New Orleans Service Center, Inc.

We have compiled the accompanying financial statements of **New Orleans Service Center, Inc. (NOSC)**, as listed in the table of contents as of December 31, 1999 and for the year then ended in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and accordingly, do not express an opinion or any other form of assurance on them.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report, dated June 27, 2000 on the results of our agreed-upon procedures.

2. For each Federal and state award, we randomly selected six (6) disbursements from each award administered during the period under examination, provided that no more than thirty (30) disbursements would be selected.
3. For the items selected in procedure 2, we traced all six (6) disbursements for each Federal and state award to supporting documentation as to proper amount and payee.

We examined supporting documentation for each of the selected disbursements and found that the payment was for the proper amount and made to the correct payee, except one (1) disbursement was not supported by an invoice or other supporting documentation.

Management's Response

The management of the **Center** concurs with the auditors' comment and recommendation. The **Center** will emphasize to staff that all cash disbursements must be supported by invoices or other documentation.

4. For the items selected in procedure 2, we determined if the six (6) disbursements for each Federal and state award were properly coded to the correct fund and general ledger account.

The results of this procedure indicated the disbursements were properly coded to the correct fund and general ledger account.

5. For the items selected in procedure 2, we determined whether the six (6) disbursements from each Federal and state award received approval from proper authorities.

Inspection of documentation supporting the disbursements indicated approval from proper authorities.

6. For the items selected in procedure 2: For Federal awards, we determined whether the disbursements complied with the applicable specific program compliance requirements summarized in the *Compliance Supplement* (or contained in the grant agreement, if the program is not included in the *Compliance Supplement*) and for state awards, we determined whether the disbursements complied with the grant agreement, relating to activities allowed or unallowed, eligibility and reporting.

Federal and State Awards

We reviewed the disbursements selected in procedure 2 noting compliance with the applicable specific program compliance requirements summarized in the *Compliance Supplement* (or contained in the grant agreement, if the program is not included in the *Compliance Supplement*), relating to activities allowed or unallowed, eligibility and reporting.

7. For the programs selected for testing in procedure 2 that had been closed out during the period under review, we compared the close-out reports, when required, with the Center's financial records to determine whether the amounts agree.

The disbursements selected did not include any programs that were closed out during the period of our review.

Meetings

8. We examined evidence indicating that agendas for meetings recorded in the minute book were posted as an open meeting as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The Center is only required to post a notice of each meeting and the accompanying agenda on the door of **the Center's** office building. Although management has asserted that such documents were properly posted, we could not find no evidence supporting such assertion other than an unmarked copy of the agendas.

Comprehensive Budget

9. For all grants exceeding five thousand dollars, we determined that each applicable Federal, state, or local grantor agency/agencies was provided with a comprehensive budget of those grants that included the purpose and duration, and for state grants included specific goals and objectives that included measures of performance.

The Center provided comprehensive budgets to the applicable grantor for the programs mentioned previously. These budgets specified the anticipated uses of the funds, estimates of the duration of the projects, and plans showing specific goals and objectives that included measures of performance.

Prior Comments and Recommendations

10. We reviewed any prior year suggestions, recommendations, and/or comments to determine the extent to which such matters have been resolved.

In the agreed-upon procedures engagement for the year ended December 31, 1998, we reported that one (1) disbursement was not supported by an invoice or other supporting documentation. The current status for this comment is unresolved. See comment at procedure three (3) on page 3.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of **New Orleans Service Center, Inc.**, the Legislative Auditor (State of Louisiana), and the applicable state grantor agency/agencies and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana revised statute 24:513, this report is distributed by the Legislative Auditor as a public document.
