referred to earlier in connection with the non-major governmental and proprietary funds is presented immediately following the required supplementary information in Schedules 9 through 22, as well as the Schedule of Police Juror Compensation (Schedule 23) and the Schedule of Compensation, Benefits, and Other Payments to Agency Head of Chief Executive Officer (Schedule 24), Justice System Funding Schedule - Receiving Entity (Schedule 25).

Also included in the report are the Office of Management and Budget 2 CFR 200 (Uniform Guidance) Single Audit reports and the Schedule of Expenditures of Federal Awards (Schedule 26).

GOVERNMENT-WIDE FINANCIAL ANALYSIS

THE POLICE JURY AS A WHOLE The Police Jury's net position is \$344.2 million at December 31, 2022. Of this amount, \$363.4 million was restricted or invested in capital assets while the negative unrestricted net position amount of \$19.2 million comprises the difference. Restricted net position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the Police Jury's ability to use those net position for day-to-day operations. Our analysis below focuses on the net position (Table 1) and change in net position (Table 2) of the Police Jury's governmental activities.

The negative \$19.2 million in unrestricted net position of governmental activities represents the *accumulated* results of all past years' operations. Net position of governmental activities increased by \$25.5 million from the prior year. The changes in net position are discussed later in this MD&A.

The Police Jury's combined net position at year-end totaled \$344.2 million. Approximately 55% (\$188.3 million) of the Police Jury's net position as of December 31, 2022, reflects the Police Jury's investment in capital assets (land, buildings, infrastructure, machinery and equipment) less any related outstanding debt used to acquire those assets that is still outstanding. The Police Jury uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Another 51% of the Police Jury's net position (\$175.0 million) are subject to external restrictions on how they may be used, such as property tax approved by the electorate for specific purposes.

The remaining is a negative 6% (\$19.2 million) of net position, referred to as unrestricted. The results of this year's operations for the primary government as a whole are reported in the Statement of Activities.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

The following Table 2 provides a summary of the changes in net position for the year ended December 31, 2022, with comparative figures from 2021:

Net position, end of year	<u>\$ 343,269,980</u>	<u>\$ 317,780,165</u>	<u>\$ 927,495</u>	<u>\$ 1,061,523</u>	<u>\$ 344,197,475</u>	<u>\$ 318,841,688</u>

Changes in Net Position The Police Jury's total revenues were \$118.6 million and the total cost of all programs and services was \$93.2 million. Therefore, net position increased \$25.4 million from operations during the year.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

Governmental Activities net position increased \$25.5 million in 2022. The cost of all of the governmental activities this year was \$92.9 million. As shown in the Statement of Activities in Statement B, the amount that taxpayers ultimately financed for these activities was \$63.9 million because some of the cost was paid by those who benefited from the programs (\$12.0 million) or by other governments and organizations that subsidized certain programs with grants and contributions (\$16.9 million).

In the table which follows, we have presented the cost of each of the Police Jury's eight largest functions -judicial, finance and administration, other general government, public safety, public works, health and welfare, culture and recreation, and economic and government assistance as well as each program's net cost (total cost less revenues generated by the activities). As discussed above, net cost shows the financial burden that was placed on the Police Jury's taxpayers by each of these functions. Providing this information allows citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Table 3
OUACHITA PARISH POLICE JURY
Condensed Statement of Activities
December 31, 2022 and 2021

	<u>Total Cost of Services</u>		<u>Net Cost of Services</u>	
	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>
Judicial	\$ 8,133,710	\$ 7,980,118	\$ 3,408,216	\$ 3,257,667
Finance and administration	3,438,624	3,315,916	1,564,688	800,396
Other general government	10,364,512	7,484,293	10,357,375	7,398,795
Public safety	43,292,691	44,327,066	35,487,530	37,264,789
Public works	9,106,895	7,852,589	2,119,279	3,187,481
Health and welfare	2,886,083	3,076,075	2,539,535	2,580,875
Culture and recreation	8,011,783	7,989,882	7,829,253	7,240,454
Economic assistance	6,888,493	6,568,836	(164,087)	(190,795)
All others	1,110,653	1,108,091	872,236	728,086
Total	<u>\$ 93,233,444</u>	<u>\$ 89,702,866</u>	<u>\$ 64,014,025</u>	<u>\$ 62,267,748</u>

Governmental Activities' net position increased \$25.5 million. Some factors affecting the change in net position for governmental activities were:

- (1) a \$1 million increase in ad valorem taxes.
- (2) a \$1.5 million increase in operating grants and contributions
- (3) a \$1 million increase in sales taxes
- (4) a \$1 million decrease in public safety expenses

Business-Type Activities' net position decreased by approximately \$134,000 in 2022.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

THE POLICE JURY'S FUNDS As we noted earlier, the Police Jury uses funds to help it control and manage money for particular purposes. Looking at funds helps you consider whether the Police Jury is being accountable for the resources taxpayers and others provide to it but may also give you more insight into the Police Jury's overall financial health.

Governmental Funds The focus of the Police Jury's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Police Jury's financing requirements. In particular, the *restricted*, *committed*, and *unassigned* fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. These fund balances are further described in Note 16.

As of the end of the fiscal year, the Police Jury's governmental funds reported combined ending fund balances of \$182.4 million, an increase of approximately \$13.8 million in comparison with the prior year. Approximately 4.8% of this total amount, \$8.8 million, is unassigned and available for use at the Police Jury's discretion, while the remaining 95.2%, or \$173.6 million, is designated per the Governmental Accounting Standards Board (GASB) as either non-spendable, restricted, or committed. Those designations are discussed further in Note 1.

The General Fund is the chief operating fund of the Ouachita Parish Police Jury. At the end of the fiscal year, total fund balance of the General Fund was approximately \$13.8 million of which \$4.8 million was committed, leaving \$8.8 million unassigned. For 2022, fund balance increased by \$0.8 million versus the \$1.1 million increase in 2021.

The Fire Department fund balance increased by \$2.9 million dollars in 2022 versus a \$1.3 million dollar decrease in 2021. The Fire department experienced a decrease in property taxes of \$115,000, and an increase of \$263,000 in sales taxes for 2022, but the majority of the increase was created by the department transferring only \$1.5 million to the Fire Department Capital Project fund compared to \$6.0 million during 2021. The Capital Project fund is used to help with other major renovations, and fire station upgrades and equipment purchases. For the 2022 fiscal year, the jurors chose to reduce the ad valorem tax millage levied from 19.11 to 18.00 mills. With that in mind, the department budgeted more conservatively for the year 2022.

The Public Works Department fund balance increased by approximately \$4.3 million for 2022 compared to an approximate \$4.1 million increase in 2021. Sales taxes are the primary source of revenue for the department, and sales tax revenue has increased parish wide in 2022 and 2021. For the Public Works department the increases are approximately \$1.7 million for 2021 and \$263,000 for 2022. In addition, the parish has experience several declared natural disasters in 2020 and 2021, therefore the department was not able to complete the Road Striping Program in 2021 and 2022, nor the Road Sealing or Road Rehabilitation programs in 2020 and 2021 thus saving those funds. Further, since the passage of the East and West Ouachita Economic Development District sales taxes, the Public Works Department has not had to match the Urban

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

Systems road projects as it did in the past. All of these factors has played a role in the increase in the department's fund balance. The police jurors did reestablish a road programs for the future years, which will utilize the accumulated fund balance.

The Correctional Center fund balance increased by approximately \$1.3 million in 2022 which is approximately the same as the 2021 increase. The majority of the increase for 2022 was from Ad Valorem Taxes \$424,000 and increase in Department of Corrections housing reimbursements \$380,000.

The American Rescue Plan Act Fund was a new fund created in 2021 and infused the Police Jury with funds with which to respond to the COVID-19 pandemic and associated economic conditions. The Police Jury received \$14.9 million during 2021 and the same amount in 2022 for a total of \$29.8 million. The funds are only available for eligible uses as laid out in the American Rescue Plan Act which are to replace lost public sector revenue, respond to the far-reaching public health and negative economic impacts of the pandemic, provide premium pay for essential workers, and invest in water, sewer, and broadband infrastructure. Although funds have been received, the Police Jury was not able to spend a significant amount of funds during 2021 or 2022, therefore \$29.6 million of the funds are reported as deferred revenue in this American Rescue Plan Act Fund.

Proprietary Funds The Police Jury's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. As of the end of the current fiscal year, the primary government's proprietary funds reported ending net position of approximately \$8.4 million.

GENERAL FUND BUDGETARY HIGHLIGHTS

Budgetary Highlights

Over the course of the year, the Police Jury revises its budget as it attempts to deal with unexpected changes in revenues and expenditures.

The total difference between the original General Fund budget and the final amended budget was an increase in appropriations by approximately \$450,000. The increase is a result of higher public safety appropriations than expected. Resources budgeted increased about \$550,000 due mainly to an increase in anticipated increase in Video Bingo tax proceeds. These changes resulted in a net increase less than \$100,000 in budgeted fund balance.

When actual results for 2022 are compared with the final budget, revenue and other sources exceeded budgeted collections by approximately \$370,000. Expenditures and transfers were approximately \$340,000 less than appropriated, resulting in a positive variance. This was due primarily to unexpected increases in ad valorem and video bingo taxes.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets The Policy Jury's investment in capital assets for its governmental and business type activities as of December 31, 2022, amounted to \$195.7 million (net of accumulated depreciation). This investment in capital assets includes land, construction in progress buildings, furniture, fixtures and equipment, and infrastructure assets such as roads and highways and drainage and sewer systems.

Major capital asset events during the current fiscal year included construction in progress on the following projects: Drainage for \$5,400,000, major road infrastructure for \$4,200,000, buildings for \$2,100,000, and sewerage for \$176,000.

Table 4

Capital assets, net	\$ 194,617,225	\$ 188,749,733	\$ 1,045,274	\$ 1,192,586	\$ 195,662,499	\$ 165,095,101

Additional information on the Police Jury's capital assets can be found in Note 6 of this report.

Long-Term Debt At the end of the current fiscal year, the Policy Jury had \$178,000 in revenue refunding bonds outstanding. This debt represents bonds secured solely by specified revenue sources such as the Sewerage System revenues. Another \$7.2 million is outstanding on governmental activities for the following bond issues:

In April 2016, voters on the west side of the parish approved a .39 percent sales and use tax dedicated to the West Ouachita Economic Development District for road and roadside drainage improvements within the district. The tax went into effect on July 1, 2016 and expires in 25 years or June 30, 2041. It is estimated that the tax will generate \$1.8 million per year. The district sold \$7.0 million bonds in 2016 to be paid back with the proceeds of the tax over a 10-year term. The proceeds of the bond sales will expedite the re-construction of several roads within the district. Approximately half of the tax revenue per year will go to retire the debt and the other half will be used for other road projects. See Note 9 for outstanding long-term debt.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

On November 18, 2017, voters on the east side of the parish approved a 1.39 percent sales and use tax dedicated to the East Ouachita Economic Development District for road and roadside drainage improvements as well as off-road drainage improvements within the district. The tax went into effect on April 1, 2018 and expires in 25 years or March 31, 2043. It is estimated that the tax will generate \$2.8 million per year. The district sold \$7.0 million bonds in 2018 to be paid back with the proceeds of the tax. The proceeds of the bond sales will expedite the reconstruction of roads within the district and provide matching funds for projects awarded through FEMA's Hazard Mitigation Grant Program. Approximately 25% of the tax revenue per year will go to retire the debt and the remaining 75% will be used over the years for other road and drainage projects. Several new funds have been created to account for these HMGP projects.

Compensated absences include accrued vacation pay. We present more detailed information about our long-term liabilities in Notes 9, 10, 11, and 12 of the Notes to the Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- It is anticipated that funds or districts with Ad Valorem Tax (property tax) should see revenues remain flat or experience a small increase for the year 2023 as reassessment values for 2022 experienced a 4.3% increase in taxable values. Sales Tax is collected by Public Works, the Fire Department, the West Ouachita Economic Development District, and the new East Ouachita Economic Development District. There were indications that collections would be static for the year 2022. However, it appears that the Parish saw an approximate 3% increase in sales taxes in 2022. It is apparent that COVID-19 federal stimulus money available to business and individuals has increased local spending. In addition, inflation during 2022 will also increase tax collected on goods and services. However, inflation has continued to grow which makes us question if business and individuals will be able to keep spending at the current pace. Therefore, in the current state of economic conditions, the departments are using conservative estimates in budgeting for sales tax revenue.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2022

- At the current rate of growth inflation and interest rates, the nation's economic condition has had an impact upon the budgets under the umbrella of the Police Jury, and is beginning to have a significant impact on the services provided by the Parish due to the rising cost of goods and services, including construction projects. All costs have risen, and the Police Jury will have to take these circumstances into consideration while budgeting for the future, but also monitoring the current year's budget. The largest expenditure category for the budgets remains personnel costs. The Jury has allowed departments to include a cost of living adjustment within their budgets in the amount of 3.0 % in 2023 in an effort to keep up with long term inflation. Unfortunately, personnel related benefits such as health insurance and retirement have seen steady increases each year.
- As part of the budget process each year, the Jury reviews a variety of information related to salaries and wages of its employees. In general, this review continues to indicate that our employees are at or below prevailing levels in the workplace for their level or responsibility or longevity. Retirement provisions for Parish employees are dictated by state law and the funds are administered at the state level. The Jury is largely limited to a role of funding the requirement. Since the various retirement programs remain defined benefit, the low interest rate environment over the past several years resulted in a very substantial percentage in that funding requirement. However, there is good news. The Parochial Retirement System has been able to fund its Unfunded Accrued Liability; therefore, the rate has reduced to 11.50% for 2022 and remains the same 11.50% for 2023. Here is what the other retirement systems did in 2021 and 2022. The District Attorney (DA) Retirement System – has remained at 9.50% for the period July 1, 2021 to June 30, 2022, and July 1, 2022 to June 30, 2023 and will increase to 12.0% for July 1, 2023 through June 30, 2024; Registrar of Voters' Retirement (ROV) System has remained at 18.00% for 2022, 2023 and through June 30, 2024; and Firefighter's Retirement System was 33.75% through June 30, 2022 and decreased to 33.25% for the period July 1, 2022 through June 30, 2023 and will remain at 33.25% through June 30, 2024.
- Using conservative practices in the past few years, the elected officials have been able to maintain the General Fund in a positive cash flow position while meeting all demands placed upon the fund by State laws that mandate support for a variety of "reasonable and necessary" expenses of the local Judiciary system as well as other Parish-level officials.

CONTACTING THE POLICE JURY'S FINANCIAL MANAGEMENT

Our financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the Police Jury's finances and to show the Police Jury's accountability for the money it receives. If you have questions about this report or wish to request additional financial information, contact Bradley N. Cammack, CPA, Treasurer at the Ouachita Parish Police Jury, 100 Bry Sreet, Monroe, Louisiana 71201, telephone number (318) 327-1340.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

**Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and
Changes in Fund Balances to the Statement of Activities**

For the Year Ended December 31, 2022

Total net change in fund balances-governmental funds \$ 13,771,984

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds statement of revenues, expenditures, and changes in fund balances as expenditures. However, in the statement of activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense. Depreciation expense did not exceed capital outlays for the current year.

Capital outlays	\$ 19,346,905	
Depreciation	<u>(13,048,171)</u>	6,298,734

Neither capital assets nor depreciation are reported in the governmental funds. In the statement of net position, capital assets and accumulated depreciation are reported. When an asset is disposed of, any proceeds are reported as an other financing source in the fund financial statements but are reported as a gain or loss in the statement of activities.

Gain (loss) on sale of assets	(278,499)	
Less: Proceeds from sales of assets	<u>(152,742)</u>	(431,241)

Repayments of long-term debt are recognized as expenditures in the governmental fund statement of revenues, expenditures, and changes in fund balances but reduce long-term liabilities in the statement of net position.

Bond repayments		1,325,000
-----------------	--	-----------

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenues and expenses of the internal service funds are reported with governmental activities in the statement of activities.

Internal service funds net revenue (expense)		265,533
--	--	---------

Certain increases and decreases related to net pension assets and liabilities and net OPEB liabilities are not reported in the governmental funds but are reported in the statement of activities.

Pension (expense) benefit	1,761,525	
Nonemployer contributions to pension plans	1,432,900	
OPEB (expense) benefit	<u>781,808</u>	3,976,233

In the statement of activities, certain operating expenses for compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts paid).

Additions to compensated absences payable		<u>(15,731)</u>
---	--	-----------------

Change in net position of governmental activities \$ 25,489,815

The accompanying notes are an integral part of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

INTRODUCTION

The Ouachita Parish Police Jury (the Police Jury) is the governing authority for Ouachita Parish and is a political subdivision of the State of Louisiana. The Police Jury is governed by six (6) jurors representing the various districts within the parish. The jurors serve four-year terms that expire in January 2024.

Louisiana Revised Statute 33:1236 gives the Police Jury various powers to regulate and direct the affairs of the parish and its inhabitants. The more notable of those are the power to make regulations for its own government; to regulate the construction and maintenance of roads, bridges and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged, and unemployed in the parish. Funding to accomplish these tasks is provided by ad valorem property taxes, sales and use taxes, beer and alcoholic beverage permits, occupational license, state revenue sharing, and various other state and Federal grants.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of the Ouachita Parish Police Jury have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Ouachita Parish Police Jury is the reporting entity for Ouachita Parish. The financial reporting entity consists of (a) the primary government, the Ouachita Parish Police Jury; (b) organizations for which the primary government is financially accountable; and (c) other organizations for which nature and significance of their relationship with the Ouachita Parish Police Jury are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 14 established criteria for determining which component units should be considered part of the Ouachita Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the Police Jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Ouachita Parish Police Jury.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

2. Organizations for which the Police Jury does not appoint a voting majority but are fiscally dependent on the Police Jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Police Jury has determined that the following component units are part of the reporting entity:

Component Unit	Fiscal Year End	Criteria Used
Cadeville Water District	December 31 st	1a
District Attorney for the Fourth Judicial District	December 31 st	2
East Ouachita Economic Development District	December 31 st	1a
East Ouachita Recreation District No. 1	December 31 st	1a
East Town and Country Drainage District	December 31 st	1a
Eastern Forest Subdivision Sewerage District No. 14	December 31 st	1a
Fourth Judicial District Criminal Court Fund	December 31 st	1a
G.B. Cooley Hospital Service District	June 30 th	1a
Green Acres Sewerage District No. 13	December 31 st	1a
Hideaway Road Sewerage District No. 11	December 31 st	1a
Hospital Service District No. 1 of Ouachita Parish	December 31 st	1a
Ingleside Sewerage District	December 31 st	1a
Lakeshore Subdivision Sewerage District No. 1	December 31 st	1a
North Monroe Subdivision Sewerage District No. 1	December 31 st	1a
Ouachita Community Enhancement Zone, Inc.	December 31 st	2
Ouachita Parish Clerk of Court	June 30 th	2
Ouachita Parish Coroner	December 31 st	2
Ouachita Parish Homeland Security & Emergency Preparedness Agency	December 31 st	1a
Ouachita Parish Public Library	December 31 st	1a
Ouachita Parish Registrar of Voters	December 31 st	2
Ouachita Parish Sheriff	June 30 th	2
Ouachita Parish Tax Assessor	June 30 th	2
Prairie Road Water District	December 31 st	1a
Southeast Sewerage District No. 3	December 31 st	1a
Town and Country Drainage District No. 1	December 31 st	1a
West Ouachita Economic Development District	December 31 st	1a
West Ouachita Sewerage District No. 5	August 31 st	1a
West Ouachita Sewerage District No. 9	December 31 st	1a

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

The primary government (Ouachita Parish Police Jury) financial statements include all funds and account groups under the Police Jury's control. The financial statements also include certain organizations for which the Police Jury maintains the accounting records, consisting of the Ouachita Parish Homeland Security and Emergency Preparedness Agency, Fourth Judicial District Criminal Court Fund, Ouachita Parish Public Library, Ouachita Parish Registrar of Voters, West Ouachita Economic Development District, and East Ouachita Economic Development District Special Revenue Funds.

Also included are West Ouachita Sewerage District No. 9, Calvert-Hodge Watson Sewer Fund, Green Acres Sewerage District No. 13, Southeast Sewerage District No. 3, Ingleside Sewerage District, and Eastern Forest Sewerage District No. 14, Proprietary - Enterprise Funds. These funds are included in the primary government financial statements because they are no longer considered to be separate reporting entities.

Also considered in the determination of component units of the reporting entity were the Ouachita Parish School Board, and the various municipalities in the parish. It was determined that these governmental entities are not component units of the Ouachita Parish Police Jury reporting entity because they have separately elected governing bodies, are legally separate, and are fiscally independent of the Ouachita Parish Police Jury. The Ouachita Parish Police Jury neither appoints governing boards nor designates management. Furthermore, the Police Jury has no ability to significantly influence operations, nor does it have any accountability for fiscal matters of the entities. They are considered by the Ouachita Parish Police Jury and Louisiana Revised Statutes to be separate autonomous governments. Additionally, each of those entities issue financial statements separate from those of the Ouachita Parish Police Jury reporting entity.

C. FUND ACCOUNTING

The financial transactions of the Police Jury are recorded in individual funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a set of self-balancing accounts that includes its assets, liabilities, fund equity, revenues, and expenditures/expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained to be consistent with legal and managerial requirements.

Funds are classified into one of three categories: governmental, proprietary, or fiduciary. These categories are divided into separate "fund types." A description of the fund classifications and fund types are as follows:

Governmental Funds

Governmental funds account for the Police Jury's general governmental activities including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets, and the servicing of general long-term debt. Governmental funds are divided into major and nonmajor funds.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Major funds are funds that meet certain dollar thresholds of their revenues, expenditures/expenses, assets, or liabilities. Major funds are larger, more significant funds. Nonmajor funds are the Governmental Funds that do not meet the dollar thresholds for major funds.

Governmental funds include:

General Fund – The general fund is the general operating fund of the Police Jury. It accounts for all financial resources except those that are required to be accounted for in another fund. The general fund is always a major fund.

Special Revenue Funds – Special revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. Major special revenue funds include the Fire Department, Public Works, Correctional Center, and American Rescue Plan. There are 42 nonmajor special revenue funds.

Debt Service Funds – Debt service funds account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and other related service costs. Principal and interest are payable primarily from ad valorem taxes levied on all taxable property and improvements within the parish. There are 3 nonmajor debt service funds.

Capital Project Funds – Capital project funds account for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental funds. There are 13 nonmajor capital projects funds.

Proprietary Funds

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds differ from governmental funds in that their focus is on income measurement which, together with the maintenance of fund equity, is an important financial indicator.

Proprietary funds include:

Enterprise Funds – The enterprise funds account for operations that (a) are financed and operated similarly to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where (b) the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Enterprise funds are presented in the business-type activities column of the government-wide financial statements and the proprietary funds section of the fund financial statements. There are 6 nonmajor enterprise funds.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Internal Service Funds – The internal service funds account for the financing of goods and services provided by one department/agency to another department/agency within the government. This is accounted for on a cost-reimbursement basis. There are 2 nonmajor internal service funds.

Fiduciary Funds

Fiduciary funds are used to account for assets held by the Police Jury in a trustee capacity or as agent for individuals, private organizations, other governmental units, or other funds.

Agency Funds – Agency funds account for assets that the Police Jury holds as an agent on behalf of others. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Police Jury currently has no agency funds.

D. BASIS OF ACCOUNTING & MEASUREMENT FOCUS

Government-Wide Financial Statements (GWFS)

The statement of net position and the statement of activities display information about the reporting government in its entirety. Fiduciary funds are not included in the GWFS. Fiduciary funds are only reported in the statement of fiduciary net position at the fund financial statement level.

The statement of net position and the statement of activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Non-exchange transactions are recognized when the Police Jury has an enforceable legal claim to the revenues, expenses, gains, losses, assets, or liabilities.

Program Revenues

Program revenues included in the statement of activities derive directly from the program itself or from parties outside the Police Jury's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Police Jury's general revenues.

General Revenues

General revenues included in the statement of activities are derived from local property and sales taxes, from unrestricted state and local grants and from other sources not considered program revenues. General revenues finance the remaining balance of functions not covered by program revenues.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Fund Financial Statements (FFS)

Governmental Funds

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are “measurable and available”). Revenues are considered “measurable” when the amount of the transactions can be determined and considered “available” when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Police Jury considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on general long-term debt, which is recognized when due, and certain compensated absences, which are recognized when the obligations are expected to be liquidated with expendable, available financial resources.

With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The following practices are used in recording revenues and expenditures for governmental funds:

Revenues

Ad valorem taxes and the related state revenue sharing, based on homesteads in the parish, are recorded in the year the taxes are assessed by the parish Tax Assessor; however, the amount recorded is limited to collections anticipated to be realized within 60 days of the end of the fiscal year. Ad valorem taxes are assessed and become due on November 15 each year and become delinquent if not paid by December 31. The taxes are generally collected in December of the current year and January and February of the ensuing year.

Federal and state grants and other allotments are recorded when the Police Jury is entitled to the funds. Sales taxes are considered susceptible to accrual and are recognized when collected by the vendors. Fines, forfeitures, and court costs are recognized in the period collected by the Ouachita Parish Tax Collector.

Interest income on time deposits is recorded when the time deposits have matured, and the interest is available. Interest income on interest bearing demand deposits is recorded at the end of each month when credited by the bank. Interest income on investments is recorded periodically as the instruments mature.

Substantially all other revenues are recorded when they become available to the Police Jury. Based on the foregoing, the Police Jury considers ad valorem taxes, sales & use taxes, federal and state grants, and fines, forfeitures, and court costs to be susceptible to accrual.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for compensated absences, which are recognized during the year in which leave is actually taken, and principal and interest payments on long-term obligations, which are recognized when due.

Other Financing Sources (Uses)

Transfers between funds not expected to be repaid, sale of assets and proceeds from the issuance of long-term obligations are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying event occurs.

Proprietary Funds

The proprietary funds are accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The proprietary funds use the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred.

E. BUDGETS

Preliminary budgets for the ensuing year, prepared on the modified accrual basis of accounting, are prepared annually by the Treasurer. During the months of September through November, the budget committee reviews the proposed budgets with the department heads and makes changes as it deems appropriate. Notice of the location and availability of the proposed budgets for public inspection and the date of the public hearings to be conducted on the budgets are then advertised in the official journal of the Police Jury.

Prior to the selected December meeting, the Police Jury conducts a public hearing on the proposed budget(s) to receive comments from residents. Changes are then made to the proposed budgets based on the public hearing and the desires of the Police Jury as a whole. The budgets are then adopted during the Police Jury's selected December meeting, and a notice of adoption which includes a summary of the budget is published in the official journal of the parish.

During the year, the Police Jury receives monthly budget comparison statements that are used as a tool to control parish operations. The Police Jury exercises budgetary control at the fund level. Within departments, the treasurer has the authority to make adjustments as necessary, however, the Treasurer does not have the authority to increase or decrease overall revenue and/or expenditure amounts. Budget comparison statements in the accompanying financial statements include the original adopted budgets and the final budgets which reflect any subsequently adopted amendments.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

F. ENCUMBRANCES

Encumbrance accounting, under which purchase orders are recorded to reserve that portion of the applicable appropriation, is employed. Outstanding purchase orders are taken into consideration before expenditures are incurred to assure that applicable appropriations are not exceeded.

G. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and certificates of deposits. Under state law, the Police Jury may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. For the purposes of the statement of cash flows, cash equivalents include all highly liquid investments with a maturity date of three months or less when purchased.

H. INVESTMENTS

Under state law, the Police Jury may invest in United States treasury notes or certificates. These funds are classified as investments if their original maturities exceed 90 days. If the original maturities are 90 days or less, they are classified as cash equivalents. In accordance with the provisions of GASB Statement 31, investments are carried at fair market value or amortized cost, as further discussed in Note 4.

I. INVENTORIES

Inventories are valued at the lower of cost or market, primarily using average cost. Inventories in the governmental funds consist of expendable supplies that are held for consumption. The expenditures are recognized when the items are purchased. Inventories at year end are equally offset by nonspendable fund balance reserves.

J. CAPITAL ASSETS

Capital assets, which include land, buildings, furniture, fixtures and equipment, and books, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The Police Jury considers assets with an initial individual cost of \$500 or more and an estimated useful life of at least 1 year as capital assets. Capital assets are recorded at historical cost and depreciated over their estimated useful lives. Donated capital assets are recorded at their estimated fair value at the date of donation.

Major general infrastructure assets were not capitalized prior to January 1, 2003. On January 1, 2003, the Police Jury began recording current-year additions to general infrastructure assets. Effective January 1, 2008, the Police Jury retroactively recorded all general infrastructure assets acquired prior to January 1, 2003. The Police Jury elected to delay the retroactive recognition of these costs until that time due to the complexity of estimating historical costs.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

The estimated useful life is management's estimate of how long an asset is expected to meet service demands. Capital assets have not been assigned a salvage value because management feels that any potential salvage values are immaterial.

Straight-line depreciation is computed based on the following estimated useful lives:

3 years	Computer equipment
5 years	Furniture & fixtures Library books Motor vehicles (excluding fire trucks) Office equipment Plant equipment
10 years	Audio/visual equipment Phone systems Radio towers Safety equipment (including firefighting equip.)
15 years	Fire trucks Land improvements
20 years	Building improvements Playground equipment
25-40 years	Sewer treatment plants
40 years	Buildings Sewer lines, mains, and manholes Improved roads
50 years	Unimproved roads
75 years	Bridges

K. LONG-TERM OBLIGATIONS

Outstanding bonded debt consists of 2016 and 2018 Sales Tax Bonds, which are reported in the governmental activities, and Series 2013 Sewer Revenue Refunding Bonds, which are reported in the business-type activities. Bond premiums and discounts, as well as issuance costs, are recognized in the fund financial statements in the period the bonds are issued. Bond proceeds are reported as other financing sources. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. Deferred gains on refunding are capitalized and amortized over the life of the refunding in the government-wide financial statements. In the government-wide financial statements, bond premiums are reported on the balance sheet net of amortization and are amortized over the life of the bonds. Bond proceeds are reported in the government-wide financial statements as a long-term liability.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

The Police Jury provides certain continuing medical benefits, covered at 72% by the Police Jury, for its retired employees. Dental and vision benefits are also available to retirees at 100% cost to the retiree. The other post-employment benefits (OPEB) plan is a single employer, defined benefit, "substantive plan," as understood by past practices of the Police Jury. The current cost of other post-employment benefits is recognized in the fund financial statements as an expenditure in the fiscal year in which it is earned.

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the retirement systems and additions to/deductions from the retirements systems fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Deferred resources for investments are reported at their fair value.

L. DEFERRED OUTFLOWS & INFLOWS OF RESOURCES

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. *Deferred Outflows* represent a consumption of net position that applies to future period(s) and accordingly will not be recognized as an outflow of resources (expense) until then. Similar to assets, deferred outflows have a positive effect on net position. The Police Jury reports deferred charges on pensions and OPEB as deferred outflows in the government-wide statement of net position. These are recognized as expenses in the period that the outflows are applicable to.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. *Deferred Inflows* represent an acquisition of net position that applies to future period(s) and accordingly will not be recognized as an inflow of resources (revenue) until that time. Similar to liabilities, deferred inflows have a negative effect on net position. The Police Jury reports deferred benefits from pensions and OPEB as deferred inflows in the government-wide statement of net position. These are recognized as revenue in the period that the amounts become available.

M. COMPENSATED ABSENCES

Firemen of Fire Protection District No. 1 of Ouachita Parish are entitled to full pay during sickness for a period not to exceed 52 weeks. They are also entitled to annual vacation ranging from 15 to 30 days, depending on their length of service with the Police Jury.

All other full-time employees earn vacation at varying rates from 5 to 20 days each year, also depending on their length of service with the Police Jury. Employees hired prior to January 1, 2007, may carry forward unused accrued annual leave from year to year. For full-time employees hired after January 1, 2007, an annual leave cap of 320 hours will apply. Employees who terminate shall be paid for any accrued annual leave to their credit, subject to a maximum of 320 hours, at the employee's rate of pay at the time of separation. Any accumulated unused and unpaid annual leave may be converted to additional

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

retirement benefit credit upon application for normal retirement and as verified by the employer, however, the applicant must already be eligible for retirement before the additional time for unused and unpaid leave time is added. Conversion is based on the actual number of days divided by a 260 working day year.

In addition, all full-time employees earn sick leave ranging from 4 to 12 days each year, depending on their length of employment. Employees hired prior to January 1, 2007, may carry forward unused accrued annual leave from year to year. For full-time employees hired after January 1, 2007, a sick leave cap of 480 hours will apply. Upon retirement, a maximum of 60 days may be approved and paid at the employee's average wage rate for their last 5 years of employment. Accumulated sick leave in excess of 60 days is used as earned service in the employee's retirement computation.

N. INTERFUND TRANSACTIONS

Quasi-external transactions are accounted for as revenues and expenditures. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. All other interfund transactions are reported as transfers.

O. SALES AND USE TAXES

On October 15, 1977, voters of Ouachita Parish approved a one percent (1%) sales and use tax dedicated to improving, resurfacing, renovating, operating, and maintaining public roads and bridges (including necessary drainage thereof and purchasing the necessary equipment to carry out such purposes) within said parish and outside the corporate limits of Monroe and West Monroe. The tax is for an indefinite time period. The Monroe City Sales and Use Tax Collection Department provides collection services for a fee of \$2,100 per month, in accordance with an intergovernmental agreement between the Police Jury and the City of Monroe.

On January 17, 1987, and October 21, 1995, voters of Ouachita Parish approved one-half of one percent (0.5%) sales and use taxes, which were both dedicated to operating expenses and capital outlays for fire protection in the parish. The total tax of one percent (1%) is for an indefinite time period. The Monroe City Sales and Use Tax Collection Department provides collection services for a fee of \$1,050 per month, in accordance with an intergovernmental agreement between the Police Jury and the City of Monroe.

On April 9, 2016, voters on the west side of the parish approved a 0.39 percent (0.39%) sales and use tax dedicated to road and roadside drainage improvements within the West Ouachita Economic Development District. The tax went into effect on July 1, 2016 and expires after 25 years on June 30, 2041.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

On November 18, 2017, voters on the east side of the parish approved a 1.39 percent (1.39%) sales and use tax dedicated to road and roadside drainage improvements within the East Ouachita Economic Development District. The tax went into effect on April 1, 2018 and expires after 25 years on March 31, 2043.

P. NET POSITION / FUND BALANCE

In the government-wide financial statements, equity is classified as “net position.” Net position is the difference between a government’s assets plus deferred outflows and liabilities plus deferred inflows. Net position is shown in three classifications in the statement of net position:

Net Investment in Capital Assets – Capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, notes, or other borrowings attributable to the acquisition, construction, or improvement of said capital assets.

Restricted Net Position – Net position with constraints placed on the use whether by (1) external groups, such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All net position that does not meet the definition of net investment in capital assets or restricted net position.

Sometimes, the Police Jury will make expenditures for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as *restricted* net position and *unrestricted* net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Police Jury’s practice to consider *restricted* net position to have been depleted before *unrestricted* net position is applied.

In the fund financial statements, equity is classified as “fund balance.” Fund balance is the difference between assets and liabilities. It is classified according to its useful purpose or function of restriction at year-end in one or more of the following categories:

Nonspendable – Amounts that cannot be spent because they are in nonspendable form or they are legally or contractually required to be maintained intact.

Restricted – Amounts that can be spent only for specific purposes because of the state or federal laws, or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – Amounts that are limited to specific purposes as determined by a formal action of the Police Jury. The Jury is the highest level of decision-making authority for the Police Jury. These amounts cannot be used for other purposes unless the Jury removes or changes the specified use by taking the same type of formal action.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Assigned – Amounts that are intended to be used for specific purposes as established by the Police Jury or officials or body’s designated for that purpose but do not meet the criteria to be classified as restricted or committed.

Unassigned – Unassigned fund balance represents all amounts not included in other spendable classifications. Unassigned fund balances are the residual classification for the Police Jury’s general fund.

Sometimes, the Police Jury will make expenditures for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance).

In order to calculate the amounts to report as *restricted*, *committed*, *assigned*, and *unassigned* fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Police Jury’s practice to consider *restricted* fund balance to have been depleted before using any of the components of *unrestricted* fund balance. Further, when the components of *unrestricted* fund balance can be used for the same purpose, *committed* fund balance is depleted first, followed by *assigned* fund balance. *Unassigned* fund balance is applied last.

Q. ELIMINATIONS AND RECLASSIFICATIONS

In the process of aggregating data for the statement of net position and the statement of activities, some amounts reported as interfund activity and balances in the fund financial statements are eliminated or reclassified. Interfund receivables and payables are eliminated to minimize the “grossing up” effect on assets and liabilities within the governmental activities columns.

R. USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

S. UPCOMING ACCOUNTING PRONOUNCEMENTS

The following is a summary of accounting standards adopted by the Governmental Accounting Standards Board (GASB) that are scheduled to be implemented in the future that may affect the Police Jury's financial report:

GASBS No. 96. *Subscription-Based Information Technology Arrangements*. This statement provides guidance on accounting and reporting for subscription-based information technology arrangements (SBITAs) for governments and establishes right-to-use subscription assets and corresponding subscription liabilities along with additional footnote disclosures. The effective date is fiscal years beginning after June

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

15, 2022. The Police Jury will include the requirements of this statement in its December 31, 2023 financial statements, although the effects and applicability of this statement to the Police Jury are unknown at this time.

GASBS No. 100. *Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62.* Requirements of this statement include restatement of prior periods for changes in accounting principles or corrections of errors, adjustment to beginning balances for changes to the reporting entity, recognition of changes in the current period for changes in estimates, and disclosure of quantitative effects in tabular format. The effective date is fiscal years beginning after June 15, 2023. The Police Jury will include the requirements of this statement in its December 31, 2024 financial statements, although the effects and applicability of this statement to the Police Jury are unknown at this time.

GASBS No. 101. *Compensated Absences.* This statement requires that a liability will be recognized for leave that has not been used if the leave is attributable to services already rendered, the leave accumulates, and the leave is more likely than not to be used for time off or otherwise paid or settled. This statement also establishes guidance for measuring a liability for leave that has not been used, generally using an employee's pay rate as of the date of the financial statements. The effective date is fiscal years beginning after June 15, 2023. The Police Jury will include the requirements of this statement in its December 31, 2024 financial statements, although the effects and applicability of this statement to the Police Jury are unknown at this time.

Note 2 – PROPERTY TAXES

The following is a summary of maximum authorized and levied ad valorem taxes:

	<u>Maximum Millage</u>	<u>Levied Millage</u>	<u>Expiration Date</u>
General Fund			
Inside Municipalities	2.08	2.08	Statutory
Outside Municipalities	4.16	4.14	Statutory
Special Revenue Funds			
Correctional Facilities	9.20	9.20	12/31/2026
Mosquito Abatement District No. 1	1.98	1.40	12/31/2028
Fire Protection District No. 1	19.11	18.00	12/31/2029
Green Oaks Detention Home	2.90	2.90	12/31/2025
Health Unit	0.75	0.75	12/31/2023
Library Maintenance & Operations	7.64	7.64	12/31/2025
Road Lighting District No. 1	5.00	5.00	12/31/2022
Debt Service Fund			
Economic Development	1.80	-	12/31/2023

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Differences between maximum and levied millage are the result of taxable property reassessments as required by Article 7, Section 23 of the Louisiana Constitution of 1974. A revaluation of all property is required to be completed by the parish assessor no less than every four years. Total assessed value for 2022 was equal to \$1,467,038,583. Under Louisiana law, the parish assessor exempts the first \$7,500 of assessed value (10% of the \$75,000 homestead exemption) of a taxpayer's primary residence from parish property taxes. This homestead exemption is equal to \$213,462,745 of the assessed value in 2022.

The following is a schedule of the property tax calendar year:

Assessment Date	January 1, 2022
Official Levy Date	November 15, 2022
Date Taxes Become Due	December 31, 2022
Lien Date	January 1, 2023

Note 3 – CASH, CASH EQUIVALENTS, AND INVESTMENTS

The Police Jury's cash and cash equivalents consist of deposits with financial institutions. The following is a schedule of the Police Jury's cash and cash equivalents at December 31, 2022. Differences between the Police Jury's balances and the banks' balances arise due to the effects of timing differences in in deposits-in-transit and outstanding checks.

	<u>Police Jury Balances</u>	<u>Bank Balances</u>
Cash and cash equivalents		
Cash – governmental funds	\$ 152,389,069	\$ 153,445,101
Cash – internal service funds	8,774,522	8,802,083
Cash – enterprise funds		
Unrestricted	142,751	142,751
Restricted	58,552	58,552
Petty cash – governmental funds	4,081	-
Total cash and cash equivalents	<u>161,368,975</u>	<u>162,448,487</u>
Investments (certificates of deposit)		
Governmental funds	248,000	248,000
Internal service funds	768,100	768,100
Total investments	<u>1,016,100</u>	<u>1,016,100</u>
Total deposits	<u>\$ 162,385,075</u>	<u>\$ 163,464,587</u>

The Police Jury's deposits were collateralized as follows at December 31, 2022:

FDIC insured deposits	\$ 1,000,000
Uninsured deposits	
Collateralized by pledge of securities	161,385,075
Total deposits	<u>\$ 162,385,075</u>

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

The Police Jury's cash deposits were fully collateralized by Federal Deposit Insurance and a pledge of securities, and accordingly, the Police Jury had no custodial credit risk related to its cash deposits at December 31, 2022.

Note 4 – INVESTMENTS

Custodial credit risk – deposits. State statutes govern the Police Jury's investment policy. Permissible investments include direct obligations of the U.S. Government and agency securities, certificates of deposit, and savings accounts or savings certificates of savings and loan associations and repurchase agreements. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool, Inc. (LAMP), a non-profit corporation formed by an initiative of the State Treasurer and organized under the laws of the State of Louisiana, which operates the local government investment pool. Collateral is required for 100% of all amounts of demand deposits, certificates of deposit, savings certificates of savings and loan associations and repurchase agreements that are not covered by deposit insurance. Obligations that may be pledged as collateral include obligations of the United States government and its agencies and obligations of the state and its subdivisions. Per Louisiana state law, collateral is not required for funds invested in LAMP.

Credit risk. The Police Jury's investments are not exposed to any credit risk.

Concentration of credit risk. The Police Jury does not limit the amount that may be invested in securities of any one issuer, and applicable state statutes do not place limits on credit concentration.

Interest rate risk. The Police Jury manages its exposure to declines in fair values by limiting the maturity of its investments to no longer than one year.

The Police Jury's investments at December 31, 2022 consisted of certificates of deposit with carrying and market values of \$1,016,100. They were held by the Police Jury's agent in the Police Jury's name and were collateralized. Another \$10,063,507 was invested in government securities, resulting in total investments of \$11,079,607 as reflected on Statement A. As of December 31, 2022, the Police Jury's investments consisted of the following:

<u>Investment Type</u>	<u>Fair Value</u>	<u>% of Total</u>
Federal Home Loan Bank	\$ 6,453,755	58.2%
Federal Home Loan Mortgage Corporation	1,470,945	13.3%
U.S. Treasury Bills	1,212,895	10.9%
Certificates of Deposit	1,016,100	9.2%
L.A. Municipal Bonds	473,745	4.3%
L.A. State Bonds	231,815	2.1%
Federated U.S. Treasury Cash Reserves	220,352	2.0%
Total	<u>\$ 11,079,607</u>	<u>100.0%</u>

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Investments are measured at fair value on a recurring basis. Recurring fair value measurements are those that the Governmental Accounting Standards Board (GASB) Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value, and are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Foundation has the ability to access;

- Level 2 Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There is no movement in Level 3 year to year.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Police Jury's investments at December 31, 2022, are valued at quoted market prices and other relevant information generated by market transactions held by the Police Jury at that date and are considered to be level 1 in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future value. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements within the fair value hierarchy.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

The 2016 and 2018 sales tax bonds were issued to expedite the re-construction of several road projects within the two districts, the West Ouachita Economic Development District for the 2016 bonds and the East Ouachita Economic District for the 2018 bonds. Each of the two bonds will be repaid by sales tax revenues in the debt service funds.

Pensions, other post-employment benefits, compensated absences, and capital leases attributable to governmental activities will be liquidated mainly through the General Fund.

Claims liability is further discussed below in Note 10.

The 2013 sewer revenue refunding bonds relate to debt incurred by the West Ouachita Sewerage District No. 9 for improvements. The debt is secured by future sewer revenues and is being paid out of the West Ouachita Sewerage District No. 9 Enterprise Fund.

Note 10 – SELF-INSURANCE PROGRAMS

The General Liability & Property Insurance Loss Reserve and Reserve Workers' Compensation Funds were established by the Ouachita Parish Police Jury to provide a means of partially self-funding potential insurance losses, resulting from increased policy deductible amounts for property and fleet vehicle insurance, partially self-funding of workers' compensation and the absence of comprehensive liability coverage. The self-insured plan is administered by third parties with claims under the partially self-insured amount of \$150,000 paid by the Internal Service Funds. Consistent with the provisions of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", the Police Jury uses the funds mentioned above to account for its risk financing activities. As of December 31, 2022, the balance available to pay such liabilities if and when they arise was \$7,475,995.

An analysis of the changes in the claims liability for the year ended December 31, 2022, is as follows:

	Balance 1/1/2022	Changes in Estimates	Benefits & Claims	Balance 12/31/2022	Due Within One Year
Insurance Loss Reserve	\$ 19,900	\$ 556,962	\$ (554,319)	\$ 22,543	\$ 12,321
Workers' Comp.	1,908,296	1,426,897	(1,041,865)	2,293,328	30,664
Total	<u>\$ 1,928,196</u>	<u>\$ 1,983,859</u>	<u>\$ (1,596,184)</u>	<u>\$ 2,315,871</u>	<u>\$ 42,985</u>

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Note 11 – DEFINED BENEFIT PENSION PLANS

Substantially all employees of the Police Jury are members of one of the following statewide retirement systems: Firefighters' Retirement System of Louisiana ("FRS"), Parochial Employees' Retirement System of Louisiana ("PERS"), Registrar of Voters Employees' Retirement System of Louisiana ("RVERS"), or the District Attorneys' Retirement System ("DARS"). These systems are cost-sharing multiple-employer, defined benefit pension plans administered by separate boards of trustees.

General Information about the Pension Plans

Plan Descriptions

LASERS

The Louisiana State Employees' Retirement System is the administrator of a cost-sharing multiple-employer plan. Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) grants to LASERS Board of Trustees and the Louisiana Legislature the authority to review administration, benefit terms, investments, and funding of the plan. LASERS issues a publicly available financial report that can be obtained at www.lasersonline.org.

FRS

The Firefighters' Retirement System is the administrator of a cost-sharing multiple-employer plan. Membership in the system is a condition of employment for any full-time firefighters who earn at least \$375 per month, excluding state supplemental pay, and are employed by a fire department of any municipality, parish, or fire protection district of the State of Louisiana, excepting Orleans and Lafayette Parishes, in addition to employees of the FRS. The system provides retirement, disability, and death benefits for its members.

The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the system in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

PERS

The Parochial Employees' Retirement System of Louisiana is the administrator of a cost-sharing multiple employer defined benefit pension plan. The System was established and provided for by R.S.11:1901 of the Louisiana Revised Statute ("LRS").

The System provides retirement benefits to employees of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system and which elects to become members of the System.

All permanent parish government employees (except those employed by Orleans, Lafourche, and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate. As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join the Parochial System.

RVERS

The Registrar of Voters Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan established in accordance by Act 215 of 1954, under Revised Statute 11:2032 to provide retirement allowances and other benefits for registrars of voters, their deputies, and their permanent employees in each parish of the State of Louisiana.

The System was established on January 1, 1955 for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. Title 11:2032, as amended, for registrars of voters, their deputies, and their permanent employees in each parish. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

DARS

The District Attorneys' Retirement System, State of Louisiana is the administrator of a cost-sharing multiple-employer defined benefit pension plan. The System was established on August 1, 1956 and was placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. 11, Chapter 3 for district attorneys and their assistants in each parish.

All persons who are district attorneys of the State of Louisiana, assistant district attorneys in any parish of the State of Louisiana, or employed by this retirement system and the Louisiana District Attorneys' Association except for elected or appointed officials who have retired from service under any publicly funded retirement system within the state and who are currently receiving benefits, shall become members as a condition of their employment; provided, however, that in the case of assistant district attorneys, they must be paid an amount not less than the minimum salary specified by the board for assistant district attorneys, currently \$18,000 per year. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Benefits Provided

LASERS

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. Rank and file members hired prior to July 1, 2006, may either retire with

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

full benefits at any age upon completing 30 years of creditable service and at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015 may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement benefits under any one of six different options providing for reduced retirement benefits payable throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 of the 2010 Louisiana Regular Legislative Session changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

Act 226 of the 2014 Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members. Regular members and judges under the new plan are eligible to retire at age 62

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service.

Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate, and judges a 3.5% accrual rate, with the extra 1.0% accrual rate based on all years of service as a judge.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification.

FRS

Benefit provisions are authorized within Act 434 of 1979 and amended by LRS 11:2251-11:2272. The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Any person who becomes an employee as defined in LRS 11:2252 on and after January 1, 1980 shall become a member as a condition of employment. Members may retire 1) at any age with 25 years or more of creditable service, or 2) at age 50 with at least 20 years of creditable service.

No person who has attained age 50 or over shall become a member of the System, unless the person becomes a member by reason of a merger or unless the System received an application for membership before the applicant attained the age of 50. No person who has not attained the age of eighteen years shall become a member of the System.

Any person who has retired from service under any retirement system or pension fund maintained basically for public officers and employees of the state, its agencies or political subdivisions, and who is receiving retirement benefits therefrom may become a member of this System, provided the person meets all other requirements for membership. Service credit from the retirement system or pension plan from which the member is retired shall not be used for reciprocal recognition of service with this System, or for any other purpose in order to attain eligibility or increase the amount of service credit in this System.

PERS

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with 30 or more years of creditable service
2. Age 55 with 25 years of creditable service

OUACHITA PARISH POLICE JURY
Monroe, Louisiana

Notes to the Financial Statements
For the Year Ended December 31, 2022

3. Age 60 with a minimum of 10 years of creditable service
4. Age 65 with a minimum of 7 years of creditable service

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service
2. Age 62 with 10 years of service
3. Age 67 with 7 years of service

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's five-year final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

RVERS

Any member hired prior to January 1, 2013 is eligible for normal retirement after he has 20 years of creditable service and is age 55 or has 10 years of creditable service and is age 60. Any member with 30 years of creditable service regardless of age may retire. Regular retirement benefits for members hired prior to January 1, 2013 are calculated at 3.33% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member hired on or after January 1, 2013 is eligible for normal retirement after he has attained 30 years of creditable service and is age 55; has attained 20 years of creditable service and is age 60; or has attained 10 years of creditable service and is age 62. Regular retirement benefits for members hired on or after January 1, 2013 are calculated at 3.00% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation. Retirement benefits for members hired on or after January 1, 2013 that have attained 30 years of creditable service with at least 20 years of creditable service in the System are calculated at 3.33% of the average annual compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member whose withdrawal from service occurs prior to attaining the age of 60 years, who shall have completed 10 or more years of creditable service and shall not have received a refund of his accumulated contributions, shall become eligible for a deferred allowance beginning upon his attaining the age of 60 years.

DARS

Members who joined the DARS before July 1, 1990, and who have elected not to be covered by the new provisions, are eligible to receive a normal retirement benefit if they have 10 or more years of creditable service and are at least age 62, or if they have 18 or more years of service and are at least age 60, or if they have 23 or more years of service and are at least age 55, or if they have 30 years of service regardless of age. The normal retirement benefit is equal to 3% of the member's average final compensation for each year of creditable service. Members are eligible for early retirement at age 60 if they have at least 10 years of creditable

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

service or at age 55 with at least 18 years of creditable service. Members who retire prior to age 60 with, less than 23 year of service credit, receive a retirement benefit reduced 3% for each year of age below 60. Members who retire prior to age 62 who have less than 18 years of service receive a retirement benefit reduced 3% for each year of age below 62. Retirement benefits may not exceed 100% of final average compensation.

Members who joined the DARS after July 1, 1990, or who elected to be covered by the new provisions, are eligible to receive normal retirement benefits if they are age 60 and have 10 years of service credit, are age 55 and have 24 years of service credit, or have 30 years of service credit regardless of age. The normal retirement benefit is equal to 3.5% of the member's final average compensation multiplied by years of membership service. A member is eligible for an early retirement benefit if he is age 55 and has 18 years of service credit. The early retirement benefit is equal to the normal retirement benefit reduced 3% for each year the member retires in advance of normal retirement age. Benefits may not exceed 100% of average final compensation.

Disability Benefits

LASERS

Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age. Upon reaching age 60, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees. For injuries sustained in the line of duty, hazardous duty personnel in the Hazardous Duty Services Plan will receive a disability benefit equal to 75% of final average compensation.

FRS

A member who acquires a disability, and who files for disability benefits while in service, and who upon medical examination and certification as provided for in Title 11, is found to have a total disability solely as the result of injuries sustained in the performance of his official duties, or for any cause, provided the member has at least five years of creditable service and provided that the disability was incurred while the member was an active contributing member in active service, shall be entitled to disability benefits under the provisions of R.S. 11 :2258(8).

PERS

For Plan A, a member shall be eligible to retire and receive a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to 3.00% of the member's final average compensation multiplied by his years of service, not to be less than 15, or 3.00% multiplied by years of service assuming continued service to age 60.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

RVERS

Disability benefits are provided to active contributing members with at least 10 years of service established in the System and who have been officially certified as disabled by the State Medical Disability Board. The disabled member who has attained the age of 60 years shall be entitled to a regular retirement allowance. The disabled member who has not yet attained age 60 shall be entitled to a disability benefit equal to the lesser of 3.00% of his average final compensation multiplied by the number of creditable years of service (not to be less than 15 years) or 3 1/3% of average final compensation multiplied by the years of service assuming continued service to age 60. Disability benefits may not exceed two-thirds of earnable compensation.

DARS

Disability benefits are awarded to active contributing members with at least 10 years of service who are found to be totally disabled as a result of injuries incurred while in active service. The member receives a benefit equal to three percent (3½ % for members covered under the new retirement benefit provisions) of his average final compensation multiplied by the lesser of his actual service (not to be less than 15 years) or projected continued service to age 60.

Survivor Benefits

LASERS

Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased member hired before January 1, 2011 who was in state service at the time of death must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

The deceased regular member hired on or after January 1, 2011, must have a minimum of five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year before death.

FRS

Benefits shall be payable to the surviving eligible spouse or designated beneficiary of a deceased member as specified in R.S. 11:2256(8) & (C).

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

PERS

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined in the statutes.

Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an automatic Option 2 benefit, as outlined in the statutes.

A surviving spouse who is not eligible for Social Security survivorship or retirement benefits and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

RVERS

If a member who has less than five years of credited service dies due to any cause other than injuries sustained in the performance of his official duties, his accumulated contributions are paid to his designated beneficiary. If the member has five (5) or more years of credited service, and is not eligible to retire, automatic option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with option 2 factors used as if the member had continued in service to earliest normal retirement age.

If a member has no surviving spouse and the member has five or more years of creditable service, the surviving minor children under 18 or disabled children shall be paid 80% of the accrued retirement benefit in equal shares until the age of majority or for the duration of the handicap for a handicapped child. Upon the death of any former member with 10 or more years of service, automatic option 2 benefits are payable to the surviving spouse. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

DARS

Upon the death of a member with less than five (5) years of creditable service, his accumulated contributions and interest thereon are paid to his surviving spouse, if he is married, or to his designated beneficiary, if he is not married. Upon the death of any active, contributing member with five (5) or more years of service or any member with 23 years of service who has not retired, automatic option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with the option factors used as if the member had continued in service to earliest normal retirement age. If a member has no surviving spouse, the surviving minor children under 18 or disabled children are paid 80% of the member's accrued retirement benefit divided into equal shares. If a member has no surviving spouse or children, his accumulated contributions and interest are paid to his designated beneficiary. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions with interest.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Upon withdrawal from service, members not entitled to a retirement allowance are paid a refund of accumulated contributions upon request. Receipt of such a refund cancels all accrued rights in DARS.

The Board of Trustees is authorized to grant retired members and widows of members who have retired an annual cost of living increase of 3% of their original benefit, (not to exceed sixty dollars per month) and all retired members and widows who are sixty-five years of age and older a 2% increase in their original benefit. In lieu of other cost of living increases the board may grant an increase to retirees in the form of "Xx(A&B)" where "A" is equal to the number of years of credited service accrued at retirement or death of the member or retiree and "B" is equal to the number of years since death of the member or retiree to June 30 of the initial year of increase and "X" is equal to any amount available for funding such increase up to a maximum of \$1.00. In order for the board to grant any of these increases, the System must meet certain criteria detailed in the statute related to funding status and interest earnings.

Deferred Retirement Option Plan (DROP) Benefits

LASERS

The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

FRS

After completing 20 years of creditable service and age 50, or 25 years at any age, a member may elect to participate in the deferred retirement option plan (DROP) for up to 36 months. Upon commencement of participation in DROP, employer and employee contributions to the system cease. The monthly retirement benefit that would have been payable is paid into the member's DROP account. Upon termination of employment, a participant in the program has several options to receive their DROP benefit. A member may (1) elect to roll over all or a portion of their DROP balance into another eligible qualified plan, (2) receive a lump-sum payment from the account, (3) receive single withdrawals at the discretion of the member, (4) receive monthly or annual withdrawals, or (5) receive an annuity based on the DROP account balance. These withdrawals are in addition to his regular monthly benefit. If employment is

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

not terminated at the end of the 36 months, the participant resumes regular contributions to the system. No payments may be made from the DROP account until the participant retires.

PERS

Act 338 of 1990 established the DROP for the Retirement System. DROP is an option for that member who is eligible for normal retirement.

In lieu of terminating employment and accepting a service retirement, any member of Plan A who is eligible to retire may elect to participate in the DROP in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the DROP on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

RVERS

In lieu of terminating employment and accepting a service retirement allowance, any member with 10 or more years of service at age 60, 20 or more years of service at age 55, or 30 or more years of service at any age may elect to participate in the Deferred Retirement Option Plan (DROP) for up to three years and defer the receipt of benefits.

Upon commencement of participation in the plan, membership in the System terminates. During participation in the plan, employer contributions are payable, but employee contributions cease. The monthly retirement benefits that would have been payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP fund. This fund does not earn interest. In addition, no cost of living increases are payable to participants until employment which made them eligible to become members of the System has been terminated for at least one full year.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the plan may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or any other method of payment if approved by the Board of Trustees. The monthly benefits that were being paid into the Deferred Retirement Option Plan fund will begin to be paid to the retiree. If the participant dies during participation in the plan, a lump sum equal to his account balance in the plan fund shall be paid to his named beneficiary or, if none, to his estate. If employment is not terminated at the end of the 3 years, payments into the plan fund cease and the person resumes active contributing membership in the System.

DARS

In lieu of receiving a service retirement allowance, any member who has more years of service than are required for a normal retirement may elect to receive a Back-Deferred Retirement Option Program (Back-DROP) benefit.

The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement, the member's maximum monthly retirement benefit is based upon his service, final average compensation, and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to the monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly benefit as calculated above multiplied by the number of months in the Back-DROP period. In lieu of receiving the lump-sum payment, the member may leave the funds on deposit with the system in an interest bearing account.

Prior to January 1, 2009, eligible members could elect to participate in the DROP for up to three years in lieu of terminating employment and accepting a service benefit. During participation in the DROP, employer contributions were payable and employee contributions were reduced to ½ of 1%. The monthly retirement benefits that would have been payable to the member were paid into a DROP account, which did not earn interest while the member was participating in the DROP. Upon termination of participation, the participant in the plan received, at his option, a lump sum from the account equal to the payments into the account or systematic disbursements from his account in any manner approved by the board of trustees. The monthly benefits that were being paid into the DROP would then be paid to the retiree. All amounts which remain credited to the individual's sub-account after termination of participation in the plan were invested in liquid money market funds. Interest was credited thereon as actually earned.

OUACHITA PARISH POLICE JURY
Monroe, Louisiana

Notes to the Financial Statements
For the Year Ended December 31, 2022

Initial Benefit Option Plan

FRS

Effective June 16, 1999, members eligible to retire and who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. Such amounts may be withdrawn or remain in the IBO account earning interest at the same rate as the DROP account.

Cost of Living Adjustments

LASERS

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs), that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

FRS

Under the provisions of R.S. 11:246 and 11:2260(A)(7), the board of trustees is authorized to grant retired members and widows of members who have retired an annual cost of living increase of up to 3% of their current benefit, and all retired members and widows who are 65 years of age and older a 2% increase in their original benefit. In order for the board to grant either of these increases, the System must meet certain criteria detailed in the statute related to funding status and interest earnings (R.S. 11:243). In lieu of these COLAs, pursuant to R.S. 11:241, the board may also grant an increase in the form of "Xx (A+B)," where "X" is any amount up to \$1 per month, and "A" is equal to the number of years of credited service accrued at retirement or at death of the member or retiree, and "B" is equal to the number of years since retirement or since death of the member or retiree to June 30th of the initial year of such increase.

PERS

The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age sixty-five equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older (LRS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

RVERS

Cost of living provisions for the System allows the board of trustees to provide an annual cost of living increase of 2.0% of the eligible retiree's original benefit if certain funding criteria are met. Members are eligible to receive a cost of living adjustment once they have reached the age of sixty and have been retired at least one year. Funding criteria for granting cost of living adjustments is dependent on the funded ratio.

DARS

The Board of Trustees is authorized to grant retired members and surviving beneficiaries of members who have retired an annual cost of living increase of 3% of their original benefit, (not to exceed sixty dollars per month) and all retired members and surviving beneficiaries who are sixty-five years of age and older a 2% increase in their original benefit. In lieu of other cost of living increases the board may grant an increase to retirees in the form of "Xx(A&B)" where "A" is equal to the number of years of credited service accrued at retirement or death of the member or retiree and "B" is equal to the number of years since death of the member or retiree to June 30 of the initial year of increase and "X" is equal to any amount available for funding such increase up to a maximum of \$1.00. In order for the board to grant any of these increases, the DA System must meet certain criteria detailed in the statute related to funding status and interest earnings.

Contributions

LASERS

Contribution requirements of active employees are governed by Title 11 of the Louisiana Revised Statutes and may be amended by the Louisiana Legislature. Employee contributions are deducted from a member's salary and remitted to LASERS by participating employers along with employer portion of the contribution.

The rates in effect during the years ending June 30, 2022 and 2021 for the various plans follow:

<u>Plan</u>	<u>Plan Status</u>	<u>2022 Employer Contribution Rate</u>	<u>2021 Employer Contribution Rate</u>
Regular Employee hired before 7/1/2006	Closed	39.5%	39.5%
Regular Employee hired on or after 7/1/2006	Closed	39.5%	39.5%
Regular Employee hired on or after 1/1/2011	Closed	39.5%	39.5%
Regular Employee hired on or after 7/1/2015	Open	39.5%	39.5%

The Ouachita Parish Police Jury's contractually required composite contribution rate for the year ended December 31, 2022 was 39.50% of annual payroll (January-June) and 40.40% of annual payroll (July-December), actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

during the year, with an additional amount to finance any Unfunded Actuarial Accrued Liability. Contributions to the pension plan from the Police Jury were \$41,847 and \$44,935 for the years ended December 31, 2022 and 2021, respectively.

If a member leaves covered employment or dies before any benefits become payable on their behalf, the accumulated contributions may be refunded to the member or their designated beneficiary. Similarly, accumulated contributions in excess of any benefits paid to members or their survivors are refunded to the member's beneficiaries or their estates upon cessation of any survivor's benefits.

FRS

Contributions for all members are established by statute at 10.0% for wages above poverty and 8.0% for wages below poverty for the years ending/ended June 30, 2022 and 2021. The contributions are deducted from the member's salary and remitted by the Police Jury.

According to state statute, employer contributions are actuarially determined each year. For the years ending/ended June 30, 2022 and 2021, the actuarially determined contribution rates were 32.49% and 33.23%, respectively, of member's compensation. However, for the year ending June 30, 2022, employer contributions were 33.25% of covered payroll above poverty and 35.25% of covered payroll below poverty, and for the year ended June 30, 2021, employer contributions were 33.75% of covered payroll above poverty and 35.75% of covered payroll below poverty. The actual rates differ from the actuarially required rate due to state statutes that require the contribution rate be calculated and set two years prior to the year effective. Contributions to the pension plan from the Police Jury were \$3,132,217 and \$3,009,207 for the years ended December 31, 2022 and 2021, respectively.

The System also receives insurance premium tax monies as additional employer contributions. The tax is considered support from a non-contributing entity and appropriated by the legislature each year based on an actuarial study. Non-employer contributions are recognized as revenue during the year ended December 31, 2022, and were excluded from pension expense.

PERS

Contributions for all members are established by statute at 9.50% of compensation for the year ended December 31, 2022. The contributions are deducted from the member's salary and remitted by the Police Jury.

According to state statute, contributions for all employers are actuarially determined each year. For the years ending/ended December 31, 2022 and December 31, 2021, the actuarially determined contribution rate was 7.10% and 10.38% of member's compensation for Plan A, respectively. However, the actual rate for the years ended December 31, 2022 and December 31, 2021 was 12.25% for Plan A. The actual rate differs from the actuarially required rate due to state statutes that require the contribution rate be calculated and set two years prior to the year effective. Contributions to the pension plan from the Police Jury were \$1,685,030 and \$1,725,453 for the years ended December 31, 2022 and 2021, respectively.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

According to state statute, the System also receives $\frac{1}{4}$ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended December 31, 2022.

RVERS

Contributions for all members are established by statute at 7.0% of compensation for the years ending/ended June 30, 2022 and 2021. The contributions are deducted from the member's salary and remitted by the Police Jury.

According to state statute, contribution requirements for all employers are actuarially determined each year. For the years ending/ended June 30, 2022 and 2021, the actuarially determined contribution rates were 10.08% and 11.00%, respectively, of member's compensation. However, for the years ending/ended June 30, 2022 and 2021, the actual employer contribution rate was 18.00%. The actual rate differs from the actuarially required rate due to state statutes that require the contribution rate be calculated and set two years prior to the year effective. Contributions to the pension plan from the Police Jury were \$10,698 and \$12,368 for the years ended December 31, 2022 and 2021, respectively.

In accordance with state statute, the System also receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended December 31, 2022.

DARS

Contributions for all members are established by statute at 8.0% of compensation for the years ending/ended June 30, 2022 and 2021. The contributions are deducted from the member's salary and remitted by the Police Jury.

According to state statute, contribution requirements for all employers are actuarially determined each year. For the years ending/ended June 30, 2022 and 2021, the actuarially determined employer contribution rate was 10.83% and 8.53%, respectively, of member's compensation. However, for the years ending/ended June 30, 2022 and 2021, the actual employer contribution rates were 9.50%. The actual rate differs from the actuarially required rate due to state statutes that require the contribution rate be calculated and set two years prior to the year effective. Contributions to the pension plan from the District Attorney were \$105,492 and \$77,920 for the years ended December 31, 2022 and 2021, respectively.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

In accordance with state statute, DARS receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities. Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended December 31, 2022.

Pension Liabilities (Asset), Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions

At December 31, 2022, the Police Jury reported an asset of \$9,900,965 for its proportionate share of the Net Pension Asset (NPA) and a combined liability of \$28,717,905 for its proportionate share of the Net Pension Liabilities (NPL). The NPL for LASERS, FRS, RVERS, and DARS was measured as of June 30, 2022, and the NPA for PERS was measured as of December 31, 2021. The total pension liability used to calculate the NPA and NPL was determined based on an actuarial valuation as of those dates. The Police Jury's proportion of the NPA and NPL was based on a projection of the Police Jury's long-term share of contributions to the pension plan relative to the projected contribution of all participating employers, actuarially determined.

The following table reflects the Police Jury's proportionate share of the Net Pension Liability (Asset) for each of the pension plans, the proportion at June 30, 2022 (December 31, 2021 for PERS) and the change compared to the June 30, 2021 (December 31, 2020 for PERS) proportion.

	Net Pension Liabilities (Asset) at December 31, 2021	Proportion at Measurement Date	Increase (Decrease) from Prior Measurement Date
LASERS	\$ 411,477	0.005443%	0.000067%
FRS	26,285,095	3.727699%	0.230091%
PERS	(9,900,965)	2.101922%	(0.146672%)
RVERS	107,326	0.437703%	(0.021254%)
DARS	1,914,007	1.776815%	(0.053538%)
	<u>\$ 18,816,940</u>		

The following table reflects the Police Jury's recognized pension expense plus the Police Jury's amortization of change in proportionate share and difference between employer contributions and proportionate share of contributions for each of the pension plans for the year ended December 31, 2022.

Deferred outflows of resources related to pensions resulting from the Police Jury's contributions subsequent to the measurement date will be recognized as a reduction of net pension liability (asset) in the year ending December 31, 2023.

The following table lists the pension contributions made subsequent to the measurement period for each pension plan:

	Subsequent Contributions
LASERS	\$ 18,998
FRS	1,604,004
PERS	1,685,030
RVERS	5,482
DARS	<u>53,616</u>
	<u>\$ 3,367,130</u>

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows for each year ending December 31:

Year Ending	LASERS	FRS	PERS	RVERS	DARS	Total
2023	\$ 22,573	\$ 1,734,326	\$ (1,601,437)	\$ 5,713	\$ 309,212	\$ 470,388
2024	6,848	1,231,741	(3,383,197)	8,255	218,188	(1,918,164)
2025	(8,381)	823,380	(2,296,267)	3,515	189,508	(1,288,245)
2026	22,721	3,600,553	(917,961)	20,555	316,893	3,042,761
2027	-	473,011	-	-	-	473,011
2028	-	99,201	-	-	-	99,201
	<u>\$ 43,761</u>	<u>\$ 7,962,212</u>	<u>\$ (8,198,861)</u>	<u>\$ 38,038</u>	<u>\$ 1,033,801</u>	<u>\$ 878,951</u>

Actuarial Assumptions

A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2022 are as follows:

LASERS

Valuation Date	June 30, 2022
Actuarial Cost Method	Entry Age Normal Cost
Actuarial Assumptions:	
Expected Remaining Service Lives	2 years
Investment Rate of Return	7.25% per annum (net of investment expenses, including inflation) (decreased from 7.40% in 2021)
Inflation Rate	2.300% per annum
Salary Increases	Salary increases were projected based on a 2014-2018 experience study of the System's members. The salary increase ranges for specific types of members are:

Member Type	Lower Range	Upper Range
Regular	3.0%	12.8%
Judges	2.6%	5.1%
Corrections	3.6%	13.8%
Hazardous Duty	3.6%	13.8%
Wildlife	3.6%	13.8%

Cost of Living Adjustments The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The projected

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

benefit payments do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

Mortality

Non-disabled members – Mortality rates based on the RP-2014 Healthy Annuitant Tables with mortality improvement projected using the MP-2018 Scale. Disabled members – Mortality rates based on the RP-2000 Disabled Retiree Mortality Table, with no projection for mortality improvement.

Termination, Disability, and Retirement

Termination, disability, and retirement assumptions were projected based on a 2014-2018 experience study of the System's members.

FRS

Valuation Date

June 30, 2022

Actuarial Cost Method

Entry Age Normal Cost

Actuarial Assumptions:

Expected Remaining Service Lives

7 years, closed period

Investment Rate of Return

6.90% per annum (net of investment expenses, including inflation)

Inflation Rate

2.500% per annum

Salary Increases

Vary from 14.10% in the first two years of service to 5.20% with 3 or more years of service

Cost of Living Adjustments

For the purpose of determining the present value of benefits, COLAs were deemed not to be substantively automatic and only those previously granted were included.

Mortality

For active members, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Safety Below-Median Employees. For annuitants and beneficiaries, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Safety Below-Median Healthy Retirees. For disabled retirees, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Safety Disabled Retirees. In all cases the base table was multiplied by 105% for males and 115% for females, each with full generational projection using the appropriate MP-2019 scale.

Termination, Disability, and Retirement

Termination, disability, and retirement assumptions were projected based on a five-year (2014-2019) experience study of the System's members.

Termination, Disability, and Retirement

and females for disabled retirees, each with full generational projection using the MP2019 scale.

Termination, disability, and retirement assumptions were projected based on a five-year (2014-2019) experience study of the System's members.

The following table lists the methods used by each of the pension plans in determining the long term rate of return on pension plan investments:

LASERS The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.3% and an adjustment for the effect of rebalancing/diversification.

FRS The estimated long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation, 2.50%.

PERS The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.10% and an adjustment for the effect of rebalancing/ diversification.

RVERS The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

DARS The estimated long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of the arithmetic real rates of return for each major asset class included in the PERS' target asset allocation as of December 31, 2021 is summarized in the following table:

PERS		
Asset Class	Target Allocation	Long-term Expected Rate of Return
Fixed income	33%	0.85%
Equity	51%	3.23%
Alternatives	14%	0.71%
Real assets	2%	0.11%
Totals	<u>100%</u>	<u>4.90%</u>
Inflation		<u>2.10%</u>
Expected arithmetic nominal return		<u><u>7.00%</u></u>

Best estimates of the arithmetic real rates of return for each major asset class included in each of the pension plans' target asset allocations as of June 30, 2022 is summarized in the following table:

Asset Class	Target Allocation				Long-term Expected Rate of Return			
	LASERS	FRS	RVERS	DARS	LASERS	FRS	RVERS	DARS
Cash	1.00%	-	-	0.03%	0.39%	-	-	0.00%

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Discount Rate

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of each of the system's actuary. Based on those assumptions, each of the system's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for PERS was 6.40% for the year ended December 31, 2021. The discount rate used to measure the total pension liability for LASERS was 7.25%, FRS was 6.90%, for DARS was 6.10%, and for RVERS was 6.25% for the year ended June 30, 2022.

Sensitivity of the Proportionate Share of the Net Pension Asset and Net Pension Liability to Changes in the Discount Rate

The following presents the Police Jury's proportionate share of the Net Pension Liability (Asset) using the discount rate, as well as what the Police Jury's proportionate share of the Net Pension Liability (Asset) would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

	<u>1.0% Decrease</u>	<u>Current Discount Rate</u>	<u>1.0% Increase</u>
<u>LASERS</u>			
Discount rate	6.25%	7.25%	8.25%
Proportionate share of NPL	\$ 517,758	\$ 411,477	\$ 314,564
<u>FRS</u>			
Discount rate	5.90%	6.90%	7.90%
Proportionate share of NPL	\$ 38,885,880	\$ 26,285,095	\$ 15,775,149
<u>PERS</u>			
Discount rate	5.40%	6.40%	7.40%
Proportionate share of NPL	\$ 1,765,152	\$ (9,900,965)	\$ (19,673,474)
<u>RVERS</u>			
Discount rate	5.25%	6.25%	7.25%
Proportionate share of NPL	\$ 173,518	\$ 107,326	\$ 51,023
<u>DARS</u>			
Discount rate	5.10%	6.10%	7.10%
Proportionate share of NPL	\$ 3,209,961	\$ 1,914,007	\$ 826,955

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Support of Non-employer Contributing Entity

Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The Police Jury recognizes revenue in an amount equal to their proportionate share of the total contributions to the pension plan from these non-employer contributing entities.

During the year ended December 31, 2022, the Police Jury recognized revenue as a result of support received from non-employer contributing entities for the following amounts for each pension plan:

	Non-employer Contributing Entity Revenue
LASERS	\$ -
FRS	1,061,113
PERS	173,876
RVERS	14,031
DARS	183,880
	<u>\$ 1,432,900</u>

Pension Plan Fiduciary Net Position

LASERS, FRS, PERS, RVERS, and DARS issue publicly available financial reports that include financial statements and required supplementary information for the systems. Detailed information about each system's fiduciary net position is available in these separately issued financial reports. These reports may be obtained by visiting the Louisiana Legislative Auditor's website at www.lla.la.gov and searching under the Reports section.

Payables to the Pension Plans

At December 31, 2022, the Police Jury had payables to the pension plans totaling \$1,270,949 for the December 2022 employee and employer legally required contributions. Outstanding balances will be applied to the Police Jury's required monthly contribution. The amounts due are included in liabilities under the amounts reported as salaries and payroll deductions payable. The balance due to each of the pension plans at December 31, 2022 is as follows:

	Payables
LASERS	\$ -
FRS	434,966
PERS	811,400
RVERS	1,794
DARS	22,789
	<u>\$ 1,270,949</u>

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

Note 12 – POST-EMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

General Information about the OPEB Plan

Plan Description – The Ouachita Parish Police Jury (the Police Jury) provides certain continuing health care and life insurance benefits for its retired employees. The Ouachita Parish Police Jury’s OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Police Jury. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Police Jury. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB).

Benefits Provided – Medical benefits are provided through a comprehensive medical plan and are made available to employees upon actual retirement. Employees are covered by the Parochial Employees' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service. For employees hired on and after January 1, 2007, retirement eligibility (D.R.O.P. entry) provisions are as follows: age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service.

Employees Covered by Benefit Terms – As of the measurement date, December 31, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	82
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>402</u>
	<u>484</u>

Total OPEB Liability

The Police Jury’s total OPEB liability is \$17,051,753 as of the measurement date December 31, 2022, the end of the fiscal year.

Actuarial Assumptions and Other Inputs – The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Salary increases	4.0%, including inflation
Discount rate	2.06% annually (Beginning of year to determine ADC) 3.72% annually (As of end of year measurement date)
Healthcare cost trend rates	5.5% annually for ten years, 4.5% thereafter
Mortality	SOA RP-2000 Table

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of December 31, 2022, the end of the applicable measurement period. The actuarial assumptions used in the December 31, 2022 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2009 to December 31, 2022.

Changes in the Total OPEB Liability

Balance December 31, 2021	\$ 19,529,711
Changes for the year:	
Service cost	188,988
Interest	388,425
Differences between expected and actual experience	598,609
Changes in assumptions	(2,305,726)
Benefit payments and net transfers	(1,348,254)
Net changes	(2,477,958)
Balance at December 31, 2022	\$ 17,051,753

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate – The following presents the total OPEB liability of the Police Jury, as well as what the Police Jury's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.72%) or 1-percentage-point higher (4.72%) than the current discount rate:

	1.0% Decrease (2.72%)	Current Discount Rate (3.72%)	1.0% Increase (4.72%)
Total OPEB Liability	\$ 20,607,952	\$ 17,051,753	\$ 14,306,825

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates – The following presents the total OPEB liability of the Police Jury, as well as what the Police Jury's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (4.5%) or 1-percentage-point higher (6.5%) than the current healthcare trend rates:

	1.0% Decrease (4.5%)	Current Discount Rate (5.5%)	1.0% Increase (6.5%)
Total OPEB Liability	\$ 14,652,109	\$ 17,051,753	\$ 20,188,856

OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB

For the year ended December 31, 2022, the Police Jury recognized OPEB expense of \$566,445. At December 31, 2022, the Police Jury reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,148,453	\$ (771,413)
Changes in assumptions	1,868,499	(2,548,587)
Totals	<u>\$ 3,016,952</u>	<u>\$ (3,320,000)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years Ending December 31,	Amount
2022	\$ (10,968)
2023	\$ (10,968)
2024	\$ (10,968)
2025	\$ (304,821)
2026	\$ (181,338)
Thereafter	\$ 216,015

Note 13 – IMPLEMENTATION OF WIRELESS 911 SYSTEM

The 9-1-1 Communications District received \$1,632,084 in 2022 from landline telephone surcharges and \$1,972,506 from wireless telephone surcharges for a total of \$3,604,590 telephone service surcharges. In compliance with FCC order no. 94-102, the District has implemented wireless 911 in two phases.

Note 14 – UNCERTAINTIES AND CONTINGENCIES

The Police Jury is the defendant in a few ongoing lawsuits. The outcome of these lawsuits is uncertain. However, the management for the Police Jury does not believe they will materially affect the Police Jury's financial statements.

Note 15 – GLENWOOD REGIONAL MEDICAL CENTER SETTLEMENT

In connection with the sale of Glenwood Regional Medical Center in 2007, the Police Jury received \$3,766,113 with \$3,466,113 being deposited into the Hospital Service District Settlement Fund, and the remaining \$300,000 into the School Based Clinics Fund. Both of these funds are part of the General Fund.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

By an ordinance passed on February 5, 2007, the Police Jury designated that the entire balance be placed in an interest bearing account with the interest earned to be expended only as the "matching portion" required to obtain State, Federal, or other available grants for projects related to drainage improvements or the control/abatement of litter and the approximately \$300,000 be preserved for funding the Police Jury's obligation to school-based health clinics. During the year 2013, the Police Jury, the Ouachita Parish School Board, and the Living Well Foundation entered into a cooperative endeavor agreement whereby the \$300,000 portion for school-based clinics, plus accumulated interest, was rededicated and remitted to the School Board to provide career/vocational training in various healthcare occupations, as approved by all parties. The total amount of Police Jury funds remitted was \$326,611. The School Based Clinics Fund is now depleted, and the resulting fund balance is \$0. The Living Well Foundation contributed \$210,000 towards the agreement. Included in the General Fund's committed fund balance is \$3,491,835 in the Hospital Service District Settlement Fund and \$336,610 in the Interest Reserve Fund. The current year's activity in Hospital Service District's Settlement Fund is \$46,179 of interest earnings and \$136 of expenditures and other uses. The net of \$21,366 has been transferred into the General Fund's Interest Reserve Fund as set forth in the 2007 ordinance.

Note 16 – NONSPENDABLE, RESTRICTED, COMMITTED, AND ASSIGNED FUND BALANCES (FFS LEVEL ONLY)

Note 17 – CONCENTRATIONS AND UNCERTAINTIES

In December 2019, COVID-19 emerged and has subsequently spread worldwide. The World Health Organization has declared COVID-19 a pandemic resulting in federal, state and local governments and private entities mandating various restrictions, including travel restrictions, restrictions on public gatherings, stay at home orders and advisories and quarantining of people who may have been exposed to the virus. On March 25, 2020, Congress passed the CARES Act to help with the effects of the pandemic. The Police Jury received \$5,126,415 of federal monies from the act and \$670,000 spent on response to the pandemic. Because of the magnitude of the monies received during the year, the CARES Act was determined to be a major program within guidance. The Police Jury did not receive any further CARES Act funds in 2022.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 2022

In continued response to the COVID-19 pandemic and to assist the United States (US) with economic recovery, Congress passed the American Rescue Plan Act of 2021 (Act) on January 3, 2021. The Act allocated direct funding to governmental entities throughout the US including the Ouachita Parish Police Jury (Parish) by way of the Coronavirus State Fiscal Recovery Fund and the Coronavirus Local Fiscal Recovery Fund established under the Act. The total amount allocated to the Parish is \$29,772,649 issued in two equally half tranches. The first tranche was received on May 20, 2021. The second tranche was received on June 9, 2022. There are certain parameters for eligible uses of the funds, and the elected officials of the Parish have been making careful consideration of the use of the funds within those parameters. The Parish must have the funds obligated by December 31, 2024, and spent by December 31, 2026. The Parish-elected officials have voted to obligate \$23,315,706 by December 31, 2022, however, only spent \$188,762 as of that date.

Note 18 – FUND BALANCE DEFICITS

The Section 8 VASH Program Special Revenue Fund had a deficit fund balance at December 31, 2022. The Police Jury anticipated that additional revenue would be available for this program. Unfortunately, the program did not have additional available funds, therefore the Section 8 Administrative Fund will transfer funds in 2023 to cover these expenses and relieve the negative fund balance in this fund.

Note 19 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 29, 2023, the date which the financial statements were available to be issued and determined that no events occurred subsequent to the reporting period that are required to be disclosed.

Notes to the Budgetary Comparison Schedules

For the Year Ended December 31, 2022

Budgetary Policies

Preliminary budgets for the ensuing year, prepared on the modified accrual basis of accounting, are prepared annually by the Treasurer. During the months of September through November, the budget committee reviews the proposed budgets with the department heads and makes changes as it deems appropriate. Notice of the location and availability of the proposed budgets for public inspection and the date of the public hearings to be conducted on the budgets are then advertised in the official journal of the Police Jury. Prior to the selected December meeting, the Police Jury conducts a public hearing on the proposed budgets in order to receive comments from residents. Changes are made to the proposed budgets based on the public hearing and the desires of the Police Jury as a whole. The budgets are then adopted during the Police Jury's selected December meeting, and a notice of adoption which includes a summary of the budget is published in the official journal of the parish.

During the year, the Police Jury receives monthly budget comparison statements that are used as a tool to control parish operations. The Police Jury exercises budgetary control at the fund level. Within departments, the treasurer has the authority to make adjustments as necessary. However, the Treasurer does not have the authority to increase or decrease overall revenue and/or expenditure amounts.

State law requires the Police Jury to amend its budgets when revenues plus projected revenues within a fund are expected to fall short than budgeted revenues by five percent or more and when expenditures and other uses of a fund are expected to exceed budgeted amounts by five percent or more. All governmental fund budgets are prepared on the modified accrual basis of accounting.

Encumbrance accounting, under which purchase orders are recorded to reserve that portion of the applicable appropriation, is employed by the Police Jury. Outstanding purchase orders are taken into consideration before expenditures are incurred to assure that applicable appropriations are not exceeded. Encumbrances at year-end are not considered expenditures in the financial statements.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Ouachita Parish Police Jury
Monroe, Louisiana**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **Ouachita Parish Police Jury** (the Police Jury), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Police Jury's basic financial statements and have issued our report thereon dated June 29, 2023. It should be noted that we issued an adverse opinion on the Police Jury's aggregate discretely presented components because those component units are not presented with the financial data of the Police Jury's primary government and the Police Jury has not issued financial statements on the reporting entity that include the financial data of its discretely presented component units.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Police Jury's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Police Jury's internal control. Accordingly, we do not express an opinion on the effectiveness of the Police Jury's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**Ouachita Parish Police Jury
Monroe, Louisiana**

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that we have not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Police Jury's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

**Ouachita Parish Police Jury
Monroe, Louisiana**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited **Ouachita Parish Police Jury's** (the Police Jury) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Police Jury's major federal programs for the year ended December 31, 2022. The Police Jury's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Police Jury complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Police Jury and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Police Jury's compliance with the compliance requirements referred to above.

**Ouachita Parish Police Jury
Monroe, Louisiana**

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Police Jury's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Police Jury's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Police Jury's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Police Jury's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Police Jury's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Police Jury's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Ouachita Parish Police Jury
Monroe, Louisiana**

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Notes to the Schedule of Expenditures of Federal Awards

For the Year Ended December 31, 2022

Note 1 – General

The accompanying Schedule of Expenditures of Federal Awards presents the activities of all Federal awards of the Ouachita Parish Police Jury (the Police Jury). The Police Jury primary government reporting entity is defined in Note 1 to the Police Jury's financial statements. All Federal awards received directly from Federal agencies as well as Federal awards passed through other government agencies are included on the schedule.

Note 2 – Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note 1 to the Police Jury's primary government financial statements.

Note 3 – Relationship of the Schedule of Expenditures of Federal Awards to the Primary Government Financial Statements

The following reconciliation is provided to help the reader of the Police Jury's financial statements relate federal revenues to the Schedule of Expenditures of Federal Awards at December 31, 2022.

Major Governmental Funds	
General Fund	\$ 63,084
Fire Department	11,204
Public Works	33,460
Correctional Center	652,184
American Rescue Plan	133,262
Nonmajor Governmental Funds	<u>11,269,290</u>
Statement D Revenues	<u>12,162,484</u>
U.S. Department of Justice	(611,019)
Local Assistance and Tribal Consistency	<u>(58,034)</u>
Schedule of Expenditures of Federal Awards (Schedule 26)	<u>\$ 11,493,431</u>

Note 4 – Indirect Cost Rate

The Police Jury did not elect to use the 10% de minimis indirect cost rate.

Note 5 – Loans

The Police Jury had no loan or loan guarantee programs outstanding as of the end of the audit.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2022

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Ouachita Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated June 29, 2023. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our audit of the financial statements as of December 31, 2022, resulted in an unmodified opinion.

Section I - Summary of Auditors' Results

Financial Statements

Type of auditors' report issued: Unmodified

Internal Control Over Financial Reporting:

Material Weaknesses __ Yes X No

Significant Deficiencies __ Yes X None noted

Noncompliance material to financial statements __ Yes X None

Federal Awards

Internal Control Over Major Programs:

Material Weaknesses __ Yes X No

Significant Deficiencies __ Yes X None noted

Type of auditor's report issued on compliance for major programs: Unmodified

Are there findings required to be reported in accordance with the Uniform Guidance? No

Identification of Major Programs:

- ALN #14.228 Community Development Block Grants/State's program and Non-Entitlement Grants in Hawaii
- ALN #20.205 Highway Planning and Construction Cluster

Dollar threshold used to distinguish between Type A and Type B Programs \$750,000.

Is the auditee a "low-risk" auditee __ Yes X No

OUACHITA PARISH POLICE JURY

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2022

Section II – Findings related to the financial statements that are required to be reported under *Government Auditing Standards*.

There were no findings related to the financial statement audit.

Section III - Findings or questioned costs for Federal awards, including those specified by the Uniform Guidance.

There were no findings related to the federal programs.

OUACHITA PARISH POLICE JURY

Monroe, Louisiana

Summary Status of Prior Year Findings

For the Year Ended December 31, 2022

The following is a summary of the status of the prior year findings included in the 2021 audit report dated June 30, 2022, covering the audit of the financial statements of the Ouachita Parish Police Jury (the Police Jury) as of and for the year ended December 31, 2021.

Financial Statement Findings Reported in Accordance with *Government Auditing Standards*

2021-001 Internal Control over Fixed Assets

Condition

The fire department, courthouse maintenance and DAR departments failed to complete and submit annual physical inventory records to accounting for two consecutive years (2021 and 2020).

When auditors requested to visually inspect two fire department computers, one put into service on 12/27/2019 and the other on 7/31/2013, they were informed that the computers had been disposed of. Disposal records had to be received from the fire departments as the accounting department had not received these records.

The disposal records for the two fire department computers were not complete. They did not include approval from the Information Technology department for disposal of the computers, identified that the computers were placed in a dumpster (did not give date of disposal) while standard procedures require all computers to be disposed of be collected for recycling and/or proper disposal in accordance with environmental laws/sound environmental management.

The disposal request was made on 6/20/2020 and approved on 6/14/2022 for one computer and the request was made 7/30/2021 and approved on 6/14/2022 for the second computer. Both computers were on the depreciation schedules as of 12/31/2021 but the fire department did not provide the date of actual disposal.

Additionally, a fixed asset addition of \$101,220 that was put into service October 12, 2021 was not included in the depreciation schedule.

Status

Resolved.

INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES

To the Ouachita Parish Police Jury
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2022 through December 31, 2022. Ouachita Parish Police Jury's (the Police Jury) management is responsible for those C/C areas identified in the SAUPs.

The Police Jury has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2022 through December 31, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
 - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget
 - b) **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.
 - c) **Disbursements**, including processing, reviewing, and approving.
 - d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- e) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.
- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- h) **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy .
- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- l) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Result: No exceptions were identified as a result of these procedures.

Board or Finance Committee

2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds.

- c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
- d) Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Result: No exceptions were identified as a result of these procedures.

Bank Reconciliations

3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
 - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
 - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
 - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Result: No exceptions were identified as a result of these procedures.

Collections (excluding electronic funds transfers)

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- a) Employees that are responsible for cash collections do not share cash drawers/registers.
 - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.
6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was enforced during the fiscal period.
 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Obtain supporting documentation for each of the 10 deposits and:
 - a) Observe that receipts are sequentially pre-numbered.
 - b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - c) Trace the deposit slip total to the actual deposit per the bank statement.
 - d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - e) Trace the actual deposit per the bank statement to the general ledger.

Result: No exceptions were identified as a result of these procedures.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - b) At least two employees are involved in processing and approving payments to vendors.
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
 - e) Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearing house (ACH), electronic fund transfer (EFT), wire transfer, or some other electronic means.
10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
- a) Observe that the disbursement matched the related original itemized invoice and that supporting documentation indicates that deliverables included on the invoice were received by the entity.
 - b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.
11. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

Result: No exceptions were identified as a result of these procedures.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

12. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
13. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

- a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]
 - b) Observe that finance charges and late fees were not assessed on the selected statements.
14. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

Result: No exceptions were identified as a result of these procedures.

Travel and Travel-Related Expense Reimbursement (excluding card transactions)

15. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management’s representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
- a) If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
 - b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
 - d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Result: No exceptions were identified as a result of these procedures.

Contracts

16. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
- a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
 - c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g. if approval is required for any amendment was approval documented).
 - d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Result: No exceptions were identified as a result of these procedures.

Payroll and Personnel

17. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
18. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:
- a) Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to a policy and/or contract, the official should document his/her daily attendance and leave.)
 - b) Observe that supervisors approved the attendance and leave of the selected employees or officials.
 - c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
 - d) Observe that the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.

19. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity policy on termination payments. Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.
20. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g. payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Result: No exceptions were identified as a result of these procedures.

Ethics

21. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above: obtain ethics documentation from management, and:
 - a. Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
 - b. Observe that the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
22. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

Result: No exceptions were identified as a result of these procedures.

Debt Service

23. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued.
24. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Result: No exceptions were identified as a result of these procedures.

Fraud Notice

25. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.
26. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Result: No exceptions were identified as a result of these procedures.

Information Technology Disaster Recovery/Business Continuity

27. Perform the following procedures, **verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."**
 - a. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.
 - b. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
 - c. Obtain a listing of the entity's computers currently in use, and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
28. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

Result: We performed the procedures and discussed the results with management.

Prevention of Sexual Harassment

29. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.

30. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
31. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that it includes the applicable requirements of R.S. 42:344:
 - a. Number and percentage of public servants in the agency who have completed the training requirements;
 - b. Number of sexual harassment complaints received by the agency;
 - c. Number of complaints which resulted in a finding that sexual harassment occurred;
 - d. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
 - e. Amount of time it took to resolve each complaint.

Result: No exceptions were identified as a result of these procedures.

We were engaged by the Police Jury to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Police Jury and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

MANAGEMENT LETTER

Management of Ouachita Parish Police Jury Monroe, Louisiana

In planning and performing our audit of the financial statements of **Ouachita Parish Police Jury** (the Police Jury) as of and for the years ended December 31, 2022, we considered its internal control structure in order to determine our auditing procedures for purposes of expressing our opinion on the financial statements and not to provide assurance on the internal control structure or overall compliance with laws and regulations.

However, during our audit we became aware of certain matters that are opportunities for strengthening internal controls and the overall environment for compliance with laws and regulations. This letter will summarize our comments and suggestions regarding those matters. This letter does not affect our report dated June 29, 2023 on the financial statements of the Police Jury.

ML 2023-001

Comment

Louisiana R.S. 49:121 requires that every vehicle belonging to the state or to any of its political subdivisions, if required by law to bear a Louisiana license plate, bear a public license plate and have the name of the public entity inscribed, painted, decaled, or stenciled on the vehicle's front doors. The Attorney General (AG) has further stated that this decal cannot be a removable magnetic decal. AG Op No. 07-0072. There is an exception, however, for vehicles used for crime prevention (undercover police vehicles), state elected officials, and certain entities administered by DHH or DCFS so that these entities are except from these requirements. Not all public vehicles are clearly identified as such with decals.

Recommendations

The Police Jury should ensure that all vehicles are in compliance with the identification requirements of LA R.S. 49:121.

ML 2023-002

Comment

Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) requires that the Police Jury provide auditors with a complete and accurate Schedule of Expenditures of Federal

Awards. We identified several differences in the information on the Schedule of Expenditures of Federal Awards that the Police Jury provided from our expectations based upon our audit work.

Recommendations

The Police Jury should incorporate written policies and procedures for production of the Schedule of Expenditures of Federal Awards and the review thereof to ensure a complete and accurate production of the schedule.

The recommendations in this letter represent, in our judgment, those most likely to bring about beneficial improvements to the operations of the Police Jury. The nature of the recommendations, their implementation costs, and their potential impact on the operations of the Police Jury should be considered in reaching decisions on courses of action.
