Independent Auditors' Report

Honorable President and Council of the Consolidated Waterworks District No. 13 of West Feliciana Parish St. Francisville, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the Consolidated Waterworks District No. 13 of West Feliciana Parish (the District), a component unit of the West Feliciana Parish Government, as of and for the year ended June 30, 2021, and the related notes to financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District, as of June 30, 2021, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of Changes in Total OPEB Liability and Related Ratios, the Schedule of the District's Proportionate Share of the Net Pension Liability for the Retirement Systems, and the Schedule of the District's Contributions to the Retirement System and the related notes, presented on pages 4 through 7, page 31, page 32, and pages 33 through 34, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The Schedule of West Feliciana Parish Government Council Members, the Schedule of Compensation, Benefits, and Other Payments to the Parish President, the Schedule of Insurance in Force (Unaudited), and the Schedule of Information Required by Rural Development (Unaudited) on page 35, page 36, page 37, and 38, respectively, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of West Feliciana Parish Government Council Members and the Schedule of Compensation, Benefits, and Other Payments to the Parish President are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, The Schedule of West Feliciana Parish Government Council Members and the Schedule of Compensation, Benefits, and Other Payments to the Parish President are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

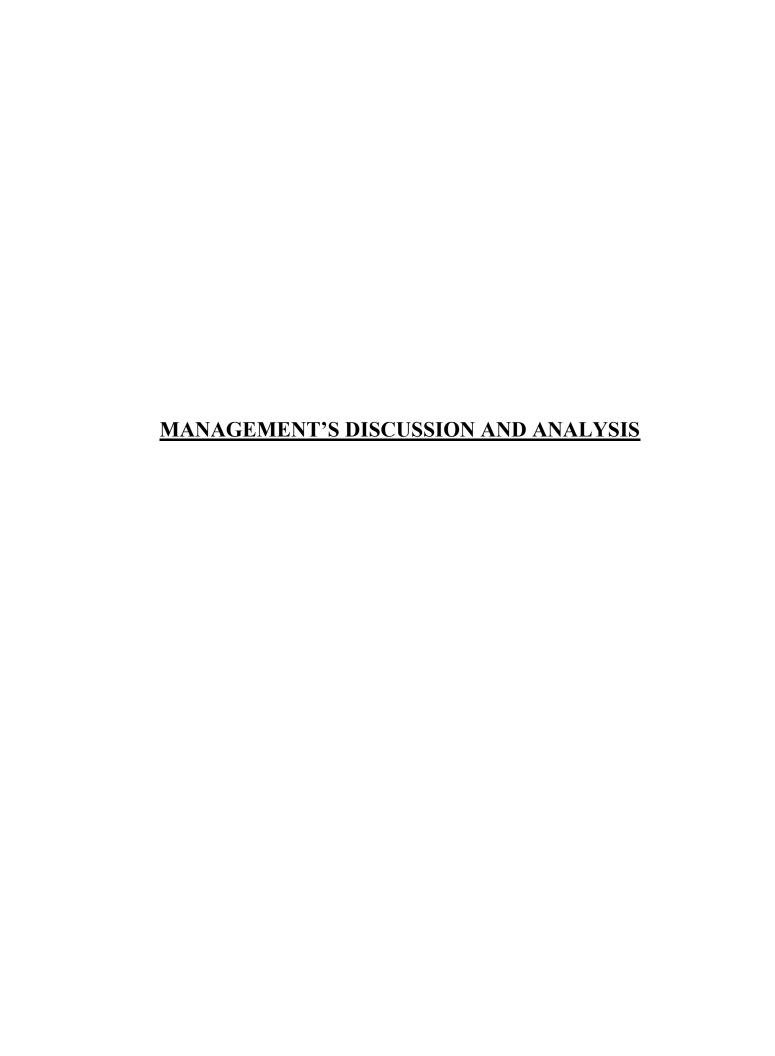

The Schedule of Insurance in Force and the Schedule of Information Required by Rural Development are presented for additional analysis and are not a required part of the basic financial statements. That information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2021

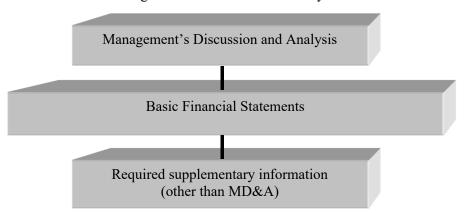

The Management's Discussion and Analysis of the District's financial performance presents a narrative overview and analysis of the District's financial activities for the year ended June 30, 2021. This document focuses on the current activities of each period, resulting changes, and known facts. Please read this document in conjunction with the District's financial statements.

FINANCIAL HIGHLIGHTS

- Assets and deferred outflows of the District's exceeded its liabilities and deferred inflows at the close of the year by \$4,515,079 (net position). Of this amount, \$2,375,341 (unrestricted net position) may be used without restrictions to meet the District's ongoing obligations.
- The District's net position had an increase of \$595,845 during the year ended June 30, 2021.

OVERVIEW OF THE FINANCIAL STATEMENTS

The following graphic illustrates the minimum requirements for Consolidated Waterworks District No. 13 of West Feliciana Parish as established by Governmental Accounting Standards Board Statement 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments.

These financial statements consist of three sections - Management's Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements), and required supplementary information.

Basic Financial Statements

This report consists of the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position which provides information about the activities of the District as a whole and present a longer-term view of the District's finances. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current period's revenues and expenses are taken into account regardless of when cash is received or paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2021

Basic Financial Statements (continued)

The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position report the District's net position and changes in them. You can think of the District's net position, the difference between assets and liabilities of resources as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating.

FINANCIAL ANALYSIS OF THE ENTITY

Condensed Statements of Net Position As of June 30, 2021 and June 30, 2020

Current and other assets Capital assets, net Total Assets	2021 \$ 3,211,635 3,498,185 6,709,820	2020 \$ 2,437,242 3,658,249 6,095,491
Deferred outflows of resources – Post-employment related Pension Related Total Deferred outflows of resources	8,125 54,722 62,847	7,703 50,085 57,788
Current and other liabilities Long-term liabilities Total Liabilities	427,650 1,643,446 2,071,096	364,233 1,743,157 2,107,390
Deferred inflows of resources – Post-employment related Pension Related Total Deferred inflows of resources	17,458 169,034 186,492	19,884
Net position Net investment in capital assets Restricted for debt service Unrestricted Total Net Position	1,814,319 325,419 2,375,341 \$ 4,515,079	1,887,956 325,092 1,706,186 \$ 3,919,234

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2021

Condensed Statement of Revenues, Expenses, and Changes in Fund Net Position For the Years Ended June 30, 2021 and June 30, 2020

Operating Revenue	2021 \$ 2,113,468	2020 \$ 2,054,221
Operating Expenses Operating income/(loss)	<u>1,699,539</u> 413,929	2,084,375 (30,154)
Non-operating revenues/(expenses) Change in net position	<u>181,916</u> 595,845	135,190 105,036

The District's total operating revenues increased by \$59,247 or 3% as there was an increase in water usage in 2021 over the 2020 period. Expenses have decreased as a result of fewer employees and lower costs overall during 2021.

CAPITAL ASSET AND LONG-TERM DEBT

Capital Assets

At the end of year 2021, the District had \$3,498,185, net of depreciation, invested in a broad range of capital assets (see table below). This amount represents a decrease of \$160,064 or 4% from the previous period. This decrease is predominantly a result of the continued depreciation on assets, which reduces the carrying value.

Capital Assets at Period End (Net of Depreciation)

	2021	2020
Utility systems	\$ 3,384,418	\$ 3,578,188
Equipment	70,563	20,110
Vehicles	43,204	59,951
Total	\$ 3,498,185	\$ 3,658,249

Long-term Debt

At the end of 2021, the District had \$1,725,717 in long-term debt compared to \$1,823,384 at the previous period end, see table below. This amount represents a decrease (comprised of predominantly bonds and notes principal payments) of \$97,667 from the previous year end.

Long-term Debt at Period End

	2021	2020
Bonds payable	\$ 1,627,070	\$ 1,694,565
Notes payable	56,796	75,728
Compensated absences	41,851	53,091
m . 1	ф. 1. 3 2.5. 3 1.5.	Ф 1 022 204
Total	<u>\$ 1,725,717</u>	<u>\$ 1,823,384</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS <u>JUNE 30, 2021</u>

ECONOMIC FACTORS AND NEXT YEAR'S RATES AND FEES

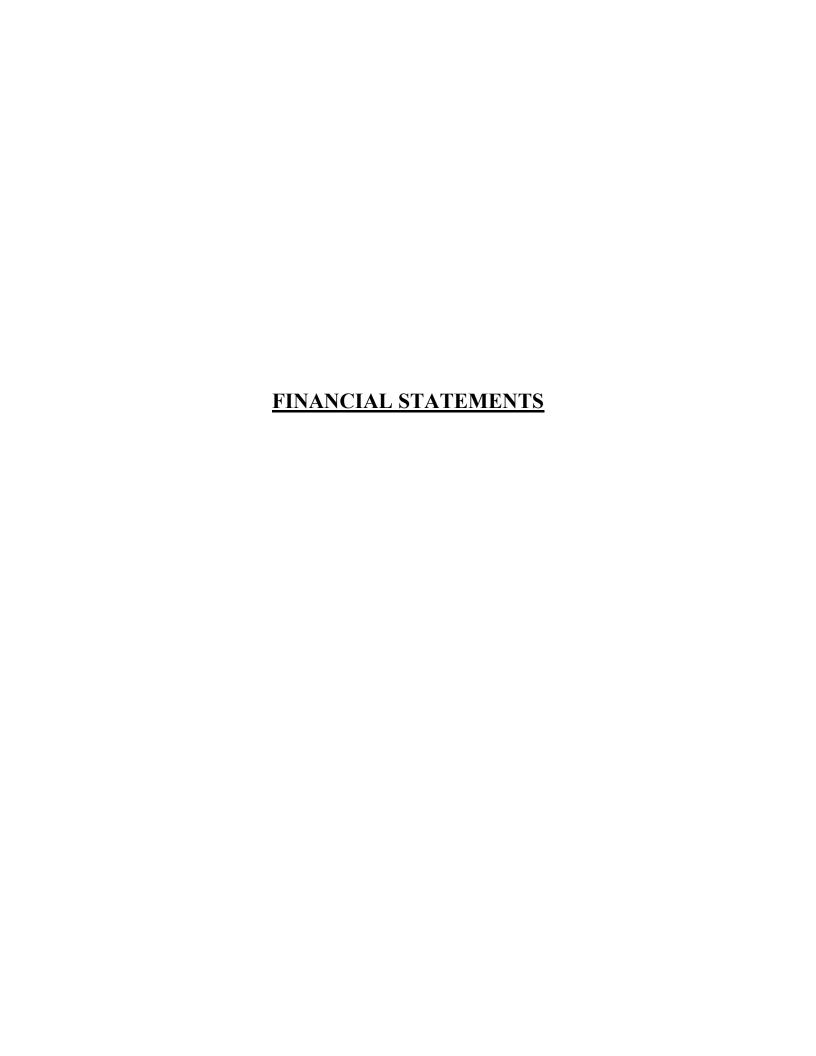

The Consolidated Waterworks District No. 13 of West Feliciana Parish considered the following factors and indicators when setting next year's rates, and fees. These factors and indicators include:

- 1) Long-term debt requirements
- 2) Cost of operations
- 3) Number of customers
- 4) Intergovernmental revenues (state and local grants)

The District does not expect any significant changes in next year's budget results as compared to the current year.

CONTACTING THE CONSOLIDATED WATERWORKS DISTRICT NO. 13 OF WEST FELICIANA PARISH'S MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the Consolidated Waterworks District No. 13 of West Feliciana Parish's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Danyell Vice, Finance Director, P.O. Box 1921, St. Francisville, Louisiana 70775 or 225-635-3864.

NOTES TO THE FINANCIAL STATEMENTS

INTRODUCTION

The Consolidated Waterworks District No. 13 of West Feliciana Parish (hereinafter referred to as the District), located in St. Francisville, Louisiana, was created by the West Feliciana Parish Government as allowed under Louisiana Revised Statute Section 33:7702. The West Feliciana Parish Government's Council acts as the board of governance for the District. There are currently five council members serving four year terms and they are not compensated for their services to the District.

The District accounts for the operations and provisions of water services to the residents and businesses within the boundaries of the District as described in Louisiana Revised Statute Section 33:3381 et seq. The number of customers at June 30, 2021 totaled approximately 3,900.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This Codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles. The District is considered a component unit of West Feliciana Parish Government. The accompanying financial statements of the District present information only as to the transactions of the programs of the District as authorized by Louisiana statutes and administrative regulations. These financial statements do not include the transactions or activities of the West Feliciana Parish Government. The District's financial statements follow the guidance mentioned in GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 1989 FASB and AICPA Pronouncements.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The District accounts for its activities in an enterprise fund. An enterprise fund is accounted for on an economic resources measurement focus. The fund is maintained on the accrual basis of accounting wherein revenues are recognized in the accounting period in which they are earned and become measurable, and expenses are recognized in the accounting period incurred, if measurable. Revenue resulting from exchange transactions in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place.

The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from services provided in connection with the District's principal operations. Operating expenses include the cost of services, administrative expenses and depreciation of capital assets. Revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTES TO THE FINANCIAL STATEMENTS

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

Cash and Cash Equivalents

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Accounts Receivable

Receivables are recognized based on the monthly amounts billed for water consumption of District customers. The allowance for uncollectible accounts is based on management's estimate of the collectability of the receivables based on current economic conditions, experience, and other relevant factors. Accounts receivable are recorded net of an allowance of uncollectable accounts of \$58,150 at June 30, 2021.

The District had no recorded bad debts for the year ended June 30, 2021.

The District requires a customer deposit upon initial account opening for use of the District-owned water meter at each residence or business. The District must hold the deposit until the customer's account is closed and at that time the deposit is returned to the customer.

Due From/To Other Governments

The activities between governments that are representative of lending/borrowing arrangements that are outstanding at the end of the period.

Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the statement of net position.

Restricted Assets

Based upon certain bond covenants, the District is required to establish and maintain prescribed amounts of resources (consisting of investments) in special funds that can be used only to service outstanding debt. These assets are classified as restricted assets on the statement of net position because their use is limited. Also included in restricted assets are customer deposits that were paid during the initial account opening.

Capital Assets

Capital assets are carried at historical costs. Depreciation of exhaustible capital assets used by the District is charged as an expense against operations in the Statement of Revenues, Expenses, and Changes in Net Position. Capital assets net of accumulated depreciation are reported on the Statement of Net Position. Depreciation is computed using the straight line method over the estimated useful life of the assets, generally 10 to 40 years for buildings and building improvements and 5 to 10 years for moveable property. Expenditures for maintenance, repairs and minor renewals are charged to earnings as incurred. Major expenditures for renewals and betterments are capitalized. The District maintains a threshold level of \$5,000 or more for capitalizing capital assets.

NOTES TO THE FINANCIAL STATEMENTS

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

Compensated Absences

The District allows annual leave to regular full-time employees based on length of service. No leave is earned, however, while on suspension or leave without pay status. Annual leave may be carried over to the next calendar year. There is no limit on the amount of annual leave an employee may accumulate during the term of his/her employment, but it is with an understanding that only a maximum of 240 hours will be paid to the employees upon retirement or separation. Employees are not paid for their unused annual leave at year-end, but are paid for accumulated, unused leave upon termination.

The District's regular full-time employees earn a certain amount of sick leave each year, depending upon the length and their employment status. Sick leave can be accumulated without limitation. Upon separation of employment, excluding retirement, no sick leave shall be paid to employees. The balance of the sick leave shall be kept on the schedule for a period of five years and reinstated if the employee is rehired.

The District's regular full-time employees may accrue compensatory time in lieu of overtime payment. Compensatory time may be carried over to the next calendar year. There is no limit on the amount of compensatory time an employee may accumulate during the term of his/her employment, but it is the District's practice that only a maximum of 40 hours will be paid to employees upon retirement or separation.

Pension Plans

The Consolidated Waterworks District No. 13 of West Feliciana Parish (the District) is a participating employer in a defined benefit pension plan as described in Note 8. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

Net Position

Net position represents the difference between assets plus deferred outflows of resources, less liabilities, less deferred inflows of resources. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any debt proceeds used for the acquisition, construction, or improvements of those assets.

The *restricted* component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those restricted assets. The restricted component of net position is used when there are limitations imposed on their use of an asset by external parties such as creditors, grantors, laws or regulations of other governments.

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Position (continued)

The *unrestricted* component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

When both restricted and unrestricted resources are available for use for a particular project or purpose, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Deferred Outflows/Inflows of Resources

The statement of financial position will often report a separate section for deferred outflows and (or) deferred inflows of financial resources. *Deferred outflows* of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. *Deferred inflows* of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Long-Term Debt

Long-term debt and other long-term obligation are reported as liabilities. Bond issuance costs, excluding any prepaid bond insurance, are reported as expense in the year of debt issuance. Bond debt premiums, discounts, and gains (losses) on refundings are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable is reported net of the applicable bond premium discount. Gains (losses) on refundings are reported as deferred outflows/inflows of resources.

Investments

The District maintains investment accounts as authorized by the Louisiana Revised Statutes. Under state law, the District may invest in obligations of the U.S. Treasury and U.S. Agencies, or certificates of deposit. Investments are carried at fair market value as of the balance sheet date.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Newly Adopted Accounting Standard

The District adopted Governmental Accounting Standards Board (GASB) Statement No. 84, Fiduciary Activities, during the current year. This Statement established criteria and designations for reporting fiduciary activities in the financial statement of state and local governments. The requirements of this Statement apply to the financial statements of all state and local governments and is applicable for reporting periods beginning after December 15, 2019. In addition, the District adopted paragraphs 4 and 5 of GASB Statement No. 97 Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. The paragraphs adopted are amendments to GASB 84 and reverses the criteria in GASB 84 to include certain defined contribution retirement plans without a board in the financial statements of state and local governments. The adoption of these standards did not have a significant impact on the District's financial statements for the year ended June 30, 2021.

2. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

Deposits with Financial Institutions

Cash and cash equivalents include demand deposits at local financial institutions with a carrying value of \$608,751 at June 30, 2021. Deposits in financial institutions can be exposed to custodial credit risk. Custodial credit risk is the risk that in the event of a financial institution failure, the District's deposits may not be returned to them. To mitigate this risk, state law requires deposits to be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent financial institution. As of June 30, 2021 the District's bank balances of these deposits totaled \$421,856 which was covered partially by federal depository insurance of \$250,000. Any remaining balances the District may have during the year are required to be protected against custodial credit risk by collateral held by the pledging banks' trust department or agent in the District's name. The District does not maintain a separate custodial credit risk policy. The District was not exposed to custodial risk at June 30, 2021.

Investments

As of June 30, 2021, the District had the following investments:

Investment Type Fair Value

Investments measured at the net asset value (NAV)

External investment pool \$ 1,957,158

NOTES TO THE FINANCIAL STATEMENTS

2. <u>DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS</u> (continued)

<u>Investments</u> (continued)

The \$1,957,158 in investments is invested in LAMP. LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA-R.S. 33.2955.

- Credit risk: LAMP is rated AAAm by Standard & Poor's.
- <u>Interest rate risk</u>: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 60 days and consists of no securities with a maturity in excess of 397 days.
- <u>Concentration of credit risk</u>: The District does not have a limit on the amount the District may invest in one issuer. One hundred percent of the District's investments are in LAMP funds.
- <u>Foreign currency risk:</u> Not applicable. LAMP complies with the provisions of Louisiana Law concerning permissible investments for municipalities, parishes and other political subdivisions set for in La R.S. 33:2955 and the investment policy does not provide for investment in foreign obligations.

The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and board of directors. LAMP is not registered with the SEC as an investment company.

An annual audit of LAMP is conducted by an independent certified public accountant. The Legislative Auditor of the State of Louisiana has full access to the records of LAMP.

LAMP issues financial reports which can be obtained by writing: LAMP, Inc., 650 Poydras Street, Suite 2220, New Orleans, LA 70130.

3. RESTRICTED ASSETS

At June 30, 2021, the District had the following restricted assets:

Investments for debt service	\$ 325,419
Cash for customer deposits	 177,143
•	\$ 502,562

NOTES TO THE FINANCIAL STATEMENTS

4. ACCOUNTS RECEIVABLE

The following is a summary of accounts receivable at June 30, 2021:

Charges for services	\$	128,834
Other receivables		1,413
Allowance for uncollectable accounts	(58,150)
Total	\$	72,097

5. CAPITAL ASSETS

The following is a summary of the changes in capital assets for the District for the year ended June 30, 2021:

	Beginning Balance	Ir	ncreases	De	creases	 Ending Balance
Utility Systems Equipment Vehicle	\$ 10,399,025 395,431 237,372 11,031,828	\$	69,753 73,449 17,469 160,671	\$	- - - -	\$ 10,468,778 468,880 254,841 11,192,499

	\$ 1,823,384	\$ -	(\$ 97,667)	\$ 1,725,717	\$ 95,244

b. Bonds and Notes Payable

Water Revenue Bonds, Series 1997

For the purpose of improving and extending the waterworks system, the District issued \$2,600,000 in water revenue bonds during the year ended December 31, 1997.

These bonds were offered for public sale that are subject to the following:

- Events of default with finance-related consequences These bonds would be in default for failure of payment of principal and interest when due, failure to comply with the provisions of the resolution, or shall default in any covenant for a period of 30 days after written notice thereof.
- Subjective acceleration clauses The Government may prepay the whole or any part of the principal amount of any installment on any Bond at any time.

Utility Relocation Agreement, No. 09069

Based on an agreement with the Louisiana Department of Transportation and Development executed on March 9, 1999, and pursuant to the provisions of La RS 48:381 (C), the District owed \$98,097 for its share of line relocation costs on the Bains Project. The total project cost \$356,456 which was paid by the La DOTD, but the District was responsible for 27.52% of it. An agreement was made with the La DOTD to repay 10% per year beginning with the fiscal year ending June 30, 2015. With installments of \$9,810 paid annually, this loan will be fully paid during the fiscal year ending June 30, 2024. The balance at June 30, 2021, was \$29,428.

Utility Relocation Agreement, No. 08947

Based on an agreement with the Louisiana Department of Transportation and Development executed on March 19, 2007, and pursuant to the provisions of La RS 48:381 (C), the District owed \$91,228 for its share of line relocation costs on the Thompson Creek Project. The total project costs \$656,786 which was paid by the La DOTD, but the District was responsible for 13.89% of it. An agreement was made with the La DOTD to repay 10% per year beginning with the fiscal year ending June 30, 2015. With installments of \$9,123 paid annually, this loan will be fully paid during the fiscal year ending June 30, 2024. The balance at June 30, 2021, was \$27,368.

NOTES TO THE FINANCIAL STATEMENTS

7. LONG-TERM DEBT

b. Bonds and Notes Payable

Bonds and Notes outstanding were as follows at June 30, 2021:

	Date of	Original/Notional			Ending

-		\$	2,789,325	\$	1,683,866

Principal and interest payments for bonds and notes payable are due as follows:

Year Ending June 30,	Principal	Interest	Total
June 30,	 Timeipai	 Interest	 1 Otal
2022	\$ 90,244	\$ 79,385	\$ 169,629
2023	93,892	75,737	169,629
2024	97,723	71,901	169,624
2025	82,826	67,870	150,696
2026	87,063	63,633	150,696
2027 - 2031	506,869	246,611	753,480
2032 - 2036	650,493	102,987	753,480
Thereafter	 74,756	 2,075	76,831
	\$ 1,683,866	\$ 710,199	\$ 2,394,065

The District did not have any Direct Borrowings/Placements at June 30, 2021.

8. PENSION PLAN

The Consolidated Waterworks District No. 13 of West Feliciana Parish (the District) is a participating employer in one cost-sharing defined benefit pension plan. This plan is administered by a public employee retirement system, the Parochial Employees' Retirement System of Louisiana- Plan B (PERS or System). Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of this plan to the State Legislature. The system is administered by a separate board of trustees and is a component unit of the State of Louisiana.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the system. This report may be obtained by writing, calling or downloading the report as follows:

Parochial Employees' Retirement System of Louisiana 7905 Wrenwood Blvd. Baton Rouge, Louisiana 70809 (225) 928-1361 www.persla.org

NOTES TO THE FINANCIAL STATEMENTS

8. PENSION PLAN (continued)

The District implemented Government Accounting Standards Board (GASB) Statement 68 on Accounting and Financial Reporting for Pensions and Statement 71 on Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB 68. These standards require the District to record its proportional share of the pension plan Net Pension Liability (Asset) and report the following disclosures:

Plan Descriptions:

Parochial Employees' Retirement System of Louisiana (PERS)

Parochial Employees' Retirement System of Louisiana is the administrator of a cost sharing multiple employer defined benefit pension plan. The System was established and provided for by R.S.11:1901 of the Louisiana Revised Statute (LRS). The System provides retirement benefits to employees of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system and which elects to become members of the system. The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to these appropriate statutes for more complete information.

Eligibility Requirements:

All permanent parish government employees (except those employed by Orleans, Lafourche and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join the System.

Retirement Benefits:

Any member of Plan B can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

- 1. Age 55 with 30 years of creditable service.
- 2. Age 60 with a minimum of ten (10) years of creditable service.
- 3. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

- 1. Age 55 with 30 years of service.
- 2. Age 62 with 10 years of service.
- 3. Age 67 with 7 years of service.

NOTES TO THE FINANCIAL STATEMENTS

8. PENSION PLAN (continued)

Plan Descriptions: (continued)

Generally, the monthly amount of the retirement allowance for any member of Plan B shall consist of an amount equal to two percent of the members' final average compensation multiplied by his years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

Survivor Benefits:

Plan B members need ten (10) years of service credit to be eligible for survivor benefits. Upon the death of any member of Plan B with twenty (20) or more years of creditable service who is not eligible for normal retirement, the plan provides for an automatic Option 2 benefit for the surviving spouse when he/she reaches age 50 and until remarriage, if the remarriage occurs before age 55.

A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

Deferred Retirement Option Plan:

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement.

In lieu of terminating employment and accepting a service retirement, any member of Plan A or B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account.

Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

NOTES TO THE FINANCIAL STATEMENTS

8. <u>PENSION PLAN</u> (continued)

Disability Benefits:

For Plan B, a member shall be eligible to retire and receive a disability benefit if he/she was hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement, and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan B shall be paid a disability benefit equal to the lesser of an amount equal to two percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or an amount equal to what the member's normal benefit would be based on the member's current final compensation but assuming the member remained in continuous service until his earliest normal retirement age.

Funding Policy

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee (PRSAC).

Contributions to the plan is required and determined by State statute (which may be amended) and are expressed as a percentage of covered payroll. The contribution rates in effect for the year ended June 30, 2021, for the District and covered employees were as follows:

	District	Employees
Parochial Employees' Retirement System of		
Louisiana:		
Plan B	7.50%	3.00%

The contributions made to the Systems for the past three fiscal years, which equaled the required contributions for each of these years, were as follows:

	June 30,		
	2021	2020	2019
Parochial Employees' Retirement System of Louisiana:	A 01.070	4. 27 (24	
Plan B	\$ 31,070	\$ 37,684	\$ 41,577

NOTES TO THE FINANCIAL STATEMENTS

8. <u>PENSION PLAN</u> (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The following schedule lists the District's proportionate share of the Net Pension Liability (Asset) allocated by each of the pension plans based on the December 31, 2020 measurement date. The District uses this measurement to record its Net Pension Liability and associated amounts as of June 30, 2021 in accordance with GASB Statement 68. The schedule also includes the proportionate share allocation rate used at December 31, 2020 along with the change compared to the December 31, 2019 rate. The District's proportion of the Net Pension Liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

	\$	(136,281)			

NOTES TO THE FINANCIAL STATEMENTS

8. <u>PENSION PLAN</u> (continued)

Actuarial Assumptions

A summary of the actuarial methods and assumptions used in determining the total pension liability (asset) for the pension plan is as follows:

Valuation Date December 31, 2020

Actuarial Cost Method Entry Age Normal

Actuarial Assumptions:

Expected Remaining

Service Lives 4 years

Investment Rate

of Return

6.40% net of investment expenses

Inflation Rate 2.30% per annum

Mortality Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied

by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2018 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for

females using MP2018 scale for disabled annuitants.

Salary Increases 4.25%

Cost of Living Adjustments

The present value of future retirement benefits is based on benefits currently being

paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increase not yet

authorized by the Board of Trustees.

Method used in determining long-term rate of return on pension plan assets The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.00% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.00% for the year ended December 31, 2020.

NOTES TO THE FINANCIAL STATEMENTS

8. <u>PENSION PLAN</u> (continued)

The following table provides a summary of the best estimates of arithmetic/geometric real rates of return for each major asset class included in the Retirement System's target asset allocations as of December 31, 2019:

		Long-Term
	Target	Expected Real
	Allocation	Rate of Return
Asset Class	PERS	PERS
Equities	51.0%	3.36%
Fixed income	33.0%	0.86%
Alternatives	14.0%	0.67%
Real assets	2.0%	0.11%
Total	100.0%	5.00%
Inflation		2.00%
Expected Arithmetic		
Nominal Return		7.00%

Discount Rate

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset). The discount rate used to measure the total pension liability for PERS was 6.40%, for the year ended June 30, 2021.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following table presents the District's proportionate share of the Net Pension Liability (Asset) using the discount rate of the Retirement System as well as what the District's proportionate share of the Net Pension Liability (Asset) would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate used by the Retirement System:

	Current 1.0% Decrease Discount Rate					1.0% Increase	
PERS B Rates		5.40%		6.40%		7.40%	
District's Share of NP Liability (Asset)	\$	128,547	\$	(137,504)	\$	(359,824)	

Payables to the Pension Plan

There was \$9,412 in payables due the retirement system at June 30, 2021.

NOTES TO THE FINANCIAL STATEMENTS

9. RISK MANAGEMENT

Litigation and General Liability

The District is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has purchased various insurance policies to cover such risks.

The District is a defendant in various lawsuits. Management and legal counsel for the District believe that potential claims against the District not covered by insurance would not materially affect the District's financial position.

10. OTHER POST EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan description – The District provides certain continuing health care and life insurance benefits for its retired employees. The District's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the District. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the District as provided by Louisiana Revised Statute Title 17 Sections 1221 through 1224. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Codification Section P52 Postemployment Benefits Other Than Pensions—Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria—Defined Benefit.

Benefits Provided – Medical benefits are provided through a comprehensive medical plan and are made available to employees upon actual retirement. Most employees are covered by the Parochial Employees' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service. For employees hired on and after January 1, 2008, retirement eligibility (D.R.O.P. entry) provisions are as follows: age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service.

Employees covered by benefit terms – At June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	-
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	10
	10

The District's total OPEB liability of \$12,973 was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

NOTES TO THE FINANCIAL STATEMENTS

10. OTHER POST EMPLOYMENT BENEFITS (continued)

Actuarial Assumptions and other inputs – The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.0%

Salary increases 3.0%, including inflation

Prior discount rate 2.21% annually Discount rate 2.16% annually

Healthcare cost trend rates 5.5% annually until year 2030, then 4.5%

Mortality SOA RP-2014 Table

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of June 30, 2021, the end of the applicable measurement period.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2009 to June 30, 2021.

Changes in the Total OPEB Liability

Balance at June 30, 2020	\$ 11,546
Changes for the year:	_
Service cost	250
Interest	258
Differences between expected and actual experience	850
Changes in assumptions	69
Benefit payments and net transfers	-
Net changes	1,427
Balance at June 30, 2021	\$ 12,973

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16%) or 1-percentage-point higher (3.16%) than the current discount rate:

	1.00% Decrease	Current Discount	1.00% Increase
	(1.16%)	Rate (2.16%)	(3.16%)
Total OPEB liability	\$ 14,556	\$ 12,973	\$ 11,602

NOTES TO THE FINANCIAL STATEMENTS

10. OTHER POST EMPLOYMENT BENEFITS (continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates – The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (4.50%) or 1-percentage-point higher (6.50%) than the current healthcare trend rates:

	1.00% Decrease	Health Cost Trend	1.00% Increase		
		Rate			
	(4.50%)	(5.50%)	(6.50%)		
Total OPEB liability	\$ 11,523	\$ 12,973	\$ 14,663		

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the District recognized OPEB expense of (\$1,419). At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience Changes in assumptions	\$	6,905 1,220	\$	(2,765) (14,693)
Total	\$	8,125	\$	(17,458)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years ending June 30:	
2022	\$ 1,930
2023	1,930
2024	1,930
2025	1,930
2026	1,930
Thereafter	 (317)
	\$ 9,333

11. <u>LEASES</u>

The District paid \$8,400 to West Feliciana Parish Government for office space during the fiscal period on a month-to-month basis at a rate of \$700 per month.

NOTES TO THE FINANCIAL STATEMENTS

12. CONTINGENCIES

The District participates in federal and state assisted grant programs. These programs are subject to state and federal monitoring examinations which could result in disallowed costs having to be returned to the granting agency. Management believes that further examinations would not result in material disallowed costs.

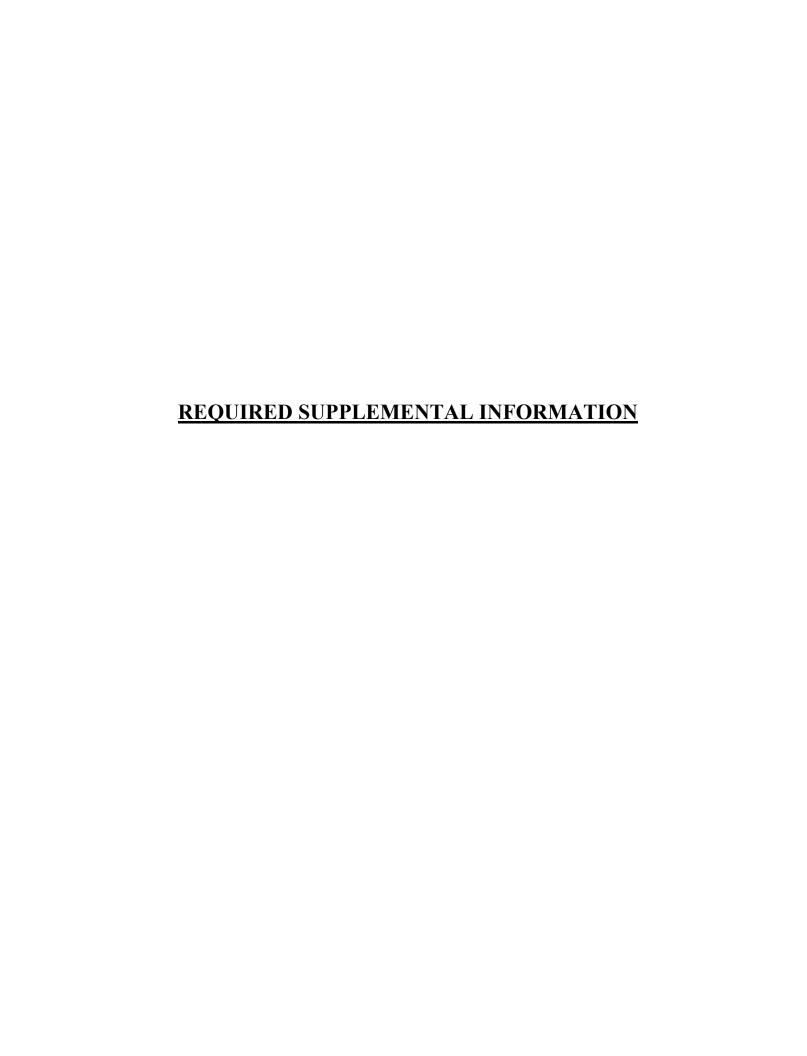

In March, 2020, the World Health Organization declared the coronavirus (COVID-19) a global pandemic. The spread of the virus has adversely affected global business activities and has resulted in significant uncertainty in the global economy. The impact of the COVID-19 continues to evolve and has been marked by rapid changes and developments. The impact of the outbreak may be short-term or may last for an extended period of time. The extent to which the COVID-19 pandemic may directly or indirectly impact the District's financial condition or results of operations cannot be reasonably estimated at this time.

12. CURRENT ACCOUNTING STANDARDS SCHEDULED TO BE IMPLEMENTED

Following is a summary of accounting standards adopted by the Governmental Accounting Standards Board (GASB) that are scheduled to be implemented in the future that may affect the District's financial report:

GASB Statement 87, Leases. This standard will require all leases to be reported on the statement of net position under a single accounting model for both lessors and lessees. The statement will require the recognition of lease assets or liabilities for leases previously reported as operating leases. Both operating and capital leases will be reported under this single accounting method and reported by lessees as an intangible right to use asset and by lessors as a receivable with both reporting a deferred inflow of resources. The standard is effective for annual reporting periods beginning after June 15, 2021. The District will include the requirements of this standard, as applicable, in its June 30, 2022 financial statement. All of the District lease agreements will need to be evaluated to determine the impact of implementing this standard; however, the effect of this standard or its applicability to the District are unknown at this time.

GASB Statement 89, Accounting for Interest Cost Incurred before the End of a Construction Period. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. The District will include the requirements of this standard, as applicable, in its June 30, 2022 financial statement. The effect of this standard or its applicability to the District are unknown at this time.

> 25,000 gallons	\$4.50 per thousand gallons

Item No. 3

The number of active residential and non-residential users at June 30, 2021, is 3,937.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Council of the Consolidated Waterworks District No. 13 of West Feliciana Parish St. Francisville, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Consolidated Waterworks District No.13 of West Feliciana Parish (the District), a component unit of West Feliciana Parish Government, as of June 30, 2021, and the related notes to the financial statements, and have issued our report thereon dated December 31, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Baton Rouge, Louisiana
December 31, 2021
