## INDEPENDENT AUDITOR'S REPORT

\* A Professional Accounting Corporation

The Honorable Mark Jeansonne, Mayor  
and Members of the Board of Aldermen  
Village of Hessmer, Louisiana

### Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Village of Hessmer, Louisiana ("the Village"), as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Village of Hessmer, Louisiana, as of August 31, 2021, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

The Village of Hessmer, Louisiana has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 36 through 37 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Hessmer, Louisiana's basic financial statements. The accompanying judicial system funding schedule – collecting/disbursing entity and LCDBG program financial statements on pages 45 through 47 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the judicial system funding schedule – collecting/disbursing entity and the LCDBG program financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the budgetary comparison schedules, schedule of utility customers and rates, schedule of insurance in force, comparative departmental analysis of revenues and expenses – utility fund and the utility fund accounts receivable aging on pages 41 through 44 and 48 through 51, respectively, but does not include the basic financial statements and our auditor's report. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exist between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 26, 2022, on our consideration of the Village of Hessmer, Louisiana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village of Hessmer, Louisiana's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village of Hessmer, Louisiana's internal control over financial reporting and compliance.

The accompanying notes are an integral part of the basic financial statements.

## VILLAGE OF HESSMER, LOUISIANA

### Notes to Basic Financial Statements

#### (1) Summary of Significant Accounting Policies

The accompanying financial statements of the Village of Hessmer (Village) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in the subsequent subsections of this note.

##### A. Financial Reporting Entity

The Village of Hessmer, Louisiana was incorporated in 1955 under the provisions of the Lawrason Act. The Village operates under a Mayor-Board of Aldermen form of government and provides the following services: public safety (police and fire), highway and streets, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative services.

As the municipal governing authority, for reporting purposes, the Village of Hessmer, Louisiana is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government (municipality), (b) organizations for which the primary government is financially accountable, (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete, and (d) organizations that are closely related to, or financially integrated with the primary government. The Village has no such component unit.

##### B. Basis of Presentation

###### Government-Wide Financial Statements (GWFS)

The government-wide financial statements provide operational accountability information for the Village as an economic unit. The government-wide financial statements report the Village's ability to maintain service levels and continue to meet its obligations as they come due. The statements include all governmental activities and all business-type activities of the primary government.

###### Fund Financial Statements

The accounts of the Village are organized on the basis of funds, each of which is considered to be an independent fiscal and accounting entity. The operations of each fund are accounted for within separate sets of self-balancing accounts, which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance/net position, revenues, and expenditures/expenses, and transfers.

Major funds are determined as funds whose revenues, expenditures/expenses, assets and deferred outflows of resources or liabilities and deferred inflows of resources are at least ten percent of the totals for all governmental or enterprise funds and at least five percent of the aggregate amount for all governmental and enterprise funds for the

## VILLAGE OF HESSMER, LOUISIANA

### Notes to Basic Financial Statements

same item or funds designated as major at the discretion of the Village. Funds not classified as a major fund are aggregated and presented in a single column in the fund financial statements. The Village uses the following funds, grouped by fund type.

#### Governmental Funds –

Governmental Funds are those through which most governmental functions of the Village are financed. The acquisition use and balances of the Village's expendable financial resources and the related liabilities (except those accounted for in propriety funds) are accounted for through governmental funds.

#### General Fund

The General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund.

#### Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of government grants or other specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects of the Village. The following is the Village's major Special Revenue Fund:

The Sales Tax Fund is used to account for the proceeds of a one percent sales and use tax that is legally restricted to expenditures for the repair and maintenance of public streets; the repair, maintenance, and operation of the waterworks and sewerage system; the repair and maintenance of the drainage system; capital improvements; and the support of the general fund.

#### Proprietary Funds –

Proprietary funds are used to account for ongoing operations and activities that are similar to those often found in the private sector where the intent is that costs of providing goods and services be recovered through user charges. The propriety funds maintained by the Village are the enterprise funds.

#### Enterprise Funds

Enterprise Funds are used to report activities for which a fee is charged to external users. These funds account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Village's enterprise funds are the Water System Fund and the Sewer System Fund.

## VILLAGE OF HESSMER, LOUISIANA

### Notes to Basic Financial Statements

#### C. Measurement Focus/Basis of Accounting

The measurement focus determines the accounting and financial reporting treatment applied to a fund. The governmental and business-type activities within the government-wide statement of net position and statement of activities are presented using the economic resources measurement focus. The economic resources measurement focus meets the accounting objectives of determining net income, net position, and cash flows.

The fund financial statements use either the current financial resources measurement focus, or the economic resources measurement focus as appropriate. Governmental funds use the current financial resources measurement focus. The measurement focus is based upon the receipt and disbursement of current available financial resources rather than upon net income. The measurement focus of the proprietary fund types, the flow of economic resources, is based upon determination of net income, net position and cash flows.

The accrual basis of accounting is used throughout the government-wide statements; conversely, the financial statements of the governmental funds have been prepared in accordance with the modified accrual basis of accounting, whereby revenues are recognized when considered both measurable and available to finance expenditures of the current period. For this purpose, the Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. An exception to this is grants collected on a reimbursement basis. Those reimbursable grants are recognized as revenue when reimbursable expenditures are made. The Village considers reimbursement amounts received within one year as available. The Village accrues intergovernmental revenue, and sales tax revenue, based upon this concept. Expenditures generally are recognized when the related fund liabilities are incurred and become payable in the current period. Proceeds of debt are reported as other financing sources, and principal and interest on long-term debt, as well as expenditures related to compensated absences and claims and judgments, are recorded as expenditures when paid.

Interest on invested funds is recognized when earned. Intergovernmental revenues that are reimbursement for specific purposes or projects are recognized in the period in which the expenditures are recorded. All other revenue items are considered to be measurable and available only when cash is received by the Village. Transfers between governmental funds are recorded when the related liability is incurred. These transfers do not represent revenues (expenditures) to the Village and are, therefore, reported as other financing sources (uses) in the governmental fund financial statements.

Since the fund level statements are presented using a different measurement focus and basis of accounting than the government-wide statements, a reconciliation is presented on the page following each fund level statement that summarizes the adjustments necessary to convert the fund level statements into the government-wide presentations. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

## VILLAGE OF HESSMER, LOUISIANA

### Notes to Basic Financial Statements

The financial statements of the enterprise funds have been prepared in accordance with the accrual basis of accounting. Accordingly, revenues are recorded when earned, and expenses and related liabilities are recorded when incurred.

#### D. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Equity

##### Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all cash on hand, demand accounts, savings accounts and certificates of deposits of the Village. Under state law, the Village may deposit funds within a fiscal agent bank organized under the laws of the state of Louisiana, the laws of any other state in the union, or the laws of the United States of America. The Village may invest in certificates and time deposits of state banks organized under Louisiana laws and national banks having principal offices in Louisiana.

For the purpose of the proprietary fund statement of cash flows, “cash and cash equivalents” include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less.

##### Receivables

Receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include sales and use taxes. Business-type activities report customers’ utility service receivables as their major receivables. Uncollectible amounts due from customers’ utility receivables are recognized as bad debts through the establishment of an allowance account at the time information becomes available which would indicate the uncollectibility of the particular receivable. No allowance for uncollectible receivables is recorded due to the immateriality at August 31, 2021. Unbilled utility service receivables resulting from utility services rendered between the date of meter reading and billing and the end of the month are recorded at year-end.

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied by the Village in October and are actually billed to taxpayers in November. Billed taxes become delinquent on January 1 of the following year. The Village bills and collects its own property taxes using the assessed values determined by the tax assessor of Avoyelles Parish. Village property tax revenues are budgeted in the year billed.

##### Interfund receivables and payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as “due to and from other funds.” Short-term interfund loans are reported as “interfund receivables and payables.” Long-term interfund loans are reported as “advances from and to other funds.” Interfund

VILLAGE OF HESSMER, LOUISIANA

Notes to Basic Financial Statements

receivables and payables, advances to and from other funds, as well as due to and from other funds are eliminated in the statement of net position.

Inventory

Inventories are valued at cost, which approximates market value, using the first-in/first-out (FIFO) method. All inventories are accounted for in the water utility fund as assets when purchased and recorded as expenditures when consumed.

Restricted Assets

Restricted assets include cash and interest-bearing deposits that are legally restricted as to their use. The restricted assets are related to the revenue bond, and utility meter deposits.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated acquisition cost at the date of donation. The Village maintains a threshold level of \$1,000 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Prior to July 1, 2003, governmental funds' infrastructure assets were not capitalized. These assets have been valued at estimated historical cost.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings and improvements	40 years
Equipment, furniture and fixtures	5 - 25 years
Utility system and improvements	20-50 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental funds upon acquisition. Capital assets used in proprietary fund operations are accounted for in the same way as in the government-wide statements.

## VILLAGE OF HESSMER, LOUISIANA

### Notes to Basic Financial Statements

#### Long-term debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of the revenue bonds payable and capital lease payable.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary fund long-term debt is the same in the fund statements as it is in the government-wide statements.

#### Compensated Absences

After 1 year of full-time employment, employees of the Village of Hessmer earn annual leave at the rate of 5 to 20 days each year, depending upon their length of service. Annual leave is not payable upon termination.

Employees of the Village earn 5 to 25 days of sick leave each year, depending upon their length of service. Unused sick leave may be carried forward from year to year not to exceed 25 days. Unused sick leave is not payable upon termination.

No accruals for accumulated unused compensated absences have been made in these financial statements.

#### Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

#### Equity Classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

## VILLAGE OF HESSMER, LOUISIANA

### Notes to Basic Financial Statements

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use by either (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) laws through constitutional provisions or enabling legislation. It is the Village’s policy to use restricted net position prior to the use of unrestricted net position when both restricted and unrestricted net position are available for an expense which has been incurred.
- c. Unrestricted net position – Consists of all other assets, deferred outflows of resources, liabilities and deferred inflows of resources that do not meet the definition of “restricted” or “net investment in capital assets.”

In the fund statements, governmental fund equity is classified as fund balance. Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily upon the extent to which the Village is bound to honor constraints imposed on the specific purpose for which amounts in those funds can be spent. The categories and their purposes are:

- a. Nonspendable includes fund balance amounts that cannot be spent either because they are not in spendable form or because of legal or contractual constraints requiring they remain intact.
- b. Restricted includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, grantors, contributors, or amounts constrained due to constitutional provisions or enabling legislation or the laws or regulations of other governments.
- c. Committed includes fund balance amounts that can be used only for specific purposes that are internally imposed by the Village through formal legislative action of the Mayor and Board of Aldermen and does not lapse at year end. A committed fund balance constraint can only be established, modified or rescinded by passage of an ordinance (Law) by the Mayor and Aldermen.
- d. Assigned includes fund balance amounts that are constrained by the Village’s intent to be used for specific purposes, which are neither restricted nor committed. The assignment of fund balance is authorized by a directive from the Village administrator and approval of a resolution by the Mayor and Board of Alderman.

## VILLAGE OF HESSMER, LOUISIANA

### Notes to Basic Financial Statements

- e. Unassigned includes fund balance amounts which have not been classified within the above-mentioned categories.

It is the Village's policy to use restricted amounts first when both restricted and unrestricted fund balance is available unless prohibited by legal or contractual provisions. Additionally, the Village uses committed, assigned, and lastly unassigned amounts of fund balance in that order when expenditures are made.

Proprietary fund equity is classified the same as in the government-wide statements.

#### E. Revenues, Expenditures, and Expenses

##### Revenues

The Village considers revenue to be susceptible to accrual in the governmental funds as it becomes measurable and available, as defined under the modified accrual basis of accounting. The Village generally defines the availability period for revenue recognition as received within sixty (60) days of year end. The Village's major revenue sources that meet this availability criterion are intergovernmental revenues, franchise fees, tax revenue, and charges for services.

There are two classifications of programmatic revenues for the Village, grant revenue and program revenue. Grant revenues are revenues from federal, state, and private grants. These revenues are recognized when all applicable eligibility requirements are met and are reported as intergovernmental revenues. Program revenues are derived directly from the program itself or from parties outside the Village's taxpayers or citizenry, as a whole. Program revenues reduce the cost of the function to be financed from the Village's general revenues. The primary sources of program revenue are fees, fines, and charges paid by recipients of goods or services, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and earned income in connection with the operation of the Village's utility system.

Interest income is recorded as earned in the fund holding the interest-bearing asset.

Substantially all other revenues are recorded when received.

##### Operating Revenues and Expenses

In the proprietary funds, operating revenues are those revenues produced as a result of providing services and producing and delivering goods and/or services. Nonoperating revenues are funds primarily provided by investing activities, such as financial institution interest income, gains on disposal of assets and insurance recoveries on property loss. Operating expenses are those expenses related to the production of revenue. Nonoperating expenses are those expenses not directly related

VILLAGE OF HESSMER, LOUISIANA

Notes to Basic Financial Statements

to the production of revenue and include items such as interest expense and losses on disposal of assets.

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities. In the fund financial statements, expenditures are classified as follows:

- Governmental Funds – By Character
- Proprietary Funds – By Operating and Non-operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

F. Revenue Restrictions

The Village has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources include:

<u>Revenue Source</u>	<u>Legal Restrictions of Use</u>
Sales tax	See Note 8
Utility Revenue	See Note 7

The Village uses unrestricted resources only when restricted resources are fully depleted.

G. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, deferred inflows, liabilities and deferred outflows, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reporting period. These estimates include assessing the collectability of accounts receivable and the useful lives and impairment of tangible and intangible assets, among others. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from those estimates.

VILLAGE OF HESSMER, LOUISIANA

Notes to Basic Financial Statements

(2) Cash and Interest-Bearing Deposits

Under state law, the Village may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Village may invest in direct obligations of the United States government, bonds, debentures, notes, or other evidence of indebtedness issued or guaranteed by federal agencies and/or the United States government, and time certificates of deposit of state banks organized under Louisiana law and national banks having principal officers in Louisiana.

These deposits are stated at cost, which approximates market. Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Village's deposits may not be recovered, or the Village will not be able to recover collateral securities that are in the possession of an outside party. The Village does not have a policy for custodial credit risk; however, under state law, deposits (or the resulting bank balances) must be secured by federal deposit insurance, or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. The following is a summary of deposit balances (bank balances) and the related federal insurance and pledged securities:

Bank balances	<u>\$ 554,027</u>
Federal deposit insurance	\$ 496,510
Uninsured and collateral held by the pledging banks, not in the Village's name	<u>57,517</u>
Total FDIC insurance and pledged securities	<u>\$ 554,027</u>

(3) Restricted Assets – Business-Type Activities

Restricted assets of business-type activities consisted of the following:

	Water System	Sewer System	Total
Customer Deposit Fund	\$ 82,599	\$ 10,507	\$ 93,106
Sinking Fund	4,589	-	4,589
Revenue Bond Reserve Fund	13,448	-	13,448
Short Lived Asset Fund	10,703	-	10,703
Depreciation and Contingency Fund	<u>33,580</u>	<u>-</u>	<u>33,580</u>
Total restricted assets	<u>\$ 144,919</u>	<u>\$ 10,507</u>	<u>\$ 155,426</u>

VILLAGE OF HESSMER, LOUISIANA

Business-type activities, capital assets, net	<u>\$2,057,667</u>	<u>\$ 170,579</u>	<u>\$ -</u>	<u>\$2,228,246</u>

Depreciation expense was charged to business-type activities as follows:

Water	\$ 143,655
Sewer	<u>70,826</u>
Total depreciation expense	<u>\$ 214,481</u>

(5) Leases

On April 28, 1999, the Village entered into a 60-month lease agreement with AT&T Mobility Corporation for the use of LTE equipment and antennas for a monthly payment of \$810. The lease was renewed at the same monthly payment on January 1, 2006 for one 60-month term with the option to renew for four (4) additional 60-month terms. In October 2014, the monthly lease payments were renegotiated and increased to \$1,620 per month. On August 31, 2021, total future minimum lease payments expected through the expiration date of the lease (December 31, 2021) is \$6,480.

VILLAGE OF HESSMER, LOUISIANA

Notes to Basic Financial Statements

(6) Changes in Long-Term Liabilities

The following is a summary of long-term liability activity of the Village:

	<u>Balance</u> <u>Beginning</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>Ending</u>	<u>Amount due</u> <u>in one year</u>
Direct Placements:					
Business-type activities					
Water revenue bonds	\$ 847,605	\$ -	\$ 15,679	\$ 831,926	\$ 16,379

Water Revenue Bonds

The 2008 Water Revenue Series Bonds (Bond), dated October 28, 2008, were issued to fund improvements to the Village's water system. Bond repayments consist of fully amortized monthly installments of \$4,371 which are due through October 28, 2048. The bonds bear annual interest at 4.38% and are secured by water system revenues. The Bond agreement also requires monthly transfers into a sinking fund account, reserve fund account, short lived asset fund account and a contingency fund account as more fully described in Note No. 7. No default provisions are provided for in the bond agreement.

Annual debt service requirements of direct placement debt outstanding were as follows:

Year Ending August 31,	<u>Direct Placement Debt</u>

VILLAGE OF HESSMER, LOUISIANA

Notes to Basic Financial Statements

(7) Flow of Funds: Restrictions on Use – Water Revenues

The revenues of the water system are partially pledged to retire the water revenue bonds dated October 28, 2008.

The bond resolution of the 2008 Issue of Bonds requires the establishment and maintenance of the following bank accounts:

Water Revenue Bond and Interest Sinking Fund  
Water Reserve Fund  
Water Depreciation and Contingency Fund  
Short Lived Asset Fund

The Water Fund is to transfer to the Water Revenue Bond and Interest Sinking Fund a sum of \$4,371 monthly for the period of November 2009 through October 2048. In addition, the Water Fund is to transfer to the Water Reserve Fund on a monthly basis, a sum of \$219 per month for the period of November 2009 through October 2048 until \$52,450 has been accumulated in the Reserve Fund. In addition, the Water Fund is to transfer \$179 per month into the Water Depreciation and Contingency Fund a sum of \$219 per month for the period of November 2009 through October 2048 until \$52,450 has been accumulated into the Contingency Fund. Upon completion and acceptance of the waterworks improvements, the Water Fund is to transfer to the Short-Lived Asset Fund a sum of \$200 per month by the 20<sup>th</sup> day of each month until a sum of \$49,000 has been accumulated in the Short-Lived Asset Fund.

For the year ended August 31, 2021, the Village failed to make one transfer in accordance with bond requirements.

(8) Sales and Use Tax

The proceeds of 1% sales and use tax levied by the Village of Hessmer, Louisiana are dedicated to the following purposes:

Repair and maintain public streets in the Village (30%), repair, maintain, and operate the Village's waterworks and sewerage system (15%), repair and maintain drainage improvements in the Village (20%), capital improvements for the Village (20%), and for support of the Village's general fund (15%).

(9) Commitments and Contingencies

As required by a legal settlement reached during the year ended August 31, 2011, the Village is to provide free utility services to six rent houses which were the subject of litigation filed against the Village for a period of ten years commencing August 1, 2011, or as long as the rental houses do not change ownership.

VILLAGE OF HESSMER, LOUISIANA

Notes to Basic Financial Statements

(10) Compensation, Benefits and Other Payments to Mayor

A detail of compensation, and benefits paid to Mayor Travis Franks for the period beginning September 01, 2020 through December 31, 2020 is as follows:

<u>Purpose</u>	<u>Amount</u>
Salary	\$ 2,200
Benefits	168
Total	<u>\$ 2,368</u>

A detail of compensation, benefits, and other payments paid to Mayor Mark Jeansonne for the period beginning January 01, 2021 through August 31, 2021 is as follows:

<u>Purpose</u>	<u>Amount</u>
Salary	\$ 4,400
Benefits	363
Travel	179
Total	<u>\$ 4,942</u>

(11) Compensation Paid to Village Officials

A detail of compensation paid to the Board of Aldermen, for the year ended August 31, 2021, is as follows:

Alderman:		<u>Term</u>	<u>Term Expiration</u>	
Keith Armand	4142 Bordelon St. Hessmer, LA 71341 (318) 563-4511	4	12/31/2020	\$ 200
Justin Gaspard	4142 Bordelon St. Hessmer, LA 71341 (318) 563-4511	4	12/31/2020	200
Joshua Roy	4142 Bordelon St. Hessmer, LA 71341 (318) 563-4511	4	12/31/2020	200
Ashton Dausat	4142 Bordelon St. Hessmer, LA 71341 (318) 563-4511	4	12/31/2024	400

Jason Starkey	4142 Bordelon St. Hessmer, LA 71341 (318) 563-4511	4	12/31/2024	400
				<u>\$ 1,800</u>

VILLAGE OF HESSMER, LOUISIANA

Notes to Basic Financial Statements

(12) Interfund Transactions

A. The Village of Hessmer had interfund receivables or payables as follows:

	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
Governmental Activities:		
General Fund	\$ 51	\$ 8,713
Sales Tax Fund	56,929	51
Enterprise funds:		
Water Utility Fund	7,594	65,479
Sewer Utility Fund	9,669	-
Total	<u>\$ 74,243</u>	<u>\$ 74,243</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

B. The Village of Hessmer had interfund transfers as follows:

	<u>Transfers In</u>	<u>Transfers Out</u>
Governmental Activities:		
General Fund	\$ 13,602	\$ -
Sales Tax Fund	55,180	62,180
Enterprise funds:		
Water Utility Fund	<u>55,180</u>	<u>61,782</u>
Total	<u>\$ 123,962</u>	<u>\$ 123,962</u>

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to (b) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

(13) On-Behalf Payment of Salaries

The State of Louisiana paid the Village's policemen \$6,000 of supplemental pay during the year ended August 31, 2021. Such payments are recorded as intergovernmental revenues and public safety expenditures in the government-wide and General Fund financial statements.

VILLAGE OF HESSMER, LOUISIANA

Notes to Basic Financial Statements

(14) Litigation and Claims

On August 31, 2021, the Village was not involved in any lawsuits claiming damages that would not be adequately covered by liability insurance.

(15) Risk Management

The Village is exposed to risks of loss in the areas of general and auto liability, property hazards and workers' compensation. All of these risks are handled by purchasing commercial insurance coverage. There were no significant reductions in the insurance coverage during the year, nor have settlements exceeded insurance coverage for the past three years.

(16) New Accounting Pronouncements

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87, *Leases*. The statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions of GASB Statement No. 87 are effective for fiscal years beginning after June 15, 2021. The effect of implementation on the Village's financial statements has not yet been determined.

(17) Subsequent Event

In November 2021, the Village issued \$796,000 of Water Revenue Refunding Bonds, Series 2021, maturing in November 2047, bearing annual interest at 3.25%. The net proceeds of the Series 2021 bonds were used to retire \$796,000 of 2008 Water Revenue Bonds which were due in fully amortized monthly installments of \$4,371 through October 2048.

VILLAGE OF HESSMER, LOUISIANA

Notes to the Required Supplementary Information  
For the Year Ended August 31, 2021

(1) Budget and Budgetary Accounting

The Village follows the following procedures in establishing the budget:

1. The Mayor meets with the Aldermen and Village Clerk to review the prior year revenue and expenditures as a basis for projecting the current fiscal year budget.
2. Anticipated changes from the prior year are considered and reflected in the projections.
3. Once adopted, the budget is made available for public inspection and a budget summary is published in the Village's designated official journal.
4. The Village does not formally integrate its budget as a management tool.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budget amounts are as originally adopted or as amended by the Mayor and Aldermen. Such amendments were not material in relation to the original appropriations.

(2) Excess of Expenditures over Appropriations

The General Fund and the Sales Tax Fund incurred expenditures in excess of appropriations for the year ended August 31, 2021.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mark Jeansonne, Mayor  
and Members of the Board of Aldermen  
Village of Hessmer, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund of the Village of Hessmer, Louisiana (Village) as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements and have issued our report thereon dated May 26, 2022.

### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of current and prior year audit findings and management's corrective action plan as items 2021-001 through 2021-005, that we consider to be material weaknesses.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompany schedule of current and prior year audit findings and management's corrective action plan as items 2021-006 through 2021-007.

## **Village of Hessmer, Louisiana's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Village of Hessmer, Louisiana's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Village of Hessmer, Louisiana's response was not subject to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

VILLAGE OF HESSMER, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
And Management's Corrective Action Plan  
Year Ended August 31, 2021

Part I: Current Year Findings and Management's Corrective Action Plan

A. Internal Control Over Financial Reporting

2021-001 Application of Generally Accepted Accounting Principles (GAAP)

Fiscal year finding initially occurred: Unknown

CONDITION: Management and staff lack the expertise and/or experience in the selection and application of generally accepted accounting principles, as applicable to governmental entities in the financial statement preparation process.

CRITERIA: The Village's internal control over financial reporting includes policies and procedures that pertain to is the ability to record, process, summarize, and report financial data consistent with the assertions embodied in the financial statements, including the ability of management and staff to detect potential misstatements that may exist in the financial statements and related disclosures.

CAUSE: The cause of the condition results from a reliance on the external auditor as part of the internal control process.

EFFECT: Financial statements and related supporting transactions may reflect a departure from generally accepted accounting principles.

RECOMMENDATION: Management should evaluate the additional costs required to achieve the desired benefit and determine if it is economically feasible in relation to the benefit received.

MANAGEMENT'S CORRECTIVE ACTION PLAN: We evaluated the cost vs. benefit of establishing enhanced internal controls over financial reporting and determined that it would not be cost effective to enhance these controls. Currently, our financial staff receives annual training related to their job duties and we carefully review the financial statements, related notes, and all proposed adjustments. All questions are adequately addressed by our auditors which allows us to appropriately supervise these functions. We feel we have taken appropriate steps to reduce the financials statement risk caused by this finding.

VILLAGE OF HESSMER, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
And Management's Corrective Action Plan  
Year Ended August 31, 2021

2021-002 Inadequate Segregation of Accounting Functions

Fiscal year finding initially occurred: 2007

CONDITION: The Village of Hessmer did not have adequate segregation of functions within the accounting system.

CRITERIA: AU-C §315.04, *Understanding the Entity and its Environment and Assessing the Risks of Material Misstatement*, defines internal control as follows:

“Internal control is a process, affected by those charged with governance, management, and other personnel, designed to provide reasonable assurance about the achievement of objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.”

CAUSE: The cause of the condition is the fact that the Village does not have a sufficient number of staff performing administrative and financial duties so as to provide adequate segregation of accounting and financial duties.

EFFECT: Failure to adequately segregate accounting and financial functions increases the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.

RECOMMENDATION: Management should reassign incompatible duties among different employees to ensure that a single employee does not have control of more than one of the following responsibilities: (1) authorization; (2) custody; (3) recordkeeping; and (4) reconciliation.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The Village agrees with the finding. Due to the size of staffing, the achievement of adequate segregation of duties is desirable, but cost prohibitive. All efforts are made to segregate duties where feasible. In an effort to enhance controls the Board of Aldermen monitors activity and account balances in all funds.

VILLAGE OF HESSMER, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
And Management's Corrective Action Plan  
Year Ended August 31, 2021

2021-003 Policies and Procedures

Fiscal year finding initially occurred: 2018

CONDITION: The Village has not adopted written policies and procedures for budgets, purchasing, processing disbursements, receipts, overtime worked in payroll, contracting, credit and debit cards, travel and expense reimbursement, ethics, debt service and disaster recovery.

CRITERIA: Written policies and procedures are necessary to provide a clear understanding of day-to-day operations.

CAUSE: The Village of Hessmer has not properly documented policies and procedures that should be followed for the areas of day-to-day operations above.

EFFECT: Failure to have written policies and procedures increases the risk of not having continuity of operations and the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.

RECOMMENDATION: Management should adopt formal written policies and procedures for each of the functions noted above.

MANAGEMENT'S CORRECTIVE ACTION PLAN: Management is in the process of drafting a formal, written policy and procedure manual to establish guidelines that will be followed for all operations.

2021-004 Customer Deposits Subsidiary Ledger Reconciliation

Fiscal year finding initially occurred: 2018

CONDITION: The Village is not maintaining nor reconciling a meter deposits subsidiary ledger to its meter deposits cash account, as well as the detailed general ledger liability account, on a regular basis.

CRITERIA: Internal controls should be in place to ensure all utility customer deposit activity is properly recorded.

CAUSE: The cause of the condition is the fact that the Village is not maintaining nor reconciling the customer deposit subsidiary ledger to the meter deposit cash balance nor the general ledger liability account on a reoccurring basis.

EFFECT: Failure to reconcile this subsidiary ledger could result in missing cash and customers not receiving proper credit for their customer meter deposits when accounts are closed.

VILLAGE OF HESSMER, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
And Management's Corrective Action Plan  
Year Ended August 31, 2021

RECOMMENDATION: The customer deposit subsidiary ledger should be reconciled to the meter deposit cash account as well as the general ledger liability account on a monthly basis.

MANAGEMENT'S CORRECTIVE ACTION PLAN: Management will review procedures related to the collections and recording of customer deposits and implement procedures to reconcile the subsidiary ledger on a monthly basis.

2021-005 Bank Reconciliations

Fiscal year finding initially occurred: 2021

CONDITION: The Village did not reconcile several bank statements in a timely manner.

CRITERIA: Internal controls should be in place to provide for the timely reconciliation of all cash account balances and to ensure all account activity is properly recorded on the Village's general ledger.

CAUSE: Internal controls are not in place to ensure the timely reconciliation of all cash accounts.

EFFECT: Failure to reconcile all cash accounts in a timely manner could lead to missing cash and incomplete financial statements.

RECOMMENDATION: All cash balances as reported on the Village's general ledger should be reconciled to appropriate supporting documentation on a monthly basis.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The Village has contracted with an accountant to assist with the reconciliation of all cash accounts on a monthly basis. The Village plans to resolve this issue by August 31, 2022.

VILLAGE OF HESSMER, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
And Management's Corrective Action Plan  
Year Ended August 31, 2021

B. Compliance

2021-006 Budgeting Non-Compliance

Fiscal year finding initially occurred: 2021

CONDITION: Total actual expenditures incurred in the Sales Tax fund exceeded total budgeted expenditures by more than five percent.

CRITERIA: Louisiana Revised Statutes 39:1311 *Budgetary Authority and Control*.

CAUSE: Management failed to design and implement policies and procedures to ensure that expenditures incurred in the Sales Tax Fund are monitored for compliance with all state budgetary laws.

EFFECT: Management may not prevent and/or detect overspending in the Sales Tax fund in a timely manner.

RECOMMENDATION: Management should periodically compare actual expenditures to budgeted expenditures incurred in the Sales Tax fund to identify the need for budget amendments in a timelier manner.

MANAGEMENT'S CORRECTIVE ACTION PLAN: Management will prepare actual vs budget financial reports for review on a periodic basis as well as proposed budget amendments as required by Louisiana State Status 39:1311.

2021-007 Traffic Citations

Fiscal year finding initially occurred: 2021

CONDITION: The Village is not ensuring that all traffic citations are accounted for in accordance with LA R.S. 32:398.1 and 32:398.2

CRITERIA: LA R.S. 32.398.1 and LA R.S. 32:398.2

CAUSE: The Village police department has not accounted for all traffic citations.

VILLAGE OF HESSMER, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
And Management's Corrective Action Plan  
Year Ended August 31, 2021

EFFECT: Failure to account for all traffic citations increases the risk of errors and/or irregularities, including fraud and/or defalcations, occurring without prevention and/or detection occurring in a timely manner.

RECOMMENDATION: The Village should ensure that all traffic citations are accounted for in accordance with LA R.S. 32:398.1 and 32:398.2.

MANAGEMENT'S CORRECTIVE ACTION PLAN: The Village has implemented policies and procedures along with software enhancements to ensure that all traffic citations are accounted for in accordance with LA R.S. 32:398.1 and 32:398.2.

Part II: Prior Year Findings:

A. Internal Control Over Financial Reporting

2020-001 Application of Generally Accepted Accounting Principles (GAAP)

CONDITION: The Village of Hessmer does not have adequate internal controls over recording the entity's financial transactions or preparing its financial statements, including the related notes in accordance with generally accepted accounting principles (GAAP).

RECOMMENDATION: Management should evaluate the additional costs required to achieve the desired benefit and determine if it is economically feasible in relation to the benefit received.

CURRENT STATUS: Unresolved. See item 2021-001.

2020-002 Inadequate Segregation of Accounting Functions

CONDITION: The Village of Hessmer did not have adequate segregation of functions within the accounting system.

RECOMMENDATION: Management should reassign incompatible duties among different employees to ensure that a single employee does not have control of more than one of the following responsibilities: (1) authorization; (2) custody; (3) recordkeeping; and (4) reconciliation.

CURRENT STATUS: Unresolved. See item 2021-002.

VILLAGE OF HESSMER, LOUISIANA

Schedule of Current and Prior Year Audit Findings  
And Management's Corrective Action Plan  
Year Ended August 31, 2021

2020-003 Policies and procedures

CONDITION: The Village of Hessmer has not adopted written policies and procedures for budgets, purchasing, processing disbursements, receipts, overtime worked in payroll, contracting, credit and debit cards, travel and expense reimbursement, ethics, and debt service.

RECOMMENDATION: Management should adopt formal written policies and procedures for each of the functions noted above.

CURRENT STATUS: Unresolved. See item 2021-003.

2020-004 Utility Accounts Receivable and Customer Deposits Subsidiary Ledger

CONDITION: The Village of Hessmer is not maintaining an accurate subsidiary ledger for utility accounts receivables and customer deposits, and the subsidiary ledgers are not being reconciled to the meter cash account balances and general ledger accounts.

RECOMMENDATION: The accounts receivable and customer deposit subsidiary ledgers should be reconciled to the cash account and general ledger on a monthly basis.

CURRENT STATUS: Partially Resolved. See item 2021-004.

B. Compliance

2020-005 Sales Tax Non-Compliance

CONDITION: The Village of Hessmer may not be in compliance with State law requiring the collection and remittance of sales tax.

RECOMMENDATION: We recommend the Village file and remit past due returns with the State of Louisiana to prevent further penalties and interest being assessed.

CURRENT STATUS: Resolved.
