## INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Commissioners of  
Acadia Parish Convention and  
Visitors Commission  
Crowley, Louisiana

We have reviewed the accompanying financial statements of the governmental activities and each major fund of the Acadia Parish Convention and Visitors Commission (a component unit of the Acadia Parish Police Jury) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

### **Accountants' Responsibility**

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Acadia Parish Convention and Visitors Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

### **Accountants' Conclusion**

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the accompanying budgetary comparison schedule and notes to the schedule on pages 24 and 25 be presented to supplement the basic financial statements. Such information is presented for purposes of additional analysis and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic or historical context. Management has omitted management's discussion and analysis that the Governmental Accounting Standards Board requires to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. We have not audited, reviewed or compiled the required supplementary information and we do not express an opinion, conclusion, nor provide any assurance on it.

### **Other Matters**

The schedule of compensation, benefits and other payments to agency head on page 28 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The schedule of compensation, benefits and other payments to agency head has been subjected to the review procedures applied in the accountants' review of the basic financial statements and we are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

In accordance with the Louisiana Governmental Audit Guide and the provisions of State Law, we have issued our report, dated June 28, 2023, on the results of our agreed-upon procedures.

## ACADIA PARISH CONVENTION AND VISITORS COMMISSION

### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Summary of Significant Accounting Policies

The financial statements of the Acadia Parish Convention and Visitors Commission (the "Commission") have been prepared in conformity with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies of the Commission are described below.

#### Reporting entity:

The Commission, a component unit of Acadia Parish Police Jury, was created in 1989 by an ordinance of the Acadia Parish Police Jury. It is governed by a Board of Commissioners appointed by the Acadia Parish Police Jury. The accompanying financial statements present information only on the funds maintained by the Commission.

#### Basis of presentation:

The Commission's basic financial statements consist of the government-wide statements and the fund financial statements. The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units.

#### Government-wide financial statements -

The government-wide financial statements include the statement of net position and the statement of activities of the Commission. As a general rule, the effect of interfund activity has been removed from these statements. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

In the government-wide statement of net position, the governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Commission's net position is reported in three parts – net investment in capital assets, restricted and unrestricted.

The government-wide statement of activities reports both the gross and net cost of each of the Commission's functions. The functions are also supported by general government revenues (certain intergovernmental revenues, interest income, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating, and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while capital grants include capital-specific grants.

## NOTES TO FINANCIAL STATEMENTS

The Commission reports all direct expenses by function in the government-wide statement of activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is included as a direct expense. The net cost (by function) is normally covered by general revenue (intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Commission as an entity and the change in the Commission's net position resulting from the current year's activities.

### Fund financial statements -

The fund financial statements provide information about the Commission's funds. The emphasis of the fund financial statements is on major governmental funds.

The Commission reports the following major governmental fund:

General Fund - This fund accounts for all operating activities of the Commission.

Additionally, the Commission reports the following fiduciary fund:

Custodial Fund – This fund accounts for the collection and disbursement of hotel taxes assessed for other governments.

### Basis of accounting:

#### Government-wide financial statements -

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of when the related cash flows takes place. Nonexchange transactions, in which the Commission gives (or receives) value without directly receiving (or giving) equal value in exchange, include taxes, grants, and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

#### Fund financial statements -

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. All other receivables collected within 60 days after year-end are considered available and recognized as revenue of the current year.

Expenditures are recorded when the related fund liability is incurred, except for compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds.

Fiduciary funds account for assets held by the government as an agent of other funds within the Commission or on behalf of other governmental bodies.

NOTES TO FINANCIAL STATEMENTS

Hotel Tax Fund – Accounts for monies collected on behalf of the City of Crowley. Total tax collected was \$57,648, administrative fees paid to the general fund were \$849, and tax remitted to the City of Crowley was \$56,800.

Cash:

Cash includes amounts in demand and savings deposits.

Investments:

State statutes authorize the Commission to invest in United States bonds, treasury notes, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

The Commission did not have any investments as of December 31, 2022.

Custodial credit risk:

Custodial credit risk is the risk that in the event of a bank failure, the Commission’s deposits may not be returned to it. The Commission’s policy to ensure there is no exposure to this risk is to require each financial institution to pledge their own securities to cover any amount in excess of Federal Depository Insurance coverage. These securities must be held in the Commission’s name. As of December 31, 2022, the carrying amount of the Commission’s bank deposits was \$543,838 and the bank balance was \$553,600. Of the bank balance, \$500,000 was secured from risk by Federal Deposit Insurance, \$36,817 was secured from pledged securities held by the custodial banks in the name of the fiscal agent bank.

Capital assets:

The accounting treatment over property and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

Government-wide statements –

The Commission’s property and equipment with useful lives of more than one year are stated at historical costs and comprehensively reported in the government-wide financial statements. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. The range of estimated useful lives by type of assets is as follows:

	<u>Years</u>
Automobile	5
Building improvements	5 - 20
Buildings	20
Leased assets	Shorter of useful life or lease term
Furniture and equipment	3 - 5
Land improvements	20 – 30

## NOTES TO FINANCIAL STATEMENTS

### Fund financial statements –

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

### Compensated absences:

The Commission does not have a formal policy on vacation and sick leave. Accordingly, no liability has been recorded in the financial statements.

### Lease liabilities:

A lease is defined as a contractual agreement that conveys control of the right to use another's nonfinancial asset, for a minimum contractual period of greater than one year, in an exchange or exchange like transaction. The Commission leases a mailing machine and a photocopier for use in operations. The related lease liability is presented in the amount equal to the present value of lease payments, payable during the remaining lease term. A lease liability, as discussed in Note 3 and the associated right to use lease asset, as discussed in Note 2 are recognized within the government wide financial statements.

### Deferred outflows/inflows of resources:

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expenditure) until then. The Commission does not currently have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Commission does not currently have any items that qualify for reporting in this category.

### Net position flow assumption:

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumptions must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

## NOTES TO FINANCIAL STATEMENTS

### Fund balance flow assumption:

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumptions must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

### Equity classifications:

#### Government-wide statements –

Equity is classified as net position and displayed in three components: (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted net position.

#### Fund financial statements –

The Commission defines fund balance categories in accordance with GASB Statement 54, "Fund Balance Reporting and Governmental Fund Type Definitions." The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance - amounts that are not in a spendable form (such as inventory) or are required to be maintained intact;
- Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- Unassigned fund balance - amounts that are available for any purpose; positive amounts are reported only in the general fund.

The Board of Commissioners establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by the Board of Commissioners through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

## NOTES TO FINANCIAL STATEMENTS

### Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

### Budgets and budgetary accounting:

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. The budget is employed as a management control device during the year that assists its users in financial activity analysis. All budget appropriations lapse at year end.

### Adopted accounting standards:

GASB Statement No. 87, "Leases" establishes a single model for lease accounting based on the foundational principle that leases are financings of right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right to use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This statement is effective for reporting periods beginning after June 15, 2021. Upon adoption of this standard, a cumulative effect of \$(106) was recorded against net position as previously stated, it also effected capital assets and long-term liabilities due to implementation as stated in Notes 2 and 3.

### Note 2. Capital Assets

As a result of the implementation of GASB 87, the capital asset balances as of January 1, 2022 were restated as follows:

Note 4. Leases

The Commission has entered into leases for a mailing machine and photocopier as the lessee. Beginning with year 2022, leases are presented in the financial statements and accompanying footnotes in accordance with GASB 87. GASB 87 requires that leases be categorized as either short term (12 months or less in length, including options) or long-term. In determining the future minimum lease payments the Commission includes the right to extend options terms in the non-cancelable leases. Short-term lease financial transactions are reflected in the government wide statements of activities and in the fund statement of revenues, expenditures and changes in fund balance.

The following is a schedule of the future minimum lease payments for the lease liabilities as of December 31, 2022:

	<u>Governmental activities</u>

Note 5. Per Diem Paid to the Board of Commissioners

There was no compensation paid to Commissioners for the year ended December 31, 2022.

Note 6. Risk Management

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. With the exception of natural disasters, the Commission purchases commercial insurance to cover any claims related to these risks.

Note 7. Interfund Transactions

Interfund receivables and payables, by fund, at December 31, 2021 are as follows:

	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
General fund	\$ <u>156</u>	\$ <u>-</u>
Custodial funds:		
Hotel tax fund	\$ <u>-</u>	\$ <u>156</u>
Total	\$ <u>156</u>	\$ <u>156</u>

The amounts due to the General Fund from the hotel tax custodial fund is for fees on the taxes collected at year end not remitted to the General Fund.

Total administrative fees collected in the custodial fund and remitted to general fund amounted to \$849 during 2022.

Note 8. Cooperative Endeavor Agreement

During 2021, the Commission entered into a cooperative endeavor agreement with the Louisiana Department of Treasury and the State of Louisiana. Act 119 of the 2021 Regular Legislative Session appropriated for expenditure certain state funds of which the Commission was allocated \$97,244 per fiscal year beginning in July and ending in June. The purpose of this agreement is to promote tourism in Acadia Parish, to maximize economic growth by generating overnight stays through promoting tourism marketing, festivals and events. The Commission plans to accomplish this by advertising and promoting Acadia Parish as a tourism destination through regional, local, electronic media and marketing publications. During 2022, the Commission recognized revenue and incurred expenses of \$120,996 from this agreement.

NOTES TO BUDGETARY COMPARISON SCHEDULE

See Independent Accountants' Review Report

Note 1. Budgets and Budgetary Accounting

The Commission uses the following procedures in establishing the budgetary data reflected in the financial statements:

1. The Commission prepares a proposed operating budget for the fiscal year commencing January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
3. The budget is employed as a management control device during the year that assists its user in financial activity analysis.

All budget appropriations lapse at year-end. The budgets presented are the originally adopted budget and the final amended budget.

Current Status: Resolved.

INDEPENDENT ACCOUNTANTS' REPORT  
ON APPLYING AGREED-UPON PROCEDURES

To The Board of Commissioners of  
Acadia Parish Convention and  
Visitors Commission  
Crowley, Louisiana

We have performed the procedures enumerated below on the Acadia Parish Convention and Visitors Commission's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended December 31, 2022, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide. The Commission's management is responsible for its financial records and compliance with applicable laws and regulations.

The Commission has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the Commission's compliance with the laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended December 31, 2022. Additionally, the Louisiana Legislative Auditor has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

**Public Bid Law**

1. Obtain documentation for all expenditures made during the year for material and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

*No expenditures were made during the year for materials and supplies exceeding \$30,000 or for public works exceeding \$250,000.*

**Code of Ethics for Public Officials and Public Employees**

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

*Management provided us with the requested information.*

3. Obtain a list of all employees paid during the fiscal year.

*Management provided us with the requested information.*

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

*None of the employees included on the list of employees provided by management in agreed-upon procedure (3) appeared on the list provided by management in agreed-upon procedure (2).*

5. Obtain a list of all disbursements made during the year; and a list of outside interests of board members' and employees' immediate families. Report whether any vendors appear on both lists.

*Besides paychecks for employees, we noted disbursements made during the year to one individual on the list of outside interests of board members' or employees' immediate families totaling \$1,800.*

### **Budgeting**

6. Obtain a copy of the legally adopted budget and all amendments.

*Management provided us with a copy of the original budget and amended budget for the current year.*

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

*The original budget was adopted on January 12, 2022. The amended budget was adopted on November 13, 2022.*

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more. (For agencies that must comply with the Licensing Agency Budget Act only, compare the expenditures of the final budget to actual expenditures, and report whether actual expenditures did not exceed budgeted amounts by 10% or more per category or 5% or more in total).

*We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues did not fail to meet budgeted revenues by 5% or more and actual expenditures did not exceed budgeted amounts by 5% or more.*

### **Accounting and Reporting**

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

- a. Report whether the six disbursements agree to the amount and payee in the supporting documentation,

*We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.*

- b. Report whether the six disbursements are coded to the correct fund and general ledger account, and

*All six of the selected disbursements were properly coded to the correct fund and general ledger account.*

- c. Report whether the six disbursements were approved in accordance with management's policies and procedures.

*Of the six disbursements selected for testing, all had proper support documented and dual signatures on the checks.*

### **Meetings**

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

*Per management, the agendas for the meetings were being posted for fiscal year 2022 at the place of the meetings in advance.*

### **Debt**

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

*We inspected all original bank statements for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.*

### **Advances and Bonuses**

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

*There were no payments made to employees which constituted bonuses, advances, or gifts in fiscal year 2022.*

### **State Audit Law**

13. Report whether the agency provided a timely report in accordance with R.S. 24:513.

*The Commission provided a timely report.*

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A.(2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

*Per management, there were no contracts that utilize state funds and that were subject to public bid law in the current year.*

### **Prior-Year Comments**

15. Obtain and report management's representation as to whether any prior-year suggestions, recommendations, and/or comments have been resolved.

*Our prior year report, dated June 22, 2022, included a recommendation that the Commission should consider the effects of year end accruals when amending the budget. In 2022 this finding was resolved.*

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagement contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to, and did not, conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the District's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
