**INDEPENDENT AUDITORS' REPORT**

To the Board of Directors  
Bayou Gauche Volunteer Fire Department, Inc.  
Des Allemands, Louisiana 70030

We have audited the accompanying general purpose financial statements of the Bayou Gauche Volunteer Fire Department, Inc. as of and for the year ended December 31, 1999, as listed in the foregoing table of contents. These general purpose financial statements are the responsibility of the Bayou Gauche Volunteer Fire Department's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Bayou Gauche Volunteer Fire Department, Inc. at December 31, 1999, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

**NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS**  
**DECEMBER 31, 1999**

**(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

The Bayou Gauche Volunteer Fire Department, Inc. (Fire Department) receives funding from local and state government sources and must comply with the concomitant requirements of these funding source entities. However, the Fire Department is a "primary government" and is not included as a component unit of any other St. Charles Parish governmental "reporting entity" as defined in GASB pronouncements, since the entity is a non-profit corporation, and the board members have decision making authority, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters. The Fire Department includes all activities that are controlled by it as a quasi-public non-profit corporation organized to provide fire protection to the Parish of St. Charles. The Fire Department has no component units.

The accounting and reporting policies of the Fire Department conform to generally accepted accounting principles as applicable to governmental units.

**Fund Accounting**

The accounts of the Fire Department are organized on the basis of a fund (General Fund) and account groups. A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

**Basis of Accounting**

Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Fire Department records are maintained on a cash basis of accounting. However, the General Fund reported in the accompanying financial statements has been converted to a modified accrual basis of accounting utilizing the following practices in recording revenues and expenditures.

**Revenues**

Sales taxes are recorded in the month the taxes are collected by the St. Charles Parish School Board. Sales taxes become payable to the St. Charles Parish School Board on the first day of the month and become delinquent on the 20th day of the month following incurrence of the taxes by businesses.

**BAYOU GAUCHE VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)**  
**DECEMBER 31, 1998**

**(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Revenues (Continued)**

A ten year ad valorem tax issue was dedicated to the operations of the Fire Department beginning in 1991. Each department is to receive one ninth of annual collections. Taxes levied in November of each year are available for expenditures in the subsequent year.

Interest income on investments is recorded when the investments have matured and income is available.

All other revenues are recorded when received.

The majority of the Fire Department's revenues are derived from the one-eighth of one percent sales tax and the ad valorem tax for operations.

**Expenditures**

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for principal and interest on general long-term debt which is not recognized until due.

**Cash and Cash Equivalents**

The Department is authorized under state law to deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, and the laws of the United States. The Department may also invest in time certificates of deposit with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. Under state law, these deposits must be secured by the fiscal agent bank. The market value of such pledged securities and federal deposit insurance must equal or exceed the amount on deposit with the fiscal agent. At December 31, 1999, deposited funds were covered by federal deposit insurance and pledged securities.

As of December 31, 1999, cash consisted of:

Interest bearing demand deposits	\$ 16,542
Certificates of deposits	<u>309,540</u>
	<u>\$ 326,082</u>

**Budgets and Budgetary Accounting**

The Fire Department was not required to prepare a budget for the year ended December 31, 1999.

**BAYOU GAUCHE VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)**  
**DECEMBER 31, 1998**

**(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fixed Assets and Long-Term Liabilities**

Fixed assets used in governmental fund type operations are accounted for in the general fixed assets account group, rather than in the General Fund. No depreciation has been provided on fixed assets.

Fixed assets are valued at historical cost or estimated historical cost if historical cost is not available. The Department has established a capitalization policy of \$400 for equipment having a useful life over one year.

Donated fixed assets are recorded at estimated fair market value at the date of donation.

Long-term liabilities expected to be financed from the General Fund are accounted for in the general long-term liabilities account group.

The two account groups are not "funds". They are concerned only with the measurement of financial position and do not involve measurement of results of operations.

**Total Columns**

Total columns on the financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**Comparative Data**

Comparative totals for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Fire Department's financial position and operations. However, presentation of prior year totals by fund type have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

**BAYOU GAUCHE VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)**  
DECEMBER 31, 1998

**(2) SALES TAX REVENUE**

Effective March 1, 1980, sales taxes in the amount of one-eighth of one percent is collected by the St. Charles Parish School Board and administered by the Parish President. The sales tax is to be used for fire protection of the Parish of St. Charles. The funds are distributed monthly by the Parish President to the individual fire departments of the St. Charles Parish Firemen's Association, Inc. Effective September 1, 1994, the sales tax is distributed on the following basis:

	<u>Monthly Basis</u>	<u>Percent of Remaining Funds</u>
Bayou Gauche Volunteer Fire Dept., Inc.	\$2,500	3.21%
Des Allemands Volunteer Fire Dept., Inc.	\$2,500	4.83%
East Side of St. Charles Volunteer Fire Dept., Inc.	\$2,500	23.57%
Hahnville Volunteer Fire Dept., Inc.	\$2,500	5.92%
Killona Volunteer Fire Dept., Inc.	\$2,500	1.56%
Luling Volunteer Fire Dept., Inc.	\$2,500	29.00%
Norco Area Volunteer Fire Dept., Inc.	\$2,500	10.51%
Paradis Volunteer Fire Dept., Inc.	\$2,500	4.20%
St. Rose Volunteer Fire Dept., Inc.	\$2,500	17.20%

**(3) REVENUE RECEIVABLE**

Revenue receivable at December 31, 1999 consists of the Fire Department's share of the 1/8th cent sales tax for the month of November 1999, collected on or before December 20, 1999, by the St. Charles Parish School Board and remitted by St. Charles Parish in January 1999.

An allowance for uncollectible receivables is not recorded by the Fire Department because it considers all receivables collectible at December 31, 1999.

**BAYOU GAUCHE VOLUNTEER FIRE DEPARTMENT, INC.**  
**NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS (CONTINUED)**  
DECEMBER 31, 1998

**(4) CHANGES IN GENERAL FIXED ASSETS**

	<u>Balance</u> <u>12/31/98</u>	<u>Purchases</u> <u>1999</u>	<u>Retirements</u> <u>1999</u>	<u>Balance</u> <u>12/31/99</u>
Fire protection vehicles	\$ 357,228	\$ -0-	\$ -0-	\$ 357,228
Equipment	273,093	102,927	15,617	360,403
Office Equipment	-0-	1,867	(15,617)	17,484
Buildings	248,750	-0-	-0-	248,750
Land	<u>24,000</u>	<u>-0-</u>	<u>-0-</u>	<u>24,000</u>
	<u>\$ 903,071</u>	<u>\$ 104,794</u>	<u>\$ -0-</u>	<u>\$1,007,865</u>

The amount of \$ 15,617 reflected in the retirement column is actually a reclassification to move office equipment to a separate class.

**(5) CASH**

The Fire Department maintains a separate petty cash account. The petty cash account is funded through public functions held by the Fire Department. Expenditures from this petty cash account are for expenses related to the functions. The amount in the petty cash account was not included in the financial statements and was therefore not subjected to the audit procedures of the financial statements.

**(6) YEAR 2000 ISSUE**

The Department maintains its financial records manually and therefore does not have a year 2000 compliance issue.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE  
BASED ON AN AUDIT OF GENERAL PURPOSE  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors  
Bayou Gauche Volunteer Fire Department, Inc.  
Des Allemands, Louisiana 70030

We have audited the general purpose financial statements of Bayou Gauche Volunteer Fire Department, Inc. for the year ended December 31, 1999, and have issued our report thereon dated May 30, 2000.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to Bayou Gauche Volunteer Fire Department, Inc. is the responsibility of Bayou Gauche Volunteer Fire Department, Inc.'s management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of Bayou Gauche Volunteer Fire Department, Inc.'s compliance with certain provisions of laws, regulations and contracts. However, the objective of our audit of the general purpose financial statements was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

This report is intended for the information of management, St. Charles Parish and the Louisiana Legislative Auditor. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
STRUCTURE BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors  
Bayou Gauche Volunteer Fire Department, Inc.  
Des Allemands, Louisiana 70030

We have audited the general purpose financial statements of Bayou Gauche Volunteer Fire Department, Inc. for the year ended December 31, 1999, and have issued our report thereon dated May 30, 2000.

We have conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of Bayou Gauche Volunteer Fire Department, Inc. is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of Bayou Gauche Volunteer Fire Department, Inc., for the year ended December 31, 1999, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

We noted certain matters involving the internal control structure and its operations that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements.

Our evaluation of the internal control structure revealed an absence of appropriate segregation of duties consistent with appropriate control objectives. The Department is small and therefore it is not feasible to maintain an adequate segregation of duties among accounting personnel.

A material weakness is a reportable condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we believe none of the reportable conditions described above is a material weakness.

This report is intended for the information of management, St. Charles Parish and the State of Louisiana Legislative Auditor. However, this report is a matter of public record and its distribution is not limited.

May 30, 2000
