NOTES TO FINANCIAL STATEMENTS - CASH BASIS

(See Independent Accountants' Compilation Report)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The Seventh District Volunteer Fire Department (Department) is a non-profit corporation. The purpose of the Department is to provide fire protection, emergency medical service, and hazardous materials handling to the citizens of the Department's district within the Parish of Ascension, Louisiana.

Basis of accounting

The Department's accounts are maintained on the cash basis, and the statement of financial position, the statement of activities, and the statement of functional expenses reflect only cash received and disbursed. Therefore, receivables, property, payables, accrued income and expenses, which may be material in amount, are not reflected in the accompanying financial statements. As such, these statements are not intended to present the financial position, results of operations and cash flows in conformity with generally accepted accounting principles.

The Department reports information regarding their financial position and activities according to two classes of net assets: net assets with donor restrictions and net assets without donor restrictions.

- *Net Assets Without Donor Restriction* - Net assets that are not subject to or are no longer subject to donor-imposed stipulations.
- *Net Assets With Donor Restriction* - Net assets whose use is limited by donor-imposed time and/or purpose restrictions

The compiled financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Department's compiled financial statements for 2019, from which the summarized information was derived.

(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income taxes

The Department is a not-for-profit organization that is exempt from income taxes under Section 501(c)(4) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation.

The Department follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740-10, *Income Taxes*. Management of the Department believes it has no material uncertain tax positions and, accordingly it has not recognized any liability for unrecognized tax benefits. The Department's open audit periods are 2017 through 2020.

Revenue recognition

The Department is primarily funded by an allocation of an insurance rebate provided by the State of Louisiana through the Parish of Ascension. Supplemental funding is provided by donations solicited from the general public, local businesses, and civic organizations, which are recognized when received.

Advertising

Advertising costs are expensed as incurred. Advertising costs were \$4,235 in 2020.

Cash and cash equivalents

Cash equivalents include investments with original maturities of three months or less. The Department has no cash equivalents at December 31, 2020.

Fair value of financial instruments

The carrying value of cash approximates fair value due to the short-term maturity of this instrument.

Reclassification

Certain prior year expenses have been reclassified for consistency with the current period presentation.

Subsequent events

In preparing the financial statements, the Department has evaluated events and transactions for potential recognition or disclosure through June 18, 2021, which was the date the financial statements were available to be issued.

NOTE 2 - RELATED PARTY TRANSACTIONS

Since the Department provides a service that would otherwise be provided by Ascension Parish Government (APG) through a fire protection district, the APG provides support including assuming certain costs and providing the facilities and equipment used by the Department.

During 2017, the Department sponsored a fundraiser to pay for the medical expenses for a Department officer. These funds were recognized as temporarily restricted revenues. In 2020, none of the restricted revenues were disbursed.

The Department utilizes firehouse facilities provided by Ascension Parish Government. Governmental Accounting Standards Board (GASB) No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*, requires only payments for payroll and related benefit expenses to be recorded when one entity provides non-cash support to another entity. The valuation relating to the utilization of these facilities are not reflected in the Statement of Activities – Cash Basis as in-kind revenue and expenses.

NOTE 3 - LIQUIDITY AND AVAILABILITY OF RESOURCES

As part of the Department's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. As of the balance sheet date, the Department has \$217,107 in cash and cash equivalents available for general expenditures within the upcoming year.
