**FINANCIAL SECTION**

## **INDEPENDENT AUDITOR’S REPORT**

To the Honorable Randy Nunez,  
St. Bernard Parish Clerk of Court,  
Chalmette, Louisiana.

### **Opinion**

We have audited the accompanying financial statements of the governmental activities and the major funds of the St. Bernard Parish Clerk of Court (the “Clerk of Court”), as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the Clerk of Court’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of St. Bernard Parish Clerk of Court as of June 30, 2023, and the respective changes in financial position and changes in assets and liabilities, thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Clerk of Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Clerk of Court’s ability to continue as a going concern for twelve months beyond the financial statement date including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amount and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clerk of Court's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Clerk of Court's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 11, and the required supplementary information on pages 47 through 50, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operation, economic, or historical context. We have applied certain limited procedures to the required supplementary information in

accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying supplementary information, on pages 51 through 54, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information on page 55 is presented for purposes of additional analysis and is required by Louisiana Revised Statute 24:513 (A)(3) and is not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2023, on our consideration of the St. Bernard Parish Clerk of Court's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk of Court's internal control over financial reporting and compliance.

Certified Public Accountants.

# **MANAGEMENT’S DISCUSSION AND ANALYSIS**

**St. Bernard Parish Clerk of Court**  
Chalmette, Louisiana

June 30, 2023

The Management’s Discussion and Analysis (MD&A) of the St. Bernard Parish Clerk of Court’s (the “Clerk of Court”), financial performance presents a narrative overview and analysis of the Clerk of Court’s financial activities for the year ended June 30, 2023. It identifies changes in the Clerk of Court’s overall financial position and results of operations and assists the user in determining whether the financial position has improved or deteriorated as a result of the year’s operations. It also identifies any significant variations from the original budget amounts and includes any currently known reasons for those variations that are expected to have a significant effect on future services or liquidity; and identifies individual issues or concerns. The MD&A focuses on the current year’s activities, resulting changes, and currently known facts.

The information contained within this MD&A should be considered only as part of a greater whole. The readers of the MD&A should read and evaluate all sections of this report, including the notes to financial statements and required supplemental information section (RSI) that are provided in addition to this MD&A.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This MD&A is intended to serve as an introduction to the Clerk of Court’s basic financial statements. The Clerk of Court’s financial report consists of four parts: (1) MD&A (this section), (2) basic financial statements, (3) required supplementary information, and (4) special reports by certified public accountants and management.

The basic financial statements include two kinds of statements that present different views of the Clerk of Court:

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Clerk of Court’s finances, in a manner similar to a private sector business. Under this format, all governmental activities are consolidated into columns which add to a total for the governmental entity. For the Clerk of Court, only governmental activities are included in the presentation. Accordingly, there is no “totals” column in the presentation.

## **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

### **Government-Wide Financial Statements (Continued)**

- a. The Statement of Net Position (Deficit) presents information on all of the Clerk of Court's assets and liabilities using the accrual basis of accounting, in a manner similar to the accounting used by private business enterprises. The difference between the assets and liabilities is reported as the net position. Over time, increases or decreases in the net position (and changes in the components of net position) may serve as a useful indicator of whether the financial position of the Clerk of Court is improving or weakening.
- b. The Statement of Activities presents information showing how the Clerk of Court's net position changed during the years. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. The format for the Statement of Activities presents the expenses for each function (salaries and benefits, office expenses, insurance, auto and travel, other expenses, and depreciation) reduced by the Program Revenues (charges for services, licenses, and grants) directly related to the program to determine net program expenses.

### **Fund Financial Statements**

A fund is a grouping of related accounts that are used to maintain control over resources which have been segregated for specific activities or objectives. The Clerk of Court, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related and legal requirements. The Clerk of Court uses two categories of funds to account for financial transactions: governmental funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Clerk of Court maintains one individual governmental fund (the "General Fund"). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund. The Clerk of Court adopts an annual appropriated budget for its General Fund. A budgetary comparison statement, page 18, and the note to budgetary reporting have been provided for the General Fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 12 through 20 of this report.

## **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

### **Fund Financial Statements (Continued)**

The only type of fiduciary fund maintained by the Clerk of Court is “agency” funds. Agency funds are custodial in nature and represent assets held by the Clerk of Court as an agent for litigants pending court action. Under applicable Government Auditing Standards Board (GASB) standards, agency funds are not included in the government-wide financial statements. These activities are excluded from the Clerk of Court’s other financial statements because the Clerk of Court cannot use these assets to finance its operations. The Clerk of Court is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

### **Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 21 of this report.

Under the modified-accrual basis for fund financial statements, the emphasis is on accounting for current financial resources of the Clerk of Court. The analysis in this section includes a discussion of the General Fund financial statements.

**FINANCIAL HIGHLIGHTS (Continued)****Financial Analysis of Governmental Funds (Continued)**

As of June 30, 2023, the General Fund reported total fund balance of \$643,438, a decrease of \$381,245 from the prior year total fund balance. This decrease is due to expenditures of \$2,248,946 exceeding revenues of \$1,892,037. The Clerk of Court is focused on reducing expenditures in order to maintain a positive fund balance. The Clerk of Court will strive to maintain spending levels at or below revenues. Fund balance decreased in the current year due to the nonroutine cost of scanning which is included in office expenses on Exhibit E.

**NOTES TO FINANCIAL STATEMENTS****St. Bernard Parish Clerk of Court**  
Chalmette, Louisiana

June 30, 2023

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, the Clerk of Court serves as the ex-officio notary public; the recorder of conveyances, mortgages, and other acts, and has other duties and powers provided by law. The Clerk of Court is elected for a four-year term.

The accounting policies of the St. Bernard Parish Clerk of Court (the “Clerk of Court”) conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

**a. Reporting Entity**

The Clerk of Court has reviewed all of its activities and determined that there are no potential component units which should be included in its financial statements.

The GASB established criteria for determining which component units should be considered part of the St. Bernard Parish Council (the “Parish Council”) for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criterion includes:

1. Appointing a voting majority of an organization’s governing body, and
  - a. The ability of the Parish Council to impose its will on that organization and/or,
  - b. The potential for the Clerk of Court to provide specific financial benefits to or impose specific financial burdens on the Parish Council.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**a. Reporting Entity (Continued)**

2. Organizations for which the Parish Council does not appoint a voting majority but are fiscally dependent on the Parish Council.
3. Organizations for which the reporting entity financial statements would be misleading if data of the Clerk of Court is not included because of the nature or significance of the relationship.

The Clerk of Court is an independently elected official, however, the Clerk of Court is considered fiscally dependent on the St. Bernard Parish Council. As the governing authority of St. Bernard Parish, for reporting purposes, the St. Bernard Parish Council maintains and operates the parish courthouse in which the Clerk of Court's office is located and provides funds for equipment and furniture for the Clerk of Court's office. Because the Clerk of Court is fiscally dependent on the Council, the Clerk of Court was determined to be a component unit of the Parish Council, the financial reporting entity.

The accompanying financial statements present information only on the funds maintained by the Clerk of Court and do not present information on the Parish Council, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

**b. Basis of Presentation**

The accompanying component unit financial statements of the Clerk of Court have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units.

**Government-Wide Financial Statements:**

The government-wide financial statements include the Statement of Net Position (Deficit) and the Statement of Activities for all activities of the Clerk of Court. The government-wide presentation focuses primarily on the sustainability of the Clerk of Court as an entity and the change in aggregate financial position resulting from the activities for the fiscal period. Governmental activities generally are financed through fees, intergovernmental revenues, and other non-exchange revenues.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**b. Basis of Presentation (Continued)**

**Fund Financial Statements:**

The fund financial statements are very similar to the traditional government fund statements as presented by governments prior to the issuance of GASB Statement No. 34. Emphasis is now on the major funds. The daily accounts and operations of the Clerk of Court continue to be organized on the basis of a fund and account groups, each of which is considered a separate accounting entity. The operations of the fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures. Government resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The following are the governmental funds of the Clerk of Court:

**General Fund**

The General Fund, as provided by Louisiana Revised Statute (L.R.S.) 13:781, is the principal fund of the Clerk of Court and accounts for and reports the operations of the Clerk of Court's office. The various fees and charges due to the Clerk of Court's office are accounted for in this fund. General operating expenditures are paid from this fund. The General Fund is always considered a major fund.

**Custodial Funds**

These funds are used to account for and report assets that the Clerk of Court holds for others in an agency capacity. Since by definition these assets are being held for the benefit of others and cannot be used to address activities or obligations of the Clerk of Court, these funds are not incorporated into the government-wide statements. The custodial funds are as follows:

- Advance Deposit Fund accounts for and reports advanced deposits in suits filed by litigants.
- Registry of Court Fund accounts for and reports funds held by order of the court until judgment is rendered by the judiciary.

**c. Measurement Focus and Basis of Accounting**

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**c. Measurement Focus and Basis of Accounting (Continued)**

**Government-Wide Financial Statements**

The Statement of Net Position (Deficit) and the Statement of Activities display information about the reporting government as a whole. These statements include all the financial activities of the Clerk of Court.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues are derived directly from users as a fee for services; program revenues reduce the cost of the function to be financed from general revenues.

Custodial funds are unlike all other types of funds reporting liabilities to the beneficiaries when an event has occurred that compels the disbursement of fiduciary resources. Events that compel disbursement of fiduciary resources occur when a demand for resources has been made or when no further action, approval or condition is required to be taken or met by the beneficiary to release the assets. Custodial funds use the accrual basis of accounting to recognize receivables and payables.

**Fund Financial Statements**

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**c. Measurement Focus and Basis of Accounting (Continued)**

**Revenues**

Revenue from grants is recognized in the fiscal year in which all eligibility requirements are satisfied. Revenues from recordings, copies, (including suits and successions), and other services are recognized when they become measurable and available (i.e., when the service is performed). Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For this purpose, the Clerk of Court considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Miscellaneous revenues are recorded as revenues when received in cash by the Clerk of Court because they are generally not measurable until actually received.

Interest income on cash balances is recorded when the income is available.

**Expenditures**

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Allocations of cost such as depreciation are not recognized in the governmental funds.

**d. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**e. Cash and Cash Equivalents**

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Clerk of Court may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**f. Receivables**

The Clerk of Court uses the allowance method to account for uncollectible receivables. The allowance for uncollectible accounts is based on prior years' experience and management's analysis of possible bad debts. Bad debt recoveries are charged against the allowance account as realized. The Clerk of Court considers all receivables as of June 30, 2023 to be fully collectible that are net of the allowance. The allowance for uncollectible accounts balance of \$11,055 represents receivable balances that are estimated to be uncollectible.

**g. Prepaid Expenses**

Payments made to vendors that will benefit periods beyond June 30, 2023 are recorded as prepaid expenditures. These amounts are equally offset by a fund balance classification of nonspendable which indicates that they do not constitute available spendable resources even though they are a component of net current assets. Prepaid expenses totaled \$10,869 as of June 30, 2023.

**h. Capital Assets and Depreciation**

The accounting treatment over plant and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

**Government-Wide Financial Statements**

In the government-wide financial statements, property and equipment are accounted for as capital assets. Capital assets purchased or acquired with an original cost of \$500 or more are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their fair value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**h. Capital Assets and Depreciation (Continued)**

**Government-Wide Financial Statements (Continued)**

	Estimated Lives
Office equipment	5 years
Furniture and fixtures	5-39 years

**Fund Financial Statements**

In the fund financial statements, the cost of capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

**i. Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditures) until then.

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then.

**j. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Louisiana Clerks of Court Retirement and Relief Fund (the "Fund") and additions to/deductions from the Fund fiduciary net position have been determined on the same basis as they are reported by the Fund. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**k. Compensated Absences**

Employees of the Clerk of Court's office earn two weeks of vacation leave and up to four weeks sick leave each year. The leave time accrues on a calendar year basis and must be used in the calendar year. Any unused personal time is not paid to the employee upon termination. In accordance with GASB, no liability for accrued unused employee leave is included in these financial statements.

**l. Clerk of Court's Fees**

Suits and succession revenues represents revenue earned from daily operations such as copying and faxing for litigants and standard fees charged on suits. These fees are collected in the Advance Deposit Agency Fund (clearing account) and are recognized as revenue in the General Fund.

**m. Fund Equity**

**Government-Wide Statements:**

Equity is classified as net position and displayed in three components:

- a. Invested in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation.
- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - This component of net position reports net position that does not meet the definition of "restricted" or "invested in capital assets".

When both restricted and unrestricted resources are available for use, it is the Clerk of Court's policy to use restricted resources first, then unrestricted resources as they are needed. As of June 30, 2023 and for the year then ended, the Clerk of Court did not have or receive restricted resources classified as restricted net position.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**m. Fund Equity (Continued)**

**Fund Financial Statements:**

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

**Nonspendable** - Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

**Restricted** - Amounts that can be spent only for a specific purpose because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributions, or the laws or regulations of other governments. There was no restricted equity as of June 30, 2023.

**Committed** - Amounts that can be used only for specific purposes determined by a formal decision of the Clerk of Court. There was no committed equity as of June 30, 2023.

**Assigned** - The assigned amounts are designated as committed by the Clerk of Court but are not spendable until a budget is adopted. There was no assigned equity as of June 30, 2023.

**Unassigned** - All amounts not included in other spendable classifications. The Clerk of Court has not adopted a policy to maintain the general fund's unassigned fund balance above a certain minimum level.

As noted above, restricted funds are used first as appropriate. Assigned funds are reduced to the extent that expenditure authority has been budgeted by the court or the assignment has been changed by the court. Decreases to fund balance first reduce unassigned fund balance; in the event that unassigned becomes zero, then assigned and committed fund balances are used in that order.

L.R.S. 13:785 requires that every four years (at the close of the term of office) the Clerk of Court must pay St. Bernard Parish the portion of the General Fund's fund balance that exceeds one-half of the revenues of the Clerk of Court's last year of his term of office, limited to the amount of funding received from St. Bernard Parish. The amount owed to St. Bernard Parish under L.R.S. 13:785 is limited to the funds provided by St. Bernard Parish under provisions of L.R.S. 13:784 to help compensate St. Bernard Parish for the costs of capital assets and other administration costs during the Clerk of Court's four year term. The Clerk of Court's current term expires on June 30, 2028.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**n. New Pronouncements**

During the year ended June 30, 2023, the Clerk of Court implemented the following GASB statements:

Statement No. 91, “*Conduit Debt Obligations*” provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. This Statement did not affect the financial statements for the year ended June 30, 2023.

Statement No. 94, “*Public-Private and Public-Public Partnerships and Availability Payment Arrangements*” improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. This Statement did not affect the financial statements for the year ended June 30, 2023.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**n. New Pronouncements (Continued)**

Statement No. 96, "*Subscription-based Information Technology Arrangements*" provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITA) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for the years beginning after June 15, 2022. This Statement did not affect the financial statements for the year ended June 30, 2023.

The GASB has issued the following Statements which will become effective in future years as shown below:

Statement No. 99, "*Omnibus 2022*" provides objectives to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements and accounting and financial report for financial guarantees. The requirements of this Statement apply to all financial statements at dates varying from upon issuance to fiscal periods beginning after June 15, 2023. Management has yet to determine the effect of this Statement on the financial statements.

Statement No. 100, "*Accounting Changes and Error Corrections - an amendment of GASE Statement No. 62*" provides guidance to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. Management has yet to determine the effect of this Statement on the financial statements.

Statement No. 101, "*Compensated Absences*" provides guidance to better meet the information needs of financial statements users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. Management has yet to determine the effect of this Statement on the financial statements.

**Note 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**o. Subsequent Events**

The Clerk of Court evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 25, 2023, which is the date the financial statements were available to be issued.

**Note 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

The Clerk of Court adheres to the following procedures in establishing the budgetary data reflected in the financial statements.

**a. Budgetary Information**

As required by the L.R.S. 39:1301-1315, the Clerk of Court adopted a budget for its General Fund for the year ended June 30, 2023 and it was made available for public inspection at the Clerk of Court's office on June 22, 2022. The proposed budget was prepared on the modified accrual basis of accounting, and was published in the official journal on June 3, 10, and 17, 2022. The budget hearing was held at the Clerk of Court's office on June 22, 2022. The budget is legally adopted, as necessary, by the Clerk of Court. The budget for the year ended June 30, 2023 was amended once. All appropriations lapse at year end.

Formal budget integration (within the accounting records) is employed as a management control device. Budget amounts included in the accompanying financial statements include the original adopted budget.

The General Fund budget is adopted on a basis materially consistent with accounting principles generally accepted in the United States of America.

**b. Deficit Fund Balance of Individual Funds**

No deficit fund balances are presented.

**c. Expenditures/Expenses Exceeding Appropriations**

No funds had actual expenditures exceeding appropriations.

**Note 3 - DEPOSITS**

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States, or any other federally insured investment, certificates of deposit of any bank domiciled or having a branch office in the State of Louisiana, guaranteed investment contracts and investment grade (A-1/P-2) commercial paper of domestic corporations.

**Bank Deposits**

State law requires deposits (cash) of all political subdivisions to be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. **Note 6 - RETIREMENT PLANS**

*Plan Description.* The Clerk of Court contributes to the Louisiana Clerks' of Court Retirement and Relief Fund ("Fund"), a cost-sharing, multiple-employer defined benefit pension plan established in accordance with Louisiana Revised Statute 11:1501 to provide regular, disability, and survivor benefits for clerks of court, their deputies and other employees, and the beneficiaries of such clerks of court, their deputies, and other employees.

**Note 6 - RETIREMENT PLANS (Continued)**

**Retirement Benefits**

A member or former member shall be eligible for regular retirement benefits upon attaining 12 or more years of credited service, attaining the age of 55 years (age 60 if hired on or after January 1, 2011), and terminating employment. Regular retirement benefits, payable monthly for life, is equal to 3% percent of the member's monthly average final compensation multiplied by the number of years of credited service, not to exceed 100% of the monthly average final compensation. The retirement benefit accrual rate is increased to 3½% for all service credit accrued after June 30, 1999 (for members hired prior to January 1, 2011). For members hired before July 1, 2006 and who retire prior to January 1, 2011, monthly average final compensation is based on the highest 36 consecutive months, with a limit increase of 10% in each of the last three years of measurement. For members hired after July 1, 2006, monthly average final compensation is based on the highest compensated 60 consecutive months, or successive joined months if service was interrupted, with a limit increase of 10% in each of the last five years of measurement. For members who were employed prior to July 1, 2006 and who retire after December 31, 2010, the period of final average compensation is 36 months plus the number of whole months elapsed since January 1, 2011, not to exceed 60 months.

**Deferred Retirement Option Plan (DROP):**

In lieu of terminating employment and accepting a service retirement allowance, any member of the Fund who is eligible for a service retirement allowance may elect to participate in the Deferred Retirement Option Plan (DROP) for up to 36 months and defer the receipt of benefits. Upon commencement of participation in the plan, active membership in the Fund terminates and the participant's contributions cease; however, employer contributions continue. Compensation and creditable service remain as they existed on the effective date of commencement of participation in the plan. The monthly retirement benefits that would have been payable, had the member elected to cease employment and receive a service retirement allowance, are paid into the DROP account. Upon termination of employment at the end of the specified period of participation, a participant in the program may receive, at his option, a lump sum payment from the DROP account equal to the payments to the account or a true annuity based upon his account (subject to approval by the Board of Trustees). In addition, the member receives the monthly benefits that were paid into the DROP fund during his period of participation.

If employment is not terminated at the end of the participation period, payments into the account cease and the member resumes active contributing membership in the Fund. Interest is paid on DROP account balances for members who complete their DROP participation but do not terminate employment. The interest earnings are based on the actual rate of return on funds in such accounts. These interest accounts cease upon termination of employment.

**Note 6 - RETIREMENT PLANS (Continued)**

**Deferred Retirement Option Plan (DROP): (Continued)**

Upon termination, the member receives a lump-sum payment from the DROP fund equal to the payments made to that fund on his behalf or a true annuity based in his account (subject to approval by the Board of Trustees). The monthly benefit payments that were being paid into the DROP fund are paid to the retiree and an additional benefit based on his additional service rendered since termination of DROP participation is calculated using the normal method of benefit computation. Prior to January 1, 2011, the average compensation used to calculate the additional benefit is that used to calculate the original benefit unless his period of additional service is at least 36 months. Effective January 1, 2011, the average compensation for members whose additional service is less than 36 months is equal to the lesser amount used to calculate his original benefit or the compensation earned in the period of additional service divided by the number of months of additional service. For former DROP participants who retire after December 30, 2010, the period used to determine final average compensation for post-DROP service is 36 months plus the number of whole months elapsed from January 1, 2011 to the date of DROP entry. In no event can the entire monthly benefit amount paid to the retiree exceed 100% of the average compensation used to compute the additional benefit. If a participant dies during the period of participation in the program, a lump sum payment equal to his account balance is paid to his named beneficiary or, if none, to his estate.

**Cost-of-Living Adjustments (COLAs):**

The Board of Trustees is authorized to grant retired members and widows of members who have been retired for at least one full calendar year an annual cost of 2.5% of their benefit (not to exceed \$40 per month), and all retired members and widows who are 65 years of age or older a 2% increase in their original benefit (or their benefit as of October 1, 1977, if they retired prior to that time). In order to grant the 2.5% COLA, the increase in the consumer price index must have exceeded 3% since the last COLA granted. In order for the Board to grant either of these increases, the Fund must meet certain other criteria as detailed in the Louisiana statute relating to funding status. In lieu of granting the above cost of living increases, Louisiana statutes allow the Board to grant a cost-of-living increase where the benefits shall be calculated using the number of years of service at retirement or at death plus the number of years since retirement or death multiplied by the cost of living amount which cannot exceed \$1.

**Note 6 - RETIREMENT PLANS (Continued)**

**Disability Benefits**

Disability benefits are awarded to active members who are totally and permanently disabled as a result of injuries sustained in the line of duty or to active members with 10 or more years of credible service who are totally disabled due to any cause. A member who is officially certified as totally or permanently disabled by the State Medical Disability Board will be paid monthly disability retirement benefits equal to the greater of 40% of their monthly average compensation or 75% of their monthly regular retirement benefit computes as per R.S. 11:1521 (C).

**Survivor Benefits**

Upon the death of any active contributing member with less than five years of credited service, his/her accumulated contributions are paid to his/her designated beneficiary. Upon the death of any active contributing member with five or more years of credited service, automatic option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with option factors used as if the member had continued in service to earliest retirement age. Benefit payments are to commence on the date a member would have first become eligible for normal retirement assuming continued service until that time. In lieu of a deferred survivor benefit, the surviving spouse may elect benefits payable immediately with benefits reduced  $\frac{1}{4}$  of 1% for each month by which payments commence in advance of member's earliest normal retirement age. If a member has no surviving spouse, the surviving minor children under 18 or disabled children shall be paid  $\frac{1}{2}$  of the member's accrued retirement benefit in equal shares. Upon the death of any former member with less than 12 years of service, the designated beneficiary may receive his/her accumulated contributions. Upon the death of any former member with 12 or more years of service, automatic option 2 benefits are payable to the surviving spouse with payments to commence on the member's retirement eligibility date. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

*Contributions.* According to state statute, contributions for all employers are actuarially determined each year. For the year ended June 30, 2022, the actuarially determined employer contribution rate was 22.25% of member's compensation.

According to state statute, the Fund also receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Contributions to the Fund from the Clerk of Court were \$223,919 for the year ended June 30, 2023.

**Note 6 - RETIREMENT PLANS (Continued)**

*Pension Liabilities.* As of June 30, 2023, the Clerk of Court reported a liability of \$2,382,562 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2022 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Clerk of Court's proportion of the Net Pension Liability was based on a projection of the Clerk of Court's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. As of June 30, 2022, the Clerk of Court's proportion was .983001%, which was an increase of .00227% from its proportion measured as of June 30, 2021.

*Pension Expense.* For the year ended June 30, 2023, the Clerk of Court recognized pension expense of \$82,565.

*Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.* As of June 30, 2023, the Clerk of Court reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 22,590	\$ (21,657)
Change of assumptions	174,840	-
Net difference between projected and actual earnings on pension plan investments	509,738	-
Changes in proportion and differences between Clerk of Court contributions and proportionate share of contribution	2,934	(27,589)
Clerk of Court contributions subsequent to the measurement date	<u>223,919</u>	<u>-</u>
	<u>\$ 934,021</u>	<u>\$ (49,246)</u>

The Clerk of Court reported \$223,919 as deferred outflows of resources related to pensions resulting from Clerk of Court contributions subsequent to the measurement date and will be recognized as a reduction of the Net Pension Liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Note 6 - RETIREMENT PLANS (Continued)**

Year Ending June 30,	Amount
2024	\$ 206,856
2025	169,430
2026	37,353
2027	247,217
Total	\$ 660,856

*Actuarial Assumptions.* A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2022 are as follows:

<b>Valuation Date</b>	June 30, 2022
<b>Actuarial Cost Method</b>	Entry Age Normal
<b>Actuarial Assumptions:</b>	
<b>Investment Rate of Return</b>	6.55%
<b>Inflation Rate</b>	2.40%
<b>Salary Increases</b>	1 - 5 years of service - 6.2% 5 years or more - 5%
<b>Mortality Rates - Active Members</b>	Pub-2010 Public Retirement Plans multiplied by 120%. Mortality Table with full generational projection using the appropriate MP-2019 improvement scale.
<b>Mortality Rate - Annuitant and Beneficiary</b>	Pub-2010 Public Retirement Plans multiplied by 120%. Mortality Table with full generational projection using the appropriate MP-2019 improvement scale.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long term expected rate of return was 6.02% as of June 30, 2022. Best estimates of geometric real rates of return for each major asset class included in the Fund's target asset allocation as of June 30, 2022 are summarized in the following table:

**Note 6 - RETIREMENT PLANS (Continued)**

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed income	25.00%	6.00%
Domestic equity	38.00%	7.50%
International equity	22.00%	8.50%
Real estate	15.00%	4.50%
	100.00%	

*Discount Rate.* The discount rate used to measure the collective pension liability was 6.55%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contribution from participating employers and non-employer contributing entities will be made at the actuarially determined rates approved by the Public Retirement System's Actuarial Committee taking into consideration the recommendation of the Fund's actuary. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Clerk of Court's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate.* The following presents the Clerk of Court's proportionate share of the Collective Net Pension Liability using the discount rate of 6.55%, as well as what the Clerk of Court's proportionate share of the Net Pension Liability would be if it were calculated using a discount rate that is one percentage-point lower (5.55%) or one percentage-point higher (7.55%) than the current rate:

	1.0% Decrease (5.55%)	Current Discount Rate (6.55%)	1.0% Increase (7.55%)
Clerk of Court's proportionate share of the net pension liability	\$3,400,784	\$2,382,562	\$1,524,700

*Pension Plan Fiduciary Net Position.* The Louisiana Clerk of Court Retirement and Relief Fund issued a stand-alone audit report on their financial statements for the year ended June 30, 2022. Access to the audit report can be found on the Louisiana Legislative Auditor's website, [www.la.la.gov](http://www.la.la.gov).

**SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS**

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Randy Nunez,  
St. Bernard Parish Clerk of Court,  
Chalmette, Louisiana.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major funds of the St. Bernard Parish Clerk of Court (the “Clerk of Court”) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Clerk of Court’s basic financial statements and have issued our report thereon dated October 25, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Clerk of Court’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk of Court’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk of Court’s internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Clerk of Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2023-001.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clerk of Court's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk of Court's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.
