Independent Accountants' Review Report

To the Honorable Christina Lee  
Tensas Parish Clerk of Court  
St. Joseph, Louisiana

We have reviewed the accompanying financial statements of the governmental activities, major funds, and the aggregate remaining fund information of the Tensas Parish Clerk of Court as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Clerk's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management of the Tensas Parish Clerk of Court. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

**MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS**

The management of the Tensas Parish Clerk of Court is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

**ACCOUNTANT'S RESPONSIBILITY**

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Tensas Parish Clerk of Court, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

**ACCOUNTANT'S CONCLUSION**

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

**REQUIRED SUPPLEMENTARY INFORMATION**

Accounting principles generally accepted in the United States of America require the information listed below to supplement the basic financial statements.

- Management's Discussion and Analysis
- Statement of Revenues, Expenditures, and Changes in Fund Balances (Budget and Actual)
- Schedule of Net Pension Liability Data
- Schedule of Employer Contributions

Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. We have not audited or reviewed such required supplementary information, and, accordingly, we do not express an opinion, a conclusion, nor provide any assurance on it.

**OTHER SUPPLEMENTAL INFORMATION**

The supplementary information included in the Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer and the Justice System Funding Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and directly related to, the underlying accounting and other records used to prepare the financial statements. This information has been subjected to inquiry and analytical procedures applied in the review of the basic financial statements and we are not aware of any material modifications that should be made thereto. We have not audited or reviewed such information and we do not express an opinion, a conclusion, nor provide any assurance on it.

**OTHER MATTERS**

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report dated December 19, 2025, on the results of our agreed-upon procedures.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**June 30, 2025**

---

This section of the annual financial report presents our discussion and analysis of the Clerk's financial performance during the fiscal year ended June 30, 2025.

### **OVERVIEW OF FINANCIAL STATEMENTS**

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Clerk's financial position and results of operations from differing perspectives which are described as follows:

#### **Government-Wide Financial Statements**

The government-wide financial statements report information about the Clerk as a whole using accounting methods similar to those used by private-sector companies. These financial statements report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Clerk's assets and all of the Clerk's liabilities.

The government-wide financial statements are comprised of governmental activities; which are described as follows:

- **Governmental Activities** – Expenses incurred in connection with providing basic services including police protection and general governmental operations are reported as governmental activities. The governmental activities are financed by taxes, license fees, fines, court cost, interest, grants and contributions.

#### **Fund Financial Statements**

Fund financial statements provide detailed information regarding the Clerk's most significant activities and are not intended to provide information for the Clerk as a whole. Funds are accounting devices that are used to account for specific sources of funds. The Clerk has two types of funds that are described as follows:

- **Governmental Funds** – These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of the Clerk's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.
- **Fiduciary Funds** – The custodial funds; the Advance Deposit Fund and the Registry of Court Fund, account for assets held by the Clerk on behalf of other parties. The amounts are held in a fiduciary capacity; accordingly, a corresponding liability is reported to indicate that the resources are held for other parties.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2025**

---

### **FINANCIAL ANALYSIS OF THE CLERK**

A comparative analysis of the government-wide data for the current and previous year is presented as follows:

#### **Net Position**

A condensed version of the government-wide Statement of Net Assets is presented as follows:

	<u>June 30, 2025</u>	<u>June 30, 2024</u>
	<u>Governmental Activities</u>	<u>Governmental Activities</u>
<b>Assets</b>		
Current and Other Assets	\$ 63,567	\$ 167,484
Capital Assets	----	1,258
<b>Total Assets</b>	<u>63,567</u>	<u>168,742</u>
<b>Deferred Outflows</b>	<u>46,397</u>	<u>91,748</u>
<b>Liabilities</b>		
Current Liabilities	17,692	98,199
Long-term Liabilities	<u>194,152</u>	<u>263,181</u>
<b>Total Liabilities</b>	<u>211,844</u>	<u>361,380</u>
<b>Deferred Inflows</b>	<u>57,229</u>	<u>45,523</u>
<b>Net Position:</b>		
Invested in Capital Assets (Net)		1,258
Unrestricted	<u>(159,109)</u>	<u>(147,671)</u>
<b>Total Net Position - Ending</b>	<u><u>(159,109)</u></u>	<u><u>(146,413)</u></u>

As the presentation above demonstrates, the Clerk has a deficit in Net Position of \$159,109. This deficit is primarily caused by the recognition of the Clerk's pension liabilities, which are classified as long-term and not expected to arise for many years. Accordingly, the Clerk has sufficient assets to meet its obligations to creditors and other interested parties for the foreseeable future.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2025**

### **Changes in Net Position**

A condensed version of the government-wide Statement of Changes in Net Assets is presented as follows:

	<u>June 30, 2025</u>	<u>June 30, 2024</u>
<u>Program Revenue:</u>		
Charges for Services	\$ 241,311	\$ 271,709
Operating Grants and Contributions	79,172	117,210
Capital Grants and Contributions	----	----
Other Revenue	2,987	3,482
	<hr/>	<hr/>
Total Revenue	323,470	392,401
	<hr/>	<hr/>
<u>Program Expenses:</u>		
General Government	336,166	385,254
	<hr/>	<hr/>
Total Expenses	336,166	385,254
	<hr/>	<hr/>
Change in Net Position	(12,696)	7,147
Net Position – Beginning	(146,413)	(153,560)
	<hr/>	<hr/>
Net Position – Ending	\$ (159,109)	\$ (146,413)
	<hr/>	<hr/>

Governmental activities decrease the Clerk's net position by \$12,696. This decrease is attributable to the recognition of long-term pension obligations.

### **FINANCIAL ANALYSIS OF THE CLERK'S FUNDS**

The Clerk's salary fund, which is available for spending at the Clerk's discretion, reported a fund balance of \$45,875 which represents a decrease of \$23,410 in comparison to the previous balance. Differences between fund balances and net position reported for governmental activities are attributable to including capital assets in the determination of net position, and changes in Net Pension Liabilities, which are not accounted for under the modified accrual focus.

### **BUDGET HIGHLIGHTS**

The Clerk's salary fund is required to adopt a budget and the budget is amended as necessary. In the current year the Clerk's revenues were less than budgeted amounts by \$35,420. The Clerk's expenses were greater than budgeted expenses by \$ 43,055. Budget variances for revenues and expenditures were within the acceptable range.

### **CAPITAL ASSET ADMINISTRATION**

For the year ended June 30, 2025, capital asset activity was limited to depreciating assets acquired during previous years.

---

### **DEBT ADMINISTRATION**

The Tensas Parish Clerk of Court did not have any long-term debt at any point during the current year.

### **FACTORS EXPECTED TO EFFECT FUTURE OPERATIONS**

At the present time, management is not aware of any matters expected to have a substantial impact on future operations.

## ***Notes to Financial Statements*** ***June 30, 2025***

---

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Tensas Parish Clerk of Court (the Clerk), as provided by Article V, Section 28 of the Louisiana Constitution of 1974, serves as the ex-officio notary public, the recorder of conveyances, mortgages, and other acts, and has other duties and powers provided by law. The Clerk of Court is elected for a four-year term.

The Clerk's accounting policies conform to generally accepted accounting principles for governmental units. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Some of the Clerk's more significant accounting policies are described as follows:

#### **Financial Reporting Entity**

For reporting purposes, the Clerk is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government (the Clerk), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Governmental Accounting Standards Board (GASB) established criteria for determining which component units should be considered part of the Tensas Parish Clerk of Court for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
  - a) The ability of the Clerk to impose its will on that organization and/or
  - b) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Clerk.
2. Organizations for which the Clerk does not appoint a voting majority but are fiscally dependent on the Clerk.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based upon application of these criteria, the Tensas Parish Clerk of Court was determined to be a component unit of the Tensas Parish Police Jury, the financial reporting entity. The accompanying

# **Tensas Parish Clerk of Court**

## ***Notes to Financial Statements*** ***June 30, 2025***

---

financial statements present information only on the funds maintained by the Tensas Parish Clerk of court and do not present information on the policy jury, the general government services provided by that governmental unit, or the other governmental units that comprise the Tensas Parish financial reporting entity.

### **Basic Financial Statements**

The basic financial statements include both government-wide and fund financial statements. Fund financial statements categorize activities as either governmental activities or fiduciary activities, which are described as follows:

- Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues.
- Fiduciary Activities account for assets held by the Clerk as an agent for litigants; pending court action.

The government-wide and fund financial statements present the Clerk's financial position and results of operations from differing perspectives which are described as follows:

### **Government-Wide Financial Statements**

The Statement of Net Position and the Statement of Activities display information about the Clerk as a whole. The effect of most interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with governmental service. Program revenues include any charges for services and most grants.

### **Fund Financial Statements**

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Separate financial statements are provided for governmental funds and fiduciary activities. Major individual funds are reported as separate columns in the fund financial statements. The Clerk's major fund is described as follows:

- Governmental Funds – The Salary Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the Clerk of Court and is used to account for operations of the Clerk of Court's office. The various fees and charges due to the Clerk of Court's office are accounted for in this fund. General Operating expenditures are paid for from this fund.

# **Tensas Parish Clerk of Court**

## **Notes to Financial Statements**

**June 30, 2025**

---

- Fiduciary Funds – Fiduciary Funds account for assets held by the government in a trustee capacity or as an agent on behalf of other parties. The funds accounted for in this category include the Advance Deposit Fund and the Registry of the Court.

### **Measurement Focus and Basis of Accounting**

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

<b><u>Financial Statement Presentation</u></b>	<b><u>Basis of Accounting</u></b>	<b><u>Measurement Focus</u></b>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements:		
Governmental Funds	Modified Accrual Basis	Current Financial Resources
Fiduciary Funds	Accrual Basis	None

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year end. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as an other-financing source and repayment of long-term debt is reported as an expenditure.

### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### **Budget Practices**

The Tensas Parish Clerk of Court prepares and adopts a budget each year for its salary fund in accordance with Louisiana Revised Statutes. The operating budget is based on prior year revenues and expenditures, and the estimated increase or decrease therein for the current year, using the modified accrual basis of accounting. The Clerk of Court amends its budget when projected revenues are expected to be less than budgeted revenues by five percent or more, and or projected expenditures are expected to more than budgeted amounts by five percent or more.

# **Tensas Parish Clerk of Court**

## **Notes to Financial Statements** **June 30, 2025**

---

### **Capital Assets**

Capital assets include significant acquisitions of equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciation is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. Useful lives are typically limited to five years.

### **Cash and Cash Equivalents**

Amounts reported as cash and cash equivalents include all cash on hand, cash in bank accounts, certificates of deposit, and highly liquid investments. Credit risk associated with bank deposits is limited by requiring fiscal agent banks to pledge securities as required by State Law.

### **Accounting for Fiduciary Activities**

Governmental Accounting Standards require a governmental unit to recognize a liability to beneficiaries of a fiduciary fund when an event occurs that compels the government to disburse the resources, or if the beneficiary does not need to take action to compel the government to disburse the resources. The Clerk's office recognizes the liability upon the initial receipt of funds from beneficiaries, as there is no need for the beneficiary to perform any action to compel the Clerk to return the funds.

### **NOTE 2-CASH AND CASH EQUIVALENTS**

Deposits are stated at cost, which approximates market value. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2025, the Clerk had \$199,626 in deposits (\$208,182 collected bank balance). These deposits are secured from risk by federal deposit insurance.

### **NOTE 3 - RECEIVABLES**

Receivables at June 30, 2025, are summarized as follows:

	General	Custodial	Total
Fees for Services	\$ 14,074	\$ ----	\$ 14,074
Grants Receivable	----	----	----

	<b>Beginning Balance</b>	<b>Additions</b>	<b>Disposals</b>	
Furniture & Equipment	\$ 32,730	\$ ----	\$ ----	\$ 32,730

### **NOTE 5 – ACCOUNTS PAYABLE**

Accounts Payable consist entirely of amounts payable to vendors for operating expenses.

### **NOTE 6 – PENSION PLAN**

The Tensas Parish Clerk of Court employees are eligible to be members of a statewide retirement system. This system is a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The Louisiana Clerks’ of Court Retirement and Relief Fund (System) issues a publicly available financial report that includes financial statements and required supplementary information for the System, which can be obtained at [www.laclerksofcourt.org](http://www.laclerksofcourt.org). Pertinent information relative to the plan follows:

	<b>Net Pension Liability</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Louisiana Clerks’ of Court Retirement and Relief Fund	\$ 194,152	\$ 46,397	\$ 57,229

#### *Plan Description*

A member or former member shall be eligible for regular retirement benefits upon attaining twelve or more years of credited service, attaining the age of 55 (age 65 if hired on or after January 1, 2011) or more and terminating employment. Regular retirement benefits, payable monthly for life, equal 3 % of the member’s average final compensation multiplied by the number of years of credited service, not to exceed one hundred percent of the monthly average final compensation. The retirement benefit accrual rate is increased to 3<sup>1/3</sup> % for all service credit accrued after June 30, 1999 (For all members hired prior to January 1, 2011). For members hired before July 1, 2006 and who retire prior to January 1, 2011, monthly average final compensation is based on the highest 36 consecutive months, with a limit increase of 10% in each of the last three years of measurement. For members hired after July 1, 2006, monthly average final compensation is based on the highest compensated 60 consecutive months, or successive joined months if service was interrupted, with a limit increase of 10% in each of the last five years of measurement. For members who were employed prior to July 1, 2006 and who retire after December 31, 2010, the period of final average compensation is 36 months plus the number of whole months elapsed since January 1, 2011, not to exceed 60 months.

### *Disability Benefits*

Disability benefits are awarded to active members who are totally and permanently disabled as a result of injuries sustained in the line of duty or to active members with 10 or more years of credible service who are totally disabled due to any cause. A member who is officially certified as totally or permanently disabled by the State Medical Disability Board will be paid monthly disability retirement benefits equal to the greater of forty percent of their monthly average final compensation or 75% of their monthly regular retirement benefit computed as per R.S. 11:1521 (C).

### *Survivor Benefits*

If a member who has less than five years of credited service dies, his accumulated contributions are paid to his designated beneficiary. If the member has five or more years of credited service, automatic Option 2 benefits are payable to the surviving spouse. These benefits are based on the retirement benefits accrued at the member's date of death with option factors used as if the member had continued in service to earliest normal retirement age. Benefit payments are to commence on the date a member would have first become eligible for normal retirement assuming continued service until that time. In lieu of a deferred survivor benefits, the surviving spouse may elect benefits payable immediately with benefits reduced  $\frac{1}{4}$  of 1% for each month by which payments commence in advance of member's earliest normal retirement age. If a member has no surviving spouse, the surviving minor children under 18 or disabled children shall be paid  $\frac{1}{2}$  of the member's accrued retirement benefit in equal shares. Upon the death of any former member with 12 or more years of service, automatic Option 2 benefits are payable to the surviving spouse with payments to commence on the member's retirement eligibility date. In lieu of periodic payments, the surviving spouse or children may receive a refund of the member's accumulated contributions.

### *Deferred Retirement Option Plan*

In lieu of terminating employment and accepting a service retirement allowance, any member of the Fund who is eligible for a service retirement allowance may elect to participate in the Deferred Retirement Option Plan (DROP) for up to 36 months and defer the receipt of benefits. Upon commencement of participation in the plan, active membership in the Fund terminates and the participant's contributions cease; however, employer contributions continue. Compensation and creditable service remain as they existed on the effective date of commencement of participation in the plan.

The monthly retirement benefits that would have been payable, had the member elected to cease employment and receive a service retirement allowance, are paid into the DROP account.

Upon termination of employment at the end of the specified period of participation, a participant in the program may receive, at his option, a lump sum payment from the Fund. If employment is not terminated at the end of the participation period, payments into the account cease and the member resumes active contributing membership in the Fund. Interest is paid on the DROP account balances for member who complete their DROP participation but do not terminate employment. Interest accruals cease upon termination of employment. Upon termination, the member receives a lump sum

payment from the DROP fund equal to the payments made to that fund on his behalf or a true annuity based on his account (subject to approval by the Board of Trustees). The monthly benefit payments that were paid into the DROP fund are paid to the retiree and an additional benefit based on his additional service rendered since termination of DROP participation is calculated using the normal method of benefit computation.

The average compensation used to calculate the additional benefit is that used to calculate the original benefit unless his period of additional service is at least 36 months. In no event can the entire monthly benefit amount paid to the retiree exceed 100% of the average compensation used to compute the additional benefit. If a participant dies during the period of participation in the program, a lump sum payment equal to his account balance is paid to his named beneficiary, or if none, to his estate.

### *Cost of Living Adjustments*

The Board of Trustees is authorized to provide a cost-of-living increase to members who have been retired for at least one full calendar year. The increase cannot exceed the lesser of 2.5% of the retiree's benefit or an increase of \$40 per month. The Louisiana Statutes allow the Board to grant an additional cost-of-living increase to all retirees and beneficiaries over age 65 equal to 2% of the benefit paid on October 1, 1977, or the member's retirement date if later.

In order to grant any cost-of-living increase, the Fund must meet criteria as detailed in the LA statutes related to funding status.

In lieu of granting a cost-of-living increase as described above, LA statutes allow the board to grant a cost-of-living increase where the benefits shall be calculated using the number of years of service at retirement or at death plus the number of years since retirement or death multiplied by the cost-of-living amount which cannot exceed \$1.

### *Funding Policy*

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ending June 30, 2024, the actual employer contribution rate was 22.25%. In accordance with state statute, the Fund also receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations.

**Financial Summary** – The plan description, funding policies and financial information provides a summary of the Plan provisions and finances. For additional details, the System issues an annual publicly available stand-alone financial report. The financial report includes information about the plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position. The report can be obtained on the internet at [www.laclerksofcourt.org](http://www.laclerksofcourt.org). The plans net pension liability was determined at June 30, 2024 (measurement date and actuarial valuation date) and details are provided as follows:

Mortality Rates	Pub – 2010 Public Retirement plans multiplied by 120%. Mortality Table with full generational projection using the appropriate MP-2019 improvement scale.
Expected Remaining Service Lives	2024 – 5 years 2023 – 5 years 2022 – 5 years 2021 – 5 years 2020 – 5 years
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were not deemed to be substantively automatic.

The actuarial assumptions used are based on the assumptions used in the 2024 actuarial funding valuation which (with the exception of mortality) were based on results of an actuarial experience study for the period July 1, 2014 through June 30, 2019, unless otherwise specified. In cases where benefit structures were changes after the experience study period, assumptions were based on future experiences.

The mortality rate assumption used was verified by combining data from this plan with two other statewide plans which have similar workforce composition in order to produce a credible experience. The aggregated data was collected over the period July 1, 2014 through June 30, 2019. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that these tables would produce liability values approximating the appropriate generational mortality tables used.

The long-term expected real rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the expected real rates of return by the target asset allocation percentage and by adding expected inflation. The long term expected rate of return was 5.81%, for the year ended June 30, 2024. The best estimates of geometric real rates of return for each major asset class included in the Fund's target asset allocation as of June 30, 2024 is summarized in the following table:

# **Tensas Parish Clerk of Court**

## **Notes to Financial Statements June 30, 2025**

---

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-Term Expected Portfolio Real Rate of Return</u>
Fixed Income:		
Domestic and International	30.00%	0.22-0.59%
Domestic Equity:	35.00%	2.62%
International Equity	20.00%	1.70%
Real Estate	15.00%	0.68%
	<u>100.00%</u>	

The discount rate used to measure the total pension liability was 6.55%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to changes in the discount has been determined by measuring net pension liability at a discount rate that is one percentage point lower and one percentage point higher than the current rate. The results are presented as follows:

	<u>1% Decrease 5.55% Discount Rate</u>	<u>Current Discount Rate 6.55%</u>	<u>1% Increase 7.55 % Discount Rate</u>
Net Pension Liability	\$ 320,127	\$ 194,152	\$ 87,891

### **NOTE 7 – CONTINGENCIES:**

Existing conditions that may have financial consequences are referred to as contingencies. Contingencies existing at June 30, 2025 are described as follows:

#### **Amount Due to Agency Head:**

Louisiana Revised Statutes contain a provision that allows Clerks of Court who received less than the maximum compensation allowed them due to insufficiency of funds or other cause may pay themselves the amount owed at any point during their term. The current Clerk of Court, Christy Lee, has been paid \$519,280 less than the maximum allowed compensation per Louisiana Revised Statute. If the Tensas Clerk of Court was to accumulate a surplus before her term elapsed, these monies could be required to be paid.

INDEPENDENT ACCOUNTANTS' REPORT ON  
APPLYING AGREED-UPON PROCEDURES

To the Honorable Christina Lee  
Tensas Parish Clerk of Court  
St. Joseph, Louisiana

We have performed the procedures enumerated below, which were agreed to by the management of the Tensas Parish Clerk of Court and the Louisiana Legislative Auditor (the specified parties), on the Clerk’s compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended June 30, 2025, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The Clerk’s management is responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

**PUBLIC BID LAW:**

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$60,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1775 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

*Based on inquiry of management and review of the general ledger there were no transactions meeting the scope of the Public Bid Law.*

**CODE OF ETHICS FOR PUBLIC OFFICIALS AND PUBLIC EMPLOYEES**

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

*Management provided a questionnaire completed by the Clerk of Court. The questionnaires furnished a list of the Clerk’s outside business interests and immediate family members.*

3. Obtain a list of all employees paid during the fiscal year.

Online: CenlaCPAs.com

## **Tensas Parish Clerk of Court**

*Management provided us with payroll reports for all employees paid during this period.*

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

*None of the employees included on the list of employees provided by management in agreed-upon procedure 3 appeared on the list provided by management in agreed-upon procedure 2.*

5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

*Management provided the requested information. None of the businesses of the Clerk or employees' immediate families appeared as vendors on the list of disbursements.*

### **BUDGETING**

6. Obtained a copy of the legally adopted budget and all amendments.

*Management provided us with a copy of the original budget and amended budget.*

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

*The Clerk is not required to maintain a minute book, but was able to provide evidence that the budget was available for public inspection, and adopted at a public meeting.*

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more.

*Budget comparisons indicate revenue and expenditure variances that were within limits established by State law.*

### **ACCOUNTING AND REPORTING**

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

*(a) Report whether the six disbursements agree to the amount and the payee in the supporting documentation.*

*All of the payments had supporting documentation as to proper amount and payee.*

*(b) Report whether the six disbursements were coded to the correct fund and general ledger account.*

*All of the payments were properly coded to the correct fund and general ledger account.*

## **Tensas Parish Clerk of Court**

(c) Report whether the six disbursements were approved in accordance with management's policies and procedures.

*All invoices were found to be approved by the proper authorities.*

### **MEETINGS**

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

*As the Clerk of Court operates as the sole agency head, meetings were limited to the annual budget meeting. The Clerk was able to provide documentation demonstrating that the notice for the meeting was posted.*

### **DEBT**

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

*Review of receipts reported in the general ledger and inquiry of management did not reveal any evidence of new indebtedness.*

### **ADVANCES AND BONUSES**

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

*We examined payroll records and general ledger for the period under examination and found no payments made to employees for bonuses, advances, or gifts.*

### **STATE AUDIT LAW**

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

*The Clerk provided for a timely report in accordance with R.S. 24:513.*

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

*The Clerk was in compliance with the audit law during the current year.*

# **Tensas Parish Clerk of Court**

## **PRIOR-YEAR COMMENTS**

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

*The status of the prior-year comments remains unchanged.*

## **GENERAL**

16. Obtain and report management's representation that it has disclosed all known noncompliance with laws and regulations applicable to the agency.

*Management identified two instances of noncompliance. The Clerk's Office is not able to reconcile the individual suit balances in the Clerk's Advance Deposit Fund with the corresponding unsettled deposit liability. In addition, the Clerk's Office has not remitted all monies in the Advance Deposit Fund with 5 years of inactivity.*

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Clerk's compliance with the foregoing matters. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures; other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the Clerk's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
