INTRODUCTORY SECTION

CITY OF KENNER DEPARTMENT OF FINANCE

E. BEN ZAHN MAYOR

December 21, 2020

Honorable Mayor and City Councilpersons City of Kenner, Louisiana 1801 Williams Boulevard Kenner, Louisiana 70062

The Comprehensive Annual Financial Report of the City of Kenner, Louisiana, for the fiscal year-ended June 30, 2020, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and operating activities of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The City is required to undergo an annual single audit in conformity with the provisions of the Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Information related to this single audit, including the Schedule of Expenditures of Federal Awards, findings and questioned costs, and auditor's reports on compliance and on internal controls are included in the single audit section of this report.

CITY OF KENNER

The City is the largest incorporated area in Jefferson Parish, a suburban parish (county) in the New Orleans Standard Metropolitan Statistical Area. It is bounded on the north by Lake Pontchartrain, on the south by the Mississippi River, on the east by unincorporated Jefferson Parish, and on the west by St. Charles Parish. The map of the City which is enclosed in this Introductory Section reflects a total area of approximately 15 square miles. Since 1946, the City has contained the site for the New Orleans International Airport.

Major industries located within the City's boundaries or in close proximity include retail, air carriers, gaming, telephone, energy and telecommunications providers, and manufacturing.

REPORTING ENTITY AND ITS SERVICES

The City is a unit of general local government under the Census Bureau's criteria. It is a home rule charter city incorporated under the constitution and laws of the State of Louisiana on July 1, 1974. A seven person council and an elected mayor govern the City, as reflected in the organizational chart of the City's administrative departments included in this introductory section. The City's department directors with the exception of the Police Department, which is governed by an elected chief, report to the Chief Administrative Officer who in turn reports directly to the Mayor.

This report includes government-wide financial statements and fund financial statements of the City. The City provides a full range of services. These services include police and fire protection; sanitation services; the construction and maintenance of highways, streets, and infrastructure; recreational activities; and cultural events. As required by generally accepted accounting principles, the financial statements of the reporting entity present the primary government (the City) and any component units. Component units are defined as legally separate organizations for which the City is financially accountable. The criteria used in determining whether financial accountability exists include the appointment of a voting majority of an organization's governing board, the ability of the primary government to impose its will on that organization or whether there is a potential for the organization to provide specific financial benefits or burdens to the primary government. Fiscal dependency may also play a part in determining financial accountability. In addition, a component unit can be another organization for which the nature and significance of its relationship with the primary government (the City) such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete

MICHAEL T. WETZEL CFO

The City has no component units currently.

THE REPORT FORM

The authoritative promulgations by the Governmental Accounting Standards Board (GASB) were applied in the preparation of this report.

Users of the Comprehensive Annual Financial Report should also refer to the narrative introduction, overview, and analysis found in the Management's Discussion and Analysis (MD&A) in the financial section of the Comprehensive Annual Financial Report.

FINANCIAL INFORMATION

Internal Accounting Control

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Single Audit

As a recipient of federal, state, and parish financial assistance, the City also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management. I believe that the City's internal control structure adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

As a part of the City's single audit, described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the City has complied with applicable laws and regulations. The results of the City's single audit for the fiscal year-ended June 30, 2020 are included in the Single Audit Section of this report.

Budgetary Control

In addition, the government maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City's governing body. Activities of the General Fund, Special Revenue Funds, Debt Service Funds and Enterprise Funds are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the fund level, except for the General Fund which is at the departmental level. Any amendments to the total budgeted expenditures of a department require Council approval. The Mayor can approve changes to the budget within a department, as long as the total is not changed. The government also maintains an encumbrance accounting system as one technique of accomplishing budgetary control.

Besides comparing current year expenditures to the prior year, comparison to budget is of paramount importance in a government's financial reporting. The City Council annually adopts a budget for each governmental fund type (except capital projects are budgeted on a project basis) and proprietary type funds (except for the Internal Service Funds). Budgetary accounting is not used for the Self Insurance and Health Insurance Internal Service Funds because management considers effective budgetary control achieved since their amounts, which are charged back to other funds, are included as expenditures in each Fund's budget. Budgets are adopted by June 15 for the fiscal year which begins the following July 1. Revenues and expenditures are budgeted on the modified accrual or accrual basis as appropriate for the fund type. Encumbrances of the current year are recorded as obligations against budgeted appropriations and are included in the columns titled "budgetary" in the statements in the financial section of this report.

LOCAL ECONOMY

The City's economy has been improving after initial setbacks due to the COVID-19 pandemic. As discussed later in Management's Discussion and Analysis, the City's largest revenue source, Sales Taxes, remain strong. The construction of a new terminal at the Louis Armstrong New Orleans International Airport located in Kenner is a major project which was completed toward the end of calendar 2019. Design of the City's major corridor redevelopment program is complete. These and other potential

developments should provide a major boost to the City's economy by creating jobs and generating additional taxes and fees in the coming years. We expect these anticipated additional revenues to help the City keep pace with ever increasing costs.

LONG TERM FINANCIAL PLANNING

As mentioned in this report, the City's economy remains strong and is expected to continue to improve. The City's principal source of revenues are from sales and property taxes. Major enterprises, such as the airport and a casino will continue to contribute to the City's economy. Two large automotive retail outlets opened during the prior year and are major contributors to the City's economic health. Other significant retail outlets have recently opened near Laketown and along West Esplanade. Dining establishments continue to develop in Rivertown. During the prior fiscal year, the City moved its Recreation Department into Esplanade Mall. The resulting increase in traffic has caused sales taxes generated at the mall to increase. Also, present and planned capital development projects will improve the City's outlook. Issuance of debt has been, and will continue to be a source of financing.

LEGAL COMPLIANCE

The Uniform Guidance, previously Single Audit Act of 1984 (P. L. 98-502) and related 1996 Amendments, requires reports by the Auditors on compliance and on the internal control over financial reporting in accordance with *Government Auditing Standards*, the City's compliance with requirements applicable to each major program and internal control over compliance in accordance with the Uniform Guidance and the Schedule of Expenditures of Federal Awards. These reports, along with the City management's responses to the non-compliance findings, are presented in the Single Audit Section of this report.

INDEPENDENT AUDIT

Louisiana municipalities not audited by the Legislative Auditor are required by La. R.S. 24:517 to have conducted annually an audit of their accounts by a certified public accountant. Moreover, the City Charter (Section 2:28) requires that the Council shall execute a contract each year with a certified public accountant or a firm of certified public accountants for an examination of the accounts of the City to include all funds appropriated by the Council. These requirements have been complied with and the opinion of the firm of Duplantier, Hrapmann, Hogan & Maher, L.L.P., Certified Public Accountants has been included in this report.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) has received our application for a Certificate of Achievement for Excellence in Financial Reporting for the City's annual financial report for the fiscal yearended June 30, 2019. Due to the effects of COVID-19, there has been a delay in reviewing the application by the GFOA, and our application is still pending as of the date of this report.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has my sincere appreciation for the contributions made in the preparation of this report.

I would also like to thank the staff at Duplantier, Hrapmann, Hogan & Maher, L.L.P., Certified Public Accountants, for their invaluable assistance in completing this Comprehensive Annual Financial Report of the City of Kenner.

In closing, without the leadership and support of the Mayor, the Chief Administrative Officer and the City Council, preparation of this report would not have been possible.

Sincerely,

MICHAEL T. WETZEL Chief Financial Officer

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Kenner, Louisiana, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

www.dhhmcpa.com

Members American Institute of Certified Public Accountants Society of LA CPAs An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Kenner, Louisiana, as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Kenner, Louisiana's basic financial statements. The introductory section, the other supplementary information, as listed in the table of contents, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the budget to actual schedules for the General, nonmajor Special Revenue Funds, and the Proprietary Funds, the combining Internal Service Fund schedules, the Fiduciary Fund statement of changes in assets and liabilities, the schedule of councilperson's compensation, the schedule of compensation, benefits, and other payments to the Mayor, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2020, on our consideration of the City of Kenner, Louisiana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Kenner, Louisiana's internal control over financial reporting and compliance.

Duplantier, Hrapmann, Hogan & Maher, LLP

New Orleans, Louisiana

REQUIRED SUPPLEMENTARY INFORMATION - PART I

This management discussion and analysis is intended to provide the readers of the City's financial statements with an overview and analysis of the financial activities of the City for the year ended June 30, 2020. It should be read in conjunction with the transmittal letter and financial statements including footnotes.

FINANCIAL HIGHLIGHTS

The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources by approximately \$158.4 million at June 30, 2020.

The City's net investment in capital assets is approximately \$175.0 million. The City's restricted net position is approximately \$18.3 million which is primarily restricted for capital projects and debt service. The City's unrestricted net position is approximately \$(35.0) million.

The City's unrestricted net position in governmental activities is approximately \$(34.7) million, which is an increase of \$5.4 million, primarily due to an increase in operating grants and contributions revenue in fiscal year 2020, mostly related to the receipt of CARES Act money related to the COVID-19 pandemic. Business-type activities' unrestricted net position is approximately \$(0.3) million, which is an increase of \$8.3 million, primarily due to an increase in sewer service charge revenue as well as a decrease in outside services expense and a decrease in loss on disposal of assets.

The City's general fund reported an unassigned fund balance of approximately \$15.3 million, which is a decrease of \$1.2 million.

There was no change in the fund balance of the One Percent Sales Tax of 1984 fund or the Fire Protection fund. The General Capital Projects fund had a decrease in fund balance of \$1.7 million while the Capital Projects funded with Bond Proceeds fund had a decrease in fund balance of \$1.6 million due to expenses incurred in various public works projects.

During the year, the City continued to drawdown funds from low interest loans from LDEQ for additional projects as part of the City's Sewerage Capital Improvement Program. The Sewerage Capital Improvement Program is intended to overhaul the City's sewerage system to address compliance orders from the LDEQ, which the City has been under for a number of years.

The City's debt includes \$67.8 million of net pension liability, OPEB liability of \$16.2 million, capital lease liability of \$0.7 million, and Compensated Absences of \$5.6 million.

The City's other debt consists of bonds and notes payable of \$83.5 million. During the year, the City made principal payments of \$18.2 million and received \$14.5 million of drawdowns and new bond issues.

OVERVIEW OF THE FINANCIAL STATEMENTS

The management discussion and analysis serves as an introduction to the City's basic financial statements, which are the government-wide financial statements, fund financial statements, and notes to the financial statements. Also included in the report is required supplementary information.

Government-wide financial statements. The government-wide financial statements report information about the overall finances of the City similar to a business enterprise. The statements combine and consolidate short-term, spendable resources with capital assets and long-term obligations.

The Statement of Net Position presents information on all of the City's assets and deferred outflows of resources, less liabilities and deferred inflows of resources, which results in net position. The statement is designed to display the financial position of the City. Over time, increases or decreases in net assets help determine whether the City's financial position is improving or deteriorating.

The statement of activities provides information which shows how the City's net position changed as a result of the year's activities. The statement uses the accrual basis of accounting, which is similar to the accounting used by private-sector businesses. All of the revenues and expenses are reported regardless of the timing of when cash is received or paid.

The Statement of Net Position and the Statement of Activities distinguish functions of the City that are financed primarily by taxes, intergovernmental revenues, and charges for services (governmental activities) from functions where user fees and charges to customers help to cover all or most of the cost of services (business-type activities). The City's governmental activities include general government, public safety, public works, culture and recreation, health and welfare, and transit and urban development. The business-type activities of the City include the City's sewer system and civic center.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The city uses fund accounting to ensure and demonstrate fiscal accountability. The City uses governmental, proprietary, and fiduciary fund financial statements to provide more detailed information about the City's most significant funds rather than the City as a whole.

Governmental funds. Governmental funds are used to report most of the City's basic services. The funds focus on the inflows and outflows of current resources and the balance of spendable resources available at the end of the fiscal year. Governmental fund statements provide a near or short-term view of the City's operations. A reconciliation is prepared of the governmental funds Balance Sheet to the Statement of Net Assets and the Statement of Revenues, Expenditures, and Changes in Fund Balances of governmental funds to the Statement of Activities.

Eleven governmental funds are used by the City. The City has six major governmental funds, which have separately presented information in the governmental fund Balance Sheet, and Statement of Revenues and Expenditures and Changes in Fund Balance. The major funds are the General Fund, One Percent Sales Tax of 1984 Fund, Fire Protection Fund, General Debt Fund, General Capital Projects Fund, and Capital Projects Funded with Bond Proceeds Fund. The five non-major funds are presented in the aggregate in the governmental fund financial statements. The individual fund information is presented in combining statements.

The City adopts an annual budget for its governmental funds with the exception of the Capital Projects Funded with Bond Proceeds Fund. Budgetary comparison statements have been provided for these funds except for the General Capital Projects funds.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer and civic center operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its health care and self-insurance. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Proprietary fund financial statements provide separate information for the sewer and civic center, both of which are considered major funds of the City.

Conversely, internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds are provided in the form of combining statements and elsewhere in this report.

The City also adopts an annual budget for its enterprise funds, and budgetary comparison statements are provided for these funds.

Fiduciary funds. Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for others. Activities from fiduciary funds are not included in the government-wide financial statements because the City cannot use these assets for its operations.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-wide Financial Analysis

Net position. The following table reflects condensed information on the City's net position for the current and prior year.

Condensed Statements of Net Position June 30, (In thousands)

	Governmental Activities 2020	Business-type Activities 2020	Total 2020	Governmental Activities 2019	Business-type Activities 2019	Total 2019

Capital Assets and Debt Administration

Capital assets. The City's investment in capital assets as of June 30, 2020, for its governmental and business-type activities was approximately \$244 million, net of depreciation as reflected in the schedule below:

Capital Assets June 30, 2020 (Net of depreciation in thousands)

		ernmental	ness-type ivities	Total		
Land	\$	11,593	\$ 3,799	\$	15,392	
Works of art		2,160	-		2,160	
Construction in progress		20,201	1,479		21,680	
Buildings		19,076	71,420		90,496	
Improvements other than buildings		8,342	7,194		15,536	
Equipment		6,965	3,608		10,573	
Infrastructure		88,522	 <u> </u>		88,522	
Total	<u>\$</u>	156,859	\$ 87,500	\$	244,359	

The majority of the capital additions for the year were for sewerage improvements as the City continued a major program to upgrade the City's sewerage system funded with funds loaned from the Louisiana Department of Environmental Quality and bonds issued and various street improvements. The City also purchased vehicles for several departments and additional equipment needed for Public Works activities. For additional information on capital asset activity see note "H" in the Notes to the Financial Statements section.

Long-term debt. At year-end, the City had approximately \$174 million in long-term debt as shown in the table below.

Outstanding long-term debt June 30, 2020 (In thousands)

	Gove Act		ness-type ivities	Total		
Revenue bonds	\$	47,211	\$	36,333	\$	83,544
Capital lease payable		688		-		688
OPEB Liability		16,211		-		16,211
Net Pension Liability		67,846		-		67,846
Compensated Absences		5,618				5,618
Total	\$	137,574	<u>\$</u>	36,333	\$	173,907

The City's sales tax bonds have an underlying rating of A+ by Standard and Poor's.

The 2011 Sewer bonds have an underlying rating of A and an insured rating of AA by Standard and Poor's. The 2019 Sewer bonds have an underlying rating of A by Standard and Poor's.

State statutes limit the amount of government obligation debt a municipality may issue at a maximum of 10% of the assessed valuation for any purpose. The maximum may be exceeded if the aggregate issued for all purposes does not exceed 35% of the total assessed valuation. The City's outstanding general obligation debt is below the state limit. Approximately \$235

Capital Assets and Debt Administration (Continued)

million of additional general obligation bonded debt is available for issuance. See note "I" in the Notes to the Financial Statements section of this report for additional information on the City's Long Term Debt.

Revenues decreased by 1.3% during the year primarily due to a decrease in tax revenue received as a result of the effects of COVID-19.

Total expenses increased due to an increase in expenses relating to public safety and various public works projects around the City.

BUDGETARY HIGHLIGHTS

General Fund revenues came in 3.2% under budget resulting from the decrease in tax revenue as a result of the effects of COVID-19.

General Fund expenditures finished the year 24.7% under budget as a result of the diligent monitoring of the City's expenses.

ECONOMIC OUTLOOK

Sales tax decreased compared to last year as a result of the shutdown related to the COVID-19 coronavirus pandemic that reduced airport operations and impacted most retail locations for the last four months of the fiscal year. As the City's primary source of revenue, it is important to a robust economy. Since the Recession, the City has had to make budget cuts, rededicate capital funds to operations, and use a portion of the City's fund balance to balance the budget as costs have been rising faster than revenues.

For years, the City has experienced reductions in sales tax generated at the Esplanade Mall. However, many small businesses have been opening in Kenner during the past year in conjunction with the newly implemented economic development initiatives. The City also moved its Recreation Department into the Esplanade Mall during the prior fiscal year, resulting in increased traffic and an increase in sales taxes generated at the mall. Seeds are being planted for future prosperity since small businesses are the engine of economic growth. Moreover, increased airport traffic is expected starting in early 2021 as the country recovers from the COVID-19 pandemic and should provide a boost to our sales tax base while the last phases of expansion, including a new parking garage, should increase our hotel/motel tax revenue.

CITY OF KENNER, LOUISIANA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2020

Net change in fund balances, total governmental funds	\$	1,025,796
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported depreciation expense: Capital outlays		12,483,519
Depreciation expense	((15,298,516)
Certain governmental revenues will not be collected for several months after year-end and are deferred in the governmental funds.		106,075
The issuance of long-term debt (bonds, notes, etc.) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas the amounts are deferred and amortized in the in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		2,992,028
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities; however, interest expense is recognized as the interest accrues, regardless of when it is due.		8,592
Pension benefit (expense), which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the statement of activities.		(3,491,875)
The City's proportionate share of non-employer contributions to the pension plans are reported in the statement of activities.		1,643,198
Payment of compensated absences is reported as expenditures in the governmental funds when actually paid. However, on the statement of activities compensated absences are expensed as they are accrued. This is the change in the compensated absences liability.		(518,413)
OPEB benefit (expense), which is the change in the OPEB liability adjusted for changes in in deferred outflows and inflows of resources related to OPEB, is reported in the statement of activities.		87,763
Contracts for long-term capital lease obligations provide current financial resources to governmental funds, while payments on capital lease obligations consume current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This is the change in the capital lease liability.		151,581
Internal service funds are used by management to charge the costs of insurance to individual funds. The net revenue (expense) of internal service funds are reported with governmental activities.		(194,862)
Change in net position of governmental activities	\$	(1,005,114)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

City of Kenner, Louisiana's (the "City") system of government is established by its Home Rule Charter which became effective in 1974. The City operates under a mayor-council form of government. The financial statements of City of Kenner, Louisiana have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to government units. The Governmental Accounting Standards Board (GASB) promulgates accounting principles generally accepted in the United States of America and reporting standards for state and local governments. The principles are found in the Codification of Governmental Accounting and Financial Reporting Standards, published by GASB. The more significant of the City's accounting policies are described below.

1. REPORTING ENTITY

The City's basic financial statements include the accounts of all City operations. The criteria for including organizations as component units within the City's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the City holds the corporate powers of the organization
- the City appoints a voting majority of the organization's board
- the City is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the City
- there is fiscal dependency by the organization on the City

Based on the aforementioned criteria, the City of Kenner has no component units.

The Police Chief is an elected official elected by the citizenry in a general, popular election. The City Council approves the annual budget for the Police Department and dedicates portions of the City's revenues to fund this department. The Police Department is not legally separate, and, therefore, is a function of the primary government and its operations are reported as a part of the City's General Fund.

2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. Interfund services provided and used are not eliminated in the process of consolidation. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely, to a significant extent, on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Certain *indirect costs* are included as part of the program expenses reported for individual functions and activities. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual enterprise funds are reported as separate columns in the fund financial statements.

The government-wide financial statements are reported using the *economic measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements (except agency funds which do not have a measurement focus). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Federal grant revenue is considered available if collected within 150 days after fiscal year end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, other postemployment benefits, compensated absences, claims and judgments, and pension costs are recorded only when payment is due.

Those revenues susceptible to accrual are property taxes, franchise taxes, beer taxes, parking taxes, and certain state shared revenues such as tobacco taxes, parish transportation funds, and video poker monies. Property taxes are recorded as deferred inflows of resources if measurable, but not available. Sales taxes collected and held by intermediary collecting governments at year-end on behalf of the City government also are recognized as revenue. Fines and permits are not susceptible to accrual because generally they are not measurable until received in cash. Federal and state grants are recorded as deferred inflows of resources if measurable but not available. Revenues from rentals and leases are recorded when earned. Income on deposits, cash equivalents, and investments is recorded when measurable and available. Other receipts and taxes become measurable and available when cash is received by the government and are recognized as revenue at that time.

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expenditure/expense) until that future time.

A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources and expenditures of the general government, except those required to be accounted for in another fund.

The One Percent Sales Tax of 1984 Fund accounts for the proceeds of sales taxes generated by a 1 percent sales tax increase. These funds are to be used to fund a municipal homestead exemption, police protection, and various other city services.

The *Fire Protection Fund* accounts for the proceeds of ad valorem taxes which are specifically dedicated for the functions performed by this fund.

The *General Capital Projects Fund* accounts for projects originally funded by the General Fund and the Department of Wastewater Operations Fund. Also included are projects funded by riverboat fees as well as Community Development Block Grants.

The *Capital Projects Funded with Bond Proceeds Fund* accounts for projects funded by the 2013A Series Bond proceeds. Also included are projects funded by loans from the Louisiana Department of Environmental Quality (LDEQ) and the Louisiana Local Government Environmental Facilities.

The *General Debt Fund* accounts for the tax levy needed to comply with the interest and principal redemption requirements of bond indentures for the LDEQ Taxable Sewer Revenue Bond, Series 2009, the Sales Tax Bonds Series 2013, and the LDEQ Taxable Sewer Sales Tax Bonds Series 2015.

The City reports the following major enterprise funds:

The Department of Wastewater Operations Fund accounts for the sewer services provided to the residents of the City of Kenner.

The Civic Center Operations Fund accounts for the operations of the Pontchartrain Civic Center.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

The City reports one fiduciary fund, which is an agency fund and it accounts for assets held by the City as an agent for other governmental entities.

The Airport Sales Tax Fund (agency fund) is used to account for the proceeds of sales taxes generated from a special 2% sales tax assessed within the Airport Taxing District, and to distribute to the appropriate taxing bodies. This fund is custodial in nature and does not involve measurement of results of operations. Accordingly, it presents a statement of fiduciary assets and liabilities and a statement of changes in assets and liabilities. The agency fund is reported in the financial statements on the accrual basis of accounting.

Additionally, the City reports the following fund types:

Internal service funds account for health insurance and self-insurance (automobile, property damage, worker's compensation) provided to other departments or agencies of the City on a cost reimbursement basis.

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Department of Wastewater Operations Fund, Civic Center Operations Fund, and the City's internal service funds are charges to customers for services. Operating expenses for enterprise funds and internal service funds include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

The City reports uncollected revenue on its governmental fund balance sheet as deferred inflows of resources. Uncollected revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred inflows of resources also arise when resources are received by the City before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has legal claim to the resources, the deferred inflows of resources for unavailable revenues are removed from the governmental fund balance sheet and revenue is recognized.

4. BUDGETARY ACCOUNTING

Formal budgetary accounting is employed as a management control device and budgets are legally adopted at the fund level, except for the General Fund for which appropriations are adopted at the department level. Budgets are included as either required supplementary information or other supplementary information for the following funds:

General Fund

Special Revenue Funds One Percent Sales Tax of 1984 Community Development Block Grant Garbage Collection and Disposal Streets and Drainage Fire Protection

Debt Service Funds General Debt Ad Valorem Tax Bonds Firemen's Pension Merger

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. BUDGETARY ACCOUNTING (CONTINUED)

Enterprise Funds Department of Wastewater Operations Civic Center Operations

Budgetary data for the Capital Project Funds are not presented since these funds are budgeted over the life of the respective project and not on an annual basis. Budgetary accounting is not used for the Internal Service Funds (Self Insurance and Health Insurance Funds) because management considers effective budgetary control achieved since their amounts, which are charged back to other funds, are included as expenditures in each Fund's budget.

Expenditures may not exceed budgeted appropriations at the fund level, except for the General Fund, which is at the departmental level. Appropriations lapse at year-end.

Budgets for the General, Special Revenue, Debt Service, and Enterprise Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP), except that encumbrances are treated as budgeted expenditures in the year of incurrence of the commitment to purchase.

5. CASH, INVESTMENTS, AND POOLED ASSETS

The City maintains three cash pools as follows:

- a. General Pool maintains cash balances for all funds except the paving assessments and sewerage assessments funds.
- b. Paving Assessments Pool maintains cash balances for the General Fund and Debt Service Fund.
- c. Sewerage Assessments Pool maintains cash balances for the General Fund and Debt Service Fund.

The City follows the practice of pooling cash of all funds except for Internal Service Funds and restricted funds due to Trust Agreements and Bond Indenture Agreements. Total cash of the Pool is reported in all funds as "Equity in Pooled Cash". Funds with a negative Equity in Pooled Cash report the advance as an interfund payable and the General Fund, which has been determined to be the receivable fund by management, reports an offsetting interfund receivable. Interest earned on pooled cash is allocated to each individual fund based on its month end "Equity in Pooled Cash".

The entire cash balances in the General Pool Cash account, the Capital Projects Funded with Bond Proceeds, the General Capital Projects Fund, and the Enterprise Funds are invested in interest bearing bank accounts. Interest is allocated among funds in the General Pool Cash account on the basis of ending monthly cash balances. The balances not needed for transactions in the other accounts are deposited in individual money market funds earning interest at market rates; minimal checks can be written on these accounts.

For the purpose of the statement of net position, cash includes all demand and money market accounts of the City. For the purpose of the proprietary funds statements of cash flows, all highly liquid investments (including "equity in pooled cash") with maturity of three months or less when purchased are considered to be cash equivalents.

The City is authorized under state law to deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the United States, or laws of the United States. Under state laws, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. State Law R.S. 39:1225 provides that the amount of the security shall at all times be equal to 100% of the amount on deposit to the credit of each depositing authority, except that portion of the deposits insured by any governmental agency insuring bank deposits, which is organized under the laws of the United States.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5. CASH, INVESTMENTS, AND POOLED ASSETS (CONTINUED)

State Law R.S. 33:2955 allows the investment in direct United States Treasury obligations; bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by federal agencies or U.S. government instrumentalities, which are federally sponsored; direct security repurchase agreements of any federal book entry only securities guaranteed by the U.S. government; time certificates of deposit of any bank domiciled or having a branch office in the state of Louisiana; savings accounts or shares of certain savings and loan associations and savings banks; certain accounts of federally or state chartered credit unions; certain mutual or trust fund institutions; certain guaranteed investment contracts; and investment grade commercial paper of domestic United States corporations.

6. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds". Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

7. INVENTORIES

The inventory of materials and supplies acquired by the governmental funds is accounted for under the purchase method. The inventory of parts for vehicle maintenance is accounted for under the consumption method. All inventories are recorded in the General Fund at cost, determined by the first-in, first-out method.

8. CAPITAL ASSETS

Capital assets, which include land and land improvements, works of art, buildings, improvements other than buildings, vehicles, furniture, fixtures and equipment, and infrastructure assets (streets, roads, bridges, canals, and sewer and drainage systems), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. Capital assets received in a service concession arrangement are reported at acquisition value rather than fair value. Major additions are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for in the business-type activities column in the government-wide financial statements.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized.

Depreciation on all capital assets, excluding land improvements and construction in progress, is calculated on the straight-line method over the following estimated useful lives:

<u>Asset Life</u> (Years)
40
20 to 40
25
5 to 12
10
5
40 to 80
10 to 50
10 to 30

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

9. INTANGIBLE ASSETS

The City has a policy to capitalize any intangible assets which exceed \$50,000 in accordance with Governmental Accounting Standards Board Statement (GASBS) No. 51, "Accounting and Financial Reporting for Intangible Assets".

10. COMPENSATED ABSENCES

Vacation (annual leave) and sick pay (sick leave) are accrued when earned. Accumulated annual leave and vested sick leave as of the end of the fiscal year is valued using employees' current rates of pay and the liability for these compensated absences is recorded as long-term debt in the government-wide financial statements.

In the fund financial statements, the governmental funds report a liability for compensated absences for the amount that has matured as a result of employee resignations and retirements. The government-wide financials report the total accumulated unpaid annual and sick leave on the statement of net position and the statement of activities.

11. LONG-TERM OBLIGATIONS

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond and loan premiums and discounts are deferred and amortized over the life of the bonds or loans using the effective interest method. Bonds and loans payable are reported net of the applicable bond premium or discount.

Noncurrent liabilities include estimated amounts for accrued compensated absences, other postemployment benefits, net pension liabilities, and capital lease obligations that will not be paid within the next fiscal year.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees' Retirement System (MERS), Municipal Police Employees' Retirement System of Louisiana (MPERS), and Firefighters Retirement System (FRS) and additions to/deductions from MERS, MPERS, and FRS fiduciary net position have been determined on the same basis as they are reported by MERS, MPERS, and FRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Information relating to the City's other postemployment benefits obligation, deferred inflows and deferred outflows of resources, and other post employment benefits expense, was calculated by the City's actuary, Lewis and Ellis, Inc.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

12. FUND BALANCE/NET POSITION

In the government-wide financial statements, net position comprises the various net earnings from revenues and expenses. Net position is classified in the following components:

- a. *Net investment in capital assets* consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. *Restricted net position* consists of net positions with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position all other net positions that do not meet the definition of "restricted" or "net investment in capital assets".

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

12. FUND BALANCE/NET POSITION (CONTINUED)

In the fund financial statements, fund balance is classified in the following components:

- a. Nonspendable amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact.
- *b. Restricted* amounts constrained for specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- *c. Committed* amounts constrained for specific purposes that are internally imposed by the City Council itself, using its highest level of decision-making authority through an ordinance. To be reported as committed, amounts cannot be used for any other purpose unless the City Council takes the same highest level action to remove or change the constraint.
- *d. Assigned* amounts the City intends to use for a specific purpose that are neither considered restricted nor committed. Intent can be expressed by the City or by an official or body to which the City delegates the authority. Under the City's policy, the Mayor and City Council may assign amounts for specific purposes and the City Council can approve.
- *e.* Unassigned the residual amount of fund balance which does not fall into one of the other components. Positive amounts are reported only in the general fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the City considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless the City has provided otherwise in its commitment or assigned actions. The City does not have a formal minimum fund balance policy.

13. INTERFUND SERVICES

Interfund services are accounted for as revenues, expenditures, or expenses. Interfund services that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund services are reported as transfers.

For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

14. ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions. Those estimates affect the reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the financial statements. They may also affect the reported amounts of revenues and expenses of proprietary funds and the government-wide financial statements during the reporting period. Actual results could differ from these estimates.

15. ADOPTION OF NEW ACCOUNTING PRINCIPLES

During the year ended June 30, 2020, the following statement was implemented: GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. This statement establishes accounting requirements for interest cost incurred before the end of a construction period. The objectives of the standard are to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

16. PREPAID ITEMS

Prepaid items are recorded in the year the expenditures are accrued using the consumption method.

NOTE B - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1. BUDGETARY PROCEDURES

The procedures used by the City in establishing the budgetary data reflected in the financial statements are as follows:

- a. On or before May 1 of each year, the Mayor recommends to the City Council proposed operating and capital budgets for the ensuing fiscal year. The budget is prepared by fund, department (for the General Fund), function, and object, and includes information on the past year, current year estimates, and requested appropriations for the ensuing fiscal year.
- b. The proposed budget is summarized and advertised and, by June 15, public hearings are conducted to obtain taxpayer comments.
- c. The operating budget is then legally adopted through council ordinance by June 15.
- d. The Mayor is authorized to transfer budgeted amounts within funds, except for the General Fund which is at the departmental level; however, any revisions that alter the total expenditures of a fund or department in the case of the General Fund must be approved by the City Council.

2. BUDGETARY COMPARISON

The budget data reflected in the schedules of revenues, expenditures, and changes in fund balances - budget and actual includes the effect of such appropriation amendments approved by the City Council during the current year. These amendments may reappropriate designated and/or reserved funds rolling forward from the previous year as well as amend the distributions of operating funds already appropriated.

Budgetary comparison information is required to be presented for the general fund and each major special revenue fund with a legally adopted budget. The City adopts annual operating budgets for the general fund and all special revenue funds. The major special revenue funds are One Percent Sales Tax of 1984 Fund and the Fire Protection Fund. Since accounting principles applied for the purposes of developing data on a budgetary basis differ from those used to present financial statements in conformity with generally accepted accounting principles (GAAP), a reconciliation of the resulting basis and timing differences in the net change in fund balances for the year ended June 30, 2020, is presented as a note in required supplementary information.

NOTE C - DEPOSITS AND INVESTMENTS

Deposits

At June 30, 2020, the City of Kenner has cash (book balances) totaling \$49,649,259 as follows:

Governmental Funds:	
Money market funds	\$ 4,395,061
Demand deposits	34,045,097
Petty cash	3,465
Proprietary Funds:	
Enterprise Funds:	
Petty cash	500
Demand deposits	10,236,001
Internal Service Funds:	
Demand deposits	969,135
	\$ 49,649,259

NOTE C - DEPOSITS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits might not be recovered. The City's deposit policy for custodial credit risk conforms to state law, as described in Note A. At June 30, 2020, the City's demand deposits and money market funds bank balances of \$50,132,719 were entirely secured by federal deposit insurance, pledged securities held by the City's agent, and by letters of credit.

Restricted cash and investments

Certain assets of the Wastewater Fund, the Debt Service Funds, and the Capital Projects Funds are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants and they are maintained in separate bank accounts.

Investments

Custodial credit risk is defined as the risk that, in the event of failure of the counterparty, the City will not be able to recover the value of its investment. The City is not exposed to custodial credit risk at June 30, 2020, since the investments are held in the name of the City. The City's investment policy conforms to state law, as described in Note A, which has no provision for custodial credit risk.

Concentration of credit risk relates to the amount of investments in any one entity. At June 30, 2020, the City had no investments in any one entity which exceeded 5% of total investments, except obligations of government-sponsored entities, which are implicitly guaranteed by the federal government.

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy conforms to state law, which does not include a policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

As required by GASB 72, investments are reported at fair value. Fair value is described as an exit price. GASB 72 requires a government to use valuation techniques that are appropriate under the circumstances and for which sufficient data is available to measure fair value. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. GASB 72 also establishes a hierarchy of inputs to valuation techniques used to measure fair value, which has three levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are inputs, other than quoted prices, included within Level 1 that are observable for the asset or liability, whether directly or indirectly. Finally, Level 3 inputs are unobservable inputs, such as management's assumption of the default rate among underlying mortgages of a mortgage-backed security. This statement requires disclosure to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. These disclosures are organized by type of asset or liability. All of the City's investments are classified in Level 1 of the fair value hierarchy and are valued using prices quoted in active markets for those securities.

As of June 30, 2020, the City had the following investment in debt securities:

		Investment Maturities (in Years)						
		Less					Gre	ater
Investment Type	Fair Value	Than 1	1-5		6-	-10	Tha	in 10
Obligations of Government-								
Sponsored Entities	\$ 8,023,953	\$ 8,023,953	\$	-	\$	-	\$	-

Credit risk is defined as the risk that an insurer or other counterparty to an investment will not fulfill its obligations. The City invested only in obligations of federal agencies or federally sponsored entities in the amount of \$8,023,953, which are rated AAA by Moody's. The type of investments allowed by state law ensures that the City is not exposed to credit risk.

NOTE D - EQUITY IN POOLED CASH

A reconciliation of total equity in pooled cash is presented below.

Equity in Pooled Cash	General <u>Pool</u>	Paving Assessments <u>Pool</u>	Sewerage Assessments <u>Pool</u>	<u>Total</u>
Cash	\$21,907,855	\$ 289,109	\$ 5,970	\$22,202,934
Total Equity in Pooled Cash	\$21,907,855	\$ 289,109	\$ 5,970	\$22,202,934
Equity in Pool				
General Fund Sales Tax Fund	\$ 6,347,352 363,729	\$ 271,440	\$ 5,970	\$ 6,624,762 363,729
Fire Protection Fund		-	-	-
Enterprise Funds	816,520	-	-	816,520
Agency Fund	2	-	-	2
General Debt	-	17,669	-	17,669
Consolidated General Capital Projects	8,083,446	-	-	8,083,446
Consolidated Capital Projects w/Bond Proceeds	5,575,254	-	-	5,575,254
Nonmajor Governmental Funds	721,552			721,552
Total Equity in Pool	\$21,907,855	\$ 289,109	\$ 5,970	\$22,202,934

Daily operations may occasionally result in minor deficiencies in individual allocations of pooled cash, which are resolved by temporary interfund loans.

NOTE E - ALLOWANCE FOR DOUBTFUL ACCOUNTS

An allowance for estimated uncollectible receivables is established based on historical collection experience and other relevant circumstances. The allowance for estimated uncollectibles at June 30, 2020, consists of the following amounts:

General Fund	\$1	,007,159
Proprietary Funds:		
Department of Wastewater Operations	\$	56,755

NOTE F - SALES TAX

A sales tax of 9.75% for the period of July 1, 2019 through June 30, 2020, was collected on purchases in the City of Kenner (food and drugs are taxed at a 6% rate, and hotel/motel rooms at a 9% rate). Of the 9.75% total, 5.0% is levied by the state and 4.75% by Jefferson Parish, for itself and other local government subdivisions within the Parish. The following table for parish taxes lists the effective year of each authorized tax rate, the Parish-wide tax rate (which includes ¹/₆% retained by the Parish), the rate collected for the benefit of the Jefferson Parish School Board, and the rate collected for the benefit of the City of Kenner.

Effective Date	Parish-Wide Rate	School Board Rate	City Rate
1954	1%	¹ /2%	¹ /2%
1966	1%	1/2%	¹ /2%
1980	¹ /2%	¹ /2%	-
1981	¹ /2%	-	¹ / ₃ %
1984	1%	-	1
1993	¹ /2%	¹ /2%	-
1994	1/4%	-	1/4%
TOTAL	4 ³ /4%	2%	2 7/12%

The Jefferson Parish Sheriff's Office (a separate reporting entity) collects all parish taxes, except on motor vehicle sales, and retains 9.5 to 11% as a collection commission on the share going to local governments. The state collects parish taxes on motor vehicle sales and remits them back to the parish of registration.

The Sheriff prorates this motor vehicle tax back to the municipalities in proportion to the sales tax collected within each municipality. Taxes due on sales in a month must be remitted by the merchants to the Sheriff by the 20th of the following month. The Sheriff distributes these collections to the local governments approximately 30 days later.

NOTE G - AD VALOREM TAX

The ad valorem tax on real property is levied as of November 15th of each year. The tax becomes an enforceable lien on the property on the first day of the month following the filing of the tax rolls by the Assessor with the Louisiana Tax Commission (usually December 1st). The tax bills are mailed by the City in mid-November and are due upon receipt. The taxes become delinquent on January 1st in the year after levy. The taxes are levied on property values determined by the Jefferson Parish Assessor's Office. All land and residential improvements are assessed at 10% of their fair market value and other property at 15% of its fair market value. Ad valorem taxes are levied (per \$1,000 assessed value) in varying amounts for maintenance and operation, debt service and capital improvements for the City. The number of mills levied for 2019, which are collected and reported as revenue for the fiscal year ended June 30, 2020, is as follows:

	2	2019
Fund	M	IILLS
City of Kenner Municipal Tax	\$	1.97
Garbage Collection		1.52
Fire Protection		7.01
Sewerage, Collection and Treatment		1.08
Acquiring, Construction, Improving and		
Maintaining Public Streets		5.59
Total	\$	17.17

2. FIREMEN'S PENSION MERGER PAYABLE

In March 1998, the required three-fourths vote of the active and inactive members approved the pension merger with the Firefighters Retirement System ("FRS"). Approval of the merger was received from the FRS and the Joint Retirement Committee. The City Council approved the merger in December 1998 and signed an agreement with FRS on March 25, 1999, regarding the payment of the merger liability. The final merger liability as of March 27, 1999, was \$14,050,233, which represented 60% of the accrued liability for active employees, \$6,301,446, and 100% of the accrued liability for retired employees, \$7,748,787. The Fund transferred assets in the amount of \$11,130,143 to the FRS to pay the merger liability. The value of the transferred assets for purposes of the merger as discounted from the date of receipt to the merger date of March 27, 1999, at the system's actuarial valuation interest rate of 7% was \$11,089,495. The remaining liability of \$2,960,738 plus interest at the rate of 7% per annum was assumed by the City of Kenner to be paid over 30 years.

The City has split the liability to be amortized into two components as follows:

\$1,190,000 of the liability is payable monthly at a rate of 7%. No interest was capitalized; interest incurred and expensed during the year was \$665,973. At June 30, 2020, the merger payable for this component had a total outstanding balance of \$-0-.

NOTE I - LONG-TERM DEBT (CONTINUED)

\$1,770,738 of the liability is payable annually at a rate of 7%. No interest was capitalized; interest incurred and expensed during the year was \$1,002,247. At June 30, 2020, the merger payable for this component had a total outstanding balance of \$-0-.

The funding necessary to service this merger payable is provided by the dedication of the fire insurance tax received from the State of Louisiana. There are no events of default with these notes. These notes were paid off with a refinancing in the fiscal year ending June 30, 2020.

On September 17, 2019, the City issued \$1,750,000 of Series 2019 Excess Revenue Certificates of Indebtedness to pay off the two loans with the Firefighters Retirement System. This is a taxable loan and is payable semiannually at a rate of 2.97%. No interest was capitalized; interest incurred and expensed during the year was \$23,678. At June 30, 2020, the outstanding balance on the loan was \$1,582,000. In the event of default, the lender may declare all payments plus a default fee at a rate of 2% immediately due and payable.

4. SALES TAX REVENUE REFUNDING BONDS SERIES 2013

On August 6, 2013, the City issued \$40,980,000 of Series 2013 Sales Tax and Refunding Bonds to a) construct, acquire and equip public improvements for the City; and b) currently refund the outstanding Series 2003 Bonds. No interest was capitalized; interest incurred and expensed during the year was \$1,428,719. As of June 30, 2020, the outstanding balance of this loan was \$31,726,874. The new bonds bear interest from 4.0% to 5.0% and are due in annual installments ranging from \$75,000 to \$3,045,000 through June 1, 2033. The new issue will reduce debt service payments for the City by \$174,050 with an economic gain of \$890,880 or 6.863%. The City has pledged a dedication of sales tax revenue as collateral for these bonds. The City will be in default if it fails to pay principal or interest when due, or fail to comply with any bond covenants for 30 days after notice of failure. The Authority or Trustee may take whatever action necessary to collect the amounts do and thereafter become due. The City would also pay any attorney fees or other costs associated with collection. In the event of default, the Authority or Trustee may declare all payments plus a breakage fee immediately due and payable.

The reacquisition price in the refunding of the Series 2003 bonds by the Series 2013 bonds was \$160,556 more than the net carrying value of the bonds. This difference is reported in the statement of net position of the accompanying financial statements as a deferred amount which increases bonds payable. The deferred amount is being amortized as a reduction of interest expense through fiscal year 2033 using the straight-line method. The deferred amount remaining at June 30, 2020 was \$751,874.

5. SEWER REVENUE BONDS SERIES 2011

On September 15, 2011, the City issued \$16,000,000 of Series 2011 Sewer Bonds to provide for the planning, construction, improvement, maintenance, operation and funding of improvements to the City's wastewater collection, treatment and disposal system. Interest paid during the year was \$305,444. With the implementation of GASB 89, interest is no longer capitalized. As of June 30, 2020, the outstanding balance of this loan was \$1,090,000. \$11,570,000 of these bonds were refunded in association with the 2019 Sewer Bond issue noted below. Interest expense associated with this refunding amounted to \$536,196. Net revenues from the operation of the wastewater system were pledged as collateral for these bonds. The City will be in default if it fails to pay principal or interest when due. In the event of default, the owners of the bonds shall be entitled to exercise all rights and powers for which provision is made under Louisiana law.

6. LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY LOAN

In 2009, the City executed a loan agreement with the Louisiana Department of Environmental Quality (the "LDEQ") for the purpose of providing funding for the rehabilitation of the sewer system within the City. This loan is classified as direct borrowing. The LDEQ Taxable Sewer Bonds Series 2009 authorized a loan amount of \$22,000,000 with an interest rate of 0.95%. As of June 30, 2020, \$13,902,822 was outstanding. The City has drawn a total of \$22,000,000 through June 30, 2020. Total interest and administrative fees paid during the year ended June 30, 2020, were \$65,006 and \$72,229, respectively. Any revenues available to the City for the debt service payment, excluding sales taxes, are pledged as collateral for the loan. The City will be in default if it fails to pay principal, interest or administrative fees when due. In the event of default, the LDEQ has the right to take any action permitted or required pursuant to the agreement and take whatever other action necessary to collect the amounts then due.

In 2012, the City executed another loan agreement with the Louisiana Department of Environmental Quality (the "LDEQ") for the purpose of providing funding for the rehabilitation of the sewer system within the City. This loan is classified as direct borrowing. The LDEQ Taxable Sewer Bonds Series 2012 authorized a loan amount of \$21,000,000 with an interest rate of 0.95%. As of June 30, 2020, \$16,576,000 was outstanding. The City has drawn a total of \$21,000,000 through June 30, 2020. Total interest and administrative fees paid during the year ended June 30, 2020, were \$76,896 and \$85,440, respectively. Net revenues from the operation of the wastewater system are pledged as collateral for this loan. The City will be in default if it fails to pay principal, interest or administrative fees when due or comply with any bond covenants for 30 days after first notice of default. In the event of default,

NOTE I - LONG-TERM DEBT (CONTINUED)

the LDEQ has the right to take any action permitted or required pursuant to the agreement and take whatever other action necessary to collect the amounts then due.

In 2015, the City executed another loan agreement with the Louisiana Department of Environmental Quality (the "LDEQ") for the purpose of providing funding for the rehabilitation of the sewer system within the City. This loan is classified as direct borrowing.

The LDEQ Taxable Sales Tax Bonds Series 2015 authorized a loan amount of \$15,000,000 with an interest rate of 0.95%. As of June 30, 2020, \$6,611,484 was outstanding. The City has drawn a total of \$6,968,484 through June 30, 2020. Total interest and administrative fees paid during the year ended June 30, 2020, were \$30,493 and \$33,881, respectively. Sales tax revenue was pledged as collateral for this loan. The City will be in default if it fails to pay principal, interest or administrative fees when due. In the event of default, the LDEQ has the right to take any action permitted or required pursuant to the agreement and take whatever other action necessary to collect the amounts then due.

In 2019, the City executed another loan agreement with the Louisiana Department of Environmental Quality (the "LDEQ") for the purpose of providing funding for the rehabilitation of the sewer system within the City. This loan is classified as direct borrowing. The LDEQ Revolving Fund Loan authorized a loan amount of \$9,500,000 with an interest rate of 0.95%. As of June 30, 2020, \$166,784 was outstanding. The City has drawn a total of \$166,784 through June 30, 2020. Total interest and administrative fees paid during the year ended June 30, 2020, were \$156 and \$174, respectively. Sales tax revenue was pledged as collateral for this loan. The City will be in default if it fails to pay principal, interest or administrative fees when due. In the event of default, the LDEQ has the right to take any action permitted or required pursuant to the agreement and take whatever other action necessary to collect the amounts then due.

7. SEWER REFUNDING BONDS SERIES 2019

On December 26, 2019, the City issued \$12,045,000 of Series 2019 Sewer Refunding Bonds to provide for the planning, construction, improvement, maintenance, operation and funding of improvements to the City's wastewater collection, treatment and disposal system, and partially refund the Sewer Revenue Bonds Series 2011. These bonds were issued with a discount of \$166,527, which reduces the balance of the debt, and is being amortized over the life of the bonds. The new issue resulted in net savings of \$722,680 and a deferred amount of \$308,473, which is being amortized over the life of the bonds. Interest paid during the year was \$120,843. As of June 30, 2020, the outstanding balance of this loan was \$11,888,269. \$12,274,447, which included \$615,565 of prior debt service funds, was placed in escrow to pay off the 2011 Sewer Bonds. Net revenues from the operation of the wastewater system were pledged as collateral for these bonds. The City will be in default if it fails to pay principal or interest when due. In the event of default, the owners of the bonds shall be entitled to exercise all rights and powers for which provision is made under Louisiana law.

8. CAPITAL LEASES

On September 15, 2017, the City entered into a lease-purchase finance agreement with a vendor for vehicles under a five-year capital lease. The original net present value of this capital lease was \$672,594, with a corresponding interest rate of 2.90%. Under the terms of the agreement, the titles of the vehicles may be turned over to the City at the conclusion of the lease, if the City exercises its purchase option. The vehicles, valued at \$672,594, are included in capital assets.

On March 2, 2020, the City entered into a lease-purchase finance agreement with a vendor for vehicles under a four-year capital lease. The original net present value of this capital lease was \$188,589, with a corresponding interest rate of 4.75%. Under the terms of the agreement, the titles of the vehicles may be turned over to the City at the conclusion of the lease, if the City exercises its purchase option. The vehicles, valued at \$188,044, are included in capital assets.

On February 12, 2020, the City entered into a lease-purchase finance agreement with a vendor for radios under a seven-year capital lease. The original net present value of this capital lease was \$215,298, with a corresponding interest rate of 3.94%. Under the terms of the agreement, the ownership of the radios may be turned over to the City at the conclusion of the lease, if the City exercises its purchase option. The radios, valued at \$215,298, are included in capital assets.

9. COMPENSATED ABSENCES

General

All employees, except police and fire employees, earn sick leave at the following rates:

Full time employees:	1 day/month not to exceed 12 days/year
Regular part time employees:	$^{1/_{2}}$ day/month not to exceed 6 days/year

NOTE I - LONG-TERM DEBT (CONTINUED)

9. COMPENSATED ABSENCES (CONTINUED)

Employees earn annual leave in varying amounts according to years of service as follows:

Service (years)	Amount	
Full time employees:		
0 - 5		1 day/month
5 - 10		$1 \frac{1}{2} \text{ day/month}$
over 10		2 days/month

General

Regular part time employees:	
0 - 5	¹ / ₂ day/month
5 - 10	$^{3}/_{4}$ day/month
over 10	1 day/month

Employees can take their annual leave as soon as it is accrued. Annual leave not used by December 31 of the calendar year is determined for each employee. Employees retain all annual leave up to a maximum of 45 days to be paid upon separation of service or may be used in lieu of sick leave once sick leave has been exhausted. This carry forward time is not available to be taken as annual leave in future periods. Annual leave is payable upon separation of service. Sick leave is accumulated without time limitation and is payable up to a maximum of 90 days upon retirement or death.

In accordance with Statement No. 16 of the Governmental Accounting Standards Board, "Accounting for Compensated Absences," an additional liability is recorded for salary related payments associated with the future payment of compensated absences. Such salary related payments consist of the City's portion of Medicare tax expense.

Fire Department

Firefighters receive 18 days of annual leave after one year of service. After 10 years of service, employees receive one additional day of annual leave for each additional year of service up to a maximum of 30 days per year. Vacation time not used by December 31 is lost.

Firefighters receive 720 hours of sick leave when they join the Department. No additional hours are earned. At retirement, the employee is paid for any unused sick leave up to a maximum of 90 days. In addition, firefighters can receive 365 days of sick leave with medical determination.

Police Department

Police personnel earn annual leave in varying amounts according to years of service as follows:

Service (years)	Civil Service Amount
0 - 1 Year	0 Days
1 - 10 Years	15 Days
10 - 20 Years	20 Days
Over 20 Years	25 Days

Non-civil service employees earn annual leave as previously detailed for general employees of the City.

These hours are accrued on January 1st and are for use only in the calendar year. Hours not taken by December 31st are lost. If an employee terminates employment, he or she is paid for the annual leave remaining on the books.

Police personnel earn sick leave at the following rates:

Full time employees:	8 hours/month not to exceed 12 days (96 hours)/year
Regular part time employees:	$\frac{1}{2}$ day (4 hours)/month not to exceed 6 days (48 hours)/year

Upon retirement, employees are entitled to receive pay for accrued, unused sick leave days up to a maximum of 90 days.

The General Fund, CDBG Fund, Streets and Drainage Fund, and the Fire Protection Fund have typically been used in prior years to liquidate the liability for compensated absences, net pension obligation, and other postemployment benefits.

10. CHANGES IN LONG-TERM DEBT

Department of Wastewater															
Operations	 -	 -				-		528,735		-		-			528,735
Total	\$ 11,313,146	\$ 3,278,111	\$	1,248,587	\$	2,528,146	\$	1,193,235	\$	1,033,386	\$	357,000	\$	348,016	\$ 21,299,627

Transfers are primarily used to move funds from:

General Fund – to the General Capital projects for the gaming revenues dedicated for capital projects, to the Nonmajor Governmental funds (Garbage Collection and Disposal fund), and the Fire Protection fund because dedicated revenues are not sufficient to cover expenditures, to the Community Development Fund to cover the expenditures of the City's Resource centers, Food Bank and the portion of Community Development's administrative expenditures not covered by the CDBG grant, and to the Internal Service Funds to cover health insurance costs.

One Percent Sales tax of 1984 Fund – to the General, Nonmajor Governmental fund (Garbage Collection & Disposal fund), and Fire Protection funds to reimburse losses from homestead exemption, to pay expenditures for the Nonmajor Governmental fund (Streets and Drainage Fund) and the remaining funds are transferred to the General Fund.

General Capital Projects – to the Major Governmental fund (Notes and Other Debt) to provide additional funding for debt service of the 2009 LDEQ Loan.

Nonmajor Governmental Funds – from the Roads and Bridges fund to the General Capital Projects Funds with bond proceeds for the funding of future capital projects.

Wastewater Operations - to the Major Governmental funds (General Debt Fund) for debt service on the 2009 LDEQ loan.

NOTE J - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (CONTINUED)

The composition of interfund balances as of June 30, 2020, is as follows:

Due to/from other funds

Receivable Fund	Payable Fund	Amount
General Fund	One Percent Sales Tax of 1984 Fund	\$ 2,410,200
	General Capital Projects Fund	1,497,118
	General Capital Projects Funded with Bond Proceeds	2,824,547
	Nonmajor Governmental Funds	830,856
	Department of Wastewater Operations	3,704,209
	Internal Service Funds	701,152
	Consolidated General Debt (Major)	5,293,864
	Civic Center Operations	406,456
	Fire Protection	2,476,582
One Percent Sales Tax of 1984 Fund	Nonmajor Governmental Funds	310,733
Fire Protection	One Percent Sales Tax of 1984 Fund	58,190
	Property Tax	730,431
Department of Wastewater Operations	Property Tax	113,377
General Capital Projects Fund	General Fund	11,904,786
General Capital Projects Funded with Bond Proceeds	Property Tax	447,362
1 5	Nonmajor Governmental Funds	50,565
	General Capital Projects Fund	2,140,077
Nonmajor Governmental Funds	General Fund	382,763
-	One Percent Sales Tax of 1984 Fund	12,610
	Property Tax	223,980
	~ -	\$36,519,858

The above due to/from other funds were short-term receivables or payables in the normal course of the City's operations.

NOTE K - TREASURE CHEST RIVERBOAT CASINO AGREEMENT

The City of Kenner and Treasure Chest Casino, L.L.C. entered into a lease of property in Laketown, Kenner on December 3, 1993 for Treasure Chest Casino, L.L.C.'s riverboat gaming operations. The term of the lease is divided into three phases, an Initial Term, a Primary Term, and at the Lessee's option, one or more Renewal Terms. The "Initial Term" of the lease began on the date of execution and continued until July 1, 1994. The "Primary Term" of the lease was for five years beginning on July 1, 1994, and the Lessee had the option to extend the term of this lease for six additional Renewal Terms of five years each. The lease is currently renewed through July 1, 2024. Lease payments to the City include a minimum annual rent ("Base Rent") determined by multiplying the actual number of passengers during the first three quarters of the prior fiscal year by \$2.50. In addition to the Base Rent, the Lessee shall pay to the City an amount equal to \$2.50 for each passenger in excess of the number of passengers used to determine the Base Rent for that particular year ("Per Capita Rent"). In addition to the Base Rent and Per Capita Rent, the Lessee of \$10.00 per passenger or the "minimum percentage rent". The Minimum Percentage Rent equals the Percentage Rent for the first three quarters of the precentage Rent equals the Percentage Rent for the first three quarters of the subsidize City projects such as City Recreational Facilities, City Playgrounds, Tourism Advertisement and Brochures, Convention Center/Hotel Shuttle, Trolley Transportation, City Museums, Alzheimer's Center Operations, City Sponsored Summer Camps, and City Senior Citizens Activities. Any funds remaining shall be dedicated to City capital projects.

The Kenner Police Department is entitled to 24% of all lease revenues received by the City. Additionally, the lessee agrees to pay to the Kenner Police Department the greater of \$400,000 or 1% of net gaming proceeds.

NOTE L - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To account for and finance its uninsured risks of loss, the City has established a Self-Insurance Fund (an internal service fund). Under this program, the Self-Insurance Fund provides coverage for up to a maximum of \$500,000 for each general liability claim, except up to a maximum of \$50,000 for each Law Enforcement general liability claim, with commercial insurance for claims in excess of coverage provided by the fund up to \$5,000,000; \$500,000 for each auto liability claim with commercial insurance for claims in excess of coverage provided by the fund up to \$5,000,000; \$550,000 for each worker's compensation claim, excluding police and fire, with commercial insurance for claims in excess of coverage provided by the fund up to \$1,000,000; and \$550,000 for each police and fire workers compensation claim in with commercial insurance for claims in excess of coverage provided by the fund up to \$1,000,000; and \$550,000 for each police and fire workers compensation claim in with commercial insurance for claims in excess of coverage provided by the fund up to \$1,000,000; and \$550,000 for each police and fire workers compensation claim in with commercial insurance for claims in excess of coverage provided by the fund up to \$1,000,000. The City purchases commercial insurance for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past four fiscal years. Also, the Fund provides coverage for auto/physical damage which requires a \$1,000 deductible per department per occurrence. The remaining balance on the claim is paid by the Fund.

All funds of the City with employees, except for the Department of Wastewater Operations and the Civic Center Operations Funds, participate in the program and make payments to the fund based on an actuarial valuation dated November 2003 adjusted by the actual performance of the programs using historical experience. The claims liability of \$5,409,263 (which includes claims incurred but not reported in the Fund at June 30, 2020) is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the balances of claims liabilities during fiscal years 2018, 2019, and 2020 were as follows:

	Beginning of Fiscal Year Liability		Current Year Claims and Changes in Estimates		n nts	nce at Fiscal Year End
2017 - 2018 2018 - 2019 2019 - 2020	\$	4,236,501 5,236,146 5,138,535	\$ 1,638,797 613,794 1,187,162	× ×	9,152) ,405) 9,434)	\$ 5,236,146 5,138,535 5,409,263

The amount of estimated claims payable due within one year of these financial statements is \$2,755,371.

HEALTH INSURANCE

The City provides health and accident insurance to its employees through health maintenance organizations (HMO's) and commercial insurance carriers. The City has no additional liability other than the initial premiums.

NOTE M - COMMITMENTS AND CONTINGENCIES

LITIGATION

The City is a defendant in a number of claims and lawsuits resulting principally from personal injury and property damage. The City Attorney and outside counsel have reviewed these claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the City and to arrive at an estimate, if any, of the amount or range of potential loss to the City. The City's "reasonably possible" loss contingencies have been estimated to be immaterial and have not been accrued in these financial statements. All material probable claims have been accrued as liabilities in the City's Self-Insurance Fund (see Note L for additional details) and General Fund.

FEDERALLY ASSISTED PROGRAMS

The City receives significant financial assistance from numerous federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements.

EPA ADMINISTRATIVE ORDER

On November 10, 1990, the United States Environmental Protection Agency (EPA) issued the City an Administrative Order for sewerage effluent violations. Failure to comply with an EPA Administrative Order could result in monetary fines or an EPA administrative penalty. As a result, the city initiated a \$15 million sewer rehabilitation project. See Note I for additional information regarding the financing of the 1990 sewer rehabilitation project.

On August 24, 2009, the Louisiana Department of Environmental Quality (LDEQ) issued the City a Consolidated Compliance Order & Notice of Potential Penalty for sewerage overflow violations which resulted in raw sewerage being discharged into waters of the

NOTE M - COMMITMENTS AND CONTINGENCIES (CONTINUED)

EPA ADMINISTRATIVE ORDER (CONTINUED)

State. As with the 1990 EPA Administrative Order discussed above, failure to comply with the provisions of the Order could subject the City to substantial administrative penalties or monetary fines.

On June 27, 2014, the Louisiana Department of Environmental Quality (LDEQ) issued the City a Consolidated Compliance Order & Notice of Potential Penalty for sewerage overflow and improper sampling methods and reporting violations which resulted in raw sewerage being discharged into waters of the State. As with the 1990 EPA Administrative Order and the August 24, 2009, LDEQ order discussed above, failure to comply with the provisions of the Order could subject the City to substantial administrative penalties or monetary fines.

EPA CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY

The LDEQ Compliance Order mandates that the City take all steps necessary to achieve compliance with Water Quality Regulations including but not limited to avoiding overflows and complying with all effluent limitations by properly operating and maintaining the facility. Failure or refusal to comply could subject the City to civil penalties of \$50,000 for each day of continued violation or noncompliance.

Major renovations must be made to the City's sewer treatment and collection system to remedy the problems causing the LDEQ and EPA violations. The required renovations include the replacement or upgrading of lift stations, expansion and upgrading of the City's wastewater treatment plant capacity, repair and replacement of gravity sewer lines, and procuring generators to service the sewer system during emergencies.

The City's engineers estimate that the total costs of the required renovations will be \$65 million. On December 10, 2009, the City entered into an agreement for a \$22 million construction loan at 0.95% interest from the Clean Water State Revolving Fund Loan Program to partially fund the necessary upgrades and improvements. In November of 2011 the City issued \$16 million in bonds and in November of 2012 the City entered into an additional loan of \$21 million at 0.95% interest from the Clean Water State Revolving Fund Loan Program to fund a portion of the required renovations. In September 2015 the City entered into an additional loan of \$15 million at 0.95% interest from the Clean Water State Revolving Fund Loan Program to fund the rest of the required renovations. See Note I for additional information regarding the financing of the 2009 sewer rehabilitation project. In January 2020 the City entered into an additional loan of \$9.5 million at 0.45% interest from the Clean Water State Revolving Fund Loan Program to fund additional networks.

During the year ended June 30, 2020, the City was released from the LDEQ Compliance Order and were assessed no penalties.

AGREEMENT FOR OPERATIONS, MAINTENANCE, AND MANAGEMENT SERVICES OF THE KENNER WASTEWATER COLLECTION AND TREATMENT SYSTEMS

In July 1995, the City entered into an agreement with Veolia Water North America Operating Services, LLC, (formerly Professional Services Group, Inc. (PSG) and US Filter Operating Services, Inc.) for the management, operation, and maintenance of the Wastewater Collection and Treatment Systems. PSG offered employment to all personnel of Kenner who were currently assigned full-time to the Wastewater Department. In July 1999, the agreement was amended and restated. In accordance with the agreement dated July 1999, compensation from the City of Kenner consisted of an annual fee, \$2,744,264, funding the Kenner Budget Pass-Through Fund, \$817,567, and payment of electrical invoices. The term of this agreement is for 20 years commencing on July 1, 1995 with the option for four, five-year renewal periods. In July 2015, the agreement was amended and restated. The new agreement is effective from July 2015 through December 2019. The compensation from the City of Kenner consists of an annual fee \$5,076,534, paid monthly, and reimbursement of operating expenses. The annual fee and Kenner Budget Pass-Through Fund will be adjusted annually either by negotiation or in accordance with the CPI Adjustment Formula as stipulated in the agreement. Fees incurred to Veolia Water North America Operating Services, LLC during the year ended June 30, 2020 totaled \$2,504,345. This agreement was not renewed beyond December 31, 2019. The City took over operations of the Wastewater facilities beginning January 1, 2020.

CONSTRUCTION

Construction commitments are discussed in Note H.

LEASE COMMITMENTS - GENERAL

Leases are accounted for in accordance with GASB Codification Section L20-Leases, which requires classification of leases as capital or operating leases. Governmental fund assets under capital leases are recorded in the government-wide financial statements. As of June 30, 2020, the City has three capital lease agreements. See Note I for information related to this capital lease.

NOTE M - COMMITMENTS AND CONTINGENCIES (CONTINUED)

Operating Leases

The City is committed under various leases for office equipment. These leases are considered for accounting purposes to be operating leases. Lease expenditures for the year ended June 30, 2020, amounted to \$146,138. Future minimum lease payments for these leases are as follows:

Year Ending	
June 30,	Amounts
2021	\$ 121,620
2022	110,220
2023	53,220
2024	53,220
2025	8,870
Total minimum lease payments	\$ 347,150

NOTE N - DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The funds are held in a trust for the exclusive benefit of participants and their beneficiaries. The City did not make any contributions to the plan during the year ended June 30, 2020.

NOTE O - POSTEMPLOYMENT BENEFITS

PLAN DESCRIPTION

The City provides postemployment health care benefits to all retirees with 20 years or more of service, and life insurance benefits to eligible retirees. The City established a Group Insurance Plan, providing for payment of a portion of health care insurance premiums and life insurance premiums for eligible retired employees. The Group Insurance Plan is a single-employer defined benefit health care plan administered by the City which provides medical and life insurance to eligible retirees and their beneficiaries. The Plan is funded on a pay-as-you go basis and there are no Plan financial statements. The City Council has the authority to establish and amend plan benefit provisions. OPEB benefits are administered by City personnel. At June 30, 2020, 184 retirees were receiving postemployment benefits.

There are no assets accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Statement No. 75, *Postemployment Benefits Other Than Pensions – Reporting for Benefits Not Provided through Trusts That Meet Specified Criteria – Defined Benefit.*

BENEFITS PROVIDED

Retirees are eligible to continue medical and life insurance coverage. To be eligible for retirement, employees must be covered as an active employee in the City health program at the time of retirement and: (1) for municipal employees, have 25 years of continuous service with the City or reach 60th birthday and have 10 years of service; (2) for firefighter or police employees, have 25 years of continuous service with the City or reach 50th birthday and have 20 years of service with the City or reach 55th birthday and have 20 years of service with the City or reach 55th birthday and have 12 years of service with the City. After becoming eligible based on the aforementioned criteria an employee has the option of remaining an active employee for three additional years in order to qualify for fully-funded benefits for life. The benefits then become available on the day after the employee retires.

Spouses of retirees are eligible for the plan and benefits continue upon the death of the retiree.

Under 65 retirees can continue medical coverage and enrolled in a Base Plan. Retirees 65 and over are enrolled in a Medicare Supplement Plan, and pay any premium that exceeds \$100 per month. Effective January 1, 2019, The City will no longer provide the \$100 supplement for employees hired after March 31, 1986

The retirees' life insurance benefit is equal to \$15,000 and is reduced by 35% at age 70 and reduced by 50% at age 75.

NOTE O - POSTEMPLOYMENT BENEFITS (CONTINUED)

CONTRIBUTIONS

The City offers a single health plan for active and retired under age 65 employees through Blue Cross Blue Shield of Louisiana. The employee/retiree monthly premium is \$100 per month without a health screening and \$30 per month with a health screening. The City's portion is \$474.69 per month for employee/retiree coverage with a health screening and \$544.69 per month without a health screening.

Retired employees eligible for Medicare coverage are excluded from the Blue Cross Healthcare Plan and may choose to be covered by one of the two Medicare Supplement Plans offered through the City of Kenner by People's Health and Humana. The monthly premium is \$210 for People's Health and \$307.73 for Humana. The City pays \$100 per month for retiree-only coverage with Medicare plans for those retirees hired prior to March 31, 1986. All other retirees are responsible for the entire monthly premium.

The City of Kenner also provides eligible retirees Basic Term Life, which is underwritten by Prudential Life Insurance Company. The blended rate for active employees and retirees is \$0.435 per \$1,000 of insurance. The amount of life insurance is reduced by 35% of the original amount at age 70 and 50% of the original amount at age 75.

EMPLOYEES COVERED BY BENEFIT TERMS

At June 30, 2020, the following employees were covered by the benefit terms:

Inactive employees currently receiving benefits payments	184
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	597
Total	781

TOTAL OPEB LIABILITY

At June 30, 2020, the City reported a total OPEB liability of \$16,211,027. The total OPEB liability was measured as of June 30, 2020, and was determined by an actuarial valuation as of June 30, 2019. The total OPEB liability was updated from the actuarial valuation date to the measurement date using standard actuarial roll-forward techniques.

ACTUARIAL METHODS AND ASSUMPTIONS

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The actuarial valuation for postemployment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the City of Kenner and its employee plan members) at the time of the valuation and on the historical pattern of sharing costs between the City of Kenner and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the City of Kenner and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The actuarial assumptions were based on the results of an actuarial experience study performed in 2014.

The total OPEB liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise noted:

NOTE P - PENSION PLANS

GENERAL

The City reporting entity participates in three defined benefit pension plans. Assets are held separately and may be used only for the payment of benefits to the members of the respective plans, as follows:

Substantially all of the City's full-time, permanent employees, other than classified employees in the Kenner Fire Department and Kenner Police Department are participants in the Municipal Employees' Retirement System, State of Louisiana (MERS), a cost-sharing, multiple-employer defined benefit public employee retirement system.

All full-time classified employees of the Police Department of the City are participants in the Municipal Police Employees' Retirement System (MPERS), a cost-sharing, multiple-employer defined benefit plan.

All full-time classified employees of the Fire Department of the City are participants in the Firefighters' Retirement System (FRS), a cost-sharing, multiple-employer defined benefit plan.

PLAN DESCRIPTIONS

Municipal Employees' Retirement System, State of Louisiana (MERS)

Employees of the City participate in Plan A of MERS, which is controlled and administered by a separate Board of Trustees. The System provides retirement, deferred and disability benefits, survivor's benefits and cost of living adjustments to plan members and beneficiaries. Act 356 of the 1954 Louisiana Legislative Session established the plan. The System is governed by Louisiana Revised Statutes 11:1731 through 11:1866, specifically, and other general laws of the State of Louisiana.

NOTE P - PENSION PLANS (CONTINUED)

PLAN DESCRIPTIONS (CONTINUED)

Under MERS, employees with 10 years of service may retire at age 60 and employees with 25 years of service may retire regardless of age. In addition, employees may also retire with 20 years of service regardless of age; however, the benefits payable to such employees must be actuarially reduced. The monthly amount of the retirement allowance is equal to 3 percent of the member's final compensation multiplied by his years of creditable service. Retirement benefits are payable monthly for the life of the retiree, and upon the retiree's death, under certain conditions, are payable to the surviving spouse.

The MERS retirement information in this Note is provided as of the latest actuarial valuation, June 30, 2019. The Municipal Employees' Retirement System of Louisiana issues a publicly available financial report that includes financial statements and required supplementary information. The financial report may be obtained by writing to Municipal Employees' Retirement System, 7937 Office Park Boulevard, Baton Rouge, Louisiana 70809.

Plan members are required to contribute 9.50% of their earnable compensation, and the City is required to contribute at an actuarially determined rate. The current rate is 27.75% of earnable compensation. At July 1, 2020, the employer rate increased to 29.5% for the 2020-2021 fiscal year, while the employee rate increased to 10.0%.

Municipal Police Employees' Retirement System, State of Louisiana (MPERS)

Members of MPERS hired prior to January 1, 2013, are eligible for normal retirement after they have been a member of the plan, if they have 25 years of service at any age or they have 20 years' service and are age 50 or have 12 years' service and are age 55. Benefit provisions are authorized within Act 189 of 1973 and amended by LRS 11:2211 - 11:2233. The monthly retirement benefit is equal to 3 ¹/₃ percent of the member's average monthly earnings during the highest consecutive 36 months, multiplied by years of creditable service, not to exceed 100 percent of final salary. Retirement benefits are payable monthly to the retiree, and upon the death of the retiree, under certain conditions, are payable to the surviving spouse and minor children.

Members of MPERS hired on or after January 1, 2013, are eligible for normal retirement based on Hazardous Duty and Non Hazardous Duty sub plans. Under the Hazardous duty sub plan, a member is eligible for regular retirement after he has been a member of the plan and has 25 years of creditable service at any age or has 12 years of creditable service at age 55. Under the Non Hazardous Duty sub plan, a member is eligible for regular retirement after he has been a member of the plan and has 30 years of creditable service at age 55, or 10 years of creditable service at age 60. Under both sub plans, a member is eligible for early retirement after he has been a member of the plan for 20 years of creditable service at any age, with an actuarially reduced benefit from age 55. Under the Hazardous and Non Hazardous Duty sub plans, the benefit rates are 3 percent and 2 ½ percent, respectively, of the member's average monthly earnings during the highest consecutive 36 months, multiplied by years of creditable service, not to exceed 100 percent of final salary. Retirement benefits are payable monthly to the retiree, and upon the death of the retiree, under certain conditions, are payable to the surviving spouse and minor children.

The MPERS retirement information in this Note is provided as of the latest actuarial valuation, June 30, 2019. The Municipal Police Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. The financial report may be obtained by writing to Municipal Police Employees' Retirement System of Louisiana, 7722 Office Park Boulevard, Suite 200, Baton Rouge, Louisiana 70809.

The employer and employee contribution rates for all members hired prior to January 1, 2013, and Hazardous Duty members hired after January 1, 2013, were 32.5% and 10.0%, respectively. The employer and employee contribution rates for all Non Hazardous Duty members hired after January 1, 2013, were 32.5% and 8.0%, respectively. At July 1, 2020, the employer's contribution rate increased to 33.75%, and the employee rate remained at 10.0% for all members hired prior to January 1, 2013, and Hazardous Duty members hired after January 1, 2013. The employer's contribution rate increased to 33.75% and the employee rate remained at 8.0% for all Non Hazardous duty members hired after January 1, 2013.

The Firefighters' Retirement System (FRS)

Under FRS, employees with 20 or more years of service who have attained age 50 or employees who have 12 years of service who have attained age 55 or 25 years of service at any age are entitled to annual pension benefits equal to 3 ¹/₃% of their average final compensation based on the 36 consecutive months of highest pay multiplied by their total years of service, not to exceed 100%. Retirement benefits are payable monthly to the retiree, and upon the death of the retiree, under certain circumstances, are payable to the surviving spouse and minor children. Act 434 of the 1979 Louisiana Legislative Session established the Plan. The System is governed by Louisiana Revised Statutes 11:2251 through 11:2269, specifically, and other general laws of the State of Louisiana.

The Firefighters' Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. It may be obtained from the Firefighters' Retirement System, 3100 Brentwood Drive, Baton Rouge, Louisiana 70809.

NOTE P - PENSION PLANS (CONTINUED)

PLAN DESCRIPTIONS (CONTINUED)

Plan members are required to contribute 10.0% of their earnable compensation, and the City is required to contribute at an actuarially determined rate. The current rate is 27.75% of annual-covered payroll. Effective July 1, 2020, the employer's contribution rate increased to 32.25% and the employee rate remained at 10.0%.

CURRENT MEMBERSHIP

Total membership data for MERS, MPERS and FRS is available in the separately issued reports, but is not available by individual employer.

CONTRIBUTIONS MADE

The employer contribution rates are established annually under La. R.S. 11:101-11:104 by the Public Retirement Systems' Actuarial Committee (PRSAC), taking into consideration the recommendation of the system's actuary. Each plan pays a separate actuarially-determined employer contribution rate. However, all assets of each plan are used for the payment of benefits for all classes of members within each system, regardless of their plan membership. Employer contributions to MERS, MPERS, and FRS were \$3,992,614, \$2,702,376, and \$1,986,945, respectively, for the year ended June 30, 2020.

PENSION LIABILITIES, PENSION EXPENSE, CONTRIBUTION REVENUE FROM NON-EMPLOYER CONTRIBUTIONS, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At June 30, 2020, the City of Kenner, Louisiana reported a liability for MERS, MPERS, and FRS of \$28,311,510, \$24,032,591, and \$15,501,521, respectively, for its proportionate share of the net pension liability. The net pension liabilities were measured as of June 30, 2019, and the total pension liabilities used to calculate the net pension liability were determined by actuarial valuations as of that date. The City of Kenner, Louisiana's proportion of the net pension liability for each retirement system was based on a projection of the City of Kenner, Louisiana's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2019, the City of Kenner, Louisiana's proportion for MERS, mPERS, and FRS was 6.775258%, 2.646273%, and 2.475526%, respectively. This reflects a decrease for MERS of 0.042198%, a decrease for MPERS of (0.145393%), and an increase for FRS of 0.460288% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the City of Kenner, Louisiana recognized pension expense and contributions revenue from nonemployer contributions as follows:

		Contributions
	Pension	Revenue - Non
	Expense/	Employer
	(Benefit)	Contributions
MERS	\$ 1,519,746	\$ 434,775
MPERS	662,471	544,793
FRS	1,309,658	663,630
Total	\$ 3,491,875	\$ 1,643,198

NOTE P - PENSION PLANS (CONTINUED)

PENSION LIABILITIES, PENSION EXPENSE, CONTRIBUTION REVENUE FROM NON-EMPLOYER CONTRIBUTIONS, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS (CONTINUED)

At June 30, 2020, the City of Kenner, Louisiana reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources					
	MERS	MPERS	FRS	Total		
Difference between employer contributions

Termination and disability	Termination, disability and retirement assumptions were projected based on a five year (2013-2018) experience study of the System's members.	projected based on a five	Termination, disability and retirement assumptions were projected based on a five y ear (2009-2014) experience study of the System's members.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which bestestimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

CITY OF KENNER, LOUISIANA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

NOTE P - PENSION PLANS (CONTINUED)

ACTUARIAL ASSUMPTIONS (CONTINUED)

The target allocation and best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019, are summarized in the following table:

		Target Allocation		Long-Term	Term Expected Real Rate of Return		
Asset Class	MERS	MPERS	FRS	MERS	MPERS	FRS	
Equity	50%	48.5%	49%	2.15%	3.28%	1.90%	
Fixed Income	35%	33.5%	31%	1.51%	0.80%	2.17%	
Alternatives	15%	18%	10%	0.64%	1.06%	0.67%	
Other	0%	0%	10%	0.00%	0.00%	0.45%	
Total	100%	100%	100%	4.30%	5.14%	5.19%	
Inflation Expected Arithm	etie			2.70%	2.75%	2.75%	
Nominal Retur				7.00%	7.89%	7.94%	

DISCOUNT RATES

The discount rate used to measure the total pension liability for MERS, MPERS, and FRS was 7.00%, 7.125%, and 7.15%, respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions from participating employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

SENSITIVITY OF THE EMPLOYER'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATES

The following table presents the employer's proportionate share of the net pension liability using the actual discount rates used (7.00% for MERS, 7.125% for MPERS, and 7.15% for FRS), as well as what the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		Current	
	1% Decrease	Discount Rate	1% Increase
MERS	\$ 36,913,145	\$ 28,311,510	\$ 21,039,097
MPERS	33,485,317	24,032,591	16,102,698
FRS	22,447,252	15,501,521	9,671,804
Total	\$ 92,845,714	\$ 67,845,622	\$ 46,813,599

PENSION PLAN FIDUCIARY NET POSITION

Detailed information about the pension plans' fiduciary net position is available in the separately issued MERS, MPERS, and FRS 2019 Annual Financial Reports at www.mersla.com, www.lampers.org, and www.lafirefightersret.com, respectively.

PAYABLES TO THE PENSION PLANS

At June 30, 2020, there were no amounts owed to any of the three pension plans for employee and employer legally-required contributions.

CITY OF KENNER, LOUISIANA NOTES TO FINANCIAL STATEMENTS JUNE 30, 2020

NOTE Q – DEFICIT FUND BALANCES/NET POSITION

At June 30, 2020, the Self-Insurance Fund had a deficit in its unrestricted net position of \$5,148,877. This deficit will be eliminated by the City making additional contributions into the fund during future years.

At June 30, 2020, the Civic Center Operations Fund had a deficit in its unrestricted net position of \$317,827. This deficit will be eliminated by the future revenues.

NOTE R – UNCERTAINTIES

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") as a pandemic. We expect this matter may continue to negatively impact the results of our operations and financial position but the related financial impact cannot be reasonably estimated at this time.

CITY OF KENNER, LOUISIANA NOTES TO BUDGETARY COMPARISON SCHEDULES FOR THE YEAR ENDED JUNE 30, 2020

NOTE A - BUDGET-TO-ACTUAL RECONCILIATION

An explanation of the differences between budgetary inflows and outflows and revenues and expenditures determined in accordance with generally accepted accounting principles follows:

		General Fund	Community Development Block Grant Fund	Streets and Drainage Fund		Fire Protection Fund
Net change in fund balances						
(budgetary basis)	\$	(1,992,282)	\$ (125,150)	\$ 1,130	\$	(1,178,949)
Basis differences: To adjust for encumbrances		(195,877)	(667)	(1,130)		(18,636)
Entity differences:						
To adjust for revenues not budgeted	_	6,001,316	-	-		1,197,585
Net change in fund balances (GAAP basis)	\$	3,813,157	\$ (125,817)	\$ 	\$_	

CITY OF KENNER, LOUISIANA REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF CHANGES IN TOTAL OPEB LIABILITY AND RELATED RATIOS FOR THE THREE YEARS ENDED JUNE 30, 2020

	2018	2019	2020
Total OPEB Liability			
Service cost	\$ 362,812	\$ 370,068	\$ 316,253
Interest	769,735	775,992	463,758
Changes of benefit terms	-	(4,823,106)	-
Differences between expected and actual experience	(55,831)	(567,525)	78,397
Changes in assumption or other inputs	-	(1,379,446)	1,308,416
Benefit payments	(850,746)	(971,517)	(912,190)
Net change in total OPEB liability	225,970	(6,595,534)	1,254,634
Total OPEB liability - beginning	21,325,957	21,551,927	14,956,393
Tota OPEB liability - end	\$21,551,927	\$14,956,393	\$16,211,027
Covered employee payroll	\$28,193,097	\$25,381,491	\$25,889,121
Total OPEB liability as a percentage of covered employee payroll	76.4%	58.9%	62.6%

Notes to Schedule:

Changes of benefit terms: Retirees 65 and over pay the portion of the actual Medicare Supplement premium that
exceeds \$100 per montn. Effective 1/1/2019, the City will no longer provide the \$100
supplement to those employees hired post March 31, 1986. Each retiree who was hired
after March 31, 1986, will be responsible for paying the entire premium for their selected
plan. Therefore, only employees and retirees hired prior to April 1, 1886 were considered
eligible for the plan. In addition, it was assumed 100% of those eligible for the benefit
would elect to remain on the City's plan (the prior assumption assumed 70%)
In addition, effective 7/1/2018, the City reduced the plan options for under-65 retirees from
three options (Base, Option and Premium) to one option (Base).

Changes of assumptions and other inputs reflect the effects of changes in the discount
rate each period. The following are the discount rates used in each period:
2018 - 3.62%.2019 - 3.13%2020 - 2.45%

Other actuarial assumption changes included: retirement and turnover rates, claim cost trends, percentage of retirees with spouses and mortality rates.

This schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

CITY OF KENNER, LOUISIANA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION II JUNE 30, 2020

MERS:

1. CHANGES OF BENEFIT TERMS

There were no changes of benefit terms for any of the years presented.

2. CHANGES OF ASSUMPTIONS

Following is a detail description of the changes:

Valuation Date	June 30, 2019	June 30, 2018	June 30, 2017	June 30, 2015	June 30, 2014
Investment Rate of Return	7.00%	7.275%	7.40%	7.50%	7.75%
Inflation Rate	2.50%	2.60%	2.775%	2.875%	3.00%
Project Salary Increases	4.50 - 6.40%	5.00%	5.75%	5.00%	5.75%

Amounts reported in the actuary valuation dated June 30, 2015 for MERS reflect an adjustment in the mortality rate assumption, which was changed from set based upon aggregated data collected for the period July 1, 2006 to June 30, 2010 to set based upon aggregated data collected for the period July 1, 2009 to June 30, 2014, for the year ended June 30, 2014. Other changes were as follows:

There were no changes in assumptions for any of the remaining years presented.

MPERS:

1. CHANGES OF BENEFIT TERMS

There were no changes of benefit terms for any of the years presented.

2. CHANGES OF ASSUMPTIONS

Following is a detail description of the changes:

Valuation Date	June 30, 2019	June 30, 2018	June 30, 2017	June 30, 2015	June 30, 2014
Investment Rate of Return	7.125%	7.20%	7.325%	7.50%	7.75%
Inflation Rate	2.50%	2.60%	2.70%	2.875%	3.00%
Project Salary Increases	4.25% - 9.75%	4.25% - 9.75%	4.25% - 9.75%	4.25% - 9.75%	4.00% - 10.00%

Amounts reported in the actuary valuation dated June 30, 2015 for MPERS reflect an adjustment in the mortality rate used to measure the total pension liability. The mortality rate assumption was changed from set based upon the results of an actuarial study for the period July 1, 2003 to June 30, 2008 to set based upon the results of an actuarial study for the period July 1, 2009 to June 30, 2014. Other changes were as follows:

There were no changes in assumptions for any of the remaining years presented.

FRS:

1. CHANGES OF BENEFIT TERMS

There were no changes of benefit terms for any of the years presented.

Investment Rate of Return	7.15%	7.30%	7.40%	7.50%	7.75%
Inflation Rate	2.50%	2.70%	2.775%	2.875%	3.00%
Project Salary Increases	14.75% 1st 2 years	15% 1st 2 years	15% 1st 2 years	15% 1st 2 years	15% 1st 2 years
	4.50% after 25 years	4.75% after 25 years	4.75% after 25 years	4.75% after 14 years	5.50% after 14 years

Amounts reported in the actuary valuation dated June 30, 2015 for FRS reflect an adjustment in the mortality rate used to measure the total pension liability. The mortality rate assumption was changed from set based upon the results of an actuarial study for the period July 1, 2004 to June 30, 2009 to set based upon the results of an actuarial study for the period July 1, 2009 to June 30, 2014.

There were no changes in assumptions for any of the remaining years presented.

OTHER SUPPLEMENTARY INFORMATION

CITY OF KENNER, LOUISIANA NONMAJOR FUND DESCRIPTIONS JUNE 30, 2020

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenues (other than special assessments, expendable trusts, or revenues for major capital projects) that are legally restricted to expenditures for specific purposes.

COMMUNITY DEVELOPMENT BLOCK GRANT FUND

The Community Development Block Grant Fund accounts for the grants received from the Federal Community Development Block Grant Program.

GARBAGE COLLECTION AND DISPOSAL FUND

The Garbage Collection and Disposal Fund accounts for the proceeds of ad valorem taxes which are specifically dedicated to solid waste collection throughout the City in residential and some commercial areas.

STREETS AND DRAINAGE FUND

The Roads and Bridges account for the proceeds of ad valorem taxes which are specifically dedicated for the functions performed by each of these funds.

DEBT SERVICE FUNDS

The Debt Service Funds are used to accumulate monies for the payment of principal, interest, and fiscal charges on the City of Kenner's general obligation and special tax bonds.

AD VALOREM TAX BOND FUND

The Ad Valorem Tax Bond Fund accounts for the property tax levies needed to comply with the interest and principal redemption requirements for the loan agreement for the LCDA loan.

FIREMEN'S PENSION MERGER FUND

The Firemen's Pension Merger Fund accounts for the funding needed to comply with the interest and principal redemption requirements for the loan payable to the Statewide Firefighters Retirement System.

CITY OF KENNER, LOUISIANA INTERNAL SERVICE FUND DESCRIPTIONS JUNE 30, 2020

AGENCY FUNDS

Agency funds account for assets held by an entity as an agent for individuals, private organizations, other governments and/or other entity's funds.

AIRPORT SALES TAX FUND

The Airport Sales Tax Fund is used to account for the proceeds of sales taxes generated from a special 2% sales tax assessed within the Airport Taxing District and to distribute to the appropriate taxing bodies.

2020	2.5833%	0.1667%	2.0000%			

- NOTES: (1) As discussed in NOTE F to the Financial Statements, the State of Louisiana levies a 5.0% sales tax on purchases within the City of Kenner. In addition, the Parish of Jefferson levies a 4.75% sales tax on purchases within the City of Kenner. From the 4.75% levied by Jefferson Parish, 2.5833% is collected for, and remitted to, the City of Kenner. The sales tax rate is determined by the Jefferson Parish Council, subject to the approval of the voters of Jefferson Parish. The City of Kenner also receives one-third of a 2% sales tax on purchases made in the airport taxing district located within the city limits, but this amount is insignificant compared to the City's share of the 4.75% Jefferson Parish sales tax.
 - (2) Jefferson Parish retains .1667% of the 4.75% sales tax levied on purchases within the City of Kenner.
 - (3) Information regarding the breakdown of taxable sales by category is not available.
 - (4) Information regarding the principal sales tax remitters is not available.

Source: Jefferson Parish Assessor's Office.

NOTE: Assessed values are established by the Parish Assessor by December of each year at 10 percent of assumed market value for real property and 15 percent of assumed market value for other property. A revaluation of all property is required to be completed every four years. The last revaluation was completed for December, 2016. Tax rates are per \$100 of assessed value.

(1) Includes tax-exempt property.

CITY OF KENNER, LOUISIANA SCHEDULE 12 -- DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT AS OF JUNE 30, 2020

(Unaudited)

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable (1)	Estimated Share of Overlapping Debt
Jefferson Parish	\$ 631,410,000	17.50%	\$ 110,496,750
Jefferson Parish Public School System	\$ 207,825,000	15.00%	31,173,750
Subtotal, overlapping debt City direct debt			141,670,500 47,211,696
Total direct and overlapping debt			\$ 188,882,196

Sources: Assessed value data used to estimate applicable percentages provided by Jefferson Parish. Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Kenner. This process recognizes that, when considering the city's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the city's boundaries and dividing it by each unit's total taxable assessed value.

CITY OF KENNER, LOUISIANA SCHEDULE 13 -- LEGAL DEBT MARGIN INFORMATION LAST TEN FISCAL YEARS (Unaudited)

December 21, 2020

Honorable Mayor and Members of the Council City of Kenner, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Kenner, Louisiana, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise City of Kenner, Louisiana's basic financial statements, and have issued our report thereon dated December 21, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Kenner, Louisiana's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Kenner, Louisiana's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Kenner, Louisiana's internal control.

www.dhhmcpa.com

Members American Institute of Certified Public Accountants Society of LA CPAs A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Kenner, Louisiana's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2020-01.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY <u>THE UNIFORM GUIDANCE</u>

December 21, 2020

Honorable Mayor and Members of the Council City of Kenner, Louisiana

Report on Compliance for Each Major Federal Program

We have audited City of Kenner, Louisiana's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of City of Kenner, Louisiana's major federal programs for the year ended June 30, 2020. City of Kenner, Louisiana's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of City of Kenner, Louisiana's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

www.dhhmcpa.com

Members American Institute of Certified Public Accountants Society of LA CPAs Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about City of Kenner, Louisiana's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of City of Kenner, Louisiana's compliance.

Opinion on Each Major Federal Program

In our opinion, City of Kenner, Louisiana, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of City of Kenner, Louisiana, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Kenner, Louisiana's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Kenner, Louisiana's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control of deficiencies, in internal control over compliance that a type of compliance with a type of compliance that a type of compliance with a type of deficiencies, in internal control over compliance is a deficiency or compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that a type of compliance is a deficiency of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

The accompanying Notes to Schedule of Expenditures of Federal Awards are an integral part of this schedule. 150

CITY OF KENNER, LOUISIANA NOTES TO SCHEDULE OF FEDERAL AWARD EXPENDITURES JUNE 30, 2020

1. <u>BASIS OF PRESENTATION</u>:

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Kenner, Louisiana under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Kenner, Louisiana, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Kenner, Louisiana.

2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>:

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in Office of Management and Budget Circular A-87, Cost Principles for State, Local and Indian Tribal Governments or the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. <u>INDIRECT COST RATE</u>:

The City of Kenner, Louisiana has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

4. <u>SUBRECIPIENTS</u>:

There were no awards passed through to sub-recipients.

5. <u>LOAN PROGRAMS</u>:

City of Kenner, Louisiana had outstanding loans with the Louisiana Department of Environmental Quality at June 30, 2020. Loans made during the year are included in the federal expenditures presented in the Schedule. The balance of loans outstanding at June 30, 2020 consists of:

Program Name	Outstanding Balance
LDEQ #3	\$13,902,822
LDEQ #4	16,576,000
LDEQ #5	6,611,484
LDEQ #6	166,784
	LDEQ #3 LDEQ #4 LDEQ #5

CITY OF KENNER, LOUISIANA SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2020

B. FINDINGS REQUIRED TO BE REPORTED UNDER GENERALLY ACCEPTED GOVERNMENTAL AUDITING STANDARDS

2020-01: Amended Budget

Condition

The City did not submit a revised amended budget for the One Percent Sales Tax of 1984 Fund, a special revenue fund, which had actual revenues that fell below budgeted revenues by more than 5%.

Criteria

A revised amended budget is required to reflect a change in operations when actual revenues fall below budgeted revenues by more than 5%.

Effect

A revised amended budget has not been submitted as required.

Cause

The revenue shortfall was due to reduced spending throughout the City during the COVID-19 pandemic in which the airport and many retail locations were closed or operating on a limited basis during the last four months of the fiscal year.

Recommendation

We recommend the City more closely monitor the budget and actual revenues of the One Percent Sales Tax of 1984 Fund so that the budget can be amended in a timely manner when necessary.

Management's Corrective Action Plan

The City will monitor the budget more closely and submit amended budgets in a timely manner.

C. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT
