INDEPENDENT AUDITOR'S REPORT

Sabine Parish Police Jury  
 Many, Louisiana

**ADVERSE, UNMODIFIED OPINIONS**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Sabine Parish Police Jury, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Sabine Parish Police Jury's basic financial statements as listed in the table of contents.

**Summary of Opinions**

| <u>Opinion Unit</u>                            | <u>Type of Opinion</u> |
|--|------------------------|
| Governmental Activities                        | Unmodified             |
| Business-Type Activities                       | Unmodified             |
| Aggregate Discretely Presented Component Units | Adverse                |
| Each Major Fund Governmental Fund              | Unmodified             |
| Enterprise Fund – Landfill                     | Unmodified             |
| Aggregate Remaining Fund Information           | Unmodified             |

**ADVERSE OPINION ON AGGREGATE DISCRETELY PRESENTED COMPONENT UNITS**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse, and Unmodified Opinions section of our report, the financial statements referred to above do not present fairly the financial position of the aggregate discretely presented component units of the Sabine Parish Police Jury, as of December 31, 2022, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**UNMODIFIED OPINIONS ON GOVERNMENTAL ACTIVITIES, BUSINESS-TYPE ACTIVITIES, AND EACH MAJOR FUND**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Sabine Parish Police Jury, as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**BASIS FOR ADVERSE, AND UNMODIFIED OPINIONS**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Sabine Parish Police Jury, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse, and unmodified audit opinions.

MATTERS GIVING RISE TO ADVERSE OPINION ON THE AGGREGATE DISCRETELY PRESENTED COMPONENT UNITS

The financial statements do not include financial data for the Sabine Parish Police Jury's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the Police Jury's primary government unless the Police Jury also issues financial statements for the financial reporting entity that include the financial data for its component units. The Sabine Parish Police Jury has not issued such reporting entity financial statements. The effects of not including the Sabine Parish Police Jury's legally separate component units on the aggregate discretely presented component units has not been determined.

**RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sabine Parish Police Jury's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

**AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sabine Parish Police Jury's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sabine Parish Police Jury's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **REQUIRED SUPPLEMENTAL INFORMATION**

Accounting principles generally accepted in the United States of America require the information listed below to supplement the basic financial statements.

- Management's Discussion and Analysis
- Budgetary Comparison Information
- Schedule of Changes in Net OPEB Liability
- Schedule of Net Pension Liability Data
- Schedule of Employer Contributions

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **SUPPLEMENTARY INFORMATION**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sabine Parish Police Jury's basic financial statements. The supplementary information listed in the table of contents, is presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the table of contents including the schedule of expenditures of federal awards is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents including the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### **OTHER INFORMATION**

Management is responsible for the other information included in the annual report. The other information comprises the additional information listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

**September 18, 2023**

---

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARD**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 18, 2023, on our consideration of the Sabine Parish Police Jury's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sabine Parish Police Jury's internal control over financial reporting and compliance.

# Sabine Parish Police Jury Managements' Discussion and Analysis December 31, 2022

---

This section of the Sabine Parish Police Jury's annual financial report presents our discussion and analysis of the Police Jury's financial performance during the fiscal year ended December 31, 2022.

## OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Police Jury's financial position and results of operations from differing perspectives, which are described as follows:

### GOVERNMENT –WIDE FINANCIAL STATEMENTS

The government-wide financial statements report information about the Police Jury as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Police Jury's assets (including infrastructure) and all of the Police Jury's liabilities (including long-term debt).

The government-wide financial statements are divided into two categories, which are described as follows:

- **Governmental Activities** – Expenses incurred in connection with providing basic services including general government activities, public safety, public works, health and welfare, culture and recreation, and economic development are reported as governmental activities. The governmental activities are financed by taxes, license and permit fees, fines and forfeitures, and intergovernmental sources.
- **Business-Type Activities** – Expenses associated with landfill operations are recovered through fees paid by the customers that utilize the landfill. These activities are operated in a manner similar to commercial enterprises. Accordingly, activities associated with these services are reported as business type activities.

### FUND FINANCIAL STATEMENTS

Fund financial statements provide detailed information regarding the Police Jury's most significant activities and are not intended to provide information for the Police Jury as a whole. Funds are accounting devices that are used to account for specific sources of funds. The Police Jury has two types of funds that are described as follows:

- **Governmental Funds** – These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of the Police Jury's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.
- **Proprietary Fund** – These funds are used to account for activities that function in a manner similar to commercial enterprises, including activities associated with the Police Jury's utility services. Proprietary fund financial statements typically provide a more detailed presentation of the information reported in the business-type activities portion of the government-wide financial statements.

| Unrestricted                     | 7,051,388                                   | (3,670,010)                              | 3,381,378            | (296,902)                                   |
| <b>Total Net Position</b>        | <b>\$ 41,703,886</b>                        | <b>\$ (2,026,291)</b>                    | <b>\$ 39,677,595</b> | <b>\$ 32,042,486</b>                        |

As the presentation appearing above demonstrates, the largest portion of the net position is invested in capital assets. Net position invested in capital assets consist of land, buildings, equipment, and infrastructure less any debt used to acquire the assets that remains outstanding. The Police Jury uses these capital assets to provide services to its citizens; consequently, these amounts are not available for future spending.

An additional portion of the net position represent resources that are subject to restrictions that are imposed by agreements with the Police Jury's taxpayers or requirements imposed by various revenue sources.

Liabilities associated with landfill closure and post closure cost have eliminated unrestricted net assets. Management expects to eliminate the deficit through future landfill operations and settlements with the previous landfill operator.

The increase in net position was due to careful management and budgeting of the available resources.

**FINANCIAL ANALYSIS OF THE POLICE JURY'S FUNDS**

The Police Jury's governmental funds collectively reported an increase of \$4,652,945 for 2022. The increase is attributable careful budgeting and management of resources. The general fund experienced a

decrease in the amount of \$892,955, due to transferring resources to other funds to supplement public works. Differences between results reported by the funds and the change in net position are attributable to considering transactions related to capital assets and long-term debt in determining changes in net position.

Amounts reported for the Landfill fund, which is the only business type fund, are identical to business type amounts reported in the government wide presentation as summarized above.

**BUDGET HIGHLIGHTS**

The Police Jury's general fund and each special revenue fund are required to adopt budgets. Budgets were amended to address actual experiences that deviated from expectations that existed when the original budget was adopted.

**CAPITAL ASSET ADMINISTRATION**

Highlights of the Police Jury's capital asset administration are presented as follows:

- Upgrading equipment to enhance capabilities of the public works department.
- Refurbishing facilities to extend useful lives.
- Expansion of landfill capacity.

**DEBT ADMINISTRATION**

Debt activity was limited to paying required installments on existing obligations and leasing various vehicles.

**FACTORS EXPECTED TO EFFECT FUTURE OPERATIONS**

There are no events or conditions that are expected to have a significant influence on future operations.

## **Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities**

**For the Year Ended December 31, 2022**

---

Net Changes in Fund Balances - Total Governmental Funds \$ 4,652,945

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report purchasing and leasing of assets expenditures. However, in the statement of activities the cost of those assets is allocated over estimated useful lives and reported as depreciation or amortization expense. The effect of these differences is presented as follows:

|                      |           |
|----------------------|-----------|
| Capital Expenditures | 2,265,550 |
| Depreciation         | (930,574) |

In the Government Wide presentation obligations to provide compensated absences are reported as a liability, but in the governmental fund presentation compensated absences are only reported when the obligation is paid 11,702

Governmental funds report the expense associated with providing other post employment benefits based on premiums required for the current year; however, the expense reported on the government wide basis is influenced by actuarial considerations. 101,855

Governmental funds report pension expense based on contributions required for the current year; however, pension expense reported on the government wide basis is influenced by actuarial considerations. 531,733

Repayment of long-term debt and lease obligations is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 171,600

Change in Net Position of Governmental Activities \$ 6,804,811

**Sabine Parish Police Jury  
Notes to Financial Statements  
December 31, 2022**

---

**NOTE 1 –INTRODUCTION AND SIGNIFICANT ACCOUNTING POLICIES:**

The Sabine Parish Police Jury is the governing authority for Sabine Parish and is a political subdivision of the State of Louisiana. The Police Jury is governed by jurors representing the various districts within the Police Jury. The jurors serve four-year terms which expire on January 8, 2024.

State Law gives the Police Jury various powers in regulating and directing the affairs of the Parish and its inhabitants. The more notable of these are the powers to pass regulations affecting parish government; to regulate the construction and maintenance of roads, bridges, and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged and unemployed in the Parish. Funding to accomplish these tasks is provided primarily by ad valorem taxes, sales taxes, severance taxes, state revenue sharing, and various state and federal grants.

**REPORTING ENTITY**

As the governing authority of the Police Jury, for reporting purposes, the Sabine Parish Police Jury is the financial reporting entity for Sabine Parish. The financial reporting entity consists of (a) the primary government (Police Jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based on these criteria, the Police Jury has determined that the following component units are part of the Sabine Parish Police Jury reporting entity. Separately issued financial statements for these component units can typically be obtained on the internet at [www.la.state.la.us](http://www.la.state.la.us).

| <u>Sabine Parish Component</u> | <u>Presentation</u> | <u>Sabine Parish Component</u> | <u>Presentation</u> |
|--------------------------------|---------------------|--------------------------------|---------------------|
| District Attorney's Office     | Discrete            | Ambulance Service District     | Discrete            |
| Judicial Expense Fund          | Discrete            | Tourist and Recreation         |                     |
| Constables                     | Discrete            | Commission                     | Discrete            |
| Justices of the Peace          | Discrete            | Waterworks – South Toledo      |                     |
| Coroner                        | Discrete            | Bend                           | Discrete            |

The following components of Parish government were considered in determining component units of the reporting entity:

| <u>Component Considered</u> | <u>Component Considered</u> | <u>Component Considered</u>    |
|-----------------------------|-----------------------------|--------------------------------|
| Sheriff                     | Sales and Use Tax           | Fire Protection District Wards |
| Clerk of Court              | Commission                  | 1 and 2                        |
| Tax Assessor                | School Board                | Fire Protection District Wards |
| Council on Aging            | Soil and Water Conservation | 3 and 4                        |
| Sabine River Compact        | District                    |                                |

It was determined that these entities are not component units of the Sabine Parish. Factors considered in making these determinations included whether members of the governing body are determined by the Police Jury, whether the entities are legally separate from the Police Jury, and whether the entities are fiscally dependent on the Police Jury.

The accompanying financial statements are not intended to present financial position, and results of operation for the reporting entity as a whole. Discretely presented component units have been omitted from the accompanying financial statements. Due to the absence of component unit data, the financial

statements do not address the entire reporting entity as required by generally accepted accounting principles.

BASIC FINANCIAL STATEMENTS

The basic financial statements include both government-wide and fund financial statements. The government-wide and fund financial statements present the Police Jury's financial position and results of operations from differing perspectives which are described as follows:

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities display information about the Police Jury as a whole. The effect of most interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities that may be reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, contributions associated with a particular function and most grants.

FUND FINANCIAL STATEMENTS

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Separate financial statements are provided for governmental funds and business-type (enterprise) funds. In addition, separate financial statements are presented for any fiduciary activities. Major individual funds are reported as separate columns in the fund financial statements. The Police Jury's major funds are described as follows:

Major Governmental Funds

General Fund – The general fund is the primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Transportation – A special revenue fund used to account for the proceeds of funds dedicated to the construction and maintenance of Parish roads and bridges.

Sales Tax – A special revenue fund used to account for the proceeds of sales taxes dedicated to public works related to solid waste disposal (sanitation) and roads.

American Rescue Plan Act – Reports activity associated with resources provided by the American Rescue Plan Act.

Major Business-Type Funds

Landfill – Accounts for activities associated with operating the Police Jury's solid waste landfill. Business-Type funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing goods and services in connection with the funds ongoing operations. Principal operating revenues are charges to customers for disposal of solid waste.

BASIS OF ACCOUNTING AND MEASUREMENT FOCUS

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

**Sabine Parish Police Jury  
Notes to Financial Statements  
December 31, 2022**

---

| <u>Financial Statement Presentation</u> | <u>Basis of Accounting</u> | <u>Measurement Focus</u>    |
|---|----------------------------|-----------------------------|
| Government-Wide Financial Statements    | Accrual Basis              | Economic Resources          |
| Fund Financial Statements               | Modified Accrual Basis     | Current Financial Resources |

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year-end. In addition, expenses are generally recorded when a liability has been incurred; however, debt service is recorded as an expenditure when payment is made. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as other financing sources and repayment of long-term debt is reported as an expenditure of funds.

Nonexchange transactions, in which the Police Jury receives value without directly giving equal value in return, include property taxes, and grants. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Police Jury must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Police Jury on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

#### USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### RESTRICTED ASSETS

Any amounts reported as restricted assets, represent resources that must be expended in a specific manner. Restrictions of this nature can be imposed by tax propositions and various contractual obligations including grant agreements and bond covenants. Whenever restricted assets can be used to satisfy an obligation, the restricted assets are typically consumed before utilizing any unrestricted resources.

#### BUDGET PRACTICES

Budgets, including any amendments, are prepared in the manner prescribed by Louisiana revised statutes. Police Jury budgets present revenue and expenditures on a basis which is consistent with generally accepted accounting principles. Budgets are adopted annually for the general fund and each special revenue fund. Furthermore, the budgets are amended as necessary in the manner prescribed by Louisiana revised statutes. The remaining funds are not required to adopt budgets.

#### CAPITAL ASSETS

Capital assets, which include property, equipment, and infrastructure, are reported in the government-wide financial statements. Assets reported in the fund financial statements for governmental funds exclude capital assets. Instead, the governmental funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

**Sabine Parish Police Jury  
Notes to Financial Statements  
December 31, 2022**

---

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value when received by the Police Jury.

Capital assets are depreciated using the straight-line method and estimated useful lives ranging from 4 to 50 years. Useful lives are selected depending on the expected durability of the particular asset.

**CASH AND CASH EQUIVALENTS**

Amounts reported as cash and cash equivalents include all cash on hand, cash in bank accounts and certificates of deposit. Credit risk associated with bank deposits is limited by requiring fiscal agent banks to pledge securities as required by State Law. Furthermore, interest rate risk associated with certificates of deposit is typically mitigated by purchasing instruments that mature in one year or less.

**INTERNAL ACTIVITY**

Resources belonging to particular funds are commonly shared with other funds that need access to additional resources. When resources are provided without expectation of repayment, the transaction is reported as a transfer. Transfers are treated as a source of income by the recipient and as an expense or expenditure by the provider. If repayment is eventually expected to occur, interfund receivables and payables are recorded.

In preparing the government-wide financial statements, transfers are eliminated to present net transfers for governmental activities and business-type activities. In addition, interfund receivables and payables are eliminated to present a net internal balance for each type of activity.

**COMPENSATED ABSENCES**

Personnel earn a vested interest in vacation leave at varying rates depending on their length of service and the policies of their particular department. Accumulation of vacation leave is limited to 240 hours for most employees. Payments of vacation leave are typically made from the fund that ordinarily provides the employees compensation.

**DELAYED REVENUES**

Amounts collected from funding sources before the receipts are earned are reported as delayed revenues. Revenue is reported when the earning process is completed.

**FUND BALANCE CLASSIFICATION**

Approval of the majority of the Police Jury is required to approve the commitment of fund balances. In situations where it is permissible to spend restricted or committed resources, the Police Jury typically depletes the available restricted or committed resources before consuming unrestricted resources.

Non-spendable portions of fund balances are attributable to fund equity attributable to receivables from other funds that do not have resources to repay the obligation during the next operating cycle.

**NOTE 2 – TAXES:**

Taxes imposed by the Police Jury are summarized as follows:

**AD VALOREM TAXES:**

Ad valorem taxes are assessed by the Sabine Parish Assessor and collected for the Police Jury by the Sabine Parish Sheriff's Office. Taxes are considered delinquent if not paid by December 31<sup>st</sup> of each year. The following is a summary of adjusted authorized and levied ad valorem tax millage:

| No. 20          | 22.58          |

**SALES TAXES**

The voters have approved a 1.0% (one percent) sales tax to be imposed for a period of ten years beginning August 1, 2014. The proceeds, after paying costs of collection and administering the tax, are dedicated to the collection and disposal of solid waste with the balance of proceeds used for establishing, constructing, maintaining and improving roads and bridges.

**NOTE 3 -CASH AND CASH EQUIVALENTS:**

Deposits are stated at cost, which approximates market value. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2022, the Police Jury has \$25,252,767 in deposits (collected bank balance). These deposits are secured from risk by \$500,000 of federal deposit insurance, \$17,148,522 of pledged securities held by the custodial bank in the name of the fiscal agent bank, and an irrevocable standby letter of credit from the Federal Home Loan Bank of Dallas in the amount of \$10,800,000. State law imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

**NOTE 4 – RECEIVABLES:**

Receivables are reported for both Governmental and Business-Type Activities.

**GOVERNMENTAL ACTIVITIES**

The following is a summary of receivables at December 31, 2022:

**Sabine Parish Police Jury  
Notes to Financial Statements  
December 31, 2022**

The receivables presented above are primarily due from other governmental units and management considers the amounts to be fully collectible. There is no allowance for doubtful accounts.

**BUSINESS-TYPE ACTIVITIES**

Receivables reported in connection with business-type landfill activities consist entirely of amounts due customers. Based on collection experience, management believes that the entire balance is collectible.

**NOTE 5 – INTERFUND BALANCES:**

Various funds deposit cash into a single bank account and money is disbursed from the account on behalf of these funds. This commingling of resources results in interfund receivables and payables, when a fund withdraws amounts in excess of its contributions to the account. Balances resulting from transactions of this nature are summarized as follows:

|                 | Due From<br>Other Funds | Due To<br>Other Funds | Net            |
|-----------------|-------------------------|-----------------------|----------------|
| General         | \$ 235,998              | \$ ----               | \$ 235,998     |
| Non Major Funds | ----                    | 235,998               | (235,998)      |
|                 | <u>\$ 235,998</u>       | <u>\$ 235,998</u>     | <u>\$ ----</u> |

**NOTE 6 – TRANSFERS:**

In the ordinary course of business, the Police Jury routinely transfers resources between its funds for various reasons. A description of the transfers and the purpose for the transfers is presented as follows:

|   | <u>Transfers In</u> | <u>Transfers Out</u> |
|---|---------------------|----------------------|
| Funds with surplus resources have made transfers to supplement the activities of other funds. The following transfers were permissible based on the restrictions associated with the various funds: |                     |                      |
| General Fund  | \$ ----             | \$ 1,856,096         |

Further information regarding each of the retirement systems presented above is furnished as follows:

**PAROCHIAL EMPLOYEES RETIREMENT SYSTEM**

*Plan Description* - The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All participating employees of the Police Jury are members of Plan A. All permanent employees meeting minimum work requirements and who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. The length of creditable service required for retirement at various ages varies depending on when employees were hired. Generally employees meeting these requirements are entitled to a retirement benefit, payable monthly for life, equal to three per cent of their final-average salary for each year of creditable service. Employees who terminate with at least the amount of creditable service stated above, and who do not withdraw their employee contributions, may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

---

*Funding Policy* - Employees are required to contribute 9.5% of their salaries to the System. The employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The current rate is 11.50% of annual covered payroll. The contribution requirements of the plan members and the Police Jury are established and may be amended by state statute. In addition, contributions to the System also include portions of the taxes shown to be collectible by the tax rolls of each parish, except Orleans and East Baton Rouge Parishes. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. Contributions to the retirement system for the year ended December 31, 2022 and each of the two preceding years have been consistent with the required amounts.

*Financial Summary* - The plan description, funding policies and financial information provides a summary of the Plan provisions and finances. For additional details the System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained at persla.org.

Plan A's net pension liability was determined at December 31, 2021 (measurement date and actuarial valuation date) and details are provided as follows:

|  |                       |
|--|-----------------------|
| Net Pension Liability (Asset)                  | \$ (471,043,411)      |

| Police Jury's Proportionate Share (Amount)     | <u>\$ (1,598,001)</u> |

The proportionate share of the net pension asset or liability was based on the Police Jury's share of employer contributions during the measurement period. The net pension liability presented above was not affected by any special funding situations. Changes in the Police Jury's proportionate share of Plan A's net pension liability during the measurement period ending December 31, 2021 are provided as follows:

|   |                       |

| Ending Net Pension Liability (Asset)        | <u>\$ (1,598,001)</u> |

There were no changes between December 31, 2022 and the Plan A's measurement date that are expected to have a significant effect on the Police Jury's proportionate share of the collective net pension liability. Balances presented as deferred outflows of resources and deferred inflows of resources reported in connection with participation in the plan are presented as follows:

| Cost of Living Adjustments | The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.  |
| Mortality                  | Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2018 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for disabled annuitants. |
| Inflation Rate             | 2.30%   |

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2013 through December 31, 2017. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. For Disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale.

The discount rate used to measure the total pension liability was 6.40% for Plan A and 6.40% for Plan B. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.00% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.00% for the year ended December 31, 2021.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2021 are summarized in the following table:

**DISTRICT ATTORNEYS' RETIREMENT SYSTEM**

*Plan Description.* The Police Jury contributes to the District Attorneys' Retirement System, State of Louisiana, which is a cost-sharing multiple employer defined benefit pension plan. The System was established on the first day of August 1956 and was placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. 11, Chapter 3 for district attorneys, assistant district attorneys, and employees of DARS and Louisiana District Attorneys' Association.

All persons who are district attorneys of the State of Louisiana, assistant district attorneys in any parish of the State of Louisiana, or employed by this retirement system and the Louisiana District Attorneys' Association except for elected or appointed officials who have retired from service under any publicly funded retirement system within the state and who are currently receiving benefits, shall become members as a condition of their employment, provided, however, that in the case of assistant district attorneys, they must be paid an amount not less than the minimum salary specified by the board for assistant district attorneys. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

*Funding Policy* – Non-Employer contributions are determined by State statutes. The employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The contribution requirements of the plan members and the Police Jury are established and may be amended by state statute. Contributions to the retirement system for the year ended December 31, 2022 and each of the two preceding years have been consistent with the required amounts.

*Financial Summary* - The plan description, funding policies and financial information provides a summary of the Plan provisions and finances. For additional details the System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained at [lla.la.gov](http://lla.la.gov).

Net pension liability was determined at June 30, 2022 (measurement date and actuarial valuation date) and details are provided as follows:

|  |                  |
|--|------------------|
| Net Pension Liability (Asset)                  | \$ 107,721,228   |

Mortality

Pub-2010 Public Retirement Plans Mortality Table for General Above-Median Employees multiplied by 115% for males and females for current employees, each with full generational projection using the MP2019 scale.

Pub-2010 Public Retirement Plans Mortality Table for General Above-Median Healthy Retirees multiplied by 115% for males and females for annuitants and beneficiaries, each with full generational projection using the MP2019 scale.

Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 115% for males and females for disabled retirees, each with full generational projection using the MP2019 scale.

The mortality rate assumption used was set based upon an experience study performed on plan data for the period July 1, 2014, through June 30, 2019. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that the tables used would produce liability values approximating the appropriate generational mortality tables.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 7.69% for the year ended June 30, 2022.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2022 are summarized in the following table:

| Asset Class                        | Target Asset Allocation | Long-term Expected Portfolio Real Rate of Return |
|------------------------------------|-------------------------|--|

| Total                              | 100.00%                 | 5.01%  |
| Inflation                          |                         | 2.68%  |
| Expected Arithmetic Nominal Return |                         | 7.69%  |

The discount rate used to measure the total pension liability was 6.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to changes in the discount has been determined by measuring net pension liability at a discount rate that is one percentage point lower and one percentage point higher than the current rate. The results are presented as follows:

**REGISTRAR OF VOTERS RETIREMENT**

*Plan Description* - Any member hired prior to January 1, 2013 is eligible for normal retirement after 20 years of creditable service and is age 55 or has 10 years of creditable service and is age 60. Any member with 30 years of creditable service regardless of age may retire. Regular retirement benefits for members hired prior to January 1, 2013 are calculated at 3.33% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

Any member hired on or after January 1, 2013 is eligible for normal retirement after he has attained 30 years of creditable service and is age 55; has attained 20 years of creditable service and is age 60; or has attained 10 years of creditable service and is age 62. Regular retirement benefits for members hired on or after January 1, 2013 are calculated at 3.00% of the average annual earned compensation for the highest consecutive 60 months multiplied by the number of years of creditable service, not to exceed 100% of average annual compensation.

The System also provides a Deferred Retirement Option Plan (DROP), death benefits and disability benefits. Benefits are established by State statute.

*Funding Policy* - Employees are required to contribute 7% of their salaries to the System. The employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The current rate is 17.0% of annual covered payroll. The contribution requirements of the plan members and the Police Jury are established and may be amended by state statute. Contributions to the retirement system for the year ended December 31, 2022 and each of the two preceding years have been consistent with the required amounts.

*Financial Summary* - The plan description, funding policies and financial information provides a summary of the Plan provisions and finances. For additional details the System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained at [larovers.com](http://larovers.com).

The Plan's net pension liability was determined at June 30, 2022 (measurement date and actuarial valuation date) and details are provided as follows:

|  |                  |
|--|------------------|
| Net Pension Liability                          | \$ 24,520,273    |

During the year ended June 30, 2022, mortality assumptions were set after reviewing an experience study performed on plan data for the period from July 1, 2014 through June 30, 2019. The data was assigned credibility weightings and combined with a standard table to produce current levels of mortality. The mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. The mortality tables selected were set forward or set back to approximate mortality improvement.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The resulting long-term rate of return is 8.75% for the year ended June 30, 2022.

The best estimates of arithmetic real rates of return for each major asset class based on the System's target asset allocation as of June 30, 2022 were as follows:

The discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by the Public Retirement System’s Actuarial Committee taking into consideration the recommendation of the System’s actuary. Based on those assumptions, the System’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to changes in the discount has been determined by measuring net pension liability at a discount rate that is one percentage point lower and one percentage point higher than the current rate. The results are presented as follows:

|                       | 1% Decrease<br>5.25% Rate | Current Discount<br>Rate 6.25% | 1% Increase<br>7.25% Rate |

**NOTE 11 – OTHER POST EMPLOYMENT BENEFITS:**

Details regarding other post-employment benefits (OPEB) that the Police Jury provides for its workforce are provided as follows:

**PLAN DESCRIPTION**

The Police Jury’s established policies and procedures include providing certain healthcare benefits for retirees. This policy amounts to a single-employer defined benefit healthcare plan (the Plan) administered by the Police Jury. The Plan provides medical benefits through the group health insurance plan which covers both active and retired members. Benefits under the plan are made available to employees upon actual retirement. The Plan does not issue a publicly available financial report. Plan participants are typically eligible for healthcare benefits when they become eligible for benefits from participating retirement systems. The Plan was established by an a majority vote of the Police Jury and its terms can be modified or abolished by a majority of the Police Jury at any time.

**FUNDING POLICY**

Employees do not contribute to their post-employment benefits costs until they become retirees and begin receiving those benefits. The Police Jury has not established a trust fund to finance the cost of benefits and the Plan has no assets.

**NOTE 12 - CONTINGENCIES:**

Existing conditions that may have financial consequences in the future are referred to as contingencies. Contingencies existing at December 31, 2022, are described as follows:

**GRANT CONTINGENCIES**

The Police Jury participates in programs that are supported by grant funds. Management is confident that all significant grant conditions have been met; however, grantor agencies routinely review grant activity and could request reimbursement if a dispute occurs regarding compliance with grant conditions.

**LITIGATION**

As the governing authority for Sabine Parish, the Police Jury has numerous responsibilities. These responsibilities include maintaining roads and other public facilities as well as disposing of solid waste on a Parish-wide basis. Due to the extensive nature of the Police Jury's responsibilities, it is sometimes the target of litigation. However, based on consultation with attorneys, there are no matters pending at the present time. Furthermore, general liability insurance coverage is maintain to address any potential matters that may arise.

**LANDFILL CLOSURE AND POST CLOSURE CARE COST**

As discussed elsewhere in the notes, the Police Jury is responsible for certain cost related to landfill operations. Liabilities reported in connection with these costs are based on estimates that could change in response to inflation, changes in technology, unexpected circumstances or changes in regulations

**NOTE 13 - RISK MANAGEMENT:**

The Police Jury is exposed to various risk of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Police Jury insures against these risks by participation in public entity risk pools that operate as common insurance programs and by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

**NOTE 14 – LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS**

The Police Jury is permitted by the Louisiana Department of Environmental Quality to operate a solid waste landfill facility that includes active and closed cells. Operations are approved for a surface area described as follows:

**Sabine Parish Police Jury  
Notes to Financial Statements  
December 31, 2022**

|   |            |
|---|------------|
| Certified Closed Areas                          | 14.5 Acres |
| Active Operating Area                           | 35.4 Acres |
| Total Constructed Disposal Area                 | 49.9 Acres |
| Permitted Area Available for Future Development | 15.4 Acres |
| Surface Impoundment Oxidation Impoundment       | 2.3 Acres  |
| Total Permitted Disposal Area                   | 67.6 Acres |

State and federal laws and regulations require certain closure and post-closure activities. Although the majority of closure and post-closure care costs will be paid only near or after the date that all or portions of the landfill site stops accepting waste, the Police Jury reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each statement of net position date. Based on estimates provided by consulting engineers for the year ended December 31, 2022, projected cost associated with closure and post-closure activities are presented as follows:

|  | <b>Projected<br/>Total Cost</b> | <b>Cost<br/>Recognized<br/>to Date</b> | <b>Remaining<br/>Cost to be<br/>Recognized</b> |
|--|---------------------------------|--|--|
| Placement of final cover over the 35.4 currently operating acres when this portion of the facility stops accepting waste. Approximately 66.8% of the capacity has been consumed.                             | \$ 5,598,920                    | \$ 3,740,547                           | \$ 1,858,373                                   |
| Disposal of sludge and other activities associated with closing the facility's oxidation pond when the entire facility stops accepting waste. Approximately 83.5% of the capacity has been consumed.         | 867,678                         | 724,195                                | 143,483  |
| Total Closure Cost   | 6,466,598                       | 4,464,742                              | 2,001,856                                      |
| Post-closure cost including maintenance and monitoring of the permitted area for a period of 30 year after the entire facility stops accepting waste. Approximately 83.5% of the capacity has been consumed. | 2,425,200                       | 2,024,158                              | 401,042  |
| Total Closure and Post-Closure Costs   | \$ 8,891,798                    | \$ 6,488,900                           | \$ 2,402,898                                   |

Based on current demographic information and engineering estimates of landfill consumption, the Police Jury expects to close the 35.4 acres actively accepting waste in approximately 2026. In addition, the Police Jury intends to develop the remaining permitted acres and continue operations for an extended period of time. Actual cost may be higher due to inflation, changes in technology, or changes in regulations. The Police Jury has not established an escrow account to finance all closure costs and post-closure care but it has purchased a bond to provide for these cost.

**NOTE 15 – FUND DEFICITS**

Some of the non-major funds that are associated with operation of the District Court have reported immaterial deficits. Management expects to eliminate the deficits through future operations or transfers from unrestricted funds. The individual funds reporting deficits are presented as follows:

**NOTE 16 – SUBSEQUENT EVENTS:**

Events that provide additional information about conditions that existed at year end, are described as follows:

**CLOSURE AND POST CLOSURE LIABILITIES:**

For a period of 25 years that ended in 2020, the landfill facility was operated by a private company (the operator) that was responsible for operations during that period. The operator was responsible for all phases of Landfill activity, including Closure and Post-Closure Costs that were incurred during the term of the contract. On August 21, 2023, a settlement was reached compensating the Police Jury for the operator's share of closure and post-closure liabilities. Under the terms of the settlement, the Police Jury will receive \$7,500,000 in exchange for releasing the operator from all liabilities associated with the landfill operations. Payment is due within 30 days of executing the settlement agreement.

**DEBT ISSUED**

Subsequent to year end, \$6,000,000 of Landfill Revenue Bonds, Series 2023 were issued. The proceeds are available for the following purposes:

- Acquiring, constructing and installing improvements, replacements, and equipment to the landfill facilities, and
- Paying the cost of issuance of the bonds.

The Police Jury intends to use the bond proceeds to expand the capacity of its landfill operations.

**NOTE 17 – DELAYED REVENUES**

Grant funds held by Road District No. 16 remain unexpended and are reported as delayed revenues.

**NOTE 18 – LEASING**

The Police Jury has entered into various leasing arrangements to acquire vehicles and equipment necessary to conduct operations. Under the terms of the agreements, the Police Jury is obligated to make fixed payments over periods ranging from 4 to 5 years. Details regarding the lease obligations are presented as follows:

|                   | <u>Beginning<br/>Balance</u> | <u>Additions</u> | <u>Reductions</u> | <u>Ending<br/>Balance</u> | <u>Current<br/>Portion</u> | <u>Long-Term<br/>Portion</u> |

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS*

Sabine Parish Police Jury  
Many, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Sabine Parish Police Jury as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Police Jury's basic financial statements and have issued our report thereon dated September 18, 2023.

**INTERNAL CONTROL OVER FINANCIAL REPORTING**

In planning and performing our audit of the financial statements, we considered the Sabine Parish Police Jury's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the Sabine Parish Police Jury's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**REPORT ON COMPLIANCE AND OTHER MATTERS**

As part of obtaining reasonable assurance about whether the Police Jury's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing*

*Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2022-001.

**SABINE PARISH POLICE JURY'S RESPONSE TO FINDINGS**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Police Jury's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Police Jury's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**PURPOSE OF THIS REPORT**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH  
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Sabine Parish Police Jury  
Many, Louisiana

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM**

**ADVERSE OPINIONS**

We have audited the Sabine Parish Police Jury's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Police Jury's major federal programs for the year ended December 31, 2022. Police Jury's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**ADVERSE OPINION ON THE WORKFORCE INNOVATION AND OPPORTUNITY (WIOA) CLUSTER**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinions section of our report, the Police Jury did not comply, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the Workforce Innovation and Opportunity (WIOA) Cluster for the year ended December 31, 2022.

**BASIS FOR ADVERSE OPINION**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Sabine Parish Police Jury and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions on compliance for each major federal program. Our audit does not provide a legal determination of the Police Jury's compliance with the compliance requirements referred to above.

**Matter Giving Rise to Adverse Opinion on the Workforce Innovation and Opportunity (WIOA) Cluster**

As described in the accompanying schedule of findings and questioned costs, the Police Jury did not comply with requirements regarding the following:

| Finding # | Assistance Listing #       | Program (or Cluster) Name                           | Compliance Requirements |
|-----------|----------------------------|---|-------------------------|
| 2022-002  | 17.228<br>17.259<br>17.278 | Workforce Innovation and Opportunity (WIOA) Cluster | Subrecipient Monitoring |

Compliance with such requirements is necessary, in our opinion, for the Police Jury to comply with the requirements applicable to that program.

RESPONSIBILITIES OF MANAGEMENT FOR COMPLIANCE

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Police Jury's federal programs.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF COMPLIANCE

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Police Jury's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Police Jury's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Police Jury's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Police Jury's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Police Jury's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

OTHER MATTERS

*Government Auditing Standards* requires the auditor to perform limited procedures on the Police Jury's response to the noncompliance findings identified in our compliance audit described in the accompanying

**Sabine Parish Police Jury**  
**September 18, 2023**

---

schedule of findings and questioned costs. The Police Jury's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a material weaknesses.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-002 to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the Police Jury's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The Police Jury's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**APPENDIX A**  
**Statewide Agreed-Upon Procedures**

Independent Accountant's Report  
On Applying Agreed-Upon Procedures

To the Sabine Parish Police Jury and  
the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Sabine Parish Police Jury (the Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2022, through December 31, 2022. The Entity's management is responsible for those C/C areas identified in the SAUPs.

The entity has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period described above. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

We were engaged to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
