INDEPENDENT AUDITOR'S REPORT

Honorable Johnny D. Crain, Jr.
Washington Parish Clerk of Court
Franklinton, Louisiana

Opinions

I have audited the accompanying financial statements of the governmental activities, the major fund, and each fiduciary fund of the Washington Parish Clerk of Court as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Washington Parish Clerk of Court's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and each fiduciary fund of the Washington Parish Clerk of Court as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Washington Parish Clerk of Court, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Washington Parish Clerk of Court's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Washington Parish Clerk of Court's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Washington Parish Clerk of Court's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. My opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Information, Schedule of Changes in Total OPEB Liability and Related Ratios, Schedule of the Proportionate Share of the Net Pension Liability and Schedule of Employer Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk's basic financial statements. The Schedule of Compensation, Reimbursements, Benefits, and Other Payments to Agency Head, as required by Louisiana Revised Statute 24:513 A(3), and the Justice System Funding Schedules as prescribed by Act 87 of the Legislative Session are presented for purposes of additional analysis and are not a required part of the financial statements.

Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the Schedule of Compensation, Reimbursements, Benefits, and Other Payments to Agency Head and Justice system funding schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Washington Parish Clerk of Court
Notes to the Financial Statements
As of and for the Year Ended June 30, 2023

INTRODUCTION

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, the Clerk of Court serves as the ex-officio notary public; the recorder of conveyances, mortgages, and other acts; and has other duties and powers provided by law. The Clerk of Court is elected for a four-year term.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying basic financial statements of the Washington Parish Clerk of Court have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, issued in June 1999.

B. REPORTING ENTITY

The Clerk of Court is an independently elected official. The Washington Parish Government has determined that the Clerk is not a component unit of Parish Government utilizing criteria established by GASB Statement 14.

The accompanying financial statements present information only on the funds maintained by the clerk of court and do not present information on the Washington Parish Government, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. FUND ACCOUNTING

The Washington Parish Clerk of Court uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain clerk functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Notes to the Financial Statements
As of and for the Year Ended June 30, 2023

C. FUND ACCOUNTING (*continued*)

Governmental Funds

Governmental funds account for most of the clerk's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the Clerk of Court. The following is the clerk's governmental fund:

The general fund is the primary operating fund of the clerk and it accounts for all financial resources, except those required to be accounted for in other funds. The general fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to clerk policy.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The only funds accounted for in this category are custodial funds. The Clerk of Court has agency funds of Advance Deposit, Registry of Court, and Civil Jury which act as agents for litigants pending court action. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Consequently, the agency funds have no measurement focus, but use the accrual basis of accounting.

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Fund Financial Statements(FFS)

Governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Washington Parish Clerk of Court
Notes to the Financial Statements
As of and for the Year Ended June 30, 2023

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING (continued)

Fund Financial Statements(FFS) (continued)

Governmental funds and agency funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Washington Parish Clerk of Court considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Fees for certified copies, cancellations, mortgage certificates, recording legal documents, and criminal fees are recorded in the year they are earned. Substantially all other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Other Financing Sources/(Uses)

Transfers between funds that are not expected to be repaid (or any other types, such as capital lease transactions, sale of fixed assets, debt extinguishment, long-term debt proceeds, et cetera) are accounted for as other financing sources/(uses). These other financing sources/(uses) are recognized at the time the underlying events occur.

Government-Wide Financial Statements(GWFS)

The Statement of Net Position and the Statement of Activities display information about the Clerk as a whole. These statements include all the financial activities of the Washington Parish Clerk of Court.

The government-wide financial statements were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed).

Washington Parish Clerk of Court
Notes to the Financial Statements
As of and for the Year Ended June 30, 2023

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING (continued)

Government-Wide Financial Statements(GWFS) (continued)

Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*. Fiduciary activities are not included in the government-wide financial statements. In the Statement of Activities, program revenues consist primarily of the normal day to day fees charged by the Clerk including fees from civil suits, recordings, and cancellations. Since there is only one function/program with the Clerk of Court, indirect expenses are all allocated to the judicial program. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function.

E. BUDGETS

The Washington Parish Clerk of Court follows these procedures in establishing the budgetary data reflected in these financial statements:

1. In accordance with the Local Government Budget Act of the State of Louisiana, the Washington Parish Clerk of Court prepares operating budgets for the general and special revenue funds at least fifteen days prior to the commencement of the budgetary fiscal year. The operating budgets include proposed expenditures and the means of financing them for the upcoming year.
2. The budgets are available for public inspection for a fifteen day period prior to a public hearing held to obtain taxpayer comment.
3. The budgets are adopted at the public hearing and are authorized for implementation on the first day of the fiscal year.
4. The budgets are prepared on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).
5. The budgets may be revised during the year as estimates regarding revenues and expenditures change.
6. All budgetary appropriations lapse at the end of each fiscal year.

F. CASH AND CASH EQUIVALENTS

Under state law, the Clerk may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts or time deposits with state banks organized under state law and national banks having their principal offices in Louisiana. In accordance with Louisiana Statutes, the Clerk maintains deposits at those depository banks authorized by the Clerk. All such depositories are members of the Federal Reserve System.

Washington Parish Clerk of Court
Notes to the Financial Statements
As of and for the Year Ended June 30, 2023

G. INTERFUND ACTIVITIES

The Clerk of Court transfers interest earned on deposits of the Agency Funds to the General Fund to be utilized by the General Fund in its operations. In those cases where the physical transfer of assets has not taken place as of year end, or where repayment is expected, these amounts are accounted for through the various due to and due from accounts.

H. CAPITAL ASSETS

Capital assets are capitalized at historical cost. The clerk maintains a threshold level of \$500 or more for capitalizing capital assets.

Capital assets are recorded in the Statement of Net Position. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Equipment under capital lease	5-8 years
Building improvements	25 years
Furniture, fixtures, and equipment	5-20 years
Vehicles	5 years

I. COMPENSATED ABSENCES

Employees receive annual vacation days on July 1st of each year, depending upon length of service. All employees are allowed to carry over 5 unused annual days per year. Upon resignation or termination, employees are paid for up to 5 days of unused vacation time.

After completing one year of service employees receive up to 10 days of sick leave on July 1st of each year. Earned but unused sick leave has not been accrued as a liability because no payments will be made at resignation or termination of employment.

J. NET POSITION IN THE GOVERNMENT-WIDE FINANCIAL STATEMENTS

For the government-wide statement of net position, the net position amount is classified and displayed in three components:

- Net Investment in Capital Assets – This component consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those capital assets.

Washington Parish Clerk of Court
Notes to the Financial Statements
As of and for the Year Ended June 30, 2023

- **Restricted net position** – This component consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, laws, regulations, of other governments; or (2) law through constitutional provisions or enabling legislation.
- **Unrestricted net position** – This component consists of all other net position that do not meet the definition of “restricted” or “net investment in capital assets”.

When both restricted and unrestricted resources are available for uses, it is the government’s policy to use restricted resources first, then unrestricted resources as needed.

K. FUND BALANCE

In the governmental fund financial statements, fund balances may be classified as follows:

- **Nonspendable** – Amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- **Restricted** – Amounts that can be spent only for specific purposes because of state or federal laws, or externally imposed conditions by grantors or creditors.
- **Committed** – Amounts that can be used only for specific purposes determined by a formal action by the Clerk.
- **Assigned** – Amounts that are designated by the Clerk for a specific purpose but are neither restricted nor committed.
- **Unassigned** – All amounts not included in other spendable classifications.

When expenditures are incurred for the purposes for which both restricted and unrestricted amounts are available, the Clerk of Court uses restricted amounts first, followed by unrestricted amounts. When expenditures are incurred for purposes for which committed, assigned, and unassigned amounts are available, the entity reduces committed amounts first, followed by assigned amounts and then unassigned amounts.

R.S. 13:785 requires that every four years (at the close of the term of office) the Clerk of Court must pay the Parish Treasurer the portion of the General Fund’s fund balance that exceeds one-half of the revenues of the clerk’s last year of his term of office. At June 30, 2020, there was no amount due the parish treasurer as this was not the last year of the

clerk's four-year term of office, and no determination of the amount that will be due, if any, can be made at this time.

L. BAD DEBTS

Uncollectible amounts due for receivables are recognized as bad debts through the establishment of an allowance account at the time information becomes available indicating the uncollectibility of the receivable.

M. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

N. NEW GASB PRONOUNCEMENTS SCHEDULED TO BE IMPLEMENTED

GASB Statement No. 100- *Accounting Changes and Error Corrections*- The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This standard is effective for annual reporting periods beginning after June 15, 2023. The effects of this standard are unknown at this time.

GASB Statement No. 101- *Compensated Absences*- The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This standard is effective for annual reporting periods beginning after December 15, 2023. The effects of this standard are unknown at this time.

2. CASH

At June 30, 2023, the Washington Parish Clerk of Court had cash (book balances) totaling \$2,159,311 as follows:

	Primary Government	Fiduciary Funds	Total
Demand deposits	\$472,293	\$1,242,413	\$1,714,706
Certificates of Deposit	100,000	344,605	444,605
Total	<u>\$572,293</u>	<u>\$1,587,018</u>	<u>\$2,159,311</u>

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Clerk of Court's deposits may not be recovered or the collateral securities that are in the possession of an outside party will not be recovered. These deposits are stated at cost, which approximates fair value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank by a holding or custodial bank that is mutually acceptable to both parties.

As of June 30, 2023, bank balances in the amount of \$2,654,413 were as follows:

Bank Balances	\$2,654,413
Federal Deposit Insurance	2,514,681
Pledged Securities	<u>139,732</u>
Total	<u><u>\$2,654,413</u></u>

3. INVESTMENTS

An investment of \$795,003, which is stated at cost and approximates market at June 30, 2023, is invested in the Louisiana Asset Management Pool, Inc. (LAMP). In accordance with GASB Codification, the investment in LAMP is not categorized in the three risk categories provided by GASB Codification because the investment is in a pool of funds and, therefore, not evidenced by securities that exist in physical or book entry form.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local governments having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality

investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA - R.S. 33:2955. GASB Statement No. 40 Deposit and investment Risk Disclosure, requires disclosure of credit risk, custodial credit risk, concentration of credit risk interest rate risk, and foreign currency risk for all public entity investments.

LAMP is an investment pool that, to the extent practical, invest in a manner consistent with GASB Statement No. 79. The following facts are relevant for investment pools:

- Credit risk: LAMP is rated AAAm by Standard & Poor's.
- Custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- Concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement.
- Interest Rate Risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 60 days, and consists of no securities with a maturity in excess of 397 days. The WAM for LAMP's total investments is 56 days as of June 30, 2023.
- Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

5. PENSION PLAN

The Louisiana Clerks' of Court Retirement and Relief Fund (Fund) is a cost-sharing multiple-employer defined benefit pension plan established in accordance with Louisiana Revised Statute 11:1501 to provide regular, disability, and survivor benefits for clerks of court, their deputies and other employees, and the beneficiaries of such clerks of court, their deputies, and other employees.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Louisiana Clerks' of Court Retirement and Relief Fund prepared its employer schedules in accordance with Governmental Accounting Statement No. 68- Accounting and Financial Reporting for Pensions- an amendment of GASB Statement No. 27. GASB Statement No. 68 established standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses/expenditures. It provides methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. It also provides methods to calculate participating employers' proportionate share of net pension liability, deferred inflows and deferred outflows.

PLAN FIDUCIARY NET POSITION

Plan fiduciary net position is a significant component of the Fund's collective net position liability. The Fund's plan fiduciary net position was determined using the accrual basis of accounting. The Fund's assets, liabilities, revenues, and expenses were recorded with the use of estimates and assumptions in conformity with accounting principles generally accepted in the United States of America. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements and estimates over the determination of the fair market value of the Fund's investments. Accordingly, actual results may differ from estimated amounts.

PLAN DESCRIPTION:

The Fund was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. Title 11:1501 for eligible employees of the clerk of the supreme court, each of the district courts, each of the courts of appeal, each of the city and traffic courts in cities having a population in excess of four hundred thousand at the time of entrance into the Fund, the Louisiana Clerks' of Court Association, the Louisiana Clerks of Court Insurance Fund, and the employees of the Fund. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the Fund in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

5. PENSION PLAN (*continued*)

PLAN DESCRIPTION: (*continued*)

RETIREMENT BENEFITS:

A member or former member shall be eligible for regular retirement benefits upon attaining twelve or more years of credited service, attaining the age of fifty-five years or more and terminating employment. Regular retirement benefits, payable monthly for life, equal $3\frac{1}{3}$ percent of the member's average final compensation multiplied by the number of years of credited service, not to exceed one hundred percent of the monthly average final compensation. Monthly average final compensation is based on the highest compensated thirty-six consecutive months, with a limit of increase of 10% in each of the last three years of measurement. For those members hired on or after July 1, 2006, compensation is based on the highest compensated sixty consecutive months with a limit of 10% increase in each of the last six years of measurement. Act 273 of the 2010 regular session applied the sixty consecutive months to all members. This Act has a transition period for those members who retire on or after January 1, 2011 and before December 31, 2012. Additionally, Act 273 of the 2010 regular session increased a member's retirement to age 60 with an accrual rate of 3% for all members hired on or after January 1, 2011.

A member leaving covered employment before attaining early retirement age but after completing twelve years' credited service becomes eligible for a deferred allowance provided the member lives to the minimum service retirement age and does not withdraw his or her accumulated contributions.

DISABILITY BENEFITS:

Effective through June 30, 2008, a member who has been officially certified as totally and permanently disabled by the State Medical Disability Board shall be paid disability retirement benefits determined and computed as follows:

- 1) A member who is totally and permanently disabled solely as the result of injuries sustained in the performance of his official duties shall be paid monthly benefits equal to the greater of one-half of his monthly average final compensation or, at the option of the disability retiree, two and one-half percent of his monthly average final compensation multiplied by the number of his years of credited service; however, such monthly benefit shall not exceed twenty-five dollars for each year of his credited service or two-thirds of his monthly average final compensation, whichever is less.

5. PENSION PLAN (*continued*)

DISABILITY BENEFITS: (*continued*)

- 2) A member who has ten or more years of credited service and who is totally and permanently disabled due to any cause not the result of injuries sustained in the performance of his official duties shall be paid monthly benefits equal to three percent of his monthly average final compensation multiplied by the number of his years of credited service; however, such monthly benefit shall not exceed thirty-five dollars for each year of his credited service or eighty percent of his monthly average final compensation, whichever is less.

The following is effective for any disability retiree whose application for disability retirement is approved on or after July 1, 2008. The provisions related to the calculation of benefits will apply to any disability retiree whose application for disability retirement was approved before July 1, 2008, for benefits due and payable on or after January 1, 2008.

A member is eligible to receive disability retirement benefits from the Fund if he or she is certified to be totally and permanently disabled pursuant to R.S. 11:218 and one of the following applies:

- 1) The member's disability was caused solely as a result of injuries sustained in the performance of their official duties.
- 2) The member has at least ten years of service credit.

A member who has been certified as totally and permanently disabled will be paid monthly disability retirement benefits equal to the greater of:

- 1) Forty percent of their monthly average final compensation.
- 2) Seventy-five percent of their monthly regular retirement benefit computed pursuant to R.S. 11:1521(c).

A member leaving covered employment before attaining early retirement age but after completing twelve years' credited service becomes eligible for a deferred allowance provided the member lives to the minimum service retirement age and does not withdraw his or her accumulated contributions.

SURVIVOR BENEFITS:

If a member who has less than five years of credited service dies, his accumulated contributions are paid to his designated beneficiary. If the member has five or more years of credited service, automatic Option 2 benefits are payable to the surviving spouse. These

benefits are based on the retirement benefits accrued at the member's date of death with option factors used as if the member had continued in service to earliest normal retirement age. Benefit payments are to commence on the date a member would have first become eligible for normal retirement assuming continued service until that time. In lieu of a deferred survivor benefit, the surviving spouse may elect benefits payable immediately with benefits reduced 1/4 of 1% for each month by which payments commence in advance of member's earliest normal retirement age. If a member has no surviving spouse, the surviving minor children under 18 or disabled children shall be paid 1/2 of the member's accrued retirement benefit in equal shares. Upon the death of any former member with 12 or more years of service, automatic Option 2 benefits are payable to the surviving spouse with payments to commence on the member's retirement eligibility date. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

DEFERRED RETIREMENT OPTION PLAN:

In lieu of terminating employment and accepting a service retirement allowance, any member of the Fund who is eligible for a service retirement allowance may elect to participate in the Deferred Retirement Option Plan (DROP) for up to thirty-six months and defer the receipt of benefits. During the year ended June 30, 2007 participants had to have been an active contributing member for one full year before becoming eligible for DROP. Upon commencement of participation in the plan, active membership in the Fund terminates and the participant's contributions cease; however, employer contributions continue. Compensation and creditable service remain as they existed on the effective date of commencement of participation in the plan.

The monthly retirement benefits that would have been payable, had the member elected to cease employment and receive a service retirement allowance, are paid into the Deferred Retirement Option Plan account.

Upon termination of employment at the end of the specified period of participation, a participant in the program may receive, at his option, a lump sum payment from the Fund. If employment is not terminated at the end of the participation period, payments into the account cease and the member resumes active contributing membership in the Fund. Upon termination, the member receives a lump sum payment from the DROP fund equal to the payments made to that fund on his behalf, or a true annuity based on his account (subject to approval by the Board of Trustees). The monthly benefit payments that were being paid into the DROP fund are paid to the retiree and an additional benefit based on his additional service rendered since termination of DROP participation is calculated using the normal method of benefit computation.

5. PENSION PLAN (continued)

DEFERRED RETIREMENT OPTION PLAN: (continued)

The average compensation used to calculate the additional benefit is that used to calculate the original benefit unless his period of additional service is at least thirty-six months. In no event can the entire monthly benefit amount paid to the retiree exceed 100% of the average compensation used to compute the additional benefit. If a participant dies during the period of participation in the program, a lump sum payment equal to his account balance is paid to his named beneficiary or, if none, to his estate.

COST OF LIVING ADJUSTMENTS:

The Board of Trustees is authorized to provide a cost of living increase to members who have been retired for at least one full calendar year. The increase cannot exceed the lesser of 2.5% of the retiree's benefit or an increase of forty dollars per month. The Louisiana statutes allow the Board to grant an additional cost of living increase to all retirees and beneficiaries over age 65 equal to 2% of the benefit paid on October 1, 1977 or the member's retirement date if later.

In order to grant any cost of living increase, the Fund must meet criteria as detailed in the Louisiana statutes related to funding status. In lieu of granting a cost of living increase as described above, Louisiana statutes the board to grant a cost of living increase where the benefits shall be calculated using the number of years of service at retirement or at death plus the number of years since retirement or death multiplied by the cost of living amount which cannot exceed \$1.

EMPLOYER CONTRIBUTIONS:

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ending June 30, 2022, the actual employer contribution rate was 22.25%.

In accordance with state statute, the Fund receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities. Non-employer contributions are recognized as revenue during the year and are excluded from pension expense.

Plan members are required by state statute to contribute 8.25% of their annual covered salary and the Clerk of Court is required to contribute at an actuarially determined rate. The rate as of June 30, 2022 was 22.25% of annual covered payroll. Effective July 1, 2013, the Clerk of Court has elected to pay the member's share of the required contribution equal to 8.25% of their annual covered salary. Contributions to the Fund also include one-fourth of one percent of the

taxes shown to be collectible by the tax rolls of each parish. The contribution requirements of plan members and the Clerk of Court are established and may be amended by state statute. As provided by R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Clerk of Court's contributions to the System for the years ended June 30, 2022, 2021, and 2020 were \$159,542, \$145,401, and \$123,616.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS:

At June 30, 2023, the Clerk reported a liability of \$1,697,587 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability as determined by an actuarial valuation as of that date. The Clerk's proportion of the net pension liability was based on a projection of the Clerk's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2022, the Clerk's proportion was 0.70039%, which was an increase of 0.01439% from its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the Clerk recognized pension expense of \$336,829. At June 30, 2023, the Clerk reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows Of Resources</u>	<u>Deferred Inflows Of Resources</u>
Difference between expected and actual experience	\$16,096	\$15,431
Change of assumptions	124,574	0
Change in proportion and differences between the employer's contributions and the employer's proportionate share of contributions	61,612	16,439
Net differences between projected and actual earnings on plan investments	363,191	133
Contributions subsequent to the measurement date	168,779	0

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS: (continued)

Deferred outflows of resources of \$168,779 related to pensions resulting from the Clerk's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	
2023	\$179,150
2024	130,997
2025	43,178
2026	<u>180,278</u>
 TOTAL	 <u>\$533,603</u>

SCHEDULE OF PENSION AMOUNTS BY EMPLOYER:

The schedule of pension amounts by employer displays each employer's allocation of the net pension liability. The schedule of pension amounts by employer was prepared using the allocations included in the schedule of employer allocation.

ACTUARIAL METHODS AND ASSUMPTIONS:

The net pension liability was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position.

The components of the net pension liability of the Fund's participating employers as of June 30, 2022, are as follows:

	<u>2022</u>
Total Pension Liability	\$935,610,461
Plan Fiduciary Net Position	<u>693,234,084</u>
Total Net Pension Liability	<u>\$242,376,377</u>

5. PENSION PLAN (continued)

The summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2023 are as follows:

Valuation Date	June 30, 2022
Actuarial Cost Method	Entry Age Normal
Investment rate of return	6.55% (net of investment expense)
Projected Salary Increases	1-5 years of service- 6.2% 5 years or more- 5%
Inflation Rate	2.40%
Mortality rates	Pub- 2010 Public Retirement Plans multiplied by 120%. Mortality Table with full generational projection using the appropriate MP-2019 improvement scale.
Expected Remaining Service Lives	2022-5 years 2021-5 years 2020-5 years 2019-5 Years 2018-5 years
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the Fund and included previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

The actuarial assumptions used are based on the assumptions used in the 2022 actuarial funding valuation which (with the exception of mortality) were based on results of an actuarial experience study for the period July 1, 2014 – June 30, 2019, unless otherwise specified. In cases where benefit structures were changes after the experience study period, assumptions were based on future experiences.

The mortality rate assumption used was verified by combining data from this plan with two other statewide plans which have similar workforce composition in order to produce a credible experience. The data was then assigned credibility weighting and combined with a standard

ACTUARIAL METHODS AND ASSUMPTIONS: (continued)

table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the Fund's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a set back of standard tables. The result of the procedure indicated that these tables would produce liability values approximating the appropriate generational mortality tables used.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best -estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long term expected rate of return was 6.02% as of June 30, 2022. The best estimates of geometric real rates of return for each major asset class included in the Fund's target asset allocation as of June 30, 2022 are summarized in the following table:

Asset Class	Target Allocations	Long-term expected portfolio real rate of return
Fixed Income:		
Domestic bonds	25.0%	2.50%
International bonds		3.50%
Domestic Equity	38.0%	7.50%
International Equity	22.0%	8.50%
Real estate	15.0%	4.50%
Total	<u>100.00%</u>	

The discount rate used to measure the total pension liability was 6.55%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund's actuary. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

6. DEFERRED COMPENSATION PLAN

The Clerk offers its employees a deferred compensation plan created in accordance with Internal Revenue Code 457. The plan is administered by the Louisiana Deferred Compensation Commission. The plan, available to all full-time employees of the Clerk, permits them to defer a portion of their salary until future years.

All amounts of compensation deferred, all property and rights purchased, and all income, property, or rights are (until paid or made available to the employee or other beneficiary) held in trust by Great West Life & Annuity Insurance Co. for the exclusive benefit of the participants and their beneficiaries.

Participants may contribute up to 100% of their salary with the Clerk matching up to 10% of compensation. Maximum annual contributions for participants under age 50 and for participants age 50 and older may not exceed \$22,500 and \$30,000 respectively. All contributions are immediately vested. The Clerk contributed \$18,750 to the plan during the year ended June 30, 2023.

7. OTHER POST-EMPLOYMENT BENEFITS

PLAN DESCRIPTION

The Clerk's defined benefit post-employment health care plan provides OPEB to eligible retired employees and their beneficiaries. The plan provides OPEB for permanent full time employees of the Clerk. The Clerk's OPEB plan is a single employer defined benefit OPEB plan administered by the Clerk. Benefits are provided through the Louisiana Clerks of Court Insurance Trust ("LCCIT"), a multiple employer healthcare plan administered by the Louisiana Clerks of Court Association. Louisiana Revised Statute 13:783 grants the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The premium rates are established and may be amended by the LCCIT board of trustees, with the Clerk determining the contribution requirements of the retirees.

BENEFITS PROVIDED

The Clerk provides medical, dental, vision, and life insurance benefits for retirees and their dependents. The benefit terms provide for payment of 100% of retiree and 25% of dependent pre-Medicare health, Medicare Supplement, vision, and dental insurance premiums. The plan also provides for payment of 100% of retiree life insurance premiums.

At January 1, 2022, the following employees were covered by the benefit terms:

Inactive employees currently receiving benefits payments	9
Inactive employees entitled to but not yet receiving benefit payments	0
Active Employees	<u>17</u>
TOTAL	<u>26</u>

TOTAL OPEB LIABILITY

The Clerk's total OPEB liability of \$1,448,496 was measured as of June 30, 2023 and was determined by an actuarial valuation as of January 1, 2022.

Notes to the Financial Statements
As of and for the Year Ended June 30, 2023

10. EXPENDITURES FOR THE CLERK NOT INCLUDED IN THE FINANCIAL STATEMENTS

Certain operating expenditures of the Clerk's office are paid by the Washington Parish Government as required by Louisiana Revised Statute 33:4713. The Clerk's office is located in the Washington Parish Courthouse, and the upkeep and maintenance of the courthouse are paid by the Washington Parish Government. These expenditures are not reflected in the accompanying financial statements, with the exception of copier lease payments. These expenditures are offset by income so that leases can be accounted for correctly.

11. RISK MANAGEMENT

The Washington Parish Clerk of Court is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered, in part, by commercial insurance. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Clerk of Court. Settlements have not exceeded insurance coverage in each of the past three years.

12. LITIGATION & CLAIMS

The Clerk of Court has no pending litigation or claims as of June 30, 2023.

13. SUBSEQUENT EVENTS

Subsequent events were evaluated through December 28, 2023, which is the date the financial statements were available to be issued. No events were noted that require recording or disclosure in the financial statements for the fiscal year ending June 30, 2023.

Budget and Budgetary Accounting

The Clerk of Court follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).
2. Management prepares a proposed budget and is made available for public inspection no later than 15 days prior to the beginning of the fiscal year in accordance with state law.
3. The Clerk of Court is responsible for adopting the budget in an open meeting before the end of the fiscal year in accordance with state law.
4. The original budget is prepared based on historical data and projections.
5. Due to the high cost of publications, the budget is only amended once per year, if revenues or expenditures have an unfavorable variance of 5% or greater. That determination is made based on year to date information provided by the outside accountant and any known, upcoming expenditures not yet recorded.
6. For the year ended June 30, 2023, there were no unfavorable variances of 5% or greater.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Johnny D. Crain, Jr.
Washington Parish Clerk of Court
Franklinton, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and each fiduciary fund of the Washington Parish Clerk of Court, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Washington Parish Clerk of Court's basic financial statements and have issued my report thereon dated December 28, 2023.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Washington Parish Clerk of Court's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Washington Parish Clerk of Court's internal control. Accordingly, I do not express an opinion on the effectiveness of the Washington Parish Clerk of Court's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Washington Parish Clerk of Court's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed instances of

noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying corrective action plan for current year findings as items 2021-1, 2021-2 and 2021-3.

Washington Parish Clerk of Court's Response to Findings

Washington Parish Clerk of Court's response to the findings identified in our audit is described in the schedule of findings and questioned costs. Washington Parish Clerk of Court's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Compliance

2023-1

Noncompliance with R.S. 13:842- Repeat Finding

Criteria	State Law R.S. 13:842 requires that each suit's unused balance in the Clerk's Advance Deposit Fund be refunded to the person who made the original deposit after five years of inactivity.
Condition	The Clerk of Court has suits that are five years or greater in their system.
Cause	The Clerk of Court lacks the personnel to research suits that have been dormant for five years or more on a consistent basis and perform related account reconciliations.
Effect	The Clerk is not in compliance with state law.
Recommendation	The Clerk of Court should research all inactive suits of five years or greater and refund these deposits to the individual who made the original deposit and perform account reconciliations
Corrective Action Plan	There is an employee designated to research old cases and issue refunds. However, this is not her only duty as an employee with the Clerk's office, and the Clerk does not have the funds to hire additional personnel to perform tasks related specifically to Advance Deposit.

2023-2

Noncompliance with R.S. 9:151 et seq.- Repeat Finding

Criteria	The Unclaimed Property law R.S. 9:151 et seq.requires that if the Clerk is unable to locate the person who made the original deposit in the Advance Deposit fund five or more years ago, then they must remit those funds to the state treasury.
Condition	Since the Clerk's office is not actively researching dormant suits of five years or more on a regular basis, they can not determine which funds should be sent to the state treasury.
Cause	The Clerk of Court lacks the personnel to research suits regularly that have been dormant for five years or more.
Effect	The Clerk is not in compliance with state law.
Recommendation	The Clerk of Court should research all inactive suits of five years or greater and if the individual, who made the original deposit, cannot be located, then these funds should be remitted to the state treasury.

Corrective Action Plan There is an employee designated to research old cases and issue refunds. However, this is not her only duty as an employee with the Clerk's office, and the Clerk does not have the funds to hire additional personnel to perform tasks related specifically to Advance Deposit.

2023-3

Violation of Article VII, Section 14 (a) of the Louisiana Constitution of 1974

Criteria Article VII, Section 14(A) of the Louisiana Constitution of 1974 provides that the funds, credit, property, or things of value of the state or of any political subdivision shall not be loaned, pledged, or donated to or for any person, association, or corporations.

Condition There is an insufficient effort by the Washington Parish Clerk of Court to collect delinquent accounts receivable.

Cause The Washington Parish Clerk of Court does not have a policy in place to collect past due balances over 90 days.

Effect Old past due balances continue to be on the list of outstanding accounts and the Clerk has provided a service for which the funds have not been collected.

Recommendation The Washington Parish Clerk of Court's office should implement a policy to pursue collection of those accounts that are past due.

Corrective Action Plan The Washington Parish Clerk of Court will implement a policy in an effort to collect delinquent accounts receivable.

Internal Control Matters

2022-3 **Payroll Liabilities Reconciliation- Repeat Finding**

Criteria AU Section 325 of the Professional Standards issued by the Auditing Standards Board states that internal controls should be designed to provide reasonable assurance that the entity's objectives regarding financial reporting are being met. One of the objectives is accuracy of reported payroll liabilities and related expenses. Adopted policies and procedures to reconcile amounts with billings of amounts withheld and following up with related vendors helps accomplish this objective.

Condition The Washington Parish Clerk of Court remitted the incorrect benefits for employees with incorrect withholdings.

Cause No one is reconciling payroll liabilities or reviewing related benefit invoices.

Effect Benefits are not being paid correctly, thus creating due from/to accounts from benefit agencies and employees.

Recommendation The outside accountant should reconcile payroll liabilities on a monthly basis, and management should review benefit invoices to ensure no benefits are paid without the proper withholdings.

Corrective Action Plan The outside accountant will reconcile the payroll liabilities and the Chief Deputy Clerk will be reviewing the benefit invoices in greater detail.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

December 28, 2023

The Honorable Johnny Crain Jr.
Washington Parish Clerk of Court
908 Washington St
Franklinton, LA 70438

I have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period ending June 30, 2023. The Washington Parish Clerk of Court is responsible for those C/C areas identified in the SAUPs.

The Washington Parish Clerk of Court has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period ending June 30, 2023. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
 - a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget
 - b) ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - c) ***Disbursements***, including processing, reviewing, and approving

- d) ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
- e) ***Payroll/Personnel***, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
- f) ***Contracting***, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
- g) ***Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)***, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases)
- h) ***Travel and expense reimbursement***, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers
- i) ***Ethics***, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.
- j) ***Debt Service***, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) ***Information Technology Disaster Recovery/Business Continuity***, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- l) ***Sexual Harassment***, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

No exceptions.

Board or Finance Committee

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
- b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund and major special revenue funds, as well as monthly financial statements (or budget-to-actual comparisons, if budgeted) for major proprietary funds. *Alternately, for those entities reporting on the non-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
- c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

The Washington Parish Clerk of Court does not have a board of directors or similar body; therefore, the procedures listed above were not applicable.

Bank Reconciliations

- 3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:
 - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
 - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
 - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Exception: *The Washington Parish Clerk of Court is not researching or reconciling checks in the Advance Deposit fund on a consistent basis.*

Management's Response: *The Clerk's office is currently developing policies and procedures specifically for the Advance Deposit Fund to ensure these 5 year inactive cases are being researched and reconciled.*

Collections (excluding EFTs)

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - a) Employees that are responsible for cash collections do not share cash drawers/registers.
 - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.
6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was enforced during the fiscal period.
7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
 - a) Observe that receipts are sequentially pre-numbered.
 - b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - c) Trace the deposit slip total to the actual deposit per the bank statement.
 - d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
 - e) Trace the actual deposit per the bank statement to the general ledger.

No exceptions.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - b) At least two employees are involved in processing and approving payments to vendors.
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
 - a) Observe that the disbursement matched the related original invoice/billing statement.
 - b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

No exceptions.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
 - a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note:

Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.)]

- b) Observe that finance charges and late fees were not assessed on the selected statements.
- 13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

No exceptions.

Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- 14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
 - a) If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
 - b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
 - d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

No exceptions.

Contracts

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
- a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
 - c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment.
 - d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

No exceptions.

Payroll and Personnel

16. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
17. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:
- a) Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)
 - b) Observe that supervisors approved the attendance and leave of the selected employees/officials.
 - c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
 - d) Observe that the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.
18. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete Randomly select two

employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity policy on termination payments. Agree the hours to the employee or officials' cumulate leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.

19. Obtain management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

No exceptions.

Ethics

20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain ethics documentation from management, and:
 - a. Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period as prescribed by R.S. 42:1170 and
 - b. Observe that the documentation demonstrates each employee/official attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.

No exceptions.

Debt Service

21. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued.
22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

The Clerk of Court has no outstanding debt as of June 30, 2023.

Fraud Notice

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.
24. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

No exceptions.

Information Technology Disaster Recovery/Business Continuity

25. Perform the following procedures

- a. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.
- b. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
- c. Obtain a listing of the entity's computers currently in use, and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- d. Randomly select 5 terminated employees (or all terminated employees if less than using the list of terminated employees obtained in procedure #18. Observe evidence that the selected terminated employees have been removed or disabled from the network.

I performed the procedures and discussed results with management. No exceptions.

Sexual Harassment

26. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.
27. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
28. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that it includes the applicable requirements of R.S. 42:344:
 - a. Number and percentage of public servants in the agency who have completed the training requirements;

- b. Number of sexual harassment complaints received by the agency;
- c. Number of complaints which resulted in a finding that sexual harassment occurred;
- d. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
- e. Amount of time it took to resolve each complaint.

No exceptions.

I was engaged by Washington Parish Clerk of Court to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. I was not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

I am required to be independent of the Washington Parish Clerk of Court and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to my agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
