INTRODUCTION

The Fire Protection District No. 7 of the Parish of Lafourche, State of Louisiana was created by the Lafourche Parish Council, by virtue of the authority conferred by Part I, Chapter 7, Title 40 of the Louisiana Revised Statute of 1950. The district is governed by a five-member board of commissioners, appointed by the council. The district's finances are primarily ad valorem taxes on property located within the district's boundaries. The district comprises and embraces all of the territory contained within Police Jury Ward 5 less and except the area of said Police Jury Ward contained within the City of Thibodaux, Louisiana. The following territory is not included within the boundaries of the District: that part of Police Jury Ward 5, Lafourche Parish, outside the corporate limits of the City of Thibodaux, Louisiana, which lies west of Louisiana Highway 20. The district provides funds to the Lafourche Crossing 308 Volunteer Fire Company, Inc. in return for fire protection services for the district.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of presentation

The accompanying general purpose financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. Reporting entity

As the governing authority of the parish, for reporting purposes, the Lafourche Parish Council is the financial reporting entity for Lafourche Parish. The financial reporting entity consists of (a) the primary government (parish council), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 14 established criteria for determining which component units should be considered part of the Lafourche Parish Council for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

**Notes to the Financial Statements

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the council to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the council.
2. Organizations for which the council does not appoint a voting majority but are fiscally dependent on the council.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the parish council appoints the governing board and because of the potential for the organization to impose specific financial burdens on the council, the district was determined to be a component unit of the Lafourche Parish Council, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the parish council, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

C. Fund accounting

The district uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

The only fund of the district is the general fund, which is classified as a governmental fund. Governmental funds account for the district's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the

servicing of general long-term debt. The general fund is the general operating fund of the district that accounts for all financial resources, except those required to be accounted for in other funds.

D. Basis of accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The General Fund is accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The operating statement presents increases and decreases in net current assets. The district's records are maintained on the cash basis of accounting. However, the general fund reported in the financial statements has been converted to the modified accrual basis of accounting using the following practices in recording revenues and expenditures:

Revenues -

Ad valorem taxes are recorded as revenue on a modified accrual basis, and therefore, recognized when they become both measurable and available to pay current expenditures.

Interest income is recorded when the interest is available.

Expenditures -

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. Budgets

The district did not adopted a budget for the General Fund for the year ended December 31, 1999.

F. Encumbrances

The district does not use encumbrance accounting.

G. Cash and cash equivalents

Cash and cash equivalents include amounts in interest-bearing demand deposits. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

H. Fixed assets

Fixed assets are recorded as expenditures at the time purchased or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical costs.

I. Total columns on statement

The total columns on the statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

NOTE 2. LEVIED TAXES

The district is authorized to and has levied a 15.00 mill ad valorem tax.

NOTE 3. CASH AND CASH EQUIVALENTS

At December 31, 1999, the district has cash and cash equivalents (book balances) totaling \$ 13,775.04 as follows:

Demand deposits	\$ 13,775.04
	=====

These deposits are stated at cost, which approximate market. Under state law, this deposit (or resulting bank balance) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. At December 31, 1999, the district has \$ 13,775.04 in deposits (collected bank balance). This deposit is secured from risk by federal deposit insurance.

NOTE 7. YEAR 2000 ISSUE

The Year 2000 issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the Fire Protection District No. 7's operations.

Because of the unprecedented nature of the Year 2000 issue, its effects and the success of the related remediation efforts will not be fully determined until year 2000 and thereafter. Management cannot assume that the District is or will be Year 2000 ready, that the District's remediation efforts will be successful in whole or in part, or that parties with whom the District does business will be Year 2000 ready.

**Board of Commissioners
 FIRE PROTECTION DISTRICT NO. 7
 STATE OF LOUISIANA
 506 HIGHWAY 308
 Thibodaux, Louisiana**

All of the payments were properly coded to the correct fund and general ledger account.

The District is required to post a notice of each meeting and the accompanying agenda on the door of the office building. We inquired of management and was informed that the required notice is posted.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected the source of all deposits for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

We inspected all disbursements and noted no instances that would indicate payments constituting bonuses, advances, or gifts.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the management of the Fire Protection District No. 7 of Lafourche Parish and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purpose. However, this report is a matter of public record and its distribution is not limited.
