## **INDEPENDENT AUDITORS' REPORT**

To the Board of Commissioners of  
St. Charles Parish Hospital Service District  
Luling, Louisiana

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of St. Charles Parish Hospital Service District (the Hospital), a component unit of St. Charles Parish, as of and for the years ended December 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Hospital's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the of St. Charles Parish Hospital Service District (the Hospital), as of December 31, 2021 and 2020, and the respective changes in financial position, and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hospital and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hospital's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hospital's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Management has elected to omit Management's Discussion and Analysis (MD&A) that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Hospital's basic financial statements. The schedule of compensation, benefits, and other payments to agency head, the schedule of board of commissioners and compensations, and the schedule of bonds are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, and Cost Principles, and Audit Requirements for Federal Awards*, and is also presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards, the schedule of compensation, benefits, and other payments to agency head, the schedule of board of commissioners and compensation, and the schedule of bonds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 27, 2022, on our consideration of the Hospital's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Hospital's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hospital's internal control over financial reporting and compliance.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 1: DESCRIPTION OF ORGANIZATION

#### ***Reporting Entity***

St. Charles Parish Hospital Service District (the Hospital), a special district and component of St. Charles Parish (the Parish), was formed for the purpose of operating St. Charles Parish Hospital, a non-profit community hospital established in 1956. The Board of Commissioners is the governing authority for the Hospital and is responsible for obtaining voter approval for the levy of tax or debt issuance, but all related Louisiana State Bond Commission approvals must be obtained through the Parish.

On September 1, 2014, the Hospital entered into a management agreement with a wholly-owned subsidiary of Ochsner Health System, to provide management, staff, and other assistance to operate the Hospital. This expanded affiliation enables the Hospital to further enhance existing clinical services while simultaneously improving resources, including operational efficiencies (see Note 17).

#### ***Component Units***

The Hospital follows the requirements under GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and No. 34*. The financial statements of the Hospital include the accounts of the Hospital and its wholly owned component units, St. Charles Health Initiatives, Inc., St. Charles Hospital Continuum of Care Corporation, and Plantation View Medical Offices. The significant intercompany transactions and balances have been eliminated.

The St. Charles Hospital Continuum of Care Corporation (SCHCCC) was incorporated on August 10, 2006 with a subsequent name change to St. Charles Health Initiatives, Inc. (SCHII). SCHII is a non-profit hospital that principally provides housing, healthcare, and other related services to residents. SCHII maintains a shared governing board and receives funding through the Hospital Service District. Due to the level of control and the financial benefit/burden relationship with the Hospital that exists, SCHII is considered a blended component unit of the Hospital for accounting purposes. The operations of SCHII are included in the financial statements of the Hospital for the years ended December 31, 2021 and 2020.

St. Charles Hospital Services Corporation (the Corporation) is a non-profit entity that, while legally separate from the Hospital, is reported as if it were a part of the Hospital because of the presence of a shared governing body with the Hospital. As a component unit of the Hospital, the operations of the Corporation are included in the financial statements of the Hospital; however, the operations of the Corporation became dormant. During the year ended December 31, 2007, the Corporation changed its name to the St. Charles Continuum of Care Corporation after the SCHCCC mentioned above changed its name to St. Charles Health Initiatives, Inc. As a blended component unit of the Hospital, the operations of the Corporation are included in the financial statements of the Hospital for the years ended December 31, 2021 and 2020.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 1: DESCRIPTION OF ORGANIZATION (Continued)

#### *Component Units (Continued)*

On December 2, 2013, Plantation View Medical Offices (PVMO) was formed with St. Charles Parish Hospital being the sole member. PVMO was formed as a not-for-profit corporation for the purpose of building a medical office building on the east bank of St. Charles Parish. On January 13, 2014, PVMO received a donation of land that was appraised at \$714,000. PVMO also secured financing in the amount of \$14,700,000, to build the medical office building. The financing is a mixture of New Markets Tax Credits, a commercial loan, and a grant from the Hospital. Construction was substantially completed in March of 2016. As a blended component unit of the Hospital, the operations of PVMO are included in the financial statements of the Hospital for the years ended December 31, 2021 and 2020.

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### *Basis of Accounting*

The Hospital reports in accordance with accounting principles generally accepted in the United States as specified by the American Institute of Certified Public Accountants' Audits of Health Care Entities and, as a governmental entity, also reports in accordance with accounting principles promulgated by the Governmental Accounting Standards Board (GASB), for proprietary funds. As such, the Hospital utilizes the enterprise fund method of accounting whereby revenues and expenses are recognized on the accrual basis. SCHII, the Corporation, and PVMO also use the accrual method.

#### *Use of Estimates*

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from those estimates.

Estimates that are particularly susceptible to significant change in the near term are related to the determination of the allowances for uncollectible accounts and contractual adjustments and estimated third-party payer settlements. In particular, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates related to these programs will change by a material amount in the near term.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### ***Risk Management***

The Hospital is exposed to various risks of loss from torts; theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; medical malpractice; and employee health, dental and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

#### ***Cash and Cash Equivalents***

Cash and cash equivalents include investments in highly liquid debt instruments with maturities of three months or less, excluding amounts whose use is limited by board designation, other arrangements under trust agreements, or with third-party payors.

#### ***Restricted Cash***

The Hospital's restricted cash includes cash received through the New Markets Tax Credits (NMTC) transaction whose use is restricted for the PVMO project. In January 2021, the Hospital obtained a partial debt forgiveness for NMTC and the Hospital's restricted cash was reclassified into cash and cash equivalents (See Note 8 for further discussion of the NMTC transaction).

#### ***Assets Whose Use is Limited***

Assets whose use is limited include assets set aside by the Board of Commissioners for future capital improvements and future indenture agreements, over which the Board retains control and may, at its discretion, subsequently use for other purposes; assets set aside in accordance with agreements with third-party payors; and assets held by trustees under indenture agreements and self-insurance trust agreements.

#### ***Patient Accounts Receivable, Net***

Patient accounts receivable are reduced by estimated contractual and other adjustments and estimated uncollectible accounts. In evaluating the collectability of accounts receivable, the Hospital analyzes its past history and identifies trends for each of its major payer sources of revenue to estimate the appropriate allowances for third-party contractual and other adjustments and bad debt. Management reviews data about these major payer sources of revenue on a monthly basis in evaluating the sufficiency of the allowances. On a continuing basis, management analyzes delinquent receivables and writes them off against the allowance when deemed uncollectible. No interest is charged on patient accounts receivable balances.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### *Patient Accounts Receivable, Net (Continued)*

For receivables associated with services provided to patients who have third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for contractual adjustments and, if necessary, a provision for bad debts (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payer has not yet paid, or for payers who are known to be having financial difficulties that make the realization of amounts due unlikely).

For receivables associated with uninsured patients (also known as 'self-pay'), which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill, the Hospital records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many uninsured patients are often either unable or unwilling to pay the full portion of their bill for which they are financially responsible. The difference between standard rates (or the discounted rates, if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for uncollectible accounts.

The Hospital has not materially altered its accounts receivable and revenue recognition policies during fiscal year 2021 and did not have significant write-offs from third-party payers related to collectability in fiscal years 2021 or 2020.

#### *Inventory*

Inventories are stated at the lower of cost or market, determined using the first-in, first-out method.

#### *Prepaid Expenses*

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses. Prepaid expenses are amortized over the estimated period of future benefit, generally on a straight-line basis.

#### *Capital Assets, net*

Capital assets are recorded at cost at the date of acquisition, or acquisition value at the date of donation if acquired by gift. Depreciation is computed using the straight-line method over the estimated useful life of each asset. Assets under capital lease obligations and leasehold improvements are depreciated over the shorter of the lease term or their respective estimated useful lives.

**St. Charles Parish Hospital Service District**  
**Notes to Financial Statements**

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Capital Assets, net (Continued)***

The following estimated useful lives are being used by the Hospital:

Buildings and improvements	20 - 40 years
Leasehold improvements	5 - 15 years
Equipment	3 - 7 years
Vehicle	4 - 12 years
Software	1 - 3 years

Upon sale or retirement of capital assets, the cost and related accumulated depreciation are eliminated from the respective accounts, and the resulting gain or loss, if any, is included in the statement of revenues, expenses and changes in net position.

Expenditures that materially increase values, change capacities, or extend useful lives of the respective assets are capitalized. Routine maintenance and repairs are charged to expense when incurred.

***Cost of Borrowing***

Interest cost incurred on borrowed funds before the end of a construction period of capital assets is recognized as an expense in the period in which the cost incurred for financial statements prepared using the economic resources measurement focus. Costs incurred in connection with the obtaining of financing, except for the insurance paid with debt proceeds, are expensed in the period in which the costs are incurred. Premiums or discounts incurred in connection with the issuance of bonds and indentures are amortized over the life of the obligations on the interest method, and the unamortized amount is included in the balance of the outstanding debt. There was no interest capitalized during 2021 and 2020.

***Impairment of Long-Lived Assets***

The Hospital evaluates, on an ongoing basis, the recoverability of its assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is required to be recognized if the carrying value of the asset exceeds the undiscounted future net cash flows associated with that asset. The impairment loss to be recognized is the amount by which the carrying value of the long-lived asset exceeds the asset's fair value. In most instances, the fair value is determined by discounted estimated future cash flows using an appropriate interest rate. The assessment of the recoverability of assets will be impacted if estimated future operating cash flows are not achieved.

Based on management's evaluations, no long-lived assets impairments were recognized during the years ended December 31, 2021 and 2020.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### ***Compensated Absences***

Employees accumulate general purpose time at varying rates according to years of service. Employees are immediately vested in accrued general purpose time when earned. Upon termination, all unused paid time off hours are paid to the employee at the employee's current rate of pay. Accrued compensated absences, included as a component of accrued salaries and benefits on the Hospital's statements of net position, was \$292,680 and \$281,303 as of December 31, 2021 and 2020, respectively.

#### ***Net Position***

Net position of the Hospital is classified in three components, as follows:

*Net investment in capital assets* – consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of borrowings used to finance the purchase or construction of those assets.

*Restricted net position* – made up of noncapital assets that must be used for a particular purpose, as specified by creditors, grantors or donors external to the Hospital, including amounts deposited with trustees as required by bond indentures, reduced by the outstanding balances of any related borrowings. There are no restricted net position amounts at December 31, 2021 and 2020.

*Unrestricted net position* – the remaining net position that does not meet the definitions of net investment in capital assets or restricted net position described above.

The Hospital first applies restricted net position when an expense or outlay is incurred for purposes for which both restricted and unrestricted net position are available.

#### ***Operating Revenue and Expenses***

The Hospital's statements of revenues, expenses and changes in net position distinguish between operating and non-operating revenue and expenses. Operating revenue result from exchange transactions associated with providing health care services, the Hospital's principal activity. Non-exchange revenue, including investment income, grants and contributions received for purposes other than capital asset acquisition, are reported as non-operating revenue. Operating expenses are all expenses incurred to provide health care services, other than financing costs.

#### ***Net Patient Service Revenue***

The Hospital has agreements with third-party payers that provide for payments to the Hospital at amounts different from its established rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered including estimated retroactive adjustments under reimbursement agreements with third-party payers.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### **Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### ***Net Patient Service Revenue (Continued)***

Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined or as years are no longer subject to such audits, reviews, and investigations.

The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potentially significant wrongdoing. However, compliance with such laws and regulations is subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid program, and in recent years there has been an increase in regulatory initiatives at the state and federal levels including the Recovery Audit Contractor (“RAC”) and Medicaid Integrity Contractor (“MIC”) programs, among others. These programs were created to review Medicare and Medicaid claims for medical necessity and coding appropriateness. The RAC’s have authority to pursue ‘improper’ (in their judgment) payments with a three year look back from the date the claim was paid.

#### ***Charity Care***

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. The Hospital maintains records to identify and monitor the level of charity care it provides to all of its qualifying patients. These records include the amount of charges foregone for services and supplies furnished under its charity care policy. As presented in Note 4, the Hospital reduced its gross revenues for its cost of charity care. For the years ended December 31, 2021 and 2020, charity care totaled \$117,286 and \$457,766, respectively.

#### ***Managed Care Incentive Payment Revenue***

The Hospital participates in the State of Louisiana’s Managed Care Incentive Payment (MCIP) Program which provides incentive payments to healthcare entities for achieving quality reforms that increase access to health care, improve the quality care, and/or enhance the health of patients they serve. Incentive payments are received after the specified activities, targets, performance measures, or quality-based outcomes achieved by the healthcare entity. The revenue associated with MCIP incentive payments is recognized by the Hospital as soon as the amounts are estimable. Any changes resulting from the change in estimate are recognized within operations in the period in which they occur.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### ***Grants and Contributions***

From time to time, the Hospital receives grants from other governmental entities as well as contributions from individuals and private organizations. Revenues from grants and contributions (including contributions of capital assets) are recognized when all eligibility requirements, including time requirements, are met. Grants and contributions may be restricted either for specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as nonoperating revenues. Amounts restricted to capital acquisition are reported after nonoperating revenue and expenses.

Government grants are recognized as income when there is reasonable assurance that the Hospital will comply with the conditions attached to them, and that the grants will be received. This revenue is recorded as either operating revenue or non-operating revenue dependent upon how the transaction is classified on the statements of cash flows. Cash flows that do not meet the reporting criteria for investing, capital financing or non-capital financing would be reported as operating activities, with their associated revenue reported as operating revenue within the statements of revenues, expenses, and changes in net position.

#### ***Ad Valorem Tax Revenues***

The Hospital receives dedicated property tax revenues in amounts sufficient to fund annual debt maturities of the general obligation bonds and related interest costs. Such revenues are considered non-operating in the accompanying statements of revenues, expenses and changes in net position.

Ad valorem taxes are normally levied and billed in November of each year and are due by December 31st of the year levied. Revenues are recognized when levied due to the extent they are determined to be currently collectible. Ad valorem taxes are billed and collected using the assessed values determined by the Tax Assessor of St. Charles Parish. For the year ended December 31, 2021 the millage rates have been set at 2.43 mills for Maintenance and Operations and 3.06 mills for Bonds. For the year ended December 31, 2020 the millage rates have been set at 2.43 mills for Maintenance and Operations and 3.16 mills for Bonds. The ad valorem taxes receivable for the years ended December 31, 2021 and 2020 totaled \$8,370,620 and \$9,000,587, respectively on the accompanying statements of net position.

#### ***In-kind Contribution***

During the COVID-19 pandemic, the Louisiana Department of Health provided the Hospital with additional personnel needed to respond to the increased capacity workload as a result of the pandemic. The personnel was provided free of charge to the Hospital. The Hospital has recorded in-kind contribution for those services in the amount of \$434,566 on the accompanying statements of revenue, expenses, and changes in net position. The corresponding expense is recorded in salaries and wages on the accompanying statements of revenue, expenses, and changes in net position.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### *Electronic Health Records (EHR) Incentive Payments*

The American Recovery and Reinvestment Act of 2009 established incentive payments under the Medicare and Medicaid programs for certain professionals and hospitals that adopt and provide for meaningful use of certified EHR technology. These incentive payments are determined based on a formula, including inputs such as charity care charges and total discharges.

The revenue associated with EHR incentive payments is recognized by the Hospital when management can provide reasonable assurance that the Hospital will be able to demonstrate compliance with the meaningful use objectives for that reporting period and that the incentive payments will be received by the Hospital because these incentive payments are based on management's best estimate, the amounts recognized are subject to change. Any changes resulting from a change in estimate would be recognized within operations in the period in which they occur. In addition, these payments and the related attestation of compliance with meaningful use objectives are subject to audit by the federal government or its designee.

For the year ended December 31, 2020, the Hospital recognized EHR incentive payments of \$78,483. No such incentive payments were received or recognized in fiscal 2021, and management believes it is unlikely that any additional significant meaningful use incentives will be received in the future, as the terms of the program are coming to a close. However, prior incentive payments remain subject to future audits and recoupments. These amounts were recognized in full at the date of attestation and are included within other operating revenues on the statement of revenues, expenses, and changes in net position.

#### *Current Healthcare Environment*

The Hospital monitors economic conditions closely, both with respect to potential impacts on the healthcare industry and from a more general business perspective. Management recognizes that economic conditions may continue to impact the Hospital in a number of ways, including, but not limited to, uncertainties associated with the United States and state political landscape and rising uninsured patient volumes and corresponding increases in uncompensated care.

Additionally, the general healthcare industry environment is increasingly uncertain, especially with respect to the ongoing impacts of the federal healthcare reform legislation. Potential impacts of ongoing healthcare industry transformation include, but are not limited to:

- Significant capital investment in healthcare information technology
- Continuing volatility in state and federal government reimbursement programs
- Effective management of multiple major regulatory mandates, including the previously mentioned audit activity
- Significant potential business model changes throughout the healthcare system, including within the healthcare commercial payer industry.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### ***Current Healthcare Environment (Continued)***

The business of healthcare in the current economic, legislative, and regulatory environment is volatile. Any of the above factors, along with others both currently in existence and which may or may not arise in the future, could have a material adverse impact on the Hospital's financial position and operating results.

#### ***Advertising Costs***

Advertising costs are expensed as incurred. Marketing media/advertising expenses included advertising costs, supplies and other of \$24,629 and \$19,527 for the years ended December 31, 2021 and 2020, respectively.

#### ***Income Tax Status***

The Hospital is a governmental unit which is exempt from Federal income taxes on related income pursuant to Section 115 of the Internal Revenue Code.

SCHII, the Corporation and PVMO, the component units of the Hospital as noted in Note 1, are exempt from taxes on income other than unrelated business income under section 501(c)(3) of the Internal Revenue Code.

#### ***Recent Accounting Pronouncements***

The Hospital has implemented GASB Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The implementation of this statement did not result in any changes to the Hospital's financial statements. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus.

#### ***Pronouncements Issued But Not Yet Effective***

In June 2017, the GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### *Pronouncements Issued But Not Yet Effective (Continued)*

Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This Statement is effective for the Hospital for the year ended December 31, 2022 and management is currently evaluating the impact this statement will have on its financial statements.

In May 2020, the GASB issued Statement No. 96, *Subscription-Based Information Technology Agreements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right to use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. This Statement is effective for the Hospital for the year ended December 31, 2023 and management is currently estimating the impact this statement will have on its financial statements.

#### *Subsequent Events*

Management has evaluated subsequent events through the date that the financial statements were available to be issued, July 27, 2022, and determined that not occurred that required inclusion in or disclosure to the financial statements. No subsequent events occurring after that date have been evaluated for inclusion in these financial statements.

### Note 3: DEPOSITS AND INVESTMENTS

The Hospital has various deposits and investments. The amounts reflected on the accompanying statements of net position at December 31, 2021 and 2020 is \$32,162,814 and \$17,587,779, respectively, held in depository and money market accounts.

Under state law, these deposits must be secured by either Federal deposit insurance or by the pledge of securities owned by a fiscal agent bank. The market value of the pledged securities plus federal deposit insurance must at all times equal or exceed the amount on deposit with the fiscal agent bank.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 3: DEPOSITS AND INVESTMENTS (Continued)

At December 31, 2021, the Hospital had \$32,821,074 in securities pledged by banks that are holding Hospital accounts that have balances in excess of the federal deposit insurance. Of this amount, \$31,836,708 was over the federal deposit insurance limit, all of which were secured by collateral owned by the fiscal agent bank in the name of the Hospital. At December 31, 2020, the Hospital had \$24,425,852 in securities pledged by banks that are holding Hospital accounts that have balances in excess of the federal deposit insurance. Of this amount, \$16,979,797 was over the federal deposit insurance limit, all of which were secured by collateral owned by the fiscal agent bank in the name of the Hospital.

Under Louisiana Revised Statutes 39:1271 and 33:2955, the Hospital may deposit funds in demand deposit accounts, interest-bearing demand deposit accounts, money market accounts, and time certificates of deposit with state banks, organized under Louisiana Law and National Banks having principal offices in Louisiana. Additionally, Louisiana statutes allow the Hospital to invest in direct obligations of the U.S. Government, federally insured instruments, guaranteed investment contracts issued by certain financial institutions, and mutual or trust funds registered with the Securities and Exchange Commission.

### Note 4: PATIENT ACCOUNTS RECEIVABLE AND REVENUE

#### *Account Receivables*

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payer agreements. The mix of receivables from patients and third-party payers at December 31, 2021 and 2020 was:

	2021	2020
Medicare	\$ 7,012,985	\$ 6,316,052
Medicaid	6,726,925	4,658,779
Other third-party payers	6,091,894	5,598,329
Patients	1,448,411	1,724,207
Total patient accounts receivables	21,280,215	18,297,367
Less allowance for uncollectible accounts	(16,925,692)	(14,469,305)
Patient accounts receivables, net	\$ 4,354,523	\$ 3,828,062

**St. Charles Parish Hospital Service District  
Notes to Financial Statements**

**Note 4: PATIENT ACCOUNTS RECEIVABLE AND REVENUE (Continued)**

***Net Patient Service Revenue***

The mix of accounts receivable due from patients and third-party payors as of December 31, 2021 and 2020 was as follows:

	<b>2021</b>	2020
Medicare	<b>33.0%</b>	34.5%
Medicaid	<b>31.6%</b>	25.5%
Other third-party payers	<b>28.6%</b>	30.6%
Patients	<b>6.8%</b>	9.4%
<b>Total</b>	<b>100%</b>	100%

The Hospital has agreements with third-party payers that provide for payments to the Hospital at amounts different from its established rates.

A summary of the payment arrangements with major third-party payors is as follows:

*Medicare* – The Hospital is reimbursed under the Medicare Prospective Payment System for acute care inpatient services provided to Medicare beneficiaries and is paid a predetermined amount for these services based, for the most part, on the Diagnosis Related Group (DRG) assigned to the patient.

In addition, the Hospital is paid prospectively for Medicare inpatient capital costs based on the federal specific rate. The Hospital qualifies as a disproportionate share provider under the Medicare regulations. As such, the Hospital receives an additional payment for Medicare inpatients served. Except for Medicare disproportionate share reimbursement and Medicare bad debts, there is no retroactive settlement for inpatient costs under the Medicare inpatient prospective payment methodology.

Medicare outpatient services (excluding clinical lab and outpatient therapy) are reimbursed by the Outpatient Prospective Payment System (OPPS), which establishes a number of Ambulatory Payment Classifications (APC) for outpatient procedures in which the Hospital is paid a predetermined amount per procedure. Medicare outpatient clinical lab services are reimbursed based upon the Medicare fee schedules.

*Medicaid* – The Hospital is paid a prospective per diem rate for Medicaid inpatients. The per diem rate is based on a peer grouping methodology, which assigns a per diem rate to each hospital in the peer group. Certain outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology. Medicaid outpatient clinical lab and Medicaid ambulatory surgery and outpatient therapy services are reimbursed based upon the Medicare fee schedules.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 4: PATIENT ACCOUNTS RECEIVABLE AND REVENUE (Continued)

#### *Net Patient Service Revenue (Continued)*

Retroactive cost settlements, based upon annual cost reports, are estimated for those programs subject to retroactive settlement and recorded in the financial statements. Final determination of retroactive cost settlements to be received under the Medicare and Medicaid regulations is subject to review by program representatives. The difference between a final settlement and an estimated settlement in any year is reported as an adjustment of net patient service revenue in the year the final settlement is made.

Revenue derived from the Medicare and Medicaid programs is subject to audit and adjustment by the fiscal intermediary and must be accepted by the United States Department of Health and Human Services (HHS) before settlement amounts become final. Annually, management evaluates the recorded estimated settlements and adjusts these balances based upon the results of the intermediary's audit of filed cost reports and additional information becoming available. The Hospital's Medicaid cost reports have been audited by the Medicaid fiscal intermediary through July 31, 2017.

*Other* – The Hospital has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

A summary of gross revenue from patient services provided under contracts with third-party payers for the years ended December 31, 2021 and 2020 is as follows:

	2021	2020
Medicare	36.7%	31.2%
Medicaid	27.8%	29.2%
Other commercial and preferred provider organizations	35.5%	39.6%
<b>Total</b>	<b>100%</b>	<b>100%</b>

A summary of the Hospital's net patient service revenue for the years ended December 31, 2021 and 2020 is as follows:

	2021	2020
Gross patient service revenue	\$ 164,815,961	\$ 142,705,862
Less provision for contractual adjustments under third-party reimbursement programs and other adjustments	(118,465,106)	(101,252,340)
Provision for bad debts	(2,122,096)	(3,532,513)
Charity care	(117,286)	(457,766)
<b>Net patient service revenue</b>	<b>\$ 44,111,473</b>	<b>\$ 37,463,243</b>

**St. Charles Parish Hospital Service District  
Notes to Financial Statements**

**Note 5: ASSETS WHOSE USE IS LIMITED**

Assets whose use is limited that are required for bond obligations classified as current liabilities are also reported as current assets as these amounts have been designated by the board to pay the debt. The composition of assets whose use is limited at December 31, 2021 and 2020 is set forth in the following table:

	2021	2020
By board for indenture reserves		
Cash and cash equivalents	\$ 4,632,750	\$ 3,189,085
By indenture agreement for capital asset acquisition		
Cash and cash equivalents	1,182,045	607,786
<b>Total</b>	<b>\$ 5,814,795</b>	<b>\$ 3,796,871</b>

**Note 6: NOTE RECEIVABLE**

As part of the New Markets Tax Credits (NMTC) transaction (discussed in Note 8 below), the Hospital issued a note receivable to FNBC NMTC Hybrid Fund, LLC (the Investment Fund) in the amount of \$629,904, with an interest rate of 1% (the Junior Leverage Loan). The Investment Fund pays interest only on the Junior Leverage Loan quarterly in arrears on the 25<sup>th</sup> day of each March, June, September and December for the previous quarter, commencing on January 10, 2014, through January 10, 2044. On the date of maturity, the Investment Fund was expected to pay the balance of all outstanding principal and accrued and unpaid interest. The Investment Fund pledged rights, title and interest in the CDE (defined in Note 8) to secure the note receivable. In January 2021, the Hospital obtained a partial debt forgiveness for the NMTC the Facility A Note and the note receivable was written off, see Note 8 below.

**St. Charles Parish Hospital Service District**  
**Notes to Financial Statements**

**Note 7: CAPITAL ASSETS**

Capital assets activity as of and for the year ended December 31, 2021, is as follows:

	December 31, 2020	Additions	Disposals/ Transfers	December 31, 2021
<b>Nondepreciable capital assets:</b>				
Land	\$ 1,628,136	\$ 211,496	\$ -	\$ 1,839,632
Construction in progress	221,527	312,724	(153,709)	380,542

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 8: LONG-TERM DEBT (Continued)

- (A) In April 2012, the residents of the Parish voted for a bond proposition authorizing the Hospital to issue up to \$15,000,000 of 20-year General Obligation Bonds for the purpose of purchasing, acquiring land and constructing buildings, machinery, equipment, and furnishings, including both real and personal property, to be used in providing hospital facilities. These bonds are general obligations of the Hospital and payable from ad valorem taxes.

In August 2012, the Hospital adopted a resolution issuing \$8,000,000 General Obligation, Series 2012A bonds and \$6,000,000 Taxable General Obligation, Series 2012B bonds. Interest is payable semiannually on March 1 and September 1.

The Series 2012A bonds mature according to maturity schedules contained in the bond documents beginning on March 1, 2013, with scheduled maturities ranging from \$45,000 to \$635,000 each year through March 1, 2032. Interest rates associated with this Series range from 2.00% to 3.25%.

The Series 2012B bonds mature, according to maturity schedules contained in the bond documents, beginning on March 1, 2013. Scheduled maturities range from \$50,000 to \$520,000 each year through March 1, 2032. Interest rates associated with this Series range from 2.00% to 4.25%. These bonds are secured by and payable from unlimited ad valorem taxes.

- (B) During the year ended July 31, 2014, the Hospital issued \$1,000,000 of General Obligation Bonds, Series 2013, dated September 10, 2013. The purpose of the issue is purchasing, acquiring land and constructing buildings, machinery, equipment and furnishings, including both real and personal property, to be used in providing hospital facilities. The outstanding principal of the bonds will be repaid in ten annual installments ranging from \$85,000 to \$115,000 beginning March 1, 2014, with the final installment due March 1, 2023. Interest is payable semi-annually on March 1 and September 1 at a rate of 4.55%. These bonds are secured by and payable from unlimited ad valorem taxes.
- (C) During the year ended July 31, 2014, the Hospital issued \$4,350,000 of General Obligation Bonds, Series 2013A, dated September 10, 2013. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Taxable General Obligation Refunding Bonds, Series 2003A, and General Obligation Bonds, Series 2004, and paying the costs incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in eleven annual installments ranging from \$280,000 to \$555,000 beginning March 1, 2014, with the final installment due March 1, 2024. Interest is payable semi-annually on March 1 and September 1 at a rate of 3.05%. These bonds are secured by and payable from unlimited ad valorem taxes.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 8: LONG-TERM DEBT (Continued)

- (D) PVMO began drawing down on its debt for construction of a medical center on the East Bank of St. Charles Parish (the Project) during fiscal 2014. The Facility A and B notes are intended to qualify as a “qualified low-income community investment” for the purposes of generating certain tax credits called New Markets Tax Credits (NMTCs) under section 45D of the Internal Revenue Code of 1986, as amended. To qualify, PVMO must comply with certain representations, warranties, and covenants. These include, but are not limited to, a covenant that the “portion of the business” (as defined) will operate to qualify as a qualified low-income community business. If, as a result of the breach of the agreement or loan documents by PVMO, the Lender is required to recapture all or any part of the New Markets Tax Credits previously claimed by the Lender, PVMO agrees to pay to the Lender an amount equal to the sum of the credits recaptured. Additionally, the QLICI Lender has a security interest in the assets of PVMO other than real property.

On January 10, 2014, PVMO issued a note payable (Facility A) to FNBC-CDE #13, LLC. The note is subject to credit and loan agreements executed by PVMO, as the community development entity (CDE) under the New Markets Tax Credit Program, and FNBC- CDE #13, LLC (Lender).

The Facility A Note, issued for \$1,914,596, is secured under the aforementioned credit and loan agreements. The Facility A Note was to mature on January 10, 2021. The note borne interest at a rate per annum equal to 3.74%. PVMO paid interest only on this note quarterly in arrears on March 15, June 15, September 15, and December 15 of each year, commencing March 15, 2014, and continued until December 15, 2020. PVMO could not prepay this note in full or in part any time prior to the expiration of the NMTC seven year compliance period. In January 2021, the remaining balance of the Facility A Note was included in the refinance disclosed below in (E).

The Facility B Note in the amount of \$1,585,404 was issued in connection with Facility A on January 10, 2014 to PVMO. The note is secured under the same aforementioned credit and loan agreements executed by PVMO for the Facility A Note. The note borne interest at a rate per annum equal to 3.74% and PVMO paid interest only on this note quarterly in arrears on March 15, June 15, September 15, and December 15 of each year commencing March 15, 2014, and continued until December 15, 2020. The entire principal was due on June 15, 2021. PVMO could not prepay this note in full or in part any time prior to the expiration of the NMTC compliance period. In January 2021, PVMO exercised a put option and paid a purchase price in the amount of \$1,000 and obtained a partial debt forgiveness and the remaining balance was extinguished.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 8: LONG-TERM DEBT (Continued)

In association with Facility Notes A and B (the NMTC Facilities), the Hospital, for the benefit of PVMO, unconditionally and irrevocably guaranteed the full, complete, and timely payment and, to the extent legally permissible, performance of all obligations owed to the Lender under the loan documents.

- (E) The First National Bank Direct Loan (the Direct Loan) is a \$10,000,000 note used in construction of PVMO. Interest is payable semi-annually at a rate of 6% and principal is payable annually through 2044. It is secured with a 1st mortgage and assignment of leases and rents on the Project. The Facility A and B Notes provide funding for PVMO through the NMTC transaction and are secured with a 2nd mortgage and assignment of leases and rents. In January 2021, PVMO refinanced the Direct Loan along with the outstanding balance of the Facility A Note. The new loan balance of \$11,318,218 is to be repaid in equal monthly installments of \$61,739 beginning February 15, 2021 with the final installment due January 15, 2046. Interest is paid monthly at a rate of 4.25%.
- (F) During the period from August 1, 2015 through December 31, 2016, the Hospital issued \$7,040,000 of General Obligation Refunding Bonds, Series 2016, dated May 31, 2016. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Taxable General Obligation Bonds, Series 2005, and General Obligation Bonds, Series 2006, and paying the costs incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in ten annual installments ranging from \$370,000 to \$840,000 beginning March 1, 2017, with the final installment due March 1, 2026. Interest is payable semi-annually on March 1 and September 1 at a rate of 2.19%.
- (G) During the period from August 1, 2015 through December 31, 2016, the Hospital issued \$10,655,000 of General Obligation Refunding Bonds, Series 2016A, dated August 9, 2016. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Taxable General Obligation Bonds, Series 2007, General Obligation Bonds, Series 2009, and General Obligation Bonds, Series 2009A, and paying the costs incurred in connection with the issuance thereof.

The outstanding principal of the bonds will be repaid in thirteen annual installments ranging from \$420,000 to \$1,305,000 beginning March 1, 2017, with the final installment due March 1, 2029. Interest is payable semi-annually on March 1 and September 1 at a rate of 2.23%.

**St. Charles Parish Hospital Service District**  
**Notes to Financial Statements**

**Note 8: LONG-TERM DEBT (Continued)**

- (H) During the year ended December 31, 2018, the Hospital issued \$11,565,000 of Taxable Limited Tax Refunding Bonds, Series 2018, dated October 9, 2018. The purpose of the issue is refunding all or a portion of the Hospital's outstanding Limited Tax Bonds, Series 2014 and Limited Tax Bonds, Series 2015, and paying the costs incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in seven annual installments ranging from \$1,515,000 to \$1,785,000 beginning March 1, 2019, with the final installment due March 1, 2025. Interest is payable semi-annually on March 1 and September 1 at a rate of 4.06%.
  
- (I) During the year ended December 31, 2018, the Hospital issued \$2,300,000, of Limited Tax Bonds, Series 2018A, dated October 9, 2018. The purpose of the issue is construction, operating and maintaining the Hospital facilities, and paying the cost incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in eight annual installments ranging from \$35,000 to \$1,945,000 beginning March 1, 2019, with the final installment due March 1, 2026. Interest is payable semi-annually on March 1 and September 1 at a rate of 3.37%.
  
- (J) During the year ended December 31, 2020, the Hospital issued \$3,135,000 of General Obligation Refunding Bonds, Series 2020, dated March 24, 2020. The purpose of the issue is refunding all of the Hospital's outstanding General Obligation Bonds, Series 2009B, and paying the costs incurred in connection with the issuance thereof. The outstanding principal of the bonds will be repaid in ten annual installments ranging from \$305,000 to \$400,000 beginning March 1, 2021, with the final installment due March 1, 2029. Interest is payable semi-annually on March 1 and September 1 at a rate of 2.82%.
  
- (K) During the year ended December 31, 2021, the Hospital issued \$17,000,000 of General Obligation Refunding Bonds, Series 2021, dated August 31, 2021. The purpose of the issue is purchasing, acquiring and constructing lands, buildings, machinery, equipment and furnishings, including both real and personal property. The outstanding principal of the bonds will be repaid in fifteen annual installments ranging from \$1,005,000 to \$1,270,000 beginning March 1, 2022, with the final installment due March 1, 2036. Interest is payable semi-annually on March 1 and September 1 at a rate of 1.67%.
  
- (L) In May 2020, the Hospital received a loan in the amount of \$1,731,300 under the Payroll Protection Program (PPP Loan). The loan accrues interest at a rate of 1% and has an original maturity date of two years which can be extended to five years by mutual agreement of the Hospital and the lender.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### Note 8: LONG-TERM DEBT (Continued)

Payments are deferred during the deferral period, as defined in the agreement. The deferral period is the period beginning on the date of this note, May 2020, and ending ten (10) months after the last day of the covered period (Deferral Expiration Date). Any amounts not forgiven under the Program will be payable in equal installments of principal plus any interest owed on the payment date from the Deferral Expiration Date through the maturity date, as defined in the agreement. Additionally, any accrued interest that is not forgiven under the Program will be due on the first payment date, which is the 15th of the month following the month in which the Deferral Expiration Date occurs.

Under the requirements of the CARES Act, as amended by the PPP Flexibility Act and Consolidated Appropriations Act, 2021, proceeds may only be used for the Hospital's eligible payroll costs (with salary capped at \$100,000 on an annualized basis for each employee), or other eligible costs related to rent, mortgage interest, utilities, covered operations expenditures, covered property damage, covered supplier costs, and covered worker protection expenditures, in each case paid during the 24-week period following disbursement.

The PPP Loan may be fully forgiven if (i) proceeds are used to pay eligible payroll costs or other eligible costs and (ii) full-time employee headcount and salaries are either maintained during the 24-week period following disbursement or restored by December 31, 2020. If not maintained or restored, any forgiveness of the PPP Loan would be reduced in accordance with the regulations that were issued by the SBA. The Hospital is of the opinion that all of the proceeds of the PPP Loan were used by the Hospital to pay eligible payroll costs and the Hospital maintained its headcount and otherwise complied with the terms of the PPP Loan.

As of December 31, 2021, the PPP loan was fully forgiven by the SBA and the Hospital recognized \$1,731,300 as a forgiveness of PPP loan on the statement of revenues, expenses, and changes in net position.

As of December 31, 2021, PVMO was not in compliance with certain debt covenants regarding the submission of audited financials within 180 days of year end, submission of semi-annual rent rolls within 15 days of period end, and submission of compliance certificate. PVMO received a waiver of the debt covenant from the lender through December 31, 2022.

**St. Charles Parish Hospital Service District  
Notes to Financial Statements**

**Note 8: LONG-TERM DEBT (Continued)**

***Defeasance of Debt***

In 2021, the Hospital defeased \$1,914,596 of the Facility A Note and The First National Bank Direct Loan of 9,293,749 and issued \$11,325,228 of First National Bank Loan. The difference between the cash flows required to service the old debt and the cash flows required to service the new debt totaled \$1,052,850. An economic gain (difference between the present value of the old debt and new debt service payments) of \$2,726,883 resulted from the refunding. There were no deferred outflows recorded at December 31, 2021 relate to the defeasance of the Facility A Note and the First National Bank Direct Loan.

In 2018, the Hospital defeased \$7,725,000 of Limited Tax Bonds, Series 2014 and \$3,520,000 of Limited Tax Bonds, Series 2015 and issued \$11,565,000 of Taxable Limited Tax Refunding Bonds, Series 2018 and \$2,300,000 of Limited Tax Bonds, Series 2018A. Deferred outflows of \$120,456 and \$158,494 at December 31, 2021 and 2020 relate to the defeasance of the Series 2014 and 2015 bonds, respectively.

**Note 9: NET INVESTMENT IN CAPITAL ASSETS**

The Hospital's net investment in capital assets for the years ended December 31, 2021 and 2020, as presented on the accompanying statements of net position is calculated as follows:

	<b>2021</b>	<b>2020</b>
Capital assets, net	<b>\$ 40,427,741</b>	\$ 39,075,648
Less debt related to capital assets	<b>(63,128,411)</b>	(52,478,749)
Plus restricted cash	-	188,574
Plus cash held for capital acquisition	<b>1,182,045</b>	607,786
Net investment in capital assets	<b>\$ (21,518,625)</b>	\$ (12,606,741)

**Note 10: RURAL HOSPITAL GRANT**

Since the Hospital serves a disproportionate share of low-income patients, it qualifies for additional reimbursements from the State of Louisiana Department of Health and Hospitals rural hospital grant program. The rural hospital grant program was developed by the Rural Hospital Coalition, Inc., to assist rural hospitals in receiving adequate reimbursement for uninsured and indigent patients under the State of Louisiana Rural Hospital Preservation Act. The grant funds totaled \$5,513,835 for the year ended December 31, 2021, of which \$2,687,900 is recorded as other receivables as of December 31, 2021. The grant funds totaled \$6,130,460 for the year ended December 31, 2020, of which \$2,550,000 is recorded as other receivables as of December 31, 2020.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### **Note 11: MANAGED CARE INCENTIVE PAYMENT PROGRAM**

As part of the State of Louisiana's MCIP Program, the Hospital participated in the Quality and Outcome Improvement Network (QIN), the network formed to contract with hospitals wishing to participate in the MCIP program and implemented measures designed by the QIN to achieve incentive arrangements in exchange for incentive payments from QIN. MCIP receivable for the years ended December 31, 2021 and 2020 totaled \$785,230 and 1,317,604 respectively on the accompanying statements of net position. MCIP revenue for the years ended December 31, 2021 and 2020 totaled \$1,586,443 and \$2,108,454, respectively on the accompanying statements of revenue, expenses, and changes in net position as other operating revenue.

### **Note 12: CARES ACT FUNDING**

#### ***Provider Relief Fund***

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law by the President of the United States. Included in the CARES Act was a healthcare provider relief fund (PRF), administered by the Department of Health and Human Services (HHS), and to be distributed to healthcare providers. The purpose of the PRF is to help providers offset certain costs incurred as a result of COVID-19 including the impact to the provider's revenue if applicable. Providers were allocated a portion of the PRF based on prior revenue information reported to Centers for Medicare & Medicaid Services (CMS) in their annual Medicare cost reports. During the year ended December 31, 2021 and 2020, the Hospital received \$84,002 and \$8,553,979 in PRF payments, respectively. For year ended December 31, 2021 and 2020, the Hospital determined that, based on the guidance provided by HHS, sufficient additional costs and lost revenues related to COVID-19 are allocable to PRF payments received and has recognized \$2,725,163 and \$5,912,818, respectively, as governmental support in the statements of revenues, expenses, and changes in net position.

In addition, the CARES Act permitted employers to defer payment of the 6.2% employer Social Security tax beginning March 27, 2020 through December 31, 2020. Deferred tax amounts are required to be repaid in equal amounts over two years, with payments due in December 2021 and December 2022. During the year ended December 31, 2021 and 2020, the Hospital deferred employer Social Security tax payments totaling \$213,972 and \$407,723 pursuant to the CARES Act, respectively. The full amount is included in accrued salaries and benefits in the statements of net position.

**St. Charles Parish Hospital Service District  
Notes to Financial Statements**

**Note 12: CARES ACT FUNDING (Continued)**

Additionally, in response to the COVID-19 pandemic, CMS advanced to all providers funds under the CMS Accelerated and Advance Payment Program. The funds advanced under this program are required to begin being repaid 12 months from the award date. Beginning 12 months after the advance payments were made, CMS will automatically recoup 25% of all payments otherwise owed to the providers for 11 months. After the 11 months have elapsed, if there are still amounts yet to be repaid from the advance payment, CMS will automatically recoup 50% of all payments otherwise owed to providers for 6 months. At the end of this six-month period, if there are any amounts still unpaid, CMS will send a letter to the provider requesting the full repayment of the amount still outstanding.

The Hospital was advanced \$2,100,000 under this program. Recoupment began starting in April 2021. At December 31, 2021 and 2020 the \$1,481,493 and \$2,100,000, respectively, is recorded as a current liability in the statement of net position.

**Note 13: RENTAL REVENUES**

The Hospital leases the Medical Office Building from PVMO under a master lease agreement whereby the Hospital pays PVMO \$78,000 per month adjusted for Consumer Price Index every five years, which eliminates in consolidation for reporting purposes herein.

As part of this this agreement, the Hospital can sublease the office space to third parties. For the years ended December 31, 2021 and 2020, rental income related to this property and others rented by the Hospital totaled \$1,574,139 and \$1,476,626, respectively, and is recorded on the statements of revenues, expenses, and changes in net position as other operating revenues.

The Hospital has various office space leases with the Hospital’s manager. Annual payments under the lease range from \$49,326 to \$214,616 and the leases expire at various dates through April 30, 2031. For the years ended December 31, 2021 and 2020, the Hospital recorded rental income of \$1,185,013 and \$1,109,933, respectively, from the Hospital’s manager. Rental income with the Hospital’s manager is included in total rental income stated in the preceding paragraph.

Future minimum rent receipts are as follows:

Year Ending December 31,	Rent Receipts
2022	\$ 1,620,073
2023	1,147,170
2024	940,323
2025	833,202
2026	419,058
Thereafter	733,441
<b>Total</b>	<b>\$ 5,693,267</b>

## St. Charles Parish Hospital Service District Notes to Financial Statements

### **Note 14: MEDICAID PROGRAM SUPPORT**

As part of the Hospital's continuing support of the State of Louisiana's Medicaid Program, the Hospital has, throughout the year, made Medicaid supplemental payments to the State of Louisiana (State) restricted for use in support of the Medicaid Program. For the years ended December 31, 2021 and 2020 the Hospital made Medicaid supplemental payments of \$22,098,808 and \$17,715,493, respectively, to the State which is included in Medicaid program support, respectively on the accompanying statements of revenues, expenses, and changes in net position.

### **Note 15: RETIREMENT BENEFITS**

#### ***Multi-Employer Defined Benefit Pension Plan and 2013 Withdrawal***

Substantially all employees of the Hospital had been members of the Parochial Employees' Retirement System of Louisiana (System), a cost sharing, multiple-employer public employee retirement system, controlled and administered by a separate board of trustees. The Hospital formally terminated its participation in the Plan effective December 1, 2013.

Per Louisiana Revised Statute 11:1903, if an employer terminates its agreement for coverage of its employees, the employer shall remit to the System that portion of the unfunded actuarial accrued liability which is attributable to the employer's participation in the System. The amount required to be remitted shall be determined as of the December thirty-first immediately prior to the date of termination. The amount due shall be determined by the actuary employed by the System and shall either be paid in a lump sum or amortized over ten year in equal monthly payments with interest at the System's actuarial valuation rate, at the option of the employer.

The Hospital has chosen to pay its withdrawal liability over ten year in equal monthly installments of principal and interest of \$55,298, with the first payment due September 1, 2013. The non-interest component of this monthly payment equates to a total withdrawal liability of \$1,088,822 and \$1,652,918 as of December 31, 2021 and 2020, respectively.

In planning for the termination of participation in the Parochial Employees' Retirement System of Louisiana, the Hospital established a deferred compensation 457(b) plan and a defined contribution 401(a) retirement plan for eligible employees.

#### ***Section 457(b) Deferred Compensation Plan***

Effective December 1, 2013, the Hospital offered to its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457(b). The plan is available to all Hospital employees as of the first enrollment date following the date they become an employee and permits them to contribute a portion of their salary to the plan on an annual basis.

**St. Charles Parish Hospital Service District  
Notes to Financial Statements**

**Note 15: RETIREMENT BENEFITS (Continued)**

***Section 401(a) Defined Contribution Retirement Plan***

The Hospital also established a 401(a) retirement plan for the purpose of matching 100% of an employee's salary reduction contributions to the deferred compensation plan up to 3% of the employee's compensation received for that year. To be eligible for this match, the employee must be employed as of December 31. The contribution match for the Hospital will be made during the first quarter of the following year. For the year ended December 31, 2021 and 2020, total employer contributions to the plan were \$102,633 and \$82,838, respectively.

The amounts of compensation deferred, and other contributions under the above plans, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) held in trust for the exclusive benefit of the participants and their beneficiaries, and the benefits may not be diverted to any other use. It is the opinion of Hospital management that the Hospital has no liability for losses under the plans but does have the duty of due care that would be required of an ordinary prudent investor.

**Note 16: COMMITMENTS**

***Operating Leases***

The Hospital leases medical and office equipment under operating lease agreements and on a month-to-month basis. Annual payments under the lease range from \$14,012 to \$324,000 and the leases expire at various dates through February 28, 2025.

Future minimum lease payments required under operating leases in excess of one year are as follows:

Year Ending December 31,	<b>Lease Payments</b>
2022	\$ 1,155,160
2023	494,899
2024	149,502
2025	14,182
2026	-
<b>Total</b>	<b>\$ 1,813,743</b>

Lease expenses totaled \$1,764,890 and \$1,595,754 for the years ended December 31, 2021 and 2020, respectively, and is included in supplies and other on the accompanying statements of revenue, expenses, and changes on net position.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### **Note 16: COMMITMENTS**

#### ***Total Renal Care Cooperative Endeavor and Services Agreements***

On April 1, 2010, the Hospital entered into a ten year cooperative endeavor lease agreement with Total Renal Care, Inc. (TRC). Under this agreement, TRC is leasing approximately 4,425 square feet of the Hospital building for the sum of \$92,727 per year, payable in equal monthly installments of \$7,719. This agreement was extended for an additional 60 months, commencing on April 1, 2020 and expiring on March 31, 2025. Under the new agreement, TRC is leasing approximately 4,759 square feet of the Hospital building. Payments under this agreement increase annually and range from \$118,975 to \$133,907, payable in equal monthly installments ranging from \$9,915 to \$11,159.

The Hospital entered into a five year Acute Services Agreement with TRC effective April 1, 2010. The agreement states that the Hospital appoints TRC as its exclusive provider of dialysis and other related services to its patients. The Hospital will pay TRC for these services under the fee schedule described in "Exhibit 7.1" of the agreement. This agreement will be automatically renewed for successive two year terms unless terminated.

The Hospital also entered into a one year Stat Laboratory Services Agreement with TRC effective June 10, 2013. The agreement states that the Hospital will provide certain laboratory tests and services necessary for TRC's dialysis patients. TRC will compensate the Hospital for these services under the fee schedule described in "Exhibit A" of the agreement. This agreement has been automatically renewed for one year effective each annual period following the initial agreement, and will be automatically renewed for successive one year terms unless terminated.

### **Note 17: HOSPITAL MANAGEMENT CONTRACT**

As mentioned in Note 1, effective September 1, 2014, the Hospital is managed by St. Charles Operational Management Company (SCOMC), a wholly owned subsidiary of Ochsner Health System. The Hospital pays a monthly management fee to SCOMC in exchange for management, staff, and other assistance to operate the Hospital.

In addition to the management fee referred to above, the Hospital provides other payments to SCOMC for supplies purchased, professional services provided outside of the management agreement, and other miscellaneous items received or services provided throughout the year.

During year ended December 31, 2021, the Hospital purchased supplies and other items pursuant to this agreement through SCOMC totaling approximately \$10,200,000 and made payments of approximately \$3,500,000; outstanding amounts of approximately \$7,400,000 are recorded as due to Hospital manager in the Hospital's statement of net position as a current liability at December 31, 2021. During year ended December 31, 2020, the Hospital purchased supplies and other items pursuant to this agreement through SCOMC totaling approximately \$7,700,000 and made payments of approximately \$11,900,000, outstanding amounts of approximately \$800,000 are recorded as due to Hospital manager in the Hospital's statement of net position as a current liability.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### **Note 18: RISK MANAGEMENT AND REGULATORY MATTERS**

The health care industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, and reimbursement for patient services. Government activity has continued with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Management believes that the Hospital is in compliance with fraud and abuse, as well as other applicable government, laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

To ensure accurate payments to providers, the Tax Relief and Healthcare Act of 2006 mandated the CMS to implement a so-called Recovery Audit Contractor (RAC) program on a permanent and nationwide basis. The program uses RACs to search for potentially improper Medicare payments that may have been made to health care providers that were not detected through existing CMS program integrity efforts, on payments that have occurred at least one year ago but not longer than three years ago. Once a RAC identifies a claim it believes to be improper, it makes a deduction from the provider's Medicare reimbursement in an amount estimated to equal the overpayment.

A five-state pilot program concluded in March 2008, with a nationwide rollout of the RAC effort done in phases beginning in 2009. The experiences during the pilot found far more overpayments than underpayments.

Similarly, the CMS created new entities titled Audit Medicaid Integrity Contractors (MIC) in order to continue its efforts to ensure the highest integrity of its healthcare programs. The goal of the provider audits is to identify overpayments and to ultimately decrease the payment of inappropriate Medicaid claims. The MIC is to review claims submitted by all types of Medicaid providers, including all settings of care and types of services, with most audits taking place at staff headquarters and on occasion on-site at a provider's place of business. The Hospital has not been the subject of any RAC or MIC audits during 2021 or 2020.

#### ***Litigation***

In the normal course of business, the Hospital is, from time to time, subject to allegations that may or do result in litigation. The Hospital evaluates such allegations by conducting investigations to determine the validity of each potential claim. Based upon the advice of legal counsel, management records an estimate of the amount of ultimate expected loss, if any, for each. Events could occur that would cause the estimate of ultimate loss to differ materially in the near term.

## St. Charles Parish Hospital Service District Notes to Financial Statements

### **Note 18: RISK MANAGEMENT AND REGULATORY MATTERS (Continued)**

#### ***Workmen's Compensation***

The Hospital participates in the Louisiana Commercial and Trade Association Workmen's Compensation Trust Fund (the Trust Fund). Should the Trust Fund's assets not be adequate to cover claims made against it, the Hospital may be assessed its pro rata share of the resulting deficit. It is not practical to estimate the amount of additional assessments, if any, and the costs associated with any such assessments are treated as period expenses at the time they are assessed.

The Trust Fund presumes to be a "grantor trust" and, accordingly, income and expenses are prorated to member hospitals. The Hospital has included these allocations and equity amounts assigned to the Hospital by the Trust Fund in its financial statements.

In addition, other claims may be asserted arising from services provided to patients in the past. In the opinion of management, adequate provision has been made for losses which may occur from such asserted and unasserted claims that are not covered by liability insurance, if any. It is reasonably possible that this estimate could change materially in the near term.

#### ***Medical Malpractice Insurance***

The Hospital participates in the State of Louisiana Patient Compensation fund (the Fund). The Fund provides malpractice coverage to the Hospital for claims in excess of \$100,000 up to \$500,000. According to current state law, medical malpractice liability (exclusive of future medical care awards) is limited to \$500,000 per occurrence. The management of the Hospital has no reason to believe that the Hospital will be prevented from continuing its participation in the Fund.

The Hospital purchases medical malpractice insurance under a claims-made policy on a fixed premium basis. Accounting principles generally accepted in the United States of America require a health care provider to accrue the expense of its share of malpractice claim costs, if any, for any reported and unreported incidents of potential improper professional service occurring during the year by estimating the probable ultimate costs of the incidents. Based upon the Hospital's claims experience, no such accrual has been made. It is reasonably possible that this estimate could change materially in the near term.

### **Note 19: TAX ABATEMENTS**

In accordance with GASB 77, *Tax Abatement Disclosures*, which requires the Hospital to disclose information regarding the ad-valorem tax abatements that affect the taxes collected by the Hospital, whether approved by the Hospital or other governmental entity, ad-valorem tax abatements affecting the Hospital's tax collections are summarized below.

**St. Charles Parish Hospital Service District  
Notes to Financial Statements**

**Note 19: TAX ABATEMENTS (Continued)**

The program under which these abatements are granted is described below:

- **Industrial Tax Exemption:** Manufacturers receive a property tax exemption for a five-year period, renewable for an additional five years. Exemptible property includes buildings, machinery, equipment, furniture and fixtures for a new expanded or renovated facility.

For the year ended December 31, 2021 the Hospital's tax collections are affected by abatements authorized by the State of Louisiana (State), St. Charles Parish Council (Council), and the Industrial Development Board of St. Charles Parish (IDB) as detailed below:

<b>Industrial Tax Exemption</b>	<b>Total Amount of Abated Taxes</b>	<b>Hospital's Share of Abated Taxes</b>
State approved	\$ 119,773,666	\$ 5,382,315
Council approved	116,252	5,272
IDB approved	225,886	10,243

For the year ended December 31, 2020 the Hospital's tax collections are affected by abatements authorized by the State of Louisiana (State), St. Charles Parish Council (Council), and the Industrial Development Board of St. Charles Parish (IDB) as detailed below:

<b>Industrial Tax Exemption</b>	<b>Total Amount of Abated Taxes</b>	<b>Hospital's Share of Abated Taxes</b>
State approved	\$ 100,080,986	\$ 4,584,175
Council approved	141,866	6,556
IDB approved	250,819	11,591

Capital and related financing activities	(5,453,688)	-	-	-	(5,453,688)
Investing activities	(774,918)	-	-	-	(774,918)
Net (decrease) increase in cash and cash equivalents	10,202,510	-	-	-	10,202,510
Cash and cash equivalents - beginning of period	3,394,747	-	5,077	-	3,399,824
Cash and cash equivalents - end of period	\$ 13,597,257	-	\$ 5,077	\$ -	\$13,602,334

### Note 21: UNCERTAINTIES

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the operating activities and results of the Hospital. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.

## SUPPLEMENTARY INFORMATION

## St. Charles Parish Hospital Service District Schedule of Compensation, Benefits and Other Payments to Agency Head

**Agency Head Name:** Tara Alleman, Interim Chief Executive Officer January 2021 through February 2021. Keith Dacus, Chief Executive Officer March 2021 through December 2021.

**Note:** Effective September 1, 2014, St. Charles Parish Hospital Service District is managed by St. Charles Operational Management Company, a wholly owned subsidiary of Ochsner Health System (Ochsner). The Agency Head is Tara Alleman, Interim Chief Executive from November 2020 through February 2021 and Keith Dacus, Chief Executive Officer from March 2021 through December 2021. Tara Alleman and Keith Dacus are employees of Ochsner. St. Charles Parish Hospital Service District did not make any payments to or on behalf of the Chief Executive Officer, an individual as the agency head for the year ended December 31, 2021.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Commissioners  
St. Charles Parish Hospital Service District  
Luling, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the St. Charles Parish Hospital Service District (the Hospital), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Hospital's financial statements, and have issued our report thereon dated July 27, 2022.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Hospital's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control. Accordingly, we do not express an opinion on the effectiveness of the Hospital's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Hospital's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

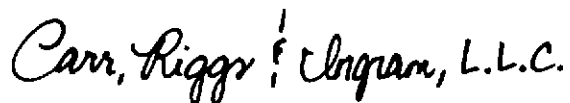

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Hospital's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Hospital's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana revised Statute 24:513, this report is distributed by the Legislative Auditor of the State of Louisiana as a public document.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR THE MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Commissioners  
St. Charles Parish Hospital Service District  
Luling, Louisiana

**Report on Compliance for the Major Federal Program**

***Opinion on the Major Federal Program***

We have audited the St. Charles Parish Hospital Service District (the Hospital) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the Hospital’s major federal program for the year ended December 31, 2021. The Hospital’s major federal program is identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Hospital complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program for the year ended December 31, 2021.

***Basis for Opinion on the Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors’ Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Hospital and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Hospital’s compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Hospital's federal program.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Hospital's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Hospital's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Hospital's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Hospital's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a significant deficiency.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2021-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the Hospital's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The Hospital's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Under Louisiana revised Statute 24:513, this report is distributed by the Legislative Auditor of the State of Louisiana as a public document.

Total U.S. Department of Health and Human Services			8,735,143	-	8,735,143
<b><i>Total Expenditures of Federal Awards</i></b>			<b>\$ 8,735,143</b>	<b>\$ -</b>	<b>\$ 8,735,143</b>

**St. Charles Parish Hospital Service District**  
**Notes to Schedule of Expenditures of Federal Awards**  
**For the Year Ended December 31, 2021**

**Note 1: GENERAL**

The accompanying schedule of expenditures of federal awards presents the activity of all federal awards of the Hospital. The Hospital's reporting entity is defined in Note 1 to the Hospital's basic financial statements. All federal awards were received directly from federal agencies and are included on the schedule of expenditures of federal awards, as well as federal assistance passed through government agencies.

**Note 2: BASIS OF ACCOUNTING**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Hospital and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

**Note 3: INDIRECT COST RATE**

The Hospital has not elected to use the 10% de minimis indirect rate allowed under the Uniform Guidance.

**NOTE 4: RECONCILIATION OF GOVERNMENTAL SUPPORT TO EXPENDITURES OF FEDERAL AWARDS**

The reporting period for PRF differs from the fiscal year end of the Hospital. Below is a reconciliation of the schedule of expenditures of federal awards to the governmental support as presented on the statement of revenue, expenses, and changes in net position and statements of net position of the Hospital.

**For the year ended December 31, 2021:**

---

Federal Grant Revenue		
Uninsured Payments recognized as Patient Service Revenue	\$	135,395
HHS CARES Act Provider Relief Funds – December 31, 2020		5,912,818
HHS CARES Act Provider Relief Funds – December 31, 2021		2,725,163
HHS CARES Act Provider Relief Funds not eligible for PRF submission – December 31, 2021		(84,002)
Interest recognized as Interest Income – December 31, 2021		45,769
<hr/>		
Total federal expenditures	\$	8,735,143

---

**St. Charles Parish Hospital Service District  
Notes to Schedule of Expenditures of Federal Awards  
For the Year Ended December 31, 2021**

**Note 5: LOAN**

The Hospital did not expend federal awards related to loans or loan guarantees during the year ended December 31, 2021.

**Note 6: FEDERALLY FUNDED INSURANCE**

The Hospital had no federally funded insurance for the year ended December 31, 2021.

**Note 7: NONCASH ASSISTANCE**

The Hospital did not receive any federal noncash assistance for the year ended December 31, 2021.

**St. Charles Parish Hospital Service District  
Schedule of Findings and Questioned Costs  
For the Year Ended December 31, 2021**

**Section II – Financial Statement Findings**

*There were no findings noted related to the financial statements for the year ended December 31, 2021.*

*There were no findings noted related to compliance and other matters for the year ended December 31, 2021.*

**Section III – Federal Award Findings and Questioned Costs**

**2021-001 Significant Deficiency: Compliance and Internal control over Allowable Costs and Special Reporting Compliance**

**Title and Assistance Listing Number of Federal Program:** COVID-19 Provider Relief Fund  
93.498

**Federal Award Identification Number and Year:** 2021

**Name of Federal Agency:** Department of Health and Human Services

**Criteria:** Per 2 CFR 200.303(a) non-federal entities are required to have processes designed and implemented to provided reasonable assurance regarding the achievement of objectives. Recipients of Provider Relief Fund distributions are required to follow the terms and conditions of reporting requirements.

**Condition:** Expenditures were duplicated in the PRF round 1 and round 2 reporting.

**Cause:** Controls were not effective over reporting which caused the Hospital to inappropriately duplicate certain expenditures in round 1 and round 2 reporting within the Provider Relief Fund Reporting Portal.

**Effect:** The Hospital’s Special Reporting duplicated amounts quantified as usage of the PRF funds.

**St. Charles Parish Hospital Service District  
Schedule of Findings and Questioned Costs  
For the Year Ended December 31, 2021**

**Perspective:** The inclusion of duplicate amounts in both reporting periods was a result of a misunderstanding of how the reporting portal worked. Since the period of availability for each round overlaps with all previous reporting periods, the Hospital believed that the reporting was based on cumulative amounts received and used (from all prior periods). Duplicate amounts did not result in the questioned costs as the Hospital has excess in lost revenue to qualify the usage.

**Questioned Costs:** None noted.

**Auditors' Recommendation:** It is recommended that the Hospital design, implement, and monitor proper controls around the accumulation of data for submission of Provider Relief Fund to the Provider Relief Fund Reporting Portal.

**Managements Response:** See corrective action plan on page 68.

**St. Charles Parish Hospital Service District  
Summary Schedule of Prior Year Audit Findings  
For the Year Ended December 31, 2021**

**Section IV – Prior Findings and Questioned Costs for Federal Award Findings**

*There were no prior year findings or questioned costs noted.*

## St. Charles Parish Hospital Service District Corrective Action Plan

### **CORRECTIVE ACTION PLAN**

#### **2021-001 Significant Deficiency: Compliance and Internal control over Allowable Costs and Special Reporting Compliance**

**Planned Corrective Action:** Upon compilation of Provider Relief Fund Reporting data, the Controller will review the expenditures reported from previous periods to ensure there is no duplication of expenditures included in the report.

**Anticipated Completion Date:** September 30, 2022

**Responsible Party:** Tara Alleman, CFO.

**AGREED-UPON PROCEDURES REPORT**

December 31, 2021

## **INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES**

To the Board of Commissioners of  
St. Charles Parish Hospital Service District  
Luling, Louisiana  
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below, which were agreed to by St. Charles Parish Hospital Service District (the Hospital) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2021 through December 31, 2021. The Hospital's management is responsible for those C/C areas identified in the SAUPs.

The Hospital has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the agreed-upon procedures engagement. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not need the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

### ***Written Policies and Procedures***

---

1. Obtain the Hospital's written policies and procedures and report whether those written policies and procedures address each of the following financial/business functions:

a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.

**Results:** No exceptions were found as a result of applying the above procedure.

b) ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.

**Results:** No exceptions were found as a result of applying the above procedure.

c) ***Disbursements***, including processing, reviewing, and approving.

**Results:** No exceptions were found as a result of applying the above procedure.

- d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

**Results:** No exceptions were found as a result of applying the above procedure.

- e) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.

**Results:** No exceptions were found as a result of applying the above procedure.

- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

**Results:** No exceptions were found as a result of applying the above procedure.

- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

**Results:** No exceptions were found as a result of applying the above procedure.

- h) **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

**Results:** No exceptions were found as a result of applying the above procedure.

- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

**Results:** No exceptions were found as a result of applying the procedure.

- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

**Results:** No exceptions were found as a result of applying the procedure.

- k) **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

**Results:** No exceptions were found as a result of applying the procedure.

- l) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

**Results:** No exceptions were found as a result of applying the procedure.

### ***Written Policies and Procedures***

---

2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

**Results:** No exceptions were found as a result of applying the procedure.

- b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternately, for those entities reporting on the nonprofit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*

**Results:** No exceptions were found as a result of applying the procedure.

- c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund

**Results:** No exceptions were found as a result of applying the procedure.

### ***Bank Reconciliations***

---

3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from

the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

**Results:** No exceptions were found as a result of applying the procedure.

- b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

**Results:** No exceptions were found as a result of applying the procedure.

- c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

**Results:** No exceptions were found as a result of applying the procedure.

#### ***Collections (excluding electronic funds transfers)***

---

- 4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- a) Employees that are responsible for cash collections do not share cash drawers/registers.

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- 6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was enforced during the fiscal period.

**Results:** No exceptions were found as a result of applying the procedure.

- 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

- a) Observe that receipts are sequentially pre-numbered.

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- c) Trace the deposit slip total to the actual deposit per the bank statement.

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

**Results:** Not applicable because no collections have been made by the Hospital's employees.

- e) Trace the actual deposit per the bank statement to the general ledger.

**Results:** Not applicable because no collections have been made by the Hospital's employees.

***Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)***

---

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

**Results:** No exceptions were found as a result of applying the procedure.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

**Results:** No exceptions were found as a result of applying the procedure.

- b) At least two employees are involved in processing and approving payments to vendors.

**Results:** No exceptions were found as a result of applying the procedure.

- c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

**Results:** No exceptions were found as a result of applying the procedure.

- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

**Results:** No exceptions were found as a result of applying the procedure.

10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:

- a) Observe that the disbursement matched the related original itemized invoice and that supporting documentation indicates that deliverables included on the invoice were received by the entity.

**Results:** No exceptions were found as a result of applying the procedure.

- b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

**Results:** No exceptions were found as a result of applying the procedure.

### ***Credit Cards/Debit Cards/Fuel Cards/P-Cards***

---

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

**Results:** No exceptions were found as a result of applying the procedure.

12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

- a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]

**Results:** No exceptions were found as a result of applying the procedure.

- b) Observe that finance charges and late fees were not assessed on the selected statements.

**Results:** No exceptions were found as a result of applying the procedure.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

**Results:** No exceptions were found as a result of applying the procedure.

### ***Travel and Travel-Related Expense Reimbursements (excluding card transactions)***

---

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

- a) If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov)).

**Results:** No exceptions were found as a result of applying the procedure.

- b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

**Results:** No exceptions were found as a result of applying the procedure.

- c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

**Results:** No exceptions were found as a result of applying the procedure.

- d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

**Results:** No exceptions were found as a result of applying the procedure.

### **Contracts**

---

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

- a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

**Results:** No exceptions were found as a result of applying the procedure

- b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).

**Results:** No exceptions were found as a result of applying the procedure

- c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g. if approval is required for any amendment was approval documented).

**Results:** No exceptions were found as a result of applying the procedure

- d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

**Results:** No exceptions were found as a result of applying the procedure

## ***Payroll and Personnel***

---

16. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

**Results:** No exceptions were found as a result of applying the procedure.

17. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:

- a) Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to a policy and/or contract, the official should document his/her daily attendance and leave.)

**Results:** No exceptions were found as a result of applying the procedure.

- b) Observe that supervisors approved the attendance and leave of the selected employees or officials.

**Results:** No exceptions were found as a result of applying the procedure.

- c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.

**Results:** No exceptions were found as a result of applying the procedure.

- d) Observe that the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.

**Results:** No exceptions were found as a result of applying the procedure.

18. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity policy on termination payments. Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.

**Results:** No exceptions were found as a result of applying the procedure.

19. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g. payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

**Results:** No exceptions were found as a result of applying the procedure.

## ***Ethics***

---

20. Using the 5 randomly selected employees/officials from procedure #16 under “Payroll and Personnel” above: obtain ethics documentation from management, and:

- a. Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

**Results:** Not applicable to the employees of the Hospital under state law R.S. 42:1170 A.(3)(c).

- b. Observe that the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity’s ethics policy during the fiscal period, as applicable.

**Results:** No exceptions were found as a result of applying the procedure.

## ***Debt Service***

---

21. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management’s representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued.

**Results:** No exceptions were found as a result of applying the procedure.

22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management’s representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

**Results:** No exceptions were found as a result of applying the procedure.

## ***Fraud Notice***

---

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management’s representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

**Results:** No exceptions were found as a result of applying the procedure.

24. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

**Results:** No exceptions were found as a result of applying the procedure.

## ***Information Technology Disaster Recovery/Business Continuity***

---

25. Perform the following procedures, **verbally discuss the results with management, and report “We performed the procedure and discussed the results with management.”**

- a. Obtain and inspect the entity’s most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.

**Results:** No exceptions were found as a result of applying the procedure.

- b. Obtain and inspect the entity’s most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

**Results:** No exceptions were found as a result of applying the procedure.

- c. Obtain a listing of the entity’s computers currently in use, and their related locations, and management’s representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

**Results:** No exceptions were found as a result of applying the procedure.

## ***Sexual Harassment***

---

26. Using the 5 randomly selected employees/officials from procedure #16 under “Payroll and Personnel” above, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.

**Results:** Exception noted: None of the five employees selected had documentation showing completion of the sexual harassment training during the calendar year.

27. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity’s premises if the entity does not have a website).

**Results:** No exceptions were found as a result of applying the procedure.

28. Obtain the entity’s annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that it includes the applicable requirements of R.S. 42:344:

- a. Number and percentage of public servants in the agency who have completed the training requirements;

**Results:** No exceptions were found as a result of applying the procedure.

- b. Number of sexual harassment complaints received by the agency;

**Results:** No exceptions were found as a result of applying the procedure.

- c. Number of complaints which resulted in a finding that sexual harassment occurred;

**Results:** No exceptions were found as a result of applying the procedure.

- d. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and

**Results:** No exceptions were found as a result of applying the procedure.

- e. Amount of time it took to resolve each complaint.

**Results:** No exceptions were found as a result of applying the procedure.

We were engaged by the Hospital to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Hospital and to meet our ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

RE: Management's Response to Statewide Agreed-Upon Procedures  
St. Charles Parish Hospital Service District

Dear Sirs:

St. Charles Parish Hospital Service District will ensure that its employees take the sexual harassment training annually as required by the State of Louisiana.

Sincerely,

Keith Dacus  
Chief Executive Officer
