INDEPENDENT AUDITOR'S REPORT

To the Honorable Joseph L. Waitz, Jr.
District Attorney of the Thirty-Second Judicial District
Terrebonne Parish Consolidated Government
Houma, Louisiana

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities, the aggregate discretely presented component unit, and each major fund of the District Attorney of the Thirty-Second Judicial District (District Attorney), a component unit of the Terrebonne Parish Consolidated Government, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component unit, and each major fund of the District Attorney of the Thirty-Second Judicial District as of December 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District Attorney and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The District Attorney's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney's ability to continue as a going concern for one year after the financial statement date.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District Attorney's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 through 11, the budgetary comparison schedules on pages 44 and 45, and the pension-related schedules on pages 46 and 47 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District Attorney's basic financial statements. The Justice System Funding Schedules on pages 48 and 49, the Schedule of Compensation, Benefits, and Other Payments to the District Attorney on page 50, and the Schedule of Expenditures of Federal Awards on page 59, as required by Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Justice System Funding Schedules, the Schedule of Compensation, Benefits, and Other Payments to the District Attorney, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Justice System Funding Schedules, the Schedule of Compensation, Benefits, and Other Payments to the District Attorney, and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2022 on our consideration of the District Attorney's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District Attorney's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

District Attorney of the Thirty-Second Judicial District
Terrebonne Parish, Louisiana
Management's Discussion and Analysis
Year Ended December 31, 2021

This discussion and analysis of the District Attorney of the Thirty-Second Judicial District's financial performance provides an overview of the financial activities as of and for the fiscal year ended December 31, 2021. Please read it in conjunction with the financial statements and the accompanying notes to the financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The Government-Wide Financial Statements (Statement of Net Position and the Statement of Activities) provide information about the governmental activities as a whole and present a longer-term view of the finances. The Fund Financial Statements (Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds) tell how services were financed in the short term as well as what remains for future spending. Fund financial statements also report the operations in more detail than the Government-Wide statements by providing information about the most significant funds.

Our auditor has provided assurance in his independent auditor's report that the financial statements are fairly stated. The auditor, regarding the Required Supplemental Information and the Other Information, is providing varying degrees of assurance. A user of this report should read the Independent Auditor's Report carefully to ascertain the level of assurance being provided for each of the parts in the Annual Financial Report.

Government-Wide Financial Statements

One of the most important questions asked about finances is, "Is the District Attorney of the Thirty-Second Judicial District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information as a whole and about activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the net position and changes in them. You can think of net position—the difference between assets and liabilities—as one way to measure the financial health, or financial position. Over time, increases or decreases in net position are one indicator of whether its financial health is improving or deteriorating.

The Terrebonne Children's Advocacy Center (Advocacy Center) is a legally separate, nonprofit organization that reports under FASB standards. The Advocacy Center was created to coordinate the community's response to the problem of child abuse. These activities are discreetly presented as a component unit in the government-wide Statement of Net Position and Statement of Activities.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds—not as a whole. Some funds are required to be established by State laws.

The District Attorney of the Thirty-Second Judicial District utilizes mainly the governmental type of fund with the following accounting approach. Most of the basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in the reconciliations on pages 16 and 17.

The District Attorney of the Thirty-Second Judicial District is the trustee, or fiduciary, for funds confiscated for asset forfeitures under state law. These fiduciary activities are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the other financial statements because these funds cannot be used to finance operations. The District Attorney is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

FINANCIAL HIGHLIGHTS

Our financial statements provide these insights into the results of this year's operations:

- Net position of our governmental activities increased by \$188,913 or 5.9 percent.
- During the year, the District Attorney had judicial expenses of \$5,196,527 that were \$700,340 more than the \$4,496,187 generated in fees and other revenues for governmental programs.
- The governmental funds reported total ending fund balance of \$2,036,847. This compares to the prior year ending fund balance of \$1,861,919 resulting in an increase of \$174,928.

The Statement of Net Position and the Statement of Activities reports all transactions as governmental activities. All of the basic governmental services are reported as this type. Fines and fees charged to the public finance most of these activities.

Introduction

As provided by Article V. Section 26 of the Louisiana Constitution of 1974, the District Attorney has charge of every criminal prosecution by the state in his district, is the representative of the state before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The qualified electors of the judicial district elect the District Attorney for a term of six years. The Thirty-Second Judicial District encompasses Terrebonne Parish, Louisiana.

Note 1 – Summary of Significant Accounting Policies

A. Basis of Presentation

The financial statements of the District Attorney of the Thirty-Second Judicial District (District Attorney), Terrebonne Parish, Louisiana have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying financial statements have been prepared in conformity with GASB Statement 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*.

B. Reporting Entity

The District Attorney of the Thirty-Second Judicial District is an independently elected official. However, the District Attorney of the Thirty-Second Judicial District is fiscally dependent on the Terrebonne Parish Consolidated Government for office space, courtrooms, and related utility costs, as well as partial funding of salary costs.

The accompanying financial statements present information only on the funds maintained by the District Attorney of the Thirty-Second Judicial District and do not present information on the Terrebonne Parish Consolidated Government, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

The accompanying financial statements present the District Attorney's office and its blended component unit over which the District Attorney's office exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the District Attorney's office (as distinct from legal relationships).

The **Thirty-Second Judicial Enforcement District** is included in these financial statements as a component unit and is blended with the primary government. The Thirty-Second Judicial Enforcement District owns land and buildings that are utilized by the District Attorney's office as office space for certain sectors of its operations. The land, buildings, and related depreciation are reported in the capital assets of the District Attorney's financial statements.

Note 1 – Summary of Significant Accounting Policies (Cont.)

The **Terrebonne Children's Advocacy Center**, a legally separate nonprofit organization that was created to coordinate the community's response to the problem of child abuse, is included in these financial statements as a component unit and is discretely presented with the primary government. The Terrebonne Children's Advocacy Center owns land and buildings that are leased by the District Attorney's office as office space for certain sectors of its operations. The land, buildings, and related depreciation are reported in the capital assets of the Advocacy Center.

C. Fund Accounting

The accounting system is organized and operated on a fund basis whereby a separate self-balancing set of accounts is maintained for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The various funds in the financial statements in this report are grouped into two broad categories as follows:

Governmental Fund Types

Governmental funds account for all or most of the general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources that may be used to finance future period programs or operations.

Fiduciary Fund Type

The District Attorney utilizes a custodial fund fiduciary fund type. Custodial funds generally are used to account for assets that the government holds on behalf of others as their agent.

D. Measurement Focus/Basis of Accounting

Fund Financial Statements (FFS)

The amounts reflected in fund financial statements, are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of operations.

District Attorney of the Thirty-Second Judicial District
Terrebonne Parish, Louisiana
Notes to Financial Statements
Year Ended December 31, 2021

Note 1 – Summary of Significant Accounting Policies (Cont.)

The amounts reflected in the fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District Attorney considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Those revenues susceptible to accrual include fines and assessments that are collected by another governmental body on the District Attorney's behalf and intergovernmental revenue. Interest earned is recorded when credited to the District Attorney's account.

Government-Wide Financial Statements (GWFS)

The government-wide financial statements display information as a whole. These statements include all the financial activities. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed).

Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues – Program revenues included in the Statement of Activities are derived directly from users as a fee for services; program revenues reduce the cost of the function to be financed from the general revenues.

E. Budgets

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the general fund and special revenue funds. All annual appropriations lapse at fiscal year-end. Formal budgetary integration is employed as part of the accounting system, and the budget is amended by supplemental appropriations as needed to comply with state law.

The on-behalf payments received and paid by the Terrebonne Parish Consolidated Government are not budgeted or reflected in the Budget and Actual Statement for the General Fund in this report. The net effect of reflecting the receipt and payment of salaries and benefits on-behalf is zero.

Budget (Page 44)	<u>\$ 1,547,561</u>	<u>\$ 1,743,916</u>

F. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the District Attorney may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

G. Investments

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955. Investments during the year consisted of certificates of deposit and amounts deposited in the Louisiana Asset Management Pool (LAMP).

H. Capital Assets

Capital assets are recorded at historical cost or estimated if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. Capital assets are recorded in the GWFS. All capital assets, other than land, are depreciated using the straight-line method over the following estimated useful lives:

<u>Category</u>	<u>Life</u>
Buildings and improvements	20 - 40 years
Office equipment and furniture	7 - 10 years
Weapons	7 - 10 years
Computers and software	5 - 10 years
Vehicles	5 years

I. Compensated Absences

Primarily all individuals who work at the District Attorney's Office are employees of the Terrebonne Parish Consolidated Government; therefore, no liability for compensated absences is recorded in the District Attorney's financial statements. Vacation and sick leave do not accumulate.

J. Restricted Net Position

For the government-wide statement of net position, net position is reported as restricted when constraints placed on net position use is either:

1. externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or
2. imposed by law through constitutional provisions or enabling legislation.

K. Fund Equity

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, or unassigned.

Nonspendable fund balance cannot be spent because of its form. Restricted fund balance has limitations imposed by creditors, grantors, or contributors or by enabling legislation or constitutional provisions. Committed fund balance is a limitation imposed by the District Attorney through approval of resolutions. Assigned fund balance is a limitation imposed by a designee of the District Attorney.

Unassigned fund balance in the General Fund is the net resources in excess of what can be properly classified in one of the above four categories. Negative unassigned fund balance in other governmental funds represents excess expenditures incurred over the amounts restricted, committed, or assigned to those purposes.

L. Interfund Transactions

Quasi-external transactions are accounted for as revenues or expenditures. Interfund transactions on the other hand are reported as transfers. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

M. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

N. RECENT PRONOUNCEMENT

Statement No. 87, "Leases", increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.

It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Management has not yet determined the effect of this Statement on the financial statements.

Note 2 – Deposits and Investments

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States or other federally insured investments, certificates of deposit of any bank domiciled or having a branch in the State of Louisiana, guaranteed investment contracts and investment grade (A-1/P-1) commercial paper of domestic corporations.

Bank Deposits:

State law requires that deposits (cash and certificates of deposits) of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivisions.

The year-end balance of deposits is as follows for the primary government:

	<u>Bank Balances</u>	<u>Reported Amounts</u>		
		<u>Governmental</u>	<u>Agency</u>	<u>Total</u>
Cash	\$ 3,238,955	\$ 1,951,748	\$ 201,612	\$ 2,153,360

Totals	<u>\$ 3,445,584</u>	<u>\$ 2,158,377</u>	<u>\$ 201,612</u>	<u>\$ 2,359,989</u>

Note 2 – Deposits and Investments (Cont.)

Custodial credit risk is the risk that in the event of a bank failure, the District Attorney's deposits may not be returned to it. The District Attorney has a written policy for custodial credit risk. As of December 31, 2021, \$2,887,695 of the District Attorney's bank balance was exposed to credit risk. These deposits were uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District Attorney's name.

Cash was adequately collateralized in accordance with state law by securities held by an unaffiliated bank for the accounts of the District Attorney. The Governmental Accounting Standards Board (GASB), which promulgates the standards for accounting and financial reporting for state and local governments, considers these securities subject to custodial credit risk. Even though the pledged securities are considered subject to custodial credit risk under the provisions of GASB Statement 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

The year-end balance of deposits is as follows for the component unit:

	<u>Bank Balances</u>	<u>Reported Amount</u>
Cash - Terrebonne Children's Advocacy Center	\$ 3,181,070	\$ 3,160,622

As of December 31, 2021, the Terrebonne Children's Advocacy Center's cash balances were not adequately insured by FDIC coverage of \$250,000.

Investments:

State statutes authorize the District Attorney to invest in obligations of the U.S. Treasury, agencies and instrumentalities; guaranteed investment contracts and investment grade (A-1/P-1) commercial paper of domestic corporations; repurchase agreements; and the Louisiana Asset Management Pool (LAMP).

As a means of limiting its exposure to fair value losses arising from interest rates, the District Attorney's investment policy limits investments to securities with less than six months from the date of purchase unless the investment is matched to a specific cash flow.

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District Attorney's investment policy requires the application of the prudent-person rule. The policy states, *investments shall be made with the judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. Primary emphasis shall be placed upon the safety of such funds in an effort to minimize risk while earning maximum returns.* The District Attorney's investment policy limits investments to those discussed earlier in this note.

Note 2 – Deposits and Investments (Cont.)

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District Attorney will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in external investment pools are not exposed to custodial credit risk because of their natural diversification and the diversification required by Securities and Exchange Commission.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA - R.S. 33:2955.

GASB Statement No. 40 *Deposit and Investment Risk Disclosure*, requires disclosure of credit risk, custodial credit risk, concentration of credit risk, interest rate risk, and foreign currency risk for all public entity investments.

LAMP is an investment pool that, to the extent practical, invests in a manner consistent with GASB Statement No. 79. The following facts are relevant for investment pools:

- Credit risk: LAMP is rated AAAM by Standard & Poor's.
- Custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- Concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement.
- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP's total investments is 58 days as of December 31, 2021.
- Foreign currency risk: Not applicable.

Note 2 – Deposits and Investments (Cont.)

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP, and the value of the position in the external investment pool is the same as the net asset value of the pool shares. Investment in LAMP as of December 31, 2021 amounted to \$33,286 and is classified on the Statement of Net Position as "Investments".

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

A reconciliation of deposits and investments as shown on the Statement of Net Position combined with the Statement of Fiduciary Net Position is as follows:

Reported amount of deposits	\$ 2,359,989
Reported amount of investments	<u>33,286</u>

Note 10 – Retirement Plans

District Attorney Retirement System (System)

Plan Description: The District Attorney's Retirement System, State of Louisiana is a cost-sharing multiple-employer defined benefit pension plan. The System was established on August 1, 1956 and was placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits as stated under the provisions of R.S. 11, Chapter 3 for district attorneys and their assistants in each parish.

Eligibility Requirements: All persons who are district attorneys of the State of Louisiana or assistant district attorneys in any parish of the State of Louisiana shall become members as a condition of their employment; provided, however, that in the case of assistant district attorneys, they must be paid an amount not less than the minimum salary specified by the board. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Note 10 – Retirement Plans (Cont.)

Retirement Benefits: Members who joined the System before July 1, 1990 and who have elected not to be covered by the new provisions, are eligible to receive a normal retirement benefit if they have 10 or more years of creditable service and are at least age 62, or if they have 18 or more years of service and are at least age 60, or if they have 23 or more years of service and are at least age 55, or if they have 30 years of service regardless of age. The normal retirement benefit is equal to 3% of the member's average final compensation for each year of creditable service. Members are eligible for early retirement at age 60 if they have at least 10 years of creditable service or at age 55 with at least 18 years of creditable service. Members who retire prior to age 60 with less than 23 years of service credit receive a retirement benefit reduced 3% for each year of age below 60. Members who retire prior to age 62 who have less than 18 years of service receive a retirement benefit reduced 3% for each year of age below 62. Retirement benefits may not exceed 100% of final average compensation.

Members who joined the System after July 1, 1990, or who elected to be covered by the new provisions, are eligible to receive normal retirement benefits if they are age 60 and have 10 years of service credit, are age 55 and have 24 years of service credit, or have 30 years of service credit regardless of age. The normal retirement benefit is equal to 3.5% of the member's final average compensation multiplied by years of membership service. A member is eligible for an early retirement benefit if he is age 55 and has 18 years of service credit. The early retirement benefit is equal to the normal retirement benefit reduced 3% for each year the member retires in advance of normal retirement age. Benefits may not exceed 100% of average final compensation.

Disability benefits are awarded to active contributing members with at least 10 years of service who are found to be totally disabled as a result of injuries incurred while in active service. The member receives a benefit equal to 3% (3.50% for members covered under the new retirement benefit provisions) of his average final compensation multiplied by the lesser of his actual service (not to be less than 15 years) or projected continued service to age 60.

Upon the death of a member with less than five years of creditable service, his accumulated contributions and interest thereon are paid to his surviving spouse, if he is married, or to his designated beneficiary, if he is not married. Upon the death of any active, contributing member with five or more years of service or any member with 23 years of service who has not retired, automatic Option 2 benefits are payable to surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with the option factors used as if the member had continued in service to earliest normal retirement age. If a member has no surviving spouse, the surviving minor children under 18 or disabled children are paid 80% of the member's accrued retirement benefit divided into equal shares. If a member has no surviving spouse or children, his accumulated contributions and interest are paid to his designated beneficiary. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions with interest.

Note 10 – Retirement Plans (Cont.)

Upon withdrawal from service, members not entitled to a retirement allowance are paid a refund of accumulated contributions upon request. Receipt of such a refund cancels all accrued rights in the system.

The Board of Trustees is authorized to grant retired members and surviving beneficiaries of members who have retired an annual cost of living increase of 3% of their original benefit (not to exceed \$60 per month) and all retired members and surviving beneficiaries who are 65 years of age and older a 2% increase in their original benefit. In lieu of other cost of living increases, the Board may grant an increase to retirees in the form of "Xx(A&B)" where "A" is equal to the number of years of credited service accrued at retirement or death of the member or retiree and "B" is equal to the number of years since death of the member or retiree to June 30 of the initial year of increase and "X" is equal to any amount available for funding such increase up to a maximum of \$1. In order for the Board to grant any of these increases, the System must meet certain criteria detailed in the statute related to funding status and interest earnings.

Back-Deferred Retirement Option Program (Back-DROP): In lieu of receiving a service retirement allowance, any member who has more years of service than are required for a normal retirement may elect to receive a Back-Deferred Retirement Option Program (Back-DROP) benefit. The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement, the member's maximum monthly retirement benefit is based upon his service, final average compensation, and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to a reduced monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly benefit as calculated above multiplied by the number of months in Back-DROP period. In lieu of receiving the lump-sum payment, the member may leave the funds on deposit with the System in an interest-bearing account.

Prior to January 1, 2009, eligible members could elect to participate in the Deferred Retirement Option Program (DROP) for up to three years in lieu of terminating employment and accepting a service benefit. During participation in the DROP, employer contributions were payable and employee contributions were reduced to ½ of one percent. The monthly retirement benefits that would have been payable to the member were paid into a DROP account, which did not earn interest while the member was participating in DROP. Upon termination of participation, the participant in the plan received, at his option, a lump-sum from the account equal to the payments into the account or systematic disbursements from his account in any manner approved by the Board of Trustees. The monthly benefits that were being paid into the DROP would then be paid to the retiree. All amounts which remain credited to the individual's sub-account after termination of participation in the Plan were invested in liquid money market funds. Interest was credited thereon as actually earned.

Employer Contributions: According to state statute, contribution requirements for all employers are actuarially-determined each year. For the year ending June 30, 2021, the actual employer contribution rate was 4.00%.

Non-Employer Contributions: In accordance with state statute, the System receives ad valorem taxes and state revenue-sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities. Non-employer contributions were recognized as revenue during the year ended June 30, 2021 and excluded from pension expense.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources: As of December 31, 2021, the District Attorney reported liabilities in its government-wide financial statements of \$119,712 for its proportionate share of the net pension liabilities of the System. The net pension liabilities were measured as of June 30, 2021, and the total pension liability used to calculate the net pension obligation was determined by an actuarial valuation performed as of that date. The District Attorney's proportion of the net pension liability was based on a projection of the District Attorney's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially-determined. As of June 30, 2021, the District's proportional share of the System was 0.672419%, which was a decrease of 0.040927% from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021, the District Attorney recognized a pension expense of \$71,805 in its governmental activities related to its participation in the System.

As of December 31, 2021, the District Attorney reported deferred outflows of resources and deferred inflows of resources related to pensions from the following resources:

Valuation Date June 30, 2021

Actuarial Cost Method Entry Age Normal Cost

Actuarial Assumptions:

Investment Rate of Return 6.10%, net of investment expense, including inflation

Projected Salary Increases 5.00% (2.20% Inflation, 2.80% Merit)

Mortality Rates Pub-2010 Public Retirement Plans Mortality Table for General Above-Median Healthy Retirees, General Above-Median Employees, and General Disabled Retirees multiplied by 115% for males and females using MP2019 scale for annuitant and beneficiary mortality (Healthy Retirees) and disabled annuitants (General Disabled Retirees).

Expected Remaining Service Lives

6 years – June 30, 2018; June 30, 2019; and June 30, 2020
7 years – June 30, 2016 and June 30, 2017

Cost of Living Adjustments Only those previously granted

The mortality rate assumption used was set based upon an experience study performed on plan data for the period July 1, 2014 through June 30, 2019. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that the tables used would produce liability values approximating the appropriate generational mortality tables.

Note 10 – Retirement Plans (Cont.)

The discount rate used to measure the total pension liability was 6.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially-determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to Changes in Discount Rate: The following presents the net pension liability calculated using the discount rate of 6.10%, as well as, what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.10%) or one percentage point higher (7.10%) than the current rate as of June 30, 2021.

Changes in Discount Rate:			
	1% Decrease 5.10%	Current Rate 6.10%	1% Increase 7.10%
Net Pension Liability	\$ 586,974	\$ 119,712	\$ (271,753)

Pension Plan Fiduciary Net Positions: Detailed information about the pension plan's fiduciary net position is available in the separately-issued financial report for the System.

Parochial Employees Retirement System of Louisiana (PERS)

The District Attorney of the Thirty-Second Judicial District contributes to Parochial Employees' Retirement System of Louisiana (PERS), under Plan B, which is a cost-sharing, multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the State of Louisiana or any governing body or a parish which employs and pays persons serving the parish. Plan B was designated for employees that remained in Social Security on the revision date. Sections 1901 through 2025 of Title 11 of the Louisiana Revised Statutes (LA R.S. 11:1901-2025) and other general laws of the State of Louisiana govern PERS.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System, which can be obtained at www.persla.org.

Plan Descriptions: For the year ended December 31, 2020, there were 205 contributing municipalities in Plan A and 52 in Plan B. The District Attorney of the Thirty-Second Judicial District is a participant in Plan B only.

The following is a description of the plan and its benefits and is provided for general information purposes only.

Note 10 – Retirement Plans (Cont.)

All permanent District Attorney employees who work at least 28 hours per week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

Any member of Plan B who was hired before January 1, 2007 can retire providing the member meets one of the following criteria:

1. Age 55 with thirty (30) or more years of creditable service.
2. Age 60 with a minimum of ten (10) years of creditable service.
3. Age 65 with a minimum of seven (7) year of creditable service.

Eligibility for retirement for Plan B members hired on or after January 1, 2007 is as follows:

1. Age 55 thirty (30) or more years of creditable service.
2. Age 62 with ten (10) or more years of creditable service.
3. Age 67 with seven (7) or more years of creditable service.

Generally, the monthly amount of the retirement allowance for any member of Plan B shall consist of an amount equal to two percent of the member's final average compensation multiplied by his years of creditable service. However, under certain conditions as outlined in the statutes, the benefits are limited to specified amounts.

Plan B members need ten (10) years of service credit to be eligible for survivor benefits. Upon the death of any member of Plan B with twenty (20) or more years of creditable service who is not eligible for normal retirement, the plan provides for an automatic Option 2 benefit for the surviving spouse when he/she reaches age 50, and until remarriage, if the remarriage occurs before age 55. A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

In lieu of terminating employment and accepting a service retirement allowance, any member of Plan B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) for up to three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund. Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date. For individuals who become eligible to participate in DROP on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in

liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the system, the funds may be credited to the self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state of the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

For Plan B, a member shall be eligible to retire and receive a disability benefit if he/she was hired prior to January 1, 2007 and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement, and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan B shall be paid a disability benefit equal to the lesser of an amount equal to two percent of the member's final average compensation multiplied by his/her years of service, not to be less than fifteen, or an amount equal to what the member's normal benefit would be based on the member's current final compensation but assuming the member remained in continuous service until his earliest normal retirement age.

Employer Contributions: Employer contributions are actuarially-determined each year. For the year ended December 31, 2021, employer contributions were 7.5%.

Non-Employer Contribution: In accordance with state statute, the System also receives $\frac{1}{4}$ of 1.0% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue-sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Pension Liability, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources: As of December 31, 2021, the District Attorney reported a liability in its government-wide financial statements of (\$40,835) for its proportionate share of the net pension liability of the System. The net pension liability was measured as of December 31, 2020 by an actuarial valuation performed of the retirement system as of the date. The District Attorney's proportion of the net pension liability was based on a projection of the District Attorney's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. As of December 31, 2020, the District Attorney's proportionate share of the System was 0.159059%.

The discount rate used to measure the total pension liability was 6.40% for Plan B. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to Changes in Discount Rate: The following presents the net pension liability/(asset) of the participating employers calculated using the discount rate of 6.40%, as well as what the employer's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower (5.40%) or one percentage point higher (7.40%) than the current rate as of December 31, 2020.

Note 10 – Retirement Plans (Cont.)

Support of Non-Employer Contributing Entities: Contributions received by a pension plan from non-employer contributing entities that are not in a special funding situation are recorded as revenue by the respective pension plan. The District Attorney recognizes revenue in an amount equal to its proportionate share of the total contributions to the pension plan from these non-employer contributing entities. During the year ended December 31, 2021, the District Attorney recognized revenue as a result of support received from the non-employer contributing entities of \$10,001 for its participation in the System.

Pension Plan Fiduciary Net Positions: Detailed information about the pension plan's fiduciary net position is available in the separately issued financial report for the System available at www.persla.org.

Certain individuals who work at the District Attorney's offices are paid by the Terrebonne Parish Consolidated Government and are also members of the Parochial Employees Retirement System of Louisiana. Retirement expense related to these individuals for the year ended December 31, 2021 was \$521,153. REPORTS REQUIRED BY GOVERNMENT AUDITING STANDARDS
AND UNIFORM GUIDANCE

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Joseph L. Waitz, Jr.
District Attorney of the Thirty-Second Judicial District
Terrebonne Parish Consolidated Government
Houma, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, and each major fund of the District Attorney of the Thirty-Second Judicial District (the District Attorney), a component unit of the Terrebonne Parish Consolidated Government, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District Attorney's basic financial statements, and have issued our report thereon dated June 27, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District Attorney's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control. Accordingly, we do not express an opinion on the effectiveness of the District Attorney's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District Attorney's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH THE UNIFORM GUIDANCE**

To the Honorable Joseph L. Waitz, Jr.
District Attorney of the Thirty-Second Judicial District
Terrebonne Parish Consolidated Government
Houma, Louisiana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the District Attorney of the Thirty-Second Judicial District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District Attorney's major federal programs for the year ended December 31, 2021. The District Attorney's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The District Attorney's financial statements include the operations of the Thirty-Second Judicial Enforcement District (blended component unit) and the Terrebonne Children's Advocacy Center (legally separate nonprofit organization), which expended no federal awards and \$32,945 in federal awards, respectively, and are not included in the District Attorney's schedule of expenditures of federal awards during the year ended December 31, 2021.

In our opinion, the District Attorney complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District Attorney and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District Attorney's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District Attorney's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District Attorney's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District Attorney's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District Attorney's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District Attorney's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
