Independent Auditor's Report

To the Board of Commissioners
St. Tammany Parish Water District No. 2
Covington, Louisiana

Opinion

We have audited the financial statements of the business-type activities of St. Tammany Parish Water District No. 2 (the District), a component unit of St. Tammany Parish, Louisiana, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District, as of December 31, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principals generally accepted in the United States of America (U.S. GAAP).

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

The financial statements of the District, as of and for the year ended December 31, 2024, were audited by other auditors, whose report, dated April 27, 2025 expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principals generally accepted in the United States of America require that management's discussion and analysis and the pension schedules on pages 29 and 30 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB) who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of compensation, benefits, and other payments to agency head and schedule of compensation paid to board members are presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of compensation, benefits, and other payments to agency head and schedule of compensation paid to board members is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with the *Government Auditing Standards*, we have also issued our report dated April 27, 2026 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Management's Discussion and Analysis

The Management's Discussion and Analysis of St. Tammany Parish Water District No. 2's (the District) financial performance presents a narrative overview and analysis of the District's financial activities for the year ended December 31, 2025. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the additional information contained in the financial statements.

Financial Highlights

The District's assets and deferred outflows exceeded its liabilities and deferred inflows at the close of fiscal year 2025 by \$2,645,572 which represents a 8% increase from last fiscal year. Of this amount, \$1,364,578 (unrestricted net position) may be used to meet the District's ongoing obligations to its users.

The District's operating revenue increased by \$70,577 (or 7%). Operating expenses increased by \$61,363 (or 6%). As a result, the District had net operating income of \$65,204 for 2025 as compared to net operating income of \$55,990 for 2024.

Overview of the Financial Statements

These financial statements consist of two sections: Management's Discussion and Analysis (this section) and the basic financial statements (including the notes to the financial statements).

Basic Financial Statements

The basic financial statements present information for the District as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the statements of net position; the statements of revenues and expenses; the statements of changes in net position; and the statements of cash flows.

The statements of net position present the current and long-term portions of assets and liabilities separately. The difference between total assets and total liabilities is net position and may provide a useful indicator of whether the financial position of the District is improving or deteriorating.

The statements of revenues and expenses and the statements of changes in net position present information showing how the District's net position changed as a result of current year operations. Regardless of when cash is affected, all changes in net position are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The statements of cash flows present information showing how the District's cash changed as a result of current year operations. The statements of cash flows are prepared using the direct method and include the reconciliation of operating income to net cash provided by operating activities (indirect method) as required by Governmental Accounting Standards Board (GASB) 34.

Management's Discussion and Analysis

Capital Assets and Debt Administration

Capital Assets

As of December 31, 2025, the District had \$1,666,653 net of accumulated depreciation, invested in a broad range of capital assets, including land, rights of way, plant and distribution system, and furniture and equipment. (See table below.) This amount represents a net decrease (including additions and deductions) of \$70,148 or -4%, over last year. This decrease was due to current year purchases, current year disposals, and current year depreciation.

| | 2025 | 2024 |
|--------------------------------|---------------------|---------------------|
| Land | \$ 88,379 | \$ 88,379 |
| Plant and Equipment | 3,372,572 | 3,385,412 |
| Construction in Progress | 1,083 | - |
| Less: Accumulated Depreciation | (1,795,381) | (1,736,990) |
| Total Capital Assets | \$ 1,666,653 | \$ 1,736,801 |

Debt

The District had \$640,000 in bonds outstanding at December 31, 2025, compared to \$735,000 last year. A summary of this debt is shown in the table below:

| | 2025 | 2024 |
|--------------------------|-------------------|-------------------|
| Public Improvement Bonds | \$ 640,000 | \$ 735,000 |
| Total Debt | \$ 640,000 | \$ 735,000 |

Contacting the District's Management

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Julie Williams, General Manager, 19432 Hwy. 36, Suite A, Covington, Louisiana 70433.

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

The accounting and reporting policies of St. Tammany Parish Water District No. 2 (the District) conform to accounting principles generally accepted in the United States of America (U.S. GAAP) applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes (R.S.), to the guidance set forth in the *Louisiana Governmental Audit Guide*, and to the industry audit guide, *Audits of State and Local Governmental Units*. The following is a summary of the District's significant accounting policies:

Reporting Entity

In accordance with Governmental Accounting Standards Board (GASB) Codification Section 2100, the District is considered a component unit of St. Tammany Parish (the Parish) reporting entity because (1) commissioners of the District are appointed by the Parish, and (2) the District provides water service to residents within the Parish. While the District is an integral part of the Parish reporting entity and should be included within the financial statements of that reporting entity, GASB Codification Section 2600 provides that a component unit may also issue financial statements separate from those of the reporting entity. Accordingly, the accompanying financial statements present information only on the financial operations of the District and do not present information on the Parish, the general government services provided by the Parish, or on other component units that comprise the Parish reporting entity.

Fund Accounting

The accounts of the District are organized on the basis of proprietary fund accounting used by governmental entities. The proprietary fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided the periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The proprietary fund is accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the statements of net position. The proprietary fund uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred.

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

In accordance with GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended by GASB Statement No. 63, net position is classified into three components: net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

- a. *Net Investment in Capital Assets* - This component of net position consists of the historical cost of capital assets, including any restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, plus deferred outflows of resources, less deferred inflows of resources, related to those assets.
- b. *Restricted* - This component of net position consists of assets that have constraints that are externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.
- c. *Unrestricted* - All other net position is reported in this category.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's proprietary fund are charges to customers for sales and services. The District also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash and Cash Equivalents and Investments

Under state law, the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state of the union, or the laws of the United States. The District may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

The District defines cash and cash equivalents to include cash on hand, demand deposits, and all highly liquid investments with an original maturity of three months or less when purchased.

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Utility Customer Receivables and Allowance for Doubtful Accounts

Utility customer receivables on the accompanying statements of net position are for services provided through December 31st that have not yet been collected. Bad debts are recognized on the allowance method based on historical experience and management's evaluation of outstanding receivables. The allowance for doubtful accounts totaled \$73,147 and \$69,898 at December 31, 2025 and 2024, respectively.

Capital Assets

All capital assets of the proprietary fund are recorded at historical cost. Depreciation of all exhaustible capital assets is charged as an expense against operations. Pre-construction costs associated with the development of the water system, which include engineering, legal, and interest costs, are capitalized and will be amortized over their estimated useful lives using the straight-line method. The District maintains a threshold level of \$2,500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. The following estimated useful lives and methods are used to compute depreciation:

| | | |
|------------------------------------|---------------|---------------|
| Building and Building Improvements | 10 - 15 Years | Straight-Line |
| Machinery and Equipment (Plant) | 5 - 40 Years | Straight-Line |
| Water Meters | 10 - 30 Years | Straight-Line |
| Office Equipment | 5 Years | Straight-Line |
| Transportation Equipment | 5 - 7 Years | Straight-Line |
| Software | 5 Years | Straight-Line |
| Leasehold Improvements | 10 Years | Straight-Line |

Depreciation and amortization expenses amounted to \$158,159 and \$136,739 for the years ended December 31, 2025 and 2024, respectively.

Inventory

Inventory is stated at the lower of cost or market using the first-in, first-out method.

Federal Income Taxes

The District is not subject to federal income taxes in accordance with Internal Revenue Code (IRC) Section 115 regarding income of states, municipalities, and political subdivisions.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Leases

The District is a lessee for a noncancellable lease of a building. It recognizes a lease liability and an intangible right-to-use lease asset in the financial statements. At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. The lease asset is initially measured at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Compensated Absences

The District provides employees with earned vacation and sick leave. District policy requires unused vacation time to be paid out on the final paycheck of the calendar year; therefore, no liability for accumulated vacation leave is recorded at year-end. Employees may accumulate up to 30 days of sick leave, which is forfeited upon termination. In accordance with GASB Statement No. 101, *Compensated Absences*, the District records a liability for accumulated sick leave balances that are more likely than not to be used for paid time off, which includes applicable, directly-associated salary-related payments.

New Accounting Pronouncements - Adopted

The District adopted the following accounting pronouncements during the year ended December 31, 2025:

GASB Statement No. 102, Certain Risk Disclosures

The objective of the Statement is to provide users of government financial statements with essential information about risks related to government's vulnerabilities due to certain concentrations or constraints. The adoption of this Statement did not have a significant effect on the financial statements.

GASB Statement No. 68, Accounting and Financial Reporting for Pensions

During the year ended December 31, 2025, the District began participating in a defined benefit pension plan (PERS) and consequently implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. This Statement establishes accounting and financial reporting standards for measuring and recognizing pension liabilities, deferred outflows of resources, deferred inflows of resources, and pension expense. The implementation of this standard resulted in the recognition of deferred outflows of resources for employer contributions made subsequent to the plan's measurement date. See Note 10.

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - Upcoming

GASB Statement No. 103, *Financial Reporting Model Improvements*

The objective of the Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The Statement is effective for fiscal years beginning after June 15, 2025.

GASB Statement No. 104, *Disclosure of Certain Capital Assets*

The objective of the Statement is to provide users of government financial statements with essential information about certain types of capital assets. The Statement is effective for fiscal years beginning after June 15, 2025.

Management is currently evaluating the effects of the new GASB pronouncements scheduled for implementation for the subsequent fiscal year.

Note 2. Cash and Cash Equivalents

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be recovered. The District does not have a deposit policy for custodial credit risk. Under state law, deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities, plus the federal deposit insurance, must at all times equal the amount on deposit with the fiscal agent. The custodial bank must advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

At December 31, 2025, the District had \$292,617 in non-interest-bearing deposits, and \$1,239,007 in interest-bearing deposits, totaling \$1,531,624. These deposits are secured from risk by \$250,000 of federal deposit insurance and \$1,410,000 of pledged securities held in the name of the fiscal agent bank by a custodial bank that is mutually acceptable to both parties.

At December 31, 2025 and 2024, cash and cash equivalents for both current and restricted assets consisted of the following:

| | 2025 | 2024 |
|---------------------------------|---------------------|---------------------|
| Unrestricted | \$ 319,324 | \$ 185,977 |
| Restricted | 1,208,465 | 1,140,422 |
| Cash on Hand and in Bank | \$ 1,527,789 | \$ 1,326,399 |

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 3. Restricted Assets

Restricted cash and cash equivalents were as follows:

| | 2025 | 2024 |
|------------------------------------------|---------------------|---------------------|
| Reserve Funds - Public Improvement Bonds | \$ 161,846 | \$ 86,409 |
| Meter Deposits | 127,158 | 123,232 |
| Reserve for Impact Fees | 198,550 | 208,226 |
| Board-Designated Reserve | 720,911 | 722,555 |
| Total Restricted Assets | \$ 1,208,465 | \$ 1,140,422 |

Note 4. Ad Valorem Taxes

The District is authorized to levy a special ad valorem tax of 2.91 mills on all property subject to taxation to cover debt service requirements. The proceeds of this ad valorem tax are for the purpose of paying the principal and interest of the outstanding public improvement bonds.

The following is a roll-forward of ad valorem funds for the year ended December 31, 2025:

| | |
|---------------------------------------|-------------------|
| Beginning Cash and Investments | \$ 86,409 |
| Plus: | |
| Ad Valorem Tax Receipts | 186,440 |
| Subtotal | 272,849 |
| Less: | |
| Interest Payments on Bonds | (16,003) |
| Principal Payments on Bonds | (95,000) |
| Ending Cash and Investments | \$ 161,846 |

Ad valorem taxes that attach as an enforceable lien on property are levied each November 1st on the assessed value listed as of the prior January 1st for all real property, merchandise, and movable property located in the District. Billed taxes are delinquent on January 1st of each subsequent year. The St. Tammany Parish Tax Collector bills and collects the District's ad valorem taxes using the assessed value determined by the Tax Assessor of St. Tammany Parish, Louisiana, as specified by Louisiana law. A re-evaluation of all property is required to be completed no less than every four years. The last re-evaluation was completed in 2024.

COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 6. Long-Term Debt (Continued)

The annual requirements to amortize all bonds outstanding as of December 31, 2025, including interest payments, are as follows:

| Year Ending December 31, | Public Improvement Bonds | | |
|-----------------------------|--------------------------|------------------|-------------------|
| | Principal | Interest | Total |
| 2026 | \$ 105,000 | \$ 13,875 | \$ 118,875 |
| 2027 | 105,000 | 11,575 | 116,575 |
| 2028 | 110,000 | 9,150 | 119,150 |
| 2029 | 60,000 | 7,200 | 67,200 |
| 2030 | 60,000 | 5,850 | 65,850 |
| 2031-2033 | 200,000 | 8,063 | 208,063 |
| Total | \$ 640,000 | \$ 55,713 | \$ 695,713 |

Note 7. Net Position

Net position for the years ended December 31, 2025 and 2024 consisted of the following:

| | 2025 | 2024 |
|-----------------------------------------|---------------------|---------------------|
| Net Investment in Capital Assets | \$ 1,026,653 | \$ 1,001,801 |
| Restricted | | |
| Restricted for Public Improvement Bonds | 51,838 | (14,251) |
| Restricted for Capital Improvements | 198,550 | 208,226 |
| Restricted for Meter Deposits | 3,953 | 1,064 |
| Unrestricted | 1,364,578 | 1,255,889 |
| Total | \$ 2,645,572 | \$ 2,452,729 |

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 8. Lease

The District has an operating lease agreement for office space in Covington, Louisiana. The District is currently operating under a five-year renewal on this lease which was entered into on June 22, 2022, with monthly payments of \$1,600 beginning January 1, 2023. The District utilized the United States Prime Rate at the date of lease commencement of 7.5% for calculation of the lease liability. Lease amortization expense recorded under this lease totaled \$15,881 and \$14,737 for the years ended December 31, 2025 and 2024, respectively. Lease interest expense recorded under this lease totaled \$3,319 and \$4,463 for the years ended December 31, 2025 and 2024, respectively.

The following are the scheduled future minimum rental payments under this lease:

| Year Ending December 31, | Undiscounted Cash Flows | Principal | Interest |
|-------------------------------------|------------------------------------|------------------|-----------------|
| 2026 | \$ 19,200 | \$ 17,114 | \$ 2,086 |
| 2027 | 19,200 | 18,442 | 758 |
| Total | \$ 38,400 | \$ 35,556 | \$ 2,844 |

The following is a summary of the lease asset and obligation as of December 31, 2025:

| | |
|----------------------------------------------------------|------------------|
| Right-to-Use Asset, Beginning | \$ 51,437 |
| Less: Amortization | <u>(15,881)</u> |
| Right-to-Use Asset, Ending | <u>\$ 35,556</u> |
| Operating Lease Liability, Beginning | \$ 51,437 |
| Less: Principal Payments | <u>(15,881)</u> |
| Operating Lease Liability, Ending | 35,556 |
| Less: Amounts Due in One Year | <u>(17,114)</u> |
| Operating Lease Liability, Net of Current Portion | <u>\$ 18,442</u> |

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 9. Water Rates

The District charged the following water rates to each of its customers based on volume for each of the years ended December 31, 2025 and 2024:

Residential

| | |
|---------------------|---------------------------|
| First 2,000 gallons | \$ 21.00 |
| Over 2,000 gallons | \$ 4.75 per 1,000 gallons |

Commercial

| | |
|---------------------|---------------------------|
| First 2,000 gallons | \$ 33.00 |
| Over 2,000 gallons | \$ 5.00 per 1,000 gallons |

During 2025 and 2024, the District served approximately 1,898 and 1,890 customers, respectively.

Note 10. Pension Plan - PERS

Pension Plan Fiduciary Net Position

PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to P.O. Box 14619, Baton Rouge, LA 70898-4619, or by calling 225-928-1361.

Plan Description

PERS was established by the Louisiana Legislature as of January 1, 1953, by Act 205 of 1952. PERS is administered by a Board of Trustees consisting of seven members. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All permanent employees working at least 28 hours per week and who are paid wholly or in part from District funds shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

Funding Policy

Effective April 2025, the District contributes to a cost-sharing, multiple-employer defined benefit pension plan administered by the Parochial Employees' Retirement System of Louisiana (PERS or the System). Employees of the District may elect to be members of PERS Plan A.

Contributions to PERS include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish except Orleans and East Baton Rouge Parishes. PERS members are required to contribute 9.5% of their annual covered salary. The District is required to contribute at the actuarially - determined rate 11.00% of annual covered salary for the year ended December 31, 2025.

**ST. TAMMANY PARISH WATER DISTRICT NO. 2
COVINGTON, LOUISIANA**

Notes to Financial Statements

Note 10. Pension Plan - PERS (Continued)

Funding Policy (Continued)

As provided by R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based the results of the valuation of the prior year. The District's contributions for the year ended December 31, 2025 were \$27,679. There were no non-employer contributions to PERS during the year ended December 31, 2025.

Net Pension Liability and Pension Expense

The District began participating in PERS in April 2025. In accordance with GASB Statement No. 68, the District's net pension liability is measured as of December 31, 2024. Because the District was not a participating employer at the measurement date, the District's proportionate share of the net pension liability, deferred inflows of resources, and deferred outflows of resources from plan experience at December 31, 2025, is \$-0-.

Deferred Outflows of Resources - Contributions Subsequent to Measurement Date

All employer contributions made in 2025, which totaled \$27,679, are reported as Deferred Outflows of Resources and will be recognized as a reduction of the net pension liability in the subsequent year.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Independent Auditor's Report

To the Board of Commissioners
St. Tammany Parish Water District No. 2
Covington, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of St. Tammany Parish Water District No. 2 (the District), a component unit of St. Tammany Parish, Louisiana, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated April 27, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

AGREED-UPON PROCEDURES REPORT

St. Tammany Parish Waterworks District No. 2

Independent Accountant's Report
On Applying Agreed-Upon Procedures

For the Period January 1, 2025 through December 31, 2025.

To the Board of Commissioners
St. Tammany Parish Waterworks District No. 2
and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the St. Tammany Parish Waterworks District No. 2's (the District) control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025 through December 31, 2025. The District's management is responsible for those C/C areas identified in the SAUPs.

The District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1) *Written Policies and Procedures*

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
- i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - ii. **Purchasing**, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.

- iii. **Disbursements**, including processing, reviewing, and approving.
- iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Results: No exceptions noted.

2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and

- i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
- ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Results: No exceptions noted.

3) Bank Reconciliations

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
 - i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
 - ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and
 - iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Results: No exceptions noted.

4) Collections (excluding electronic funds transfers)

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
- i. Employees responsible for cash collections do not share cash drawers/registers;
 - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
 - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and
 - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
- i. Observe that receipts are sequentially pre-numbered.
 - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - iii. Trace the deposit slip total to the actual deposit per the bank statement.
 - iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - v. Trace the actual deposit per the bank statement to the general ledger.

Results: No exceptions noted.

5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that:
- i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;
 - ii. At least two employees are involved in processing and approving payments to vendors;
 - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
 - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
 - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.
- [Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]*
- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and
- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and
 - ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. *Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.*

Results: No exceptions noted.

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
 - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.
- D. Using the list of terminated employees obtained in Payroll and Personnel procedure #9C identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employees' authorization has been removed.

Results: No exceptions noted.

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);
- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;
- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and
- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results: No exceptions noted.

8) Contracts

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and
 - i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
 - ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
 - iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and
 - iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Results: No exceptions noted.

9) Payroll and Personnel

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and

- i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
 - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
 - iv. Observe whether the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Results: No exceptions noted.

10) Ethics

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
- i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
 - ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

Results: No exceptions noted.

11) Debt Service

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.

- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Results: No exceptions noted.

12) Fraud Notice

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the Legislative Auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.
- B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Results: No exceptions noted.

13) Information Technology Disaster Recovery/Business Continuity

- A. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
- B. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
- C. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- D. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

- E. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
- i. Hired before June 9, 2020 - completed the training; and
 - ii. Hired on or after June 9, 2020 - completed the training within 30 days of initial service or employment.

Results: We performed the procedure and discussed the results with Management.

14) Prevention of Sexual Harassment

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.
- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1st, and observe that the report includes the applicable requirements of R.S. 42:344:
- i. Number and percentage of public servants in the agency who have completed the training requirements;
 - ii. Number of sexual harassment complaints received by the agency;
 - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
 - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
 - v. Amount of time it took to resolve each complaint.

Results: No exceptions noted.

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
