**Report on the Audit of the Financial Statements**

*Opinions*

I have audited the accompanying financial statements of the governmental activities and major funds of Bunches Bend Protection District (the "District"), a component unit of the State of Louisiana, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major funds of Bunches Bend Protection District, as of December 31, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

*Basis for Opinions*

I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Louisiana Governmental Audit Guide*. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Bunches Bend Protection District and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

*Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

BOARD OF COMMISSIONERS  
BUNCHES BEND PROTECTION DISTRICT  
East Carroll Parish, Louisiana  
Independent Auditor's Report  
December 31, 2021

In preparing financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bunches Bend Protection District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

*Auditor's Responsibilities for the Audit of the Financial Statements*

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bunches Bend Protection District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

BOARD OF COMMISSIONERS  
BUNCHES BEND PROTECTION DISTRICT  
East Carroll Parish, Louisiana  
Independent Auditor's Report  
December 31, 2021

- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bunches Bend Protection District's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I have identified during the audit.

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7 through 10 and the budgetary comparison information on page 27 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information**

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Bunches Bend Protection District's basic financial statements. The Schedule of Compensation, Benefits, and Other Payments to Agency Head and Board of Commissioners and the Schedule of Prior Year Audit Findings are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the Schedule of Compensation, Benefits, and Other Payments to Agency Head and Board of Commissioners and the Schedule of Prior Year Audit Findings are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, I have also issued my report dated January 28, 2022, on my consideration of Bunches Bend Protection District's internal control over financial reporting and on my tests of the District's compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Bunches Bend Protection District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Year Ended December 31, 2021

Our discussion and analysis of Bunches Bend Protection District's (hereafter referred to as the District) financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2021. Please read it in conjunction with the District's financial statements that begin on page 12.

**BASIC FINANCIAL STATEMENTS**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities on pages 12 and 13 provide information about the activities of the District and present a long-term view of the District's financial position. The fund financial statements presented on pages 14 through 17 provide information on how the operations of the District are financed in the short term as well as what remains for future spending. Fund financial statements report the District's operations in more detail than the government-wide statements.

**The Statement of Net Position and the Statement of Activities**

The Statement of Net Position and the Statement of Activities provide information in a way that shows the change in the District's financial condition resulting from the current year's activities. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most businesses. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's *net position* and the changes in net position. Net position - the difference between assets (what the District owns) and liabilities (what the District owes) is a way to measure the financial position of the District. Over time, increases or decreases in the District's net position is an indicator of whether the District's financial position is improving or deteriorating.

In the Statement of Net Position and the Statement of Activities, the District reports only governmental activities due to the fact that the District is engaged in one governmental program - public safety - flood control that is financed by property taxes.

**Fund Financial Statements**

The fund financial statements begin on page 14 and provide more detailed information about the District's funds. The District has a General Fund and a Debt Service Fund which are reported as major governmental funds.

BUNCHES BEND PROTECTION DISTRICT  
 East Carroll Parish, Louisiana  
 MANAGEMENT'S DISCUSSION AND ANALYSIS  
 For the Year Ended December 31, 2021

Governmental funds focus on how money flows into and out of the funds and the balances left at year-end that are available for spending. Governmental funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental funds statements provide a detailed short-term view of the District's operations. Governmental funds information helps to determine whether there are more or fewer financial resources that are available to be spent in the near future.

The differences between governmental activities reported in the Statement of Net Position and the Statement of Activities and the governmental funds reported in the fund financial statements are reported in a reconciliation at the bottom of the fund financial statements.

**COMPARATIVE ANALYSIS OF  
 FINANCIAL DATA**

**Government-Wide**

The District's net position increased by \$309,108 during 2021. Total revenues were \$34,587 more than the prior year revenues and total expenses were \$5,726 less than the prior year expenses. The following presents an analysis of net position and changes in net position of the District's governmental activities:

Net position - ending	<u>\$2,520,231</u>	<u>\$2,211,123</u>

**Governmental Funds**

Total revenues increased \$34,587 in 2021 due to an increase in property taxes and an insurance reimbursement. Total expenditures decreased \$5,726 due to decrease in interest expense during the current year.

**OVERALL FINANCIAL POSITION**

The District's net position increased \$309,108 as a result of this year's operations. Unrestricted net position ( those assets available to finance the daily operations of the district) was \$679,972 at year end. The amount restricted for debt service was \$386,963 and the net investment in capital assets was \$1,453,296 at year end.

**DISTRICT'S FUNDS**

At the end of the year, the District's General Fund reported an unassigned fund balance of \$9,185. Total fund balance decreased \$499 for the year. The Debt Service Fund had a restricted fund balance of \$386,963 and an assigned fund balance of \$670,787. The increase in total fund balance for the year was \$84,538.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

At year end, actual revenues and other financing sources were \$607 less than budgeted revenues and other financing sources and actual expenditures were \$108 less than budgeted expenditures. The District amended its budget one time during the year.

**CAPITAL ASSETS AND DEBT**

**Capital Assets**

At the end of the year, the District had capital assets (net of accumulated depreciation) totaling \$4,562,614. There were no additions or deletions during the year. Additional information about the District's capital assets is presented in Note 5 to the financial statements.

**Debt**

At year end the District had \$3,100,000 in outstanding long-term debt that was issued to finance the improvements to the Wilson Point Levee System. Additional information about the District's debt is presented in Note 7 to the financial statements.

**ECONOMIC FACTORS**

The District expects its 2022 revenues and other financing sources and expenditures to increase approximately \$8,532 from the 2021 amounts.

Since March 2020, the spread of COVID-19 has severely impacted many local economies. Measures taken to contain the spread of the virus have triggered significant disruptions to businesses. There were no significant adverse effects from COVID-19 on the District's financial position during 2021. Although not expected, the District's future cash flows could be affected by an economic slowdown that results from measures taken to contain the spread of the virus. The duration and impact of the COVID-19 pandemic remains unclear at this time.

On October 14, 2021, the Board of Commissioners of the District adopted a resolution authorizing the District to proceed with the issuance of its not to exceed \$3,500,000 Revenue Refunding Bonds for the purpose of advance refunding of the Series 2012 Bonds; funding a debt service reserve fund, if necessary, and; paying the costs of issuance of the Refunding Bonds. The Revenue Refunding Bonds are expected to be issued during the year ending December 31, 2022.

Notes to the Financial Statements  
As of and for the Year Ended December 31, 2021

## INTRODUCTION

The Bunches Bend Protection District (the "District") was created by Article VI, Sections 19, 30, and 36 of the Constitution of Louisiana, effective July 15, 2012, as a special district and political subdivision of the State of Louisiana in East Carroll Parish. The District is governed by a six member board who are property owners in the district. Two members of the board are appointed by the governor; one member is appointed by a member of the House of Representatives representing the district; one member is appointed by a member of the Senate representing the district; and two members are appointed by the public utilities that own property in the district. Board members serve without benefit of compensation. The District is responsible for repairing, improving, and maintaining the Wilson Point Levee System in the Bunches Bend area. The District has no employees.

GASB Statement No. 14, *The Reporting Entity* and No. 39, *Determining Whether Certain Organizations Are Component Units - an amendment of GASB Statement No. 14*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of these statements, the District is considered a component unit of the State of Louisiana. As a component unit, the accompanying financial statements may be included within the reporting of the primary government, either blended into those financial statements or separately reported as a discrete component unit.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. All of the interfund activity has been eliminated from these statements.

The statement of activities demonstrates the degree to which the direct expenses of specific functions are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges for services and grants or contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

BUNCHES BEND PROTECTION DISTRICT  
Notes to the Financial Statements

Separate financial statements are provided for governmental funds. Major governmental funds are included as separate columns in the fund financial statements.

**B. Measurement Focus, Basis of Accounting, and  
Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year in which they are levied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recognized when a fund liability is incurred, if measurable, except for unmatured principal and interest on general long-term debt which are recognized when due.

In the governmental funds statements, property taxes are susceptible to accrual and thus counted as revenues for the current fiscal period if they are collected within 60 days of year-end. All other revenue items are considered to be measurable and available only when cash is received by the District.

The Bunches Bend Protection District reports the following major governmental funds:

**General Fund**

The General Fund is the general operating fund of the District and accounts for all financial resources except those required to be accounted for in the Debt Service Fund.

**Debt Service Fund**

The Debt Service Fund accounts for the accumulation of resources for, and the retirement of, general long-term debt principal and interest.

BUNCHES BEND PROTECTION DISTRICT  
Notes to the Financial Statements

**C. Deposits**

Cash includes amounts in demand deposits. State law limits the District's credit risk by restricting the district's investments to collateralized certificates of deposits, government-backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government-backed securities.

The special accounts required by the bond resolution which are held by the paying agent are classified as restricted assets within the governmental funds because their use is completely restricted to the purposes set forth in the bond resolution.

**D. Receivables**

Receivables reported in the government-wide statement of net position include property tax receivables. Receivables are generally shown net of an allowance for uncollectible amounts. These statements contain no provision for uncollectible accounts. The District is of the opinion that such an allowance would be immaterial in relation to the financial statements taken as a whole.

Property taxes are levied on a calendar year basis and become due on January 1 of each year. The District is authorized to levy and collect an ad valorem tax of 311 mills and an annual tax to be imposed on a per acre basis on land within the boundaries of the District in the amount of \$21 per acre levied on crop land defined by the Farm Service Agency of the United States Department of Agriculture and \$2 per acre on all other land within the boundaries of the District, for a duration of 30 years from the year of first assessment to be dedicated and used for all lawful purposes by the District including, but not limited to, funding for the repair, improvement, and maintenance of the Wilson Point Levee System in the Bunches Bend area. The property taxes are collected by the East Carroll Parish Sheriff and remitted to the District on a monthly basis.

**E. Capital Assets**

Capital assets, which consist of levee improvements and a pumping station are reported in the governmental activities column in the government-wide financial statements. All of the District's capital assets are capitalized at historical cost. The District maintains a threshold level of \$100,000 or more for capitalizing infrastructure capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. The pumping station is depreciated using the straight-line method over an estimated useful life of 25 years. Levee improvements are considered non-depreciable assets.

BUNCHES BEND PROTECTION DISTRICT  
Notes to the Financial Statements

**F. Long-term Debt**

In the government-wide financial statements, long-term debt is reported as a liability in the applicable governmental activities statement of net position.

**G. Net Position/Fund Balance**

Net position in government-wide financial statements is classified as net investment in capital assets, restricted, or unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation.

In the governmental fund financial statements, fund balance is composed of three classifications designed to disclose the hierarchy of constraint placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Restricted fund balance - this classification includes resources that are restricted to specific purposes externally imposed by creditors, grantors, or imposed by law.

Restricted for debt service - funds held in special accounts required by the bond resolution which are held by the paying agent for future debt service payments.

Assigned fund balance - portion of fund balance that the Board of Commissioners intend to be used for a specific purpose, but is neither restricted nor committed.

Debt service - portion of fund balance that is intended for future debt service payments.

Unassigned fund balance - the residual classification and represents the General Fund fund balance that has not been restricted, committed, or assigned to a specific purpose.

The District considers restricted amounts to be spent first when an expenditure is incurred for purposes for which both restricted and unrestricted net position/fund balance is available. The District considers assigned amounts to be spent first when an expenditure

Notes to the Financial Statements

is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**H. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosures, and revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

**2. STEWARDSHIP, COMPLIANCE, AND  
ACCOUNTABILITY**

**Budget Information**

The District uses the following budget practices:

The Board of Commissioners adopt an annual budget for the General Fund generally in October prior to the beginning of the fiscal year. The budget is prepared on the modified accrual basis of accounting. The budget is established and controlled by the board of commissioners at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended. The budgetary comparison schedule included as supplemental information in the accompanying financial statements includes the original budget amounts and all subsequent budget amendments during the year. There was one budget amendment during the year.

**3. DEPOSITS IN FINANCIAL INSTITUTIONS**

At December 31, 2021, the District had cash in demand deposits (book balances) totaling \$267,839. The District also had cash equivalents held by the paying agent in the amount of \$386,963. These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank and deposited with an unaffiliated bank. At December 31, 2021, the District had \$654,802 in deposits (collected bank balances). These deposits are secured from risk by \$500,000 of federal deposit insurance and \$136,963 of pledged securities held by the Federal Reserve Bank in the name of the District resulting in an unsecured balance of \$17,839 at December 31, 2021. The unsecured amount was transferred to a secured account in January 2022.

**4. RECEIVABLES**

The following is a summary of the current (due in one year or less) and long-term (due in more than one year) portions of long-term debt as of December 31, 2021:

	Revenue Bonds from Direct Borrowings
Current portion	\$235,000
Long-term portion	<u>2,865,000</u>
Total	<u><u>\$3,100,000</u></u>

Long-term debt from direct borrowings at December 31, 2021, in the amount of \$3,100,000 consists of \$5,000,000 2012 revenue bonds that are payable solely from and secured by an irrevocable pledge and dedication of tax revenues authorized by Act 570 of the Louisiana Legislature. The bond resolution provides that in an event of default, the owners of the bonds or the paying agent on their behalf shall be entitled to exercise all rights and powers for which provision is made in the resolution or in any provision of law. The bond proceeds were used to finance the repairs, improvements, and maintenance of the Wilson Point Levee System in the Bunches Bend area. The bonds have maturities from 2022 until 2032 and have interest rates between of 2.90 % and 3.75 %.

All principal and interest requirements are funded in accordance with Louisiana law by the annual property tax levy within the District and are due as follows:

**8. RISK MANAGEMENT**

The District purchased commercial insurance to reduce the risk of loss resulting from liability claims. There has been no significant reduction in insurance coverage from coverage in the prior year. There have been no settlements in any of the past three fiscal years.

**9. SUBSEQUENT EVENTS**

Since March 2020, the spread of COVID-19 has severely impacted many local economies. Measures taken to contain the spread of the virus have triggered significant disruptions to businesses. There were no significant adverse effects from COVID-19 on the District’s financial position during 2021. Although not expected, the District’s future cash flows could be affected by an economic slowdown that results from measures taken to contain the spread of the virus. The District has determined that the potential impact of COVID-19 is a non-adjusting subsequent event. Accordingly, the financial position and results of operations as of and for the year ended December 31, 2021, have not been adjusted to reflect this potential impact. The duration and impact of the COVID-19 pandemic remains unclear at this time.

On October 14, 2021, the Board of Commissioners of the District adopted a resolution authorizing the District to proceed with the issuance of its not to exceed \$3,500,000 Revenue Refunding Bonds for the purpose of advance refunding of the Series 2012 Bonds; funding a debt service reserve fund, if necessary, and; paying the costs of issuance of the Refunding Bonds. The Revenue Refunding Bonds are expected to be issued during the year ending December 31, 2022.

Bunches Bend Protection District has evaluated subsequent events through January 28, 2022, the date which the financial statements were available to be issued.

**Independent Auditor's Report**  
**Required by *Government Auditing Standards***

The following independent auditor's report on internal control over financial reporting and on compliance and other matters is presented in compliance with the requirements of *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor.

**Independent Auditor's Report on  
Internal Control Over Financial Reporting and on  
Compliance and Other Matters  
Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

BOARD OF COMMISSIONERS  
BUNCHES BEND PROTECTION DISTRICT  
East Carroll Parish, Louisiana

I have audited, in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Louisiana Governmental Audit Guide*, issued by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor, the financial statements of the governmental activities and major funds of Bunches Bend Protection District (the "District"), a component unit of the State of Louisiana, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise Bunches Bend Protection District's basic financial statements and have issued my report thereon dated January 28, 2022.

**Report on Internal Control Over Financial Reporting**

In planning and performing my audit of the financial statements, I considered Bunches Bend Protection District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, I do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any

on Compliance and on  
Internal Control, etc.,  
December 31, 2021

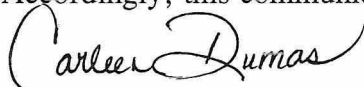

deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Bunches Bend Protection District's financial statements are free from material misstatement, I performed tests of the District's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
