INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Bayou Cane Fire Protection District
Terrebonne Parish Consolidated Government
Houma, Louisiana

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities and the major fund of the Bayou Cane Fire Protection District, a component unit of the Terrebonne Parish Consolidated Government, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bayou Cane Fire Protection District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 through 9, the Budgetary Comparison Schedule – General Fund on page 31, the Schedule of Employer's Share of Net Pension Liability on page 32, and the Schedule of Employer Contributions on page 33 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

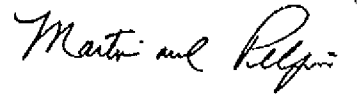

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Bayou Cane Fire Protection District's basic financial statements. The Schedule of Compensation, Benefits, and Other Payments to District Head on page 34 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Compensation, Benefits, and Other Payments to District Head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits, and Other Payments to District Head is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 15, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to

describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Bayou Cane Fire Protection District
Terrebonne Parish Consolidated Government

Management's Discussion and Analysis
Year Ended December 31, 2022

As management of the Bayou Cane Fire Protection District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended December 31, 2022.

FINANCIAL HIGHLIGHTS

- Bayou Cane Fire Protection District's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$3,623,329 (net position) as of December 31, 2022.
- Revenues exceeded expenditures by \$297,811 during the year.
- The District received federal funds totaling \$83,081.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the District's financial statements. The Bayou Cane Fire Protection District's financial statements consist of the following:

Statement of Net Position. This statement combines and consolidates the governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations, regardless if they are currently available or not.

Statement of Activities. Consistent with the full accrual basis of accounting method, this statement accounts for the entity-wide current year revenues and expenses regardless of when cash is received or paid.

Balance Sheet – Governmental Fund – General Fund. This statement presents the District's assets, liabilities, and fund balance for its general fund only.

Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Fund Type – General Fund. Consistent with the modified accrual basis of accounting method, this statement accounts for current year revenues when received except when they are measurable and available. Expenditures are accounted for in the period that goods and services are used in the government's activities. In addition, capital asset purchases are expensed and not recorded as an asset. The statement also exhibits the relationship of revenues and expenditures with the change in fund balance.

Notes to the Financial Statements. The accompanying notes provide additional information essential to a full understanding of the data provided in the basic financial statements.

BASIC FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$3,623,329 at the close of the most recent year, December 31, 2022. The largest portions of the District's total assets are cash and cash equivalents (35%), due from other governments (27%), and capital assets, net of accumulated depreciation (29%).

The District's Net Position

Unrestricted	(202,085)	395,078
TOTAL NET POSITION	\$ 3,623,329	\$ 3,325,518

Total assets plus deferred outflows of resources increased by \$2,281,252, and total liabilities plus deferred inflows of resources increased by \$1,983,441. The increase in assets and deferred outflows of resources is primarily due to the increases of \$749,492 in capital assets and \$1,778,929 in deferred outflows. The increase in liabilities and deferred inflows of resources is due to the increase of \$3,551,982 in the net pension liability and decrease of \$1,846,775 in pension-related deferred inflows of resources.

CAPITAL ASSETS

As of December 31, 2022, the District had \$3,970,249 invested in capital assets as follows:

	<u>2022</u>	<u>2021</u>
Capital assets	\$ 8,957,429	\$ 7,911,992
Less accumulated depreciation	<u>(4,987,180)</u>	<u>(4,691,235)</u>
	<u>\$ 3,970,249</u>	<u>\$ 3,220,757</u>

Capital assets consist of land, buildings, building improvements, vehicles, and furniture and equipment. Depreciation expense for the year is \$336,552.

CAPITAL LEASE OBLIGATION

The capital lease obligation for fire truck purchases is recorded as a liability. The total amount of principal paid on this capital lease obligation was \$144,835.

More detailed information about the District's capital lease obligation is presented in Note 5 of the financial statements.

VARIATIONS BETWEEN ORIGINAL AND FINAL BUDGETS AND ACTUAL RESULTS

The District's annual budget is adopted on a modified accrual basis of accounting excluding certain noncash items, such as depreciation. The District amended its budget once during the year. Total budgeted revenues increased by \$600,045 from the original amount to accommodate a state grant for ambulance purchases. Total budgeted expenditures increased \$950,000 from its original amount. The majority of this increase was for capital outlay, which accounted for \$800,000 of the budget amendment to expenses.

The District's actual revenues were more than the budgeted revenues by \$589,151, a favorable variance of 10.09%. The District's actual expenditures were more than the budgeted expenditures by \$52,649, an unfavorable variance of 0.75%.

INCIDENTS AND CALLS

The community which is served by Bayou Cane Fire Protection District continues to grow and expand. The demand for public services such as Fire Suppression, Rescue, and EMS remains steady.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Bayou Cane Fire Protection District (the District) was created by the Terrebonne Parish Consolidated Government (the Parish) by Ordinance No. 5732, dated February 7, 1997, pursuant to Louisiana Revised Statutes 40:1493 and 40:1494. The District is governed by a board of seven commissioners appointed by the Parish Council. The District provides fire protection and related services and facilities in Terrebonne Parish within the boundaries established by the ordinance. It covers an area of over 32 square miles and a resident population of approximately 32,000.

The Bayou Cane Fire Protection District complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The more significant of the District's accounting policies are described below.

A. REPORTING ENTITY

Because the Parish Council appoints the governing board and thusly can impose its will, the Bayou Cane Fire Protection District was determined to be a component unit of the Terrebonne Parish Consolidated Government, the governing body of the Parish and the governmental body with financial accountability. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Terrebonne Parish Consolidated Government, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

The District has reviewed all of its activities and determined that there are no potential component units that should be included in its financial statements.

B. METHOD OF ACCOUNTING

GASB statements established standards for external financial reporting for all state and local governmental entities which includes a statement of net position and a statement of activities. It requires the classification of net position into three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Bayou Cane Fire Protection District
Terrebonne Parish Consolidated Government

Notes to the Financial Statements
Year Ended December 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of net position consists of net position that does not meet the definition of “restricted” or “net investment in capital assets”.

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied. It establishes fund balance classifications that comprise hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. These classifications are defined as follows:

Nonspendable – This component of fund balance includes amounts that cannot be spent due to form, including inventories and prepaid amounts. Also included are amounts that must be maintained intact legally or contractually.

Restricted – This component of fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed – This component of fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board of Commissioners must vote on commitments.

Assigned – This component of fund balance is intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. The Board of Commissioners can vote on applicable assigned amounts.

Unassigned – This component of fund balance is the residual classification for the District's general fund and includes all spendable amounts not contained in the other classifications.

Stabilization funds – This component of fund balance covers such things as revenue shortfalls, emergencies, or other purposes. The authority to set aside resources often comes from a statute, ordinance, or constitution.

The basic financial statements of the District are prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred.

The District reports the following fund type:

Governmental Funds

Governmental Funds are those through which the governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities are accounted for through Governmental Funds.

The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following is the Governmental Fund of the District:

General Fund – The General Fund is the general operating fund of the District. It is used to account for all financial resources.

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Government-Wide Financial Statements (GWFS)

The government-wide financial statements display information as a whole. These statements include all the financial activities. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed).

Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Non-exchange Transactions.

Fund Financial Statements (FFS)

The amounts reflected in fund financial statements are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of operations.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

The amounts reflected in the fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined, and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers all revenues available if they are collected within sixty days after the fiscal year-end. Expenditures are recorded when the related fund liability is incurred.

E. CASH AND CASH EQUIVALENTS

The District considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

F. ALLOWANCE FOR UNCOLLECTIBLE RECEIVABLES

The District's primary revenue source, ad valorem taxes, becomes delinquent if not paid by January 1st following the year of assessment. Unpaid taxes attach as an enforceable lien on property. The Board of Commissioners determined, based on prior historical information, that uncollectible receivables are immaterial to the District's financial statements.

G. CAPITAL ASSETS

Capital assets, consisting of land, buildings and improvements, furniture and equipment, and vehicles are presented on the Statement of Net Position. Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Donated capital assets are valued at their estimated fair value on the date donated. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is recorded using the straight-line method over the useful lives of the assets as follows:

Buildings and improvements	5 - 40 years
Vehicles	5 - 20 years
Furniture and equipment	5 - 20 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

H. COMPENSATED ABSENCES

Annual leave is recorded as an expenditure of the period in which paid. Employees of the District can earn between 18 and 30 days per year of annual leave, depending upon length of service. Leave is awarded on the employee's anniversary date and must be taken during that year. It cannot be carried forward to the next year. Unused annual leave is due to the employee at the time of termination at an "hour-for-hour" rate. Accumulated leave as of the end of the year is valued using employees' current rates of pay, and the liability is recorded in the Statement of Net Position. As of December 31, 2022, compensated absences payable to employees totaled \$135,632.

In accordance with Louisiana State Revised Statute 33:1995, every firefighter shall be entitled to full pay during sickness for a period of not less than fifty-two weeks. However, this amount is not accrued and not payable upon termination.

I. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Estimates of the District primarily relate to capital assets' useful lives.

J. OPERATING BUDGETARY DATA

As required by Louisiana Revised Statute 39:1303, the Board of Commissioners adopted a budget for the District's General Fund. Any amendment involving the transfer of monies from one function to another or increases in expenditures must be approved by the Board. All budgeted amounts that are not expended or obligated through contracts lapse at year-end. The budget was amended once during the year.

The General Fund budget is adopted on a basis materially consistent with accounting principles generally accepted in the United States of America.

K. ENCUMBRANCES

Encumbrance accounting, under which purchase orders, contracts, and other commitments are recorded in the fund general ledgers, is not utilized by the District.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

L. RECENT PRONOUNCEMENT

Statement No. 87, "Leases", increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.

It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Management has determined that the implementation of this Statement has no material impact on the financial statements.

NOTE 2 – DEPOSITS AND INVESTMENTS

Under state law, the District may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, the laws of another state in the Union, or the laws of the United States.

State law requires that deposits of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes the FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivision.

As of December 31, 2022, the District has deposits as follows:

	<u>Bank Balances</u>	<u>Reported Balances</u>
Cash and cash equivalents	\$ 4,775,169	\$ 4,752,676
Certificates of deposit	93,995	93,995

NOTE 2 – DEPOSITS AND INVESTMENTS (Cont.)

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a policy for custodial credit risk. As of December 31, 2022, \$4,275,169 of the District's bank balances were exposed to credit risk. These were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

As of December 31, 2022, bank deposits were adequately collateralized in accordance with state law by securities held by unaffiliated banks for the account of the District. The Governmental Accounting Standards Board (GASB), which promulgates the standards for accounting and financial reporting for state and local governments, considers the securities subject to custodial credit risk. Even though the pledged securities are considered subject to custodial credit risk under the provisions of GASB Statement 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

Certificates of deposit on account with banks total \$93,995, \$14,142 of which are restricted, held in escrow, for protest taxes paid. The District is required to hold these funds in escrow pending resolution of the protest. As such, they are presented as restricted assets. Because these certificates of deposit have maturities in excess of 90 days, they are presented as investments in the financial statements.

A reconciliation of deposits and investments as shown on the Statement of Net Position is as follows:

Reported amount of deposits	\$ 4,846,671
Reported amount of investments	<u>-</u>
Total	<u>\$ 4,846,671</u>

NOTE 5 – CAPITAL LEASE OBLIGATION

In 2015, the District entered into an eight-year capital lease agreement with a third party for the purchase of two fire trucks. The lease contains a one dollar buy-out provision and bears interest at 2.38%. Yearly principal and interest payments of \$152,487 are due with the final payment due on February 1, 2023. The fire trucks acquired have been provided as collateral for the lease.

Assets acquired under the capital lease as of December 31, 2022 include the following:

Year Ending December 31,	Principal	Interest	Total
2023	\$ 144,835	\$ 3,544	\$ 148,379

NOTE 6 – AD VALOREM TAXES

Ad valorem taxes are levied each November 1 on the assessed value listed as of the prior January 1 for all real property, merchandise, and movable property located in the Parish. Assessed values are established by the Terrebonne Parish Assessor's Office and the State Tax Commission at percentages of actual value as specified by Louisiana law. Taxes are due and payable December 31, with interest being charged on payments after January 1.

Any unpaid taxes are collected in connection with an auction held in June.

The voters of Bayou Cane Community approved the current millage rate for fire protection. The District levied 20 of the authorized 20 mills for 2022. These taxes and related state revenue sharing were budgeted for the year ended December 31, 2023 and were included as deferred inflows of resources on the Statement of Net Position as of December 31, 2022. The tax is collected by the Parish Sheriff's Office and remitted to the District.

NOTE 7 – ON-BEHALF PAYMENTS FOR SALARIES

Supplemental salary payments are made by the state to certain eligible full-time employees of the District, in addition to the compensation they receive from the District. The amount of the supplemental pay is determined by State Law and is revised periodically. For 2022, the state paid supplemental salaries for the employees of the District in the amount of \$272,481. These intergovernmental funds are reflected in the financial statements of the District for the year ended December 31, 2022.

NOTE 8 – PENSION PLAN

Firefighters' Retirement System (System)

Plan Description: The Firefighters' Retirement System is a cost-sharing multiple-employer defined benefit pension plan established by Act 434 of 1979 to provide retirement, disability, and death benefits to firefighters in Louisiana.

Eligibility Requirements: Membership in the System is a condition of employment for any full-time firefighters who earn at least \$375 per month and are employed by any municipality, parish, or fire protection district of the State of Louisiana in addition to employees of the Firefighters' Retirement System. Any person who becomes an employee as defined in RS 11:2252 on and after January 1, 1980 shall become a member as a condition of employment. No person who has attained age fifty or over shall become a member of the System unless the person becomes a member by reason of a merger or unless the System received an application for membership before the applicant attained the age of fifty. No person who has not attained the age of eighteen years shall become a member of the System.

Any person who has retired from service under any retirement system or pension fund maintained basically for public officers and employees of the state, its agencies or political subdivisions, and who is receiving retirement benefits therefrom may become a member of this System, provided the person meets all other requirements for membership. Service credit from the retirement system or pension plan from which the member is retired shall not be used for reciprocal recognition of service with this System or for any other purpose in order to attain eligibility or increase the amount of service credit in this System.

Retirement Benefits: Benefit provisions are authorized within Act 434 of 1979 and amended by LRS 11:2251-11:2272. Members of the System with 20 or more years of service who have attained age 50, or members who have 12 years of service who have attained age 55, or 25 years of service at any age shall be entitled to retire from service.

Upon such retirement, the member shall be paid an annual retirement allowance equal to three and one-third percent of average final compensation multiplied by total years of creditable service. However, the annual retirement allowance shall not exceed one hundred percent of average final compensation.

Deferred Retirement Option Plan (DROP): After completing 20 years of creditable service and age 50 or 25 years at any age, a member may elect to participate in the deferred retirement option plan (DROP) for up to 36 months. Upon commencement of participation in the deferred retirement option plan, employer and employee contributions to the System cease. The monthly retirement benefit that would have been payable is paid into the deferred retirement option plan account. Upon termination of employment, a participant in the program shall receive, at his option, a lump-sum payment from the account or an annuity based on the

NOTE 8 – PENSION PLAN (Cont.)

deferred retirement option plan account balance in addition to his regular monthly benefit. If employment is not terminated at the end of the 36 months, the participant resumes regular contributions to the System. No payments may be made from the deferred retirement option plan account until the participant retires.

Initial Benefit Option Plan: Effective June 16, 1999, members eligible to retire and who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. Such amounts may be withdrawn or remain in the IBO account earning interest at the same rate as the DROP account.

Employer Contributions: Employer contributions are actuarially-determined each year. For the year ended June 30, 2022, employer and employee contribution rates for members above the poverty line were 33.75% and 10.0%, respectively. The employer and employee contribution rates for those members below the poverty line were 35.75% and 8.00%, respectively.

Non-Employer Contribution: The System also receives insurance premium tax monies as additional employer contributions. The tax is considered support from a non-employer contributing entity and appropriated by the legislature each year based on an actuarial study.

Non-employer contributions were recognized as revenue during the year ended June 30, 2022 and were excluded from pension expense. Non-employer contributions received by the System during the year ended June 30, 2022 was \$28,465,639.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources: As of December 31, 2022, the District reported liabilities in its government-wide financial statements of \$6,468,771 for its proportionate share of the net pension liabilities of the System. The net pension liabilities were measured as of June 30, 2022, and the total pension liability used to calculate the net pension obligation was determined by an actuarial valuation performed of the retirement system as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially-determined. As of June 30, 2022, the District's proportionate share of the System was 0.917388%, which was an increase of 0.094332% from its proportion measured as of June 30, 2021.

For the year ended December 31, 2022, the District recognized a pension expense of \$187,418 in its governmental activities related to its participation in the System.

NOTE 8 – PENSION PLAN (Cont.)

As of December 31, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Governmental Activities	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 38,663	\$ 304,903
Changes in assumptions	553,397	-
Net difference between projected and actual investment earnings on pension plan investments	1,436,689	-
Changes in proportion	452,694	351,441
Employer contributions subsequent to the measurement date	404,257	-
	\$ 2,885,700	\$ 656,344

Deferred outflows of resources of \$404,257 related to pensions resulting from the District's contributions to the System subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2023	\$ 435,352
2024	301,342
2025	165,055
2026	807,642
2027	64,486
2028	51,222
	\$ 1,825,099

Actuarial Assumptions: A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2022 is as follows:

Bayou Cane Fire Protection District
 Terrebonne Parish Consolidated Government

Notes to the Financial Statements
 Year Ended December 31, 2022

NOTE 8 – PENSION PLAN (Cont.)

	Firefighter's Retirement System
Valuation date	June 30, 2022
Actuarial cost method	Entry Age Normal
Actuarial cost assumptions:	
Expected remaining service lives	7 years, closed period
Investment rate of return (Discount rate)	6.90% per annum (net of investment expenses)
Inflation rate	2.50% per annum
Salary increases	Vary from 14.10% in the first two years of service and 5.20% with three or more years of service
Cost of living adjustments	Only those previously granted

For the June 30, 2022 valuation, assumptions for mortality rates were based on the following:

- For active members, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Safety Below-Median Employees.
- For annuitants and beneficiaries, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Safety Below-Median Healthy Retirees.
- For disabled retirees, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Safety Disabled Retirees.
- In all cases, the base table was multiplied by 105% for males and 115% for females, each with full generational projection using the appropriate MP-2019 scale.

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially-determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on these assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to Changes in Discount Rate: The following represents the net pension liability of the participating employers calculated using the discount rate of 6.90%, as well as what the employer's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.90%) or one percentage point higher (7.90%) than the current rate as of June 30, 2022.

	Changes in Discount Rate: Firefighter's Retirement System		
	1%	Current Discount	1%
	Decrease 5.90%	Rate 6.90%	Increase 7.90%
Net Pension Liability	\$9,569,828	\$6,468,771	\$3,882,270

Support of Non-Employer Contributing Entities: Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The District recognizes revenue in an amount equal to its proportionate share of the total contributions to the pension plan from these non-employer contributing entities. During the year ended December 31, 2022, the District recognized revenue as a result of support received from the non-employer contributing entities of \$261,140 for its participation in the System.

Pension Plan Fiduciary Net Positions: Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report for the System available at www.ffret.com.

NOTE 9 – COMPENSATION OF BOARD MEMBERS

Board members were not compensated for the year ended December 31, 2022.

NOTE 10 – GRANTS

During the year ended December 31, 2022, the District received \$83,081 in federal funding from the Federal Emergency Management Agency (FEMA) under the Staffing for Adequate Fire and Emergency Response (SAFER) Grant. The District has been approved for a total amount of \$278,027 during a three-year period.

During the year ended December 31, 2022, the District received \$600,000 in state funding from the Louisiana Department of Treasury for the purchase of two ambulances for response to emergency medical incidents within the District's response area. The District purchased the vehicles during the year which have been included as additions to capital assets.

NOTE 11 – HURRICANE IDA

On August 29, 2021, Hurricane Ida made landfall near Port Fourchon, Louisiana as a Category 4 storm, with winds traveling in excess of 150 miles per hour. The natural disaster caused significant wind-related and water-related damage to homes and businesses throughout Terrebonne Parish, to which the District was no exception.

On October 4, 2022, the District applied for a Community Disaster Loan (CDL) from the Federal Emergency Management Agency (FEMA). FEMA awarded the District a CDL bearing an interest rate of 3.875% to be repaid over a period of 5 years. As of December 31, 2022, no funds have been drawn-down.

NOTE 12 – RISK MANAGEMENT

The District is exposed to various risks of loss related to workers' compensation; torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to the public; and natural disasters for which the District carries commercial insurance or other insurance for the losses to which it is exposed. No settlements were made during the year. The District's premiums for general liability are based on various factors such as its operations and maintenance budget, exposure, and claims experience.

NOTE 13 – SUBSEQUENT EVENTS

Subsequent events were evaluated by management through May 15, 2023, which is the date the financial statements were available to be issued, and it was determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners
Bayou Cane Fire Protection District
Terrebonne Parish Consolidated Government
Houma, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the Bayou Cane Fire Protection District (the District), a component unit of the Terrebonne Parish Consolidated Government, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated May 15, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all

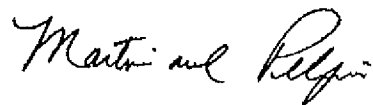

deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES**

To the Board of Commissioners
Bayou Cane Fire Protection District
Terrebonne Parish Consolidated Government
Houma, Louisiana

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2021 through December 31, 2022. The Bayou Cane Fire Protection District and its management are responsible for those C/C areas identified in the SAUPs.

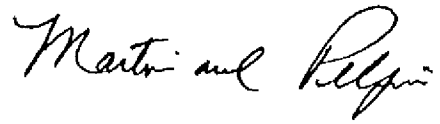

The Bayou Cane Fire Protection District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2022 through December 31, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are described on pages 42-60.

We were engaged by the Bayou Cane Fire Protection District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Bayou Cane Fire Protection District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

Performance: Obtained and read the written policy related to ethics and found it to contain the requirements listed above.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- j. Debt Service, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Performance: Inquired management of its written policy for debt service.

Exceptions: There were no written policies available.

Management's response: Management will adopt policies for debt service.

- k. Information Technology Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Performance: Obtained and read the written policy for information technology disaster recovery/business continuity and found it to contain the requirements listed above.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- j. Sexual Harassment, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Performance: Obtained and read the written policy for sexual harassment and found it to contain all requirements listed above.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

Board or Finance Committee

2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

Bayou Cane Fire Protection District of Terrebonne Parish
Houma, Louisiana
Schedule of Procedures and Associated Findings of the
Statewide Agreed-Upon Procedures
Year Ended December 31, 2022

- a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

Performance: Determined that the board met (with a quorum) at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, or other equivalent.

Exceptions: No exceptions were noted.

Management's response: Not applicable.

- b) Observe that the minutes referenced or included budget-to-actual comparisons for the general fund.

Performance: Determined whether the minutes referenced or included monthly budget-to-actual comparisons.

Exceptions: No exceptions were noted.

Management's response: Not applicable.

- c) Obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

Performance: Determined that the District did not have a negative unassigned fund balance in its general fund.

- d) Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according the management's corrective action plan at each meeting until the findings are considered fully resolved.

Performance: Determined that there were no audit findings requiring resolution to be communicated to the board.

Bank Reconciliations

3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select four additional accounts (or all accounts if less than five). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

**Bayou Cane Fire Protection District of Terrebonne Parish
Houma, Louisiana**
Schedule of Procedures and Associated Findings of the
Statewide Agreed-Upon Procedures
Year Ended December 31, 2022

Performance: Obtained the listing of bank accounts from management and received management's representation in a separate letter.
Exceptions: There were no exceptions noted.
Management's response: Not applicable.

- a) Bank reconciliations include evidence that they were prepared within two months of the related statement closing date;

Performance: Determined that bank statements were reconciled within two months of the related statement closing date.
Exceptions: While the two main bank accounts were reconciled in the proper timeframe, it was determined that a bank account was not reconciled during the year due to insignificant activity.
Management's response: All bank accounts will be reconciled every month.

- b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation;

Performance: Inspected documentation for management approvals of each randomly selected bank reconciliation.
Exceptions: There was no evidence of the bank reconciliations being reviewed.
Management's response: The Fire Chief will review the bank reconciliations each month and give evidence that he has done so.

- c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date.

Performance: Determined that there were no items outstanding for more than 12 months on the bank reconciliations selected for testing.
Exceptions: There were no exceptions noted.
Management's response: Not applicable.

Collections

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select five deposit sites (or all deposit sites if less than five).

Performance: Observed the listing of deposit sites from management and received management's representation in a separate letter.
Exceptions: There were no exceptions noted.
Management's response: Not applicable.

**Bayou Cane Fire Protection District of Terrebonne Parish
Houma, Louisiana**
Schedule of Procedures and Associated Findings of the
Statewide Agreed-Upon Procedures
Year Ended December 31, 2022

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site, obtain and inspect written policies and procedures relating to employee job duties at each collection location, and observe that job duties are properly segregated at each collection location, and observe that job duties are properly segregated at each collection location such that:

Performance: Observed the listing of collection locations from management and received management's representation in a separate letter.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- a) Employees that are responsible for cash collections do not share cash drawers/registers.

Performance: Determined that no cash drawers/registers are shared by employees.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation to the deposit.

Performance: Inspected policy manual and inquired of client to ensure separation of duties for those employees collecting cash and those employees preparing/making bank deposits.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

Performance: Inspected policy manual and inquired of client to ensure separation of duties for those employees collecting cash and those employees posting collection entries to the general ledger or subsidiary ledgers.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- d) The employee responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, is not responsible for collecting cash, unless another employee/official verifies the reconciliation.

Bayou Cane Fire Protection District of Terrebonne Parish
Houma, Louisiana

Performance: Inspected policy manual and inquired of client to ensure separation of duties for those employees collecting cash and those employees reconciling cash collections to the general ledger and/or subsidiary ledgers.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

6. Observe from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was enforced during the fiscal period.

Performance: Inspected policy manuals and inquired of client to determine if employees with access to cash are covered by a bond or insurance policy.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

7. Randomly select two deposit dates for each of the bank accounts selected for procedure #3 under "Bank Reconciliations" above. Obtain supporting documentation for each of the deposits and:

- a) Observe that receipts are sequentially pre-numbered.

Performance: Determined that sequentially pre-numbered receipts are not required for the types of deposits that are received at the District.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

Performance: Inspected deposits from two random deposit dates to determine if they had collection documentation that agreed to the respective deposit slips. Noted that collections were supported by adequate documentation.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- c) Trace the deposit slip total to the actual deposit per the bank statement.

Performance: Inspected deposits from two random deposit dates to determine if the deposit slips agreed to the actual deposits per the bank statements.

Statewide Agreed-Upon Procedures
Year Ended December 31, 2022

Exceptions: There were no exceptions noted.
Management's response: Not applicable.

- d) Observe that the deposit was made within one business day of receipt at the collection location.

Performance: Determined if deposits from two random dates were deposited within one business day of receipt.
Exceptions: It appears that deposits tested were not deposited within one business day of receipt based on check dates. The check stubs are not stamped when they are received.
Management's response: Management will ensure that deposits are made in a timely manner.

- e) Trace the actual deposit per the bank statement to the general ledger.

Performance: Inspected deposits from two random deposit dates to determine if the deposits per the bank statements agree to the general ledger.
Exceptions: There were no exception noted.
Management's response: Not applicable.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select five locations (or all locations if less than five).

Performance: Obtained a listing of locations that processed payments for the fiscal period from management and received management's representation in a separate letter. Determined that only one location processed payments.
Exceptions: There were no exceptions noted.
Management's response: Not applicable.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties, and observe that job duties are properly segregated such that:

- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

Performance: Obtained a listing of those employees involved with non-payroll

purchasing and payment functions along with written policies and procedures for those functions to determine if there was a proper segregation of duties for initiating, approving, and making purchases.
Exceptions: There were no exceptions noted.
Management's response: Not applicable

- b) At least two employees are involved in processing and approving payments to vendors.

Performance: Obtained a listing of those employees involved with non-payroll purchasing and payment functions along with written policies and procedures for those functions to determine if there was a proper segregation of duties for processing and approving payments to vendors.
Exceptions: There were no exceptions noted.
Management's response: Not applicable.

- c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Performance: Inspected policy manual and inquired of management as to separation of duties related to vendor files.
Exceptions: There were no exceptions noted.
Management's response: Not applicable.

- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

Performance: Inquired of management to determine if the employee responsible for processing payments mails those respective payments.
Exceptions: There were no exceptions noted.
Management's response: Not applicable.

- e) Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

Performance: Inquired of management to determine if only employees/officials authorized to sign checks approve electronic disbursement of funds.
Exceptions: No exceptions were noted.
Management's response: Not applicable.

10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select five disbursements for each location, obtain supporting documentation for each transaction and:

- a) Observe that the disbursement matched the related original itemized invoice and that supporting documentation indicates that deliverables included on the invoice were received by the entity.

Performance: Determined that the five random disbursements matched their respective original invoices and that the invoices indicate that deliverables were received by the entity.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

- b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Performance: Determined whether the documentation for the five random disbursements gave evidence of the segregation of duties tested under #9 above.

Exceptions: There were no exceptions noted.

Management's response: Not applicable.

11. Using the entity's main operating accounts and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy.

Performance: Determined whether the documentation for the five random disbursements gave evidence of the disbursements being appropriately approved.

Exceptions: No exceptions were noted.

Management's response: Not applicable.
