INDEPENDENT ACCOUNTANTS' REVIEW REPORT

Mr. Bradley E. Dauzat Administrator Twelfth Judicial District Indigent Defender Fund Marksville, Louisiana

We have reviewed the accompanying financial statements of the governmental activities of the Twelfth Judicial District Indigent Defender Fund, a component unit of the Avoyelles Parish Police Jury, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to the management's financial data and making inquiries of the management of the Twelfth Judicial District Indigent Defender Fund. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do express such an opinion.

Management's Responsibility for the Financial Statements

The management of the Twelfth Judicial District Indigent Defender Fund is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule on page 28 and the schedules concerning net pension liability (asset) and pension contributions on pages 29-31 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical contest. This required supplementary information is the representation of management. We have not audited or reviews such supplementary information, and accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on it.

Management has omitted the management's discussion and analysis, information that is required to be presented for purposes of additional analysis. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. The results of our review of the basic financial statements were not affected by this missing information.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2020

INTRODUCTION

The Twelfth Judicial District Indigent Defender Fund was established in compliance with Louisiana Revised Statutes 15:144-149, to provide and compensate counsel appointed to represent indigents in criminal and quasi-criminal cases on the district court level. The judicial district encompasses the parish of Avoyelles, Louisiana.

During the 2007 Regular Session of the Louisiana State Legislature, Act No. 37 was adopted, thereby creating and establishing as a state agency within the office of the governor, the Louisiana Public Defender Board to provide for the supervision, administration and delivery of a statewide public defender system, which must deliver uniform public defender services in all courts in the state. The Board is composed of fifteen members who are appointed by the governor, chief justice of the Supreme Court of Louisiana, the president of the Senate, the speaker of the House of Representatives, the president of the Louisiana State Bar Association, the Louisiana Chapter of the Louis A Marinet Society, the chairman of the Louisiana State Law Institute's Children Code Committee and the Louisiana Interchurch Conference. The Board is funded by deductions from fines and forfeitures to administer the indigent defender system of the district courts. Expenditures are governed by Act 307 of 2007 and the actions of the Board. The creation of this statewide agency required all Indigent Defender Funds to report on a June 30th year end.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The indigent defender fund is part of the operations of the district court system. However, the district court system is fiscally dependent on the Avoyelles Parish Police Jury for office space and courtrooms. In addition, the police jury's general-purpose financial statements would be incomplete or misleading without inclusion of the indigent defender board. For these reasons, the indigent defender fund was determined to be a component unit of the Avoyelles Parish Police Jury, the financial reporting entity.

The accompanying financial statements present information only on the funds maintained by the Twelfth Judicial District Indigent Defender Fund and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

NOTES TO THE FINANCIAL STATEMENTS (continued)

B. BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS

The government wide fund financial statements report the information of all the non-fiduciary activities of the Twelfth Judicial District Indigent Defender Fund. Governmental activities are normally supported by fees and assessments and state funding, which are reported separately from any business-type activities, which rely to a significant extent on fees and user charges.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include fees, assessments and state funding, collected by the Twelfth Judicial District Indigent Defender Fund.

The government wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Governmental fund financials statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues re recognized as soon as they are measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

In accordance with Statement No. 63, in some instances, the Governmental Accounting Standards Board require a governmental entity to delay recognition of decreases in net position as expenditures until a future period. In other instances, governmental entities are required to delay a recognition of increase in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delay recognition of expenditures or revenues, respectively.

C. FUND ACCOUNTING

The Indigent Defender Fund uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain board functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

NOTES TO THE FINANCIAL STATEMENTS (continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. FUND ACCOUNTING (continued)

Governmental Funds - Governmental funds account for all or most of the Indigent Defender Board's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the board. The following are the board's governmental funds:

General Fund - the primary operating fund of the Indigent Defender Board and it accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to board policy.

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Fund Financial Statements (FFS)

The amounts reflected in the General Fund, of Statements A and B, are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of Indigent Defender Fund operations.

The amounts reflected in the General Fund, of Statements A and B, use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Indigent Defender Fund considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

NOTES TO THE FINANCIAL STATEMENTS (continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING (continued)

The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Revenues are recognized when they become measurable and available are net current assets.

Expenditures

Expenditures are recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the fund as a whole. These statements include all the financial activities of the Indigent Defender Fund. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

Program Revenues - Program revenues included in the column labeled Statement of Activities are derived directly from board users as a fee for services; program revenues reduce the cost of the function to be financed from the board's general revenues.

E. BUDGETS

The Indigent Defender Fund uses the following budget practices:

- 1. The budget is prepared by the administrator and submitted to the state
- 2. The budget is used as a management tool for revenue and expense control
- 3. All budgetary appropriations lapse at year-end

F. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest bearing demand deposits and time deposits. Under state law, the Indigent Defender Fund may deposit funds in demand deposits, interest-bearing deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

NOTES TO THE FINANCIAL STATEMENTS (continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. COMPENSATED ABSENCES

The Indigent Defender Fund does not have a formal policy for vacation and sick leave.

H. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated cost, if historical cost is not Donated assets are recorded as capital assets at their estimated fair market value at the date of donation.

Capital assets are recorded in the Statement of Net Assets and Statement of Activities. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Machinery and equipment 5-7 years Furniture and fixtures 5-7 years

I. EQUITY CLASSIFICATIONS

In the government-wide financial statements, equity is classified as net assets and displayed in two components:

Investment in capital assets – consists of capital assets including restricted assets, net of accumulated depreciation

Restricted net assets - consists of net assets restricted for indigent defender fund activities

J. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS (continued) June 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

K. GOVERNMENTAL FUND BALANCES

In the governmental fund financial statements, fund balances are classified as follows:

Non-spendable fund balance – amounts that cannot be spent either because they are in a non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted fund balances – amounts that can be spent only for specific purposes because of state or federal laws or externally imposed conditions by grantors, creditors, or citizens.

Committed fund balance – amounts that can be used only for specific purposes determined by a formal action by the Twelfth Judicial District Indigent Defender Fund.

Assigned fund balance – amounts that are constrained by the Twelfth Judicial District Indigent Defender Fund's intent that they will be used for specific purpose.

Unassigned fund balance - all other amounts not included in the other spendable classifications

NOTE 2 - CASH AND CASH EQUIVALENTS

At year end, June 30, 2020, the cash consisted of deposits with banks, with a book value of \$143.274. These deposits are stated at cost, which approximates market and are on deposit at federally insured banks.

Custodial Credit Risk: is the risk that in the event of a bank failure, the government's deposits may not be returned to it. To mitigate this risk, state law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent institution. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the financial institution. It is the entity's policy for deposits to be 100% secured by collateral at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance.

.

TWELFTH JUDICIAL DISTRICT INDIGENT DEFENDER FUND Marksville, Louisiana NOTES TO THE FINANCIAL STATEMENTS (continued) June 30, 2020

NOTE 2 - CASH AND CASH EQUIVALENTS (continued)

The entity's deposits are categorized to give an indication of the level of risk assumed by the entity at fiscal year-end. The categories are described as follows:

- Category 1 Insured or collateralized with securities held by the entity or by its agent in the entity's name.
- Category 2 Collateralized with securities held by the pledging financial institutions' trust department or agent in the entity's name.
- Category 3 Uncollateralized

At June 30, 2020 the district had \$162,246 respectively, in deposits (collected bank balances). Of the total bank balance, \$162,246 was covered by Federal Depository Insurance – Category 1. The Indigent Defender Fund had no custodial credit risk at June 30, 2020.

Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, LA R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Twelfth Judicial District Indigent Defender Fund that the fiscal agent has failed to pay deposited funds upon demand. The funds on deposit shall be collateralized an amount at all times equal to 100% by pledged "approved securities" as specified by LA R.S. 39:1225, as amended, to protect the funds of the Twelfth Judicial District Indigent Defender Fund. The Twelfth Judicial District Indigent Defender Fund does not have a formal written policy for custodial credit risk.

NOTE 5 - PENSION PLAN DESCRIPTION AND BENEFITS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension and pension expense, information about the fiduciary net position of the Parochial Employees' Retirement System of Louisiana, and additions to/deductions from the system's fiduciary net position have been determined on the same basis as they are reported by the system. For this purpose, benefit payments (including refunds of any employee contributions) are recognized when due and payable in accordance with the benefit terms.

<u>Plan Description</u>. The Twelfth Judicial District Indigent Defender Fund contributes to the Parochial Employees' Retirement System of Louisiana, a cost-sharing, multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the State of Louisiana or any governing body or a parish which employs and pays persons servicing the parish and is administered by a separate Fund of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. Employees of the Fund are members of Plan A.

NOTES TO THE FINANCIAL STATEMENTS (continued) June 30, 2020

NOTE 5 - PENSION PLAN DESCRIPTION AND BENEFITS (continued)

Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees' Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (225) 928-1361.

<u>Funding Policy</u>. According to state statute 11:1103, contributions for all employers are actuarially determined each year. For the year ended December 31, 2019, the actuarially determined contribution rate for Plan A was 12.18% of member's compensation. However, the actual rate for Plan A for the fiscal year ended December 31, 2019 was 11.5% of employee compensation. Under Plan A, members are required by state statute to contribute 9.50% of their annual covered salary.

NOTES TO THE FINANCIAL STATEMENTS (continued) June 30, 2020

NOTE 5 - PENSION PLAN DESCRIPTION AND BENEFITS (continued)

Contributions to the System also include one-fourth of one percent (except Orleans and East Baton Rouge Parishes) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Fund are established and may be amended by state statute.

The Fund's contributions to the System under Plan A for each of the years ended June 30, 2020, 2019, and 2018, were \$18,050, \$16,583, and \$16,512, respectively, equal to the required contributions for the year.

At June 30, 2020, the District reported a net pension liability of \$1,124 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, as actuarially determined. At December 31, 2019, the District's proportionate share was .023877%.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2020, the District recognized pension expense of \$21,777 plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, \$448.

Actuarial assumptions. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date December 31, 2019
Actuarial cost method Entry Age Normal

Actuarial assumptions:

Investment rate of return 6.50%, net of investment expense, including inflation

Expected remaining serivce lives 4 years Inflation rate 2.40%

Projected salary increases 4.75%

Cost of living adjustments The present value of future retirement benefits is based on benefits

currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees

Mortality Pub-2010 Public Retirement Plans Mortality Table for General Employees

and 125% for females using MP2018 scale for disabled annuitants.

The long-term expected real rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up), and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.00% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.18% for the year ended December 31, 2019.

NOTES TO THE FINANCIAL STATEMENTS (continued) June 30, 2020

NOTE 6 - PENSION PLAN DESCRIPTION AND BENEFITS (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The resulting expected long term rate of return was 7.18%. Best estimate of geometric real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2019, are summarized in the following table:

	Target Asset	Long-term Expected Portfolio Real Rate
Asset Class	Allocation	of Return
Fixed income	35%	1.05%
Equity	52%	3.41%

Discount rate. The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PERSAC taking into consideration the recommendation of the System's actuary. Based on these assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Schedule of Current Year Findings

For the Year Ended June 30, 2020

2020-01 Budget and Budgetary Accounting

Condition:

An unfavorable budget variance in excess of 5% occurred in revenues in the General Fund.

Criteria:

LSA-RS39:1311 et seq, Budgetary Authority and Control, provides for amending the budget when total revenue plus projected revenues are failing to meet total budgeted revenues by 5% or more, or when total expenditures plus projected expenditures exceed budgeted expenditures by 5% or more.

Cause:

The cause is a result of failure to properly monitor the budget with respect to the revenues of the Indigent Defender Fund.

Effect:

The Indigent Fund may not prevent and/or detect compliance violations due to under receipt or over expending of the appropriated budget, and errors or irregularities on a timely basis.

Recommendation:

Management should periodically compare actual activity to budgeted amounts and adopt budgetary amendments as necessary to ensure compliance with state statutes.

Management's Response:

The budget noncompliance occurred in the revenues of the local fines and assessments that are assessed and collected on behalf of the Indigent Defender Fund at the time of a court charge against a citizen. Due to the COVID-19 Coronavirus pandemic and state mandated stay at home orders, municipalities and district courts were temporarily closed during the last quarter of the fiscal year. This resulted in a significant reduction in court costs assessed and collected for the fiscal year ended June 30, 2020. The duration of the closures was unknown at the time of the order and management did not fully realize the impact until after the fiscal year had ended, resulting in a greater than 5% unfavorable budget variance in revenues.

Management will more closely monitor the budget in the future for unfavorable variances and adopt amendments to the budget as necessary.
