PECAN ISLAND WATERWORKS DISTRICT NO. 3 OF VERMILION PARISH, LOUISIANA

Notes to the Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Pursuant to an ordinance adopted by the Vermilion Parish Police Jury, the Pecan Island Waterworks District No. 3 of Vermilion Parish, Louisiana (the District) was created to provide water services to the customers of the former Pecan Island Water System of the Vermilion Parish Waterworks District No. 1 of the Parish of Vermilion, State of Louisiana. The District is an integral part of the Vermilion Parish Police Jury for financial reporting purposes. The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

Financial Reporting Entity

For financial reporting purposes in conformity with Governmental Accounting Standards Board Statement No. 14, the District is a component unit of the Vermilion Parish Police Jury, the governing body of the parish and the governmental body with oversight responsibility. The accompanying financial statements present information only as to the transactions of the District and are not intended to present fairly the financial position and results of operations of the Vermilion Parish Police Jury. As a component unit, the accompanying financial statements may be included within the reporting of the primary government, either blended into those financial statements or separately reported as a discrete component unit.

Fund Accounting

The accounts of the District are organized and operated on a fund basis whereby a separate self-balancing set of accounts that comprise its assets, liabilities, net position, revenues and expenses is maintained for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or regulations. The District is presented in the accompanying financial statements as follows:

PROPRIETARY FUND –

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The proprietary fund is accounted for using the accrual basis of accounting whereby revenues are recognized when they are earned and expenses are recognized when incurred. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

The principal operating revenues of the District is water usage fees. The operating cost of the proprietary fund is all costs associated with the operation of the water distribution system. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Notes to the Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted Resources

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

Capital Assets

All capital assets of the proprietary fund purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. The costs of maintenance and repairs are charged to income as incurred; significant renewals and betterments are capitalized. Reductions are made for retirements resulting from renewals or betterments. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and improvements	20 – 40 years
Improvements other than buildings	25 years
Equipment	5 years

Depreciation of all exhaustible fixed assets used by the proprietary fund is charged as an expense against operations. Depreciation expense for the years ended December 31, 2021 and 2020 was \$90,371 and \$87,412, respectively.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents includes all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased.

Bad Debts

The District charges any uncollectible accounts directly to current operations. All accounts at December 31, 2021 and 2020 are considered to be collectible.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Vacation and Sick Leave

Vacation and sick leave are recorded as expenditures of the period in which paid. Any liability the District might have in this regard as of December 31, 2021 and 2020 is considered immaterial; therefore, no liability has been recorded in the accounts.

Notes to the Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Values of Financial Instruments

The District applies the provisions of FASB ASC 820, *Fair Value Measurements and Disclosures*. See Note 9 for details on fair values used for the District's assets and liabilities.

Subsequent Events

Management has evaluated subsequent events through May 4, 2022, the date the financial statements were available to be issued.

NOTE 2 CASH AND CERTIFICATES OF DEPOSIT

The carrying value of the District's cash deposits, including certificates of deposit, with financial institutions at December 31, 2021 totaled \$118,248 and the bank balance was \$119,404. Cash and certificates of deposit are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. During the year ended December 31, 2021, the District's deposits were fully secured by the federal deposit insurance corporation.

NOTE 3 RESTRICTED ASSETS

The District's restricted assets consist of the following as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Customers' meter deposits:		
Cash	<u>\$ 17,275</u>	<u>\$ 17,458</u>

PECAN ISLAND WATERWORKS DISTRICT NO. 3 OF VERMILION PARISH, LOUISIANA

Notes to the Financial Statements

NOTE 5 CONCENTRATION OF CREDIT RISK

The credit risk for trade accounts receivable is concentrated because most of the balances are due from individuals located in the same geographical region.

NOTE 6 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has elected to purchase insurance coverage through the commercial insurance market to cover its exposure to loss. The District is insured up to policy limits for each of the above risks. No claims have been settled in excess of the commercial coverage.

NOTE 7 BOARD OF COMMISSIONERS

The board of commissioners consists of five members, with compensation paid as follows:

Adrian Conner	Chairman	\$	720
Jimmy Vincent	Vice-Chairperson		840
Randall Broussard	Secretary/Treasurer		-
Sandra Vincent	Commissioner		900
Annie Hebert	Commissioner		840
			<u>840</u>
		\$	<u>3,300</u>

NOTE 8 FAIR VALUE OF FINANCIAL INSTRUMENTS

The District applies the provisions of FASB ASC 820, *Fair Value Measurements and Disclosures*. FASB ASC 820 clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the asset or liability and establishes a fair value hierarchy that prioritizes the inputs used to develop those assumptions and measure of fair value. The hierarchy requires the Company to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing methods, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

PECAN ISLAND WATERWORKS DISTRICT NO. 3 OF VERMILION PARISH, LOUISIANA

Notes to the Financial Statements

NOTE 8 FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The following methods and assumptions were used by the District in estimating fair value disclosures for financial instruments:

Cash and cash equivalents – The carrying amount of cash and short-term instruments approximate fair value.

Contracts payable and accrued expenses – The carrying amount of contracts payable and accrued expenses approximate fair value.

NOTE 9 COVID-19 PANDEMIC

In December 2020, a novel strain of coronavirus (COVID-19) was reported to have surfaced in China. The World Health Organization has characterized COVID-19 as a pandemic. The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on the District's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on our customers, employees and vendors all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the District's financial condition or results of operations is uncertain.
