INDEPENDENT AUDITORS' REPORT

Honorable Jamie B. Bice Honorable Ronald C. Richard

City Court of Lake Charles Lake Charles, Louisiana

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City Court of Lake Charles, Louisiana, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City Court of Lake Charles's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City Court of Lake Charles, as of December 31, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City Court of Lake Charles and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City

Court of Lake Charles's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City Court of Lake Charles's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City Court of Lake Charles's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that budgetary comparison information on pages 35-36, Schedule of Employer's Proportionate Share of Net Pension Liability on page 37, Schedule of Employer's Pension Contributions on page 38, and Notes to the Required Supplementary Information on page 39 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City Court of Lake Charles's basic financial statements. The accompanying schedule of compensation, benefits and other payments to agency heads and the Justice Funding Schedule – collecting/disbursing entity, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 1, 2022, on our consideration of the City Court of Lake Charles, Louisiana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City Court of Lake Charles's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City Court of Lake Charles's internal control over financial reporting and compliance.

Notes to the Financial Statements

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

INTRODUCTION

The City Court of Lake Charles, Louisiana (the "City Court") was created under the authority of Louisiana Revised Statutes ("LRS") 13:1952. The City Court has jurisdiction within the Third Ward of Calcasieu Parish and has the authority to decide certain juvenile, traffic and criminal matters, as well as civil disputes, up to \$50,000. City Court revenues include court costs on civil and criminal cases, and other revenues.

The accounting and reporting policies of the City Court conform with generally accepted accounting principles as applicable to governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The City Court is fiscally dependent on the City of Lake Charles (the "City"). The City owns the building in which the City Court operates and provides funds for salaries. Because the City Court is fiscally dependent on the City, the City Court was determined to be a component unit of the City, the financial reporting entity. The accompanying financial statements presents information only on the funds maintained by the City Court and does not present information on the City, the general governmental services provided by the governmental unit, or the other governmental units that comprise the financial reporting entity.

B. BASIS OF PRESENTATION

The City Court uses fund accounting to maintain its financial records and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain City Court functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Governmental-Wide Financial Statements

The governmental-wide financial statements include a Statement of Net Position and the Statement of Activities. These statements report information on all of the non-fiduciary activities of the primary government. Internal service fund activity is eliminated to avoid duplicating revenues and expenses. Fiduciary funds are also excluded from the governmental-wide financial statements.

The Statement of Net Position and the Statement of Activities report financial information for the City Court as a whole so that individual funds are not displayed. However, the Statement of Activities reports the expense of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) court cost charges to users for the City Court's services; (2) court cost charges which finance repayment of the principal and interest on the building loan agreement with the City; and (3) maintenance. These revenues are subject to externally imposed restrictions to these program uses. Other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

The City Court uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

B. BASIS OF PRESENTATION – (Continued)

GOVERNMENTAL FUNDS

<u>General Fund</u> - The General Fund is the general operating fund of the City Court. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Special Revenue Fund</u> - Special Revenue Funds are used to account for all specific revenue sources that are legally restricted to expenditures for specified purposes.

Judicial Expense Fund – This fund contains the transfers the judges' fees earned from the civil fund. Funds are accumulated and used only to pay the judges in years that their salary falls below the legal maximum allowed. The remainder of this fund is utilized in accordance with Louisiana Statute RS 13:996, stating that this fund is established and may be used for any purpose or purposes connected with, incidental to or related to the proper administration or function of the City Court. No salary may be paid from the Judicial Expense Fund to any of the judges of the City Court.

<u>Judicial Building Fund</u> - In accordance with Louisiana Statute RS 13:1899, the City Court collects a filing fee and places it in an account dedicated exclusively to the acquisition, leasing, construction, equipping and maintenance of new and existing city court buildings.

<u>Building Maintenance Fund</u> – In accordance with Louisiana Statute RS 13:2080.1, the City Court collects from every person filing any type of civil suit or proceeding, and who is not otherwise exempt by law from payment of court cost, an additional sum to be placed in a separate account designated as the Building Maintenance Fund. This fund is established and may be used for any capital improvements for the building housing the city court.

FIDUCIARY FUND TYPES

<u>Custodial Fund</u> - The custodial funds are used to account for assets held by the City Court as an agent for individuals, other governments, and/or other funds. These funds do not involve measurement of results in operations.

Advanced Court Costs Fund- Advanced court costs are deposits made by plaintiffs who file civil suits. These deposits are recorded as a liability. The court acts only as a collection agent for fees in civil matters. As the suits are processed, the various fees earned are paid out on a monthly basis. Thus, the activity in this account is not reflected in the statement of revenues collected and expenditures paid. After a case is dismissed, any excess deposit is refunded to the plaintiff.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

C. MEASUREMENT FOCUS AND BASIC ACCOUNTING

Measurement focus refers to what is being measured. Basis of accounting refers to when revenues and expenditures (or expenses) are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The governmental-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources should be recognized when the exchange takes place. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the governmental-wide statements and the fund financial statements.

In the fund financial statements, governmental funds are accounted for using the modified accrual basis of accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the City Court, are charges to service and court costs and fines.

The City Court currently has one custodial fiduciary fund. Custodial funds are unlike all other types of funds, reporting only assets and liabilities. Therefore, agency funds cannot be said to have a measurement focus. They do, however, use the accrual basis of accounting to recognize receivables and payables.

D. BUDGETS AND BUDGETARY ACCOUNTING

The Comptroller prepares a proposed budget and submits it to the City Court Judges prior to the beginning of each fiscal year. The operating budget includes proposed expenditures and the means of financing them.

Any revisions that alter total expenditures of any fund must be approved by the Judges. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds. All budgetary appropriations lapse at the end of each fiscal year.

Budgets for the General and Special Revenue Funds are adopted on a modified accrual basis of accounting. Budgeted amounts are as originally adopted, or as amended by the City Court Judges.

E. CASH

Cash includes amounts in demand deposits, interest-bearing demand deposits and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the City Court may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

F. CASH - RESTRICTED

These assets consist of cash deposits restricted for various purposes as detailed in Note 3.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

G. CAPITAL ASSETS AND DEPRECIATION

Capital assets are capitalized at historical costs. The City Court maintains a threshold level of \$2,500 or more for capitalizing assets.

Capital assets are recorded in the Statement of Net Position and Statement of Activities. All capital assets are depreciated using the straight-line method over the following useful lives:

Office equipment 3 to 15 years
Furniture and fixtures 3 to 10 years
Software 5 to 10 years

Since surplus assets are sold for an immaterial amount when declared no longer needed by the City Court, no salvage value is taken into consideration for depreciation purposes.

H. COMPENSATED ABSENCES

All full-time and part-time employees earn from 10-25 days of vacation leave each year, depending upon length of service. Vacation leave is available for use by employees within thirty-six months of accrual. Employees shall accrue no more than 600 hours of annual leave. Upon resignation, termination or retirement, unused vacation leave up to 600 hours is paid to the employee at the employee's current rate of pay.

Sick leave is earned at the rate of 12-18 days per year, depending upon length of service, for all full-time employees. Unused sick leave may be accumulated from year to year. However, unused sick leave is forfeited upon termination unless employment reached 20+ years. If the employee was hired on or before December 31, 2003, accumulation of sick leave shall not exceed 600 hours. If the employee was hired on or after January 1, 2004, accumulation of sick leave shall not exceed 400 hours.

At December 31, 2021, employees of the City Court have accumulated \$44,090 in leave privileges as shown in the statement of net position.

I. PENSIONS

For purposes of measuring the Net Pension Liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Louisiana State Employees' Retirement System (LASERS) and additions to/deductions from LASERS' fiduciary net position have been determined on the same basis as they are reported by LASERS. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

J. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

K. DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

In some instances, GASB requires a government to delay recognition of decreases in net position as expenditures until a future period. In other instances, governments are required to delay recognition of increases in net position as revenue until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively. At December 31, 2021, the City Court's deferred outflows and inflows of resources were attributable to its pension plan.

L. EQUITY CLASSIFICATION

In the governmental-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Constraints may be placed on the use, either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

M. FUND EQUITY

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City Court is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- a. Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- b. Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- c. Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Judges. The judges are the highest level of decision making authority for the City Court. These amounts cannot be used for any other purpose unless the judges remove or change the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

M. FUND EQUITY - (Continued)

- d. Assigned: This classification includes amounts that are constrained by the City Court's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the judges or through the judges delegating this responsibility through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.
- e. Unassigned: This classification includes the residual fund balance for the General Fund.

The City Court typically uses restricted fund balances first, followed by committed, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

N. RECENTLY ISSUED ACCOUNTING PRONOUNCEMENT

In June 2017, GASB approved Statement No. 87, "Leases." The objective of this Statement is to establish a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The provisions of GASB No. 87 must be implemented by the City Court for periods beginning after June 15, 2021, with earlier application encouraged. The effect of implementation of the statement on our financial statements has not yet been determined.

O. RESTATEMENT OF NET POSITION

In prior years, the City Court's obligation for employees' rights to receive compensation for future absences was not recognized. The general fund balance and governmental net position as of December 31, 2020 have been restated as follows:

		vernmental Activities
Total net position December 31, 2020 as previously reported	\$	149,380
Change in compensated absences as of December 31, 2020		(34,586)
Total net position December 31, 2020, restated	<u> </u>	114,794
	Ger	neral Fund
Total fund balance December 31, 2020 as previously reported	\$	(13,635)
Change in compensated absences as of December 31, 2020		(34,586)
Total fund balance December 31, 2020, restated	\$	(48,221)

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

2. CASH

At December 31, 2021, the City Court had cash and interest-bearing deposits (book balances) totaling \$1,152,898 for governmental and fiduciary funds. Of this amount, \$384,475 is restricted as described in note 3.

In accordance with a fiscal agency agreement which is approved by the City Judges, the City Court maintains demand and time deposits through an administrator bank at participating local depository banks which are members of the Federal Reserve System. Deposits in excess of federally insured amounts are required by Louisiana state statute to be protected by collateral of equal market value. Authorized collateral includes general obligations of the U.S. Government, obligations issued or guaranteed by an agency established by the U.S. Government, general obligation bonds of any state of the U.S., or any Louisiana parish, municipality, or school district. The City Court's bank and demand and time deposits at year end were fully collateralized.

The following summary of deposit balances (bank balances) at December 31, 2021, and the related federal insurance and pledged securities were as follows:

Bank balances	\$ 1,181,952
Federal deposit insurance	\$ 250,000
Pledge securities	 1,235,750
Total federal insurance and pledged securities	\$ 1,485,750

As of December 31, 2021, the City Court's total bank balances were fully insured or collateralized with securities held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties and, therefore, not exposed to custodial credit risk.

3. CASH - RESTRICTED

Restricted assets described in Note 1(F) as of December 31, 2021 were as follows:

Cash deposits:

Judicial building fund	\$ 151,561
Building maintenance fund	 232,914
	\$ 384,475

The City Court and the City completed the new City Court Building in 2013. The building is owned by the City. Included in the funding for the construction was a three-million-dollar loan to the City from the Calcasieu Parish Public Trust Authority. As per the loan agreement, the payment and security of the bonds will provide for a pledge by the City and the City Court of revenues collected by the City Court and deposited into the Judicial Building Fund and Judicial Maintenance Fund. The City Court will make annual payments equal to the current year's debt service requirement if funds are available. The amount paid in principal and interest payments for 2021 was \$183,710.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

4. CAPITAL ASSETS

Capital assets and depreciation activity for the year ended December 31, 2021, were as follows:

Depreciation was charged to governmental functions in the amount of \$26,880 for the year ended December 31, 2021. The entity had no infrastructure assets as of December 31, 2021

5. RETIREMENT BENEFITS

Plan Descriptions

The City Court participates in two state-administered cost-sharing multiple-employer retirement systems, which together cover substantially all of the City's full-time employees: Municipal Employees' Retirement System ("MERS") and Louisiana State Employees' Retirement System ("LASERS") of the State of Louisiana. These systems are cost-sharing, multiple-employer defined benefit pension plans administered by separate boards of trustees. Article 10, Section 29 of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions to the state legislature. The systems issue annual, publicly-available financial reports that include financial statements and require supplementary information for the systems.

Although separately administered by their respective boards of trustees, these systems are established and regulated by acts of the Louisiana Legislature with respect to membership and contribution requirements, plan benefits, and actuarial determination of funding requirements as provided by the state constitution. The City Court of Lake Charles implemented Government Accounting Standards Board (GASB) Statement 68 on Accounting and Financial Reporting for Pensions and Statement 71 on Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB 68. Additional disclosures with respect to GASB 68 to the City's participation in these systems are provided below.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

5. RETIREMENT BENEFITS—(Continued)

Generally accepted accounting principles require the City Court to recognize the difference between the actuarial total pension liability and the fair value of the legally restricted plan assets related to its participation in MERS, all cost-sharing, multiple employer defined benefit pension plans, as a net pension liability on the statement of net position.

In addition, the City Court is required to recognize its share of the deferred outflows and deferred inflows associated with its participation in the plan. However, because the City Court employees participate under the umbrella of the City (of which they are a component unit), their share of the net pension liability, deferred inflows and outflows are included in the City amounts. Information specific to the City Court needed to implement these accounting requirements is not readily available. As such, the City Court did not apply the provisions as required by generally accepted accounting principles for MERS. Information related to participation in these retirement plans can be found in the financial statements of the City as of September 30, 2021, which includes the City Court.

<u>Plan description – LASERS</u>

The City Court of Lake Charles has two judges participating in LASERS. The System was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of LRS 11:401, as amended, for eligible state officers, employees and their beneficiaries. The projection of benefit payments in the calculation of total pension liability includes all benefits to be provided to current active and inactive employees through LASERS in accordance with benefit terms and any legal agreements in force at the measurement date.

Benefits Provided

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Retirement Benefits

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. The rank and file members hired prior to July 1, 2006, may either retire with full benefits at any age upon completing 30 years of creditable service, or at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015 may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service depending on the applicable plan. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement throughout their life, with certain benefits being paid to their designated beneficiary after their death.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

5. RETIREMENT BENEFITS – (Continued)

Act 992 of the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service.

Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, after 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

Act 226 of the 2014 Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members. Regular members and judges under the new plan are eligible to retire at age 62 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate, and judges a 3.5% accrual rate, with the extra 1.0% accrual rate based on all years of service as a judge.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification.

Deferred Retirement Options

The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan ("DROP"). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan ("SDP") which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit option ("IBO") in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004, are required to

5. RETIREMENT BENEFITS – (Continued)

enter the SDP as described above.

Disability Benefits

Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age.

Upon reaching retirement age, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees.

For injuries sustained in the line of duty, hazardous duty personnel in the Hazardous Duty Services Plan will receive a disability benefit equal to 75% of final average compensation or 100% of final average compensation if the injury was the result of an intentional act of violence.

Survivor's Benefit

Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased regular member hired before January 1, 2011 who was in state service at the time of death must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

The deceased regular member hired on or after January 1, 2011, must have a minimum of five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year before death.

Permanent Benefit Increases/Cost of Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments ("COLAs"), that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

Contributions

Contribution requirements of active employees are governed by Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) and may be amended by the Louisiana Legislature. Employee and employer contributions are deducted from a member's salary, and along with employer contributions are remitted to LASERS by participating employers. The rates in effect during the year ended December 31, 2021 for the Judges hired after 1/01/2011 was 43.6% from January 1, 2021 – June 30, 2021 and 43.0% from July 1, 2021 – December 31, 2021 for the employer rate. Contributions to the pension plan from the City Court were \$73,254 for the year ended December 31, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2021, the Employer reported a liability of \$479,561 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2021 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The City Court's proportion of the Net Pension Liability was based on a projection of the City Court's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021 the City Court's proportion was 0.00871%, which was an increase of 0.00066% from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021, the City Court recognized pension expense of \$36,616 plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, \$2,425.

At December 31, 2021, the City Court reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

The \$36,373 reported as deferred outflows of resources related to pensions resulting from City Court contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

^{*}The investment rate of return used in the actuarial valuation for funding purposes was 7.75%, recognizing an additional 35 basis points for gain-sharing. The net return available to fund regular plan benefits is 7.4%, which is the same as the discount rate. Therefore, we conclude that 7.40% discount is reasonable.

Actuarial Assumptions -- Continued

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.3% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.61% for 2021.

Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2021 are summarized in the following table:

	Long Term		
	Expected Real		
Asset Class	Rate of Return		
Cash	-0.29%		
Domestic Equity	4.09%		
International Equity	5.12%		
Domestic Fixed Income	0.49%		
International Fixed Income	3.94%		
Alternative Investments	6.93%		
Total Fund	5.81%		

Discount Rates

The discount rate used to measure the total pension liability was 7.40%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the pension plan's actuary. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

6. ON-BEHALF PAYMENTS

Employees receive payments directly from the City of Lake Charles, the Calcasieu Parish Government and the State of Louisiana for salaries, payroll taxes, health insurance, unemployment benefits, retirement plan contributions and worker's compensation. Salaries paid to these employees include \$923,262 from the City of Lake Charles, \$14,638 from the Calcasieu Parish Government and \$101,172 from the State of Louisiana.

7. LOUISIANA REVISED STATUTES CONCERNING THE ADVANCED COURT COST CUSTODIAL FUND

Louisiana Revised Statute 13:1907 establishes whenever a surplus of filing fees and cost has accumulated in the City Court civil fee account and such fee or cost has remained unclaimed in excess of five years, the City Court may transfer the amount of surplus to the general operational fund of the court upon receipt of evidence that notice has been provided or attempted at the last known address to the person who would be due a refund.

8. RISK MANAGEMENT

The City Court is exposed to risks of loss in the areas of professional liability and workers' compensation. All of these risks are handled by purchasing commercial insurance coverage. There have been no significant reductions in the insurance coverage during the year, nor have settlements exceeded coverage for the past three years.

NOTES TO FINANCIAL STATEMENTS For the Year Ended December 31, 2021

9. RELATED PARTY TRANSACTIONS

The accompanying financial statements do not include certain portions of the City Court's expenses paid directly by other governmental entities. The City pays the salaries, payroll taxes, and insurances for the City Court and is included in the on-behalf payments.

The City Court has signed an order with the City as of December 1, 2010, stating that the City Court shall pay to the City, in order to provide for the repayment of the loan including the total interest becoming due and payable and the total principal amount and premium, if any. The amount paid to the City for the building is included in the intergovernmental transfer under the judicial building fund in the amount of \$183,710.

10. COMMITMENTS

As of December 31, 2021, the City Court owes \$825,000 on the building mentioned in Note 9. Future maturities of this commitment are as follows:

2022	\$ 150,000
2023	155,000
2024	160,000
2025	170,000

	\$ 825,000

11. LITIGATIONS AND CLAIMS

The City Court is not involved in any material matters of pending or threatened litigation as of December 31, 2021.

12. SUBSEQUENT EVENTS

Management of the City Court has evaluated subsequent events through the date of the independent auditors' report, which is the date the financials were available to be issued. Management is not aware of any subsequent events which required recognition or disclosure in the financial statements.

CITY COURT OF LAKE CHARLES, LOUISIANA

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended December 31, 2021

1. BUDGET PRACTICES

- A. The proposed budget is prepared and submitted to the City Court Judges for the fiscal year no later than fifteen days prior to the beginning of each fiscal year.
- B. The proposed budget is made available for public inspection.
- C. The budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
- D. All budgetary appropriations lapse at the end of each fiscal year.
- E. The budget is adopted on a basis consistent with GAAP. Budgeted amounts are as originally adopted or as finally amended by the Board.

2. PENSION PLAN

Changes of Assumptions - Changes of assumptions about future economic or demographic factors or of other inputs were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan.

Amounts reported in the year ended June 30, 2021 for the Louisiana State Employees' Retirement System reflect an adjustment in the discount rate used to measure the total pension liability. The discount rate for the System was reduced by 0.15 % to 7.40% as of the valuation date June 30, 2021.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Jamie B. Bice Honorable Ronald C. Richard City Court of Lake Charles Lake Charles, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and aggregate remaining fund information of the City Court of Lake Charles, Louisiana (City Court), a component unit of the City of Lake Charles, Louisiana, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively compromise the City Court of Lake Charles, Louisiana's basic financial statements, and have issued our report thereon dated June 1, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City Court's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purposes of expressing an opinion on the effectiveness of City Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the City Court's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

City Court of Lake Charles

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Summary Schedule of Current and Prior Year Audit Findings and Corrective Action Plan that we consider to be significant deficiencies. We consider item 01-21IC to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. The instances of noncompliance are identified as 01-21C.

City Court's Response to Findings

City Court's response to the findings identified in our audit are described in the accompanying Summary Schedule of Current and Prior Year Audit Findings and Corrective Action Plan. The City Court's responses were not subject to the auditing procedures applied in the audit of the financial statements and, accordingly we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY COURT OF LAKE CHARLES, LOUISIANA

SCHEDULE OF FINDINGS AND QUESTIONED COST

For the Year Ended December 31, 2021

Section I - Summary of Auditor's Results

Financial Statements

Type of auditors' report issued: Unqualified

Internal control over financial reporting:

Material weaknesses identified?

Significant deficiency identified not considered

to be a material weakness? Yes

Noncompliance material to financial statements noted?

Section II - Current Year Findings and Management Corrective Action Plan

Internal Control Over Financial Reporting

01-21IC - Segregation of Duties

Condition and criteria: Effective internal control requires adequate segregation of duties among client personnel. Because of the entity's size and the limited number of account personnel, it is not feasible to maintain a complete segregation of duties to achieve effective internal control.

Management's response: Management has responded that is does not believe that it is cost effective to employ adequate personnel to achieve an adequate level of segregation of responsibilities. Management has implemented supervision and review procedures such as review and approval of supporting documents related to expenditures and periodic review of bank reconciliations.

Compliance

01-21C - Budget Preparation

Condition and criteria: The City Court did not budget for transfers in and out between funds causing actual expenditures to exceed budgeted expenditures by more than 5%. State law requires that actual expenditures fall within 5% of budget.

Management's response: Management will budget for transfers in and out going forward.

CITY COURT OF LAKE CHARLES, LOUISIANA

SCHEDULE OF FINDINGS AND QUESTIONED COST – (Continued)

For the Year Ended December 31, 2021

Section II - Prior Year Findings and Management Corrective Action Plan

Internal Control Over Financial Reporting

01-20IC - Segregation of Duties

Condition and criteria: Effective internal control requires adequate segregation of duties among client personnel. Because of the entity's size and the limited number of account personnel, it is not feasible to maintain a complete segregation of duties to achieve effective internal control.

Management's response: Management has responded that is does not believe that it is cost effective to employ adequate personnel to achieve an adequate level of segregation of responsibilities. Management has implemented supervision and review procedures such as review and approval of supporting documents related to expenditures and periodic review of bank reconciliations.

Compliance

01-20C - Compliance with Best Budget Practices

Condition and criteria: When an elected official amends the entity's budget, it must be published in the official journal as describe by R.S. 39:1307(B).

Management's response: Management has responded that they were unaware of this requirement and that going forward they will publish the amended budget in the official journal.

02-20C - Compliance with Best Budget Practices

Condition and criteria: The December 31, 2020 amended budget expenditures for the general fund and special revenues funds were over the 5% threshold to actual results due to the fact that on-behalf payment revenues and expenditures for salaries and benefits were not budgeted for.

Management's Response: The City Court plans to amend the budget in a timely manner to include on-behalf payments during the year for the general fund and special revenue funds.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

City Court of Lake Charles Lake Charles, Louisiana

To the Governing Board of the City Court of Lake Charles, Louisiana's Office and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2021 through December 31, 2021. The City Court of Lake Charles, Louisiana's Office's ("City Court") management is responsible for those C/C areas identified in the SAUPs.

The City Court has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2021 through December 31, 2021. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Written Policies and Procedures

- 1. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
 - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - b) *Purchasing*, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.
 - c) *Disbursements*, including processing, reviewing, and approving.
 - d) *Receipts/Collections*, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties,

- reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
- e) *Payroll/Personnel*, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.
- f) *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- g) Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- h) *Travel and Expense Reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- i) *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/Electronic Municipal Market Access ("EMMA") reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) Information Technology Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- 1) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.
 - Because the City Court is a component unit of the City of Lake Charles ("City"), the City Court adopts the policies and procedures of the City where their own policies and procedures are lacking sufficient detail.

Board or Finance Committee

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - The entity does not have a board or finance committee. The City Court judges are elected officials responsible for all oversight of the entity; therefore, this procedure is not applicable.
 - b) For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly

budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue fund. Alternately, for those entities reporting on the nonprofit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.

The entity does not have a board or finance committee. The City Court judges are elected officials responsible for all oversight of the entity; therefore, this procedure is not applicable.

c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

Per the prior year audit report the unrestricted fund balance in the general fund had a negative ending balance; however, the City Court does not have minutes. Per discussion with management, they have plans to eliminate this negative balance.

Bank Reconciliations

3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

We obtained a list of bank accounts from management and management's representation that the list was complete.

a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

There were no exceptions noted as a result of applying this procedure.

b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

There were no exceptions noted as a result of applying this procedure.

c) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

There were no exceptions noted as a result of applying this procedure.

Collections (excluding electronic funds transfers)

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Obtained a listing of all deposit sites for the fiscal period and management's representation that the listing is complete.

- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - a) Employees responsible for cash collections do not share cash drawers/registers.

There were no exceptions noted as a result of applying this procedure.

b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit.

There were no exceptions noted as a result of applying this procedure.

c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

There were no exceptions noted as a result of applying this procedure.

d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

There were no exceptions noted as a result of applying this procedure.

6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

There were no exceptions noted as a result of applying this procedure.

- 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:
 - a) Observe that receipts are sequentially pre-numbered.

There were no exceptions noted as a result of applying this procedure.

b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

There were no exceptions noted as a result of applying this procedure.

c) Trace the deposit slip total to the actual deposit per the bank statement.

There were no exceptions noted as a result of applying this procedure.

d) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

There were no exceptions noted as a result of applying this procedure.

e) Trace the actual deposit per the bank statement to the general ledger.

There were no exceptions noted as a result of this procedure.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Per discussion with management, we noted only one location processes payments for the fiscal period.

- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

There were no exceptions noted as a result of applying this procedure.

b) At least two employees are involved in processing and approving payments to vendors.

There were no exceptions noted as a result of applying this procedure.

c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

There were no exceptions noted as a result of applying this procedure.

d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

There were no exceptions noted as a result of applying this procedure.

- 10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:
 - a) Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.

There were no exceptions noted as a result of applying this procedure.

b) Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Exception: There was no evidence of approval prior to ordering and no review noted on the invoice for any of the five items selected for testing.

Management's response: The City Court has control activities over the approval of payment for purchases. These controls include the review of check payments by the Judges.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

We obtained a listing of active credit cards, bank debit cards, fuel cards, and P-cards for the fiscal period and management's representation that the listing is complete.

- 12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
 - a) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]

There were no exceptions noted as a result of applying this procedure.

b) Observe that finance charges and late fees were not assessed on the selected statements.

There were no exceptions noted as a result of applying this procedure.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

There were no exceptions noted as a result of applying this procedure.

Travel and Travel-Related Expense Reimbursements (excluding card transactions)

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense

documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

Obtained a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing is complete.

a) If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

There were no exceptions noted as a result of applying this procedure.

b) If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

There were no exceptions noted as a result of applying this procedure.

c) Observe each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

There were no exceptions noted as a result of applying this procedure.

d) Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

There were no exceptions noted as a result of applying this procedure.

Contracts

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternately, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

We obtained a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities from management and management's representation that the listing is complete.

a) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

None of the selected contracts were subject to bid law; therefore, this procedure is not applicable.

b) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).

There were no exceptions noted as a result of applying this procedure.

c) If the contract was amended (e.g., change order), observe the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented).

There were no amendments during the fiscal period; therefore, this procedure is not applicable.

d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract.

There were no exceptions noted as a result of applying this procedure.

Payroll and Personnel

16. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

We obtained a listing of employees and management's representation that the listing is complete.

- 17. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:
 - a) Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to a policy and/or contract, the official should document his/her daily attendance and leave.)
 - These procedures are not applicable as the City Court employees are paid by the City. Supplemental pay at the City Court is based on the same hours maintained by the City.
 - b) Observe whether supervisors approved the attendance and leave of the selected employees or officials.
 - These procedures are not applicable as the City Court employees are paid by the City. Supplemental pay at the City Court is based on the same hours maintained by the City.
 - Observe any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
 - These procedures are not applicable as the City Court employees are paid by the City. Supplemental pay at the City Court is based on the same hours maintained by the City.
 - d) Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.
 - These procedures are not applicable as the City Court employees are paid by the City. Supplemental pay at the City Court is based on the same hours maintained by the City.
- 18. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.

There were no exceptions noted as a result of applying the above procedure.

19. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments,

workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

There were no exceptions noted as a result of applying the above procedure.

Ethics

- 20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above obtain ethics documentation from management, and:
 - a. Observe whether the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

There were no exceptions noted as a result of applying this procedure.

b. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

There were no exceptions noted as a result of applying this procedure.

Debt Service

21. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe State Bond Commission approval was obtained for each debt instrument issued.

No debt was issued during the fiscal period. Therefore, this procedure is not applicable.

22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

No debt was issued during the fiscal period. Therefore, this procedure is not applicable.

Fraud Notice

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Management has asserted that the entity did not have any misappropriations of public funds or assets.

24. Observe the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

The City Court has posted on its premises and website the notice required by R.S. 24:523.1.

Information Technology Disaster Recovery/Business Continuity

- 25. Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."
 - a) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.

We performed the procedure and discussed the results with management. There were no exceptions noted as a result of applying this procedure.

b) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

We performed the procedure and discussed the results with management. Management intends to enforce a procedure to test the restoration of backups on a quarterly basis and maintain documentation.

c) Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

We performed the procedure and discussed the results with management. There were no exceptions noted as a result of applying this procedure.

Sexual Harassment

26.
