INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Commissioners **New Orleans Regional Business Park** (Enterprise Center) New Orleans, Louisiana

We have reviewed the accompanying financial statements of New Orleans Regional Business Park ("NORBP"), as of December 31, 2022, and the related notes to the financial statements, which collectively comprise NORBP's basic financial statements as listed in the Table of Contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of entity management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with the Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of **New Orleans Regional Business Park** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Louisiana Act 706 of the 2020 Legislative Session requires that Agency Head Compensation on page 13 be presented to supplement the basic financial statements, is required by Louisiana Act 706 of the 2020 Legislative Session who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information was not audited, reviewed, or compiled by us and we do not express an opinion, a conclusion, nor provide any assurance on it.

Other Matters

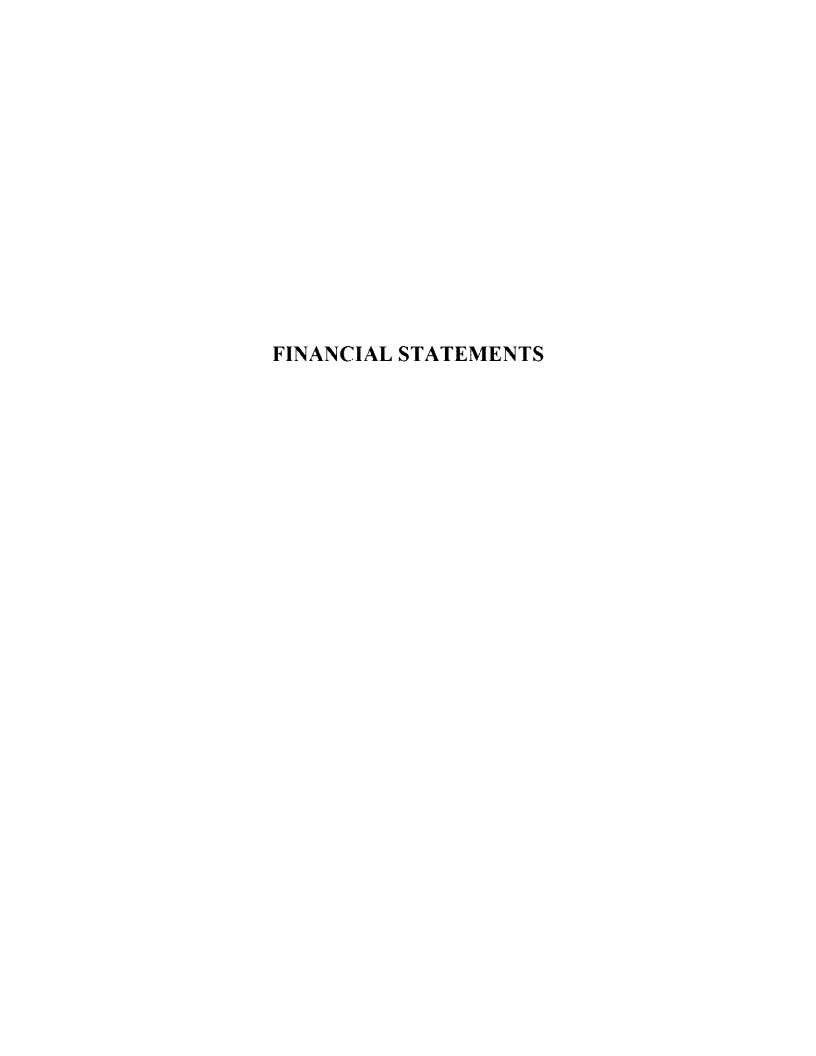

New Orleans Regional Business Park has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the financial statements in appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in accordance with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS For the Year Ended December 31, 2022

NOTE 1 - Organization

General

The New Orleans Regional Business Park (NORBP) is a 7,000-acre Louisiana Enterprise Zone created by the Louisiana Legislature to attract business and industry through incentives such as sales, use and property tax benefits. NORBP also encompasses a 92-acre Foreign Trade Zone which provides additional savings on duty fees.

In 1992, a special project referred to as the "Enterprise Center" was initiated to promote economic growth in the City of New Orleans, by promoting business and industrial development in the district. The Center includes the following components designed to improve the development environment in New Orleans East:

- Industrial service-based incubator.
- Advanced technology institute.
- College extension programs.

NORBP is used to account for the operations of the district. Its financing sources are derived principally from tenant rent revenues.

The Board of Commissioners is composed of thirteen (13) members who are appointed by various organizations and public officials and serve without compensation.

The accounting policies of NORBP conform to accounting policies generally accepted in the United States of America, as applicable to governmental agencies. The following is a summary of the more significant accounting policies:

NOTE 2 - Summary of Significant Accounting Policies

Cash and Cash Equivalents

For the purposes of the Statements of Cash Flows, NORBP considers all short-term, highly liquid investments with maturity of three months or less at the time of purchase to be cash equivalents.

Financial Reporting Entity

Government Accounting Standards Board (GASB) Statement No. 14, "Financial Reporting Entity" established standards for defining and reporting on the financial entity. GASB 14 indicates that the focal point for the financial reporting entity is the primary government, which is any state government or local government or a purpose government that meets all the following criteria: a) has a separately elected governing body; b) is legally separate; and c) is fiscally independent of other state and local governments.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2022

NORBP was established as a separate legal entity with a governing board. Separate and independent of any other governmental "reporting entity" as defined by GASB 14. Accordingly, management has concluded that NORBP is a financial reporting entity within the meaning of the provisions of GASB 14.

Basis of Presentation

As required by Louisiana State Reporting Law (R.S. 24:514), the NORBP's financial statements are presented in accordance with accounting principles generally accepted in the United States of America.

Specifically, the accounts of NORBP are accounted for under the general fund. Accordingly, the accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America and applied to government units.

The term basis of accounting is used to determine when a transaction or event is recognized on NORBP's operating statement. NORBP used the modified accrual basis of accounting. Under this basis, revenues are recorded when measurable and available, and expenses are recorded when a liability is incurred regardless of the timing of the related cash flows.

Capital Assets

Capital assets are recorded at cost or estimated costs. Donated assets are valued at estimated fair value at time of receipt. When no historical records are available, capital assets are valued at estimated historical costs. When assets are retired or otherwise disposed of, any resulting gain or loss is reflected in income for the period.

The costs of normal maintenance and repair that add to the value of an asset or materially extend the asset's lives are capitalized.

Capital assets are depreciated by NORBP using the following estimated useful live.

<u>Assets</u> <u>Estimated Useful Li</u>		Lives in Years
Building		40
Building improvements		20
Equipment		3-7

Deprecation is computed using the straight-line method.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2022

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, and expenses during the reporting period. Actual results could differ from those estimated.

NOTE 3 - Prepaid Expenses

Prepaid items at December 31, 2022 consisted of prepaid Insurance of \$6,320.

NOTE 4 - Capital Assets

	Beginning Balance		Additions		<u>Total</u>	
Land and Land Improvements Building and Building Improvements	\$	1,053,618 3,739,617	\$	-	\$	1,053,618 3,739,617
Furniture and Equipment	-	45,645 4,838,880		-	-	45,645 4,838,880
Less Accumulated Depreciation		(1,878,897)	_(106	5,922)	_	(1,985,819)
Total	\$	2,959,983	\$(106	5,922)	\$	2,853,061

NOTE 5 - Cash and Cash Equivalents

NORBP maintains cash balances at several national banks. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. On December 31, 2022, NORBP's bank balances were \$770,631 and \$46,041 respectively. Thus, exceeding the FDIC coverage at one bank by \$520,631. It is the opinion of management that the solvency of the referenced financial institutions is not of particular concern at this time.

NOTE 6 - Property Tax Revenues

In years past, NORBP received millage revenue derived from property taxes paid by real estate owners located in NORBP's geographical footprint. The millage expired after year 2011. However, NORBP still collects any monies paid by delinquent property taxpayers for property taxes owed through the year 2011. However, in the year 2022, NORBP received no such sums.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2022

NOTE 7 - Lease Deposits

The New Orleans Regional Business Park holds security deposits for the rental space leased by tenants. The Lease Deposits as of December 31, 2022, was \$14,758.

NOTE 8 - Economic Dependency

The primary source of revenue for NORBP is its sole tenant. The continued success of NORBP is dependent upon the renewal of the rental agreement as well as obtaining new funding.

NOTE 9 - Contingencies

NORBP is party to a claim dated April 4, 2016. In the opinion of management, the outcome of such actions will have no material impact on NORBP's financial condition or results of operations. However, management has recorded contingent liability for the full amount of the claim of \$2,958. Additionally, management has a payable recorded relative to utility expenses due as of June 31, 2022. Management is currently disputing the outstanding balance and it is managements position that the reduction of this balance will be honored. The current balance of which is \$72,010.
