INDEPENDENT AUDITORS' REPORT

Board of Directors Grambling High Foundation, Inc. d/b/a Lincoln Preparatory School Grambling, LA

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Grambling High Foundation (a nonprofit organization) d/b/a Lincoln Preparatory School (hereafter Lincoln Preparatory School), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lincoln Preparatory School as of June 30, 2022 and 2021, and the changes in its net assets, functional expenses, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lincoln Preparatory School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lincoln Preparatory School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing the audits in accordance with generally accepted auditing standards and Government Auditing Standards, we:

Exercise professional judgment and maintain professional skepticism throughout the audits.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing opinions on the effectiveness of Lincoln Preparatory School's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as, evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lincoln Preparatory School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200*, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The Performance and Statistical Data Agreed Upon Procedures, the Schedule of Compensation, Benefits and Other Payments to the School Leader, and the Statewide Agreed Upon Procedures are not a required part of the basic financial statements but are supplementary information required by Louisiana State Law. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

We have applied certain limited procedures, which are described in the Independent Accountants' Report on Applying Agreed-Upon Procedures. However we did not audit this information and, accordingly, express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2022, on our consideration of Lincoln Preparatory School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance the results of that testing, and not to provide an opinion on the effectiveness of Lincoln Preparatory School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lincoln Preparatory School's internal control over financial reporting and compliance.

1. Summary of Significant Accounting Policies

(a) Organization

Lincoln Preparatory School (the School) was approved on July 1, 2016 as a Type 2 charter school by the Louisiana Board of Elementary and Secondary Education (BESE). The School is operated and governed by Grambling High Foundation, Inc. which is a 501(c)(3) organization. As of the 2018-2019 school year the School served children in Kindergarten through 12th grade. The School operates under a charter in Lincoln Parish that expired June 30, 2020. The charter with the BESE was renewed on July 1, 2020 for an additional four years.

(b) Basis of Accounting

The financial statements of the School have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the School to report information regarding its financial position and activities according to the following net asset classifications:

Net Assets Without Donor Restrictions are net assets that are not subject to donor-imposed restrictions and are available for use at the organization's discretion.

Net Assets With Donor Restrictions are net assets subject to donor-imposed restrictions that may or will be met, either by actions of the organization, and/or the passage of time. Once the restrictions are met, they are reclassified to net assets without donor restrictions. During the year ended June 30, 2022 the School received contributions and private grants with donor restrictions of \$50,000 and spent \$11,831 for the various contributions and private grants intended purposes. There are net assets with donor restrictions of \$38,169 and \$0 as of June 30, 2022 and 2021, respectively. The remaining restrictions will be satisfied as cost are incurred in fulfillment of the donors' stipulations.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

(c) Revenues

The School receives the majority of its revenue from the Minimum Foundation Program (MFP). The amount of the MFP funding is based on an allocation of funds provided by the State of Louisiana and local taxes. The allocation calculation is primarily based on the student enrollment at the School and is recognized monthly when received.

Federal and state funds are passed through the Louisiana Department of Education. The School's federal grant funding is on a cost reimbursement basis and is recognized as earned once the expenditures have been incurred, at which time all performance obligations have also been satisfied.

The School also receives revenue in the form of student and athletic activities revenues. These revenues are collected from students who participate in social events and after school clubs. Additional revenue is received from patrons attending school sponsored sporting events. These funds are used to help cover the cost of hosting these events and provide compensation for teachers, chaperons, referees, or other personnel required to officiate or supervise these activities.

1. Summary of Significant Accounting Policies (continued)

(c) Revenues (continued)

The School receives private funding in the form of contributions from various individuals and entities. Contributions are recognized when an unconditional promise to give is received. Conditional promises to give, with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. The School does not have any activity that would give rise to variable consideration.

(d) Cash

For purposes of the statements of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered cash equivalents. During the year, cash may consist of both unrestricted and restricted balances. Unrestricted cash balances represent cash available for general operating purposes.

(e) Restricted cash

Restricted cash balances consist of amounts credited to the School's bank accounts in compliance with Series 2021A and 2021B bond terms and covenants. There were net restricted cash balances at June 30, 2022 and 2021 of \$19,157,280 and \$29,173,458, respectively and is discussed in the debt footnote below.

(f) Accounts Receivable

Accounts receivable represent amounts due under federal and state grant programs and, at times, contributions. The grant programs are reimbursable in nature and revenue is recognized as a receivable once the expenditures are incurred. Receivables are written off when deemed uncollectible by management and recoveries, if any, are recorded when received.

(g) Functional Expenses

The School allocates its expenses on a functional basis between program service or general and administrative. Expenses that can be identified with the school curriculum are allocated directly according to their natural expense classification. Other expenses are allocated between program service and general and administrative based on management's estimate of time, percentage, or square footage used, among other factors.

(h) Income Taxes

The School accounts for income taxes in accordance with FASB ASC 740-10, *Accounting for Uncertainty in Income Taxes*. Management believes it has no material uncertain tax positions and, accordingly has not recognized a liability for any unrecognized tax benefits.

The School is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The School files information returns in the U.S. federal jurisdiction. The School is not subject to U.S. federal income tax examinations by tax authorities beyond three years from the filing of those returns.

1. Summary of Significant Accounting Policies (continued)

(i) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Concentrations

At various times during the year, the School maintained cash balances in its bank accounts in excess of FDIC insurable limits. In evaluating this credit risk, the School periodically evaluated the stability of these financial institutions.

The School receives the majority of its operating revenue from the State of Louisiana in the form of MFP funding. The School also receives grants from federal agencies, state agencies, and private foundations. The percentage of revenue and receivables from these sources in excess of 10% is as follows:

	Revenue	Receivables
2022		
MFP	73%	N/A
Federal Grants	25%	98%
2021		
MFP	73%	N/A
Federal Grants	17%	100%

3. Commitments and Contingencies

The School receives grants for specific purposes that are subject to audit by the grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. It is the opinion of the School's management that its compliance with the terms of the grant will not result in any disallowed costs.

4. Property and Equipment

Property and equipment are stated at cost at the date of purchase or, for donated assets, at fair value at the date of donation, less accumulated depreciation. Depreciation is calculated using the straight-line method over the lesser of the estimated useful lives of the assets or the least term. The useful lives range from three to forty years. The School's policy is to capitalize renewals and betterments acquired for greater than \$5,000 and expense normal repairs and maintenance as incurred.

All assets acquired with public funds are the property of the School for the duration of the charter. If the charter is revoked or surrendered, or the School otherwise ceases to operate, all assets purchased with public funds will automatically revert to full ownership by BESE or the appropriate agency.

Depreciation expense was \$25,148 and \$44,237 for the years ended June 30, 2022 and 2021, respectively.

5. Compensated Absences

Employees earn paid time off based on various factors such as length of service and job title. Any unused paid time off is paid out at the end of the year and does not carry over to the following year. Therefore, there are no compensated absences accrued at June 30, 2022 or 2021.

6. Subsequent Event

In preparing these financial statements, the School has evaluated events and transactions for potential recognition or disclosure through December 12, 2022, which is the date the financial statements were available to be issued.

7. Liquidity and Availability of Financial Assets

The following reflects the School's financial assets as of the statement of financial position date within one year of the statement of financial position date.

Financial Assets at Year End:	 2022	 2021
Cash, Unrestricted	\$ 762,825	\$ 429,409
Accounts Receivable, net	488,081	557,920
Certificate of Deposit	153,889	153,889
Available Lines of Credit	115,812	 100,000
Financial Assets Available for General Expenditures	\$ 1,520,607	\$ 1,241,218

As part of the School's liquidity management, cash is kept in a checking account that can be accessed to meet daily needs of the organization. In addition, the School has two lines of credit of it could draw upon in the event of an unanticipated liquidity need.

8. Fair Value Measurement

FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets that have the highest priority, and Level 3 inputs have the lowest priority. The School uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the School measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 2 - Inputs include:

- 1. Quoted prices for similar assets or liabilities in active markets;
- 2. Quoted prices for identical or similar assets or labilities in inactive markets;
- 3. Inputs other than quoted prices that are observable for the assets or liability;
- 4. Inputs that are derived principally from or corroborated by observable market date by correlation or other means.

Certificates of deposit are recorded at cost, which approximates fair market value using Level 2 inputs. The fair value of the School's investments are \$153,889 and \$153,375 as of June 30, 2022 and 2021, respectively. No Level 1 or 3 inputs were available to the School.

9. Retirement Plan

The School offers a retirement benefit plan with the Teacher's Retirement System of Louisiana (TRSL) for employees that are eligible to participate and operates as a defined benefit contribution pension plan. TRSL issues its own separate financial statements and supplementary information which are publicly available and can be obtained by writing or calling the plan.

Teachers' Retirement System of Louisiana Post Office Box 94123 Baton Rouge, LA 70804-9123 (225) 925-6446

Benefits vest after five years of service for participants age sixty or older and after 20 years of service for all other participants. Benefits under the plan are established and amended by state statute. Retirement benefits are based upon the employee's age, last three years of compensation, and the total number of years the participate was contributing to the TRSL. Once participants reach retirement age a total of eight different payout options are available. The plan also provides death and disability benefits for surviving spouses or disabled employees.

Once enrolled teachers may also make an irrevocable election to participate in The Optional Retirement Plan (ORP). This plan operates as a defined contribution plan.

The School also offers enrollment into the Louisiana School Employees' Retirement System (LSERS). LSERS is available to all non-instructional personnel of the Louisiana public school system. Members may choose between three major retirement plans: Regular Service Retirement Plan, Deferred Retirement Option Plan (DROP), and Initial Benefit Retirement Plan (IBRP). 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal activity of Lincoln Preparatory School (the School) under programs of the federal government for the year ended June 30, 2022. 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-122, Cost Principles for Non-Profit Organizations, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

During the year ended June 30, 2022, the School did not elect to use the 10% de minimums cost rate as covered in §200.414 of the Uniform Guidance. Instead, the School has an indirect cost rate that is provided by the Louisiana Department of Education.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Grambling High Foundation, Inc. d/b/a Lincoln Preparatory School Grambling, LA

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Grambling High Foundation, Inc. (a non-profit organization) d/b/a Lincoln Preparatory School (hereafter Lincoln Preparatory School) which comprise the statement of financial position as of June 30, 2022, and the related statement of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 12, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lincoln Preparatory School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lincoln Preparatory School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lincoln Preparatory School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors Grambling High Foundation, Inc. d/b/a Lincoln Preparatory School Grambling, LA

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Grambling High Foundation d/b/a Lincoln Preparatory School (Lincoln Preparatory School) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Lincoln Preparatory School's major federal programs for the year ended June 30, 2022. Lincoln Preparatory School's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion Lincoln Preparatory School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the *Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Lincoln Preparatory School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Lincoln Preparatory School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Lincoln Preparatory School's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Lincoln Preparatory School's compliance based on our audit.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Lincoln Preparatory School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

Exercise professional judgment and maintain professional skepticism throughout the audits.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Lincoln Preparatory School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

Obtain an understanding of Lincoln Preparatory School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing opinions on the effectiveness of Lincoln Preparatory School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

This report is intended solely for the information and use of the Board of Directors, management, the Legislative Auditor, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Board or Finance Committee

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - b) For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. Alternately, for those entities reporting on the nonprofit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.
 - c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

Exception: The board failed to meet on a monthly basis with a quorum. No other material discrepancies were noted. No other exceptions were noted as a result of applying these procedures.

Bank Reconciliations

- 3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
 - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

- b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
- c) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Results: No exceptions noted as a result of applying this procedure.

Collections (excluding electronic funds transfers)

- 4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - a) Employees responsible for cash collections do not share cash drawers/registers.
 - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., prenumbered receipts) to the deposit.
 - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.
- 6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.
- 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:
 - a) Observe that receipts are sequentially pre-numbered.
 - b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - c) Trace the deposit slip total to the actual deposit per the bank statement.
 - d) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - e) Trace the actual deposit per the bank statement to the general ledger.

Results: No exceptions noted as a result of applying this procedure.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- 8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - b) At least two employees are involved in processing and approving payments to vendors.
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:

- a) Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.
- b) Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Results: No exceptions noted as a result of applying this procedure.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

- 10. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- 11. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
 - a) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder.
 - b) Observe that finance charges and late fees were not assessed on the selected statements.
- 12. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature

of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Results: No exceptions noted as a result of applying this procedure.

Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- 13. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
 - a) If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
 - b) If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - c) Observe each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
 - d) Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results: No exceptions noted as a result of applying this procedure.

Contracts

- 14. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
 - a) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - b) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).
 - c) If the contract was amended (e.g., change order), observe the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented).
 - d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract.

Results: No exceptions noted as a result of applying this procedure.

Payroll and Personnel

- 15. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

- a) Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). Observe whether supervisors approved the attendance and leave of the selected employees or officials.
- b) Observe any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
- c) Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.
- 17. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.
- 18. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Results: No exceptions noted as a result of applying this procedure.

If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.
